**Participating Addendum  
for  
COMPUTER EQUIPMENT, PERIPHERALS & RELATED SERVICES  
between  
State of Oklahoma  
and  
Apple Inc.**

This Participating Addendum is entered into by State of Oklahoma ("Participating Entity") and the following Contractor (each a "Party" and collectively the "Parties") for the purpose of participating in NASPO ValuePoint Master Agreement Number 23003, executed by Contractor and the State of Minnesota for Computer Equipment, Peripherals & Related Services ("Master Agreement"):

Apple Inc. ("Contractor")  
One Apple Park Way  
Cupertino, CA 95014

**I. PARTICIPATING ADDENDUM CONTACTS.**

Contractor's contact for this Participating Addendum is:

Tim Lim  
Senior Contracts Negotiator  
tlim2@apple.com  
408-783-7379

Participating Entity's contact for this Participating Addendum is:

Chief Information Officer  
3115 N. Lincoln Blvd.,  
Oklahoma City, OK 73105

- II. TERM.** This Participating Addendum is effective as of the date of the last signature below or January 1, 2024, whichever is later, and will terminate upon termination of the Master Agreement, as amended, unless the Participating Addendum is terminated sooner in accordance with the terms set forth herein.
- III. PARTICIPATION AND USAGE.** This Participating Addendum may be used by all state agencies, public or private educational institutions, institutions of higher education, cities, counties, districts, and other political subdivisions of the state, and nonprofit organizations within the state if authorized herein and by law. Participating Entity has sole authority to determine which additional entities authorized by state statute are eligible to use this Participating Addendum.
- IV. GOVERNING LAW.** The construction and effect of this Participating Addendum and any Orders placed hereunder will be governed by, and construed in accordance with, Participating Entity's laws and applicable federal laws.
- V. SCOPE.** Except as otherwise stated herein, this Participating Addendum incorporates the scope, pricing, terms, and conditions of the Master Agreement and the rights and obligations set forth therein as applied to the Contractor and Participating Entity and Purchasing Entities. For the avoidance of doubt, the Master Agreement contains Minnesota statutory requirements applicable only to the Lead State. Such provisions are not applicable to any Participating Entity other than the Lead State.
- VI. SERVICES.** All services available through the Master Agreement may be offered and sold by Contractor to Purchasing Entities. All services provided will be described in one or more of the following documents:
- a. "Services Descriptions" used to describe any services purchased by an entity;
  - b. any mutually agreed upon Statement of Work ("SOW") executed by the parties.
- VII. AMENDMENTS AND CONFLICTS.** Any amendment to the Master Agreement shall be deemed incorporated into this Participating Addendum unless the amendment is rejected by the Participating Entity in writing to Contractor within ten (10) calendar days of the amendment's effective date and is documented thereafter via written amendment hereto.

**Participating Addendum for  
COMPUTER EQUIPMENT, PERIPHERALS & RELATED SERVICES**

Between **State of Oklahoma** and  
**Apple Inc.**

---

**Any conflict between this Participating Addendum and the Master Agreement will be resolved in favor of the Participating Addendum.**

**Both Contractor and Purchasing Entity agree that Contractor is only subject to the terms in Exhibit No. 1 that: 1) are mandated by Oklahoma law, and 2) expressly contain the statutory section of such requirement. For avoidance of doubt, any terms in Exhibit No. 1 that do not contain statutory section numbers are not deemed to be mandatory by Oklahoma law.**

- VIII. ORDERS.** Purchasing Entities may place orders under this Participating Addendum by referencing the Participating Addendum Number on an Order. Each Order placed under this Participating Addendum is subject to the pricing and terms set forth herein and in the Master Agreement, including applicable discounts, reporting requirements, and payment of administrative fees to NASPO ValuePoint and Participating Entity, if applicable.

Purchasing Entities may provide with their Purchase Orders alternative or additional requirements or terms required to comply with the funding source being used by the Purchasing Entity, including requirements and terms related to the use of federal funds. If providing these additional requirements, a Purchasing Entity will clearly identify such alternative or additional requirements and terms in the Order or purchasing documentation. Contractor will evaluate such requirements and terms on a transactional basis, and may either provide its written acceptance to comply with the requirements and terms set forth therein or respond with its compliance with relevant federal requirements.

- IX. NOTICE.** Any notice required herein shall be sent to the following:

For Contractor:

Apple Inc.  
U.S. Contract Operations  
One Apple Park Way, MS/581-CNTR  
Cupertino, CA 95014  
contracts@apple.com

For Participating Entity:

Chief Information Officer  
3115 N. Lincoln Blvd.,  
Oklahoma City, OK 73105

- X. SUBMISSION OF PARTICIPATING ADDENDUM TO NASPO VALUEPOINT.** Upon execution, Contractor shall email a copy of this Participating Addendum and any amendments hereto to NASPO ValuePoint at [pa@naspovaluepoint.org](mailto:pa@naspovaluepoint.org). While Participating Entity will maintain the official record of this Participating Addendum, the Parties agree that this Participating Addendum, as amended, may be published on the NASPO ValuePoint website.

## **SIGNATURE**

The undersigned for each Party represents and warrants that this Participating Addendum is a valid and legal agreement binding on the Party and enforceable in accordance with the Participating Addendum's terms and that the undersigned is duly authorized and has legal capacity to execute and deliver this Participating Addendum and bind the Party hereto.

IN WITNESS WHEREOF, the Parties have executed this Participating Addendum.

Any and all licensing, maintenance, or order-specific agreements referenced within the terms and conditions of the Master Agreement are agreed to only to the extent that the terms do not conflict with applicable Oklahoma law. In the event of conflict among the terms and conditions, the Participating Addendum shall take precedence.

**1. Definitions: The parties agree that, when used in the Agreement, the following terms are defined as set forth below:**

**A. Acquisition**

The term (“Acquisition”) means items, products, materials, supplies, services, and equipment a state agency acquires by purchase pursuant to the Oklahoma Central Purchasing Act.

**B. Contract Document**

The term (“Contract Document”) means this Participating Addendum, the Master Agreement, any Purchase Order and any mutually executed Addendum to any of the foregoing.

**C. Purchasing Entity**

The term (“Purchasing Entity”) shall include the State of Oklahoma (the “State”) and (a) any board, commission, committee, department or other instrumentality or entity designated to act on behalf of the State of Oklahoma or a political subdivision thereof; (b) any governmental entity specified as a political subdivision of the State of Oklahoma pursuant to the Governmental Tort Claims Act, including but without limitation, (i) any associated institution, instrumentality, board, commission, committee department, or other entity designated to act on behalf of the political subdivision; and (ii) a county or local governmental entity; (c) entities authorized to utilize contracts awarded by the State of Oklahoma via a multistate or multi-governmental contract; and (d) public and private educational institutions.

**D. Destination**

The term (“Destination”) means delivered to the receiving dock or other point specified in the applicable Contract Document.

**E. Indemnified Parties**

The term (“Indemnified Parties”) means the State of Oklahoma and Customers, and/or their officers, agents, employees, representatives, contractors, assignees and/or designees.

**2. Limitation of Authority**

With respect to procurement transactions for Customers, Vendor shall have no authority to act for or on behalf of Customers or the State of Oklahoma, except as expressly provided for in this Agreement; no other authority, power or use is granted or implied. Vendor may not incur any debts, obligations, expenses or liabilities of any kind on behalf of Customers or the State of Oklahoma.

### 3. Administrative Fees

Pursuant to 74 O.S. § 85.33A, 74 O.S. § 3004.1, OAC § 260:120-1-11 and OAC § 260:120-1-12, for Oklahoma-based Purchasing Entities, Contractor agrees to submit a Contract Usage Report to the State of Oklahoma on a quarterly basis. "Contract Usage Report" shall include the following: (i) the applicable state contract number; (ii) report amount(s); (iii) reporting period covered; and (iv) the applicable state agency name(s). Contract Usage Reports shall also include usage of the Participating Addendum by any other governmental entities (i.e. county, city, etc.). Continuous failure to submit Contract Usage Reports as required herein may result in termination of the Participating Addendum.

All Contract Usage Reports shall meet the following criteria:

- a) Must be submitted electronically in Microsoft Excel format.
- b) Reports shall be submitted quarterly regardless whether this Addendum has been used during the applicable quarterly reporting period.
- c) Quarterly reporting periods
  - a. January through March, due April 30
  - b. April through June, due July 31
  - c. July through September, due October 31
  - d. October through December, due January 31

All Contract Usage Reports shall be delivered to:

E-mail: [strategic.sourcing@omes.ok.gov](mailto:strategic.sourcing@omes.ok.gov)

For Oklahoma-based Purchasing Entities, the State of Oklahoma assesses an administrative fee in the sum of one percent (1%) on all net sales transacted by any Purchasing Entity under the Participating Addendum (the "Oklahoma Admin Fee"). If a lower administrative fee is agreed to in future Oklahoma Office of Management & Enterprise Services procurement agreements, (i) Oklahoma Office of Management & Enterprise Services will immediately notify Contractor of the lower administrative fee, and (ii) the administrative fee in this Participating Addendum shall be adjusted for the subsequent calendar quarters to match the lower administrative fee.

Contractor shall submit the Oklahoma Admin Fee on a quarterly basis. Failure to remit the Oklahoma Admin Fee quarterly may result in cancellation of the Participating Addendum provided that Contractor has been provided notice and a thirty (30) day good faith opportunity to cure such delay or failure. Oklahoma Admin Fees shall not be reflected as a separate line item in Contractor's billing to Oklahoma-based Purchasing Entities.

Payment of the Oklahoma Admin Fee shall be made via company check payable to OMES within sixty (60) calendar days from the completion of the applicable quarterly reporting period set forth above.

Contractor agrees to notify OMES-ISD Procurement via the email address set forth below twenty-four (24) hours in advance of Contractor's submitting payment of the Oklahoma Admin Fee.

To ensure payment is properly accounted for, Contractor shall identify payment in the applicable Contract Usage Report as an "Administrative Fee" and shall include the following information: (i) the applicable state contract number, (ii) Oklahoma Admin Fee amount(s) paid, and (ii) the applicable quarterly reporting period.

Oklahoma Admin Fees shall be mailed to:  
Office of Management and Enterprise Services  
Attention: Accounts Receivable  
2401 N. Lincoln, Room 206  
Oklahoma City, OK 73105

#### **4. Pricing**

- A. Pursuant to 68 O.S. § 1404, 68 O.S. § 1352, and 68 O.S. § 1356, Customers under the Contract that are Oklahoma state agencies are exempt from the assessment of State sales, use, and excise taxes. Further, such Customers and Customers that are political subdivisions of the State of Oklahoma are exempt from Federal Excise Taxes pursuant to Title 26 of the United States Code. Customers will provide Vendor with a tax exemption certificate upon request. Pursuant to 1978 OK 256, any taxes of any nature whatsoever payable by the Vendor shall not be reimbursed by the Customer.
- B. Pursuant to Okla. Stat. tit. 74, § 85.40, Oklahoma Purchasing Entities shall not pay Contractor any travel expenses in addition to the total price of the products and/or services purchased; therefore, Contractor shall not invoice Oklahoma-based Purchasing Entities for any travel expenses in addition to the total price of the products and/or services purchased hereunder.
- C. The price to the Customer under the Participating Addendum shall include and Vendor shall prepay all shipping, packaging, delivery and handling fees. All Product deliveries will be Free on-Board Customer's Destination. No additional fees shall be charged to the Customer for standard shipping and handling. If the Customer requests expedited or special delivery, Customer may be responsible for any charges for expedited or special delivery.

#### **5. Invoices and Payment**

As applicable, the Parties shall comply with applicable Oklahoma law with respect to invoicing and making payments hereunder. Payments for goods and services are generally

due thirty (30) days after receipt of a proper invoice; provided, however, Contractor acknowledges and agrees that payment received in accordance with applicable Oklahoma law allowing forty-five (45) days to pay Contractor shall not constitute default hereunder nor entitle Contractor to late payment fees or interest. Any applicable late fees or interest incurred after forty-five (45) days of nonpayment shall be paid only in accordance with Oklahoma law.

#### **6. Termination for Non-appropriation**

Pursuant to OK Const. Art. 10 § 26 and 1979 OK AG 99, of the Oklahoma Constitution, with respect to all Oklahoma-based transactions and all Oklahoma-based Purchasing Entities, Participating State may terminate any order if funds sufficient to pay its obligations under the Participating Addendum are not appropriated by the applicable state legislature, federal government or other appropriate government entity or received from an intended third-party funding source. In the event of such insufficiency, Participating State shall provide fifteen (15) calendar days' written notice of intent to terminate. Notwithstanding the foregoing, if a Purchasing Entity issues an order and has accepted the products and/or services under such order, the Purchasing Entity shall be obligated to pay for such products and/or services. In the event of termination of an order as provided in the foregoing, Participating State shall not be considered to be in default or breach under the Participating Addendum nor under the Master Agreement, nor shall it be liable for any further payments ordinarily due under, with respect to, related to, or arising out of such order, nor shall it be liable for any damages or any other amounts which are caused by or associated with such termination.

#### **7. Notices**

If a party is to give notice under the Participating Addendum, all notices to the State of Oklahoma shall be address as follows:

**If sent to the State of Oklahoma:**

Chief Information Officer  
3115 North Lincoln Boulevard  
Oklahoma City, Oklahoma 73105

**With a copy to:**

OMES-IS Deputy General Counsel  
3115 North Lincoln Boulevard  
Oklahoma City, Oklahoma 73105

#### **8. Choice of Law**

Any claim, dispute, or litigation relating to the execution, interpretation, performance, or enforcement of the Contract Documents shall be governed by the laws of the State of Oklahoma without regard to application of choice of law principles.

#### **9. Choice of Venue**

Venue for any action, claim, dispute, or litigation relating in any way to the execution, interpretation, performance, or enforcement of the Agreement, or any of the Contract Documents, shall be in Oklahoma County, Oklahoma. Further, notwithstanding any provision in the Agreement, the State does not waive the doctrine of sovereign immunity and immunity from suit to the extent authorized by the Constitution and laws of the State of Oklahoma nor any other right or defense available to the State.

**10. Reserved.**

**11. Reserved.**

**12. Reserved.**

**13. Audits and Records Clause**

**A. Reserved.**

**B.** The Vendor is required to retain applicable purchase orders and invoices necessary to properly account for Contractor's performance directly related to payments made by a Purchasing or Participating Entity relative to this Master Agreement and the Participating Addendum for the duration of five (5) years from the invoice date of the transaction under this Participating Addendum. Vendor will use commercially reasonable efforts to provide the aforementioned documents for two (2) years beyond the five (5) years referenced above.

**14. Compliance with Applicable Laws**

**A.** As long as Vendor has an obligation under the terms of the Contract and in connection with performance of its obligations, the Vendor shall comply with all applicable federal, State and local laws and rules that are expressly applicable to Contractor's delivery of products and/or services under the Participating Addendum and the Master Agreement:

- i.** Drug-Free Workplace Act of 1988 set forth at 41 U.S.C. § 81 to the extent applicable to Vendor.
- ii.** Section 306 of the Clean Air Act, Section 508 of the Clean Water Act, Executive Order 11738, and Environmental Protection Agency Regulations which prohibit the use of facilities included on the EPA List of Violating Facilities under nonexempt federal contracts, grants or loans;
- iii.** Prospective participant requirements set at 45 C.F.R. part 76 in connection with debarment, suspension and other responsibility matters; but "principal" as defined at 45 C.F.R. part 76 shall mean "officer or executive director";

- iv. 1964 Civil Rights Act, Title IX of the Education Amendment of 1972, Section 503 of the Rehabilitation Act of 1973, Americans with Disabilities Act of 1990, and Executive Orders 11246 and 11375;
- v. Anti-Lobbying Law set forth at 31 U.S.C. § 1325 and as implemented at 45 C.F.R. part 93;
- vi. Reserved.
- vii. Be compliant with the Oklahoma Taxpayer and Citizen Protection Act of 2007, 25 O.S. § 1312, and be registered and participate in the Status Verification System. The Status Verification System is defined at 25 O.S. § 1312, includes but is not limited to the free Employment Verification Program (E-Verify) through the Department of Homeland Security, and is available at [www.dhs.gov/E-Verify](http://www.dhs.gov/E-Verify); and
- viii. Be registered as a business entity licensed to do business in the State, have obtained a sales tax permit, and be current on franchise tax payments to the State, as applicable.

B. Reserved.

C. Reserved.

## 15. Employment Relationship

The Addendum does not create an employment relationship. Individuals performing Services required by the Addendum are not employees of the Purchasing Entity. The Vendor's employees shall not be considered employees of the Purchasing Entity for any purpose, and accordingly shall not be eligible for rights or benefits accruing to such employees.

## 16. Publicity

Vendor acknowledges and agrees that the existence of the Contract or any Acquisition thereunder is not in any way an endorsement by the Purchasing Entity, the Products or the Services and shall not be so construed by Vendor in any advertising or publicity materials. Vendor agrees to submit to the State all advertising, sales, promotion, and other publicity matters relating to the Participating Addendum wherein the name of the Purchasing Entity is mentioned, or language used from which the connection of the Purchasing Entity therewith may, in the State's judgment, be inferred or implied as an endorsement. Vendor further agrees not to publish or use such advertising, sales promotion, or publicity matter or release any informational pamphlets, notices, press releases, research reports, or similar public notices without obtaining the prior written approval of the State.

## 17. Open Records Act

Vendor acknowledges that Purchasing Entity is subject to the Oklahoma Open Records Act, 51 O.S. § 24A.1. Vendor also acknowledges that such Purchasing Entity will comply with the Oklahoma Open Records Act and with all opinions of the Oklahoma Attorney General concerning this Act. Except for a provision of the Contract specifically designated as confidential in a writing executed by both parties or a provision protected from disclosure in the Open Records Act, no Contract provision is confidential information and, therefore, any provision is subject to disclosure under the Open Records Act.

**18. Reserved.**

**19. Assignment and Permitted Subcontractors**

- A. Should Vendor assign its rights to payment, in whole or in part, under the Addendum, Vendor shall provide the State of Oklahoma with written notice of the assignment. Such written notice shall contain details sufficient for the Participating Entity to perform its payment obligations without any delay caused by the assignment.
- B. Reserved.
- C. All payments under the Addendum shall be made directly to the Vendor, except as provided in Section A above regarding the Vendor's assignment of payment.

**20. Failure to Enforce**

Failure by the State or a Customer, as applicable, at any time to enforce a provision of, or exercise a right under, the Addendum shall not be construed as a waiver of any such provision. Such failure to enforce or exercise shall not affect the validity of any Contract Document, or any part thereof, or the right of the State or a Customer to enforce any provision of, or exercise any right under, the Addendum at any time in accordance with its terms. Likewise, a waiver of a breach of any provision of a Contract Document shall not affect or waive a subsequent breach of the same provision or a breach of any other provision in the Addendum.

**21. Mutual Responsibilities of the Parties**

- A. Neither the State nor the Vendor grants the other the right to use any trademarks, trade names, other designations in any promotion or publication without the express written consent by the other party.
- B. The Addendum is a non-exclusive contract, and each party is free to enter into similar agreements with others.
- C. The Customer and Vendor each grant the other only the licenses and rights specified in the Addendum and all other rights and interests are expressly reserved.
- D. The State and Vendor shall reasonably cooperate with each other.

- E. Except as otherwise set forth herein, where approval, acceptance, consent, or similar action by either Customer, the State or the Vendor is required under the Addendum, such action shall not be unreasonably delayed or withheld.

## **22. Reserved.**

## **23. Miscellaneous**

### **A. Severability**

If any provision of a Contract Document, or the application of any term or condition to any party or circumstances, is held invalid or unenforceable for any reason, the remaining provisions shall continue to be valid and enforceable and the application of such provision to other parties or circumstances shall remain valid and in full force and effect.

### **B. Section Headings**

The headings used in any Contract Document are intended for convenience only and do not constitute terms of the contract.

### **C. Sovereign Immunity**

Notwithstanding any provision of any Contract Document, the State does not waive its sovereign immunity or immunity from suit.

### **D. Survival**

Rights and obligations under the Addendum which by their nature should survive remain in effect after expiration or termination of the contract.

### **E. Entire Agreement**

The Contract Documents taken together as a whole constitute the entire agreement between a Purchasing Entity and Contractor. No statement, promise, condition, understanding, inducement or representation, oral or written, expressed or implied, which is not contained in a Contract Document shall be binding or valid.

## **24. State Specific IT Terms**

### **A. Compliance and Electronic and Information Technology Accessibility**

Apple's VPATs identify how Apple products provided through this Master Agreement comply with Section 508 Standards. Apple's VPATs can be located at the following address: <https://support.apple.com/accessibility/vpat>.

**B. Offshore Services**

Contractor shall not store, access, nor process outside of the United States of America any data belonging to any such Purchasing Entity without the prior written approval of the Participating State/Entity, which approval may be given or withheld at the sole and absolute discretion of the Participating State/Entity. Notwithstanding, this section shall not prohibit Contractor from providing Order related administration and/or support services available from its global locations outside of the United States.

**\*\*Trend Discount**

CDW+G is pleased to offer OMES and any eligible Oklahoma entity which can utilize this contract, with the tiered pricing below (in lieu of volume pricing discounts). Initially, the pricing will be offered under Tier 1 as listed in the pricing tables. Following the close of each calendar year, CDW+G will calculate cumulative Spend Level, if any, under this contract and adjust pricing once OMES reaches a threshold of \$2M sold, the discount % under Tier 2 will apply for the calendar year. The change to discount % will be made within 30 calendar days. No retroactive price adjustments will be due or made.

This allows OMES and other entities who can leverage this contract to benefit from associated cumulative spend level. This tiered discount % is contingent on approval from OMES and confirmation from OMES that it is in conformance with applicable procurement rules and regulations.

"Net Revenue" means the invoiced amount of the sale price, license fee or service fee for each Sale, excluding freight, handling, and tax.

"Spend Level" means the aggregate Net Revenue from all Sales invoiced to OMES and affiliated spend from the Effective Date, reduced by (i) all returns from Customer accepted by Seller, (ii) all allowances granted by Seller to Customer, and (iii) any unpaid invoices that are due and owing to Seller.

"Calendar Year" means the period commencing on January 1st and ending on December 31st.

**All Lenovo Offerings**

CDW+G is pleased to offer a discount off Manufacturer list price, for Lenovo offerings only. The percentage above represents the minimum discount that CDW+G is offering for the duration of the contract. CDW+G will make all commercially reasonable efforts to update pricing 7 business days after the end of each month.2

**\*Apple Pricing**

CDW+G is offering a Discount % off Apple Education List Price (ELP) price to eligible educational institutions. For State and local agencies and when there is no Apple ELP available, CDW+G will offer discount off CDW+G NAP.

Currently, Apple has chosen to be the sole reseller for their products with K-12 customers, including both private and public schools. If this policy is repealed, CDW+G is equipped and ready to serve K12 agencies throughout the State.

**All other offerings**

All other items are based on a discount off CDW+G Nationally Advertised Price (NAP). This enables us to offer a wider range of competitive offerings from other OEMs.

The benefit of using CDW+G's NAP is that its publicly available, verifiable and auditable price schedule, accessed 24/7 through our website on [www.cdwg.com](http://www.cdwg.com). This pricing is updated continually and benchmarked across the marketplace and trends to provide savings to more quickly pass on price reductions.

## **STATE OF OKLAHOMA STATEWIDE CONTRACT WITH CDW-G**

This State of Oklahoma Statewide Contract #1020 - Computer Equipment, Peripherals, & Related Services ("Contract") is entered into between the state of Oklahoma by and through the Office of Management and Enterprise Services and CDW-G ("Supplier") and is effective as of the date of last signature to this Contract. The initial term of the Contract shall be for 1 year with three (3) one-year options to renew.

### **Purpose**

The State is awarding this Contract to Supplier for the provision of [insert brief description of Acquisition, i.e., bovine health tracking software], as more particularly described in certain Contract Documents. Supplier submitted a proposal containing exceptions to the Solicitation and Supplier submitted additional terms. This Contract memorializes the agreement of the parties with respect to the negotiated terms of the Contract that is being awarded to Supplier.

Now, therefore, in consideration of the foregoing and the mutual promises set forth herein, the receipt and sufficiency of which are hereby acknowledged the parties agree as follows:

1. The parties agree that Supplier has not yet begun performance of work under this Contract. Upon full execution of this Contract, Supplier may begin work. Issuance of a purchase order is required prior to payment to a Supplier.
2. The following Contract Documents are attached hereto and incorporated herein:
  - 2.1. Solicitation, Attachment A;
  - 2.2. General Terms, Attachment B;
  - 2.3. Statewide Contract Terms, Attachment C;
  - 2.4. Information Technology Terms, Attachment D;
  - 2.5. Portions of the Bid, Attachment E and
  - 2.6. Negotiated Exceptions to Contract, Attachment F
  - 2.7. Template for Contract Modifications for Quotes, Statements of Work, or other Ordering Documents, Attachment F1.
3. The parties additionally agree:
  - 3.1. Except for information deemed confidential by the State pursuant to applicable law, rule, regulation or policy, the parties agree Contract terms and information are

not confidential and are disclosable without further approval of or notice to Supplier.

- 3.2. Unless mutually agreed to in writing by the Chief Information Officer utilizing Attachment F-1, no Contract Document or other terms and conditions or clauses, including via a hyperlink or uniform resource locator, shall supersede or conflict with the terms of this Contract or expand the State's or Customer's liability or reduce the rights of Customer or the State. If Supplier is acting as a reseller, any third-party terms provided are also subject to the foregoing.
- 3.3. To the extent any term or condition in any Contract Document, including via a hyperlink or uniform resource locator, conflicts with an applicable Oklahoma and/or United States law or regulation, such term or condition is void and unenforceable. By executing any Contract Document which contains a conflicting term or condition, the State or Customer makes no representation or warranty regarding the enforceability of such term or condition and the State or Customer does not waive the applicable Oklahoma and/or United States law or regulation which conflicts with the term or condition.
- 3.4. Supplier is required to ensure that any software or information technology resold complies with applicable law and the Compliance and Electronic and Information Technology Accessibility clause in the Contract. This includes providing the State with a Voluntary Product Accessibility Template ("VPAT"). If the software or information technology is not compliant, Supplier holds an affirmative obligation to ensure that the software or information technology becomes compliant or provide notice to the State that the software or information technology cannot be made complaint and why.
- 3.5. In the event of any conflict in terms, or inconsistencies, contained in Supplier's documents, Attachment E-1 through E-3 and Attachment G, and the States terms, Attachments A-D, the State's terms in Attachments A-D prevail. The State does not agree to any additional duties, obligations, or liabilities contained in any of Supplier's documents.

Attachments referenced in this section are attached hereto and incorporated herein.

4. Any reference to a Contract Document refers to such Contract Document as it may have been amended. If and to the extent any provision is in multiple documents and addresses the same or substantially the same subject matter but does not create an actual conflict, the more recent provision is deemed to supersede earlier versions.

### **STATE OF OKLAHOMA GENERAL TERMS**

This State of Oklahoma General Terms (“General Terms”) is a Contract Document in connection with a Contract awarded by the Office of Management and Enterprise Services on behalf of the State of Oklahoma.

In addition to other terms contained in an applicable Contract Document, Supplier and State agree to the following General Terms:

#### **1 Scope and Contract Renewal**

- 1.1** Supplier may not add products or services to its offerings under the Contract without the State’s prior written approval. Such request may require a competitive bid of the additional products or services. If the need arises for goods or services outside the scope of the Contract, Supplier shall contact the State.
- 1.2** At no time during the performance of the Contract shall the Supplier have the authority to obligate any Customer for payment for any products or services (a) when a corresponding encumbering document is not signed or (b) over and above an awarded Contract amount. Likewise, Supplier is not entitled to compensation for a product or service provided by or on behalf of Supplier that is neither requested nor accepted as satisfactory.
- 1.3** If applicable, prior to any Contract renewal, the State shall subjectively consider the value of the Contract to the State, the Supplier’s performance under the Contract, and shall review certain other factors, including but not limited to the: a) terms and conditions of Contract Documents to determine validity with current State and other applicable statutes and rules; b) current pricing and discounts offered by Supplier; and c) current products, services and support offered by Supplier. If the State determines changes to the Contract are required as a condition precedent to renewal, the State and Supplier will cooperate in good faith to evidence such required changes in an Addendum. Further, any request for a price increase in connection with a renewal or otherwise will be conditioned on the Supplier providing appropriate documentation supporting the request.
- 1.4** The State may extend the Contract for ninety (90) days beyond a final renewal term at the Contract compensation rate for the extended period. If the State exercises such option to extend ninety (90) days, the State shall notify the

Supplier in writing prior to Contract end date. The State, at its sole option and to the extent allowable by law, may choose to exercise subsequent ninety (90) day extensions at the Contract pricing rate, to facilitate the finalization of related terms and conditions of a new award or as needed for transition to a new Supplier.

- 1.5** Supplier understands that supplier registration expires annually and, pursuant to OAC 260:115-3-3, Supplier shall maintain its supplier registration with the State as a precondition to a renewal of the Contract.

## **2 Contract Effectiveness and Order of Priority**

- 2.1** Unless specifically agreed in writing otherwise, the Contract is effective upon the date last signed by the parties. Supplier shall not commence work, commit funds, incur costs, or in any way act to obligate the State until the Contract is effective.

- 2.2** Contract Documents shall be read to be consistent and complementary. Any conflict among the Contract Documents shall be resolved by giving priority to Contract Documents in the following order of precedence:

- A.** any Addendum;
- B.** any applicable Solicitation;
- C.** any Contract-specific terms contained in a Contract Document including, without limitation, information technology terms and terms specific to a statewide Contract or a State agency Contract;
- D.** the terms contained in this Contract Document;
- E.** any successful Bid as may be amended through negotiation and to the extent the Bid does not otherwise conflict with the Solicitation or applicable law;
- F.** any statement of work, work order, or other similar ordering document as applicable; and
- G.** other mutually agreed Contract Documents.

- 2.3** If there is a conflict between the terms contained in this Contract Document or in Contract-specific terms and an agreement provided by or on behalf of Supplier including but not limited to linked or supplemental documents which alter or diminish the rights of Customer or the State, the conflicting terms provided by Supplier shall not take priority over this Contract Document or

Acquisition-specific terms. In no event will any linked document alter or override such referenced terms except as specifically agreed in an Addendum.

- 2.4 Any Contract Document shall be legibly written in ink or typed. All Contract transactions, and any Contract Document related thereto, may be conducted by electronic means pursuant to the Oklahoma Uniform Electronic Transactions Act.

### 3 **Modification of Contract Terms and Contract Documents**

- 3.1 The Contract may only be modified, amended, or expanded by an Addendum. Any change to the Contract, including the addition of work or materials, the revision of payment terms, or the substitution of work or materials made unilaterally by the Supplier, is a material breach of the Contract. Unless otherwise specified by applicable law or rules, such changes, including without limitation, any unauthorized written Contract modification, shall be void and without effect and the Supplier shall not be entitled to any claim under the Contract based on those changes. No oral statement of any person shall modify or otherwise affect the terms, conditions, or specifications stated in the Contract.
- 3.2 Any additional terms on an ordering document provided by Supplier are of no effect and are void unless mutually executed. OMES bears no liability for performance, payment or failure thereof by the Supplier or by a Customer other than OMES in connection with an Acquisition.

### 4 **Definitions**

In addition to any defined terms set forth elsewhere in the Contract, the Oklahoma Central Purchasing Act and the Oklahoma Administrative Code, Title 260, the parties agree that, when used in the Contract, the following terms are defined as set forth below and may be used in the singular or plural form:

- 4.1 **Acquisition** means items, products, materials, supplies, services and equipment acquired by purchase, lease purchase, lease with option to purchase, value provided or rental under the Contract.
- 4.2 **Addendum** means a mutually executed, written modification to a Contract Document.
- 4.3 **Amendment** means a written change, addition, correction or revision to the Solicitation.
- 4.4 **Bid** means an offer a Bidder submits in response to the Solicitation.

- 4.5 **Bidder** means an individual or business entity that submits a Bid in response to the Solicitation.
- 4.6 **Contract** means the written, mutually agreed and binding legal relationship resulting from the Contract Documents and an appropriate encumbering document as may be amended from time to time, which evidences the final agreement between the parties with respect to the subject matter of the Contract.
- 4.7 **Contract Document** means this document; any master or enterprise agreement terms entered into between the parties that are mutually agreed to be applicable to the Contract; any Solicitation; any Contract-specific terms; any Supplier's Bid as may be negotiated; any statement of work, work order, or other similar mutually executed ordering document; other mutually executed documents and any Addendum.
- 4.8 **Customer** means the entity receiving goods or services contemplated by the Contract.
- 4.9 **Debarment** means action taken by a debarring official under federal or state law or regulations to exclude any business entity from inclusion on the Supplier list; bidding; offering to bid; providing a quote; receiving an award of contract with the State and may also result in cancellation of existing contracts with the State.
- 4.10 **Destination** means delivered to the receiving dock or other point specified in the applicable Contract Document.
- 4.11 **Indemnified Parties** means the State and Customer and/or its officers, directors, agents, employees, representatives, contractors, assignees and designees thereof.
- 4.12 **Inspection** means examining and testing an Acquisition (including, when appropriate, raw materials, components, and intermediate assemblies) to determine whether the Acquisition meets Contract requirements.
- 4.13 **Moral Rights** means any and all rights of paternity or integrity of the Work Product and the right to object to any modification, translation or use of the Work Product and any similar rights existing under the judicial or statutory law of any country in the world or under any treaty, regardless of whether or not such right is denominated or referred to as a moral right.
- 4.14 **OAC** means the Oklahoma Administrative Code.
- 4.15 **OMES** means the Office of Management and Enterprise Services.

- 4.16 Solicitation** means the document inviting Bids for the Acquisition referenced in the Contract and any amendments thereto.
- 4.17 State** means the government of the state of Oklahoma, its employees and authorized representatives, including without limitation any department, agency, or other unit of the government of the state of Oklahoma.
- 4.18 Supplier** means the Bidder with whom the State enters into the Contract awarded pursuant to the Solicitation or the business entity or individual that is a party to the Contract with the State.
- 4.19 Suspension** means action taken by a suspending official under federal or state law or regulations to suspend a Supplier from inclusion on the Supplier list; be eligible to submit Bids to State agencies and be awarded a contract by a State agency subject to the Central Purchasing Act.
- 4.20 Supplier Confidential Information** means certain confidential and proprietary information of Supplier that is clearly marked as confidential and agreed by the State Purchasing Director or Customer, as applicable, but does not include information excluded from confidentiality in provisions of the Contract or the Oklahoma Open Records Act.
- 4.21 Work Product** means any and all deliverables produced by Supplier under a statement of work or similar Contract Document issued pursuant to this Contract, including any and all tangible or intangible items or things that have been or will be prepared, created, developed, invented or conceived at any time following the Contract effective date including but not limited to any (i) works of authorship (such as manuals, instructions, printed material, graphics, artwork, images, illustrations, photographs, computer programs, computer software, scripts, object code, source code or other programming code, HTML code, flow charts, notes, outlines, lists, compilations, manuscripts, writings, pictorial materials, schematics, formulae, processes, algorithms, data, information, multimedia files, text web pages or web sites, other written or machine readable expression of such works fixed in any tangible media, and all other copyrightable works), (ii) trademarks, service marks, trade dress, trade names, logos, or other indicia of source or origin, (iii) ideas, designs, concepts, personality rights, methods, processes, techniques, apparatuses, inventions, formulas, discoveries, or improvements, including any patents, trade secrets and know-how, (iv) domain names, (v) any copies, and similar or derivative works to any of the foregoing, (vi) all documentation and materials related to any of the foregoing, (vii) all other goods, services or deliverables to be provided by or on behalf of Supplier under the Contract and (viii) all Intellectual Property Rights in any of the foregoing, and which are or were created,

prepared, developed, invented or conceived for the use of benefit of Customer in connection with this Contract or with funds appropriated by or for Customer or Customer's benefit (a) by any Supplier personnel or Customer personnel or (b) any Customer personnel who then became personnel to Supplier or any of its affiliates or subcontractors, where, although creation or reduction-to-practice is completed while the person is affiliated with Supplier or its personnel, any portion of same was created, invented or conceived by such person while affiliated with Customer.

## **5 Pricing**

- 5.1** Pursuant to 68 O.S. §§ 1352, 1356, and 1404, State agencies are exempt from the assessment of State sales, use, and excise taxes. Further, State agencies and political subdivisions of the State are exempt from Federal Excise Taxes pursuant to Title 26 of the United States Code. Any taxes of any nature whatsoever payable by the Supplier shall not be reimbursed.
- 5.2** Pursuant to 74 O.S. §85.40, all travel expenses of Supplier must be included in the total Acquisition price.
- 5.3** The price of a product offered under the Contract shall include and Supplier shall prepay all shipping, packaging, delivery and handling fees. All product deliveries will be free on board Customer's Destination. No additional fees shall be charged by Supplier for standard shipping and handling. If Customer requests expedited or special delivery, Customer may be responsible for any charges for expedited or special delivery.

## **6 Ordering, Inspection, and Acceptance**

- 6.1** Any product or service furnished under the Contract shall be ordered by issuance of a valid purchase order or other appropriate payment mechanism, including a pre-encumbrance, or by use of a valid Purchase Card. All orders and transactions are governed by the terms and conditions of the Contract. Any purchase order or other applicable payment mechanism dated prior to termination or expiration of the Contract shall be performed unless mutually agreed in writing otherwise.
- 6.2** Services will be performed in accordance with industry best practices and are subject to acceptance by the Customer. Notwithstanding any other provision in the Contract, deemed acceptance of a service or associated deliverable shall not apply automatically upon receipt of a deliverable or upon provision of a service.

Supplier warrants and represents that a product or deliverable furnished by or through the Supplier shall individually, and where specified by Supplier to perform as a system, be substantially uninterrupted and error-free in operation and guaranteed against faulty material and workmanship for a warranty period of the greater of ninety (90) days from the date of acceptance or the maximum allowed by the manufacturer. A defect in a product or deliverable furnished by or through the Supplier shall be repaired or replaced by Supplier at no additional cost or expense to the Customer if such defect occurs during the warranty period.

Any product to be delivered pursuant to the Contract shall be subject to final inspection and acceptance by the Customer at Destination. The Customer assumes no responsibility for a product until accepted by the Customer. Title and risk of loss or damage to a product shall be the responsibility of the Supplier until accepted. The Supplier shall be responsible for filing, processing, and collecting any and all damage claims accruing prior to acceptance.

Pursuant to OAC 260:115-9-5, payment for an Acquisition does not constitute final acceptance of the Acquisition. If subsequent inspection affirms that the Acquisition does not meet or exceed the specifications of the order or that the Acquisition has a latent defect, the Supplier shall be notified as soon as is reasonably practicable. The Supplier shall retrieve and replace the Acquisition at Supplier's expense or, if unable to replace, shall issue a refund to Customer. Refund under this section shall not be an exclusive remedy.

- 6.3 Supplier shall deliver products and services on or before the required date specified in a Contract Document. Failure to deliver timely may result in liquidated damages as set forth in the applicable Contract Document. Deviations, substitutions, or changes in a product or service, including changes of personnel directly providing services, shall not be made unless expressly authorized in writing by the Customer. Any substitution of personnel directly providing services shall be a person of comparable or greater skills, education and experience for performing the services as the person being replaced. Additionally, Supplier shall provide staff sufficiently experienced and able to perform with respect to any transitional services provided by Supplier in connection with termination or expiration of the Contract.
- 6.4 Product warranty and return policies and terms provided under any Contract Document will not be more restrictive or more costly than warranty and return policies and terms for other similarly situated customers for a like product.

## **7 Invoices and Payment**

- 7.1** Supplier shall be paid upon submission of a proper invoice(s) at the prices stipulated in the Contract in accordance with 74 O.S. §85.44B which requires that payment be made only after products have been provided and accepted or services rendered and accepted.

The following terms additionally apply:

- A.** An invoice shall contain the purchase order number, description of products or services provided and the dates of such provision.
- B.** Failure to provide a timely and proper invoice may result in delay of processing the invoice for payment. Proper invoice is defined at OAC 260:10-1-2.
- C.** Payment of all fees under the Contract shall be due NET 45 days. Payment and interest on late payments are governed by 62 O.S. §34.72. Such interest is the sole and exclusive remedy for late payments by a State agency and no other late fees are authorized to be assessed pursuant to Oklahoma law.
- D.** The date from which an applicable early payment discount time is calculated shall be from the receipt date of a proper invoice. There is no obligation, however, to utilize an early payment discount.
- E.** If an overpayment or underpayment has been made to Supplier any subsequent payments to Supplier under the Contract may be adjusted to correct the account. A written explanation of the adjustment will be issued to Supplier.
- F.** Supplier shall have no right of setoff.
- G.** Because funds are typically dedicated to a particular fiscal year, an invoice will be paid only when timely submitted, which shall in no instance be later than six (6) months after the end of the fiscal year in which the goods are provided or services performed.
- H.** The Supplier shall accept payment by Purchase Card as allowed by Oklahoma law.

## **8 Maintenance of Insurance, Payment of Taxes, and Workers' Compensation**

- 8.1** As a condition of this Contract, Supplier shall procure at its own expense, and provide proof of, insurance coverage with the applicable liability limits set

forth below and any approved subcontractor of Supplier shall procure and provide proof of the same coverage. The required insurance shall be underwritten by an insurance carrier with an A.M. Best rating of A- or better.

Such proof of coverage shall additionally be provided to the Customer if services will be provided by any of Supplier's employees, agents or subcontractors at any Customer premises and/or employer vehicles will be used in connection with performance of Supplier's obligations under the Contract. Supplier may not commence performance hereunder until such proof has been provided. Additionally, Supplier shall ensure each insurance policy includes a thirty (30) day notice of cancellation and name the State and its agencies as certificate holder and shall promptly provide proof to the State of any renewals, additions, or changes to such insurance coverage. Supplier's obligation to maintain insurance coverage under the Contract is a continuing obligation until Supplier has no further obligation under the Contract. Any combination of primary and excess or umbrella insurance may be used to satisfy the limits of coverage for Commercial General Liability, Auto Liability and Employers' Liability. Unless agreed between the parties and approved by the State Purchasing Director, the minimum acceptable insurance limits of liability are as follows:

- A.** Workers' Compensation and Employer's Liability Insurance in accordance with and to the extent required by applicable law;
- B.** Commercial General Liability Insurance covering the risks of personal injury, bodily injury (including death) and property damage, including coverage for contractual liability, with a limit of liability of not less than \$5,000,000 per occurrence;
- C.** Automobile Liability Insurance with limits of liability of not less than \$5,000,000 combined single limit each accident;
- D.** Directors and Officers Insurance which shall include Employment Practices Liability as well as Consultant's Computer Errors and Omissions Coverage, if information technology services are provided under the Contract, with limits not less than \$5,000,000 per occurrence;
- E.** Security and Privacy Liability insurance, including coverage for failure to protect confidential information and failure of the security of Supplier's computer systems that results in unauthorized access to Customer data with limits \$5,000,000 per occurrence; and
- F.** Additional coverage required in writing in connection with a particular Acquisition.

- 8.2** Supplier shall be entirely responsible during the existence of the Contract for the liability and payment of taxes payable by or assessed to Supplier or its employees, agents and subcontractors of whatever kind, in connection with the Contract. Supplier further agrees to comply with all state and federal laws applicable to any such persons, including laws regarding wages, taxes, insurance, and Workers' Compensation. Neither Customer nor the State shall be liable to the Supplier, its employees, agents, or others for the payment of taxes or the provision of unemployment insurance and/or Workers' Compensation or any benefit available to a State or Customer employee.
- 8.3** Supplier agrees to indemnify Customer, the State, and its employees, agents, representatives, contractors, and assignees for any and all liability, actions, claims, demands, or suits, and all related costs and expenses (including without limitation reasonable attorneys' fees and costs required to establish the right to indemnification) relating to tax liability, unemployment insurance and/or Workers' Compensation in connection with its performance under the Contract.

## **9 Compliance with Applicable Laws**

- 9.1** As long as Supplier has an obligation under the terms of the Contract and in connection with performance of its obligations, the Supplier represents its present compliance, and shall have an ongoing obligation to comply, with all applicable federal, State, and local laws, rules, regulations, ordinances, and orders, as amended, including but not limited to the following:
- A.** Drug-Free Workplace Act of 1988 set forth at 41 U.S.C. §81.
  - B.** Section 306 of the Clean Air Act, Section 508 of the Clean Water Act, Executive Order 11738, and Environmental Protection Agency Regulations which prohibit the use of facilities included on the EPA List of Violating Facilities under nonexempt federal contracts, grants or loans;
  - C.** Prospective participant requirements set at 45 C.F.R. part 76 in connection with Debarment, Suspension and other responsibility matters;
  - D.** 1964 Civil Rights Act, Title IX of the Education Amendment of 1972, Section 504 of the Rehabilitation Act of 1973, Americans with Disabilities Act of 1990, and Executive Orders 11246 and 11375;
  - E.** Anti-Lobbying Law set forth at 31 U.S.C. §1325 and as implemented at 45 C.F.R. part 93;

- F.** Requirements of Internal Revenue Service Publication 1075 regarding use, access and disclosure of Federal Tax Information (as defined therein);
  - G.** Obtaining certified independent audits conducted in accordance with Government Auditing Standards and Office of Management and Budget Uniform Guidance, 2 CFR 200 Subpart F §200.500 et seq. with approval and work paper examination rights of the applicable procuring entity;
  - H.** Requirements of the Oklahoma Taxpayer and Citizen Protection Act of 2007, 25 O.S. §1312 and applicable federal immigration laws and regulations and be registered and participate in the Status Verification System. The Status Verification System is defined at 25 O.S. §1312, includes but is not limited to the free Employment Verification Program (E-Verify) through the Department of Homeland Security, and is available at [www.dhs.gov/E-Verify](http://www.dhs.gov/E-Verify);
  - I.** Requirements of the Health Insurance Portability and Accountability Act of 1996; Health Information Technology for Economic and Clinical Health Act; Payment Card Industry Security Standards; Criminal Justice Information System Security Policy and Security Addendum; and Family Educational Rights and Privacy Act; and
  - J.** Be registered as a business entity licensed to do business in the State, have obtained a sales tax permit, and be current on franchise tax payments to the State, as applicable.
- 9.2** The Supplier's employees, agents and subcontractors shall adhere to applicable Customer policies including, but not limited to acceptable use of Internet and electronic mail, facility and data security, press releases, and public relations. As applicable, the Supplier shall adhere to the State Information Security Policy, Procedures, Guidelines set forth at [https://omes.ok.gov/sites/g/files/gmc316/f/InfoSecPPG\\_0.pdf](https://omes.ok.gov/sites/g/files/gmc316/f/InfoSecPPG_0.pdf). Supplier is responsible for reviewing and relaying such policies covering the above to the Supplier's employees, agents and subcontractors.
- 9.3** At no additional cost to Customer, the Supplier shall maintain all applicable licenses and permits required in association with its obligations under the Contract.
- 9.4** In addition to compliance under subsection 9.1 above, Supplier shall have a continuing obligation to comply with applicable Customer-specific mandatory

contract provisions required in connection with the receipt of federal funds or other funding source.

- 9.5** The Supplier is responsible to review and inform its employees, agents, and subcontractors who provide a product or perform a service under the Contract of the Supplier's obligations under the Contract and Supplier certifies that its employees and each such subcontractor shall comply with minimum requirements and applicable provisions of the Contract. At the request of the State, Supplier shall promptly provide adequate evidence that such persons are its employees, agents or approved subcontractors and have been informed of their obligations under the Contract.
- 9.6** As applicable, Supplier agrees to comply with the Governor's Executive Orders related to the use of any tobacco product, electronic cigarette or vaping device on any and all properties owned, leased, or contracted for use by the State, including but not limited to all buildings, land and vehicles owned, leased, or contracted for use by agencies or instrumentalities of the State.
- 9.7** The execution, delivery and performance of the Contract and any ancillary documents by Supplier will not, to the best of Supplier's knowledge, violate, conflict with, or result in a breach of any provision of, or constitute a default (or an event which, with notice or lapse of time or both, would constitute a default) under, or result in the termination of, any written contract or other instrument between Supplier and any third party.
- 9.8** Supplier represents that it has the ability to pay its debts when due and it does not anticipate the filing of a voluntary or involuntary bankruptcy petition or appointment of a receiver, liquidator or trustee.
- 9.9** Supplier represents that, to the best of its knowledge, any litigation or claim or any threat thereof involving Supplier has been disclosed in writing to the State and Supplier is not aware of any other litigation, claim or threat thereof.
- 9.10** If services provided by Supplier include delivery of an electronic communication, Supplier shall ensure such communication and any associated support documents are compliant with Section 508 of the Federal Rehabilitation Act and with State standards regarding accessibility. Should any communication or associated support documents be non-compliant, Supplier shall correct and re-deliver such communication immediately upon discovery or notice, at no additional cost to the State. Additionally, as part of compliance with accessibility requirements where documents are only provided in non-electronic format, Supplier shall promptly provide such communication and any associated support documents in an alternate format

usable by individuals with disabilities upon request and at no additional cost, which may originate from an intended recipient or from the State.

## **10 Audits and Records Clause**

- 10.1** As used in this clause and pursuant to 67 O.S. §203, “record” includes a document, book, paper, photograph, microfilm, computer tape, disk, record, sound recording, film recording, video record, accounting procedures and practices, and other data, regardless of type and regardless of whether such items are in written form, in the form of computer data, or in any other form. Supplier agrees any pertinent federal or State agency or governing entity of a Customer shall have the right to examine and audit, at no additional cost to a Customer, all records relevant to the execution and performance of the Contract except, unless otherwise agreed, costs of Supplier that comprise pricing under the Contract.
- 10.2** The Supplier is required to retain records relative to the Contract for the duration of the Contract and for a period of seven (7) years following completion or termination of an Acquisition unless otherwise indicated in the Contract terms. If a claim, audit, litigation or other action involving such records is started before the end of the seven-year period, the records are required to be maintained for two (2) years from the date that all issues arising out of the action are resolved, or until the end of the seven (7) year retention period, whichever is later.
- 10.3** Pursuant to 74 O.S. §85.41, if professional services are provided hereunder, all items of the Supplier that relate to the professional services are subject to examination by the State agency, State Auditor and Inspector and the State Purchasing Director.

## **11 Confidentiality**

- 11.1** The Supplier shall maintain strict security of all State and citizen data and records entrusted to it or to which the Supplier gains access, in accordance with and subject to applicable federal and State laws, rules, regulations, and policies and shall use any such data and records only as necessary for Supplier to perform its obligations under the Contract. The Supplier further agrees to evidence such confidentiality obligation in a separate writing if required under such applicable federal or State laws, rules and regulations. The Supplier warrants and represents that such information shall not be sold, assigned, conveyed, provided, released, disseminated or otherwise disclosed by Supplier, its employees, officers, directors, subsidiaries, affiliates, agents, representatives, assigns, subcontractors, independent contractors, successor or any other persons or entities without Customer’s prior express written

permission. Supplier shall instruct all such persons and entities that the confidential information shall not be disclosed or used without the Customer's prior express written approval except as necessary for Supplier to render services under the Contract. The Supplier further warrants that it has a tested and proven system in effect designed to protect all confidential information.

- 11.2** Supplier shall establish, maintain and enforce agreements with all such persons and entities that have access to State and citizen data and records to fulfill Supplier's duties and obligations under the Contract and to specifically prohibit any sale, assignment, conveyance, provision, release, dissemination or other disclosure of any State or citizen data or records except as required by law or allowed by written prior approval of the Customer.
- 11.3** Supplier shall immediately report to the Customer any and all unauthorized use, appropriation, sale, assignment, conveyance, provision, release, access, acquisition, disclosure or other dissemination of any State or citizen data or records of which it or its parent company, subsidiaries, affiliates, employees, officers, directors, assignees, agents, representatives, independent contractors, and subcontractors is aware or have knowledge or reasonable should have knowledge. The Supplier shall also promptly furnish to Customer full details of the unauthorized use, appropriation, sale, assignment, conveyance, provision, release, access, acquisition, disclosure or other dissemination, or attempt thereof, and use its best efforts to assist the Customer in investigating or preventing the reoccurrence of such event in the future. The Supplier shall cooperate with the Customer in connection with any litigation and investigation deemed necessary by the Customer to protect any State or citizen data and records and shall bear all costs associated with the investigation, response and recovery in connection with any breach of State or citizen data or records including but not limited to credit monitoring services with a term of at least three (3) years, all notice-related costs and toll free telephone call center services.
- 11.4** Supplier further agrees to promptly prevent a reoccurrence of any unauthorized use, appropriation, sale, assignment, conveyance, provision, release, access, acquisition, disclosure or other dissemination of State or citizen data and records.
- 11.5** Supplier acknowledges that any improper use, appropriation, sale, assignment, conveyance, provision, release, access, acquisition, disclosure or other dissemination of any State data or records to others may cause immediate and irreparable harm to the Customer and certain beneficiaries and may violate state or federal laws and regulations. If the Supplier or its affiliates, parent company, subsidiaries, employees, officers, directors, assignees, agents,

representatives, independent contractors, and subcontractors improperly use, appropriate, sell, assign, convey, provide, release, access, acquire, disclose or otherwise disseminate such confidential information to any person or entity in violation of the Contract, the Customer will immediately be entitled to injunctive relief and/or any other rights or remedies available under this Contract, at equity or pursuant to applicable statutory, regulatory, and common law without a cure period.

**11.6** The Supplier shall immediately forward to the State Purchasing Director, and any other applicable person listed in the Notices section(s) of the Contract, any request by a third party for data or records in the possession of the Supplier or any subcontractor or to which the Supplier or subcontractor has access and Supplier shall fully cooperate with all efforts to protect the security and confidentiality of such data or records in response to a third party request.

**11.7** Customer may be provided access to Supplier Confidential Information. State agencies are subject to the Oklahoma Open Records Act and Supplier acknowledges information marked confidential information will be disclosed to the extent permitted under the Open Records Act and in accordance with this section. Nothing herein is intended to waive the State Purchasing Director's authority under OAC 260:115-3-9 in connection with Bid information requested to be held confidential by a Bidder. Notwithstanding the foregoing, Supplier Confidential Information shall not include information that: (i) is or becomes generally known or available by public disclosure, commercial use or otherwise and is not in contravention of this Contract; (ii) is known and has been reduced to tangible form by the receiving party before the time of disclosure for the first time under this Contract and without other obligations of confidentiality; (iii) is independently developed without the use of any of Supplier Confidential Information; (iv) is lawfully obtained from a third party (without any confidentiality obligation) who has the right to make such disclosure or (v) résumé, pricing or marketing materials provided to the State. In addition, the obligations in this section shall not apply to the extent that the applicable law or regulation requires disclosure of Supplier Confidential Information, provided that the Customer provides reasonable written notice, pursuant to Contract notice provisions, to the Supplier so that the Supplier may promptly seek a protective order or other appropriate remedy.

## **12 Conflict of Interest**

In addition to any requirement of law or of a professional code of ethics or conduct, the Supplier, its employees, agents and subcontractors are required to disclose any outside activity or interest that conflicts or may conflict with the best interest of the State. Prompt disclosure is required under this section if the activity or interest is

related, directly or indirectly, to any person or entity currently under contract with or seeking to do business with the State, its employees or any other third-party individual or entity awarded a contract with the State. Further, as long as the Supplier has an obligation under the Contract, any plan, preparation or engagement in any such activity or interest shall not occur without prior written approval of the State. Any conflict of interest shall, at the sole discretion of the State, be grounds for partial or whole termination of the Contract.

### **13 Assignment and Permitted Subcontractors**

- 13.1** Supplier's obligations under the Contract may not be assigned or transferred to any other person or entity without the prior written consent of the State which may be withheld at the State's sole discretion. Should Supplier assign its rights to payment, in whole or in part, under the Contract, Supplier shall provide the State and all affected Customers with written notice of the assignment. Such written notice shall be delivered timely and contain details sufficient for affected Customers to perform payment obligations without any delay caused by the assignment.
- 13.2** Notwithstanding the foregoing, the Contract may be assigned by Supplier to any corporation or other entity in connection with a merger, consolidation, sale of all equity interests of the Supplier, or a sale of all or substantially all of the assets of the Supplier to which the Contract relates. In any such case, said corporation or other entity shall by operation of law or expressly in writing assume all obligations of the Supplier as fully as if it had been originally made a party to the Contract. Supplier shall give the State and all affected Customers prior written notice of said assignment. Any assignment or delegation in violation of this subsection shall be void.
- 13.3** If the Supplier is permitted to utilize subcontractors in support of the Contract, the Supplier shall remain solely responsible for its obligations under the terms of the Contract, for its actions and omissions and those of its agents, employees and subcontractors and for payments to such persons or entities. Prior to a subcontractor being utilized by the Supplier, the Supplier shall obtain written approval of the State of such subcontractor and each employee, as applicable to a particular Acquisition, of such subcontractor proposed for use by the Supplier. Such approval is within the sole discretion of the State. Any proposed subcontractor shall be identified by entity name, and by employee name, if required by the particular Acquisition, in the applicable proposal and shall include the nature of the services to be performed. As part of the approval request, the Supplier shall provide a copy of a written agreement executed by the Supplier and subcontractor setting forth that such subcontractor is bound by and agrees, as applicable, to perform the same covenants and be subject to

the same conditions and make identical certifications to the same facts and criteria, as the Supplier under the terms of all applicable Contract Documents. Supplier agrees that maintaining such agreement with any subcontractor and obtaining prior written approval by the State of any subcontractor and associated employees shall be a continuing obligation. The State further reserves the right to revoke approval of a subcontractor or an employee thereof in instances of poor performance, misconduct or for other similar reasons.

**13.4** All payments under the Contract shall be made directly to the Supplier, except as provided in subsection A above regarding the Supplier's assignment of payment. No payment shall be made to the Supplier for performance by unapproved or disapproved employees of the Supplier or a subcontractor.

**13.5** Rights and obligations of the State or a Customer under the terms of this Contract may be assigned or transferred, at no additional cost, to other Customer entities.

#### **14 Background Checks and Criminal History Investigations**

Prior to the commencement of any services, background checks and criminal history investigations of the Supplier's employees and subcontractors who will be providing services may be required and, if so, the required information shall be provided to the State in a timely manner. Supplier's access to facilities, data and information may be withheld prior to completion of background verification acceptable to the State. The costs of additional background checks beyond Supplier's normal hiring practices shall be the responsibility of the Customer unless such additional background checks are required solely because Supplier will not provide results of its otherwise acceptable normal background checks; in such an instance, Supplier shall pay for the additional background checks. Supplier will coordinate with the State and its employees to complete the necessary background checks and criminal history investigations. Should any employee or subcontractor of the Supplier who will be providing services under the Contract not be acceptable as a result of the background check or criminal history investigation, the Customer may require replacement of the employee or subcontractor in question and, if no suitable replacement is made within a reasonable time, terminate the purchase order or other payment mechanism associated with the project or services.

#### **15 Patents and Copyrights**

Without exception, a product or deliverable price shall include all royalties or costs owed by the Supplier to any third party arising from the use of a patent, intellectual property, copyright or other property right held by such third party. Should any third party threaten or make a claim that any portion of a product or service provided by Supplier under the Contract infringes that party's patent, intellectual property,

copyright or other property right, Supplier shall enable each affected Customer to legally continue to use, or modify for use, the portion of the product or service at issue or replace such potentially infringing product, or re-perform or redeliver in the case of a service, with at least a functional non-infringing equivalent. Supplier's duty under this section shall extend to include any other product or service rendered materially unusable as intended due to replacement or modification of the product or service at issue. If the Supplier determines that none of these alternatives are reasonably available, the State shall return such portion of the product or deliverable at issue to the Supplier, upon written request, in exchange for a refund of the price paid for such returned goods as well as a refund or reimbursement, if applicable, of the cost of any other product or deliverable rendered materially unusable as intended due to removal of the portion of product or deliverable at issue. Any remedy provided under this section is not an exclusive remedy and is not intended to operate as a waiver of legal or equitable remedies because of acceptance of relief provided by Supplier.

## **16 Indemnification**

### **16.1 Acts or Omissions**

- A.** Supplier shall defend and indemnify the Indemnified Parties, as applicable, for any and all liability, claims, damages, losses, costs, expenses, demands, suits and actions of third parties (including without limitation reasonable attorneys' fees and costs required to establish the right to indemnification) arising out of, or resulting from any action or claim for bodily injury, death, or property damage brought against any of the Indemnified parties to the extent arising from any negligent act or omission or willful misconduct of the Supplier or its agents, employees, or subcontractors in the execution or performance of the Contract.
- B.** To the extent Supplier is found liable for loss, damage, or destruction of any property of Customer due to negligence, misconduct, wrongful act, or omission on the part of the Supplier, its employees, agents, representatives, or subcontractors, the Supplier and Customer shall use best efforts to mutually negotiate an equitable settlement amount to repair or replace the property unless such loss, damage or destruction is of such a magnitude that repair or replacement is not a reasonable option. Such amount shall be invoiced to, and is payable by, Supplier sixty (60) calendar days after the date of Supplier's receipt of an invoice for the negotiated settlement amount.

### **16.2 Infringement**

Supplier shall indemnify the Indemnified Parties, as applicable, for all liability, claims, damages, losses, costs, expenses, demands, suits and actions of third parties (including without limitation reasonable attorneys' fees and costs required to establish the right to indemnification) arising from or in connection with Supplier's breach of its representations and warranties in the Contract or alleged infringement of any patent, intellectual property, copyright or other property right in connection with a product or service provided under the Contract. Supplier's duty under this section is reduced to the extent a claimed infringement results from: (a) a Customer's or user's content; (b) modifications by Customer or third party to a product delivered under the Contract or combinations of the product with any non-Supplier-provided services or products unless Supplier recommended or participated in such modification or combination; (c) use of a product or service by Customer in violation of the Contract unless done so at the direction of Supplier, or (d) a non-Supplier product that has not been provided to the State by, through or on behalf of Supplier as opposed to its combination with products Supplier provides to or develops for the State or a Customer as a system.

### **16.3 Notice and Cooperation**

In connection with indemnification obligations under the Contract, the parties agree to furnish prompt written notice to each other of any third-party claim. Any Customer affected by the claim will reasonably cooperate with Supplier and defense of the claim to the extent its interests are aligned with Supplier. Supplier shall use counsel reasonably experienced in the subject matter at issue and will not settle a claim without the written consent of the party being defended, which consent will not be unreasonably withheld or delayed, except that no consent will be required to settle a claim against Indemnified Parties that are not a State agency, where relief against the Indemnified Parties is limited to monetary damages that are paid by the defending party under indemnification provisions of the Contract.

### **16.4 Coordination of Defense**

In connection with indemnification obligations under the Contract, when a State agency is a named defendant in any filed or threatened lawsuit, the defense of the State agency shall be coordinated by the Attorney General of Oklahoma, or the Attorney General may authorize the Supplier to control the defense and any related settlement negotiations; provided, however, Supplier shall not agree to any settlement of claims against the State without obtaining advance written concurrence from the Attorney General. If the Attorney General does not authorize sole control of the defense and settlement negotiations to Supplier, Supplier shall have authorization to equally

participate in any proceeding related to the indemnity obligation under the Contract and shall remain responsible to indemnify the applicable Indemnified Parties.

#### **16.5 Limitation of Liability**

- A.** With respect to any claim or cause of action arising under or related to the Contract, neither the State nor any Customer shall be liable to Supplier for lost profits, lost sales or business expenditures, investments, or commitments in connection with any business, loss of any goodwill, or for any other indirect, incidental, punitive, special or consequential damages, even if advised of the possibility of such damages.
- B.** Notwithstanding anything to the contrary in the Contract, no provision shall limit damages, expenses, costs, actions, claims, and liabilities arising from or related to property damage, bodily injury or death caused by Supplier or its employees, agents or subcontractors; indemnity, security or confidentiality obligations under the Contract; the bad faith, negligence, intentional misconduct or other acts for which applicable law does not allow exemption from liability of Supplier or its employees, agents or subcontractors.
- C.** The limitation of liability and disclaimers set forth in the Contract will apply regardless of whether Customer has accepted a product or service. The parties agree that Supplier has set its fees and entered into the Contract in reliance on the disclaimers and limitations set forth herein, that the same reflect an allocation of risk between the parties and form an essential basis of the bargain between the parties. These limitations shall apply notwithstanding any failure of essential purpose of any limited remedy.

### **17 Termination for Funding Insufficiency**

- 17.1** Notwithstanding anything to the contrary in any Contract Document, the State may terminate the Contract in whole or in part if funds sufficient to pay obligations under the Contract are not appropriated or received from an intended third-party funding source. In the event of such insufficiency, Supplier will be provided at least fifteen (15) calendar days' written notice of termination. Any partial termination of the Contract under this section shall not be construed as a waiver of, and shall not affect, the rights and obligations of any party regarding portions of the Contract that are not terminated. The determination by the State of insufficient funding shall be accepted by, and shall be final and binding on, the Supplier.

- 17.2** Upon receipt of notice of a termination, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to the effective date of termination, the termination does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the Contract or for any damages or other amounts caused by or associated with such termination. Any amount paid to Supplier in the form of prepaid fees that are unused when the Contractor certain obligations are terminated shall be refunded.
- 17.3** The State's exercise of its right to terminate the Contract under this section shall not be considered a default or breach under the Contract or relieve the Supplier of any liability for claims arising under the Contract.

## **18 Termination for Cause**

- 18.1** Supplier may terminate the Contract if (i) it has provided the State with written notice of material breach and (ii) the State fails to cure such material breach within thirty (30) days of receipt of written notice. If there is more than one Customer, material breach by a Customer does not give rise to a claim of material breach as grounds for termination by Supplier of the Contract as a whole. The State may terminate the Contract in whole or in part if (i) it has provided Supplier with written notice of material breach, and (ii) Supplier fails to cure such material breach within thirty (30) days of receipt of written notice. Any partial termination of the Contract under this section shall not be construed as a waiver of, and shall not affect, the rights and obligations of any party regarding portions of the Contract that are not terminated.
- 18.2** The State may terminate the Contract in whole or in part immediately without a thirty (30) day written notice to Supplier if (i) Supplier fails to comply with confidentiality, privacy, security, environmental or safety requirements applicable to Supplier's performance or obligations under the Contract; (ii) Supplier's material breach is reasonably determined to be an impediment to the function of the State and detrimental to the State or to cause a condition precluding the thirty (30) day notice or (iii) when the State determines that an administrative error in connection with award of the Contract occurred prior to Contract performance.
- 18.3** Upon receipt of notice of a termination, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence

of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to the effective date of termination, the termination does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the Contract or for any damages or other amounts caused by or associated with such termination. Such termination is not an exclusive remedy but is in addition to any other rights and remedies provided for by law. Any amount paid to Supplier in the form of prepaid fees that are unused when the Contract or certain obligations are terminated shall be refunded. Termination of the Contract under this section, in whole or in part, shall not relieve the Supplier of liability for claims arising under the Contract.

- 18.4** The Supplier's repeated failure to provide an acceptable product or service; Supplier's unilateral revision of linked or supplemental terms that have a materially adverse impact on a Customer's rights or obligations under the Contract (except as required by a governmental authority); actual or anticipated failure of Supplier to perform its obligations under the Contract; Supplier's inability to pay its debts when due; assignment for the benefit of Supplier's creditors; or voluntary or involuntary appointment of a receiver or filing of bankruptcy of Supplier shall constitute a material breach of the Supplier's obligations, which may result in partial or whole termination of the Contract. This subsection is not intended as an exhaustive list of material breach conditions. Termination may also result from other instances of failure to adhere to the Contract provisions and for other reasons provided for by applicable law, rules or regulations; without limitation, OAC 260:115-9-9 is an example.

## **19 Termination for Convenience**

- 19.1** The State may terminate the Contract, in whole or in part, for convenience if it is determined that termination is in the State's best interest. In the event of a termination for convenience, Supplier will be provided at least thirty (30) days' written notice of termination. Any partial termination of the Contract shall not be construed as a waiver of, and shall not affect, the rights and obligations of any party regarding portions of the Contract that remain in effect.
- 19.2** Upon receipt of notice of such termination, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to the effective date of termination, the termination does not relieve an obligation to pay for the product or service but

there shall not be any liability for further payments ordinarily due under the Contract or for any damages or other amounts caused by or associated with such termination. Such termination shall not be an exclusive remedy but shall be in addition to any other rights and remedies provided for by law. Any amount paid to Supplier in the form of prepaid fees that are unused when the Contract or certain obligations are terminated shall be refunded. Termination of the Contract under this section, in whole or in part, shall not relieve the Supplier of liability for claims arising under the Contract.

## **20 Suspension of Supplier**

- 20.1** Supplier may be subject to Suspension without advance notice and may additionally be suspended from activities under the Contract if Supplier fails to comply with confidentiality, privacy, security, environmental or safety requirements applicable to Supplier's performance or obligations under the Contract.
- 20.2** Upon receipt of a notice pursuant to this section, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to receipt of notice by Supplier, the Suspension does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the Contract during a period of Suspension or suspended activity or for any damages or other amounts caused by or associated with such Suspension or suspended activity. A right exercised under this section shall not be an exclusive remedy but shall be in addition to any other rights and remedies provided for by law. Any amount paid to Supplier in the form of prepaid fees attributable to a period of Suspension or suspended activity shall be refunded.
- 20.3** Such Suspension may be removed, or suspended activity may resume, at the earlier of such time as a formal notice is issued that authorizes the resumption of performance under the Contract or at such time as a purchase order or other appropriate encumbrance document is issued. This subsection is not intended to operate as an affirmative statement that such resumption will occur.

## **21 Certification Regarding Debarment, Suspension, and Other Responsibility Matters**

The certification made by Supplier with respect to Debarment, Suspension, certain indictments, convictions, civil judgments and terminated public contracts is a material representation of fact upon which reliance was placed when entering into the Contract.

A determination that Supplier knowingly rendered an erroneous certification, in addition to other available remedies, may result in whole or partial termination of the Contract for Supplier's default. Additionally, Supplier shall promptly provide written notice to the State Purchasing Director if the certification becomes erroneous due to changed circumstances.

## **22 Certification Regarding State Employees Prohibition From Fulfilling Services**

Pursuant to 74 O.S. § 85.42, the Supplier certifies that no person involved in any manner in development of the Contract employed by the State shall be employed to fulfill any services provided under the Contract.

## **23 Force Majeure**

**23.1** Either party shall be temporarily excused from performance to the extent delayed as a result of unforeseen causes beyond its reasonable control including fire or other similar casualty, act of God, strike or labor dispute, war or other violence, or any law, order or requirement of any governmental agency or authority provided the party experiencing the force majeure event has prudently and promptly acted to take any and all steps within the party's control to ensure continued performance and to shorten duration of the event. If a party's performance of its obligations is materially hindered as a result of a force majeure event, such party shall promptly notify the other party of its best reasonable assessment of the nature and duration of the force majeure event and steps it is taking, and plans to take, to mitigate the effects of the force majeure event. The party shall use commercially reasonable best efforts to continue performance to the extent possible during such event and resume full performance as soon as reasonably practicable.

**23.2** Subject to the conditions set forth above, non-performance as a result of a force majeure event shall not be deemed a default. However, a purchase order or other payment mechanism may be terminated if Supplier cannot cause delivery of a product or service in a timely manner to meet the business needs of Customer. Supplier is not entitled to payment for products or services not received and, therefore, amounts payable to Supplier during the force majeure event shall be equitably adjusted downward.

**23.3** Notwithstanding the foregoing or any other provision in the Contract, (i) the following are not a force majeure event under the Contract: (a) shutdowns, disruptions or malfunctions in Supplier's system or any of Supplier's telecommunication or internet services other than as a result of general and widespread internet or telecommunications failures that are not limited to Supplier's systems or (b) the delay or failure of Supplier or subcontractor personnel to perform any obligation of Supplier hereunder unless such delay

or failure to perform is itself by reason of a force majeure event and (ii) no force majeure event modifies or excuses Supplier's obligations related to confidentiality, indemnification, data security or breach notification obligations set forth herein.

## **24 Security of Property and Personnel**

In connection with Supplier's performance under the Contract, Supplier may have access to Customer personnel, premises, data, records, equipment and other property. Supplier shall use commercially reasonable best efforts to preserve the safety and security of such personnel, premises, data, records, equipment, and other property of Customer. Supplier shall be responsible for damage to such property to the extent such damage is caused by its employees or subcontractors and shall be responsible for loss of Customer property in its possession, regardless of cause. If Supplier fails to comply with Customer's security requirements, Supplier is subject to immediate suspension of work as well as termination of the associated purchase order or other payment mechanism.

## **25 Notices**

All notices, approvals or requests allowed or required by the terms of any Contract Document shall be in writing, reference the Contract with specificity and deemed delivered upon receipt or upon refusal of the intended party to accept receipt of the notice. In addition to other notice requirements in the Contract and the designated Supplier contact provided in a successful Bid, notices shall be sent to the State at the physical address set forth below. Notice information may be updated in writing to the other party as necessary. Notwithstanding any other provision of the Contract, confidentiality, breach and termination-related notices shall not be delivered solely via e-mail.

### **If sent to the State:**

State Purchasing Director  
2401 N. Lincoln Blvd., Suite 116  
Oklahoma City, Oklahoma 73105

### **With a copy, which shall not constitute notice, to:**

Purchasing Division Deputy General Counsel  
2401 N. Lincoln Blvd., Suite 116  
Oklahoma City, Oklahoma 73105

## **26 Miscellaneous**

### **26.1 Choice of Law and Venue**

Any claim, dispute, or litigation relating to the Contract Documents, in the singular or in the aggregate, shall be governed by the laws of the State without regard to application of choice of law principles. Pursuant to 74 O.S. §85.14, where federal granted funds are involved, applicable federal laws, rules and regulations shall govern to the extent necessary to insure benefit of such federal funds to the State. Venue for any action, claim, dispute, or litigation relating in any way to the Contract Documents, shall be in Oklahoma County, Oklahoma.

## **26.2 No Guarantee of Products or Services Required**

The State shall not guarantee any minimum or maximum amount of Supplier products or services required under the Contract.

## **26.3 Employment Relationship**

The Contract does not create an employment relationship. Individuals providing products or performing services pursuant to the Contract are not employees of the State or Customer and, accordingly are not eligible for any rights or benefits whatsoever accruing to such employees.

## **26.4 Transition Services**

If transition services are needed at the time of Contract expiration or termination, Supplier shall provide such services on a month-to-month basis, at the contract rate or other mutually agreed rate. Supplier shall provide a proposed transition plan, upon request, and cooperate with any successor supplier and with establishing a mutually agreeable transition plan. Failure to cooperate may be documented as poor performance of Supplier.

## **26.5 Publicity**

The existence of the Contract or any Acquisition is in no way an endorsement of Supplier, the products or services and shall not be so construed by Supplier in any advertising or publicity materials. Supplier agrees to submit to the State all advertising, sales, promotion, and other publicity matters relating to the Contract wherein the name of the State or any Customer is mentioned or language used from which, in the State's judgment, an endorsement may be inferred or implied. Supplier further agrees not to publish or use such advertising, sales promotion, or publicity matter or release any informational pamphlets, notices, press releases, research reports, or similar public notices concerning the Contract or any Acquisition hereunder without obtaining the prior written approval of the State.

## **26.6 Open Records Act**

Supplier acknowledges that all State agencies and certain other Customers are subject to the Oklahoma Open Records Act set forth at 51 O.S. §24A-1 *et seq.* Supplier also acknowledges that compliance with the Oklahoma Open Records Act and all opinions of the Oklahoma Attorney General concerning the Act is required.

## **26.7 Failure to Enforce**

Failure by the State or a Customer at any time to enforce a provision of, or exercise a right under, the Contract shall not be construed as a waiver of any such provision. Such failure to enforce or exercise shall not affect the validity of any Contract Document, or any part thereof, or the right of the State or a Customer to enforce any provision of, or exercise any right under, the Contract at any time in accordance with its terms. Likewise, a waiver of a breach of any provision of a Contract Document shall not affect or waive a subsequent breach of the same provision or a breach of any other provision in the Contract.

## **26.8 Mutual Responsibilities**

- A.** No party to the Contract grants the other the right to use any trademarks, trade names, other designations in any promotion or publication without the express written consent by the other party.
- B.** The Contract is a non-exclusive contract and each party is free to enter into similar agreements with others.
- C.** The Customer and Supplier each grant the other only the licenses and rights specified in the Contract and all other rights and interests are expressly reserved.
- D.** The Customer and Supplier shall reasonably cooperate with each other and any Supplier to which the provision of a product and/or service under the Contract may be transitioned after termination or expiration of the Contract.
- E.** Except as otherwise set forth herein, where approval, acceptance, consent, or similar action by a party is required under the Contract, such action shall not be unreasonably delayed or withheld.

## **26.9 Invalid Term or Condition**

To the extent any term or condition in the Contract conflicts with a compulsory applicable State or United States law or regulation, such Contract term or

condition is void and unenforceable. By executing any Contract Document which contains a conflicting term or condition, no representation or warranty is made regarding the enforceability of such term or condition. Likewise, any applicable State or federal law or regulation which conflicts with the Contract or any non-conflicting applicable State or federal law or regulation is not waived.

#### **26.10 Severability**

If any provision of a Contract Document, or the application of any term or condition to any party or circumstances, is held invalid or unenforceable for any reason, the remaining provisions shall continue to be valid and enforceable and the application of such provision to other parties or circumstances shall remain valid and in full force and effect. If a court finds that any provision of this contract is invalid or unenforceable, but that by limiting such provision it would become valid and enforceable, then such provision shall be deemed to be written, construed, and enforced as so limited.

#### **26.11 Section Headings**

The headings used in any Contract Document are for convenience only and do not constitute terms of the Contract.

#### **26.12 Sovereign Immunity**

Notwithstanding any provision in the Contract, the Contract is entered into subject to the State's Constitution, statutes, common law, regulations, and the doctrine of sovereign immunity, none of which are waived by the State nor any other right or defense available to the State.

#### **26.13 Survival**

As applicable, performance under all license, subscription, service agreements, statements of work, transition plans and other similar Contract Documents entered into between the parties under the terms of the Contract shall survive Contract expiration. Additionally, rights and obligations under the Contract which by their nature should survive including, without limitation, certain payment obligations invoiced prior to expiration or termination; confidentiality obligations; security incident and data breach obligations and indemnification obligations, remain in effect after expiration or termination of the Contract.

#### **26.14 Entire Agreement**

The Contract Documents taken together as a whole constitute the entire agreement between the parties. No statement, promise, condition,

understanding, inducement or representation, oral or written, expressed or implied, which is not contained in a Contract Document shall be binding or valid. The Supplier's representations and certifications, including any completed electronically, are incorporated by reference into the Contract.

#### **26.15 Gratuities**

The Contract may be immediately terminated, in whole or in part, by written notice if it is determined that the Supplier, its employee, agent, or another representative violated any federal, State or local law, rule or ordinance by offering or giving a gratuity to any State employee directly involved in the Contract. In addition, Suspension or Debarment of the Supplier may result from such a violation.

#### **26.16 Import/Export Controls**

Neither party will use, distribute, transfer or transmit any equipment, services, software or technical information provided under the Contract (even if incorporated into other products) except in compliance with all applicable import and export laws, conventions and regulations.

### **OKLAHOMA STATEWIDE CONTRACT TERMS**

#### **1. Statewide Contract Type**

- 1.1** The Contract is a mandatory statewide contract for use by State agencies. Additionally, the Contract may be used by any governmental entity specified as a political subdivision of the State pursuant to the Governmental Tort Claims Act including any associated institution, instrumentality, board, commission, committee, department or other entity designated to act on behalf of the political subdivision; a state, county or local governmental entity in its state of origin; and entities authorized to utilize contracts by the State via a multistate or multigovernmental contract.
- 1.2** The Contract is a firm, fixed price contract for indefinite delivery and quantity for the Acquisitions available under the Contract.

#### **2. Orders and Addendums**

- 2.1** Unless mutually agreed in writing otherwise, orders shall be placed directly with the Supplier by issuance of written purchase orders or by Purchase Card by state agencies and other authorized entities. All orders are subject to the Contract terms and any order dated prior to Contract expiration shall be performed. Delivery to multiple destinations may be required.
- 2.2** Any ordering document shall be effective between Supplier and the Customer only and shall not be an Addendum to the Contract in its entirety or apply to any Acquisition by another Customer.
- 2.3** Additional terms added to a Contract Document by a Customer shall be effective if the additional terms do not conflict with the General Terms and are acceptable to Supplier. However, an Addendum to the Contract shall be signed by the State Purchasing Director or designee. Regarding information technology and telecommunications contracts, pursuant to 62 O.S., §34.11.1, the Chief Information Officer acts as the Information Technology and Telecommunications Purchasing Director.

### **3. Termination for Funding Insufficiency**

In addition to Contract terms relating to termination due to insufficient funding, a Customer may terminate any purchase order or other payment mechanism if funds sufficient to pay obligations under the Contract are not appropriated or received from an intended third-party funding source. The determination by the Customer of insufficient funding shall be accepted by, and shall be final and binding on, the Supplier.

### **4. Termination for Cause**

In addition to Contract terms relating to termination for cause, a customer may terminate its obligations, in whole or in part, to Supplier if it has provided Supplier with written notice of material breach and Supplier fails to cure such material breach within thirty (30) days of receipt of written notice. The Customer may also terminate a purchase order or other payment mechanism or Supplier's activities under the Contract immediately without a thirty (30) day written notice to Supplier, if Supplier fails to comply with confidentiality, privacy, security, environmental or safety requirements if such non-compliance relates or may relate to Supplier provision of products or services to the Customer or if Supplier's material breach is reasonably determined (i) to be an impediment to the function of the Customer and detrimental to the Customer, or (ii) when conditions preclude the thirty (30) day notice.

### **5. Termination for Convenience**

In addition to any termination for convenience provisions in the Contract, a Customer may terminate a purchase order or other payment mechanism for convenience if it is determined that termination is in the Customer's best interest. Supplier will be provided at least thirty (30) days' written notice of termination.

### **6. Contract Management Fee and Usage Report**

**6.1** Pursuant to 74 O.S. § 85.33A, the State assesses a contract management fee on all transactions under a statewide contract. The payment of such fee will be calculated for all transactions, net of returns and the Supplier has no right of setoff against such fee regardless of the payment status of any Customer or any aggregate accounts receivable percentage. Supplier acknowledges and agrees that all prices quoted under any statewide contract shall include the contract management fee and the contract

management fee shall not be reflected as a separate line item in Supplier's billing. The State reserves the right to change this fee upward or downward upon sixty (60) calendar days' written notice to Supplier without further requirement for an Addendum.

**6.2** While Supplier is the awardee of a statewide contract, transactions that occur under the terms of the statewide contract are subject to a one percent (1%) contract management fee to be paid by Supplier. Supplier shall submit a Contract Usage Report on a quarterly basis for each contract using a form provided by the State and such report shall include applicable information for each transaction. Reports shall include usage of the statewide contract by every Customer during the applicable quarter. A singular report provided late will not be considered a breach of the statewide contract; provided, however, repeated failure to submit accurate quarterly usage reports and submit timely payments may result in suspension or termination, in whole or in part, of the Contract.

**6.3** All Contract Usage Reports shall meet the following criteria:

- i.** Electronic submission in Microsoft Excel format to [strategic.sourcing@omes.ok.gov](mailto:strategic.sourcing@omes.ok.gov);
- ii.** Quarterly submission regardless of whether there were transactions under the Contract during the applicable quarterly reporting period;
- iii.** Submission no later than forty-five (45) days following the end of each calendar quarter;
- iv.** Contract quarterly reporting periods shall be as follows:
  - a.** January 01 through March 31;
  - b.** April 01 through June 30;
  - c.** July 01 through September 30; and
  - d.** October 01 through December 31.
- v.** Reports must include the following information:

- a. Procuring entity;
- b. Order date;
- c. Purchase Order number or note that the transaction was paid by Purchase Card;
- d. City in which products or services were received or specific office or subdivision title;
- e. Product manufacturer or type of service;
- f. Manufacturer item number, if applicable;
- g. Product description;
- h. General product category, if applicable;
- i. Quantity;
- j. Unit list price or MSRP, as applicable;
- k. Unit price charged to the purchasing entity; and
- l. Other Contract usage information requested by the State.

**6.4** Payment of the contract management fee shall be delivered to the following address within forty-five (45) calendar days after the end of each quarterly reporting period:

State of Oklahoma  
Office of Management and Enterprise Services, Central Purchasing  
2401 North Lincoln Boulevard, Suite 118  
Oklahoma City, Oklahoma 73105

To ensure payment is properly accounted for, Supplier shall provide the following information with payment: (i) reference to the applicable Contract Usage Report and quarterly reporting period and (ii) the applicable statewide contract number(s) and the amount of the contract management fee being paid for each contract number.

### STATE OF OKLAHOMA INFORMATION TECHNOLOGY TERMS

The parties further agree to the following terms (“Information Technology Terms”), as applicable, for any Acquisition of products or services with an information technology or telecommunication component. Pursuant to the Oklahoma Information Technology Consolidation and Coordination Act, OMES-Information Services (“OMES-IS”) is designated to purchase information technology and telecommunication products and services on behalf of the State. The Act directs OMES-IS to acquire necessary hardware, software and services and to authorize the use by other State agencies. OMES, as the owner of information technology and telecommunication assets and contracts on behalf of the State, allows other State agencies to use the assets while retaining ownership and the right to reassign the assets, at no additional cost, upon written notification to Supplier. OMES-IS is the data custodian for State agency data; however, such data is owned by the respective State agency.

#### 1 Definitions

- 1.1 **COTS** means software that is commercial off the shelf.
- 1.2 **Customer Data** means all data supplied by or on behalf of a Customer in connection with the Contract, excluding any confidential information of Supplier.
- 1.3 **Data Breach** means the unauthorized access by an unauthorized person that results in the use, disclosure or theft of Customer Data.
- 1.4 **Host** includes the terms **Hosted** or **Hosting** and means the accessing, processing or storing of Customer Data.
- 1.5 **Intellectual Property Rights** means the worldwide legal rights or interests evidenced by or embodied in any idea, design, concept, personality right, method, process, technique, apparatus, invention, discovery or improvement including any patents, trade secrets and know-how; any work of authorship including any copyrights, Moral Rights or neighboring rights; any trademark, service mark, trade dress, trade name or other indicia of source or origin; domain name registrations; and any other proprietary or similar rights. Intellectual Property Rights of a party also includes all worldwide legal rights or interests that the party may have acquired by assignment or license with the right to grant sublicenses.
- 1.6 **Moral Rights** means any and all rights of paternity or integrity of the Work Product and the right to object to any modification, translation or use of the Work Product and any similar rights existing under the judicial or statutory law of any country in the world or under any treaty, regardless of whether or not such right is denominated or referred to as a moral right.
- 1.7 **Non-Public Data** means Customer Data, other than Personal Data, that is not subject to distribution to the public as public information. It is deemed to be sensitive and confidential

by Customer because it contains information that is exempt by statute, ordinance or administrative rule from access by the general public as public information. Non-Public Data includes any data deemed confidential pursuant to the Contract, otherwise identified by Customer as Non-Public Data, or that a reasonable person would deem confidential.

- 1.8 Personal Data** means Customer Data that contains 1) any combination of an individual's name, social security numbers, driver's license, state/federal identification number, account number, credit or debit card number and/or 2) data subject to protection under a federal, state or local law, rule, regulation or ordinance.
- 1.9 Security Incident** means the attempted or successful unauthorized access, use, disclosure, modification, or destruction of information or interference with the Hosted environment used to perform the services.
- 1.10 State CIO** means the State Chief Information Officer or authorized designee.
- 1.11 Supplier Intellectual Property** means all tangible or intangible items or things, including the Intellectual Property Rights therein, created or developed by Supplier and identified in writing as such (a) prior to providing any services or Work Product to Customer and prior to receiving any documents, materials, information or funding from or on behalf of a Customer relating to the services or Work Product, or (b) after the effective date of the Contract if such tangible or intangible items or things were independently developed by Supplier outside Supplier's provision of services or Work Product for Customer under the Contract and were not created, prepared, developed, invented or conceived by any Customer personnel who then became personnel to Supplier or any of its affiliates or subcontractors, where, although creation or reduction-to-practice is completed while the person is affiliated with Supplier or its personnel, any portion of same was created, invented or conceived by such person while affiliated with Customer.
- 1.12 Third Party Intellectual Property** means the Intellectual Property Rights of any third party that is not a party to the Contract, and that is not directly or indirectly providing any goods or services to a Customer under the Contract.
- 1.13 Work Product** means any and all deliverables produced by Supplier for Customer under a statement of work issued pursuant to the Contract, including any and all tangible or intangible items or things that have been or will be prepared, created, developed, invented or conceived at any time following the effective date of the Contract, including but not limited to any (i) works of authorship (such as manuals, instructions, printed material, graphics, artwork, images, illustrations, photographs, computer programs, computer software, scripts, object code, source code or other programming code, HTML code, flow charts, notes, outlines, lists, compilations, manuscripts, writings, pictorial materials, schematics, formulae, processes, algorithms, data, information, multimedia files, text web pages or web sites, other written or machine readable expression of such works fixed in any tangible media, and all other copyrightable works), (i) trademarks, service marks, trade dress, trade names, logos, or other indicia of source or origin, (iii) ideas, designs, concepts,

personality rights, methods, processes, techniques, apparatuses, inventions, formulas, discoveries, or improvements, including any patents, trade secrets and know-how, (iv) domain names, (v) any copies, and similar or derivative works to any of the foregoing, (vi) all documentation and materials related to any of the foregoing, (vii) all other goods, services or deliverables to be provided to Customer under the Contract or statement of work, and (viii) all Intellectual Property Rights in any of the foregoing, and which are or were created, prepared, developed, invented or conceived for the use of benefit of Customer in connection with this Contract or a statement of work, or with funds appropriated by or for Customer or Customer's benefit: (a) by any Supplier personnel or Customer personnel, or (b) any Customer personnel who then became personnel to Supplier or any of its affiliates or subcontractors, where, although creation or reduction-to-practice is completed while the person is affiliated with Supplier or its personnel, any portion of same was created, invented or conceived by such person while affiliated with Customer.

## **2 Termination of Maintenance and Support Services**

Customer may terminate maintenance or support services without an adjustment charge, provided any of the following circumstances occur:

- 2.1** Customer removes the product for which the services are provided, from productive use or;
- 2.2** The location at which the services are provided is no longer controlled by Customer (for example, because of statutory or regulatory changes or the sale or closing of a facility).

If Customer chooses to renew maintenance or support after maintenance has lapsed, Customer may choose to pay the additional fee, if any, associated with renewing a license after such maintenance or support has lapsed, or to purchase a new license. Any amount paid to Supplier in the form of prepaid fees that are unused when services under the Contract or purchase order are terminated shall be refunded to Customer.

## **3 Compliance and Electronic and Information Technology Accessibility**

State procurement of information technology is subject to certain federal and State laws, rules and regulations related to information technology accessibility, including but not limited to Oklahoma Information Technology Accessibility Standards ("Standards") set forth at <https://omes.ok.gov/services/information-services/accessibility-standards>. Supplier shall provide a Voluntary Product Accessibility Template ("VPAT") describing accessibility compliance via a URL linking to the VPAT and shall update the VPAT as necessary in order to allow a Customer to obtain current VPAT information as required by State law. If products require development or customization, additional requirements and documentation may be required and compliance shall be necessary by Supplier. Such requirements may be stated in appropriate documents including but not limited to a statement of work, riders, agreement, purchase order or Addendum.

All representations contained in the VPAT provided will be relied upon by the State or a Customer, as applicable, for accessibility compliance purposes.

#### **4 Media Ownership (Disk Drive and/or Memory Chip Ownership)**

- 4.1** Any disk drives and memory cards purchased with or included for use in leased or purchased products under the Contract remain the property of the Customer.
- 4.2** Personal information may be retained within electronic media devices and components; therefore, electronic media shall not be released either between Customers or for the resale, of refurbished equipment that has been in use by a Customer, by the Supplier to the general public or other entities. This provision applies to replacement devices and components, whether purchased or leased, supplied by Supplier, its agents or subcontractors during the downtime (repair) of products purchased or leased through the Contract. If a device is removed from a location for repairs, the Customer shall have sole discretion, prior to removal, to determine and implement sufficient safeguards (such as a record of hard drive serial numbers) to protect personal information that may be stored within the hard drive or memory of the device.

#### **5 Offshore Services**

No offshore services are provided for under the Contract. State data shall not be used or accessed internationally for troubleshooting or any other use not specifically provided for herein without the prior written permission, which may be withheld in the State's sole discretion, from the appropriate authorized representative of the State. Notwithstanding the above, back office administrative functions of the Supplier may be located offshore and the follow-the-sun support model may be used by the Supplier to the extent allowed by law applicable to any Customer data being accessed or used.

#### **6 Compliance with Technology Policies**

- 6.1** The Supplier agrees to adhere to the State of Oklahoma "Information Security Policy, Procedures, and Guidelines" available at [https://omes.ok.gov/s/g/files/gmc316/f/InfoSecPPG\\_0.pdf](https://omes.ok.gov/s/g/files/gmc316/f/InfoSecPPG_0.pdf).

Supplier's employees and subcontractors shall adhere to the applicable State IT Standard Methodologies and Templates including but not limited to Project Management, Business Analysis, System Analysis, Enterprise and IT Architecture, Quality, Application and Security Methodologies and Templates as set forth at <http://eclipse.omes.ok.gov>.

- 6.2** Supplier shall comply with applicable Federal Information Processing Standards including, without limitation, FIPS 200, FIPS 140-2 or successor standards and all recommendations from the National Institute of Standards and Technology. The confidentiality of Customer Data shall be protected and maintained in accordance with these standards as well as other applicable Customer standards.

**6.3** Supplier shall comply with the CJIS Security Policy as more particularly described at Appendix 2 attached hereto and incorporated herein.

## **7 Emerging Technologies**

The State of Oklahoma reserves the right to enter into an Addendum to the Contract at any time to allow for emerging technologies not identified elsewhere in the Contract Documents if there are repeated requests for such emerging technology or the State determines it is warranted to add such technology.

## **8 Extension Right**

In addition to extension rights of the State set forth in the Contract, the State CIO reserves the right to extend any Contract if the State CIO determines such extension to be in the best interest of the State.

## **9 Source Code Escrow**

Pursuant to 62 O.S. § 34.31, if customized computer software is developed or modified exclusively for a State agency, the Supplier has a continuing obligation to comply with such law and place the source code for such software and any modifications thereto into escrow with an independent third party escrow agent. Supplier shall pay all fees charged by the escrow agent and enter into an escrow agreement, the terms of which are subject to the prior written approval of the State, including terms that provide the State receives ownership of all escrowed source code upon the occurrence of any of the following:

- 9.1** A bona fide material default of the obligations of the Supplier under the agreement with the applicable Customer;
- 9.2** An assignment by the Supplier for the benefit of its creditors;
- 9.3** A failure by the Supplier to pay, or an admission by the Supplier of its inability to pay, its debts as they mature;
- 9.4** The filing of a petition in bankruptcy by or against the Supplier when such petition is not dismissed within sixty (60) days of the filing date;
- 9.5** The appointment of a receiver, liquidator or trustee appointed for any substantial part of the Supplier's property;
- 9.6** The inability or unwillingness of the Supplier to provide the maintenance and support services in accordance with the agreement with the agency;
- 9.7** Supplier's ceasing of maintenance and support of the software; or
- 9.8** Such other condition as may be statutorily imposed by the future amendment or enactment of applicable Oklahoma law.

## **10 Commercial Off The Shelf Software**

If Supplier specifies terms and conditions or clauses in an electronic license, subscription, maintenance, support or similar agreement that conflict with the terms of this Contract, the additional terms and conditions or conflicting clauses shall not be binding on the State and the provisions of this Contract shall prevail.

## **11 Ownership Rights**

Any software developed by the Supplier under the terms of the Contract is for the sole and exclusive use of the State including but not limited to the right to use, reproduce, re-use, alter, modify, edit, or change the software as it sees fit and for any purpose. Moreover, except with regard to any deliverable based on Supplier Intellectual Property, the State shall be deemed the sole and exclusive owner of all right, title, and interest therein, including but not limited to all source data, information and materials furnished to the State, together with all plans, system analysis, and design specifications and drawings, completed programs and documentation thereof, reports and listing, all data and test procedures and all other items pertaining to the work and services to be performed pursuant to this Contract including all copyright and proprietary rights relating thereto. With respect to Supplier Intellectual Property, the Supplier grants the State, for no additional consideration, a perpetual, irrevocable, royalty-free license, solely for the internal business use of the State, to use, copy, modify, display, perform, transmit and prepare derivative works of Supplier Intellectual Property embodied in or delivered to the State in conjunction with the products.

Except for any Supplier Intellectual Property, all work performed by the Supplier of developing, modifying or customizing software and any related supporting documentation shall be considered as Work for Hire (as defined under the U.S. copyright laws) and, as such, shall be owned by and for the benefit of State.

In the event that it should be determined that any portion of such software or related supporting documentation does not qualify as “Work for Hire”, Supplier hereby irrevocably grants to the State, for no additional consideration, a non-exclusive, irrevocable, royalty-free license to use, copy, modify, display, perform, transmit and prepare derivative works of any such software and any Supplier Intellectual Property embodied in or delivered to the State in conjunction with the products.

Supplier shall assist the State and its agents, upon request, in preparing U.S. and foreign copyright, trademark, and/or patent applications covering software developed, modified or customized for the State. Supplier shall sign any such applications, upon request, and deliver them to the State. The State shall bear all expenses that incurred in connection with such copyright, trademark, and/or patent applications.

If any Acquisition pursuant to this Contract is funded wholly or in part with federal funds, the source code and all associated software and related documentation owned by the State may be

shared with other publicly funded agencies at the discretion of the State without permission from or additional compensation to the Supplier.

## **12 Intellectual Property Ownership**

The following terms apply to ownership and rights related to Intellectual Property:

**12.1** As between Supplier and Customer, the Work Product and Intellectual Property Rights therein are and shall be owned exclusively by Customer, and not Supplier. Supplier specifically agrees that the Work Product shall be considered “works made for hire” and that the Work Product shall, upon creation, be owned exclusively by Customer. To the extent that the Work Product, under applicable law, may not be considered works made for hire, Supplier hereby agrees that all right, title and interest in and to all ownership rights and all Intellectual Property Rights in the Work Product is hereby effectively transferred, granted, conveyed, assigned and relinquished exclusively to Customer, without the necessity of any further consideration, and Customer shall be entitled to obtain and hold in its own name all Intellectual Property Rights in and to the Work Product. Supplier acknowledges that Supplier and Customer do not intend Supplier to be a joint author of the Work Product within the meaning of the Copyright Act of 1976. Customer shall have access, during normal business hours (Monday through Friday, 8:00 a.m. to 5:00 p.m.) and upon reasonable prior notice to Supplier, to all Supplier materials, premises and computer files containing the Work Product. Supplier and Customer, as appropriate, will cooperate with one another and execute such other documents as may be reasonably appropriate to achieve the objectives herein. No license or other right is granted under the Contract to any Third Party Intellectual Property, except as may be incorporated in the Work Product by Supplier.

**12.2** Supplier, upon request and without further consideration, shall perform any acts that may be deemed reasonably necessary or desirable by Customer to evidence more fully the transfer of ownership and/or registration of all Intellectual Property Rights in all Work Product to Customer to the fullest extent possible including, but not limited to, the execution, acknowledgement and delivery of such further documents in a form determined by Customer. In the event Customer shall be unable to obtain Supplier’s signature due to the dissolution of Supplier or Supplier’s failure to respond to Customer’s repeated requests for such signature on any document reasonably necessary for any purpose set forth in the foregoing sentence, Supplier hereby irrevocably designates and appoints Customer and its duly authorized officers and agents as Supplier’s agent and Supplier’s attorney-in-fact to act for and in Supplier’s behalf and stead to execute and file any such document and to do all other lawfully permitted acts to further any such purpose with the same force and effect as if executed and delivered by Supplier, provided however that no such grant of right to Customer is applicable if Supplier fails to execute any document due to a good faith dispute by Supplier with respect to such document. It is understood that such power is coupled with an interest and is therefore irrevocable. Customer shall have the full and sole power to prosecute such applications and to take all other action concerning the Work Product, and Supplier shall cooperate, at Customer’s sole expense, in the preparation and

prosecution of all such applications and in any legal actions and proceedings concerning the Work Product.

- 12.3** Supplier hereby irrevocably and forever waives, and agrees never to assert, any Moral Rights in or to the Work Product which Supplier may now have or which may accrue to Supplier's benefit under U.S. or foreign copyright or other laws and any and all other residual rights and benefits which arise under any other applicable law now in force or hereafter enacted. Supplier acknowledges the receipt of equitable compensation for its assignment and waiver of such Moral Rights.
- 12.4** All documents, information and materials forwarded to Supplier by Customer for use in and preparation of the Work Product shall be deemed the confidential information of Customer, subject to the license granted by Customer to Supplier hereunder. Supplier shall not otherwise use, disclose, or permit any third party to use or obtain the Work Product, or any portion thereof, in any manner without the prior written approval of Customer.
- 12.5** These provisions are intended to protect Customer's proprietary rights pertaining to the Work Product and the Intellectual Property Rights therein and any misuse of such rights would cause substantial and irreparable harm to Customer's business. Therefore, Supplier acknowledges and stipulates that a court of competent jurisdiction may immediately enjoin a material breach of the Supplier's obligations with respect to confidentiality provisions of the Contract and the Work Product and a Customer's Intellectual Property Rights, upon a request by Customer, without requiring proof of irreparable injury, as same is presumed.
- 12.6** Upon the request of Customer, but in any event upon termination or expiration of this Contract or a statement of work, Supplier shall surrender to Customer all documents and things pertaining to the Work Product, generated or developed by Supplier or furnished by Customer to Supplier, including all materials embodying the Work Product, any Customer confidential information and Intellectual Property Rights in such Work Product, regardless of whether complete or incomplete. This section is intended to apply to all Work Product as well as to all documents and things furnished to Supplier by Customer or by anyone else that pertains to the Work Product.
- 12.7** Customer hereby grants to Supplier a non-transferable, non-exclusive, royalty-free, fully paid license to use any Work Product solely as necessary to provide services to Customer. Except as provided in this section, neither Supplier nor any subcontractor shall have the right to use the Work Product in connection with the provision of services to its other customers without the prior written consent of Customer, which consent may be withheld in Customer's sole discretion.
- 12.8** To the extent that any Third Party Intellectual Property is embodied or reflected in the Work Product or is necessary to provide services, Supplier shall obtain from the applicable third party for the Customer's benefit, an irrevocable, perpetual, non-exclusive, worldwide, royalty-free license, solely for Customer's internal business purposes; likewise, with respect to any Supplier Intellectual Property embodied or reflected in the Work Product or

necessary to provide services, Supplier grants to Customer an irrevocable, perpetual, non-exclusive, worldwide, royalty-free license, solely for the Customer's internal business purposes. Each such license shall allow the applicable Customer to (i) use, copy, modify, display, perform (by any means), transmit and prepare derivative works of any Third Party Intellectual Property or Supplier Intellectual Property embodied in or delivered to Customer in conjunction with the Work Product and (ii) authorize others to do any or all of the foregoing. Supplier agrees to notify Customer on delivery of the Work Product or services if such materials include any Third Party Intellectual Property. The foregoing license includes the right to sublicense third parties, solely for the purpose of engaging such third parties to assist or carry out Customer's internal business use of the Work Product. Except for the preceding license, all rights in Supplier Intellectual Property remain in Supplier. On request, Supplier shall provide Customer with documentation indicating a third party's written approval for Supplier to use any Third Party Intellectual Property that may be embodied or reflected in the Work Product.

- 12.9** Supplier agrees that it shall have written agreement(s) that are consistent with the provisions hereof related to Work Product and Intellectual Property Rights with any employees, agents, consultants, contractors or subcontractors providing services or Work Product pursuant to the Contract, prior to the provision of such services or Work Product and that it shall maintain such written agreements at all times during performance of this Contract which are sufficient to support all performance and grants of rights by Supplier. Copies of such agreements shall be provided to the Customer promptly upon request.
- 12.10** To the extent not inconsistent with Customer's rights in the Work Product or other provisions, nothing in this Contract shall preclude Supplier from developing for itself, or for others, materials which are competitive with those produced as a result of the services provided under the Contract, provided that no Work Product is utilized, and no Intellectual Property Rights of Customer therein are infringed by such competitive materials. To the extent that Supplier wishes to use the Work Product or acquire licensed rights in certain Intellectual Property Rights of Customer therein in order to offer competitive goods or services to third parties, Supplier and Customer agree to negotiate in good faith regarding an appropriate license and royalty agreement to allow for such.
- 12.11** If any Acquisition pursuant to the Contract is funded wholly or in part with federal funds, the source code and all associated software and related documentation and materials owned by a Customer may be shared with other publicly funded agencies at the discretion of such Customer without permission from or additional compensation to the Supplier.

## **13     Hosting Services**

- 13.1** If Supplier or its subcontractor, affiliate or any other person or entity providing products or services under the Contract Hosts Customer Data in connection with an Acquisition, the provisions of Appendix 1, attached hereto and incorporated herein, apply to such Acquisition.

**13.2** If the Hosting of Customer Data by Supplier or its subcontractor, affiliate or any other person or entity providing products or services under the Contract contributes to or directly causes a Data Breach, Supplier shall be responsible for the obligations set forth in Appendix 1 related to breach reporting requirements and associated costs. Likewise if such Hosting contributes to or directly causes a Security Incident, Supplier shall be responsible for the obligations set forth in Appendix 1, as applicable.

## **14 Change Management**

When a scheduled change is made to products or services provided to a Customer that impacts the Customer's system related to such product or service, Supplier shall provide two (2) weeks' prior written notice of such change. When the change is an emergency change, Supplier shall provide twenty-four (24) hours' prior written notice of the change. Repeated failure to provide such notice may be an evaluation factor (as indicative of Supplier's past performance) upon renewal or if future bids submitted by Supplier are evaluated by the State.

## **15 Service Level Deficiency**

In addition to other terms of the Contract, in instances of the Supplier's repeated failure to provide an acceptable level of service or meet service level agreement metrics, service credits shall be provided by Supplier and may be used as an offset to payment due.

## **16 Notices**

In addition to notice requirements under the terms of the Contract otherwise, the following individuals shall also be provided the request, approval or notice, as applicable:

Chief Information Officer  
3115 N. Lincoln Blvd  
Oklahoma City, OK 73105

**With a copy, which shall not constitute notice, to:**

Information Services Deputy Counsel  
3115 North Lincoln Boulevard  
Oklahoma City, Oklahoma 73105

## **Appendix 1 to State of Oklahoma Information Technology Terms**

The parties agree to the following provisions in connection with any Customer Data accessed, processed or stored by or on behalf of the Supplier and the obligations, representations and warranties set forth below shall continue as long as the Supplier has an obligation under the Contract

### **A. Customer Data**

1. Customer will be responsible for the accuracy and completeness of all Customer Data provided to Supplier by Customer. Customer shall retain exclusive ownership of all Customer Data. Non-Public Data and Personal Data shall be deemed to be Customer's confidential information. Supplier shall restrict access to Customer Data to their employees with a need to know (and advise such employees of the confidentiality and non-disclosure obligations assumed herein).
2. Supplier shall promptly notify the Customer upon receipt of any requests from unauthorized third parties which in any way might reasonably require access to Customer Data or Customer's use of the Hosted environment. Supplier shall notify the Customer by the fastest means available and also in writing pursuant to Contract notice provisions and the notice provision herein. Except to the extent required by law, Supplier shall not respond to subpoenas, service or process, Freedom of Information Act or other open records requests, and other legal request related to Customer without first notifying the Customer and obtaining the Customer's prior approval, which shall not be unreasonably withheld, of Supplier's proposed responses. Supplier agrees to provide its completed responses to the Customer with adequate time for Customer review, revision and approval.
3. Supplier will use commercially reasonable efforts to prevent the loss of or damage to Customer Data in its possession and will maintain commercially reasonable back-up procedures and copies to facilitate the reconstruction of any Customer Data that may be lost or damaged by Supplier. Supplier will promptly notify Customer of any loss, damage to, or unauthorized access of Customer Data. Supplier will use commercially reasonable efforts to reconstruct any Customer Data that has been lost or damaged by Supplier as a result of its negligence or willful misconduct. If Customer Data is lost or damaged for reasons other than as a result of Supplier's negligence or willful misconduct, Supplier, at the Customer's expense, will, at the request of the State, use commercially reasonable efforts to reconstruct any Customer Data lost or damaged.

### **B. Data Security**

1. Supplier will use commercially reasonable efforts, consistent with industry standards, to provide security for the Hosted environment and Customer Data and to protect against both unauthorized access to the Hosting environment, and unauthorized communications between the Hosting environment and the Customer's browser. Supplier shall implement and maintain appropriate administrative, technical and organizational security measures to safeguard against unauthorized access, disclosure or theft of Personal Data and Non-Public

Data. Such security measures shall be in accordance with recognized industry practice and not less stringent than the measures the service provider applies to its own personal data and non-public data of similar kind.

2. All Personal Data and Non-public Data shall be encrypted at rest and in transit with controlled access. Unless otherwise stipulated, the service provider is responsible for encryption of Personal Data.
3. Supplier represents and warrants to the Customer that the Hosting equipment and environment will be routinely checked with a commercially available, industry standard software application with up-to-date virus definitions. Supplier will regularly update the virus definitions to ensure that the definitions are as up-to-date as is commercially reasonable. Supplier will promptly purge all viruses discovered during virus checks. If there is a reasonable basis to believe that a virus may have been transmitted to Customer by Supplier, Supplier will promptly notify Customer of such possibility in a writing that states the nature of the virus, the date on which transmission may have occurred, and the means Supplier has used to remediate the virus. Should the virus propagate to Customer's IT infrastructure, Supplier is responsible for costs incurred by Customer for Customer to remediate the virus.
4. Supplier shall provide its services to Customer and its users solely from data centers in the U.S. Storage of Customer Data at rest shall be located solely in data centers in the U.S. Supplier shall not allow its personnel or contractors to store Customer Data on portable devices, including personal computers, except for devices that are used and kept only at its U.S. data centers. Supplier shall permit its personnel and contractors to access Customer Data remotely only as required to fulfill Supplier's obligations under the Contract.
5. Supplier shall allow the Customer to audit conformance to the Contract terms. The Customer may perform this audit or contract with a third party at its discretion and at Customer's expense.
6. Supplier shall perform an independent audit of its data centers at least annually at its expense and provide a redacted version of the audit report upon request. Supplier may remove its proprietary information from the redacted version. A Service Organization Control (SOC) 2 audit report or approved equivalent sets the minimum level of a third-party audit.
7. Any remedies provided in this Appendix are not exclusive and are in addition to other rights and remedies available under the terms of the Contract, at law or in equity.

#### **C. Security Assessment**

1. The State requires any entity or third-party Supplier Hosting Oklahoma Customer Data to submit to a State Certification and Accreditation Review process to assess initial security risk. Supplier submitted to the review and met the State's minimum security standards at time the Contract was executed. Failure to maintain the State's minimum security standards

during the term of the contract, including renewals, constitutes a material breach. Upon request, the Supplier shall provide updated data security information in connection with a potential renewal. If information provided in the security risk assessment changes, Supplier shall promptly notify the State and include in such notification the updated information; provided, however, Supplier shall make no change that results in lessened data protection or increased data security risk. Failure to provide the notice required by this section or maintain the level of security required in the Contract constitutes a material breach by Supplier and may result in a whole or partial termination of the Contract.

2. Any Hosting entity change must be approved in writing prior to such change. To the extent Supplier requests a different sub-contractor than the third-party Hosting Supplier already approved by the State, the different sub-contractor is subject to the State's approval. Supplier agrees not to migrate State's data or otherwise utilize the different third-party Hosting Supplier in connection with key business functions that are Supplier's obligations under the contract until the State approves the third-party Hosting Supplier's State Certification and Accreditation Review, which approval shall not be unreasonably withheld or delayed. In the event the third-party Hosting Supplier does not meet the State's requirements under the State Certification and Accreditation Review, Supplier acknowledges and agrees it will not utilize the third-party Supplier in connection with key business functions that are Supplier's obligations under the contract, until such third party meets such requirements.

**D. Security Incident or Data Breach Notification:** Supplier shall inform Customer of any Security Incident or Data Breach.

1. Supplier may need to communicate with outside parties regarding a Security Incident, which may include contacting law enforcement, fielding media inquiries and seeking external expertise as mutually agreed upon, defined by law or contained in the Contract. If a Security Incident involves Customer Data, Supplier will coordinate with Customer prior to any such communication.
2. Supplier shall report a Security Incident to the Customer identified contact set forth herein within five (5) days of discovery of the Security Incident or within a shorter notice period required by applicable law or regulation (i.e. HIPAA requires notice to be provided within 24 hours).
3. Supplier shall:
  - a. Maintain processes and procedures to identify, respond to and analyze Security Incidents;
  - b. Make summary information regarding such procedures available to Customer at Customer's request;
  - c. Mitigate, to the extent practicable, harmful effects of Security Incidents that are known to Supplier; and

d. Document all Security Incidents and their outcomes.

4. If Supplier has reasonable belief or actual knowledge of a Data Breach, Supplier shall (1) promptly notify the appropriate Customer identified contact set forth herein within 24 hours or sooner, unless shorter time is required by applicable law, and (2) take commercially reasonable measures to address the Data Breach in a timely manner.

E. **Breach Responsibilities:** This section only applies when a Data Breach occurs with respect to Personal Data or Non-Public Data within the possession or control of Supplier.

1. Supplier shall (1) cooperate with Customer as reasonably requested by Customer to investigate and resolve the Data Breach, (2) promptly implement necessary remedial measures, if necessary, and (3) document responsive actions taken related to the Data Breach, including any post-incident review of events and actions taken to make changes in business practices in providing the services, if necessary.
2. Unless otherwise stipulated, if a Data Breach is a direct result of Supplier's breach of its obligation to encrypt Personal Data and Non-Public Data or otherwise prevent its release, Supplier shall bear the costs associated with (1) the investigation and resolution of the Data Breach; (2) notifications to individuals, regulators or others required by state law; (3) credit monitoring services required by state or federal law; (4) a website or toll-free numbers and call center for affected individuals required by state law – all not to exceed the agency per record per person cost calculated for data breaches in the United States on the most recent Cost of Data breach Study: Global Analysis published by the Ponemon Institute at the time of the data breach; and (5) complete all corrective actions as reasonably determined by Supplier based on root cause.
3. If a Data Breach is a direct result of Supplier's breach of its obligations to encrypt Personal Data and Non-Public Data or otherwise prevent its release, Supplier shall indemnify and hold harmless the Customer against all penalties assessed to Indemnified Parties by governmental authorities in connection with the Data Breach.

F. **Notices**

In addition to notice requirements under the terms of the Contract and those set forth above, a request, an approval or a notice in connection with this Appendix provided by Supplier shall be provided to:

Chief Information Security Officer

3115 N. Lincoln Blvd

Oklahoma City, OK 73105

and

servicedesk@omes.ok.gov.

## **G. Supplier Representations and Warranties**

Supplier represents and warrants the following:

1. The product and services provided in connection with Hosting services do not infringe a third party's patent or copyright or other intellectual property rights.
2. Supplier will protect Customer's Non-Public Data and Personal Data from unauthorized dissemination and use with the same degree of care that each such party uses to protect its own confidential information and, in any event, will use no less than a reasonable degree of care in protecting such confidential information.
3. The execution, delivery and performance of the Contract and any ancillary documents and the consummation of the transactions contemplated by the Contract or any ancillary documents by Supplier will not violate, conflict with, or result in a breach of any provision of, or constitute a default (or an event which, with notice or lapse of time or both, would constitute a default) under, or result in the termination of, any written contract or other instrument between Supplier and any third parties retained or utilized by Supplier to provide goods or services for the benefit of the Customer.
4. Supplier shall not knowingly upload, store, post, e-mail or otherwise transmit, distribute, publish or disseminate to or through the Hosting environment any material that contains software viruses, malware or other surreptitious code designed to interrupt, destroy or limit the functionality of any computer software or hardware or telecommunications equipment or circumvent any "copy-protected" devices, or any other harmful or disruptive program.

## **H. Indemnity**

Supplier agrees to defend, indemnify and hold the State, its officers, directors, employees, and agents harmless from all liabilities, claims, damages, losses, costs, expenses, demands, suits and actions (including without limitation reasonable attorneys' fees and costs required to establish the right to indemnification), excluding damages that are the sole fault of Customer, arising from or in connection with Supplier's breach of its express representations and warranties in these Information Technology Terms and the Contract. If a third party claims that any portion of the products or services provided by Supplier under the terms of another Contract Document or these Information Technology Terms infringes that party's patent or copyright, Supplier shall defend, indemnify and hold harmless the State and Customer against the claim at Supplier's expense and pay all related costs, damages, and attorney's fees incurred by or assessed to, the State and/or Customer. The State and/or Customer shall promptly notify Supplier of any third party claims and to the extent authorized by the Attorney General of the State, allow Supplier to control the defense and any related settlement negotiations. If the Attorney General of the State does not authorize sole control of the defense and settlement negotiations to Supplier, Supplier shall be granted authorization to equally participate in any proceeding related to this section but Supplier shall remain responsible to indemnify Customer and the State for all associated costs, damages and fees incurred by or assessed to the State and/or Customer. Should the software become, or in Supplier's

opinion, be likely to become the subject of a claim or an injunction preventing its use as contemplated in connection with Hosting services, Supplier may, at its option (i) procure for the State the right to continue using the software or (ii) replace or modify the software with a like or similar product so that it becomes non-infringing.

## **I. Termination, Expiration and Suspension of Service**

1. During any period of service suspension, Supplier shall not take any action to intentionally disclose, alter or erase any Customer Data.

2. In the event of a termination or expiration of the Contract, the parties further agree:

Supplier shall implement an orderly return of Customer Data in a format specified by the Customer and, as determined by the Customer:

a. return the Customer Data to Customer at no additional cost, at a time agreed to by the parties and the subsequent secure disposal of State Data;

b. transitioned to a different Supplier at a mutually agreed cost and in accordance with a mutually agreed data transition plan and the subsequent secure disposal of State Data or

c. a combination of the two immediately preceding options.

3. Supplier shall not take any action to intentionally erase any Customer Data for a period of:

a. 10 days after the effective date of termination, if the termination is in accordance with the contract period;

b. 30 days after the effective date of termination, if the termination is for convenience; or

c. 60 days after the effective date of termination, if the termination is for cause.

After such period, Supplier shall, unless legally prohibited or otherwise stipulated, delete all Customer Data in its systems or otherwise in its possession or under its control.

4. The State shall be entitled to any post termination or expiration assistance generally made available with respect to the services.

5. Disposal by Supplier of Customer Data in all of its forms, such as disk, CD/DVD, backup tape and paper, when requested by the Customer, shall be performed in a secure manner. Data shall be permanently deleted and shall not be recoverable, according to National Institute of Standards and Technology (NIST)-approved methods. Certificates of destruction shall be provided to Customer within thirty (30) calendar day of its request for disposal of data.

## Appendix 2 to State of Oklahoma Information Technology Terms

### INTRODUCTION

The use and maintenance of all items of software or equipment offered for purchase herein must be in compliance with the most current version of the U.S. Department of Justice, Federal Bureau of Investigation (“FBI”), Criminal Justice Information Services (CJIS) Division’s CJIS Security Policy (“CJIS Security Policy” or “Security Policy” herein).

The Entity or Affiliate acquiring the data or system is hereby ultimately responsible for compliance with the CJIS Security Policy and will be subject to an audit by the State of Oklahoma CJIS Systems Officer (“CSO”) and the FBI CJIS Division’s Audit Staff.

### CJIS SECURITY POLICY REQUIREMENTS GENERALLY

The CJIS Security Policy outlines a number of administrative, procedural, and technical controls agencies must have in place to protect Criminal Justice Information (“CJI”). Our experience is that agencies will generally have many of the administrative and procedural controls in place but will need to implement additional technical safeguards in order to be in complete compliance with the mandate. A Criminal Justice Agency (“CJA”) and certain other governmental agencies procuring technology equipment and services that could be used in hosting or connecting or transmitting or receiving CJI data may need to use the check list herein to make sure that the software, equipment, location, security, and persons having the ability to access CJI will meet the CJIS requirements per the then current CJIS Security Policy. A completed Appendix H to said Security Policy will need to be signed by Vendor or a 3<sup>rd</sup> party if it has access to CJI, such as incident to the maintenance or support of the purchased hardware or software within which resides CJI. **Per Appendix “A” to said Security Policy, “access to CJI is the physical or logical (electronic) ability, right or privilege to view, modify or make use of CJI.”**

### DIRECTIVE CONCERNING ACCESS TO CRIMINAL JUSTICE INFORMATION AND TO HARDWARE OR SOFTWARE WHICH INTERACTS WITH CJI and CERTIFICATION

The FBI CJIS Division provides state-of-the-art identification and information services to the local, state, tribal, federal, and international criminal justice communities for criminal justice purposes, as well as the noncriminal justice communities for noncriminal justice purposes.

**This Directive primarily concerns access to CJI and access to hardware and software in the use, retention, transmission, reception, and hosting of CJI for criminal justice purposes and not for noncriminal justice purposes.** In that regard, this Directive is not only applicable to such data, but also to the hardware and software interacting with such data, their location(s), and persons having the ability to access such data. The CJIS data applicable to the Security Policy is the data described as such in said Policy **plus all data transmitted over the Oklahoma Law Enforcement Telecommunications System (“OLETS”) which is operated by DPS.**

In order to have access to CJI or to the aforesaid hardware or software, the vendor must be familiar with the FBI CJIS Security Policy, including but not limited to the following portions of said Security Policy:

1. the Definitions and Acronyms in §3 & Appendices “A” & “B”;

2. the general policies in §4;
3. the Policies in §5;
4. the appropriate forms in Appendices “D”, “E”, “F” & “H”; and
5. the Supplemental Guidance in Appendices “J” & “K”.

This FBI Security Policy is located and may be downloaded at: <https://www.fbi.gov/services/cjis/cjis-security-policy-resource-center>.

By executing the Contract to which this Directive is attached, the vendor hereby CERTIFIES that the foregoing directive has and will be followed, including but not limited to full compliance with the FBI CJIS Security Policy, as amended and as applicable.

## Offer of Value-Added Products and/or Services

As referenced in subsection 8.2.J, value-added products and/or services within scope of the Acquisition may be included in the Bid.

Provide any other value-added products and/or services that you offer and detail the features or options available with pricing. An example would be vehicular device installation, asset disposal for systems not supplied through this Contract or related services include but are not limited to product imaging and asset tagging.

Value added products and services that are not within the scope of this solicitation will not be considered.

Responses to the value-add section will be evaluated but not used in the determination of the minimum score for content and Technical Criteria.

Cost for value-add specifications shall be identified in the cost proposal if applicable; however, costs will not be considered in the determination of the cost score.

CDW•G is pleased to offer our entire catalog of applicable services for OMES and the State's Agencies. With our submission, we have included our Professional Services Brochure, which covers the full breadth of our services in file CDW-Services-Capabilities-Brochure-2022. Below, we have featured several of these services, including our data center migration and optimization services.

### Data Center Migration and Optimization Services

CDW•G plans, designs, and implements a custom data migration that delivers peace of mind by minimizing risk and reducing outage time, allows the State's IT teams to benefit from access to CDW•G's knowledge of the process, and leverages our relationships with best-in-class vendors.

### Next-Gen Backup Services

CDW•G constructs a custom backup solution that incorporates offsite backups, automates, and streamlines time-consuming backup processes with centralized data management, accelerates data recovery, and strengthens disaster recovery by hosting backups on multiple servers.

### Power and Cooling Services

As one of the largest providers of power and cooling, CDW•G can help OMES and the State's Agencies implement solutions that protect the State's equipment, maximize efficiency, and save OMES money.

### Modern Workspace Management Services

CDW•G's approach to Device Lifecycle Management Services is known as Modern Workspace Management. Modern Workspace Management mimics our comprehensive services methodology and covers discovery and design, deployment, management, and refresh and recovery.

This four-step approach covers discovery and design, deployment, management, and refreshment and recovery of all devices. This service aims to ensure all devices are managed, refreshed, and replaced in a timely, efficient manner. This strategy saves the State money by mitigating risk and leveraging roadmap planning that covers the total device lifecycle, from the

first time a State employee opens their device to their replacement once the original device has reached the end of its lifecycle. Figure 20. Modern Workspace Management Approach details each of the four steps within the approach.

**Figure 20. Modern Workspace Management Approach**

## Blueprint to Design Services

One of CDW•G's most dynamic technology solutions is our Blueprint to Design Services. This education-focused service can be applied to nearly every government agency function, including new school construction, building remodels, classroom renovations, and media centers.

The process begins with a two-hour consultation with an Education Strategist trained in space design and pedagogy. The focus of this conversation is to understand the goals and vision behind the project. Then, the requesting State Agency sends our team a blueprint or floorplan and photographs of the space. Our engineers then work with the dedicated school design engineer to complete a 2D color rendering and options of strategies to integrate technology into learning environments. Finally, CDW•G will deliver a completed design package back to the State's Agency, perfect for presenting to leadership and stakeholders or for inclusion in the strategic plan.

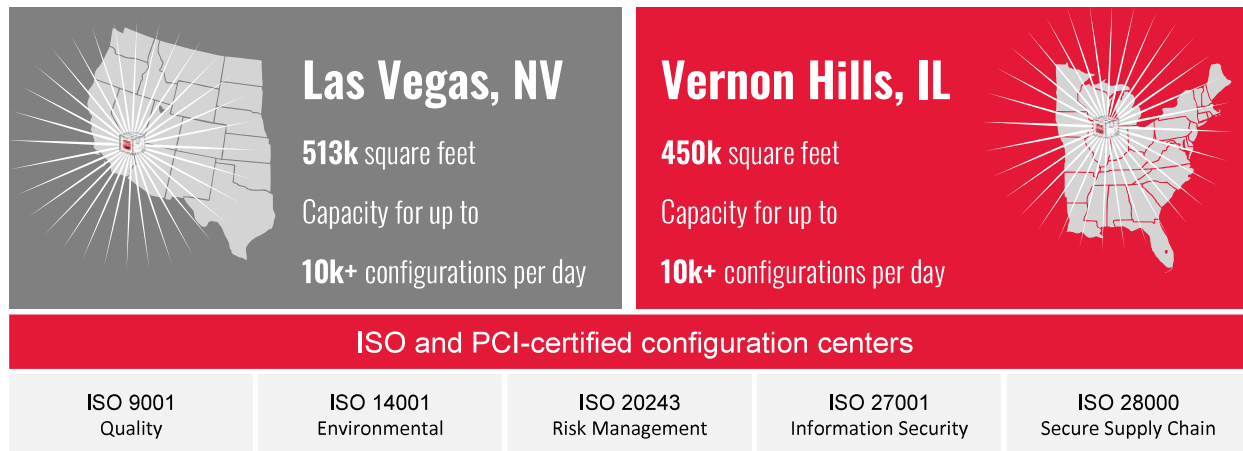

## Configuration Services Overview

OMES can rely on CDW•G to preconfigure their technology solutions and provide custom turnkey solutions for plug-and-play deployment. We offer a wide array of services to address the various tasks involved in configuration projects, including hardware and software installation and configuration, domain integration, branding, labeling, asset management, delivery, and distribution. Our Configuration Centers roll out 2,600,000 products annually - more than 10,000 custom units daily.

CDW Configuration Services provide the following benefits for OMES and the State's Agencies:

- Lower configuration, integration, and overall deployment expense
- Reduce risk and time to deploy
- Improve delivery, distribution, and tracking of assets
- Complete projects on schedule
- Free IT staff and resources to work on higher-level projects

## Two State-of-the-Art Configuration Centers

CDW•G operates redundant, environmentally controlled ISO and PCI-certified centers in Vernon Hills, IL, and North Las Vegas, NV, to provide faster delivery and reduced shipping expense. Our Distribution and Integration Centers have a combined one million sq. ft., including 75,000 sq. ft. dedicated to configuration and another 50,000 sq. ft. dedicated to staging. CDW•G can scale to meet OMES needs.

## Capabilities Overview

Our configuration team can provide many services, including:

- **Hardware Integration:** Including installation of memory, hard drives, NIC cards, video cards, and various other components.
- **Software Configuration:** OMES computers, mobile devices, and servers will come with Oss and apps pre-installed. We offer White Glove Service to prep and provision Chromebooks.
- **Custom Imaging:** Including image creation, maintenance, and deployment, we can host a secondary server to connect to an OMES System Center Configuration Manager (SCCM) or other image deployment server via a virtual private network (VPN). Customizable options include pre- and post-imaging tasks like domain join and security upgrades.
- **Rack Configuration:** We mount and configure the State's network and security devices, rack-mount servers, chassis blade servers, storage, keyboard/video/mouse (KVMs), uninterruptable power supplies (UPSs), and protocol data unit (PDUs) into a rack structure, then cable and label them before shipping.
- **Mobility Services:** We configure and activate OMES tablets, phones, handhelds, and Wi-Fi hotspots. Additionally, services that include MDM enrollment, App installations, and IOS and Android updates are also available.
- **Custom Laser Engraving:** Agency logos and other important information can be engraved onto notebooks, mobile devices, and other equipment. We can laser engrave static content or one field of dynamic content, such as the device serial number.
- **Asset Tagging and Reporting:** OMES can use CDW/CDW•G-branded labels or customer-provided labels, or our team can build custom labels that we print on demand, including UID/IUID identification labels for US Government applications. Extensive

information on OMES devices is available via the Order Reporting and Hardware Asset Management functions on OMES's Account Center.

- **Network and Security Device Configuration:** We configure firewalls, routers, switches, access points, and IP phones for all the most prominent manufacturers. These services include system software/firmware upgrade or downgrade; uploading primary configuration files; configuration of IP address, subnet mask, and default gateway. We base all customization on OMES's unique specifications.
- **Burn-in Services:** We run any ordered devices for 12 hours or more to ensure all components are working correctly.
- **Custom Packaging:** This includes kitting, palletization, inserts, welcome letters, and box labeling.
- **Buy and Hold Services:** This allows OMES to purchase products and hold them in a secure location anywhere from three months to a year. CDW•G handles the configurations, customizations, logistics, and shipping requirements to meet OMES's pre-defined deployment schedule.

## Configuration Services Project Management

CDW•G offers Configuration Services Project Management to ensure the success of projects and ongoing programs. Here are some of the critical Project Management activities:

- Serve as the main point of contact (POC) for overall project communication, including escalations
- Communicates expectations and holds the Internal CDW Services team accountable for meeting project timelines
- Establish and manage project schedule and expectations
  - The schedule is based on the OMES's expected delivery and deployment dates as well as approved SLA and configuration volume commitment from the CDW Services Team
  - Schedules are subject to change. Schedule crashing may result in a higher cost to meet increasing demand, and it may not be feasible to meet requested deadlines due to insufficient planning and limited resource availability
- Manage rollout/delivery schedule
- Assign roles and responsibilities to members of the project team
- Conduct regular cadence calls with stakeholders (internal and external)
- Actively track and report the status of open Configuration Services orders in the project
  - Order and status reports on an agreed to schedule
  - Format of reports can vary based on OMES requirements and needs of the project
- Track and manage product availability for CDW Configuration Services to meet the deployment schedule
- Manages escalated orders and changes in the schedule
- Escalate issues to management as needed

## Quality Assurance

“Together we strive for perfection” is CDW Configuration Services’ stated goal for quality assurance. Either CDW•G best practices or OMES-specific deployment instructions are strictly followed to ensure devices are configured to meet each agency’s requirements. OMES can provide a custom checklist to CDW•G for additional verification and testing.

All Configuration Center workers are trained on CDW•G’s best practice quality assurance procedures, including a comprehensive check of each system we touch. First, we verify the compatibility of all components to be installed. Second, we confirm that each part is installed correctly and the hardware installation is complete. Finally, we ensure that all hardware and software function according to manufacturer specifications. Each step is completed by a qualified technician and verified by a QC technician. CDW is ISO 9001:2008 compliant, and the primary and QC technician names are recorded for all orders. All team members are held accountable for adhering to our quality assurance procedures. If any issues are encountered, CDW•G will contact OMES immediately to resolve the issue.

We also offer a Burn-in Service available in 12-hour increments, including running a diagnostic program where applicable to test basic functionality. This service is designed to reduce the number of items that fail after a short period of use.

Any defective or damaged devices discovered during the configuration or warehousing process will be removed from stock and replaced with new, functional devices. The damaged or defective devices will be returned to the manufacturer on CDW•G’s behalf. This process will not require OMES’s involvement and should happen transparently to OMES.

### **Additional notes for Imaging and Software configurations:**

CDW•G has a team of engineers, technicians, and leaders trained to work on image and software deployments. OMES-specific deployment instructions are strictly followed to ensure any ordered devices are imaged and configured according to OMES standards.

## Configuration Partners and Certifications

CDW is recognized as an award-winning national IT services and solutions provider. Our strong partnerships with the industry’s top technology manufacturers ensure that we have the knowledge and expertise to meet OMES’s toughest challenges. We work with hundreds of OEM partners, including Microsoft, Apple, HP, Lenovo, Dell, Cisco, Acer, and Samsung.

Our Configuration Centers are PCI certified and hold the following ISO certifications:

- ISO 9001:2015
- ISO 14001:2015
- ISO 20243:2015
- ISO 28000:2007
- ISO 27001:2013

## Lenovo Factory Integration and Configuration Services

In addition to our CDW-core offered services, we are pleased to provide several Lenovo services applicable to all Lenovo products.

Lenovo recommends moving as much of the deployment process as possible into the Lenovo global supply chain to reduce technician touch time and the overall time needed for users to be productive on their new devices. By leveraging our factory integration offerings and expertise, OMES will have a globally consistent, efficient, and predictable system provisioning process.

A summary of Lenovo's Configuration Services is below.

## Ready-to-Provision Preloads or Image Load and Preparation for Manufacturing

When an organization buys a PC, it usually has to wipe its contents to install its customized operating system. That's because the preload typically has elements preinstalled by Microsoft aimed at end users or consumers, such as a trial version of Office, travel apps, news apps, and games – things that don't have a lot of value in the professional environment. With modern deployment becoming mainstream, a business must be ready to preload without this additional content. Lenovo's preload for this need is called Ready to Provision (RTP). It is a clean preload with only the operating system and drivers necessary for the system to run. Lenovo settings tools and 20+ Microsoft inbox and office applications are removed.

Customers have requested to have this preload customized, including installing their applications, encrypting, and patching the OS while the machines are still in the Lenovo supply chain. Lenovo's Ready to Provision Release and Ready to Provision Plus (RTP+) preloads can be tailored to reduce overall deployment time for modern solutions. A selection of these preload controls can be found below.

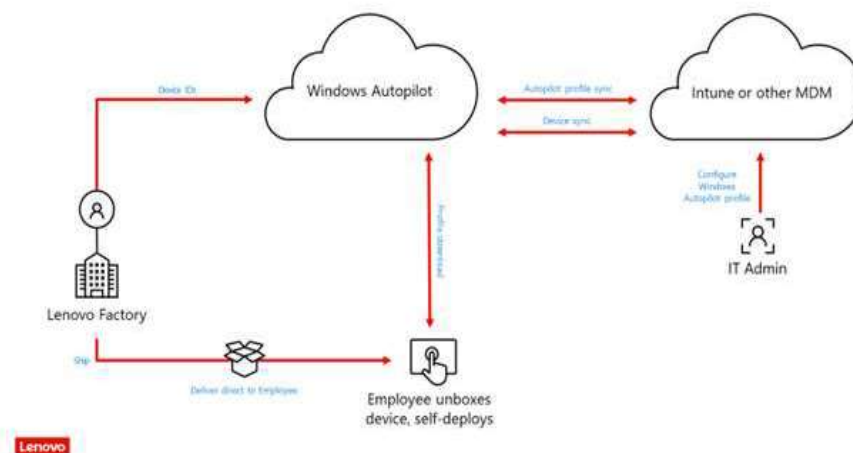

Feature	RTP	RTP Release Control	RTP Plus
OS Version	Same as consumer preload	Determined by customer	Determined by customer
Inbox Apps	Reduced	Reduced	Reduced
Customer Content Added	None	None	Up to five scripts to customize
How to recover	Local Only	Local and Cloud	Local and Cloud
Ongoing Preload Management	None	3- 5 Years (optional)	3- 5 Years (optional)

Additionally, agencies can send their images to their inspection/test check (ITC) engineer, complete with the updates and drivers needed, so that the image can be loaded as part of the manufacturing process.

## Windows Autopilot Support

Lenovo empowers its customers to take the first step in their journey to modern management by being the first Microsoft OEM PC partner to announce support for Windows Autopilot, detailed in the figure to the right. The promise of a more straightforward user experience is at hand as Windows Autopilot replaces the traditional PC imaging process by leveraging the cloud for true touchless deployments. This technique simplifies implementation, streamlines IT administration, and creates happier end users.

**Figure 21. Windows Autopilot Overview**

Lenovo's factory capabilities, combined with Autopilot, are critical to an Enterprise Mobility Management (EMM) strategy that drastically simplifies how IT delivers services to its users. As soon as users sign in to a highly streamlined and customized out-of-the-box setup, provisioning and security policies will be delivered by the EMM solution, much like mobile phones are used today.

We are ready to help OMES achieve modern deployment and management best practices. For greater value, OMES can combine Autopilot with Lenovo's device registration service in manufacturing, Lenovo's Windows 10 preloaded images, and solutions optimized for Autopilot with OMES-specific applications and cloud storage integration.

## Image Verification

The ITC engineer will thoroughly test an agency's supplied image to ensure that the image boots and will work appropriately on OMES systems in manufacturing. Lenovo will verify that the hardware will function with the software applications in the image by executing functionality and stability testing. If image errors are discovered, OMES can update their picture and resubmit it.

## Image Design and Build

ITC Engineers will build a complete imaging solution using OMES-provided applications. Working closely with OMES, the ITC engineer will identify all requirements and create an image utilizing the Lenovo standard preload to ensure that all the latest and appropriate drivers for a particular system are applied.

## Smart Image

With Lenovo's Smart Image Service, Lenovo will ensure compatibility with multiple Lenovo-based hardware platforms. Using a modular build process, Lenovo can remove unnecessary drivers or inject additional ones for current or future system builds. Agency IT teams will only have to manage and update one image that works on multiple hardware types.

## Image Management

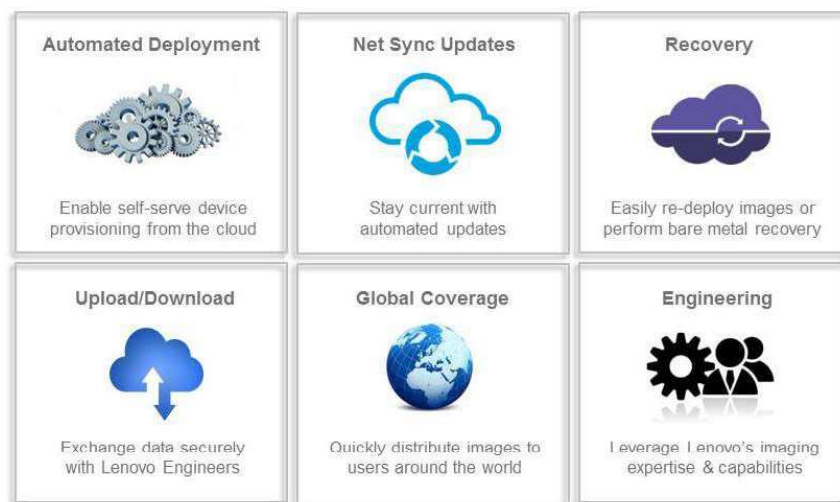

Lenovo will proactively manage and update OMES's custom image quarterly. Image Management includes the following:

- Installation of OS hotfixes
- Updates to installed apps, non-scripted OS, or app customizations
- Additions or updates to complete driver sets (up to four models)
- Driver refresh for existing hardware models
- Individual driver updates to fix problems

Lenovo Image Management removes the burden of ongoing image development and management, decreases hardware deployment time and cost, and provides proactive quarterly image updates on a subscription-based cost model.

## Lenovo Cloud Recovery

Cloud Deploy is a global public/private cloud-based, virtualized deployment infrastructure allowing Lenovo to provide provisioning solutions directly to OMES as part of a managed utility model. Figure 22. Lenovo Cloud Recovery showcases the features, including automated deployment, net sync updates, recovery, upload and download, global coverage, and engineering.

**Figure 22. Lenovo Cloud Recovery**

## Lenovo Patch

Traditionally, searching for and finding the correct drivers can be a challenge. Using enhanced metadata, Lenovo Patch for SCCM allows IT administrators to filter, identify and publish BIOS and drivers directly from the SCCM console. This methodology reduces workloads by up to 95%. Lenovo Patch Third-Party Patching reduces risks and eliminates vulnerabilities in OMES infrastructure by extending SCCM's capabilities to include third-party patching. Update hundreds of vendor applications, including Adobe, Apple, Firefox, and even complex applications like Java and Google Chrome.

## First Boot Services (FBS)

Creating and loading an image includes unattended processes that must be completed before a technician or end user can use a PC.

These processes can include:

- Microsoft Sysprep
- Driver installation
- Typical applications that must be installed per PC or user (Antivirus, SCCM, etc.)
- Encryption of the hard drive

Configuration times increase because this process must be completed before the PC is usable. Lenovo's First Boot Service (FBS) can streamline this effort for any image type. FBS takes all the unattended first boot processes and pulls the work into Lenovo manufacturing. As a result, OMES saves valuable time, resources, and costs in the initial deployment process.

## Custom BIOS Settings

OMES can customize each setting in the BIOS, such as supervisory passwords, boot orders, port settings, and device settings, using ITC's Custom BIOS service. The ITC will capture all of OMES's BIOS requirements, then send a particular file to manufacturing that will be deployed on OMES systems along with the custom image.

## Asset Tagging

Lenovo provides extensive flexibility to accommodate OMES's asset tag requirements. Lenovo will install physical, unique, and tamper-proof asset tags made from durable UL-certified polyester material onto a OMES's PC in manufacturing. OMES and agencies can also elect to have Lenovo add their unique asset tag numbers to the BIOS.

The asset tags are available in a selection of nine different labels of various sizes. A typical Lenovo asset tag is displayed in Figure 23. Information on the tags can include: the asset number, agency name and logo, the device's serial number, purchase order, MAC address and QR code.

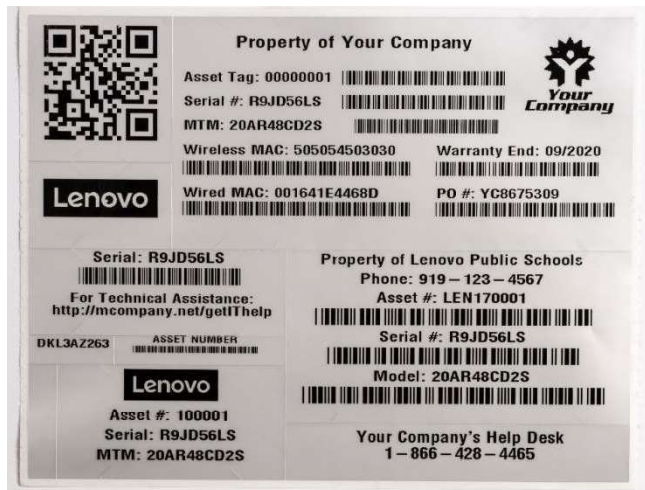

Figure 23. Sample Lenovo Asset Tag

## Drop In The Box

Lenovo's Drop in the Box service allows OMES to insert a custom document in every box shipped from a Lenovo factory.

- Greet end users
- Reduce help center calls
- Offer instructions on how to get started (up to 20 pages)
- Available on all Think products

The box is already open in manufacturing. Use this opportunity to send instructions to end users to get them excited about using their new Lenovo system and alleviate some of the burden on IT for out-of-the-box questions.

Details:

- Printed on Laser Printer at 300 DPI resolution
- Printed in Black / White / Grayscale
- Printed Single or Double Sided
- Stapled in the Upper Left-Hand Corner
- One file in one of the following formats: PDF (suggested), Unlocked DOC, DOCX,

- Standard White Copy Paper (20LB, 92 US Brightness, Acid-Free)
- Paper size: 8 ½ x 11 or A4
- Max number of pages: 20
- Further custom options are available

## Etching

Lenovo's Etching Service provides a secure, distinctive means of identifying a customer's PC assets. The substrate is exposed by vaporizing the surface finish in the center of the lid of a system, making the design tamper-proof.

Etching services are fully customizable and include essential information, such as entity name, phone number, and agency logos, for quick identification.

## Lenovo Deployment Automation – Advanced Deployment Services

Lenovo's Advanced Deployment Service (ADS) automates the post-image deployment process from within the image. After an image is restored to a system, a great deal of technician time is used to complete the configuration of the image, including joining the domain, installing user-specific applications, and moving user data. ADS can fully automate these processes, so the technician's touch time is reduced to a few minutes or zero.

OMES can supply their own images, or Lenovo's Imaging Technology Center (ITC) team can develop graphics using their image design expertise. The final solution is a customizable deployment wizard, with OMES or the requesting agency's branding, that leads to end user-based final deployment. Customizations can be performed per user or system and fully integrated with a hidden recovery partition.

ADS solutions enable self-serve user deployments, scalable technician-based deployments, and remote user deployments.

- **Self-serve user deployments** reduce costs, minimize downtime, increase end-user satisfaction, and allow for a fast and straightforward migration through a simple one-touch interface with structured and controlled processes to reduce error while allowing the user to own the deployment. Self-serve user deployments result in a new PC that looks like their old one with the same apps they had previously but on an upgraded interface.
- **Scalable technician-based deployments** increase the number of PCs a technician can deploy with greater accuracy, automates what is needed, prevents an ad-hoc process, and creates a consistent approach that everyone follows, allowing OMES's IT team to get more done with fewer people and still assist end users.
- **Remote user deployments** are fast and straightforward user-driven processes that keep workers up and running, don't require a lot of bandwidth, eliminate extra shipping costs, and minimize the IT team's involvement in issues only. When complete, old assets can be sent straight to the recycler. This process provides OMES's IT team with greater flexibility and convenience, as they can choose when to deploy a new system.

ADS can be used to script many tasks, including:

- Joining Domains / Active Organizational Units
- Creating User Accounts

- Configuring Email Accounts
- Multiple Language Support
- Install Applications by Group, Picklist, or on Detected Hardware
- Setup Network Printers
- Configure Regional Settings (time zone, currency, input language)
- Configure Network Settings for different sites (i.e., DNS, subnets)
- Automate configuration based on system BIOS Data and Network Queries
- BitLocker Automated Encryption

## Lenovo Data Migration Automation with ADS (Advanced Deployment Services)

Large amounts of data and settings are distributed across a user's hard drive. Using an experienced technician to migrate this information can be a lengthy manual task.

Manual touch migration can include a technician assessing the old machine, determining where the data and settings are located on the old PC, and how they need to be represented in the new PC and image. This process leads to an unpredictable, time-intensive, high-cost process that reduces the capacity of a technician to deploy machines and a decrease in user satisfaction efficiently.

Lenovo's Imaging Technology Center (ITC) will use industry-standard tools and industry-leading integration processes, automate the migration process and simplify the process so end users can migrate their own data. In addition, the ITC can design a solution that adapts to the OMES's infrastructure and deployment use cases and remove the need for costly external storage with flexible methods, such as peer-to-peer or "in place" migration.

ADS sample screenshots can be found in Figure 24, below.

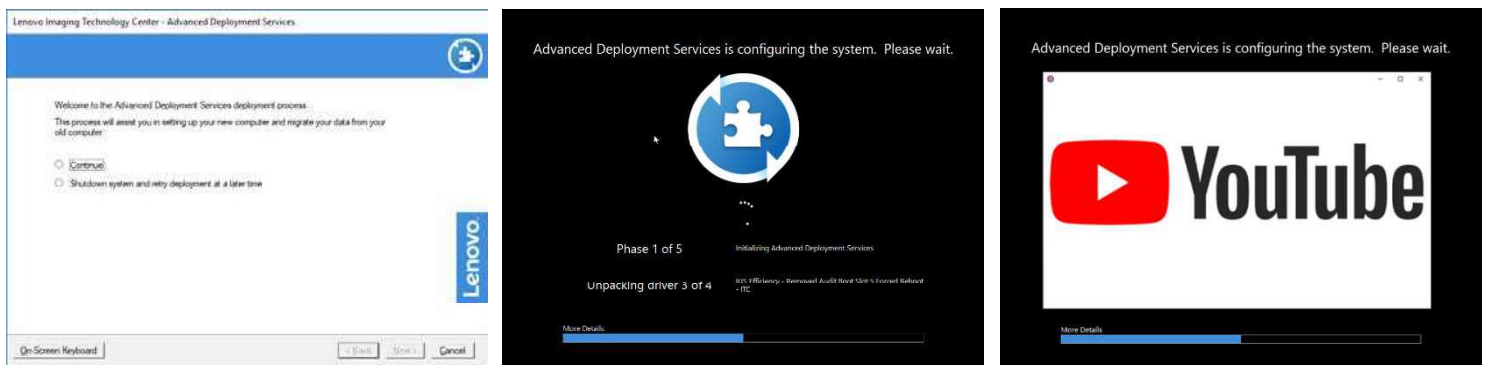

Figure 24. Lenovo ADS Sample Screenshots

## Lenovo Modular and Scalable Deployment Solution

Reduce technician touch time to a few minutes or even zero. Figure 25. Modular and Scalable Deployment Solution Chart shows that the more tasks a customer moves into manufacturing and the more automated processes, the more a technician is freed up to focus on other activities that produce heightened business value. Lenovo's unique solutions lower operational costs, increase efficiency, reduce error rates, and improve the overall deployment process.

## Lenovo Chromebook White Glove Service

The Lenovo Chromebook White Glove Service allows OMES to effortlessly migrate and integrate new Chromebook PCs. This service comprises of planning, setup, and end-to-end management of custom rollouts and deployments, reducing cost and time to deploy. Pre-enrolled and activated in the Google console, new PCs integrate seamlessly into OMES's existing environment right out of the box. Sample scope of work Lenovo will perform:

1. A Lenovo Services Project Manager (PM) works with customer and service delivery teams to develop a jointly agreed to service schedule.
2. Receive system units and stage the equipment in Lenovo's climate-controlled warehouse.
3. Unbox all systems and thoroughly inspect for any physical damages or blemishes.
4. Identify any system issues or DOA devices to Lenovo and OMES.
5. Update the Chrome OS to the latest version.
6. Enroll the Chrome OS devices into the customer's Google Apps domain using an enrollment account that does not require admin privileges.
7. Perform wireless network configuration for the customer's network.

8. Repackage all equipment and then deliver the systems to the final customer location based on the required and established schedule.

**Figure 26. Lenovo White Glove Service**

## Lenovo Second Stage Custom Fulfillment Services

Lenovo Second Stage Custom Fulfillment Services (CFS) may be leveraged around the globe to perform multiple tasks that can be completed before final system delivery. Lenovo will work with OMES to determine how best to use the economies of scale Lenovo CFS can provide.

Lenovo CFS includes:

- Concurrent connections - Imaging and loading of applications and operating systems on multiple devices simultaneously
- Kitting and staging of systems for delivery at single or multiple locations
- Integration with OMES's network via VPN to download data and transfer applications to expedite the overall process
- Setting up an SCCM server to integrate with OMES's network to automate SCCM functions
- Execution of Chromebook and Autopilot Whiteglove solutions
- Stocking of devices to reduce time to ship SLAs
- Scheduling deliveries to OMES's locations with deploy-ready systems reduces onsite setup time and interruption to the employees' workday.

## Lenovo Managed Deployment Services

Internal PC deployments, whether it's a refresh, mass migration, transferring an upgraded PC to a different user, or moving PCs from point A to B, can be a time-intensive endeavor for IT and end users. Partnering with Lenovo's Managed Deployment Services, coordinated by Lenovo project managers, can ensure maximum productivity for OMES with minimal interruption and downtime. With standard and optional packages, Lenovo offers simple solutions for PC deployment projects.

Key Features:

- Standard Installation:

- Dedicated project manager
- Hardware inspection, damage assessment, proper configuration
- Once the installation is complete, remove packing materials to a OMES-designated location at the site
- CPU, keyboard, mouse, and monitor installation (if applicable)
- Primary connection to an existing network via existing network jack and patch cable or wireless router
- Join to agency or state domain and migration of user settings and credentials
- Check basic system functionality
- Optional Services:
  - Onsite additional peripheral installation
  - Onsite data migration of up to five Gig of data and application load of up to six OMES-approved applications
  - De-installation of one CPU and up to two peripherals and transfer to a common staging area
  - After-hours or weekend installations
  - Customized managed installations and deployments are also available
  - Available worldwide for all systems, even non-Lenovo

## Lenovo Project Management

Lenovo uses a Project Management Office (PMO) to provide OMES with a single point of accountability, management, and reporting through all engagements.

Lenovo's PMO expertise includes the following:

- Transparent processes, governance structure, and tools that work with defined roles and responsibilities for OMES.
- Providing guidance, project planning, and establishing a solid escalation path for problem resolution.
- End-to-end management of the entire project – from ordering PC products to the final installation of PCs at the customer site.
- Working closely with the customer's assigned project personnel to ensure the successful initiation, planning, execution, and completion of projects.

## Lenovo Staff Augmentation Service

Lenovo's Staff Augmentation service offers an alternative to traditional contractual arrangements for essential IT services and a convenient means of managing project-based expenses. Customers can leverage Lenovo's network of onsite technical resources when new projects or requests arise.

Scale staff for various desk-side installation and support activities, including site surveys, upgrades, and problem resolution. Lenovo's Staff Augmentation service can be designed for

specific geographies or locations and can include technician experience of various levels with defined SLAs (e.g., four hours, next business day, and weekends).

Benefits of Staff Augmentation:

- No need to hire someone full-time when short-term IT projects arise
- Single point of contact for all activities
- It can be used for any onsite IT support needs
- Convenient means of managing expenses

Typical Services:

- Deployment and installation
- Maintenance
- Help and service desk support

## Lenovo Advanced Exchange Program

Last year, more than 75 percent of the United States workforce worked remotely and relied on mobile computing and communications. Suppose OMES has a large base of mobile users, or you have employees whose productivity is highly dependent on their computers. In that case, you are probably very concerned with support, repair logistics, and data protection. Even though onsite warranty services provide the convenience of repair at an OMES location, the device isn't always restored to its previously customized configuration or fixed fast enough to meet OMES's work requirements.

A whole-unit replacement strategy can address these issues. However, managing a whole-unit replacement inventory in-house can place a challenging burden on OMES IT staff. State employees will remain unproductive while they wait for their repaired systems to go through the final reconfiguration process to meet corporate standards.

Advanced Exchange services from Lenovo address these challenges. By combining carbon copy whole-unit device replacement, managed inventory, project management, and help desk services, Advanced Exchange provides a single source solution that delivers the fastest path to productivity.

### Advanced Exchange (Hot Spare Management) Features:

- Exchange for either a working replacement unit from Lenovo's Depot Center or a system that has been completely configured, imaged, and personalized.
- Lenovo maintains an inventory of devices with the customer's unique image and configuration at prescribed stocking levels to meet the service level agreement.
- Replacement requests received by 1 PM EST will get same-day shipping. Orders received after 1 PM EST will get next-day shipping.
- Requests for a replacement can be submitted by web portal, e-mail, or help desk.
- Once OMES receives the replacement system, return the defective unit in the replacement box using the enclosed pre-printed shipping label.
- Lenovo's project manager will oversee the entire end-to-end process and deliver periodic reports detailing all aspects of service operation, including:
  - inventory status
  - incident history

- shipped and received metrics with time stamps
- hours worked
- service level agreement performance measurement

Lenovo will manage the repair of machines under warranty and advise on a repair or replacement strategy for any device not covered by warranty repair service. To safeguard OMES data, Lenovo provides shredding of hard drives and certificates of data destruction. By combining carbon copy whole-unit device replacement, managed inventory, project management, and help desk services, Advanced Exchange provides a single source solution that delivers the fastest path to productivity.

## Lenovo Application Services

### Lenovo Application Rationalization

Discover what software applications and licenses are installed across OMES and state agencies to prepare for a Windows 10 OS migration or an audit. Lenovo offers comprehensive hardware and software scans either with an agent or through zero-touch agentless technology that can perform tasks such as:

- Enabling the discovery and inventory of all devices, from laptops to Hyper-V hosts, and Oracle database instances
- Data gathering and intelligent scan of physical and virtual devices
- Providing comprehensive reports about hardware, software, VMware, Hyper-V, OpenStack, and Oracle database servers
- Remove barriers of complex IT infrastructures or other limitations, allowing data gathering initiated by IT while retaining privacy standards.
- Option to discover unmanaged or disconnected devices

Organizations often have geographically distributed office locations, some of which have restricted network access due to security or logistics. Data protection rules can also hinder information collection, leading to inaccurate estimates of budget and unsecured devices on the network. All these factors make it difficult for IT administrators to perform crucial software application discovery. Lenovo can help customers prepare for Windows 10 migration and potential software audits.

### Lenovo Application Readiness and Remediation

Plan and deliver applications to OMES users that are created to be compatible with Windows 10 and IE11. Save valuable resources from manual work with Lenovo's Application Readiness and Remediation services.

#### Benefits

- Consolidate redundant versions, languages, and feature sets
- Assess security risks
- Provide ongoing risk avoidance with continued control
- Retire outdated or unused software
- Auto-fix or repackage necessary software

- Discover invalid or outworn API requests, Windows components out of support, conflicts regarding security and user account control, incomplete restart sequences
- Test for conflicts with customer image
- Explore virtualization
- Proven in benchmark tests to decrease application preparation time by up to 70%.

Ensure faster delivery, continuous and predictable application, and software deployment into the State's increasingly complex computing environment. Streamline day-to-day application packaging operations and reduce the time and cost of application virtualization, mobile application management, and Windows upgrades with Lenovo services.

## Lenovo App Store and License Optimization

Using industry-leading technology, OMES end users request the applications they need from an easy-to-understand online catalog. IT can empower users to serve themselves while maintaining complete control of the request, approval, and fulfillment process.

The interface:

- Gathers necessary approvals
- Enforces proper licensing
- Delivers the software to the user's computer
- Verifies successful installation
- Maintains a detailed audit trail
- Keeps the user informed of the request status

Through this service, OMES can ensure license optimization with software that identifies applications installed on a computer but not being used, then automatically reclaims and recycles those licenses to avoid costly overbuying. Additionally, OMES can schedule emails to users who have not used an application for a set period. Users can keep the application by supplying a valid business reason or surrendering it automatically.

Next-generation software asset and license management products analyze inventory, application usage, purchase order data, license

**Figure 27. Management Dashboard**

entitlements, and contract terms to optimize license consumption.

Lenovo enables organizations to implement multiple license and contract optimization strategies, including intelligent allocation of licenses to devices and users, harvesting under-used licenses, and maintenance cost reductions based on actual license position and usage.

## Lenovo Solution Café / Smart Kiosk

Solution Café provides on-demand and scheduled access to technicians in a walk-up, café-like atmosphere. This café can easily be located in facilities where OMES has a large percentage of mobile device users across lines of business and can be

customized to address the OMES environment and requirements. A menu of services is defined to support the OMES environment, including hardware repair, device swap, application support, and how-to support.

Benefits include:

- It significantly improves customer experience and satisfaction because IT is viewed as a welcome end-user resource.
- It increases a customer's IT organization's productivity by allocating freed time to higher-value projects.

## Lenovo Asset Recovery Services (ARS)

Asset Recovery Services help customers recover the maximum value from their end-of-life equipment cost-effectively and securely. On top of simplifying the transition from old to new equipment, ARS mitigates environmental and data security risks associated with PC disposal.

Asset Recovery is for customers with a domestic or an international need for asset disposal and who have an all-Lenovo or multi-OEM install environment. Equipment that can be disposed of with ARS includes any make, model, or device of any PC manufacturer, servers, telecom systems, printers, cellphones, etc.

Key Features:

- Logistics and shipping services to pick up, package, and securely transport assets from client locations
- Processing services to receive, test, and prepare equipment for resale
- Environmentally responsible recycling services to ensure proper disposal of obsolete equipment
- Data destruction services overwrite or destroy data for security purposes
- Service delivery management to provide a single point of contact and reporting
- Certificates and validation to show proper data destruction and environmentally responsible recycling
- Value recovery services to return value for re-marketable assets
- Reports detailed by serial number, configuration, condition, and processing date
- Consistent process internationally

## Typical ARS Project Workflow

A standard ARS Project Workflow is outlined in Figure 28. Typical ARS Project Workflow.

**Figure 28. Typical ARS Project Workflow**

## Lenovo Cloud Recovery

Lenovo's Cloud Recovery enables customers to retrieve their custom images directly from Lenovo's Cloud Deploy infrastructure. Empower remote users or IT staff to download and reinstall a custom image whenever required, such as:

- A user experienced a software failure requiring recovery from the operating system
- A user experienced a hard drive failure requiring a bare-metal recovery
- Hardware is being reallocated to a new user and must be wiped/re-imaged before transfer

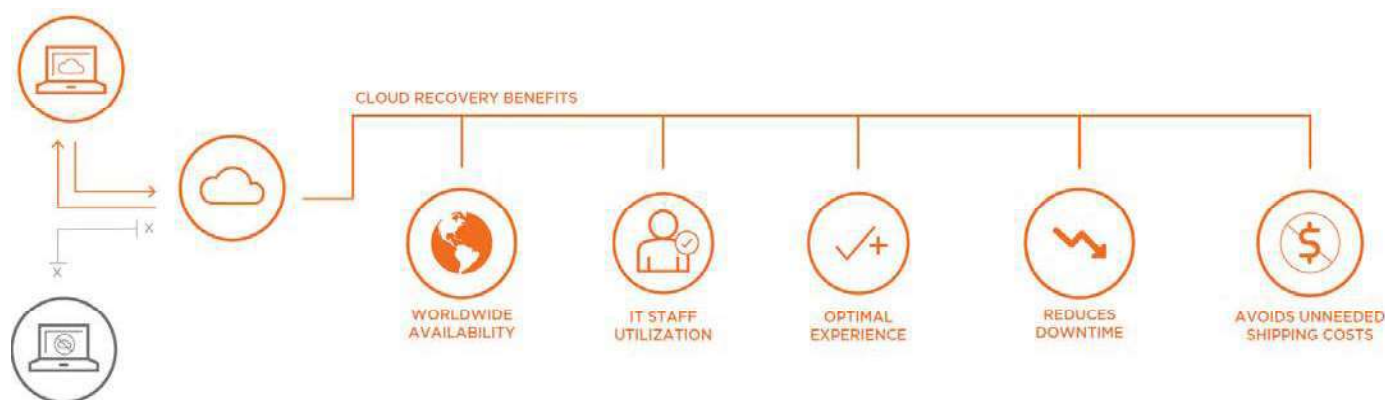

Cloud Recovery benefits include:

- Avoid lengthy delays and downtime when transferring the device to a new user.
- Eliminate costs associated with dispatching a tech to reinstall a custom image
- Prevent unneeded shipping costs to central IT by enabling user reinstall
- Realize greater IT staff productivity with the freedom to focus on other vital projects
- Accessible worldwide to support a global workforce
- Provide an alternative to expensive distribution points
- Enable version control to ensure the accuracy of images being redeployed

### Cloud Recovery – Downtime Scenario

Lenovo's Cloud Recovery support model, designed by Lenovo's expertise in real-world customer experiences, could reduce employee downtime by three days, potentially down to a few hours. The following depiction outlines a typical hard drive failure workload.

**Figure 29. Cloud Recovery**

## Lenovo Image Management

Many customers strive towards a quarterly image update lifecycle. However, new projects and reprioritization of initiatives mean they cannot address this requirement within this timeframe. Image updates are frequently delayed up to six or 12 months, resulting in 30 to 120 minutes of total time being added to the PC provisioning process due to many hotfixes, patches, etc. that need to be installed.

Lenovo's Quarterly Image Management Service can assist customers with this challenge by proactively maintaining a customer's image solution. This service sets a level of consistency in a customer's image and allows their resources to focus on critical business projects without negatively impacting the PC provisioning process.

Lenovo's Quarterly Image Management Service facilitates a scalable and proactive image maintenance process that provides the following benefits:

- Remove the burden of ongoing image development and management
- Decrease hardware deployment time by having proactive quarterly image updates
- Reduce PC deployment costs with a predictable subscription-based cost model
- Drive process efficiency through the latest technology in deployment automation
- Ensures images are up to date and ready for deployment/redeployment

## Quarterly Image Management Scope

- Proactive image updates from Lenovo Engineering every 90 days
- Core Image:
  - Installation of OS Hotfixes
  - Updates to installed applications
  - Any non-scripted OS or application customizations
- Smart Image Driver Support:
  - Addition or update of complete driver sets for up to four hardware models already included in the Smart Image solution
  - Addition of drivers for new hardware models not currently included in the solution

- Driver Maintenance:
  - Updates to individual drivers to fix problems currently being experienced on existing hardware in the Smart Image solution

### **Outside of Quarterly Image Management scope:**

- ADS and ADS updates are out of range and covered by separate SOWs
- Scripted customizations and processes via ADS
- Changes to ADS custom deployment menu
- Lenovo management of MDT/SCCM task sequences

## **Lenovo Carbonite Endpoint Protection**

Protecting data is a top priority for IT. Anti-virus software aims to prevent, detect and remove malware from endpoints — but even the best anti-virus software will miss some attacks. Additionally, anti-virus prevents businesses from recovering lost data after a breach or ransomware attack. For these persistent and pernicious threats, enterprises need backup.

Businesses in regulated industries should prioritize security when considering endpoint protection. This consideration includes advanced encryption for each phase of the backup process. Some solutions can only deduplicate unencrypted data. The only way to deduplicate data and avoid storage bloat on the central repository is to ensure the solution can deduplicate encrypted data. Carbonite solves this by using an innovative automated key management system to deduplicate data on the client side.

Key Features include:

- Enterprise-grade endpoint backup for the mobile workforce
- Maximum deployment flexibility and scalability for large, distributed organizations
- Intelligent global usage of bandwidth for fewer disruptions to users and the network
- Policy-controlled backups that don't interfere with end-user productivity
- Support for laptop, tablet, and smartphone data protection
- Global location tracking
- PC settings migration
- Secure, remote data access from any device, anywhere, anytime
- Quick, silent, and centralized deployment and management
- Remote wipe and poison pill

## **Lenovo Services Engagement Manager**

Lenovo's professional Services Engagement Managers (SEMs) embrace the challenge of finding and connecting the varied experts from within an agency and Lenovo to provide guidance, drive service issue resolution, and report on valuable service usage data.

With a Lenovo Services advocate monitoring the service activity, an agency's IT Team can keep their focus on significant projects. When an issue does arise, Lenovo's highly responsive single point of contact for OMES knows exactly how to take action.

Key Features include:

- A SEM provides customers with extra services, support, and guidance for an exceptional customer experience
- Assigned to individual accounts, they develop the business relationship and drive loyalty
- They act as the Worldwide focal (SPOC) for any services question, request, or issue
- They are the OMES's advocate for any Lenovo or Business Partner service delivery issue
- SEMs strive to ensure OMES's delight with Lenovo Services with both reactive and proactive account management across their entire Lenovo PC fleet

## Lenovo Premier Support

Premier Support is advanced-level phone support for hardware and software. It's designed to expedite problem resolution. With Premier Support, OMES end users bypass phone menus and scripted troubleshooting and instead access Lenovo's advanced-level technicians with the expertise needed to diagnose and solve problems quickly. As a result, OMES saves time, keeps systems up and running faster, and frees IT staff to focus on mission-critical business activities. These results reduce costs and maximize ROI.

### Key Features:

- Dedicated phone support 24x7x365
- Comprehensive hardware and original equipment manufacturer (OEM) software support
- Single point of contact for simplified end-to-end case management
- Technical Account Manager on staff for escalation management as appropriate
- Parts prioritization helps to get parts the next business day
- Comprehensive service level reports are available upon request
- Premier Certified field technicians<sup>1</sup>
- Advance scheduling of onsite repairs for AM/PM repair windows at the time of call registration
- Advance notification via email of assigned field technician that includes a copy of tech's badge ID with photo, name, and phone number
- Technician tracking – "Uber-like" GPS tracking of the field technician, so the customer knows when they are on the way and have arrived. Immediate technician rating

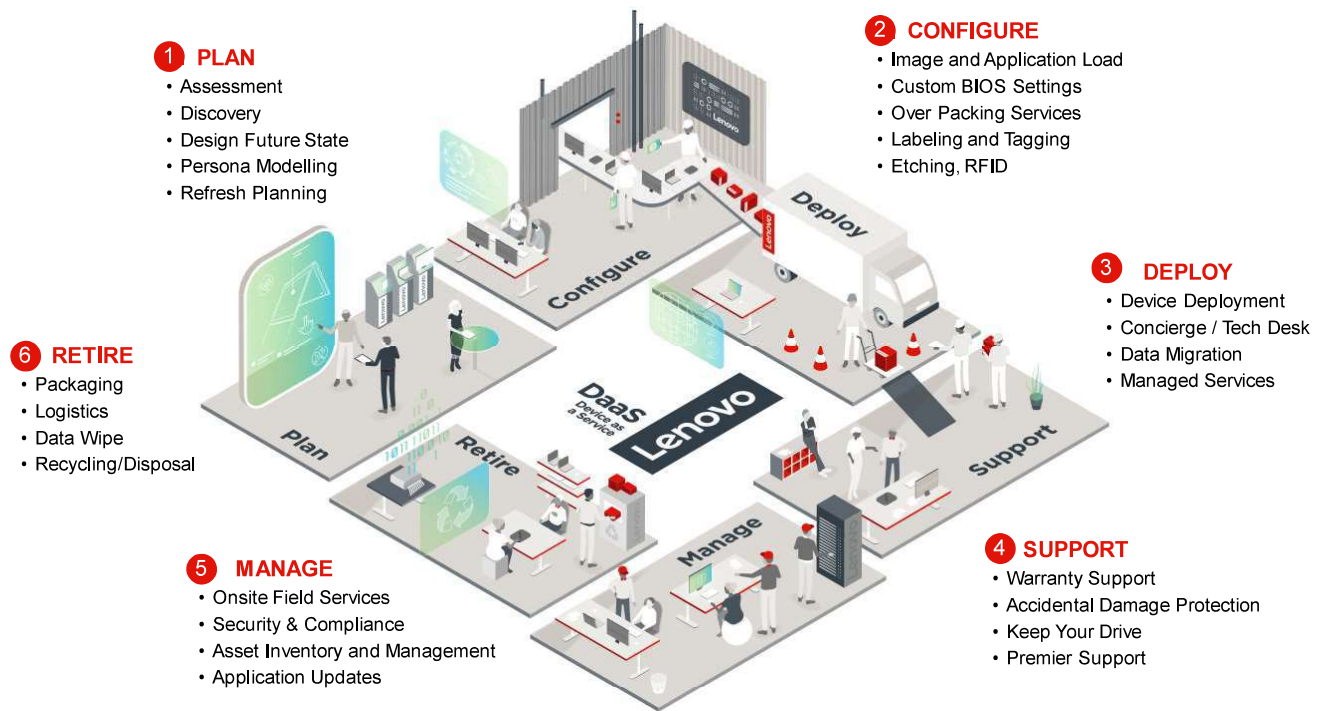

## Lenovo Device as a Service (DaaS)

As business models and working practices change, decision-makers recognize how monthly consumption service models can offer the cost-savings and flexibility they have been unable to find with traditional PC purchasing models.

Customers want to pay for precisely what they want, when they want it and eliminate unnecessary waste. Organizations no longer need to compromise on productivity because operating budgets deprioritize IT investment: they can now run their businesses at optimal levels with the confidence that limited financial resources are being efficiently allocated.

DaaS will help mitigate these costs by taking a typical hardware device (such as a laptop, desktop, tablet, or mobile phone), bundling it with various software and services, and offering it to a customer for a predictable monthly fee. It gives customers one contract with and just one provider to hold accountable.

**Figure 30. DaaS offers full support throughout the device lifecycle.**

## Financial Information

Any required financial and associated information shall be inserted in this section.

Although no additional financial information was requested within the RFP, CDW•G would like OMES to know that we are financially stable. As such, we have supplied our Annual 10K in file CDW-2022-Annual-Report-Form-10K.

A significant increase in the number of CDW•G employees and sales over the past decade demonstrates our tremendous growth. Currently, CDW employs 14,600 employees as compared to approximately 800 employees in 1999. In 2021, CDW generated sales of roughly \$21 billion as compared to \$6.29 billion in 2005 and \$2.56 billion in 1999.

OMES should take note of the critical fact that CDW is financially stable and that we will be here to support OMES in every way possible throughout the life of this Contract and beyond. OMES can be confident that CDW•G's experts will be around to address questions or concerns, provide additional equipment, and assist with enhancements or new technologies.

In 2021, CDW generated approximately \$21 billion in revenue, which positions CDW as a leader in our industry. The continued financial stability of our company serves to assure OMES that we are *here to stay* and can support OMES through the life of this Contract and beyond.

Revenue for the past five years are provided below.

Year	CDW Revenue (billions)
2021	\$21 Billion
2020	\$18.5 Billion
2019	\$18 Billion
2018	\$16.2 Billion
2017	\$14.8 Billion

## Additional Bidder Terms

Any additional terms that the Bidder requests be applicable to the Contract shall be inserted in this section and shall be provided in Word format. THE STATE HAS NO RESPONSIBILITY TO INDEPENDENTLY REVIEW AN ENTIRE BID FOR ADDITIONAL TERMS AND ANY SUCH TERMS NOT SUBMITTED IN THIS SECTION OF THE BID SHALL NOT BE CONSIDERED. Should a Bidder be awarded a Contract, neither the State nor a customer shall be required to execute additional documents not included in a Bid. For example, if a Bidder typically uses an ordering document in connection with an acquisition, the ordering document template shall be included in the Bid.

---

## Tiered Discount

CDW•G is pleased to offer OMES and any eligible Oklahoma entity which can utilize this contract, with the tiered pricing below (in lieu of volume pricing discounts). Initially, the pricing will be offered under Tier 1 as listed in the pricing tables. Following the close of each calendar year, CDW•G will calculate cumulative Spend Level, if any, under this contract and adjust pricing once OMES reaches a threshold of \$2M sold, the discount % under Tier 2 will apply for the calendar year. The change to discount % will be made within 30 calendar days. No retroactive price adjustments will be due or made.

This allows OMES and other entities who can leverage this contract to benefit from associated cumulative spend level. This tiered discount % is contingent on approval from OMES and confirmation from OMES that it is in conformance with applicable procurement rules and regulations.

"Net Revenue" means the invoiced amount of the sale price, license fee or service fee for each Sale, excluding freight, handling, and tax.

"Spend Level" means the aggregate Net Revenue from all Sales invoiced to OMES and affiliated spend from the Effective Date, reduced by (i) all returns from Customer accepted by Seller, (ii) all allowances granted by Seller to Customer, and (iii) any unpaid invoices that are due and owing to Seller.

"Calendar Year" means the period commencing on January 1st and ending on December 31st.

CDW•G is pleased to offer a discount off Manufacturer list price, for Lenovo offerings only- The percentage above represents the minimum discount that CDW•G is offering for the duration of the contract. CDW•G will make all commercially reasonable efforts to update pricing 7 business days after the end of each month.

## Apple Pricing

CDW•G is offering a Discount % off Apple Education List Price (ELP) price to eligible educational institutions. For State and local agencies and when there is no Apple ELP available, CDW•G will offer discount off CDW•G NAP.

Currently, Apple has chosen to be the sole reseller for their products with K-12 customers, including both private and public schools. If this policy is repealed, CDW•G is equipped and ready to serve K12 agencies throughout the State.

## All Other Offerings

All other items are based on a discount off CDW•G Nationally Advertised Price (NAP). This enables us to offer a wider range of competitive offerings from other OEMs.

The benefit of using CDW•G's NAP is that its publicly available, verifiable and auditable price schedule, accessed 24/7 through our website on [www.cdwg.com](http://www.cdwg.com). This pricing is updated continually and benchmarked across the marketplace and trends to provide savings to more quickly pass on price reductions.

### **Information Security Requirements**

#### **1. General Information Security Requirements**

- a. No employee of Contractor or its subcontractors will be granted access to State of Oklahoma agency information systems without the prior completion and approval of applicable logon authorization and acceptable use requests.
- b. Contractor or its subcontractors will notify applicable State of Oklahoma agencies when employees who have access to agency information systems are terminated.
- c. Contractor or its subcontractors will disclose to Client any suspected breach of the security of the information system or the data contained therein in the most expedient time possible and without unreasonable delay and will cooperate with Client during the investigation of any such incident.
- d. Contractor or its subcontractors agree to adhere to the State of Oklahoma "Information Security Policy, Procedures, and Guidelines" available at: <https://oklahoma.gov/content/dam/ok/en/omes/documents/InfoSecPPG.pdf>

#### **2. HIPAA Requirements**

- a. Contractor shall agree to use and disclose Protected Health Information in its possession or control in compliance with the Standards for Privacy of Individually Identifiable Health Information (Privacy Rule) (45 C.F.R. Parts 160 and 164) under the Health Insurance Portability and Accountability Act (HIPAA) of 1996. The definitions set forth in the Privacy Rule are incorporated by reference into this Contract (45 C.F.R. §§ 160.103 and 164.501).
- b. If applicable, Contractor will sign and adhere to a Business Associate Agreement (BAA). The Business Associate Agreement provides for satisfactory assurances that Contractor will use the information only for the purposes for which it was engaged. Contractor agrees it will safeguard the information from misuse, and will comply with HIPAA as it pertains to the duties stated within the contract. Failure to comply with the requirements of this standard may result in funding being withheld from Contractor, and/or full audit and inspection of Contractor's security compliance as it pertains to this contract.
- c. Business Associate Terms Definitions:
  - i. Unless otherwise defined in this BAA, all capitalized terms used in this BAA have the meanings ascribed in the HIPAA Regulations, provided; however, that "PHI" and "ePHI" shall mean Protected Health Information and Electronic Protected Health Information, respectively, as defined in 45 C.F.R. § 160.103, limited to the information Business Associate received from or created or received on behalf of the applicable State of Oklahoma agency as a Business Associate. "Administrative Safeguards" shall have the same meaning as the term "administrative safeguards in 45 C.F.R. § 164.304, with the exception that it shall apply to the management of the conduct of Business

Associate's workforce, not the State of Oklahoma agency workforce, in relation to the protection of that information.

- ii. Business Associate. "Business Associate" shall generally have the same meaning as the term "Business Associate" at 45 C.F.R. 160.103, and in reference to the party to this agreement, shall mean the entity whose name appears below.
  - iii. Covered Entity. "Covered Entity" shall generally have the same meaning as the term "Covered Entity" at 45 C.F.R. 160.103.
  - iv. HIPAA Rules. "HIPAA Rules" shall mean the Privacy, Security, Breach Notification, and Enforcement Rules at 45 C.F.R. Part 160 and Part 164, all as may be amended.
  - v. The following terms used in this Agreement shall have the same meaning as those terms in the HIPAA Rules: Breach, Data Aggregation, Designated Record Set, Disclosure, Health Care Operations, Individual, Minimum Necessary, Notice of Privacy Practices, Protected Health Information, required by law, Secretary, Security Incident, Sub- Contractor, Unsecured PHI, and Use.
- d. Obligations of Business Associate: Business Associate may use Electronic PHI and PHI (collectively, "PHI") solely to perform its duties and responsibilities under this Agreement and only as provided in this Agreement. Business Associate acknowledges and agrees that PHI is confidential and shall not be used or disclosed, in whole or in part, except as provided in this Agreement or as required by law. Specifically, Business Associate agrees it will, as applicable:
- i. use or further disclose PHI only as permitted in this Agreement or as Required by Law, including, but not limited to the Privacy and Security Rule;
  - ii. use appropriate safeguards, and comply with Subpart C of 45 C.F.R. Part 164 with respect to Electronic PHI, to prevent use or disclosure of PHI other than as provided for by this Agreement;
  - iii. implement and document appropriate administrative, physical, and technical safeguards to protect the confidentiality, integrity, and availability of PHI that it creates, receives, maintains, or transmits for or on behalf of Covered Entity in accordance with 45 C.F.R. 164;
  - iv. implement and document administrative safeguards to prevent, detect, contain, and correct security violations in accordance with 45 C.F.R. 164;
  - v. make its applicable policies and procedures required by the Security Rule available to Covered Entity solely for purposes of verifying BA's compliance and the Secretary of the Department of Health and Human Services (HHS);
  - vi. not receive remuneration from a third party in exchange for disclosing PHI received from or on behalf of Covered Entity;
  - vii. in accordance with 45 C.F.R. 164.502(e)(1) and 164.308(b), if applicable, require that any Sub-Contractors that create, receive, maintain or transmit PHI on behalf of the Business Associate agree to the same restrictions, conditions, and requirements that apply to the Business Associate with respect to such information; this shall be in the

form of a written HIPAA Business Associate Contract and a fully executed copy will be provided to the Contract Monitor;

- viii. report to Covered Entity in writing any use or disclosure of PHI that is not permitted under this Agreement as soon as reasonably practicable but in no event later than five calendar days from becoming aware of it and mitigate, to the extent practicable and in cooperation with Covered Entity, any harmful effects known to it of a use or disclosure made in violation of this Agreement;
- ix. promptly report to Covered Entity in writing and without unreasonable delay and in no case later than five calendar days any successful Security Incident, as defined in the Security Rule, with respect to Electronic PHI;
- x. with the exception of law enforcement delays that satisfy the requirements of 45 C.F.R. 164.412, notify Covered Entity promptly, in writing and without unreasonable delay and in no case later than five calendar days, upon the discovery of a breach of Unsecured PHI. Such notice shall include, to the extent possible, the name of each individual who's Unsecured PHI has been, or is reasonably believed by Business Associate to have been, accessed, acquired, or disclosed during such Breach. Business Associate shall also, to the extent possible, furnish Covered Entity with any other available information that Covered Entity is required to include in its notification to Individuals under 45 C.F.R. § 164.404(c) at the time of Business Associate's notification to Covered Entity or promptly thereafter as such information becomes available. As used in this Section, "breach" shall have the meaning given such term at 45 C.F.R. 164.402;
- xi. to the extent allowed by law, indemnify and hold Covered Entity harmless from all claims, liabilities costs, and damages arising out of or in any manner related to the unauthorized disclosure by Business Associate of any PHI resulting from the negligent acts or omissions of Business Associate or to the breach by Business Associate of any applicable obligation related to PHI;
- xii. provide access to PHI it maintains in a Designated Record Set to Covered Entity, or if directed by Covered Entity to an Individual in order to meet the requirements of 45 C.F.R. 164.524. In the event that any Individual requests access to PHI directly from Business Associate, Business Associate shall forward such request to Covered Entity within five working days of receiving a request. This shall be in the form of a written HIPAA Business Associate Contract and a fully executed copy will be provided to the Contract Monitor. Any denials of access to the PHI requested shall be the responsibility of Covered Entity;
- xiii. make PHI it maintains in a Designated Record Set available to Covered Entity for amendment and incorporate any amendments to PHI in accordance with 45 C.F.R. 164.526;
- xiv. document disclosure of PHI it maintains in a Designated Record Set and information related to such disclosure as would be required for Covered Entity to

- respond to a request by an Individual for an accounting of disclosures of PHI, in accordance with 45 C.F.R. 164.528, and within five working days of receiving a request from Covered Entity, make such disclosure documentation and information available to Covered Entity. In the event the request for an accounting is delivered directly to Business Associate, Business Associate shall forward within five working days of receiving a request such request to Covered Entity;
- xv. make its internal practices, books, and records related to the use and disclosure of PHI received from or created or received by Business Associate on behalf of Covered Entity available to the Secretary of the Department of HHS, authorized governmental officials, and Covered entity for the purpose of determining Business Associate's compliance with the Privacy Rule. Business Associate shall give Covered Entity advance written notice of requests from HHS or government officials and provide Covered Entity with a copy of all documents made available; and
  - xvi. require that all of its Sub-Contractors, vendors, and agents to whom it provides PHI or who create, receive, use, disclose, maintain, or have access to Covered Entity's PHI shall agree in writing to requirements, restrictions, and conditions at least as stringent as those that apply to Business Associate under this Agreement, including but not limited to implementing reasonable and appropriate safeguards to protect PHI, and shall require that its Sub-Contractors, vendors, and agents agree to indemnify and hold harmless Covered Entity for their failure to comply with each of the provisions of this Agreement.
- e. Permitted Uses and Disclosures of PHI by Business Associate: Except as otherwise provided in this Agreement, Business Associate may use or disclose PHI on behalf of or to provide services to Covered Entity for the purposes specified in this Agreement, if such use or disclosure of PHI would not violate the Privacy Rule if done by Covered Entity. Unless otherwise limited herein, Business Associate may:
- i. use PHI for its proper management and administration or to fulfill any present or future legal responsibilities of Business Associate;
  - ii. disclose PHI for its proper management and administration or to fulfill any present or future legal responsibilities of Business Associate, provided that; (i) the disclosures required by law; or (ii) Business Associate obtains reasonable assurances from any person to whom the PHI is disclosed that such PHI will be kept confidential and will be used or further disclosed only as Required by Law or for the purpose(s) for which it was disclosed to the person, and the person commits to notifying Business Associate of any instances of which it is aware in which the confidentiality of the PHI has been breached;
  - iii. disclose PHI to report violations of law to appropriate federal and state authorities; or
  - iv. aggregate the PHI with other data in its possession for purposes of Covered Entity's Health Care Operations;

- v. make uses and disclosures and requests for protected health information consistent with Covered Entity's minimum necessary policies and procedures;
  - vi. de-identify any and all PHI obtained by Business Associate under this BAA, and use such de-identified data, all in accordance with the de-identification requirements of the Privacy Rule [45 C.F.R. § (d)(1)].
- f. Obligations of Covered Entity
- i. Covered Entity shall notify Business Associate of any changes in, or revocation of, the permission by an individual to use or disclose his or her PHI, to the extent that such changes may affect Business Associate's use or disclosure of PHI.
  - ii. Covered Entity shall notify Business Associate of any restriction on the use or disclosure of PHI that Covered Entity has agreed to or is required to abide by under 45 C.F.R. 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of protected health information.
  - iii. Covered Entity shall not request Business Associate use or disclose PHI in any manner that would violate the Privacy Rule if done by Covered Entity.
  - iv. Covered Entity agrees to timely notify Business Associate, in writing, of any arrangements between Covered Entity and the Individual that is the subject of PHI that may impact in any manner the use and/or disclosure of the PHI by Business Associate under this BAA.
  - v. Covered Entity shall provide the minimum necessary PHI to Business Associate.
- g. Term and Termination:
- i. Obligations of Business Associate upon Termination. Upon termination of this Agreement for any reason, Business Associate, with respect to PHI received from Covered Entity, or created, maintained, or received by Business Associate on behalf of Covered Entity, shall as applicable:
    - (1) retain only that PHI that is necessary for Business Associate to continue its proper management and administration or to carry out its legal responsibilities;
    - (2) return to Covered Entity (or, if agreed to by Covered Entity, destroy) the remaining PHI that the Business Associate still maintains in any form;
    - (3) continue to use appropriate safeguards and comply with Subpart C of 45 C.F.R. Part 164 with respect to PHI to prevent use or disclosure of the PHI, other than as provided for in this Section, for as long as Business Associate retains the PHI;
    - (4) not use or disclose the PHI retained by Business Associate other than for the purposes for which such PHI was retained and subject to the same conditions set out at above under "Permitted Uses and Disclosures By Business Associate" that applied prior to termination; and
    - (5) return to Covered Entity (or, if agreed to by Covered Entity, destroy) the PHI retained by Business Associate when it is no longer needed by Business Associate for its proper management and administration or to carry out its legal responsibilities.

- ii. All other applicable obligations of Business Associate under this Agreement shall survive termination.
  - iii. Should the applicable State of Oklahoma agency become aware of a pattern of activity or practice that constitutes a material breach of a material term of this BAA by Business Associate, the agency shall provide Business Associate with written notice of such a breach in sufficient detail to enable Contractor to understand the specific nature of the breach. The Client shall be entitled to terminate the Underlying Contract associated with such breach if, after the applicable State of Oklahoma agency provides the notice to Business Associate, Business Associate fails to cure the breach within a reasonable time period not less than thirty (30) days specified in such notice; provided, however, that such time period specified shall be based on the nature of the breach involved per 45 C.F.R. §§ 164.504(e)(1)(ii)(A),(B) & 164.314 (a)(2)(i)(D).
- h. Miscellaneous Provisions:
- i. No Third Party Beneficiaries: Nothing in this Agreement shall confer upon any person other than the parties and their respective successors or assigns, any rights, remedies, obligations, or liabilities whatsoever.
  - ii. Business Associate recognizes that any material breach of this Business Associate Terms section or breach of confidentiality or misuse of PHI may result in the termination of this Agreement and/or legal action. Said termination may be immediate and need not comply with any termination provision in the parties' underlying agreement, if any.
  - iii. The parties agree to amend this Agreement from time to time as is necessary for Covered Entity or Business Associate to comply with the requirements of the Privacy Rule and related laws and regulations.
  - iv. The applicable State of Oklahoma agency shall make available its Notice of Privacy Practices.
  - v. Any ambiguity in this Agreement shall be resolved in a manner that causes this Agreement to comply with HIPAA.
  - vi. If Business Associate maintains a designated record set in an electronic format on behalf of Covered Entity, then Business Associate agrees that within 30 calendar days of expiration or termination of the parties' agreement, Business Associate shall provide to Covered Entity a complete report of all disclosures of and access to the designated record set covering the three years immediately preceding the termination or expiration. The report shall include patient name, date and time of disclosures/access, description of what was disclosed/accessed, purpose of disclosure/access, name of individual who received or accessed the information, and, if available, what action was taken within the designated record set.
  - vii. Amendment: To the extent that any relevant provision of the HIPAA Regulations is materially amended in a manner that changes the obligations of Business Associates or Covered Entities, the Parties agree to negotiate in good faith appropriate amendment(s)

to this Agreement to give effect to these revised obligations. The parties agree to amend this Agreement from time to time as is necessary for Covered Entity or to comply with the requirements of the Privacy Rule and related laws and regulations.

### **3. 42 C.F.R. Part 2 Related Provisions**

- a. Confidentiality of Information. Contractor's employees and agents shall have access to private data to the extent necessary to carry out the responsibilities, limited by the terms of this Agreement. Contractor accepts the responsibilities for providing adequate administrative supervision and training to their employees and agents to ensure compliance with relevant confidentiality, privacy laws, regulations and contractual provisions. No private or confidential data collected, maintained, or used shall be disseminated except as authorized by statute and by terms of this Agreement, whether during the period of the Agreement or thereafter. Furthermore, Contractor:
  - i. Acknowledges that in receiving, transmitting, transporting, storing, processing, or otherwise dealing with any information received pursuant to this agreement that identifies or otherwise relates to the individuals under the care of or in the custody of a State of Oklahoma agency, it is fully bound by the provisions of the federal regulations governing the confidentiality of Alcohol and Drug Abuse Patient Records, 42 C.F.R. Part 2 and the HIPAA, 45 C.F.R. 45 Parts 142, 160, and 164, Title 43 A § 1-109 of Oklahoma Statutes, and may not use or disclose the information except as permitted or required by this Agreement or by law;
  - ii. Acknowledges that pursuant to 43A O.S. §1-109, all mental health and drug or alcohol treatment information and all communications between physician or psychotherapist and patient are both privileged and confidential and that such information is available only to persons actively engaged in treatment of the client or consumer or in related administrative work. Contractor agrees that such protected information shall not be available or accessible to staff in general and shall not be used for punishment or prosecution of any kind;
  - iii. Agrees to resist any efforts in judicial proceedings to obtain access to the protected information except as expressly provided for in the regulations governing the Confidentiality of Alcohol and Drug Abuse Patient Records, 42 C.F.R. Part 2;
  - iv. Agrees to, when applicable and to the extent within Contractor's control, use appropriate administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of the electronic protected health information that it creates, receives, maintains, or transmits on behalf of the State of Oklahoma agency and to use appropriate safeguards to prevent the unauthorized use or disclosure of the protected health information, and agrees that protected information will not be placed in the Child Protective Services (CPS) record of any individual involved with the Oklahoma Department of Human Services (DHS).

- v. Agrees to report to the State of Oklahoma agency any use or disclosure or any security incident involving protected information not provided for by this Agreement. Such a report shall be made immediately when an employee becomes aware of such a disclosure, use, or security incident.
  - vi. Agrees to provide access to the protected information at the request of the State of Oklahoma agency or to an authorized individual as directed by the State of Oklahoma agency, in order to meet the requirement of 45 C.F.R. §164.524 which provides clients with the right to access and copy their own protected information;
  - vii. Agrees to make any amendments to the protected information as directed or agreed to by the State of Oklahoma agency, pursuant to 45 C.F.R. §164.526;
  - viii. Agrees to make available its internal practices, books, and records, including policies and procedures, relating to the use and disclosure of protected information received from the State of Oklahoma agency or created or received by the Contractor on behalf of the State of Oklahoma agency, to the State of Oklahoma agency and to the Secretary of the Department of Health and Human Services for purpose of the Secretary determining the giving party's compliance with HIPAA;
  - ix. Agrees to provide the State of Oklahoma agency, or an authorized individual, information to permit the State of Oklahoma agency to respond to a request by an individual for an accounting of disclosures in accordance with 45 C.F.R. §164.528.
- b. Data Security. The Contractor agrees to, when applicable and to the extent within Contractor's control, maintain the data in a secure manner compatible with the content and use. The Contractor will, when applicable to the extent within Contractor's control, control access to the data in Contractor's possession or control compliance with the terms of this Agreement. Only the Contractor's personnel whose duties require the use of such information, will have regular access to the data. The Contractor's employees will be allowed access to the data only for the purpose set forth in this Agreement.
- c. Data Destruction. Contractor agrees to, when applicable and to the extent within Contractor's control, follow State of Oklahoma agency policies regarding secure data destruction.
- d. Use of Information. Contractor agrees that the information received or accessed through this Agreement shall not be used to the detriment of any individual nor for any purpose other than those stated in this Agreement.
- e. Redisclosure of Data. The Contractor agrees not to redisclose any information to a third party not covered by the Agreement unless written permission by the State of Oklahoma agency is received and redisclosure is permitted under applicable law.

#### **4. Federal Tax Information Requirements IRS Publication 1075 (If Applicable)**

- a. **PERFORMANCE:** If Contractor takes possession or control of Federal Tax Information in performance of this contract, the Contractor agrees to, when applicable and to the extent

within Contractor's control, comply with and assume responsibility for compliance by officers or employees with the following requirements:

- i. All work will be performed under the supervision of the State of Oklahoma.
- ii. The contractor and contractor's officers or employees to be authorized access to FTI must meet background check requirements defined in IRS Publication 1075. The contractor will maintain a list of officers or employees authorized access to FTI. Such list will be provided to the agency and, upon request, to the IRS.
- iii. FTI in hardcopy or electronic format shall be used only for the purpose of carrying out the provisions of this contract. FTI in any format shall be treated as confidential and shall not be divulged or made known in any manner to any person except as may be necessary in the performance of this contract. Inspection or disclosure of FTI to anyone other than the contractor or the contractor's officers or employees authorized is prohibited.
- iv. FTI will be accounted for upon receipt and properly stored before, during, and after processing. In addition, any related output and products require the same level of protection as required for the source material.
- v. The contractor will certify that FTI processed during the performance of this contract will be completely purged from all physical and electronic data storage with no output to be retained by the contractor at the time the work is completed. If immediate purging of physical and electronic data storage is not possible, the contractor will certify that any FTI in physical or electronic storage will remain safeguarded to prevent unauthorized disclosures.
- vi. Any spoilage or any intermediate hard copy printout that may result during the processing of FTI will be given to the agency. When this is not possible, the contractor will be responsible for the destruction of the spoilage or any intermediate hard copy printouts and will provide the agency with a statement containing the date of destruction, description of material destroyed, and the destruction method.
- vii. All Contractor computer systems receiving, processing, storing, or transmitting FTI must meet the requirements in IRS Publication 1075. To meet functional and assurance requirements, the security features of the environment must provide for the managerial, operational, and technical controls. All security features must be available and activated to protect against unauthorized use of and access to FTI.
- viii. No work involving FTI furnished under this contract will be subcontracted without the prior written approval of the IRS.
- ix. Contractor will ensure that the terms of FTI safeguards described herein are included, without modification, in any approved subcontract for work involving FTI.
- x. To the extent the terms, provisions, duties, requirements, and obligations of this contract apply to performing services with FTI, the contractor shall assume toward the subcontractor all obligations, duties and responsibilities that the agency under this contract assumes toward the contractor, and the subcontractor shall assume toward the contractor all the same obligations, duties and responsibilities which the contractor assumes toward the agency under this contract.

- xi. In addition to the subcontractor's obligations and duties under an approved subcontract, the terms and conditions of this contract apply to the subcontractor, and the subcontractor is bound and obligated to the contractor hereunder by the same terms and conditions by which the contractor is bound and obligated to the agency under this contract.
- xii. For purposes of this contract, the term "contractor" includes any officer or employee of the contractor with access to or who uses FTI, and the term "subcontractor" includes any officer or employee of the subcontractor with access to or who uses FTI.
- xiii. The agency will have the right to void the contract if the contractor fails to meet the terms of FTI safeguards described herein.

#### b. CRIMINAL/CIVIL SANCTIONS

- i. Each officer or employee of a contractor to whom FTI is or may be disclosed shall be notified in writing that FTI disclosed to such officer or employee can be used only for a purpose and to the extent authorized herein, and that further disclosure of any FTI for a purpose not authorized herein constitutes a felony punishable upon conviction by a fine of as much as \$5,000 or imprisonment for as long as 5 years, or both, together with the costs of prosecution.
- ii. Each officer or employee of a contractor to whom FTI is or may be accessible shall be notified in writing that FTI accessible to such officer or employee may be accessed only for a purpose and to the extent authorized herein, and that access/inspection of FTI without an official need-to-know for a purpose not authorized herein constitutes a criminal misdemeanor punishable upon conviction by a fine of as much as \$1,000 or imprisonment for as long as 1 year, or both, together with the costs of prosecution.
- iii. Each officer or employee of a contractor to whom FTI is or may be disclosed shall be notified in writing that any such unauthorized access, inspection or disclosure of FTI may also result in an award of civil damages against the officer or employee in an amount equal to the sum of the greater of \$1,000 for each unauthorized access, inspection, or disclosure, or the sum of actual damages sustained as a result of such unauthorized access, inspection, or disclosure, plus in the case of a willful unauthorized access, inspection, or disclosure or an unauthorized access/inspection or disclosure which is the result of gross negligence, punitive damages, plus the cost of the action. These penalties are prescribed by IRC sections 7213, 7213A and 7431 and set forth at 26 CFR 301.6103(n)-1.
- iv. Additionally, it is incumbent upon the contractor to inform its officers and employees of the penalties for improper disclosure imposed by the Privacy Act of 1974, 5 U.S.C. 552a. Specifically, 5 U.S.C. 552a(i)(1), which is made applicable to contractors by 5 U.S.C. 552a(m)(1), provides that any officer or employee of a contractor, who by virtue of his/her employment or official position, has possession of or access to agency records which contain individually identifiable information, the disclosure of which is prohibited by the Privacy Act or regulations established thereunder, and who knowing that disclosure of the specific material is so prohibited, willfully discloses the material

in any manner to any person or agency not entitled to receive it, shall be guilty of a misdemeanor and fined not more than \$5,000.

- v. Granting a contractor access to FTI must be preceded by certifying that each officer or employee understands the agency's security policy and procedures for safeguarding FTI. A contractor and each officer or employee must maintain their authorization to access FTI through annual recertification of their understanding of the agency's security policy and procedures for safeguarding FTI. The initial certification and recertifications must be documented and placed in the agency's files for review. As part of the certification and at least annually afterwards, a contractor and each officer or employee must be advised of the provisions of IRC sections 7213, 7213A, and 7431 (see IRS Publication 1075, Exhibit 4, Sanctions for Unauthorized Disclosure, and IRS Publication 1075, Exhibit 5, Civil Damages for Unauthorized Disclosure). The training on the agency's security policy and procedures provided before the initial certification and annually thereafter must also cover the incident response policy and procedure for reporting unauthorized disclosures and data breaches. For the initial certification and the annual recertifications, the contractor and each officer or employee must sign, either with ink or electronic signature, a confidentiality statement certifying their understanding of the security requirements.

c. INSPECTION: The IRS and the Agency, with 24 hour notice, shall have the right to send its inspectors into the offices and plants of the contractor to inspect facilities and operations performing any work with FTI under this contract for compliance with requirements defined in IRS Publication 1075. The IRS' right of inspection shall include the use of manual and/or automated scanning tools to perform compliance and vulnerability assessments of information technology (IT) assets that access, store, process or transmit FTI. Based on the inspection, corrective actions may be required in cases where the contractor is found to be noncompliant with FTI safeguard requirements.

## **5. SSA Requirements (If applicable)**

- a. PERFORMANCE: If Contractor takes possession or control of in SSA provided information in the performance of this contract, the contractor agrees to, where applicable and to the extent within Contractor's control comply with and assume responsibility for compliance by his or her employees with the following requirements:
  - i. All work will be done under the supervision of the State of Oklahoma.
  - ii. Any SSA provided information made available shall be used only for carrying out the provisions of this Agreement. Information contained in such material shall be treated as confidential and shall not be divulged or made known in any manner to any person except as may be necessary in the performance of this contract. Inspection by or disclosure to anyone other than an officer or employee of the Contractor is prohibited.
  - iii. All SSA provided information shall be accounted for upon receipt and properly stored before, during, and after processing. In addition, all related output and products will be given the same level of protection as required for the source material.

- iv. No work involving SSA provided information furnished under this contract shall be subcontracted without prior written approval by the applicable State of Oklahoma agency and the SSA.
- v. The Contractor shall maintain a list of employees authorized access. Such list shall be provided upon request to the applicable State of Oklahoma agency or the SSA.
- vi. Contractor or agents may not legally process, transmit, or store SSA-provided information in a cloud environment without explicit permission from SSA's Chief Information Officer. Proof of this authorization shall be provided to the Contractor by the applicable State of Oklahoma agency prior to accessing SSA provided information.
- vii. Contractor shall provide security awareness training to all employees, contractors, and agents who access SSA-provided information. The training should be annual, mandatory, and certified by the personnel who receive the training. Contractor is also required to certify that each employee, contractor, and agent who views SSA-provided information certify that they understand the potential criminal, civil, and administrative sanctions or penalties for unlawful access and/or disclosure.
- viii. Contractor shall require employees, contractors, and agents to sign a non-disclosure agreement, attest to their receipt of Security Awareness Training, and acknowledge the rules of behavior concerning proper use and security in systems that process SSA- provided information. Contractor shall retain non-disclosure attestations for at least five (5) to seven (7) years for each employee who processes, views, or encounters SSA- provided information as part of their duties.
- ix. The applicable State of Oklahoma agency shall provide the Contractor a copy of the SSA exchange agreement and all related attachments before initial disclosure of SSA data. Contractor is required to follow the terms of the applicable State of Oklahoma agency's data exchange agreement with the SSA. Prior to signing this Agreement, and thereafter at SSA's request, the applicable State of Oklahoma agency shall obtain from the Contractor a current list of the employees of such Contractor with access to SSA data and provide such list to the SSA.
- x. Where the Contractor processes, handles, or transmits information provided to the applicable State of Oklahoma agency by SSA or has authority to perform on the agency's behalf, the applicable State of Oklahoma agency shall clearly state the specific roles and functions of the Contractor within the Agreement.
- xi. SSA requires all parties subject to this Agreement to exercise due diligence to avoid hindering legal actions, warrants, subpoenas, court actions, court judgments, state or Federal investigations, and SSA special inquiries for matters pertaining to SSA-provided information.
- xii. SSA requires all parties subject to this Agreement to agree that any Client-owned or subcontracted facility involved in the receipt, processing, storage, or disposal of SSA-provided information operate as a "de facto" extension of the Client and is subject to onsite inspection and review by the Client or SSA with prior notice.

- xiii. If the Contractor must send a Contractor computer, hard drive, or other computing or storage device offsite for repair, the Contractor must have a non-disclosure clause in their contract with the vendor. If the Contractor used the item in a business process that involved SSA-provided information and the vendor will retrieve or may view SSA- provided information during servicing, SSA reserves the right to inspect the Contractor's vendor contract. The Contractor must remove SSA-provided information from electronic devices before sending it to an external vendor for service. SSA expects the Contractor to render SSA-provided information unrecoverable or destroy the electronic device if they do not need to recover the information. The same applies to excessed, donated, or sold equipment placed into the custody of another organization.
  - xiv. In the event of a suspected or verified data breach involving SSA provided information, the Contractor shall notify the Client immediately.
  - xv. The Client shall have the right to void the contract if the contractor fails to provide the safeguards described above.
- b. **CRIMINAL/CIVIL SANCTIONS:** The Act specifically provides civil remedies, 5 U.S.C. Sec. 552a(g), including damages, and criminal penalties, 5 U.S.C. Sec. 552a(i), for violations of the Act. The civil action provisions are premised violations of the Act committed by parties subject to this Agreement or regulations promulgated thereunder. An individual claiming such a violation by parties subject to this Agreement may bring civil action in a federal district court. If the individual substantially prevails, the court may assess reasonable attorney fees and other litigation costs. In addition, the court may direct the parties subject to this Agreement to grant the plaintiff access to his/her records, and when appropriate direct an amendment or correction of records subject to the Act. Actual damages may be awarded to the plaintiff for intentional or willful refusal by parties subject to this Agreement to comply with the Act.
- i. **Civil Remedies.**
    - (1) In any suit brought under the provisions of 5 U.S.C. § 552a(g)(1)(C) or (D) in which the court determines that the parties subject to this Agreement acted in a manner which was intentional or willful, shall be liable in an amount equal to the sum of
      - 
      - (a) actual damages sustained by the individual because of the refusal or failure, but in no case, shall a person entitled to recovery receive less than the sum of \$1,000; and
      - (b) the costs of the action together with reasonable attorney fees as determined by the court.
    - (2) An action to enforce any liability created under 5 U.S.C. § 552a may be brought in the district court of the United States in the district in which the complainant resides, or has his principal place of business, or in which the records are situated, or in the District of Columbia, without regard to the amount in controversy, within two years from the date on which the cause of action arises, except that where

parties subject to this Agreement have materially and willfully misrepresented any information required under this section to be disclosed to an individual and the information so misrepresented is material to establishment of the liability of the agency to the individual under 5 U.S.C. § 552a, the action may be brought at any time within two years after discovery by the individual of the misrepresentation. Nothing in this section shall be construed to authorize any civil action because of any injury sustained as the result of a disclosure of a record prior to September 27, 1975.

ii. Criminal Penalties

- (1) Any officer or employee of an agency, who by virtue of his employment or official position, has possession of, or access to, agency records which contain individually identifiable information the disclosure of which is prohibited by this section or by rules or regulations established thereunder, and who knowing that disclosure of the specific material is so prohibited, willfully discloses the material in any manner to any person or agency not entitled to receive it, shall be guilty of a misdemeanor and fined not more than \$5,000. See 5 U.S.C. § 552a(i)(1).
- (2) Any officer or employee of any agency who willfully maintains a system of records without meeting the notice requirements of subsection (e)(4) of this section shall be guilty of a misdemeanor and fined not more than \$5,000. See 5 U.S.C. § 552a(i)(2).
- (3) Any person who knowingly and willfully requests or obtains any record concerning an individual from an agency under false pretenses shall be guilty of a misdemeanor and fined not more than \$5,000. See 5 U.S.C. § 552a(i)(3).

**6. Child Support FPLS Requirements (If applicable)**

- a. Contractor, when applicable and to the extent within Contractor's control, and the applicable State of Oklahoma agency must comply with the security requirements established by the Social Security Act, the Privacy Act of 1974, the Federal Information Security Management Act of 2002 (FISMA), 42 United States Code (USC) 654(26), 42 UCS 654a(d)(1)-(5), the U.S. Department of Health and Human Services (HHS), the U.S. Department of Health and Human Services Administration of Children and Families Office of Child Support Enforcement Security Agreement and the Automated Systems for Child Support Enforcement: A Guide for States Section H Security and Privacy. Contractor and applicable State of Oklahoma agency also agree to use Federal Parent Locator Service (FPLS) information and Child Support (CS) program information solely for the authorized purposes in accordance with the terms in this agreement. The information exchanged between state Child Support agencies and all other state program information must be used for authorized purposes and protected against unauthorized access to reduce fraudulent activities and protect the privacy rights of individuals against unauthorized disclosure of confidential information.

- i. This is applicable to the personnel, facilities, documentation, data, electronic and physical records and other machine-readable information systems of the applicable State of Oklahoma agency and Contractor, including, but not limited to, state employees and contractors working with FPLS information and CS program information and state CS agency data centers, statewide centralized data centers, contractor data centers, state Health and Human Services' data centers, comprehensive tribal agencies, data centers serving comprehensive tribes, and any other individual or entity collecting, storing, transmitting or processing FPLS information and CS program information. This is applicable to all FPLS information, which consists of the National Directory of New Hires (NDNH), Debtor File, and the Federal Case Registry (FCR). The NDNH, Debtor File and FCR are components of an automated national information system.
- ii. This is also applicable to all CS program information, which includes the state CS program information, other state and tribal program information, and confidential information. Confidential information means any information relating to a specified individual or an individual who can be identified by reference to one or more factors specific to him or her, including but not limited to the individual's Social Security number, residential and mailing addresses, employment information, and financial information. Ref. 45 Code of Federal Regulations (CFR) 303.21(a).

## **7. FERPA Requirements (If applicable)**

- a. If Contractor takes possession or control of Information covered by FERPA in performance of this Agreement, Contractor agrees to, when applicable and to the extent within Contractor's control comply with and assume responsibility for compliance by its employees with the Family Educational Rights and Privacy Act; (20 U.S.C. § 1232g; 34 CFR Part 99) ("FERPA") and the Oklahoma Student Data Accessibility, Transparency, and Accountability Act of 2013; (70 O.S. § 3-168), where personally identifiable student education data is exchanged.

## **8. CJIS Requirements (If applicable)**

### **a. INTRODUCTION**

This section shall be applicable to the extent that Contractor takes possession or control of CJIS data. The use and maintenance of all items of software or equipment offered for purchase herein must be in compliance with the most current version of the U.S. Department of Justice, Federal Bureau of Investigation ("FBI"), Criminal Justice Information Services (CJIS) Division's CJIS Security Policy ("CJIS Security Policy" or "Security Policy" herein).

The Entity or Affiliate acquiring the data or system is hereby ultimately responsible for compliance with the CJIS Security Policy and will be subject to an audit by the State of Oklahoma CJIS Systems Officer ("CSO") and the FBI CJIS Division's Audit Staff.

b. CJIS SECURITY POLICY REQUIREMENTS GENERALLY

The CJIS Security Policy outlines a number of administrative, procedural, and technical controls agencies must have in place to protect Criminal Justice Information (“CJI”). Our experience is that agencies will generally have many of the administrative and procedural controls in place but will need to implement additional technical safeguards in order to be in complete compliance with the mandate. A Criminal Justice Agency (“CJA”) and certain other governmental agencies procuring technology equipment and services that could be used in hosting or connecting or transmitting or receiving CJI data may need to use the check list herein to make sure that the software, equipment, location, security, and persons having the ability to access CJI will meet the CJIS requirements per the then current CJIS Security Policy. A completed Appendix H to said Security Policy will need to be signed by Vendor or a 3rd party if it has access to CJI, such as incident to the maintenance or support of the purchased hardware or software within which resides CJI. Per Appendix “A” to said Security Policy, “access to CJI is the physical or logical (electronic) ability, right or privilege to view, modify or make use of CJI.”

c. DIRECTIVE CONCERNING ACCESS TO CRIMINAL JUSTICE INFORMATION AND TO HARDWARE OR SOFTWARE WHICH INTERACTS WITH CJI AND CERTIFICATION

The FBI CJIS Division provides state-of-the-art identification and information services to the local, state, tribal, federal, and international criminal justice communities for criminal justice purposes, as well as the noncriminal justice communities for noncriminal justice purposes.

This Directive primarily concerns access to CJI and access to hardware and software in the use, retention, transmission, reception, and hosting of CJI for criminal justice purposes and not for noncriminal justice purposes. In that regard, this Directive is not only applicable to such data, but also to the hardware and software interacting with such data, their location(s), and persons having the ability to access such data. The CJIS data applicable to the Security Policy is the data described as such in said Policy plus all data transmitted over the Oklahoma Law Enforcement Telecommunications System (“OLETS”) which is operated by DPS.

In order to have access to CJI or to the aforesaid hardware or software, the vendor must be familiar with the FBI CJIS Security Policy, including but not limited to the following portions of said Security Policy:

1. the Definitions and Acronyms in §3 & Appendices “A” & “B”;

2. the general policies in §4;
3. the Policies in §5;
4. the appropriate forms in Appendices “D”, “E”, “F” & “H”; and
5. the Supplemental Guidance in Appendices “J” & “K”.

This FBI Security Policy is located and may be downloaded at:  
<https://www.fbi.gov/services/cjis/cjissecurity-policy-resource-center>.

By executing the Contract to which this Directive is attached, the vendor hereby CERTIFIES that the foregoing directive has and will be followed, including but not limited to full compliance with the FBI CJIS Security Policy, as amended and as applicable.
