**§ 60-47-30. - Additional surcharge for industrial users with assessable concentrations.**

Users whose discharge quality or composition exceeds the standards set forth below shall pay an industrial surcharge in addition to the sanitary sewer volume charge and the sanitary sewer utility charge. The Industrial surcharges will apply to Tinker Air Force Base whenever its discharge exceeds the limits in this section. The industrial surcharges are as follows:

- (a) **Milligrams per liter of BOD in excess of 250 milligrams per liter (250 mg/l).** Users whose discharge exceeds 250 milligrams of BOD per liter shall pay an industrial surcharge equal to the product of the BOD surcharge rate times the total volume of discharge times the sum of the number of milligrams of BOD per liter minus 250 milligrams per liter. The BOD surcharge rates are as follows:

| Per Thousand Gallons (and any portion thereof) | Effective for utility bills issued through May 31, 2022 | Effective for utility bills issued from June 1, 2022 to December 31, 2022 | Effective for utility bills issued from January 1, 2023 to December 31, 2023 | Effective for utility bills issued from January 1, 2024 to December 31, 2024 | Effective for utility bills issued from January 1, 2025 to December 31, 2025 | Effective for utility bills issued from January 1, 2026 and thereafter |

**§ 60-47-31. - Monthly sanitary sewer customer service charge.**

Customers shall also pay the monthly sanitary sewer customer service charge(s) for each sewer connection based on the size of each sanitary sewer meter(s), if any; and, if none, based on the size of each water supply meter(s), if any; or, if none, based on the size of each water service line; or, if none, based on the size(s) of each sewer connection; provided customers without water meters or whose water meter or service line size has not been established to the satisfaction of the Director shall be determined by the Director based on either water service meter and/or service line size or the sanitary sewer service connection size, whichever the Director determines to

reasonably represent the volume of sewage discharges by the customer at the point(s) of connection to the City sewer system.

- (h) In the event a treated or raw water wholesale customer receiving service under subsection (l) (Outside City, Wholesale, Take-or-Pay) or (e) (Outside City, Wholesale, Service Availability) loses an outside City wholesale or retail customer, the Director may, subsequent to the receipt and review of adequate appropriate supporting documentation, prospectively re-calculate and reduce the maximum historic monthly usage based upon the contribution of the lost outside City customer to the maximum historic monthly usage.
- (i) The Director is authorized to negotiate written contracts and amendments for water service under each established customer class and rate schedule subject to approval of the final written contracts by the Trust and the City. The Director may also negotiate contracts and amendments that phase a customer into a service availability customer

class or rate schedule subject to approval of the final written contracts by the Trust and the City; provided such phase-in period may not exceed three contract years.
