Any payment for such goods shall be refunded by the Bidder unless the Bidder promptly corrects or replaces the same at the Bidder's expense.

6. The Contracting Entity agrees to pay to the Bidder the price and amount in accordance with Paragraph 1 above, based on the quantity actually purchased, upon delivery to and acceptance by the Contracting Entity, of the material and/or service[s] above described and upon the filing by the Bidder, and approval by the Contracting Entity, of a verified claim for the amount due.

7. The Bidder agrees, in connection with the performance of work under this Pricing Agreement/Contract:

a. That the Bidder will not discriminate against any employee or applicant for employment, because of race, creed, color, sex, age, national origin, ancestry or disability. The Bidder shall take affirmative action to ensure that employees are treated without regard to their race, creed, color, age, national origin, sex, ancestry or disability. Such actions shall include, but not be limited to, the following: employment, promotion, demotion or transfer, recruitment, advertising, lay-off, termination, rates of pay or other forms of compensation and selection for training, including apprenticeship. The Bidder agrees to post, in a conspicuous place available to employees and applicants for employment, notices to be provided by the City Clerk/Secretary of the Contracting Entity setting forth the provisions of this section, and;

b. That the Bidder agrees to include this non-discrimination clause in any subcontracts connected with the performance of this Pricing Agreement/Contract.

8. In the event of the Bidder's non-compliance with the above non-discrimination clause, this Pricing Agreement/Contract may be canceled or terminated by the Contracting Entity. The Bidder may be declared by the Contracting Entity ineligible for further Pricing Agreement[s]/Contract[s] with the Contracting Entity until satisfactory proof of intent to comply is made by the Bidder.

9. The risk of loss or damage shall be borne by the Bidder at all times until the acceptance of goods, properly packed, by the Contracting Entity.

10. This Pricing Agreement/Contract, specifications, electronic bid submittal documents and any attachments constitutes the entire understanding and agreement of the parties upon the subject matter hereof. There is no agreement, oral or otherwise, which is not contained in or attached to this Pricing Agreement/Contract. This Pricing Agreement/Contract may not be modified or assigned unless approved in writing and signed by both parties.

11. The parties assume and understand that the variables in the Bidder's cost of performance may fluctuate; consequently, the parties agree that any fluctuations in the Bidder's costs will not alter the Bidder's obligations under this Pricing Agreement/Contract nor excuse performance or delay on the Bidder's part.

12. This Pricing Agreement/Contract shall be inoperative during such period of time that the aforesaid delivery or acceptance may be rendered impossible by reason of fire, Act of God or government regulation. Provided, however, to the extent that the Bidder has any commercially reasonable alternative method of performing this Pricing Agreement/Contract by purchase on the market or otherwise, the Bidder shall not be freed of any obligations hereunder by this clause, even though the goods intended for this Pricing Agreement/Contract were destroyed or their delivery delayed because of an event described above.

13. The shipping or receiving of any goods under this Pricing Agreement/Contract shall not be deemed, or be, a waiver of any right to damages for any prior failure to ship or receive any goods.

14. This Pricing Agreement/Contract shall be governed by the laws of the State of Oklahoma.

15. The Bidder shall be responsible for complying with all applicable federal, state and local laws.

16. If submitting a bid for services, the Bidder certifies that they, and any proposed subcontractors, are in compliance with 25 O.S. §1313 and participate in the status Verification System. The Status Verification System is defined in 25 O.S. §1312 and includes but is not limited to the free Employment Verification Program (E-Verify) through the Department of Homeland Security and available at www.dhs.gov/E-Verify.

As a recipient of Federal Transportation Administration (FTA) grants, COTPA agrees annually in the Master Agreement with FTA (<https://www.transit.dot.gov/funding/grantee-resources/sample-fta-agreements/fta-grant-agreements>) to adhere to all applicable federal laws, regulations, and directives associated with federal funding along with the FTA Certifications and Assurances for Federal Funding Assistance Program. COTPA's construction contractors are also required to comply with those federal clauses to which are herein incorporated by reference and made a part of this Agreement. Contractor's failure to so comply shall constitute a material breach of this Contract.

Further, Contractor acknowledges and understands that federal requirements that apply to the Contract may change due to changes in federal law, regulation, other requirements, or guidance, or changes in COTPA's underlying agreement with the Federal Government under which federal assistance for the Project was awarded to COTPA including any information incorporated by reference and made part of that underlying agreement. Contractor understands and agrees that applicable changes to those federal requirements will apply to this Contract and parties thereto at any tier.

6. (A-9) Disadvantaged Business Enterprise (DBE)

CONTRACT ASSURANCE

The contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 C.F.R. part 26 in the award and administration of United States Department of Transportation ("DOT") -assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as COTPA deems appropriate, which may include, but is not limited to:

- 1) Withholding monthly progress payments;
- 2) Assessing sanctions;
- 3) Liquidated damages; and/or
- 4) Disqualifying the contractor from future bidding as non-responsible. 49 C.F.R. § 26.13(b).

Further, Contractors must pay subcontractors for satisfactory performance of their contracts no later than 30 days from receipt of each payment the **Contracting Entity** makes to the Contractor. In the event this Contract contains defined DBE contract goals, Contractor shall utilize the specific DBEs listed unless Contractor obtains COTPA's prior written consent; and that, unless COTPA's written consent is provided, Contractor shall not be entitled to any payment for work or material unless it is performed or supplied by the listed DBE. 49 C.F.R. § 26.53(f)(1).

OVERVIEW

It is the policy of the **Contracting Entity** and the DOT that DBE's, as defined herein and in the Federal regulations published at 49 C.F.R. part 26, shall have an equal opportunity to participate in DOT-assisted contracts. It is also the policy of the **Contracting Entity** to:

- A. Ensure nondiscrimination in the award and administration of DOT-assisted contracts;
- B. Create a level playing field on which DBE's can compete fairly for DOT-assisted contracts;
- C. Ensure that the DBE program is narrowly tailored in accordance with applicable law;
- D. Ensure that only firms that fully meet 40 C.F.R. part 26 eligibility standards are permitted to participate as DBE's;
- E. Help remove barrier to the participation of DBEs in DOT assisted contracts;
- F. To promote the use of DBEs in all types of federally assisted contracts and procurement activities; and
- G. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.

This Contract is subject to 49 C.F.R. part 26. Therefore, the Contractor must satisfy the requirements for DBE participation as set forth herein. These requirements are in addition to all other equal opportunity employment requirements of this Contract. The **Contracting Entity** shall make all determinations with regard to whether or not a Contractor is in compliance with the requirements stated herein. In assessing compliance, the **Contracting Entity** may consider during its review of the Contractor's submission package, the Contractor's documented history of non-compliance with DBE requirements on previous contracts with the **Contracting Entity**.

DBE PARTICIPATION

For the purpose of this Contract, the **Contracting Entity** will accept only DBE's who are:

- A. Certified, at the time of bid opening or proposal evaluation, by the Oklahoma Department of Transportation (ODOT); or
- B. An out-of-state firm who has been certified by either a local government, state government or Federal government entity authorized to certify DBE status or an agency whose DBE certification process has received FTA approval; or

DBE PARTICIPATION GOAL

The DBE participation goal for this Contract is set at **0%**. This goal represents those elements of work under this Contract performed by qualified Disadvantaged Business Enterprises for amounts totaling **not less than 0%** of the total Contract price. Failure to meet the stated goal at the time of proposal submission may render the Contractor non-responsive.

PROPOSED SUBMISSION

Each Contractor, as part of its proposal submission, shall supply the following information:

- A. A completed **DBE Utilization Form** (see below) that indicates the percentage and dollar value of the total bid/contract amount to be supplied by Disadvantaged Business Enterprises under this Contract.
- B. A list of those qualified DBE's with whom the Contractor intends to contract for the performance of portions of the work under the Contract, the agreed price to be paid to each DBE for work, the Contract items or parts to be performed by each DBE, a proposed timetable for the performance or delivery of the Contract item, and other information as required by the DBE Participation Schedule (see below). No work shall be included in the Schedule that the Contractor has reason to believe the listed DBE will subcontract, at any tier, to other than another DBE. If awarded the Contract, the Contractor may not deviate from the DBE Participation Schedule submitted in response to the bid. Any subsequent changes and/or substitutions of DBE firms will require review and written approval by the **Contracting Entity**.
- C. An original **DBE Letter of Intent** (see below) from each DBE listed in the **DBE Participation Schedule**.
- D. An original **DBE Affidavit** (see below) from each DBE stating that there has not been any change in its status since the date of its last certification.

GOOD FAITH EFFORTS – (NOT APPLICABLE IF THE DBE GOAL IS 0%)

If the Bidder/Offeree is unable to meet the goal set forth above (DBE Participation Goal), the **Contracting Entity** will consider the Bidder/Offeree's documented good faith efforts to meet the goal in determining responsiveness. The types of actions that the **Contracting Entity** will consider as part of the Bidder/Offeree's good faith efforts include, but are not limited to, the following:

- A. Documented communication with the **Contracting Entity's** DBE Coordinator (questions of RFP requirements, subcontracting opportunities, appropriate certification, will be addressed in a timely fashion);
- B. Pre-bid meeting attendance. At the pre-bid meeting, the **Contracting Entity** generally informs potential Proposer's of DBE subcontracting opportunities;
- C. The Contractor's own solicitations to obtain DBE involvement in general circulation media, trade association publication, minority-focus media and other reasonable and available means within sufficient time to allow DBEs to respond to the solicitation;
- D. Written notification to DBE's encouraging participation in the proposed Contract; and
- E. Efforts made to identify specific portions of the work that might be performed by DBE's.

The Contractor shall provide the following details, at a minimum, of the specific efforts it made to negotiate in good faith with DBE's for elements of the Contract:

- A. The names, addresses, and telephone numbers of DBE's that were contacted;
- B. A description of the information provided to targeted DBE's regarding the specifications and bid proposals for portions of the work;
- C. Efforts made to assist DBE's contacted in obtaining bonding or insurance required by the Contractor or the Authority.

Further, the documentation of good faith efforts must include copies of each DBE and non-DBE subcontractor quote submitted when a non-DBE subcontractor was selected over a DBE for work on the contract. 49 C.F.R. § 26.53(b) (2) (VI). In determining whether a Contractor has made good faith efforts, the Authority may take-into-account the performance of other Proposers in meeting the Contract goals. For example, if the apparent successful Contractor failed to meet the goal but meets or exceeds the average DBE participation obtained by other Proposers, the Authority may view this as evidence of the Contractor having made good faith efforts.

ADMINISTRATIVE RECONSIDERATION

Within five (5) business days of being informed by the **Contracting Entity** that it is not responsive or responsible because it has not documented sufficient good faith efforts, the Contractor may request administrative reconsideration. The Contractor should make this request in writing to the **Contracting Entity's** Procurement Coordinator. The Procurement Coordinator will forward the Contractor's request to a reconsideration official who will not have played any role in the original determination that the Contractor did not document sufficient good faith efforts.

As part of this reconsideration, the Contractor will have the opportunity to provide written documentation or argument concerning the issue of whether it met the goal or made adequate good faith efforts to do so. The Contractor will have the opportunity to meet in person with the assigned reconsideration official to discuss the issue of whether it met the goal or made adequate good faith efforts to do so. The **Contracting Entity** will send the Contractor a written decision on its reconsideration, explaining the basis for finding that the Contractor did or did not meet the goal or make adequate.

PROMPT PAYMENT

As per 49 CFR §26.29, prime contractors shall pay subcontractors for satisfactory work performed of their contracts no later than 30-days from receipt of payment from the CONTRACTING ENTITY. The prime contractor shall also return any retainage payments to the subcontractor within 30-days of the subcontractor's work being satisfactorily completed.

TERMINATION OF DBE SUBCONTRACTOR

The Contractor shall not terminate the DBE subcontractor(s) listed in the **DBE Participation Schedule** (see below) without the **Contracting Entity's** prior written consent. The **Contracting Entity** may provide such written consent only if the Contractor has good cause to terminate the DBE firm. Before transmitting a request to terminate, the Contractor shall give notice in writing to the DBE subcontractor of its intent to terminate and the reason for the request. The Contractor shall give the DBE five days to respond to the notice and advise of the reasons why it objects to the proposed termination. When a DBE subcontractor is terminated or fails to complete its work on the Contract for any reason, the Contractor shall make good faith efforts to find another DBE subcontractor to substitute for the original DBE and immediately notify the **Contracting Entity** in writing of its efforts to replace the original DBE. These good faith efforts shall be directed at finding another DBE to perform at least the same amount of work under the Contract as the DBE that was terminated, to the extent needed to meet the Contract goal established for this procurement. Failure to comply with these requirements will be in accordance with Section 8 below (Sanctions for Violations).

CONTINUED COMPLIANCE

The **Contracting Entity** shall monitor the Contractor's DBE compliance during the life of the Contract. In the event this procurement exceeds ninety (90) days, **it will be the responsibility of the Contractor to submit quarterly written reports to the Contracting Entity that summarize the total DBE value for this Contract. These reports shall provide the following details:**

- DBE utilization established for the Contract;
- Total value of expenditures with DBE firms for the quarter;
- The value of expenditures with each DBE firm for the quarter by race and gender;
- Total value of expenditures with DBE firms from inception of the Contract; and
- The value of expenditures with each DBE firm from the inception of the Contract by race and gender.

Reports and other correspondence must be submitted to the DBE Coordinator with copies provided to the Oklahoma Department of Transportation ("ODOT"). Reports shall continue to be submitted quarterly until final payment is issued or until DBE participation is completed.

The successful Contractor shall permit:

The **Contracting Entity** to have access to necessary records to examine information as the **Contracting Entity** deems appropriate for the purpose of investigating and determining compliance with this provision, including, but not limited to, records of expenditures, invoices, and contract between the successful Contractor and other DBE parties entered into during the life of the Contract.

The authorized representative(s) of the **Contracting Entity**, the U.S. Department of Transportation, the Comptroller General of the United States, to inspect and audit all data and record of the Contractor relating to its performance under the Disadvantaged Business Enterprise Participation provision of this Contract.

All data/record(s) pertaining to DBE shall be maintained as stated in Record Keeping Section

SANCTIONS FOR VIOLATIONS

If at any time the **Contracting Entity** has reason to believe that the Contractor is in violation of its obligations under this Agreement or has otherwise failed to comply with terms of this Section, the **Contracting Entity** may, in addition to pursuing any other available legal remedy, commence proceedings, which may include but are not limited to, the following:

- A. Suspension of any payment or part due the Contractor until such time as the issues concerning the Contractor's compliance are resolved; and

- B. Termination or cancellation of the Contract, in whole or in part, unless the successful Contractor demonstrates within a reasonable time that it is in compliance with the DBE terms stated herein

7. (A-11) Energy Conservation

Contractor agrees to comply with mandatory standards and policies relating to energy efficiency, which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

8. (A-13) Government-Wide Debarment, Suspension, Ineligibility & Voluntary Exclusion (Contracts Exceeding \$25,000)

The Contractor shall comply and facilitate compliance with U.S. DOT regulations, "Non-procurement Suspension and Debarment," 2 C.F.R. part 1200, which adopts and supplements the U.S. Office of Management and Budget (U.S. OMB) "Guidelines to Agencies on Government-wide Debarment and Suspension (Non-procurement)," 2 C.F.R. part 180. These provisions apply to each contract at any tier of \$25,000 or more, and to each contract at any tier for a federally required audit (irrespective of the contract amount), and to each contract at any tier that must be approved by an FTA official irrespective of the contract amount. As such, the Contractor shall verify that its principals, affiliates, and subcontractors are eligible to participate in this federally funded contract and are not presently declared by any Federal department or agency to be:

- Debarred from participation in any federally assisted Award;
- Suspended from participation in any federally assisted Award;
- Proposed for debarment from participation in any federally assisted Award;
- Declared ineligible to participate in any federally assisted Award;
- Voluntarily excluded from participation in any federally assisted Award; or
- Disqualified from participation in any federally assisted Award. By signing and submitting its proposal, the Contractor certifies as follows:

The certification in this clause is a material representation of fact relied upon by COTPA. If it is later determined by COTPA that the bidder or proposer knowingly rendered an erroneous certification, in addition to remedies available to COTPA, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. The bidder or proposer agrees to comply with the requirements of 2 C.F.R. part 180, subpart C, as supplemented by 2 C.F.R. part 1200, while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

IN WITNESS WHEREOF, the parties hereto have executed this instrument, the day, month and year first above written.

9. (A-14) LOBBYING (Contracts Over \$100,000)

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. 10. (A-15) No Government Obligation To Third Parties

COTPA and Contractor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this Contract and shall not be subject to any obligations or liabilities to COTPA, Contractor or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying Contract.

The Contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by the FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

11. (A-18) Program Fraud And False Or Fraudulent Statements Or Related Acts

Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § 3801 *et seq.* and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. part 31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable,

Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.

Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. chapter 53, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5323(I) on Contractor, to the extent the Federal Government deems appropriate. Contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

12. (A-20) Recycled Products (Recovered Materials) (Applicable to Contracts with EPA Designated Items Valued at \$10,000 or more)

Contractor agrees to provide a preference for those products and services that conserve natural resources, protect the environment, and are energy efficient by complying with and facilitating compliance with Section 6002 of the Resource Conservation and Recovery Act, as amended, 42 U.S.C. § 6962, and U.S. Environmental Protection Agency (U.S. EPA), "Comprehensive Procurement Guideline for Products Containing Recovered Materials," 40 C.F.R. part 247.

The Recycled Products requirements apply to all contracts for items designated by the EPA, when the purchaser or contractor procures \$10,000 or more of one of these items during the fiscal year, or has procured \$10,000 or more of such items in the previous fiscal year, using Federal funds. New requirements for "recovered materials" will become effective May 1, 1996. These new regulations apply to all procurement actions involving items designated by the EPA, where the procuring agency purchases \$10,000 or more of one of these items in a fiscal year, or when the cost of such items purchased during the previous fiscal year was \$10,000.

13. (A-21) Safe Operation Of Motor Vehicle

SEAT BELT USE

Contractor is encouraged to adopt and promote on-the-job seat belt use policies and programs for its employees and other personnel that operate company-owned vehicles, company-rented vehicles, or personally operated vehicles. The terms "company-owned" and "company-leased" refer to vehicles owned or leased either by Contractor or COTPA.

DISTRACTED DRIVING

Contractor agrees to adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers, including policies to ban text messaging while using an electronic device supplied by an employer, and driving a vehicle the driver owns or rents, a vehicle Contractor owns, leases, or rents, or a privately-owned vehicle when on official business in connection with the work performed under this Contract.

14. (A-23) Seismic Safety

Contractor agrees that any new building or addition to an existing building will be designed and constructed in accordance with the standards for Seismic Safety required in Department of Transportation (DOT) Seismic Safety Regulations 49 C.F.R. part 41 and will certify to compliance to the extent required by the regulation. Contractor also agrees to ensure that all work performed under this Contract, including work performed by a subcontractor is in compliance with the standards required by the Seismic Safety regulations and the certification of compliance issued on the project.

15. (A-25) TERMINATION (Contracts exceeding \$10,000)

TERMINATION FOR CONVENIENCE OR DEFAULT (ARCHITECT AND ENGINEERING)

The **Contracting Entity** may terminate this contract in whole or in part, for the **Contracting Entity's** convenience or because of the failure of the Contractor to fulfill the contract obligations. The **Contracting Entity** shall terminate by delivering to the Contractor a Notice of Termination specifying the nature, extent, and effective date of the termination. Upon receipt of the notice, the Contractor shall (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to the **Contracting Entity's** Contracting Officer all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this contract, whether completed or in process. **Contracting Entity** has a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, all such data, drawings, specifications, reports, estimates, summaries, and other information and materials.

If the termination is for the convenience of the **Contracting Entity**, the **Contracting Entity's** Contracting Officer shall make an equitable adjustment in the contract price but shall allow no anticipated profit on unperformed services.

If the termination is for failure of the Contractor to fulfill the contract obligations, the **Contracting Entity** may complete the work by contract or otherwise and the Contractor shall be liable for any additional cost incurred by the **Contracting Entity**.

If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of **Contracting Entity**.

TERMINATION BY COTPA FOR BREACH OR DEFAULT

If Contractor does not deliver the Services in accordance with the Performance Schedule or in the manner called for in the Contract, or if Contractor fails to comply with any other provisions of the Contract, COTPA may terminate this Contract for default. Termination shall be effected by serving a Notice of Termination on Contractor setting forth the manner in which Contractor is in default. Contractor will be paid only the Contract Price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the Contract.

OPPORTUNITY TO CURE

COTPA, in its sole discretion may, in the case of a termination for breach or default, allow Contractor [seven (7)] calendar days in which to cure the defect. In such case, the Notice of Termination will state the time period in which cure is permitted and other appropriate conditions. If Contractor fails to remedy to COTPA's satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract within [seven (7)] calendar days after receipt by Contractor of written notice from COTPA setting forth the nature of said breach or default, COTPA shall have the right to terminate this Contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude COTPA from also pursuing all available remedies against Contractor and its sureties for said breach or default.

16. (A-26) VIOLATION & BREACH OF CONTRACT

RIGHTS AND REMEDIES OF THE AGENCY

The AGENCY shall have the following rights in the event that the AGENCY deems the Contractor guilty of a breach of any term under the Contract.

1. The right to take over and complete the work or any part thereof as agency for and at the expense of the Contractor, either directly or through other contractors;

Form No. 300.6.D
Revised: April 2022

2. The right to cancel this Contract as to any or all of the work yet to be performed;
3. The right to specific performance, an injunction or any other appropriate equitable remedy; and
4. The right to money damages.

For purposes of this Contract, breach shall include [AGENCY to define].

RIGHTS AND REMEDIES OF CONTRACTOR

Inasmuch as the Contractor can be adequately compensated by money damages for any breach of this Contract, which may be committed by the AGENCY, the Contractor expressly agrees that no default, act or omission of the AGENCY shall constitute a material breach of this Contract, entitling Contractor to cancel or rescind the Contract (unless the AGENCY directs Contractor to do so) or to suspend or abandon performance.

REMEDIES

Substantial failure of the Contractor to complete the Project in accordance with the terms of this Agreement will be a default of this Agreement. In the event of a default, the AGENCY will have all remedies in law and equity, including the right to specific performance, without further assistance, and the rights to termination or suspension as provided herein. The Contractor recognizes that in the event of a breach of this Agreement by the Contractor before the AGENCY takes action contemplated herein, the AGENCY will provide the Contractor with sixty (60) days written notice that the AGENCY considers that such a breach has occurred and will provide the Contractor a reasonable period of time to respond and to take necessary corrective action.

DISPUTES

Example 1: Disputes arising in the performance of this Contract that are not resolved by agreement of the parties shall be decided in writing by the authorized representative of AGENCY's [title of employee]. This decision shall be final and conclusive unless within [10] days from the date of receipt of its copy, the Contractor mails or otherwise furnishes a written appeal to the [title of employee]. In connection with any such appeal, the Contractor shall be afforded an opportunity to be heard and to offer evidence in support of its position. The decision of the [title of employee] shall be binding upon the Contractor and the Contractor shall abide by the decision.

Example 2: The AGENCY and the Contractor intend to resolve all disputes under this Agreement to the best of their abilities in an informal manner. To accomplish this end, the parties will use an Alternative Dispute Resolution process to resolve disputes in a manner designed to avoid litigation. In general, the parties contemplate that the Alternative Dispute Resolution process will include, at a minimum, an attempt to resolve disputes through communications between their staffs, and, if resolution is not reached at that level, a procedure for review and action on such disputes by appropriate management level officials within the AGENCY and the Contractor's organization.

In the event that a resolution of the dispute is not mutually agreed upon, the parties can agree to mediate the dispute or proceed with litigation. Notwithstanding any provision of this section, or any other provision of this Contract, it is expressly agreed and understood that any court proceeding arising out of a dispute under the Contract shall be heard by a Court de novo and the court shall not be limited in such proceeding to the issue of whether the Authority acted in an arbitrary, capricious or grossly erroneous manner.

Pending final settlement of any dispute, the parties shall proceed diligently with the performance of the Contract, and in accordance with the AGENCY's direction or decisions made thereof.

PERFORMANCE DURING DISPUTE

Unless otherwise directed by AGENCY, Contractor shall continue performance under this Contract while matters in dispute are being resolved.

CLAIMS FOR DAMAGES

Should either party to the Contract suffer injury or damage to person or property because of any act or omission of the party or of any of its employees, agents or others for whose acts it is legally liable, a claim for damages therefor shall be made in writing to such other party within a reasonable time after the first observance of such injury or damage. A-77

REMEDIES

Unless this Contract provides otherwise, all claims, counterclaims, disputes and other matters in question between the AGENCY and the Contractor arising out of or relating to this agreement or its breach will be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State in which the AGENCY is located.

RIGHTS AND REMEDIES

The duties and obligations imposed by the Contract documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by the AGENCY or Contractor shall constitute a waiver of any right or duty afforded any of them under the Contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

17. INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS

The preceding provisions include, in part, certain standard terms and conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F, dated November 1, 2008 (last revised March 18, 2013) are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Contract. Contractor shall not perform any act, fail to perform any act, or refuse to comply with any COTPA requests which would cause COTPA to be in violation of the FTA terms and conditions.

By signing this document, I declare that I am duly authorized to make these certifications and assurances and bind the Contractor. Thus, the Contractor agrees to comply with all City, State and Federal statutes, regulations, executive orders, and administrative guidance required for this Agreement. In signing this document, I declare under penalties of perjury that the forgoing certifications, assurances, and any other statements made by me on behalf of the contractor are true and correct.

IN WITNESS WHEREOF, the parties hereto have executed this instrument, the day, month and year first above written.

No Does your firm meet the following requirements to qualify as a DBE under the Department of Transportation DBE program?

No Others certified as disadvantaged (an individual who is not a member of the groups listed above can still be certified as a DBE by establishing their socially disadvantaged status).

No The disadvantaged individual must have a personal net-worth (PNW) of less than \$1,320,000. Items excluded from a person's net worth calculation include an individual's ownership interest in the applicant firm, and his or her equity in their primary residence.

No The firm must be a for-profit small business where socially and economically disadvantaged DBE owner(s) own at least a 51% interest, and have managerial and operational control of the business operations; the firm must not be tied to another firm in such a way as to compromise its independence and control.

No The socially and economically DBE owner(s) must possess the power to direct or cause the direction to the management and policies of the firm and to make day-to-day, as well as long-term decisions on matters of management, policy and operations.

No If state or local law requires the persons to have a particular license or other credential in order to own and/or control a certain type of firm, then the socially and economically disadvantaged persons who own and control a potential DBE firm of that type must possess the required license or credential. (This rule varies from state to state. For example, if your state allows someone else to qualify your business then you should be able to certify your firm without possessing the particular license or credential on your own).

Contact Oklahoma Department of Transportation (ODOT) at 405 - 521 - 6046 if you need information regarding DBE Certification.

Obtaining Certification as a DBE

Firms meeting the eligibility standards must contact the specific state or local transportation entity for which they wish to participate in contracts. In addition to requesting documentary evidence substantiating a firm's size, owner's PNW, independence, and an individual's ownership and control, recipients are required to perform an on-site visit to the firm's offices and job sites. Firms can obtain instructions on how to apply to become a DBE by contacting the State Department of Transportation. To ease the burden of applying to multiple DOT recipients within a state, the Department requires a Unified Certification Program (UCP) to be developed so that applicants need only apply once for DBE certification that will be honored by all recipients in the state.

If you need information regarding DBE Certification, contact:

U.S. Department of Transportation
Federal Transit Administration

**FACT SHEET:
BUY AMERICA
5323(j)**

PROGRAM REQUIREMENT: This provision requires that federal tax dollars used to purchase steel, iron, and manufactured goods used in a transit project are produced domestically in the United States.

Statutory References: 49 U.S.C. Section 5323(j) / FAST Section 3011

Eligible Activities: Buy America applies to all federally funded purchases of steel, iron and manufactured goods, including rolling stock purchases and capital leases.

What's Changed?

- 1) The FAST Act phases in an increased domestic content percentage requirement for rolling stock, as follows:
 - FY16 & FY17: more than 60% domestic content
 - FY18 & FY19: more than 65% domestic content
 - FY20 & beyond: more than 70% domestic content
- 2) For rolling stock purchases for which the average cost of the vehicle is more than \$300,000, the FAST Act allows the cost of steel or iron produced in the U.S. and used in the rolling stock frames or car shells to be included in the domestic content calculation, regardless of whether the frame or car shell is produced in the U.S.
- 3) Alters the Buy America waiver process to include a requirement that USDOT/FTA must 1) certify that the steel, iron, or manufactured good is produced in the U.S. in a sufficient and reasonably available amount; 2) certify that the item produced in the U.S. is of a satisfactory quality; and 3) disclose the waiver denial and accompanying rationales on the DOT website.
- 4) For purposes of qualifying for the General Public Interest Waiver for Small Purchases, the FAST Act defines a Small Purchase as a purchase of \$150,000 or less.

1. The Bidder agrees to sell and deliver to the Contracting Entity, the items of material and/or services, specified in the pricing section of the electronic bid submittal, which is attached hereto and made a part of this Pricing Agreement/Contract. 3. The Bidder understands that all bids are to be submitted in U.S. dollars at a firm price. Bids submitted in any currency other than U.S. dollars will be rejected.

4. The Bidder also understands that all invoices shall be submitted in U.S. dollars and agrees to accept payment in U.S. dollars as full satisfaction of the invoiced amount.

risk, and all transportation charges, both to and from the original destination, shall be paid by the Bidder. Any payment for such goods shall be refunded by the Bidder unless the Bidder promptly corrects or replaces the same at the Bidder's expense.

6. The Contracting Entity agrees to pay to the Bidder the price and amount in accordance with Paragraph 1 above, based on the quantity actually purchased, upon delivery to and acceptance by the Contracting Entity, of the material and/or service[s] above described and upon the filing by the Bidder, and approval by the Contracting Entity, of a verified claim for the amount due.

7. The Bidder agrees, in connection with the performance of work under this Pricing Agreement/Contract:

a. That the Bidder will not discriminate against any employee or applicant for employment, because of race, creed, color, sex, age, national origin, ancestry or disability. Such actions shall include, but not be limited to, the following: employment, promotion, demotion or transfer, recruitment, advertising, lay-off, termination, rates of pay or other forms of compensation and selection for training, including apprenticeship. The Bidder agrees to post, in a conspicuous place available to employees and applicants for employment, notices to be provided by the City Clerk/Secretary of the Contracting Entity setting forth the provisions of this section, and;

b. That the Bidder agrees to include this non-discrimination clause in any subcontracts connected with the performance of this Pricing Agreement/Contract.

8. In the event of the Bidder's non-compliance with the above non-discrimination clause, this Pricing Agreement/Contract may be canceled or terminated by the Contracting Entity. The Bidder may be declared by the Contracting Entity ineligible for further Pricing Agreement[s]/Contract[s] with the Contracting Entity until satisfactory proof of intent to comply is made by the Bidder.

9. The risk of loss or damage shall be borne by the Bidder at all times until the acceptance of goods, properly packed, by the Contracting Entity.

10. This Pricing Agreement/Contract, specifications, electronic bid submittal documents and any attachments constitutes the entire understanding and agreement of the parties upon the subject matter hereof. There is no agreement, oral or otherwise, which is not contained in or attached to this Pricing Agreement/Contract. This Pricing Agreement/Contract may not be modified or assigned unless approved in writing and signed by both parties.

11. The parties assume and understand that the variables in the Bidder's cost of performance may fluctuate; consequently, the parties agree that any fluctuations in the Bidder's costs will not alter the Bidder's obligations under this Pricing Agreement/Contract nor excuse performance or delay on the Bidder's part.

12. This Pricing Agreement/Contract shall be inoperative during such period of time that the aforesaid delivery or acceptance may be rendered impossible by reason of fire, Act of God or government regulation. Provided, however, to the extent that the Bidder has any commercially reasonable alternative method of performing this Pricing Agreement/Contract by purchase on the market or otherwise, the Bidder shall not be freed of any obligations hereunder by this clause, even though the goods intended for this Pricing Agreement/Contract were destroyed or their delivery delayed because of an event described above.

13. The shipping or receiving of any goods under this Pricing Agreement/Contract shall not be deemed, or be, a waiver of any right to damages for any prior failure to ship or receive any goods.

14. This Pricing Agreement/Contract shall be governed by the laws of the State of Oklahoma.

15. The Bidder shall be responsible for complying with all applicable federal, state and local laws.

16. If submitting a bid for services, the Bidder certifies that they, and any proposed subcontractors, are in compliance with 25 O.S. §1313 and participate in the status Verification System. The Status Verification System is defined in 25 O.S. §1312 and includes but is not limited to the free Employment Verification Program (E-Verify) through the Department of Homeland Security and available at www.dhs.gov/E-Verify.

GENERAL INSTRUCTIONS AND REQUIREMENTS FOR BIDDERS

THESE INSTRUCTIONS, REQUIREMENTS AND ANY SPECIAL INSTRUCTIONS CONTAINED IN THE SPECIFICATIONS ARE A PART OF THE TERMS AND CONDITIONS OF THE BIDDER'S IRREVOCABLE BID AS A FIRM OFFER. ANY EXCEPTIONS TO THESE INSTRUCTIONS, REQUIREMENTS OR SPECIFICATIONS MUST BE SPECIFIED AND SUBMITTED WITH THE BIDDER'S BID. THIS CAN BE ACCOMPLISHED BY SUBMITTING AN ALTERNATE OFFER, IF AVAILABLE ON THE BID, OR BY ENTERING INFORMATION INTO THE "NOTE TO BUYER" FIELD. A BIDDER MAY ALSO SUBMIT EXCEPTIONS BY UPLOADING A SEPARATE DOCUMENT LABELED "EXCEPTIONS" INTO THE PERISCOPE SYSTEM. FAILURE TO INDICATE ANY EXCEPTIONS WILL BE REGARDED AS FULL ACCEPTANCE OF THE REQUIREMENTS, INSTRUCTIONS, AND SPECIFICATIONS CONTAINED IN THIS BID PACKET AND ANY OTHER BID DOCUMENTS RELATED TO THIS BID.

1. **EXAMINATION BY BIDDERS:** All Bidders must examine the specifications, drawings, schedules, special instructions and these general instructions and requirements prior to electronically submitting any Bid/Pricing Agreement/Contract. Failure to examine is at the Bidder's own risk as Bidder will be held to the terms, conditions and requirements therein.
2. **SUBMISSION OF FORMS REQUIRED FOR PRICING AGREEMENT/CONTRACT AWARD:** All bids must be completed electronically, on the forms provided by the Contracting Entity through the electronic bidding system. Bids will not be considered unless the Bid/Pricing Agreement/Contract form is completed, signed and submitted by the Bidder in the electronic bidding system. A Letter of Authorization should also be attached and submitted when the Bidder is not authorized by statute and the Bidder's organizational and establishing documents to sign and bind the Bidder to the Bid/Pricing Agreement/Contract documents. The Non-Collusion Affidavit must be executed by the Bidder or an authorized agent and notarized. The notarization must contain:
 - (a) The notary's signature (electronic signature);
 - (b) Jurisdiction where notarization took place (i.e., State of __, County of __);
 - (c) Date of notarization;
 - (d) The notary's commission expiration date;
 - (e) The notary's commission number (Oklahoma);
 - (f) The notarial seal (the notary seal is not required for electronic notarization); and
 - (g) Comply with all other applicable laws. The Non-Collusion Affidavit must be submitted electronically with the electronic bid packet.
3. **SUBMISSION OF BIDS ELECTRONICALLY TO THE CITY CLERK/SECRETARY:** Bids must be submitted electronically through Periscope and shall be opened at the time stated in the Notice to Bidders, or later, in the City Clerk's Conference Room, located on the 2nd floor of the Municipal Building. The Periscope system does not allow bids to be submitted after the deadline. There will be no exceptions to this policy. All bids shall remain on file at least 48 hours thereafter before a Pricing Agreement/Contract shall be made and entered into thereon.
4. **DESCRIPTIVE TERMS:** Unless the term "no substitute" is used, the use of brand name, manufacturer, make, or catalog designation in describing an item does not restrict Bidders to that particular brand name, etc. The term is simply to indicate the type, character, quality and/or performance equivalence of the item desired. However, the proposed substitution item must be of such character, quality and/or performance equivalence as that indicated in the specifications. A proposed substitute item must include complete data as to the manufacturer's name, type, model number, any descriptive bulletins and specifications. This data can be uploaded electronically through the electronic bidding system.
5. **EXCEPTIONS:** Any exceptions or variances to these instructions or specifications must be submitted with the Bidder's bid. This can be accomplished by submitting an alternate offer, if available on the bid, or by entering information in the "Note to Buyer" field. A Bidder may also submit exceptions by uploading a separate document labeled "Exceptions" into the Periscope system. Failure to indicate any exceptions will be construed to mean that the Bidder offers to furnish the exact commodity as described in the bid specifications and as full acceptance of the requirements, instructions, and specifications contained in this bid packet and any other bid documents related to this bid.
6. **UNIT PRICES:** A unit price for each unit bid must be shown and include any applicable taxes, delivery, and packaging and/or packing, if any, unless otherwise specified. If there is an estimated quantity stated as such in the specifications, the estimate is not a guarantee of the quantity which may be purchased. When the quantity in the Periscope system is listed as "1", Bidder shall bid the per individual unit price. The Contracting Entity may purchase one or more bid item at any given time throughout the term of the Pricing Agreement/Contract. The Periscope system will calculate the total based on the quantity requested by the Contracting Entity and the price entered by the Bidder. The Periscope system will calculate the bid price based on the quantity and price. Items bid as an estimated quantity will be awarded on a "no guarantee" basis. Prices shall be extended in decimals, not fractions, and shall include transportation and delivery charges, prepaid by the Bidder to the destination specified in the special instructions of the specifications.
7. **EXEMPTIONS FROM CERTAIN TAXES:** The purchase of certain goods or services by the Contracting Entity is exempt from the payment of excise, transportation, use, and sales tax imposed by the federal, state and/or city

governments. Such taxes must not be included in the bid prices. Any taxes that are not exempt must be included in the bid price. No additional payment or compensation will be made for taxes.

8. PAYMENTS AND DISCOUNTS:

- (a) Payment for goods and services as specified in the Pricing Agreement/Contract shall be processed promptly after completion of delivery and acceptance of items and after receipt from Bidder of properly prepared invoice(s) and/or notarized claim voucher(s), if applicable. Purchases may be made by certain City or Trust employees using a purchasing card. Employees of Contracting Entity are required, when possible, to use a purchasing card for purchases under the amount of \$5,000 for a single transaction. For single transactions over \$5,000, the Bidder may request payment be completed by issuance of a purchase order. Processing fees may not be added when a purchasing card is used. The bid price shall cover any fees a bidder may incur.
- (b) Discounts for prompt payment will not be considered in bid evaluations, unless otherwise specified. Discounts offered by the Bidder will be taken, however, if payment is made within the discount period.
- (c) Late charges cannot be assessed against Contracting Entity.

9. LATE INVOICES: If the purchase order indicates that the purchase is being made with City funds, all unpaid invoices pertaining to this Pricing Agreement/Contract must be recorded in the Finance Department, Accounts Payable Section, or in the Office of the City Clerk on or before September 30 for all debts incurred during the prior fiscal year (July 1 through June 30), or said invoice shall be void and forever barred. (*See* 62 Okla. Stat. 2010 § 310.4).

10. DELIVERY:

- (a) All bid prices quoted shall be based on delivery F.O.B. Oklahoma City, Oklahoma or to any points located within the municipal corporate limits (unless otherwise stated in the bid specifications) with all charges prepaid to the actual point of delivery.
- (b) Bids must show the number of days required for delivery under normal conditions. Unrealistically short or long delivery promises may cause bids to be rejected. A successful Bidder is required to keep the purchasing department advised at all times of the status of the order and delivery. OKLAHOMA OPEN RECORDS ACT AND CONFIDENTIAL INFORMATION

All materials submitted to the Contracting Entity pursuant to this Bid or Proposal potentially become subject to the mandates of the Oklahoma Open Records Act, 51 O.S. § 24A.1. *et seq.* The purpose of this Act is to ensure and facilitate the public's right of access to and review of government records so they may efficiently and intelligently exercise their inherent political power. Almost all "records," as that term is defined in the Act, may be disclosed to the public upon request. Except where specific state or federal statutes create a specific and express exemption or confidential privilege, persons who submit information to public bodies have no right to keep this information from public access nor have a reasonable expectation that this information will be kept from public access.

If you believe that any of the information you have submitted to the Contracting Entity pursuant to this Bid or Proposal is exempt or confidential under a specific state or federal statute, and therefore not subject to public access under the Oklahoma Open Records Act, you must comply with the following:

1. Place said documents/records in a separate electronic file attachment marked "Confidential". DO NOT label your entire Bid or Proposal as "Confidential" – label only those portions of the Bid or Proposal that you feel are exempt or are made confidential by state or federal law as "Confidential".
2. For each such document for which you are claiming an exemption or a confidential privilege, identify the federal and/or state law that creates said privilege, e.g., for trade secrets, see 21 O.S. § 1732 (Larceny of Trade Secrets) and the Uniform Trade Secrets Act, 78 O.S. § 85 *et seq.*

Should an Open Records request be presented to the Contracting Entity requesting information you have identified as "Confidential," you will be responsible for defending your position in the District Court, if needed.

If you fail to identify any records submitted as part of your Bid or Proposal as "Confidential", you are agreeing that said records are not exempt or confidential and are subject to public access.

Upon receipt of a request by a third party to review or copy records properly identified as "Confidential," you will be notified of the request and thereby given an opportunity to immediately enforce and protect your rights by initiating an action in a court of competent jurisdiction. Should you fail to timely bring an action to enforce your rights, then the requested records will be released by the Contracting Entity based upon its determination of the application of the Oklahoma Open Records Act.

INTENT: To provide pricing agreement(s) for physical security (Closed Circuit Television and Genetec Access Control). All hardware must be compatible with Genetec Security Center software and related programs.

The City of Oklahoma City has approximately 1,268 closed circuit televisions (CCTV) cameras located throughout City facilities and assets. This would include standard cameras and mounting components used by the City.

I. Genetec Compatible Equipment (new equipment and repair parts)

Bids may include more than one catalog or website. Spaces for three catalogs are available in the pricing response area. Multiple files can be uploaded to a line item, if necessary.

The City of Oklahoma City must be able to verify contracted pricing is being charged. If a catalog or price list is not attached, the vendor will be required to provide a copy of the price list page of the item(s) being purchased when requested by staff, or produce a copy of the vendor's invoice to verify pricing where cost plus percentages are bid.

The City desires to purchase Hanwha, Axis, or Bosch brand cameras or equal. The City encourages vendors to submit multiple price lists, catalogs or websites for a variety of brands compatible with the City's Genetec CCTV System already in place and to allow future growth of the system.

Suppliers must hold current manufacturer's certificates for all hardware products offered.

II. Genetec Compatible Equipment (installation and labor)

The City is requesting a bid on pricing to install, program and assimilate current and new CCTV cameras and associated equipment including Genetec access control.

- Access Cards: HID or Mercury.
- Access Control Door Controllers: Genetec, HID or Mercury
- Access Control Readers: Genetec, HID or Mercury

The vendor may be required to produce a copy of the vendor's invoice from Genetec to verify the City of Oklahoma City is being charged the price bid on this agreement.

It should be noted, the database and any changes made to the database, will remain the possession of the City of Oklahoma City. A copy of the Genetec Service Agreement and/or certificate from the manufacturer must be provided to the City before payment is made.

CONTRACT ASSURANCE

The contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 C.F.R. part 26 in the award and administration of United States Department of Transportation ("DOT") -assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as COTPA deems appropriate, which may include, but is not limited to:

- 1) Withholding monthly progress payments;
- 2) Assessing sanctions;
- 3) Liquidated damages; and/or
- 4) Disqualifying the contractor from future bidding as non-responsible. 49 C.F.R. § 26.13(b).

Further, Contractors must pay subcontractors for satisfactory performance of their contracts no later than 30 days from receipt of each payment the **Contracting Entity** makes to the Contractor. In the event this Contract contains defined DBE contract goals, Contractor shall utilize the specific DBEs listed unless Contractor obtains COTPA's prior written consent; and that, unless COTPA's written consent is provided, Contractor shall not be entitled to any payment for work or material unless it is performed or supplied by the listed DBE. 49 C.F.R. § 26.53(f)(1).

OVERVIEW

It is the policy of the **Contracting Entity** and the DOT that DBE's, as defined herein and in the Federal regulations published at 49 C.F.R. part 26, shall have an equal opportunity to participate in DOT-assisted contracts. It is also the policy of the **Contracting Entity** to:

- A. Ensure nondiscrimination in the award and administration of DOT-assisted contracts;
- B. Create a level playing field on which DBE's can compete fairly for DOT-assisted contracts;
- C. Ensure that the DBE program is narrowly tailored in accordance with applicable law;
- D. Ensure that only firms that fully meet 40 C.F.R. part 26 eligibility standards are permitted to participate as DBE's;
- E. Help remove barrier to the participation of DBEs in DOT assisted contracts;
- F. To promote the use of DBEs in all types of federally assisted contracts and procurement activities; and
- G. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.

This Contract is subject to 49 C.F.R. part 26. Therefore, the Contractor must satisfy the requirements for DBE participation as set forth herein. These requirements are in addition to all other equal opportunity employment requirements of this Contract. The **Contracting Entity** shall make all determinations with regard to whether or not a Contractor is in compliance with the requirements stated herein. In assessing compliance, the **Contracting Entity** may consider during its review of the Contractor's submission package, the Contractor's documented history of non-compliance with DBE requirements on previous contracts with the **Contracting Entity**.

DBE PARTICIPATION

For the purpose of this Contract, the **Contracting Entity** will accept only DBE's who are:

- A. Certified, at the time of bid opening or proposal evaluation, by the Oklahoma Department of Transportation (ODOT); or
- B. An out-of-state firm who has been certified by either a local government, state government or Federal government entity authorized to certify DBE status or an agency whose DBE certification process has received FTA approval; or

DBE PARTICIPATION GOAL

The DBE participation goal for this Contract is set at **0%**. This goal represents those elements of work under this Contract performed by qualified Disadvantaged Business Enterprises for amounts totaling **not less than 0%** of the total Contract price. Failure to meet the stated goal at the time of proposal submission **may** render the Contractor non-responsive.

PROPOSED SUBMISSION

Each Contractor, as part of its proposal submission, shall supply the following information:

- A. A completed **DBE Utilization Form** (see below) that indicates the percentage and dollar value of the total bid/contract amount to be supplied by Disadvantaged Business Enterprises under this Contract.
- B. A list of those qualified DBE's with whom the Contractor intends to contract for the performance of portions of the work under the Contract, the agreed price to be paid to each DBE for work, the Contract items or parts to be performed by each DBE, a proposed timetable for the performance or delivery of the Contract item, and other information as required by the DBE Participation Schedule (see below). No work shall be included in the Schedule that the Contractor has reason to believe the listed DBE will subcontract, at any tier, to other than another DBE. If awarded the Contract, the Contractor may not deviate from the DBE Participation Schedule submitted in response to the bid. Any subsequent changes and/or substitutions of DBE firms will require review and written approval by the **Contracting Entity**.
- C. An original **DBE Letter of Intent** (see below) from each DBE listed in the **DBE Participation Schedule**.
- D. An original **DBE Affidavit** (see below) from each DBE stating that there has not been any change in its status since the date of its last certification.

GOOD FAITH EFFORTS – (NOT APPLICABLE IF THE DBE GOAL IS 0%)

If the Bidder/Offeror is unable to meet the goal set forth above (DBE Participation Goal), the **Contracting Entity** will consider the Bidder/Offeror's documented good faith efforts to meet the goal in determining responsiveness. The types of actions that the **Contracting Entity** will consider as part of the Bidder/Offeror's good faith efforts include, but are not limited to, the following:

- A. Documented communication with the **Contracting Entity**'s DBE Coordinator (questions of RFP requirements, subcontracting opportunities, appropriate certification, will be addressed in a timely fashion);
- B. Pre-bid meeting attendance. At the pre-bid meeting, the **Contracting Entity** generally informs potential Proposer's of DBE subcontracting opportunities;
- C. The Contractor's own solicitations to obtain DBE involvement in general circulation media, trade association publication, minority-focus media and other reasonable and available means within sufficient time to allow DBEs to respond to the solicitation;
- D. Written notification to DBE's encouraging participation in the proposed Contract; and
- E. Efforts made to identify specific portions of the work that might be performed by DBE's.

The Contractor shall provide the following details, at a minimum, of the specific efforts it made to negotiate in good faith with DBE's for elements of the Contract:

- A. The names, addresses, and telephone numbers of DBE's that were contacted;
- B. A description of the information provided to targeted DBE's regarding the specifications and bid proposals for portions of the work;
- C. Efforts made to assist DBE's contacted in obtaining bonding or insurance required by the Contractor or the Authority.

Further, the documentation of good faith efforts must include copies of each DBE and non-DBE subcontractor quote submitted when a non-DBE subcontractor was selected over a DBE for work on the contract. 49 C.F.R. § 26.53(b) (2) (VI). In determining whether a Contractor has made good faith efforts, the Authority may take-into-account the performance of other Proposers in meeting the Contract goals. For example, if the apparent successful Contractor failed to meet the goal but meets or exceeds the average DBE participation obtained by other Proposers, the Authority may view this as evidence of the Contractor having made good faith efforts.

ADMINISTRATIVE RECONSIDERATION

Within five (5) business days of being informed by the **Contracting Entity** that it is not responsive or responsible because it has not documented sufficient good faith efforts, the Contractor may request administrative reconsideration. The Contractor should make this request in writing to the **Contracting Entity**'s Procurement Coordinator. The Procurement Coordinator will forward the Contractor's request to a reconsideration official who will not have played any role in the original determination that the Contractor did not document sufficient good faith efforts.

As part of this reconsideration, the Contractor will have the opportunity to provide written documentation or argument concerning the issue of whether it met the goal or made adequate good faith efforts to do so. The Contractor will have the opportunity to meet in person with the assigned reconsideration official to discuss the issue of whether it met the goal or made adequate good faith efforts to do so. The **Contracting Entity** will send the Contractor a written decision on its reconsideration, explaining the basis for finding that the Contractor did or did not meet the goal or make adequate.

PROMPT PAYMENT

As per 49 CFR §26.29, prime contractors shall pay subcontractors for satisfactory work performed of their contracts no later than 30-days from receipt of payment from the CONTRACTING ENTITY. The prime contractor shall also return any retainage payments to the subcontractor within 30-days of the subcontractor's work being satisfactorily completed.

TERMINATION OF DBE SUBCONTRACTOR

The Contractor shall not terminate the DBE subcontractor(s) listed in the **DBE Participation Schedule** (see below) without the **Contracting Entity's** prior written consent. The **Contracting Entity** may provide such written consent only if the Contractor has good cause to terminate the DBE firm. Before transmitting a request to terminate, the Contractor shall give notice in writing to the DBE subcontractor of its intent to terminate and the reason for the request. The Contractor shall give the DBE five days to respond to the notice and advise of the reasons why it objects to the proposed termination. When a DBE subcontractor is terminated or fails to complete its work on the Contract for any reason, the Contractor shall make good faith efforts to find another DBE subcontractor to substitute for the original DBE and immediately notify the **Contracting Entity** in writing of its efforts to replace the original DBE. These good faith efforts shall be directed at finding another DBE to perform at least the same amount of work under the Contract as the DBE that was terminated, to the extent needed to meet the Contract goal established for this procurement. Failure to comply with these requirements will be in accordance with Section 8 below (Sanctions for Violations).

CONTINUED COMPLIANCE

The **Contracting Entity** shall monitor the Contractor's DBE compliance during the life of the Contract. In the event this procurement exceeds ninety (90) days, **it will be the responsibility of the Contractor to submit quarterly written reports to the Contracting Entity** that summarize the total DBE value for this Contract. These reports shall provide the following details:

- DBE utilization established for the Contract;
- Total value of expenditures with DBE firms for the quarter;
- The value of expenditures with each DBE firm for the quarter by race and gender;
- Total value of expenditures with DBE firms from inception of the Contract; and
- The value of expenditures with each DBE firm from the inception of the Contract by race and gender.

Reports and other correspondence must be submitted to the DBE Coordinator with copies provided to the Oklahoma Department of Transportation ("ODOT"). Reports shall continue to be submitted quarterly until final payment is issued or until DBE participation is completed.

The successful Contractor shall permit:

The **Contracting Entity** to have access to necessary records to examine information as the **Contracting Entity** deems appropriate for the purpose of investigating and determining compliance with this provision, including, but not limited to, records of expenditures, invoices, and contract between the successful Contractor and other DBE parties entered into during the life of the Contract.

The authorized representative(s) of the **Contracting Entity**, the U.S. Department of Transportation, the Comptroller General of the United States, to inspect and audit all data and record of the Contractor relating to its performance under the Disadvantaged Business Enterprise Participation provision of this Contract.

All data/record(s) pertaining to DBE shall be maintained as stated in Record Keeping Section

SANCTIONS FOR VIOLATIONS

If at any time the **Contracting Entity** has reason to believe that the Contractor is in violation of its obligations under this Agreement or has otherwise failed to comply with terms of this Section, the **Contracting Entity** may, in addition to pursuing any other available legal remedy, commence proceedings, which may include but are not limited to, the following:

- A. Suspension of any payment or part due the Contractor until such time as the issues concerning the Contractor's compliance are resolved; and

These provisions apply to each contract at any tier of \$25,000 or more, and to each contract at any tier for a federally required audit (irrespective of the contract amount), and to each contract at any tier that must be approved by an FTA official irrespective of the contract amount. As such, the Contractor shall verify that its principals, affiliates, and subcontractors are eligible to participate in this federally funded contract and are not presently declared by any Federal department or agency to be:

12. (A-20) Recycled Products (Recovered Materials) (Applicable to Contracts with EPA Designated Items Valued at \$10,000 or more)

Contractor agrees to provide a preference for those products and services that conserve natural resources, protect the environment, and are energy efficient by complying with and facilitating compliance with Section 6002 of the Resource Conservation and Recovery Act, as amended, 42 U.S.C. § 6962, and U.S. Environmental Protection Agency (U.S. EPA), "Comprehensive Procurement Guideline for Products Containing Recovered Materials," 40 C.F.R. part 247.

The Recycled Products requirements apply to all contracts for items designated by the EPA, when the purchaser or contractor procures \$10,000 or more of one of these items during the fiscal year, or has procured \$10,000 or more of such items in the previous fiscal year, using Federal funds. New requirements for "recovered materials" will become effective May 1, 1996. These new regulations apply to all procurement actions involving items designated by the EPA, where the procuring agency purchases \$10,000 or more of one of these items in a fiscal year, or when the cost of such items purchased during the previous fiscal year was \$10,000.

13. (A-21) Safe Operation Of Motor Vehicle

SEAT BELT USE

Contractor is encouraged to adopt and promote on-the-job seat belt use policies and programs for its employees and other personnel that operate company-owned vehicles, company-rented vehicles, or personally operated vehicles. The terms "company-owned" and "company-leased" refer to vehicles owned or leased either by Contractor or COTPA.

DISTRACTED DRIVING

Contractor agrees to adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers, including policies to ban text messaging while using an electronic device supplied by an employer, and driving a vehicle the driver owns or rents, a vehicle Contractor owns, leases, or rents, or a privately-owned vehicle when on official business in connection with the work performed under this Contract.

14. (A-23) Seismic Safety

Contractor agrees that any new building or addition to an existing building will be designed and constructed in accordance with the standards for Seismic Safety required in Department of Transportation (DOT) Seismic Safety Regulations 49 C.F.R. part 41 and will certify to compliance to the extent required by the regulation. Contractor also agrees to ensure that all work performed under this Contract, including work performed by a subcontractor is in compliance with the standards required by the Seismic Safety regulations and the certification of compliance issued on the project.

15. (A-25) TERMINATION (Contracts exceeding \$10,000)

TERMINATION FOR CONVENIENCE OR DEFAULT (ARCHITECT AND ENGINEERING)

The **Contracting Entity** may terminate this contract in whole or in part, for the **Contracting Entity's** convenience or because of the failure of the Contractor to fulfill the contract obligations. The **Contracting Entity** shall terminate by delivering to the Contractor a Notice of Termination specifying the nature, extent, and effective date of the termination. Upon receipt of the notice, the Contractor shall (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to the **Contracting Entity's** Contracting Officer all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this contract, whether completed or in process. **Contracting Entity** has a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, all such data, drawings, specifications, reports, estimates, summaries, and other information and materials.

If the termination is for the convenience of the **Contracting Entity**, the **Contracting Entity's** Contracting Officer shall make an equitable adjustment in the contract price but shall allow no anticipated profit on unperformed services.

If the termination is for failure of the Contractor to fulfill the contract obligations, the **Contracting Entity** may complete the work by contract or otherwise and the Contractor shall be liable for any additional cost incurred by the **Contracting Entity**.

If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of **Contracting Entity**.

TERMINATION BY COTPA FOR BREACH OR DEFAULT

If Contractor does not deliver the Services in accordance with the Performance Schedule or in the manner called for in the Contract, or if Contractor fails to comply with any other provisions of the Contract, COTPA may terminate this Contract for default. Termination shall be effected by serving a Notice of Termination on Contractor setting forth the manner in which Contractor is in default. Contractor will be paid only the Contract Price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the Contract.

OPPORTUNITY TO CURE

COTPA, in its sole discretion may, in the case of a termination for breach or default, allow Contractor [seven (7)] calendar days in which to cure the defect. In such case, the Notice of Termination will state the time period in which cure is permitted and other appropriate conditions. If Contractor fails to remedy to COTPA's satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract within [seven (7)] calendar days after receipt by Contractor of written notice from COTPA setting forth the nature of said breach or default, COTPA shall have the right to terminate this Contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude COTPA from also pursuing all available remedies against Contractor and its sureties for said breach or default.

16. (A-26) VIOLATION & BREACH OF CONTRACT

RIGHTS AND REMEDIES OF THE AGENCY

The AGENCY shall have the following rights in the event that the AGENCY deems the Contractor guilty of a breach of any term under the Contract.

1. The right to take over and complete the work or any part thereof as agency for and at the expense of the Contractor, either directly or through other contractors;

2. The right to cancel this Contract as to any or all of the work yet to be performed;
3. The right to specific performance, an injunction or any other appropriate equitable remedy; and
4. The right to money damages.

For purposes of this Contract, breach shall include [AGENCY to define].

RIGHTS AND REMEDIES OF CONTRACTOR

Inasmuch as the Contractor can be adequately compensated by money damages for any breach of this Contract, which may be committed by the AGENCY, the Contractor expressly agrees that no default, act or omission of the AGENCY shall constitute a material breach of this Contract, entitling Contractor to cancel or rescind the Contract (unless the AGENCY directs Contractor to do so) or to suspend or abandon performance.

REMEDIES

Substantial failure of the Contractor to complete the Project in accordance with the terms of this Agreement will be a default of this Agreement. In the event of a default, the AGENCY will have all remedies in law and equity, including the right to specific performance, without further assistance, and the rights to termination or suspension as provided herein. The Contractor recognizes that in the event of a breach of this Agreement by the Contractor before the AGENCY takes action contemplated herein, the AGENCY will provide the Contractor with sixty (60) days written notice that the AGENCY considers that such a breach has occurred and will provide the Contractor a reasonable period of time to respond and to take necessary corrective action.

DISPUTES

Example 1: Disputes arising in the performance of this Contract that are not resolved by agreement of the parties shall be decided in writing by the authorized representative of AGENCY's [title of employee]. This decision shall be final and conclusive unless within [10] days from the date of receipt of its copy, the Contractor mails or otherwise furnishes a written appeal to the [title of employee]. In connection with any such appeal, the Contractor shall be afforded an opportunity to be heard and to offer evidence in support of its position. The decision of the [title of employee] shall be binding upon the Contractor and the Contractor shall abide by the decision.

Example 2: The AGENCY and the Contractor intend to resolve all disputes under this Agreement to the best of their abilities in an informal manner. To accomplish this end, the parties will use an Alternative Dispute Resolution process to resolve disputes in a manner designed to avoid litigation. In general, the parties contemplate that the Alternative Dispute Resolution process will include, at a minimum, an attempt to resolve disputes through communications between their staffs, and, if resolution is not reached at that level, a procedure for review and action on such disputes by appropriate management level officials within the AGENCY and the Contractor's organization.

In the event that a resolution of the dispute is not mutually agreed upon, the parties can agree to mediate the dispute or proceed with litigation. Notwithstanding any provision of this section, or any other provision of this Contract, it is expressly agreed and understood that any court proceeding arising out of a dispute under the Contract shall be heard by a Court de novo and the court shall not be limited in such proceeding to the issue of whether the Authority acted in an arbitrary, capricious or grossly erroneous manner.

Pending final settlement of any dispute, the parties shall proceed diligently with the performance of the Contract, and in accordance with the AGENCY's direction or decisions made thereof.

PERFORMANCE DURING DISPUTE

Unless otherwise directed by AGENCY, Contractor shall continue performance under this Contract while matters in dispute are being resolved.

CLAIMS FOR DAMAGES

Should either party to the Contract suffer injury or damage to person or property because of any act or omission of the party or of any of its employees, agents or others for whose acts it is legally liable, a claim for damages therefor shall be made in writing to such other party within a reasonable time after the first observance of such injury or damage.A-77

REMEDIES

Unless this Contract provides otherwise, all claims, counterclaims, disputes and other matters in question between the AGENCY and the Contractor arising out of or relating to this agreement or its breach will be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State in which the AGENCY is located.

RIGHTS AND REMEDIES

The duties and obligations imposed by the Contract documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by the AGENCY or Contractor shall constitute a waiver of any right or duty afforded any of them under the Contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

17. INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS

The preceding provisions include, in part, certain standard terms and conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F, dated November 1, 2008 (last revised March 18, 2013) are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Contract. Contractor shall not perform any act, fail to perform any act, or refuse to comply with any COTPA requests which would cause COTPA to be in violation of the FTA terms and conditions.

By signing this document, I declare that I am duly authorized to make these certifications and assurances and bind the Contractor. Thus, the Contractor agrees to comply with all City, State and Federal statues, regulations, executive orders, and administrative guidance required for this Agreement. In signing this document, I declare under penalties of perjury that the forgoing certifications, assurances, and any other statements made by me on behalf of the contractor are true and correct.

IN WITNESS WHEREOF, the parties hereto have executed this instrument, the day, month and year first above written.

Obtaining Certification as a DBE

Firms meeting the eligibility standards must contact the specific state or local transportation entity for which they wish to participate in contracts. In addition to requesting documentary evidence substantiating a firm's size, owner's PNW, independence, and an individual's ownership and control, recipients are required to perform an on-site visit to the firm's offices and job sites. Firms can obtain instructions on how to apply to become a DBE by contacting the State Department of Transportation. To ease the burden of applying to multiple DOT recipients within a state, the Department requires a Unified Certification Program (UCP) to be developed so that applicants need only apply once for DBE certification that will be honored by all recipients in the state.

CONTRACTOR/VENDOR BACKGROUND CHECKS FOR ACCESS TO OR WORK IN CITY AND TRUST BUILDINGS AND STRUCTURES

The City has established a policy to better secure City and/or Trust owned or operated buildings and structures by requiring background and fingerprint checks of Non-City employees as a condition precedent to entering City and/or Trust buildings and structures. **Contractor/vendor employees and agents who will be required to enter City and Trust buildings and structures to perform a City or Trust Contract will be required to obtain and provide an Oklahoma State Bureau of Investigation background and fingerprint check to the General Service Director or designee before such Contractor/Vendor employee or agent will be permitted to enter City and/or Trust buildings and structures unescorted, at their cost.**

The General Services Director will establish and maintain a list of Non-City employees authorized to enter City and/or Trust buildings and structures. Background and fingerprint records will be maintained by the General Services Department in a secure location within the City's internal network. Said records will be destroyed within sixty days of: 1) final acceptance by the City Council in the case of construction projects, 2) termination or expiration of a procurement pricing agreement, 3) termination or expiration of an engineering, architectural or planner agreement, or 4) termination or expiration of a professional services agreement, unless the Contractor/Vendor has another contractor or agreement. The City reserves the right and authorizes the General Services Director or designee to request and require any such background check be updated and resubmitted. In addition, the Contractor/Vendor acknowledges and agrees that Contractor/Vendor employees and agents will be asked to verify their identity with a government issued picture identification (Driver's License, Passport, Oklahoma issued Identification Card) from the employee or agent's state of residence to enter City and/or Trust owned or operated buildings and structures.

Arrest and/or conviction records may disqualify Contractor/Vendor employees or agents from access or for work in City or Trust buildings and structures.

In addition to the Sex Offenders Registration Act (57 O.S. Section 581 *et seq.*) and the Mary Rippey Violent Crime Offenders Registration Act (57 O.S. Section 591 *et seq.*), the following criteria will be used when reviewing Contractor/Vendor employee or agent requests for building access:

- (a) Any unpardoned felony conviction or plea of nolo contendere may be disqualifying, depending on the nature of the conviction and the relation to the scope of the contract or price agreement, except under the following circumstances:
1. Access to City or Trust buildings and structures is contingent upon successful completion of two (2) years of a deferred or suspended sentence (if the sentence exceeds two (2) years), otherwise, after successfully serving the complete sentence. Applicants must submit two (2) favorable written references, one (1) of which must be from an employer with whom the individual has worked within the last two years. Situations where the applicant is unable to provide a written reference from an employer with whom the individual has worked within the last two (2) years will be reviewed by the General Services Director or designee on a case-by-case basis.
 2. Applicants convicted of a felony and ordered to serve time with the Department of Corrections may be eligible for access, depending on the nature of the conviction and the position sought, two (2) years from the date of parole. Applicants must submit two (2) favorable written references, one (1) of which must be from an employer with whom he or she has worked within the last two (2) years will be reviewed by the General Services Director or designee on a case-by-case basis.

- (b) Any unpardoned conviction(s) involving the following offenses may be disqualifying: moral turpitude; non-consensual sex acts; distribution or trafficking of controlled dangerous substances; assault and battery with a dangerous weapon, or any offense involving a minor as a victim.
- (c) Any applicant who has been convicted of a felony, is a current defendant of a Victim Protection Order (VPO) or has been convicted of a misdemeanor crime of Domestic Violence, will not be considered for facility access. Misdemeanor convictions and traffic violations will be evaluated on an individual basis and may be disqualifying.
- (d) Any applicant with a pending felony or misdemeanor charge (other than minor traffic violations) will be ineligible for access, until a final disposition of the charge is made.
- (e) Any conviction that has been pardoned or expunged cannot be considered in a facility access decision.
