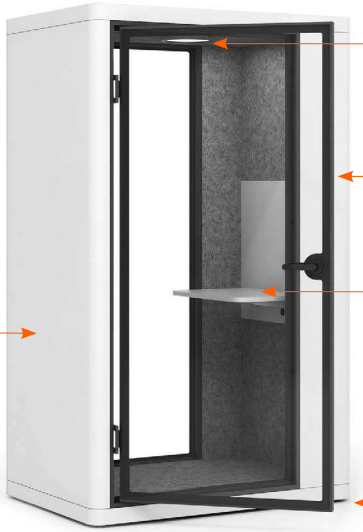
OM PODS | OVERVIEW

Planning

Statement of Line ➤See page 2
OM Pods 3
Kolo Pods 5

Om Sit and Om Stand Pods are designed to offer a quiet, private space for phone or video calls.

Best-in-class Anti-Eavesdrop Design brings you the most private, durable, and flexible phone booth on the market.



Motion-activated lights are dimmable from 1100 lumens.

Exterior is made of premium steel.

Om Sit is perfect for longer work sessions. Choose from several seating options; specified separately.

Worksurface is laminate in white or black to match the pod.
➤See pricing page for worksurface dimensions.

Rollers are standard to allow the pod to move flexibly within your floor plan.

Sprinkler hole is precut.

Om Stand is ideal for a quick video chat.

Motion-activated ventilation (two fans) increase air circulation, refreshing inside air in less than two minutes.

Laminated safety glass on the front and back of unit is impact resistant, reduces reverberations, and can double as a dry erase board.

NIC Rating:
32 dB

Acoustic Standards:
Meets ISO 23351-1

UL 962 Listed:
Pods have gone through extra structural, electrical, and material testing to bring you one of the safest pods on the market.

Built-in Power:
- One ethernet port
- Two AC power outlets
- 10 ft. power cord
- Input: 120 VAC
- Output: DC 5V, 2.1A

LIFETIME WARRANTY

Revision Date	12.15.23

Kimball International Brands (Kimball, National, Etc., Interwoven, and David Edward) warrants that its products are free from defects in materials and workmanship given normal use and care for as long as the original customer owns and uses the product subject to the conditions below.

This warranty is valid only if the product is given proper care and maintenance. Normal use is defined as the equivalent of a single shift, forty-hour work week. Products used in a multi-shift have a 12-year warranty unless noted with exceptions. Certain products are warranted for three-shift 24/7 service as shown in the applicable price list at the time of order acceptance.

The Company, at its option, will repair or replace any product with a comparable product, part, or component, if the claim is eligible under the conditions of this warranty, however, if a product has been discontinued prior to the Company's receipt of the warranty claim, the Company reserves the right to replace with a comparable product in our current portfolio, as determined by the Company in its sole discretion.

Some products and parts may have limited warranty periods (warranty periods run from original date of purchase), may be excluded from this warranty, or may be subject to different terms, as shown in the following exceptions:

12-Year Warranty
- Wood chair frames/legs

10-Year Warranty
- Wood veneers and laminates
- Solid surface and EOS

5-Year Warranty
- All Etc. products except outdoor products
- Mechanical & high-wear parts (such as casters, glides, drawer slides, moving chair arms, pneumatic lifts, door seals)
- Height adjustable tables
- Electrical/power products
- Inflatable lumbar supports
- Lighting
- Monitor arms
- Keyboard kits
- Sinks/faucets
- Keyless locking
- Trendelenburg mechanism
- Central locking caster systems
- Recliner mechanism
- Covering materials (such as foam, most textiles, 3D laminate, marker-board, decorative trim)

3-Year Warranty
- Wool felt
- Mesh

2-Year Warranty
- Etc. outdoor products

1-Year Warranty
- Bean bags and poufs with EPS (Expanded Polystyrene) fill

Exclusions:

This warranty does not apply to:
- Damage caused by a carrier
- Normal wear and tear that is expected during the period of ownership
- The substitution of non-Company components for use in place of Company components
- Appearance, durability, quality, behavior, colorfastness, or any other attribute of C.O.M. (Customer's Own Materials) or any other non-standard material specified by the customer
- Color, grain, or texture of wood, laminate, and other covering materials, including but not limited to, naturally occurring variations and differences in grain character and color between and within wood species, and natural variations in marble and leather, and industry dye-lot variations in fabric color
- Alliance program fabrics
- Fabric, leather, and felt fading and wear, discoloration from contact with liquids, or change in color or texture caused by the application of finishes (flame proofing, stain resistance)
- Products considered to be consumable (bulbs, light ballast, and certain electronic products)
- Non-compliance with installation and maintenance instructions
- Damages or failures resulting from modifications, alterations, misuse, abuse, negligence, or improper care and maintenance of our products

EXCEPT AS EXPRESSLY SET FORTH ABOVE, THERE ARE NO OTHER WARRANTIES EITHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE. TO THE EXTENT PERMITTED BY LAW, WE EXCLUDE AND WILL NOT PAY CONSEQUENTIAL, PUNITIVE, OR INCIDENTAL DAMAGES UNDER THIS WARRANTY.

Notes:

Kimball International's family of brands includes Kimball, National, Etc., Interwoven, and David Edward. References to the "Company" in this warranty refer to the relevant brand whose product is at issue. Facility managers and users are urged to make periodic inspections to look for signs of structural fatigue, damage, and potential failure that may occur as a result of daily handling and use. Inspections should include the structural joints, corner blocks, screws or fasteners, welds, and any other points of stress. If any problems are found, the product should be taken out of service and Customer Service should be contacted promptly at 800.482.1717.

This warranty is made to the original customer for as long as the original customer owns and uses the product. This warranty is only valid if the products are given normal and proper use, as well as installed, used, and maintained in accordance with the Company's installation and/or application guidelines and installed by an authorized dealer or agent. The Company assumes no responsibility for repairs to products sustaining damages resulting from user modification, attachments to a product, misuse, abuse, alteration, or negligent use of our products.

Wood Finish Color Matching
Each piece of natural wood offers unique texture and grain. Minor variations in finish color and value may occur due to the natural characteristics of wood. The Company carefully selects all materials used in every product ensuring a commercially acceptable color and finish. Factors such as aging and exposure to light alter finishes.

Fabric Color Matching
The Company will always ship a satisfactory commercial match on fabric. Because of industry dye-lot variation, colors may not match exactly.

Process for Warranty Issues:

① Contact Customer Service (800.482.1717) and provide them with the serial number from the product in question and the purchase order number or acknowledgement number and a detailed description of the warranty issue. Serial numbers are mandatory before the claim can be processed.
② Customer Service will determine and pre-approve all resolutions to the claim such as replacement units, service parts, labor, and repair charges. Upon approval, resolutions will be assigned an authorization number.
③ The authorization number must be included on all invoices for reimbursement. Any unauthorized charges will not be the responsibility of the Company.

GENERAL INFORMATION

QUICK DELIVERY PROGRAM

Our most popular series and options are available to deliver to you in 10 days or less through our Quick Delivery program. We offer a wide variety of product solutions to outfit any space and coordinate with any style, for no upcharge. From private office and open plan areas to reception and collaborative spaces, our complete portfolio of Quick Delivery solutions offers endless possibilities, all delivered within 10 days or less.

Specific models from the following series are available on Quick Delivery:

Alloy	Bases and Support
Epic	Toss
WaveWorks	Accessories

QUICK DELIVERY MODEL NUMBERS

Quick Delivery model numbers are tagged with a "Q" and/or shaded in grey throughout the price list.

QUICK DELIVERY ORDERING

We will not accept changes or cancellations for Quick Delivery orders. The Quick Delivery orders must contain only Quick Delivery models - submit a separate order for any products that are not included in the program. Remember that the time to complete the order is based on business days and does not include weekends or holidays. The day your order is placed with National counts as day zero.

QUICK DELIVERY QUANTITIES

Need 20 guest chairs in 10 business days or less? No problem, with our Quick Delivery program, we've got you covered. Need more than 20? Just give us a call, and we'll work with you to get what you need, when you need it. Once in a while, demand exceeds capacity. Then, orders are subject to availability.

ALLOY PRODUCT SPECIFICATIONS

WORKSURFACE

- Laminate surfaces are 1⅜₁₆" HPL (high pressure laminate) or 1⅛" TFL (thermally fused laminate), and feature a softened 3mm vinyl rim
- Refer to page 9 for rim profiles and colors
- Grain direction runs left-to-right
- Always sold with base

HEIGHT ADJUSTABLE BASES WITH POWERED PHASE 3 SYSTEM

- Rated for a maximum of 220 lbs. (including surface and other accessories)
- Adjustable glides are standard
- Digital readout of position, 4 programmable locations
- 27½" to 43½" (without surface) / 28½" to 44½" (with surface)
- Power cord for base is 124" long
- 2 stage telescoping leg
- Some assembly required
- All hardware and electrical included
- Electrical included with powered units. Phase 3 system; 3-circuit/5-wire system. UL Listed in full compliance with National Electric Code (NEC). 1, 2, 3, or hardwire circuit configurations can be selected for the receptacles. Standard-capacity power block, provides back-to-back or single user power, and has 2 receptacles per user. No more than 12 duplexes / 20 amp circuit. Phase 3 system is rated at 20 amps. The duplex receptacles are rated at 15 amp. The wiring consists of 5 wires: 3 hot, 1 neutral, and 1 ground. Hardwire selection will include 2 installed empty back-to-back or single junction boxes
- Items included with this model: base, worksurfaces, center beam, wire management trough, and electrical
- Double sided units can be ganged together or used as freestanding units
- Single sided units have both ganging and non-ganging models
- Single sided ganging can gang to single or double ganging models
- Ganging kits are sold separately
- Alloy adjustable height powered bases can be plugged into themselves. This will take up 1 of the power outlets in the unit automatically
- Only Underwriters' Laboratory (UL) or Canadian Standards Association (CSA) listed electrical components are used in electrical devices and are so labeled. The customer is responsible for the proper application of products to the local codes under which installation must be made

HEIGHT ADJUSTABLE BASES (DOUBLE SIDED, NON-POWERED)

- Rated for a maximum of 220 lbs. (including surface and other accessories)
- Adjustable glides are standard
- Digital readout of position, 4 programmable locations
- 27½" to 43½" (without surface) / 28½" to 44½" (with surface)
- Power cord for base is 124" long
- 2 stage telescoping leg
- Some assembly required
- Items included with this model: base and worksurfaces
- Double sided units can be ganged together or used as freestanding units
- Ganging kits are sold separately

HEIGHT ADJUSTABLE BASES (SINGLE SIDED, GANGING, POWERED)

- Rated for a maximum of 220 lbs. (including surface and other accessories)
- Adjustable glides are standard
- Digital readout of position, 4 programmable locations
- 27½" to 43½" (without surface) / 28½" to 44½" (with surface)
- Power cord for base is 124" long
- 2 stage telescoping leg
- Some assembly required
- Items included with this model: base, worksurface, beam wire management trough, electrical, and feet
- Ganging kits to gang to single or double sided units sold separately
- Alloy adjustable height powered bases can be plugged into themselves. This will use 1 of the power outlets in the unit

HEIGHT ADJUSTABLE BASES (SINGLE SIDED, GANGING, NON-POWERED)

- Rated for a maximum of 220 lbs. (including surface and other accessories)
- Adjustable glides are standard
- Digital readout of position, 4 programmable locations
- 27½" to 43½" (without surface) / 28½" to 44½" (with surface)
- Power cord for base is 124" long
- 2 stage telescoping leg
- Some assembly required
- Items included with this model: base, worksurface, beam, and feet
- Ganging kits to gang to single or double sided units sold separately

HEIGHT ADJUSTABLE BASES (SINGLE SIDED, NON-GANGING, NON-POWERED)

- Rated for a maximum of 220 lbs. (including surface and other accessories)
- Adjustable glides are standard
- Digital readout of position, 4 programmable locations
- 27½" to 43½" (without surface) / 28½" to 44½" (with surface)
- Power cord for base is 124" long
- 2 stage telescoping leg
- Some assembly required
- Items included with this model: base, worksurface, and feet

HEIGHT ADJUSTABLE FEET

- Single sided, freestanding or single sided, ganging - feet must be used and are included with unit
- If ganging single sided to double sided, with double sided on each side of the single, no foot is required, however, if the single sided unit is at the end of the run, the foot is required
- Feet are not included in double sided models, but can be ordered separately

FIXED HEIGHT BASES WITH POWERED PHASE 3 SYSTEM

- Adjustable glides are standard
- Some assembly required
- All hardware and electrical included
- Electrical included with powered units. Phase 3 system; 3-circuit/5-wire system. UL Listed in full compliance with National Electric Code (NEC). 1, 2, or 3 circuit configurations can be selected for the receptacles. Standard-capacity power block, provides back-to-back or single power, and has 2 receptacles per user. No more than 12 duplexes/ 20 amp circuit. Phase 3 system is rated at 20 amps. The duplex receptacles are rated at 15 amp. The system supports 3 circuits; 1, 2, 3, or hardwire circuits. The customer must order the coordinating duplex receptacles when wiring to the number of circuits needed. The wiring consists of 5 wires: 3 hot, 1 neutral, and 1 ground. Hardwire selection will include 2 installed empty back-to-back or single junction boxes
- Items included with this model: base, worksurfaces, center beam, wire management trough, and electrical
- Only Underwriters' Laboratory (UL) or Canadian Standards Association (CSA) listed electrical components are used in electrical devices and are so labeled. The customer is responsible for the proper application of products to the local codes under which installation must be made
- Double sided units can be ganged with a "start", "mid", and "end" or as freestanding
- Single sided units have both ganging and non-ganging models
- Single sided ganging can gang to single or double freestanding, "start", or "end" units
- Ganging kits are sold separately
- Wire management cutout (2½") is standard on fixed height powered models
- No other grommet options available on these models

FIXED HEIGHT BASES (SINGLE SIDED, GANGING, POWERED)

- Adjustable glides are standard
- Some assembly required
- Items included with this model: base, worksurfaces, beam, wire management trough, and electrical
- Ganging kits to gang to single sided, double sided freestanding, "start", or "end" must be ordered separately
- Wire management cutout (2½") is standard on fixed height powered models
- No other grommet options available on these models

FIXED HEIGHT BASES (SINGLE SIDED, GANGING, NON-POWERED)

- Adjustable glides are standard
- Some assembly required
- Items included with this model: base, worksurfaces, and beam
- Ganging kits to gang to single sided, double sided freestanding, "start", or "end" must be ordered separately

FIXED HEIGHT BASES (NON-POWERED, NON-GANGING)

- Adjustable glides are standard
- Some assembly required
- Items included with this model: base and worksurface

FLOOR POWER ENTRY POLE

- Can be used on adjustable, fixed single, or double sided bases
- Attaches to underside of beam, used to conceal power in-feed and data cables
- Non-supporting and can enter at either end or in between benches at the connection point

CEILING POWER/DATA POLE

- Routes power and data from ceiling access to Alloy units
- Electrical not included in power pole
- Do not recommend cutting in the field
- Must be used on an end of a run
- Fixed height base model and adjustable height base model available
- 132" length
- An optional 288" power entry whip ordered separately

TACKABLE PRIVACY SCREEN - EDGE MOUNTED

- Privacy screens are ⅞" thick dual sided textile
- Privacy screen holders are 12 gauge steel
- Privacy screens are not intended to be stand alone units
- For use with Alloy height adjustable units and single fixed units
- Screen extends 18" above the surface and 3½" below the surface

TACKABLE PRIVACY SCREEN - BEAM MOUNTED

- Privacy screens are ⅞" thick dual sided textile
- Privacy screens are not intended to be stand alone units
- For use with height adjustable and fixed height benching units
- Screen extends 18" above the surface

RESIN PRIVACY SCREEN

- For fixed models only
- Mounts in track on beam
- Track available in Designer White, Cinder, or Platinum Metallic
- Screens are 3⁄16" thick
- 13" high and 18" high options

MONITOR ARM - BEAM MOUNTED

- Features 4D adjustment; adjusting in and out, up and down, swiveling left and right, and tilting back and forward
- Dynamic arm has integrated cable management
- Single monitor arm supports 1 monitor up to 5.5 lbs. - 15.5 lbs.
- VESA plates are 100mm x 100mm standard. The standard VESA plates are not compatible with Apple monitors
- Monitor arm is only available in Fixed Height beam mounted application
- Maximum of 2 beam mounted arms per beam. Monitor arms are not to extend past the worksurface (not to extend 180) for stability purposes
- Monitor arms are not to extend past the worksurface (not to extend beyond 180°) for stability.
- Monitor arms not to be turned away from user
- Monitor should always be kept above worksurface

MONITOR ARM - GROMMET MOUNTED

- Attachment method via bolt through grommet
- MFlex pole available w/ single arm or dual arms
- Fixed/ dynamic arm
- Pole height from the top of worksurface is 13¼"; Monitor rotation - port/landscape; Monitor extension 4" - 21⅞" and tilt adjustment + 80/ - 15°; 10" dynamic, 6⅝" Manual
- 5.5 lbs. minimum - 15.5 lbs. maximum weight capacity per monitor
- Monitor arms are not to extend past the worksurface (not to extend beyond 180°) for stability.
- Monitor arms not to be turned away from user

VERTICAL WIRE MANAGER

- Flexible nylon; available in black, white, and silver
- Can be used on powered adjustable height double sided bases
- Attaches to underside of worksurfaces; used to conceal power and data cables

ADJUSTABLE HEIGHT SINGLE SIDED BASE VERTICAL WIRE MANAGER

- Flexible nylon; available in black, white, and silver
- Can be used with adjustable height single sided bases to conceal wires to the floor
- Attaches to underside of worksurfaces; used to conceal power and data cables

DATA CUTOUTS

- Data jack covers and blanks not provided by National
- There is 1 data and 2 electrical cutouts per side in the horizontal wire manager
- Recommended use with Leviton Quickport® Decora® Inserts
  - Decora inserts accept all Quickport snap-in modules

ALLOY METAL STORAGE

PRODUCT SPECIFICATIONS

PEDESTALS AND MOBILE PEDESTALS

- Leveling glides with 1¾" of adjustment featured on all units except mobile pedestals
- Powder coated paint
- Counterweights included
- Mobile pedestals with cushions have a weight limit of 200 lbs. max

DRAWERS

- ⅝" thick drawer front consists of 22-gauge cold-rolled steel
- Silencing bumpers ensure quiet drawer operation
- Cinder steel drawer interiors
- Drawer body consists of 22-gauge cold-rolled steel
- Drawers cannot be bottom loaded
- See interior drawer dimensions below

DRAWER PULLS

- Available in 3 styles, refer to page 9 for styles and colors
- Full overlay drawers on all cabinets unless otherwise noted

DRAWER SUSPENSION

- File drawers have full extension, progressive action slides with precision steel ball bearings
- Box drawers have full extension slides with ball bearing rollers

FILING

- See filing capabilities below

LOCKING

- Black and silver lock cores are available
- Key Random means lock cores/keys are randomly (1-5) picked and factory installed in unit
- Key Specific means you can pick any number (1-200) for black or silver lock core/key. Must specify the lock core model separately; not factory installed and will ship separately
- Specify a change key to remove and change lock cores
- To order key specific lock cores, change keys, and master keys, reference page 660

CONSTRUCTION VERTICAL STORAGE

- 2¼" glide adjustment
- Units made of 18-gauge cold-rolled steel
- Backs and sides finished
- Drawer bottoms not intended to be used as main support for storage items
- Wardrobe has 2 coat hooks and an adjustable shelf with ½" of adjustment
- All locker models have 3 lockers
- 42" tall units intended to match Alloy units with privacy panels (13")
- 53" tall units intended to match Alloy units with privacy panels (23") and to other WaveWorks storage units

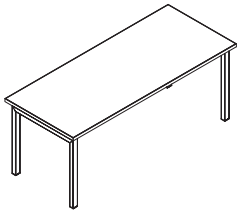
NON-POWERED, NON-GANGING (NO CENTER BEAM)



24" x 48", 54", 60", 66", 72"
30" x 48", 54", 60", 66", 72"

NOTE: Power will always be in these units strictly for the "height adjustability."

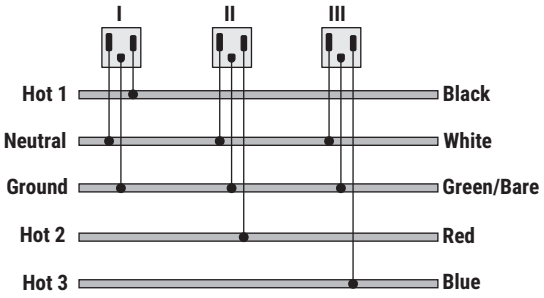
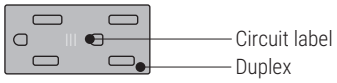
- Electrical included with powered units are a Phase 3 system; 5-wire/3-circuit system. 1, 2, 3, or hardwire circuit configurations can be selected for the receptacles. Standard-capacity power block, provides back-to-back or single power, and has 2 receptacles per user. Hardwire selection will include 2 installed empty back-to-back or single junction boxes
- Power entry whips are available in 72", 144" and 288" long and must be ordered separately. The power entry whip has a modular connector at 1 end, attached to a flexible metal conduit with exposed wiring at the other end which is hardwired to the building power. Power entry whips may connect at the end of a run or anywhere within the run, providing power in 1 or both directions
- Jumpers must be ordered separately and are used to connect power between benches
- Duplex receptacles are labeled as to the specific circuit they are connected to: I, II, and III

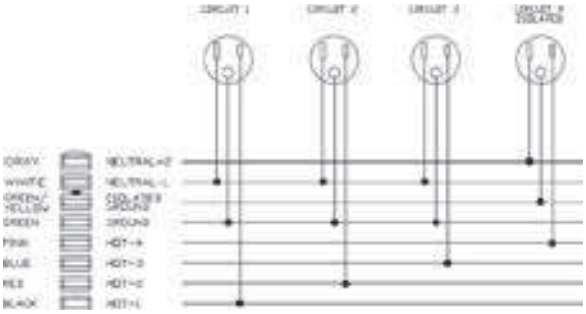
5 WIRE/3-CIRCUIT
CIRCUIT ARRANGEMENT

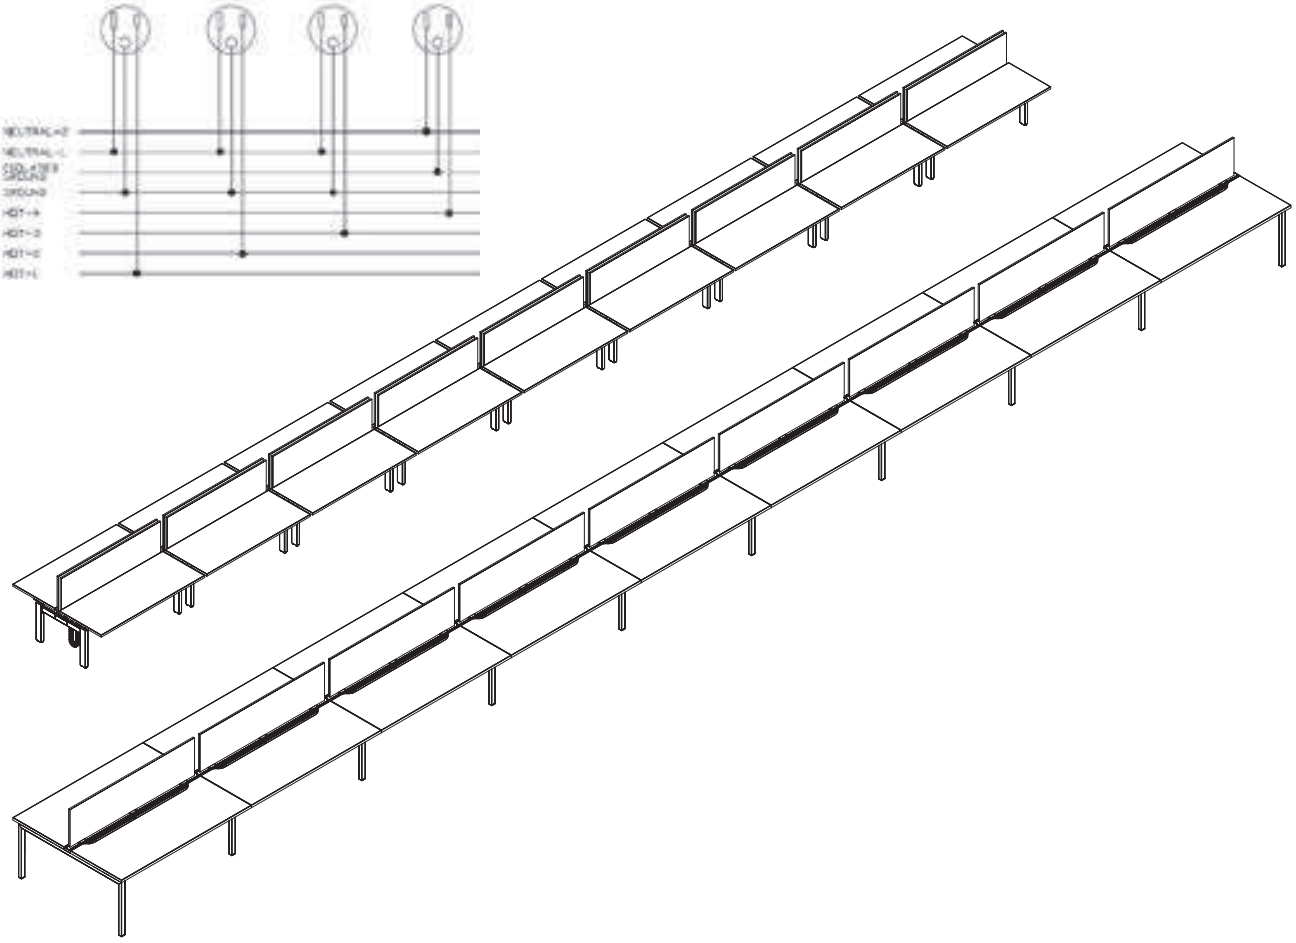


Power Receptacle



8 WIRE/4-CIRCUIT
CIRCUIT ARRANGEMENT





- The maximum amount of duplexes that can be used on 1 power entry whip is 12 duplexes per-circuit
- Each double unit has 4 duplexes (2 per side)
- Each single unit has 2 duplexes (per user)

ALLOY - THOUGHT STARTERS

ADJUSTABLE HEIGHT - NON-POWERED DOUBLE SIDED CENTER BEAM

The overall number of units ganged is only limited based on electrical and floor space.

Units can be used as freestanding models or can be ganged together to create a run of units.

Ganging kits must be ordered separately.

	PART NUMBER	PART DESCRIPTION	LIST PRICE	QUANTITY	EXT LIST

			Total	$50,703

- Electrical included with powered units are a Phase 3 system; 3-circuit/5-wire system. 1, 2, 3, or hardwire circuit configurations can be selected for the receptacles. Standard-capacity power block, provides power, and has 2 receptacles per user. Hardwire selection will include 2 installed empty back to back or single junction boxes
- Vertical wire managers must be ordered separately and are used to conceal conduit and cables between the worksurface and center beam
- Ganging jumpers must be ordered separately and are used to jump power from 1 unit to the next
- Center beam mounted or edge mounted privacy screens can be ordered separately
- Power entry pole can be used to conceal power to the system. This is sold separately and is used to conceal the data and power cables from the floor to the unit. This is non-supporting and can enter at either end or in between benches at the connection point
- Grommet mounted monitor arms can be ordered separately
- Horizontal wire manager included with the base model provides a trough for cable to the power/data through tray cut-outs
- Powered single sided adjustable height units ship with the base, top, beam, horizontal wire manager, electrical, and feet
- Each worksurface is sized 1½" smaller in width than the model number dimensions to eliminate creep factor and pinch points when ganged together
- Ganging bracket/cover kit must be ordered separately
- Feet must be used

ALLOY - THOUGHT STARTERS

FIXED HEIGHT - NON-POWERED DOUBLE SIDED CENTER BEAM

The overall number of units ganged is only limited based on electrical and floor space.

Units are sold as a Start, Mid, or End model. A continuous run of units always require a start and end. Additional Mid models can be added in the middle to create a longer run.

- Beam mounted privacy screens can be ordered separately
- Center beam mounted or grommet mounted monitor arms can be ordered separately
- Grommet cutouts can be selected in the worksurface to add above worksurface power (see page 11 for grommet selections). The G17A, G17B, or G17C powered grommet must be ordered separately to be installed in the grommet cutout
- Single sided units can gang to a Fixed Start, End, or Freestanding unit
- Ganging bracket/cover kit must be ordered separately

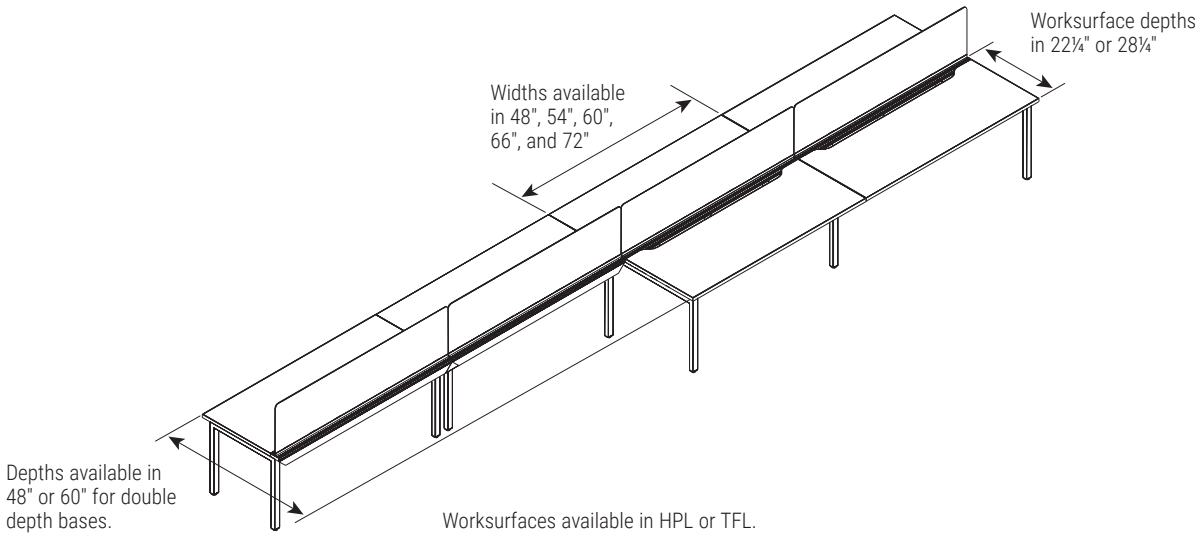
3/27/2024 BidSync

FIXED HEIGHT - POWERED GANGING DOUBLE/SINGLE COMBINATION

The overall number of units ganged is only limited based on electrical and floor space.

Fixed single sided ganging can gang to single ganging model, freestanding double or a start/end

Double sided units are sold as a Start, Mid, or End model. A continuous run of units always require a start and end. Additional Mid models can be added in the middle to create a longer run. Freestanding double sided units can gang with a flat bracket.



6 USER STATION

PART NUMBER	PART DESCRIPTION	LIST PRICE	QUANTITY	EXT LIST
71N6072FB2PSLL	Fixed Height Base, Double, Starter, Ganging - TFL Top	$ 4013	1	$ 4,013
71N6072FB2PELL	Fixed Height Base, Double, End, Ganging - TFL Top	$ 3766	1	$ 3,766
71N3072FB1PGLL	Fixed Height Base, Single, Powered - TFL Top	$ 2573	2	$ 5,146
71NGBSF23	Fixed Height Single Ganging Bracket/Cover Kit, Black	$ 116	2	$ 232
71N72ELE	Power Entry Whip Hardwire	$ 157	1	$ 157

71N7213PVDP	Beam Mounted Privacy Screen-Rectangular - Resin, Grade 1	$ 982	4	$ 3,928
			Total	$17,509

- Electrical included with powered units are a Phase 3 system; 3-circuit/5-wire system. 1, 2, 3, or hardwire circuit configurations can be selected for the receptacles. Standard-capacity power block, provides back-to-back or single power, and has 2 receptacles per side. Hardwire selection will include 2 installed empty back to back or single junction boxes
- Ganging jumpers must be ordered separately and are used to jump power from 1 unit to the next
- Beam mounted privacy screens can be ordered separately
- Power entry pole can be used to conceal power to the system. This is sold separately and is used to conceal the data and power cables from the floor to the unit. This is non-supporting and can enter at either end or in between benches at the connection point
- Center beam mounted monitor arms can be ordered separately
- Horizontal wire manager included with the base model provides a trough for cable to the power/data through tray cut-outs
- Powered fixed height units ship with the base, top, beam support, horizontal wire manager, and electrical
- Wire management cutout comes standard in the worksurface of a powered fixed height unit; this allows easy access to the below surface electrical

	MODEL NO./DESCRIPTION		LIST PRICE	DIMENSIONS D	W	H	A	KW	CARTONED WEIGHT	CUBIC FEET
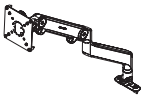
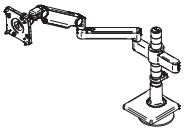
CENTER BEAM MOUNTED MONITOR ARM	NACMA1BFS	Silver	$ 736	20¾	4½	18¼	—	—	8 lbs.	1.1



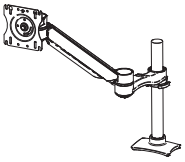
- Used on fixed height bases only
- 360° arm rotation not available in most applications
- See page 658 for Monitor Arm Information

FLEXIBLE SINGLE MONITOR ARM GROMMET MOUNTED	NACMA1GFB	Black	$ 665	30¾	6½	12½	—	—	10.5 lbs.	1.4
	NACMA1GFS	Silver	665	30¾	6½	12½	—	—	10.5 lbs.	1.4



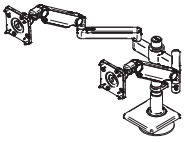
- 360° arm rotation not available in most applications
- See page 658 for Monitor Arm Information

SINGLE MONITOR ARM GROMMET MOUNT	NACMA1GTS	Silver	$ 665	30¾	6½	12½	—	—	12 lbs.	1.4



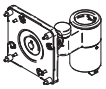
- Attachment method via bolt through grommet
- Cannot be used on a worksurface if mounting location is directly above a pedestal, modesty panel, or support panel
- Not recommended for use with a top that is utilizing any mobile base
- When there is a worksurface overhang (Ex: 24" pedestal with a 30" worksurface), it is recommended that a customer use a grommet mount monitor arm and not a clamp mount monitor arm
- 20 lbs. load capacity
- Not recommended to turn the monitor arms away from the user side
- Monitor arm is TAA compliant.

FLEXIBLE DUAL MONITOR ARM GROMMET MOUNTED	NACMA2GFB	Black	$ 1261	30¾	6½	12½	—	—	14 lbs.	1.4
	NACMA2GFS	Silver	1261	30¾	6½	12½	—	—	14 lbs.	1.4



- 360° arm rotation not available in most applications
- See page 658 for Monitor Arm Information

TRIPLE MOUNTED MONITOR ARM KIT	NACMA3KFB	Black	$ 253	6	2½	5¼	—	—	4 lbs.	0.4
	NACMA3KFS	Silver	253	6	2½	5¼	—	—	4 lbs.	0.4



- Add onto Flexible Dual Monitor Arm pole to add a third monitor
- 360° arm rotation not available in most applications
- See page 658 for Monitor Arm Information

EPIC

Product Specifications 76
Configuration Options 77
Grommet Location Options 81
Guidelines/General Information 82
Drawer Specifications 82
Assembled Units 83

PRODUCT SPECIFICATIONS

WORKSURFACE

- Worksurfaces are sized on 6" increments for easy planning
- Laminate surfaces are 1⅜" HPL (high pressure laminate), and feature a 3mm vinyl or wood rim or a knife rim profile
- All veneer surfaces feature a 3mm wood rim or knife rim profile
- Knife rim surfaces available on 1 (K1) and/or 2 (K2) sides to simplify space planning
- 1 sided knife rim surfaces are recommended when using in a bridge, return, or credenza style application
- 2 sided knife rim surfaces recommended when using as a desking surface
- Refer to page 77 for rim profiles and colors
- Grain direction runs left-to-right unless otherwise noted
- Size modifications available at no upcharge; many Epic component worksurfaces can be cut down in 1⁄16" increments. See component section for specific models

FINISH APPLICATION

- All Veneer surfaces feature a semi-open pore matte finish

CHASSIS CONSTRUCTION

- All joints are securely fastened by screws, L-brackets, dowels, and concealed fasteners to ensure maximum strength
- Footed-base design features 2⅜" tall cast foot, 1⅞" tall steel façade rail and adjustable leveling glides as standard on all casegoods
- End panels and support panels are 1⅛" thick, modesty panels are ¾" thick
- Laminate modesty panels have horizontal grain direction unless noted
- Wood modesty panels have vertical grain direction unless otherwise noted
- Laminate with horizontal grain (example: Sable Horizontal 792H) will always have horizontal grain direction
- Back panels are fully finished unless noted

SHELVES

- Shelves on open bookcases will be veneer, when ordering a veneer bookcase
- Shelves in doored units will always be laminate; doors on bookcases and above worksurface units come standard with touch latch
- Shelves are ¾" thick

PEDESTALS

- Full, lower height or mobile options available

DRAWERS

- Drawers feature 5-sided construction allowing for easy removal/replacement of drawer fronts
- Sides, back and front are ½" thick woodgrain vinyl wrapped
- Drawer fronts are 3-ply construction with matched woodgrain
- For interior drawer dimensions, reference page 82

DRAWER PULLS

- 4 pull styles: Laguna, Level, Waterfall, Horizon
- Available in Cinder, Concrete, Iron, Platinum Metallic and Satin Nickel Metallic

DRAWER SUSPENSION

- Box and file drawers are equipped with black, full extension, progressive action slides
- Precision steel ball bearings combined with sequence slide movement ensures long lasting operation

FILING

- Drawers are equipped with black metal filing hardware that accommodates various filing requirements
- No-tool, easy installation allows for quick interchangeable filing capabilities
- Refer to page 82 for complete filing details

CORD MANAGEMENT

- Round grommets, racetrack grommets and wire managers are optional on worksurfaces
- When worksurface grommets are ordered, half-moon grommets in modesty panels and extended radius grommets in pedestal end panels will come standard in all bridges, credenzas and returns
- Round grommets optional on component end panels
- Half-moon grommet optional on component modesty panels
- Extended radius grommet optional on end panels of component pedestals
- Wire manager worksurfaces have a flexible vinyl trough that allows cords and cables to be routed along the back edge and sides of worksurfaces of all bridges, credenzas and returns
- Refer to page 79 for available grommet/wire manager colors
- Refer to page 81 for complete grommet locations and details
- Undersurface wire managers are available for additional cable management requirements; see page 675 for options

LOCKING

- Black and silver lock cores are available
- Key Random means lock cores/keys are randomly (1-5) picked and factory installed in unit
- Key Specific means you can pick any number (1-200) for black or silver lock core/key. Must specify the lock core model separately; not factory installed and will ship separately
- Specify a change key to remove and change lock cores
- To order key specific lock cores, change keys, and master keys, reference page 660

COMPONENTS

- Component models will ship bulk packed when applicable

GROMMET LOCATION OPTIONS

Grommets are available for factory installation in worksurfaces in predetermined locations as shown below. Simply specify the desired grommet style and location in the model number sequence. Refer to page 79 for options.

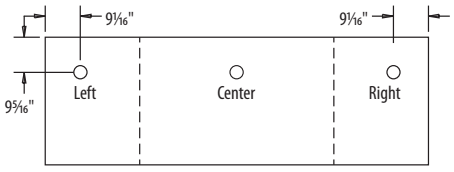
Round grommets are also available for field installation; see page 665.

- **If specifying a grommet in the center location of a component worksurface, be sure there is clearance under the grommet opening so as not to conflict with undersurface components**

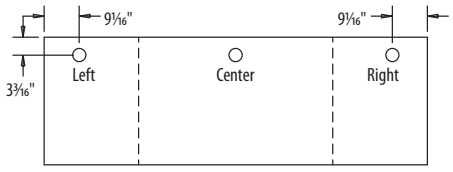
Worksurface grommet locations:

Excluding the corner unit, distance to the center of the grommet is the same for the G1 round grommet, G11 racetrack grommet or the CUT-G17 option.

Excluding the J-Desk and the corner unit, the same locations are available for the round or racetrack grommet and the cutout option.



30" and 36" deep Worksurfaces



18" and 24" deep Worksurfaces

3/27/2024 BidSync

PRODUCT SPECIFICATIONS

- Exhibit rail can be cut to size in the field
- Alignment brackets are required to align 2 sections of the Exhibit rail in line
- Exhibit mount overheads available, see pages 107-110
- National will not be liable for Exhibit mounted cabinets or wall mount cabinets that are not properly installed

TO ORDER, SPECIFY:

1. Model Number
2. Paint Color

SAMPLE MODEL NUMBERS:

11NCPFSL 461
25N4805SMCM 501

- See pages 77-80 for all options available in Epic

	MODEL NO./DESCRIPTION		LIST PRICE	DIMENSIONS D	W	H	A	KW	CARTONED WEIGHT	CUBIC FEET
EXHIBIT WALL RAIL	**WALL RAIL**									
	11N72EXP1	1 Rail/No faceplate	$ 137	¾	72	1¾	–	–	6 lbs.	0.7
	11N144EXP1	1 Rail/No faceplate	199	¾	144	1¾	–	–	12 lbs.	1.4

- Includes 1 wall rail and 2 alignment brackets
- Specify 423 Concrete, 462 Cinder, 463 Iron, 501 Platinum Metallic or 503 Satin Nickel Metallic
- For use when hanging a worksurface or overhead without the use of an insert

FILLER STRIP KIT EXHIBIT MOUNT	11NCPFSW	Wood	$ 72	1	3	27¼	–	–	3 lbs.	1.0
	11NCPFSL	Laminate	37	1	3	27¼	–	–	3 lbs.	1.0

- For use with Exhibit mounted overheads when an insert is not used behind the overhead
- Must be field scribed for 18" and 13" high overhead models
- Specify solid/woodgrain/Gallery laminate or wood finish

METAL STORAGE CUBBY	25N4805SMCM		$ 459	13 15/16	47⅞	4¾	–	–	24 lbs.	1.8
	25N4205SMCM		434	13 15/16	41⅞	4¾	–	–	22 lbs.	1.6
	25N3605SMCM		410	13 15/16	35⅞	4¾	–	–	20 lbs.	1.4
	25N3005SMCM		382	13 15/16	29 15/16	4¾	–	–	19 lbs.	1.1

- Storage cubby has a removable tray and is ideal for organizational storage
- Storage cubby can be added to the underside of any 13" high wall mount or Exhibit mount overhead
- When added to a 13" overhead, bottom storage cubby will align with the bottom of an 18" overhead unit
- Specify Cinder (462), Platinum Metallic (501), or Satin Nickel Metallic (503) paint color
- See page 661 for magnetic mount LED strip light
- Storage cubby can be added to the underside of the set-on surface overheads listed on pages 112-115; cubby size needs to be smaller than the overhead size due to the stanchions; Ex: 48" cubby with a 60" overhead, 42" cubby with a 48" overhead

EPIC

PRODUCT SPECIFICATIONS

- Tops of units are finished with flat edge detail
- National will not be liable for set-on surface overhead storage cabinets that are not properly installed
- Cabinets have a full height back panel
- Sliding doors feature a face mount powder coated aluminum track on top and bottom of cabinet
- Short overhead supports are 5¼" H and long overhead supports are 10½" H
- See page 79 for details on how to specify

25N3248WSSLK1	Laminate	833	31⅜	48⅛	1⅜	–	–	59 lbs.	2.8

- Wire Manager available on left side, back, right side, back & left or back & right; see page 77 for wire manager colors and upcharge
- When ordering a wire manager, a wire manager filler can be ordered separately; see page 186
- Worksurfaces can be ordered in ⅛" increments in depth and/or width to next smallest available size at no upcharge
- When ordering a worksurface with a size modification, specify desired depth and/or width
- For use with 23" or 29" deep pedestals
- Worksurfaces up to 72" wide can be used for table desking applications
- Specify center grommet only when using C-leg bases; field installed grommets are also available
- To provide additional worksurface support when using in table desking applications, see undersurface support rails on page 183
- For undersurface wire managers, see page 675

3/27/2024 BidSync

PRODUCT SPECIFICATIONS

- Worksurfaces shipped with appropriate hardware by specifying worksurface type; see the specification guide for details
- Rim on all 4 sides of (wood or laminate) softened rim worksurfaces; unless a wire manager is specified then the rim would only be where the wire manager is not located
- Knife rim profile (wood or laminate) available on user side (indicated by K1) or user and approach side (indicated by K2)
- If specifying wood, you must specify the same finish for all options
- Component worksurfaces can be used with assembled units
- Refer to page 81 for grommet locations; and page 79 for grommet upcharge
- Unsupported worksurface spans should not exceed 48"; see page 183 for support options
- Refer to pages 651-729 for accessories

- Wire Manager available on left side, back, right side, back & left or back & right; see page 77 for wire manager colors and upcharge
- When ordering a wire manager, a wire manager filler can be ordered separately; see page 186
- Worksurfaces can be ordered in 1/16" increments in depth and/or width to next smallest available size at no upcharge
- When ordering a worksurface with a size modification, specify desired depth and/or width
- For use with 23" deep pedestals
- Worksurfaces up to 72" wide can be used for table desking applications
- To provide additional worksurface support when using in table desking applications, see undersurface support rails on page 183
- For worksurfaces with grain direction running front-to-back see pages 142-143
- For undersurface wire managers, see page 675

3/27/2024 BidSync

PRODUCT SPECIFICATIONS

- Worksurfaces shipped with appropriate hardware by specifying worksurface type; see the specification guide for details
- Rim on all 4 sides of (wood or laminate) softened rim worksurfaces; unless a wire manager is specified then the rim would only be where the wire manager is not located
- Knife rim profile (wood or laminate) available on user side (indicated by K1) or user and approach side (indicated by K2)
- If specifying wood, you must specify the same finish for all options
- Component worksurfaces can be used with assembled units
- Refer to page 81 for grommet locations; and page 79 for grommet upcharge
- Unsupported worksurface spans should not exceed 48"; see page 183 for support options
- Refer to pages 651-729 for accessories

- Wire Manager available on left side, back, right side, back & left or back & right; see page 77 for wire manager colors and upcharge
- When ordering a wire manager, a wire manager filler can be ordered separately; see page 186
- Worksurfaces can be ordered in ¹⁄₁₆" increments in depth and/or width to next smallest available size at no upcharge
- When ordering a worksurface with a size modification, specify desired depth and/or width
- For use with 17" deep pedestals
- To provide additional worksurface support when using in table desking applications, see undersurface support rails on page 183
- For undersurface wire managers, see page 675

PRODUCT SPECIFICATIONS

- Worksurfaces shipped with appropriate hardware by specifying worksurface type; see the specification guide for details
- Rim on all 4 sides of (wood or laminate) softened rim worksurfaces; unless a wire manager is specified then the rim would only be where the wire manager is not located
- Knife rim profile (wood or laminate) available on user side (indicated by K1) or user and approach side (indicated by K2)
- If specifying wood, you must specify the same finish for all options
- Component worksurfaces can be used with assembled units
- Refer to page 81 for grommet locations; and page 79 for grommet upcharge
- Unsupported worksurface spans should not exceed 48"; see page 183 for support options
- Refer to pages 651-729 for accessories

- Reference pages 577-580 for applicable bases
- Do not specify worksurface type
- (K1) knife edge on all 4 sides

3/27/2024 BidSync

PRODUCT SPECIFICATIONS

- Worksurfaces shipped with appropriate hardware by specifying worksurface type; see the specification guide for details
- Rim on all 4 sides of (wood or laminate) softened rim worksurfaces; unless a wire manager is specified then the rim would only be where the wire manager is not located
- Knife rim profile (wood or laminate) available on all 4 sides
- If specifying wood, you must specify the same finish for all options
- Component worksurfaces can be used with assembled units
- Refer to page 81 for grommet locations; and page 79 for grommet upcharge
- Unsupported worksurface spans should not exceed 48"; see page 183 for support options
- Refer to pages 651-729 for accessories

TO ORDER, SPECIFY:

1. Model Number
2. Worksurface Type
3. Rim Profile
4. Vinyl Rim Color (laminate models)
5. Grommet
6. Veneer Top Finish/Laminate Top Color

LOCHLYN

PRODUCT SPECIFICATIONS

FRAMES

- Frames are made of 6060-T6 aluminum
- Must be installed as instructions indicate to warrant product
- Leveling glides are standard
- Units 3 modules high and higher must be anchored. Both floor and wall mount anchors are included. Anchor plate mounting hardware for floor mount will deface the floor. If using the wall mount attachment method, unit must run parallel to the wall. Hardware not provided but recommendations made
- Shipped flat and unassembled and installed in the field
- Inserts are ordered separately
- Vertical and horizontal frames are used to build and must be placed in correct position for a secure attachment
- Frames are attached with a connector piece that is made of Diecast Zamak, press fit and screwed to the frame ensure maximum strength
- Sizes of 18", 24", 30", 36", 42", 48", 54", 60", 66", 72", 78", 84", 90", 96" widths
- Sizes of 15", 27", 40", 53", 65", 78" heights

INSERTS

- Laminate options; vertical grain direction with the exception of horizontal grain laminates.
- If top open box is used for biophilia—must provide own liner
- Must be ordered separately from frame models
- Module front open box, module top open box, module sliding box drawers, module front box with hinged door(s), module pass-through box (no back boxes), and module trays are all made of laminate material
- Sizes of 17", 23", and 29" widths
- Sizes of 12", 25" heights
- Shelves available in laminate or clear glass
- Door inserts are available with touch latch closure, non-locking
- Drawer available with Level or Beam pull, non-locking
- Specify Pet Bed Liner to fit inside module trays

WALLMOUNT FRAMES

- Frames are made of 6060-T6 aluminum
- Must be installed as instructions indicate to warrant product
- Shipped flat packed and installed in the field
- Inserts are ordered separately
- Intended to be used as a display shelf
- Can be mounted to an architectural wall or a Tessera wall
- Attached flush to wall. Hardware not provided.
- Sizes of 12" – 72" width, 14" depth, and height of 13", 26", and 38"
- For display only, cannot be mounted with the top surface under 39" H on the wall

PRIVACY SCREENS

- Available in PET or Backpainted Glass
- Felt PET (Polyethylene terephthalate) ½" non self-healing tackable panel
- Glass privacy screens cannot be used in a side-to-side application
- Backpainted Glass is white backpainted, low iron, tempered

WORKSURFACE

- Laminate surfaces are 1⅜" TFL (thermally fused laminate) and feature a 3mm vinyl rim
- Grain direction runs left-to-right unless otherwise noted

CHASSIS CONSTRUCTION (DESKS AND BRIDGES)

- Frames are made of 6060-T6 aluminum
- Must be installed as instructions indicate to warrant product
- Leveling glides are standard
- Shipped flat packed
- Frames are attached with a connector piece that is made of Diecast Zamak, press fit and screwed to the frame ensure maximum strength

ADJUSTABLE HEIGHT DESK

- Available in laminate only; TFL top
- When in raised position, leg will be exposed
- Modesty panel optional, ordered separately
- Control pad can be moved to right-handed (RH) or left-handed (LH) by the customer
- Height adjustable customer range: 27⅜"-43¾"
- Duty cycle: 2 minutes ON/18 minutes OFF
- Maximum load should not exceed 100 lbs. on the surface
- Power cord: Type A plug, max 10 A, 125 V; 78¾" length
- Modesty panels are ordered separately and field installed
- Specify laminate color for the top, accent laminate for the laminate shroud, paint for the metal frame, and accent paint for the adjustable height metal legs

- See thought starters on page 248

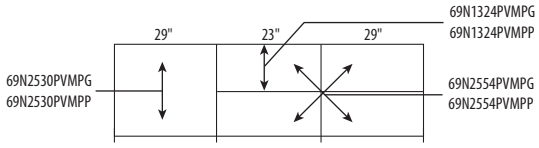
LOCHLYN - THOUGHT STARTERS

- Must have both vertical and horizontal aluminum frame to attach a screen
- Screens will fully overlay the metal frame and attach using brackets with stanchions
- Nominal screen width is approximately 1" larger than nominal module opening width EXCEPT when spanning multiple vertical frames as stack up will occur
- Illustrations below are showing examples only; other combinations can be achieved
- Dimensions shown above each frame section represent the module opening width

- 60" wide screens fit two 29" wide module openings
- 54" wide screens fit a combined 29" wide module + 23" wide module opening
- 48" wide screens fit two 23" wide module openings
- 42" wide screens fit a combined 23" wide module + 17" wide module opening
- 36" wide screens fit two 17" wide module openings
- 30" wide screens fit a single 29" wide module opening
- 24" wide screens fit a single 23" wide module opening
- 18" wide screens fit a single 17" wide module opening

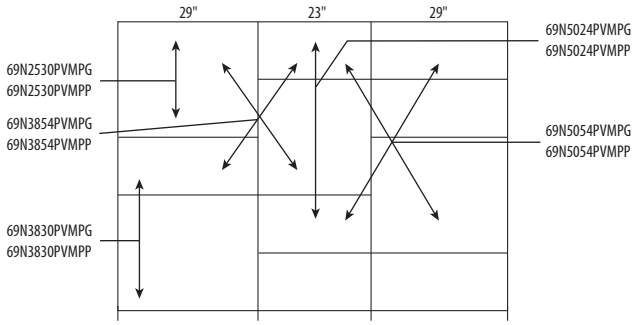
MODEL 69N8427AFRFM (Style A)
FREESTANDING METAL FRAME 2 MODULE HIGH



EXAMPLES

- 69N2530PVMPG fits a 2 high, 29" wide module opening
- 69N1324PVMPG fits a 1 high, 23" wide module opening
- 69N2554PVMPG fits a 2 high, 52" wide combined module openings (23" wide + 29" wide modules)

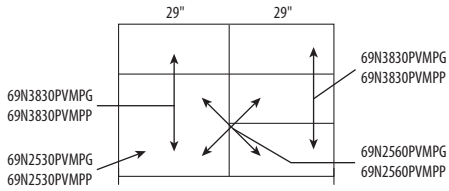
MODEL 69N8465AFRFM (Style A)
FREESTANDING METAL FRAME 5 MODULE HIGH



EXAMPLES

- 69N2530PVMPG fits a 2 high, 29" wide module opening
- 69N3854PVMPG fits a 3 high, 52" wide combined module opening (29" wide + 23" wide module opening)
- 69N3830PVMPG fits a 3 high, 29" wide module opening
- 69N5024PVMPG fits a 4 high, 23" wide module opening
- 69N5054PVMPG fits a 4 high, combined 52" wide module opening (23" wide + 29" wide module opening)

MODEL 69N6040AFRFM (Style A)
FREESTANDING METAL FRAME 3 MODULE HIGH

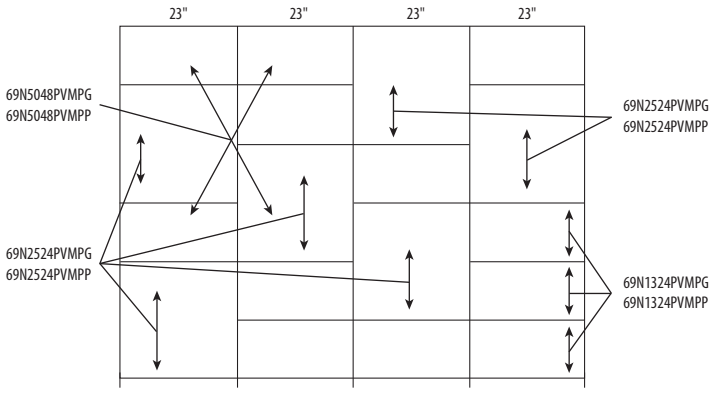


EXAMPLES

- 69N3830PVMPG fits a 3 high, 29" wide module opening
- 69N2530PVMPG fits a 2 high, 29" wide module opening
- 69N2560PVMPG fits a 2 high, 58" wide combined module opening (29" wide + 29" wide modules)

- Models 69N3860PVMPG or 69N3860PVMPP would cover the entire frame

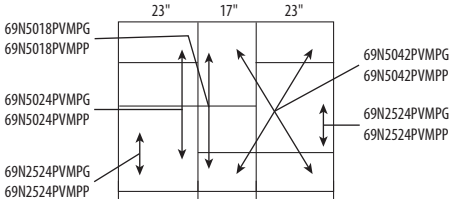
MODEL 69N9678AFRFM (Style A)
FREESTANDING METAL FRAME 6 MODULE HIGH



EXAMPLES

- 69N5048PVMPG fits a 4 high, 46" wide combined module opening (23" wide + 23" wide module opening)
- 69N2524PVMPG fits a 2 high, 23" wide module opening
- 69N1324PVMPG fits a 1 high, 23" wide module opening

MODEL 69N6652AFRFM (Style A)
FREESTANDING METAL FRAME 4 MODULE HIGH



EXAMPLES

- 69N5018PVMPG fits a 4 high, 17" wide module opening
- 69N5024PVMPG fits a 4 high, 23" wide module opening
- 69N2524PVMPG fits a 2 high, 23" wide module opening
- 69N5042PVMPG fits a 4 high, 40" wide combined module opening (17" wide + 23" wide module opening)

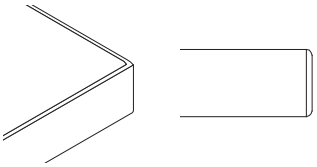
Product Specifications 252
Product Planning Information 253
Product Options 255
Factory Installed Grommet and Cutout Options 256
Product Pages 258

PRODUCT SPECIFICATIONS

DETAILS

- Configured desk models include the base, worksurface and ships ready to assemble
- Component bases include the base frame and ships ready to assemble. IMPORTANT: Worksurfaces must be specified separately
- Models with base top ship in two cartons; assembly is required
- Four table base styles:
  - T-leg
  - T-leg L-configuration
  - C-leg
  - Single-column H

WORKSURFACE



- Table desk worksurface sizes range from a nominal 36" to 72"
- Worksurfaces are available in HPL (high pressure laminate) 1³⁄₁₆" T or TFL (thermally fused laminate) 1⅛" T, and both feature a 3mm vinyl rim
- Grain direction runs left-to-right unless otherwise noted
- Factory installed grommets and cut-outs are available in predetermined locations; upcharge applies. See pages 256-257

TABLE BASES

- Bases are formed metal with a powder coat finish available in 3 standard finishes, Designer White, Cinder, Platinum Silver
- Optional powder finishes are available at an upcharge
- Bases are standard with 2" diameter black plastic glides with a ½" adjustment for unlevel floors
- Casters – Field installed caster kit (set of 4) available; order separately:
  - used only on T-legs base style with 23" D rectangular worksurfaces
  - not available on C-base styles
  - low profile black plastic – add 1½" to overall heights
  - weight load for desk is 130 pounds with casters

HEIGHT ADJUSTABLE TABLE DESK

- Control pad can be moved to right-handed (RH) or left-handed (LH) by the customer
- Height adjustable range (with worksurface):
  - standard height mechanism is 26" to 42¼"
  - extended height mechanism is 22½" to 48½"
- Lifting Capacity of base without worksurface:
  - table desks are 265 pounds
  - single column H is 132 pounds
- Adjustment speed is 1.3" per second
- Standard with Up and Down controller
- Two Optional Controller are available; see page 278
- Table desk frame width is expandable in 6" increments
- Standard features:
  - anti-collision
  - overheat protection
  - overload protection

CORD MANAGEMENT

- Round grommets, racetrack grommets and wire managers are optional on worksurfaces
- Wire managers are available for vertical cable managers, cable carriers and maple cable basket; see page 675
- Refer to page 675 for available grommet/wire manager colors
- Refer to pages 256-257 for complete grommet locations and details

MONITOR ARMS

Clamp mount monitor arms cannot be used with modesty panel. It is recommended to field install a grommet mount model in a location to clear the modesty.

CONTROL BOX MECHANISM INFORMATION

- Motor per style:
  - straight line table desk has 1 control box, 2 motors
  - single column H has 1 control box, 1 motor
  - L-configurations desk has 1 control box, 3 motors
- Anti-collision function on control box will engage when a firm obstruction is detected and will stop worksurface travel
- Overheat protection will stop the unit should the motor overheat due to being heavily loaded or if driven continuously. Operation of the desk can resume in approximately 15 minutes
- Overload protection detects if the load is too heavy and will stop the unit. Remove the load and resume use
- Control box includes a 9' power cord with two-prong plug

IMPORTANT: The customer bears the responsibility to verify that the installation of Naviyd height adjustable desks complies with all local municipal electrical codes. Some municipalities require the worksurface and base to be sold as an assembly that is listed to UL 962. In these justifications, specify a Naviyd configured desk (base sold with a worksurface) model. Naviyd height adjustable bases (sold separately) will not bear the ETL mark. Base only models are available for use with specific Naviyd worksurfaces (sold separately) which align cut-outs, grommets, and screen brackets with the base understructure.

Naviyd height adjustable base only models can accept either Kimball or National 1³⁄₁₆" or 1³⁄₁₆" surfaces. It is the customer's responsibility to maintain recommended safety clearances to minimize pinch/crush hazards when using other Kimball and National brand worksurfaces.

Field installed grommets and cutouts are recommended where standard locations may interfere with the base understructure. Worksurface size should not exceed the recommended size.

Use of non-Kimball and non-National brand worksurfaces are not recommended and is the sole responsibility of the customer and may void the product warranty.

PRODUCT PLANNING INFORMATION

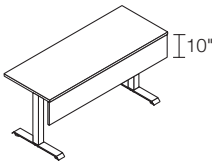
WORKSURFACE CLEARANCE

1" minimum clearance around the sides and back is required when placing height adjustable worksurfaces next to each other to minimize pinch/crush hazards. A clearance of less than 5/16" is acceptable next to a fixed wall or panel where the clearance is maintained through the travel range. Base feet are 23⅜" deep.

STATIONARY STORAGE PLANNING

Pedestals, overhead storage, or components should not be installed in the path of the height adjustable desks. Underside of desk frame to floor is 22⅜16" for standard height and 18⅞" for extended height models with the leveling glide in the lowest position.

MODESTY PANELS



Modesty panels provide user privacy and conceal electrical components. Modesty panels can extend the full width of the worksurface or be narrower than the surface.

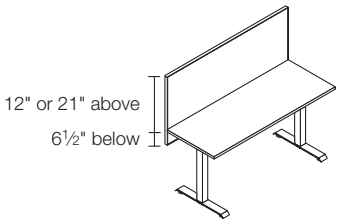
TFL modesty panels are ¾" thick and are edge banded in the same material and resin modesty panels are ¼" thick.

When using a narrower modesty panel than the worksurface width, it is recommended to use a center grommet or cut-out, because the left and right locations could sit outside the modesty depending on the width specified.

Modesty panels are not sized to fit 120° curved corner desks or the return side of height adjustable L-configurations. Specify a smaller width, such as 66" wide modesty for a 72" wide worksurface.

To avoid interference, do not place storage, and other objects beneath the desk with modesty panel.

PRIVACY SCREENS



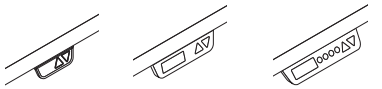
Textile privacy screens with frame attach to height adjustable desk worksurfaces to provide space division and privacy above and below the worksurface. Privacy screens feature a tackable textile surface (panel textile) with an aluminum frame which is available in all paint colors. Attachment brackets are painted to match the frame. IMPORTANT: Privacy screens are prohibited on desks with C-leg bases as they are a tip hazard due to placement of the column being off center.

Privacy screens can be specified to span the full width, or they can be narrower than the desk worksurface. A center cut-out or grommet is recommended on the narrower application to avoid interference with the screen's mounting brackets.

Privacy screens can be mounted with a 1" maximum gap to manage cables and accommodate a clamp-mount monitor arm.

To avoid interference, do not place storage, and other objects beneath the desk with privacy screen.

CONTROLLERS



Standard Memory Programmable

Standard up/down switch ships with all height adjustable desk bases. Switch is 2" D x 2¾" W x ¾" H. Allows for upper and lower limits to be set to avoid collision with storage elements.

Memory control switch with display screen can be specified separately to replace a standard switch. It operates the same as the standard up/down switch. Memory control switch allows for a low position and a high position to be set to prevent the desk from interfering with obstructions, such as pedestals and overheads.

Programmable control switch with display screen allows up to four preset/saved height settings. Specify separately to replace a standard up/down switch.

All switches can be mounted on the left or right side of the work surface and are field installed.

NAVIYD

BASE AND WORKSURFACE CONFIGURATION

- T-leg bases can be paired or are available configured with rectangular main or 120° curved corner worksurfaces
- T-leg L-configuration bases can be paired or are available configured with:
  - Rectangular main worksurface and a rectangular return (non-handed)
  - Rectangular main worksurface and a rectangular return (non-handed)
  - Extended straight (handed)
  - Extended cove (handed)

  Non-handed L-configuration models can be assembled in the field to accommodate left- or right-handed configurations
- C-leg bases can be paired or are available configured with rectangular worksurfaces only. IMPORTANT: C-leg bases are not available with 120° worksurface due to tipping hazard
- Single-column H component bases can be paired with 23" D x 36" W or 23" D x 42" W rectangular main worksurfaces

TOP SHAPE	TOP WIDTH	T-LEG TOP DEPTH	L-CONFIG TOP DEPTH	C-LEG TOP DEPTH	H-LEG TOP DEPTH
Rectangular Main	36" W				23"
	42" W				23"
	48" W	23"/30"		23"/30"	
	54" W	23"/30"		23"/30"	
	60" W	23"/30"	23"/30"	23"/30"	
	66" W	23"/30"	23"/30"	23"/30"	
	72" W	23"/30"	23"/30"	23"/30"	
Rectangular Return	36" W		23"		
	42" W		23"		
	48" W		23"		
120° Curved Corner	83" W	23"/30"			
Extd. Straight/Cove	71" W		23"/30"		

Note: 48" wide returns must be paired with a 23" deep main worksurface for a maximum depth of 72 "; cannot be used with a 29" deep main worksurface. L bases support a maximum overall top width and depth of 72", and a minimum width and depth of 60".

WAVEWORKS

PRODUCT SPECIFICATIONS

WORKSURFACE

- Worksurfaces are sized on 6" increments for easy planning
- Laminate surfaces are 1³⁄₁₆" or 1⁹⁄₁₆" HPL (high pressure laminate) or 1⅛" TFL (thermally fused laminate), and feature a 3mm vinyl rim or 6 veneer rim options
- Veneer surfaces are 1³⁄₁₆" or 1⁹⁄₁₆" and feature a 3mm wood rim or knife rim profile
- Refer to page 284 for rim profiles and colors
- Grain direction runs left-to-right unless otherwise noted
- Size modifications available at no upcharge; many WaveWorks component worksurfaces can be cut down in 1⁄₁₆" increments. See component sections for specific models

FINISH APPLICATION

- All Veneer surfaces feature a semi-open pore matte finish

CHASSIS CONSTRUCTION

- All joints are securely fastened by screws, L-brackets, dowels, and concealed fasteners to ensure maximum strength
- Adjustable leveling glides are standard on all casegoods
- End panels and support panels are 1⅛" thick, modesty panels are ¾" thick
- Laminate modesty panels have vertical grain direction unless otherwise noted
- Wood modesty panels have vertical grain direction unless otherwise noted
- Laminate with horizontal grain (example: Sable Horizontal 792H) will always have horizontal grain direction
- Back panels are fully finished unless otherwise noted

SHELVES

- Shelves on open bookcases will be veneer, when ordering a veneer bookcase
- Doors on bookcases and above worksurface units come standard with touch latch
- Shelves are ¾" thick

PEDESTALS

- Full, lower height or mobile options available

DRAWERS

- Drawers feature 5-sided construction allowing for easy removal/replacement of drawer fronts
- Sides, back and front are ½" thick woodgrain vinyl wrapped
- Drawer fronts are 3-ply construction with matched woodgrain
- For interior drawer dimensions, reference page 290

DRAWER PULLS

- Available in 17 pull styles, refer to page 287 for pull styles and colors

DRAWER SUSPENSION

- Box and file drawers are equipped with black, full extension, progressive action slides
- Precision steel ball bearings combined with sequence slide movement ensures long lasting operation

FILING

- Drawers are equipped with black metal filing hardware that accommodates various filing requirements
- No-tool, easy installation allows for quick interchangeable filing capabilities
- Refer to page 290 for complete filing details

CORD MANAGEMENT

- Round grommets, racetrack grommets and wire managers are optional on worksurfaces
- Round grommets optional on component end panels
- Half-moon grommet optional on component modesty panels
- Extended radius grommet optional on end panels of component pedestals
- Wire manager worksurfaces have a flexible vinyl trough that allows cords and cables to be routed along the back edge and sides of worksurfaces
- Refer to page 288 for available grommet/wire manager colors
- Refer to page 289 for complete grommet locations and details
- Undersurface wire managers are available for additional cable management requirements; see page 675 for options

LOCKING

- Black and silver lock cores are available
- Key Random means lock cores/keys are randomly (1-5) picked and factory installed in unit
- Key Specific means you can pick any number (1-200) for black or silver lock core/key. Must specify the lock core model separately; not factory installed and will ship separately
- Specify a change key to remove and change lock cores
- To order key specific lock cores, change keys, and master keys, reference page 660

TABLE BASES

- Bases are formed metal with a powder coat finish
- Mobile bases have locking casters, glides are standard on fixed height legs
- Refer to pages 575-606 for recommended base applications

CONFERENCE TABLES, TRAINING TABLES AND PERIPHERAL ITEMS

- For matching conference tables, training tables and peripheral items, see the Tables Price List

EZ ARRANGEMENT MODEL NUMBERS

- Specify quickly and accurately with National's EZ Arrangement models. In each series, the most popular options have been pre-selected for a complete L or U configuration. Just choose the left or right model number, add a finish and you're done

HEIGHT ADJUSTABLE DESKS

- Wood, laminate/wood and laminate options
- Wood models are all wood; Laminate/Wood models are laminate tops with wood rim and wood chassis; laminate models are all laminate
- When in raised position, leg will be exposed
- Rim options are all Waveworks options
- Control pad can be moved to right-handed (RH) or left-handed (LH) by the customer
- Height adjustable customer range: 27⅜"-43¾"
- Duty cycle: 2 minutes ON/18 minutes OFF
- Maximum load should not exceed 100 lbs. on the surface
- Power cord: Type A plug, max 10 A, 125 V; 78¾" length
- Modesty panels are inset 1⁹⁄₁₆" from edge of desk and 3⅜" from floor
- Modesty panel options full flush, full breakfront
- Overall dimensions of desk are undersized to allow for pinch points
- No pull or locking options

3/27/2024 BidSync

BUFFET CREDENZAS

- Models with trashcan will have 2 drawers and 2 sets of double doors. Trashcan will be housed behind one set of the double doors
- The side where trashcan is located determines the handed side (trashcan on left is a left model)
- One 7 gallon trashcan per model is included
- Models with space to house a refrigerator will have 2 sets of double doors (no drawers). Refrigerator will be housed behind one of the double door sets with ventilation
- The side where refrigerator is located determines the handed side (refrigerator on left is a left model)
- Refrigerator is not included
- Overall opening for refrigerator in a 36" high model is 22½" wide x 28¹⁵⁄₁₆" tall x 25¼"deep. Max refrigerator size is 21½" wide x 27¹⁵⁄₁₆" tall x 21¼" deep
- Overall opening for refrigerator in a 41" high model is 22½" wide x 28¹⁵⁄₁₆" tall x 25¼" deep. Max refrigerator size is 21½" wide x 32¹⁵⁄₁₆" tall x 21¼" deep
- Only locking cabinet is the side with an adjustable shelf
- Buffet credenza with refrigerator access will not be covered under standard warranty if unit is placed where vent will be blocked. Nor will the unit be covered under standard warranty for excess moisture because the unit has been designed to prevent this possibility

PULLOUT STORAGE

- Pull-out storage units are finished on all sides and top. A top is recommended for a finished aesthetic
- Available for left and right-hand applications
- Includes one full-depth shelf on top, one fixed and 2 adjustable shelves and one coat hook
- Simplex power unit is standard
- 2 depths of 24" and 30" with 2 height options of 41" and 53"

COMPONENTS

- Component models will ship bulk packed when applicable

LOCKERS

- Lockers available in laminate options only
- Available for left and right applications
- One door lockers feature 2 fixed shelves and 2 coat hooks
- Two and three door lockers feature 2 coat hooks behind each door
- Pulls will be installed vertically. All Waveworks pull options available with the exception of Horizon
- No pull units will have a touch latch closure
- If using 1 locker by itself it MUST be attached to a wall
- If using more than 1 locker side by side they MUST be ganged together
- If using more than 1 locker back to back, a cluster of 4 lockers MUST be ordered and ganged both side to side and front to back
- Electronic locks available (see electronic locks details below)

ELECTRONIC LOCKS

- Locks ship separately and require field installation
- Available in black or silver
- No pull option on electronic locker models
- Lock is always installed vertically
- Electronic locks feature motorized locking engagement with manual knob
- Battery Life—3 Months usage on Surface Mount
- Micro-B USB port (Android cable) for emergency power jump and battery charging
- Charging available with wired USB charger or mobile USB power pack
- Keypad locks out for 15 minutes after 5 invalid attempts
- 3 USER MODES
  - Resident employee mode—the passcode will not expire and can be re-used
  - Multi-user mode—in resident employee mode, additional users can be added with each user separately identified for higher security applications (e.g. drug, evidence lockers)
  - Shared use mode—suitable for day lockers/hotel safe
- 2 METHODS OF USE
  - Keypad operation
  - Wesko eLock App (must be downloaded to a smartphone)
- Admin passcodes can be managed by keypad commands (via program mode) or with the Wesko App in Admin mode
- MUST contact Customer Service for administrative passcodes

GROMMET LOCATION OPTIONS

Grommets are available for factory installation in worksurfaces in predetermined locations as shown below. Simply specify the desired grommet style and location in the model number sequence. Refer to page 288 for options.

Round grommets are also available for field installation; see page 665.

- **If specifying a grommet in the center location of a component worksurface, be sure there is clearance under the grommet opening so as not to conflict with undersurface components**

Worksurface grommet locations:

Excluding the J-Desk and the corner unit, distance to the center of the grommet is the same for the G1 round grommet, G11 racetrack grommet or the CUT-G17 option.

Excluding the J-Desk and the corner unit, the same locations are available for the round or racetrack grommet and the cutout option.

WAVEWORKS METAL L ARRANGEMENTS

Specify quickly and accurately with National's EZ Arrangement models. In each series, the most popular options have been pre-selected for a complete L or U configuration. Just choose the left or right model number, add a finish and you're done.

ARRANGEMENTS INCLUDE:

- Integrated pulls
- Softened Wood rim profile (wood models)
- Softened Vinyl, Cinder rim profile (laminate models)
- Random black lock cores
- Center grommet in return
- Must specify finish/laminate and paint

WAVEWORKS METAL U ARRANGEMENTS

Specify quickly and accurately with National's EZ Arrangement models. In each series, the most popular options have been pre-selected for a complete L or U configuration. Just choose the left or right model number, add a finish and you're done.

ARRANGEMENTS INCLUDE:

- Integrated pulls
- Softened Wood rim profile (wood models)
- Softened Vinyl, Cinder rim profile (laminate models)
- Random black lock cores
- Center grommet in bridge
- Left and right grommets in credenza
- Must specify finish/laminate and paint

PRODUCT SPECIFICATIONS

- Wood and laminate tops and chassis available; refer to page 285 for options
- Refer to pages 651-729 for accessories
- Refer to page 290 for filing capabilities
- Assembled units and component units are interchangeable
- Refer to page 289 for grommet locations and page 288 for grommet options and upcharge
- If specifying wood, you must specify the same finish for all options
- Center grommet location not available on desks

TO ORDER, SPECIFY:

1. Model Number
2. Rim
3. Vinyl Rim Color (laminate models)
4. Pull
5. Grommet
6. Locking
7. Laminate Top Color (laminate/combo models)
8. Laminate Door/Drawer Color (laminate models)
9. Veneer Chassis Finish/ Laminate Chassis Color

WWN3060DSFBA1L	Laminate	6391	30 1/16	60	27 11/16	–	–	lbs.	

- Laminate/Wood combo units consist of a laminate worksurface and veneer shrouds and modesty
- Grain direction on shrouds is always vertical unless specifying a horizontal laminate
- Wire manager located on right side of desk; removeable panel allows for easy access
- Wire manager can be moved to opposite side in field if other side is preferred
- Any laminate modesty over 60" will be horizontal grain direction
- Control pad can be moved to RH or LH by the customer
- All models feature a 2 position memory
- Legs will be visible when the desk is in an upper position; specify paint color of Cinder or Platinum Metallic
- SIN 33721

THOUGHT STARTERS - WAVEWORKS RECEPTION

PRODUCT SPECIFICATIONS

- Wood and laminate tops and chassis available; refer to page 285 for options
- Refer to pages 651-729 for accessories
- Assembled units and component units are interchangeable
- If specifying wood, you must specify the same finish for all options
- Refer to page 288 for grommet options and upcharge

TO ORDER, SPECIFY:

1. Model Number
2. Rim
3. Vinyl Rim Color (laminate models)
4. Pull
5. Grommet
6. Locking
7. Laminate Top Color (laminate/combo models)
8. Laminate Door/Drawer (laminate models)
9. Veneer Chassis Finish/Laminate Chassis Color

- See pages 284-288 for all options available in WaveWorks

WAVEWORKS

PRODUCT SPECIFICATIONS

- Worksurfaces shipped with appropriate hardware by specifying worksurface type; see the specification guide for details
- Rim on all 4 sides of laminate and wood worksurfaces; unless a wire manager is specified then the rim would only be where the wire manager is not located
- Component worksurfaces can be used with assembled units
- Refer to page 289 for grommet locations; and page 288 for grommet options and upcharge
- Unsupported 1⅜" worksurface spans should not exceed 48"; unsupported 1⅝" worksurface spans should not exceed 60"; see page 470 for support options
- Refer to pages 651-729 for accessories
- If specifying wood, you must specify the same finish for all options

- TFL worksurfaces are 1⅛" thick
- Wire manager locations: right or left; see page 288 for wire manager colors and upcharge
- When ordering a wire manager, a wire manager filler can be ordered separately; see page 474
- Worksurfaces can be ordered in ⅛" increments in depth to a minimum of 30⅛"
- When ordering a worksurface with a size modification, specify desired depth
- For use with 29" deep component pedestals
- For additional worksurface support, specify Undersurface Support Rail, see page 470
- Modified width not available
- For undersurface wire managers, see page 675

3/27/2024 BidSync

PRODUCT SPECIFICATIONS

- Worksurfaces shipped with appropriate hardware by specifying worksurface type; see the specification guide for details
- Rim on all 4 sides of laminate and wood worksurfaces; unless a wire manager is specified then the rim would only be where the wire manager is not located
- Component worksurfaces can be used with assembled units
- Refer to page 289 for grommet locations; and page 288 for grommet options and upcharge
- Unsupported 1⅜" worksurface spans should not exceed 60"; see page 470 for support options
- Refer to pages 651-729 for accessories
- If specifying wood, you must specify the same finish for all options

TO ORDER, SPECIFY:

- TFL worksurfaces are 1⅛" thick
- Wire manager locations: back, right or left, or back and left, or back and right; see page 288 for wire manager colors and upcharge
- When ordering a wire manager, a wire manager filler can be ordered separately; see page 474
- Worksurfaces can be ordered in ⅛" increments in depth and/or width to next smallest available size at no upcharge
- When ordering a worksurface with a size modification, specify desired depth and/or width
- For use with 23" or 29" deep pedestals
- Worksurfaces up to 72" wide can be used for table desking applications
- When using C-leg bases in a table desking application, left or right grommet locations will interfere with C-Leg
- To provide additional worksurface support when using in table desking applications, see undersurface support rails on page 470
- For undersurface wire managers, see page 675

WAVEWORKS

PRODUCT SPECIFICATIONS

- Worksurfaces shipped with appropriate hardware by specifying worksurface type; see the specification guide for details
- Rim on all 4 sides of laminate and wood worksurfaces; unless a wire manager is specified then the rim would only be where the wire manager is not located
- Component worksurfaces can be used with assembled units
- Refer to page 289 for grommet locations; and page 288 for grommet options and upcharge
- Unsupported 1⅜" worksurface spans should not exceed 60"; see page 470 for support options
- Refer to pages 651-729 for accessories
- If specifying wood, you must specify the same finish for all options

TO ORDER, SPECIFY:

1. Model Number
2. Worksurface Type
3. Rim
4. Vinyl Rim Color (laminate models)
5. Grommet
6. Wire Manager
7. Modified Depth
8. Modified Width
9. Laminate Top Color/ Veneer Top Finish
10. Veneer Rim Finish (laminate/wood models)

- TFL worksurfaces are 1⅛" thick
- For use in storage credenza application
- Wire manager locations: back, right or left, or back and left, or back and right; see page 288 for wire manager colors and upcharge
- When ordering a wire manager, a wire manager filler can be ordered separately; see page 474
- For use with 23" deep component pedestals
- For use when 2 or more laminate pedestals are ganged together under a common top

3/27/2024 BidSync

PRODUCT SPECIFICATIONS

- Worksurfaces shipped with appropriate hardware by specifying worksurface type; see the specification guide for details
- Rim on all 4 sides of laminate and wood worksurfaces; unless a wire manager is specified then the rim would only be where the wire manager is not located
- Component worksurfaces can be used with assembled units
- Refer to page 289 for grommet locations; and page 288 for grommet options and upcharge
- Unsupported 1⅜" worksurface spans should not exceed 60"; see page 470 for support options
- Refer to pages 651-729 for accessories
- If specifying wood, you must specify the same finish for all options

TO ORDER, SPECIFY:

1. Model Number
2. Worksurface Type
3. Rim
4. Vinyl Rim Color (laminate models)
5. Grommet
6. Wire Manager
7. Modified Depth
8. Modified Width
9. Laminate Top Color/ Veneer Top Finish
10. Veneer Rim Finish (laminate/wood models)

- TFL worksurfaces are 1⅛" thick
- Wire manager locations: back, right or left, or back and left, or back and right; see page 288 for wire manager colors and upcharge
- When ordering a wire manager, a wire manager filler can be ordered separately; see page 474
- Worksurfaces can be ordered in ⅛" increments in depth to a minimum of 9" and/or width to next smallest available size at no upcharge
- When ordering a worksurface with a size modification, specify desired depth and/or width
- To provide additional worksurface support when using in table desking applications, see undersurface support rails on page 470
- Worksurfaces up to 72" wide can be used for table desking applications
- For undersurface wire managers, see page 675

WAVEWORKS

PRODUCT SPECIFICATIONS

- Worksurfaces shipped with appropriate hardware by specifying worksurface type; see the specification guide for details
- Rim on all 4 sides of laminate and wood worksurfaces; unless a wire manager is specified then the rim would only be where the wire manager is not located
- Component worksurfaces can be used with assembled units
- Refer to page 289 for grommet locations; and page 288 for grommet options and upcharge
- Unsupported 1⅜" worksurface spans should not exceed 48"; see page 470 for support options
- Refer to pages 651-729 for accessories
- If specifying wood, you must specify the same finish for all options

TO ORDER, SPECIFY:

1. Model Number
2. Worksurface Type
3. Rim
4. Vinyl Rim Color (laminate models)
5. Grommet
6. Wire Manager
7. Modified Depth
8. Modified Width
9. Laminate Top Color/ Veneer Top Finish
10. Veneer Rim Finish (laminate/wood models)

WW4854WSCEDLLL7	WW4854WSCEDRLL7	TFL	1142	48	54	1⅛	–	–	60 lbs.	4.6

- TFL worksurfaces are 1⅛" thick
- Wire Manager available on left side, back or right side; see page 288 for wire manager colors and upcharge
- When ordering a wire manager, a wire manager filler can be ordered separately; see page 474
- For additional worksurface support, specify Undersurface Support Rail, see page 470
- Modified width and depth not available on this shape
- Intended for use with 36" and 24" deep worksurfaces
- For undersurface wire managers, see page 675

3/27/2024 BidSync

WAVEWORKS

PRODUCT SPECIFICATIONS

- Worksurfaces shipped with appropriate hardware by specifying worksurface type; see the specification guide for details
- Rim on all 4 sides of laminate and wood worksurfaces; unless a wire manager is specified then the rim would only be where the wire manager is not located
- Component worksurfaces can be used with assembled units
- Refer to page 289 for grommet locations; and page 288 for grommet options and upcharge
- Unsupported 1³⁄₁₆" worksurface spans should not exceed 48"; see page 470 for support options
- Refer to pages 651-729 for accessories
- If specifying wood, you must specify the same finish for all options

TO ORDER, SPECIFY:

1. Model Number
2. Worksurface Type
3. Rim
4. Vinyl Rim Color (laminate models)
5. Grommet
6. Wire Manager
7. Laminate Top Color/ Veneer Top Finish
8. Veneer Rim Finish (laminate/wood models)

- If not using worksurface with Exhibit wall rail, undersurface supports must be ordered separately (Support Bases, T support panels, etc.)
- 42" corner worksurfaces have 25" on front edge
- 36" corner worksurfaces have 17" on front edge
- Corner worksurface assembled to corner unit is not intended for freestanding unit
- Wire Manager available on left side, right side or left & right sides; see page 288 for wire manager colors and upcharge
- When ordering a wire manager, a wire manager filler can be ordered separately; see page 474
- Modified width and depth not available on this shape
- For undersurface wire managers, see page 675

WAVEWORKS

PRODUCT SPECIFICATIONS

- Worksurfaces shipped with appropriate hardware by specifying worksurface type; see the specification guide for details
- Rim on all 4 sides of laminate and wood worksurfaces; unless a wire manager is specified then the rim would only be where the wire manager is not located
- Component worksurfaces can be used with assembled units
- Refer to page 289 for grommet locations; and page 288 for grommet options and upcharge
- Unsupported 1³⁄₁₆" worksurface spans should not exceed 48"; unsupported 1⁹⁄₁₆" worksurface spans should not exceed 60"; see page 470 for support options
- Refer to pages 651-729 for accessories
- If specifying wood, you must specify the same finish for all options

TO ORDER, SPECIFY:

1. Model Number
2. Rim
3. Vinyl Rim Color (laminate models)
4. Grommet
5. Wire Manager
6. Laminate Top Color/ Veneer Top Finish
7. Veneer Rim Finish (laminate/wood models)

PRODUCT SPECIFICATIONS

- Pedestals shipped with appropriate hardware
- Pedestals do not include back panels and are 1" less than worksurface depth to accommodate optional back or modesty panels, or to provide space for cable access
- If undersurface storage is used against a wall, a back or modesty panel may be specified, but is not required
- Filler strips (page 474) are recommended to fill the 1" gap
- If pedestals are being used in a freestanding open plan, modesty or back panels are ALWAYS recommended
- Wood drawers feature dowel construction
- Box drawers feature an adjustable divider when specifying wood drawers
- Wood drawers feature sides and backs that are ½" thick, bottoms are ¼" thick with veneer faces that are sealed and finished with a clear coat

TO ORDER, SPECIFY:

1. Model Number
2. Pull
3. Pedestal Grommet
4. Locking
5. Veneer Door-Drawer Finish/ Laminate Door-Drawer Color
6. Veneer Chassis Finish/ Laminate Chassis Color

WW2328EPL	Laminate	344	22 15/16	1 3/16	27 3/4	–	–	25 lbs.	1.1
WW1728EPW	Wood	$ 600	17 1/16	1 3/16	27 3/4	–	–	23 lbs.	1.0
WW1728EPL	Laminate	319	17 1/16	1 3/16	27 3/4	–	–	23 lbs.	1.0

- End panels are required when pedestals are not used to support the end of a unit or workstation
- End panels are 1" shallower than worksurfaces to accommodate a modesty panel or filler strip
- Modified depths are available on 35", 29", and 23" end panels in 1/16" increments; when ordering a modified depth, specify the end panel 1" shallower than the corresponding worksurface
- Modesty panels are recommended when building a shell unit

END PANEL (BOX/FILE HEIGHT)

PRODUCT SPECIFICATIONS

PEDESTALS AND STORAGE UNITS

- Leveling glides with 1¼" of adjustment featured on all units except mobile pedestals
- Powder coated paint

DRAWERS

- ⅝" thick drawer front consists of 22-gauge cold-rolled steel
- Silencing bumpers ensure quiet drawer operation
- Cinder steel drawer interiors
- Drawer body consists of 22-gauge cold-rolled steel
- Drawers cannot be bottom loaded
- See interior drawer dimensions below

DRAWER PULLS

- Available in 3 styles, refer to page 477 for styles and colors
- Full overlay drawers on all cabinets unless otherwise noted (exceptions are 2 and 4 drawer freestanding lateral files)

DRAWER SUSPENSION

- File drawers have full extension, progressive action slides with precision steel ball bearings
- Box drawers have full extension slides with ball bearing rollers

FILING

- See filing capabilities below

LOCKING

- Black and silver lock cores are available
- Key Random means lock cores/keys are randomly (1-5) picked and factory installed in unit
- Key Specific means you can pick any number (1-200) for black or silver lock core/key. Must specify the lock core model separately; not factory installed and will ship separately
- Specify a change key to remove and change lock cores. Electronic locking available, see page 481
- To order key specific lock cores, change keys, and master keys, reference page 660
- When ordering electronic locking, specify key specific on the storage unit so as to only get the hole cutout. Can only be used when selecting Integrated pull option

CONSTRUCTION

UNDERSURFACE STORAGE

- Outer chassis is a single piece U-case of 22-gauge cold-rolled steel
- Inner components consist of O-frame of 20-gauge cold-rolled steel

FREESTANDING LATERAL FILES/WARDROBE

- Outer chassis consists of 22-gauge cold-rolled steel
- Lateral file top is mechanically fastened

ARRANGEMENT MODEL NUMBERS

- Specify quickly and accurately using WaveWorks Metal Arrangement model numbers; see pages 486-495
- Arrangement models include all the components required to assemble the unit
- All components will ship separately

FREESTANDING LATERAL FILES

- Dual-interlock system ensures only 1 drawer may be opened at a time

COUNTERWEIGHTS

- Counterweight kits are required to ensure product stability and are ordered separately for WaveWorks Metal cabinets
- Counterweights are integrated in mobile pedestals. All other metal cabinets with drawers require counterweights to be specified unless covered by the exception below:
  - cabinets attached to panel systems
  - cabinets attached to architectural walls
  - cabinets attached to the floor
  - cabinets used in "L" desk configurations
  - cabinets used in "U" configurations
  - lateral filing cabinets 2, 3, 4, and 5 high ganged back to back
  - island cabinets when used with island worksurfaces
- Counterweight kits are sold separately, please reference the pricing pages for additional counterweight information

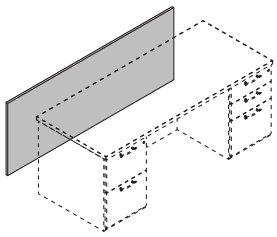
WAVEWORKS METAL - SPECIFICATION TIPS

MODESTY PANELS

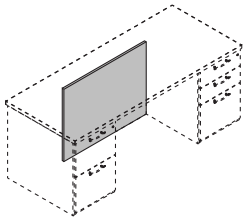
FULL OVERLAY MODESTY PANELS - METAL

- Main modesty panels are used in conjunction with component worksurfaces to create modular units, and specified to create a recessed modesty panel



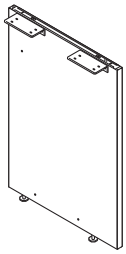
KNEESPACE MODESTY PANELS - METAL

- Gap between top of modesty panel and underside of worksurface is 1½"; gap between bottom of modesty panel and floor is 3";
- Modesty panel not applicable for attachment to suspended pedestals



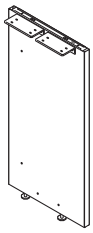
FULL END PANEL

- Designed for securement to modesty panel
- Intended use for single pedestal desks/credenzas



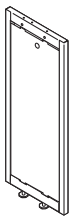
HALF END PANEL

- Designed for securement to modesty panel
- Utilize on all corner surfaces with cylinder leg and for continuous surface connections when needing additional support



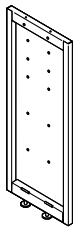
SUPPORT PANEL

- Designed for securement to modesty panel
- Utilize on 36" corner worksurfaces only with cylinder leg and for continuous surface connections



RETURN SUPPORT PANEL

- Designed for securement to modesty panel
- Utilize 1 return support panel for returns
- Utilize 2 return support panels for bridge units
- Use WW0827SRM to create 24" deep return
- Use WW1227SRM to create 30" deep return



CORNER POST

- Creates corner unit utilizing modesty panels
- Designed to secure modesty panels to corner unit
- Corner post must be used with modesty panels

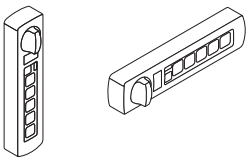
BidSync

ELECTRONIC LOCKS

Available on WaveWorks metal cabinetry with the extended pull option only



- Locks ship separately and require field installation
- Available in black or silver
- Locks can be ordered as vertical or horizontal unless noted
- Electronic locks feature motorized locking engagement with manual knob
- Battery Life—3 Months usage on Surface Mount
- Micro-B USB port (Android cable) for emergency power jump and battery charging
- Charging available with wired USB charger or mobile USB power pack
- Keypad locks out for 15 minutes after 5 invalid attempts
- 3 USER MODES
  - Resident employee mode—the passcode will not expire and can be re-used
  - Multi-user mode—in resident employee mode, additional users can be added with each user separately identified for higher security applications (e.g. drug, evidence lockers)
  - Shared use mode—suitable for day lockers/hotel safe
- 2 METHODS OF USE
  - Keypad operation
  - Wesko eLock App (must be downloaded to a smartphone)
- Admin passcodes can be managed by keypad commands (via program mode) or with the Wesko App in Admin mode
- MUST contact Customer Service for administrative pass-codes

WAVEWORKS METAL - ARRANGEMENT MODELS

- Arrangement model numbers have predetermined worksurface types assigned (Main, Extension, Filler), no need to specify separately
- Worksurfaces on arrangement models cannot be specified with wire managers, modified depth or modified width
- Specify quickly and accurately using WaveWorks Metal Arrangement model numbers
- Arrangement models include all the components required to assemble the unit
- All components will ship separately

TO ORDER, SPECIFY:

1. Model Number
2. Vinyl Rim/Color
3. Grommet
4. Laminate Top Color
5. Paint

SAMPLE MODEL NUMBER:

WW3672DULM V478 X 478 480

- See pages 477-478 for all options available in WaveWorks Metal

Product Specifications 520
Production Options 521
Product Overview 523
Application Guidelines 524
Product Pages 525

EXHIBIT

PRODUCT SPECIFICATIONS

HORIZONTAL WALL RAIL AND FACEPLATE

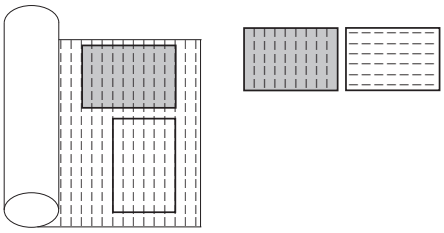
- Wall rail and faceplate are a powder coated aluminum extrusion
- Available in lengths of 72" and 144"
- Wall rails come in sets of 1 or 2 and include faceplate and alignment brackets
- Wall rails can also be ordered without faceplates
- When attaching worksurfaces to the wall rail without the use of tack board, marker board, or slat wall inserts, wall rail can be ordered without the faceplate
- Faceplate snaps onto wall rail to secure marker board, tack board and slat wall inserts in place; Inserts can be removed or replaced without removing wall rail
- Faceplate conceals alignment brackets, fasteners and provides a clean aesthetic look
- Wall rail is mounted horizontally providing tie in to appropriate load bearing studs
- Alignment bracket is required to align 2 adjacent sections of wall rail and is included with wall rails
- Alignment bracket is hidden from view once installation is complete
- Wall rails can be cut to size in the field
- WaveWorks and Epic worksurfaces can be attached to wall rails with worksurface brackets
- Worksurfaces that are attached to the wall rail can be ordered with or without a wire manager; Worksurfaces with a wire manager have a flexible vinyl trough that allows cords and cables to be routed along the back edge or sides of worksurface

MARKER BOARD INSERTS

- Marker board inserts have erasable writing surface and are available in HPL or magnetic porcelain models
- Marker board inserts are available in white only
- HPL marker board and tack board insert models can be scribed in field
- Marker board, tack board and slat wall inserts include 2 trim channels

TACK BOARD INSERTS

- Tack board insert is available in textile, see page 521 for textile options
- Shaded rectangle portrays a railroaded tack board



SLAT WALL INSERTS

- Slat wall inserts are powder coated aluminum
- Slat wall inserts offer flexibility in placement of work tools; Combo slat wall inserts offer a slat wall insert combined with a tack board insert providing a multi-functional area and is an economical alternative when overhead storage will be used

ORGANIZER SHELF INSERTS

- Veneer and laminate organizer shelf inserts

EXHIBIT TV MOUNT INSERT

- Single TV Mount included with laminate or veneer inserts
- Dual TV Mount available as an option on 60" inserts for additional upcharge

TRIM CHANNELS

- Quantity of 2 is standard with each board/insert
- Available in powder coat paint or textile
- Provides an expansion joint, vertical cable manager attachment and compensates for out-of-plumb walls
- Trim Channels can be ordered separately for boards/inserts that have been scribed in the field

FULL END TRIM

- Full end trim is steel and powder coated
- Full end trim finishes the end of a run and connects the top and bottom wall rail

SINGLE END CAP

- Single end cap is steel and powder coated
- Single end cap finishes the end of a single wall rail by capping off the wall rail, perfect for when a wall rail is used without inserts and a faceplate

VERTICAL CABLE MANAGER

- Vertical cable manager attaches between the insert and trim channel
- Conceals and allows for power cords to be managed and routed from overhead to outlet

VERTICAL CABLE MANAGER FOR TV MOUNT INSERT

- Vertical Cable Manager attaches to the Exhibit TV Mount Insert
- Conceals and allows for power cords to be managed and routed from TV to outlet

WORKSURFACE BRACKETS

- Exhibit worksurface brackets attach worksurfaces to lower wall rail
- A worksurface bracket is required every 48" along back edge of worksurface
- Worksurface bracket is anodized aluminum

PLANNING TIPS

- Wall rails can be mounted at any height if not utilizing with WaveWorks or Epic vertical storage units
- Consider the worksurface load when planning support; For worksurfaces that will hold office equipment, such as printers and copiers, additional support other than standard worksurface brackets is recommended
- Undersurface storage and pedestals satisfy both storage and support needs
- Reconfiguring existing worksurfaces may require new supports or brackets
- When worksurfaces meet end-to-end, a support panel or undersurface storage is required for additional support of the front edge
- Perpendicular worksurfaces can use flat brackets and worksurface brackets to provide adequate support from 1 surface to the other at the worksurface joint
- Worksurface brackets and supports can be positioned anywhere along the worksurface without the limitations of pre-drilled or predetermined locations
- Knife rim adds 1½" per side to worksurface depth. Knife rim is not recommended on lower storage as it affects user's kneespace
- Consider where you specify a worksurface with Worksurface wire manager. When attached to Exhibit lower wall rail, do not use at the end of run for a cleaner aesthetic
- Tack boards may be field scribed to match Epic knife rim worksurface depth

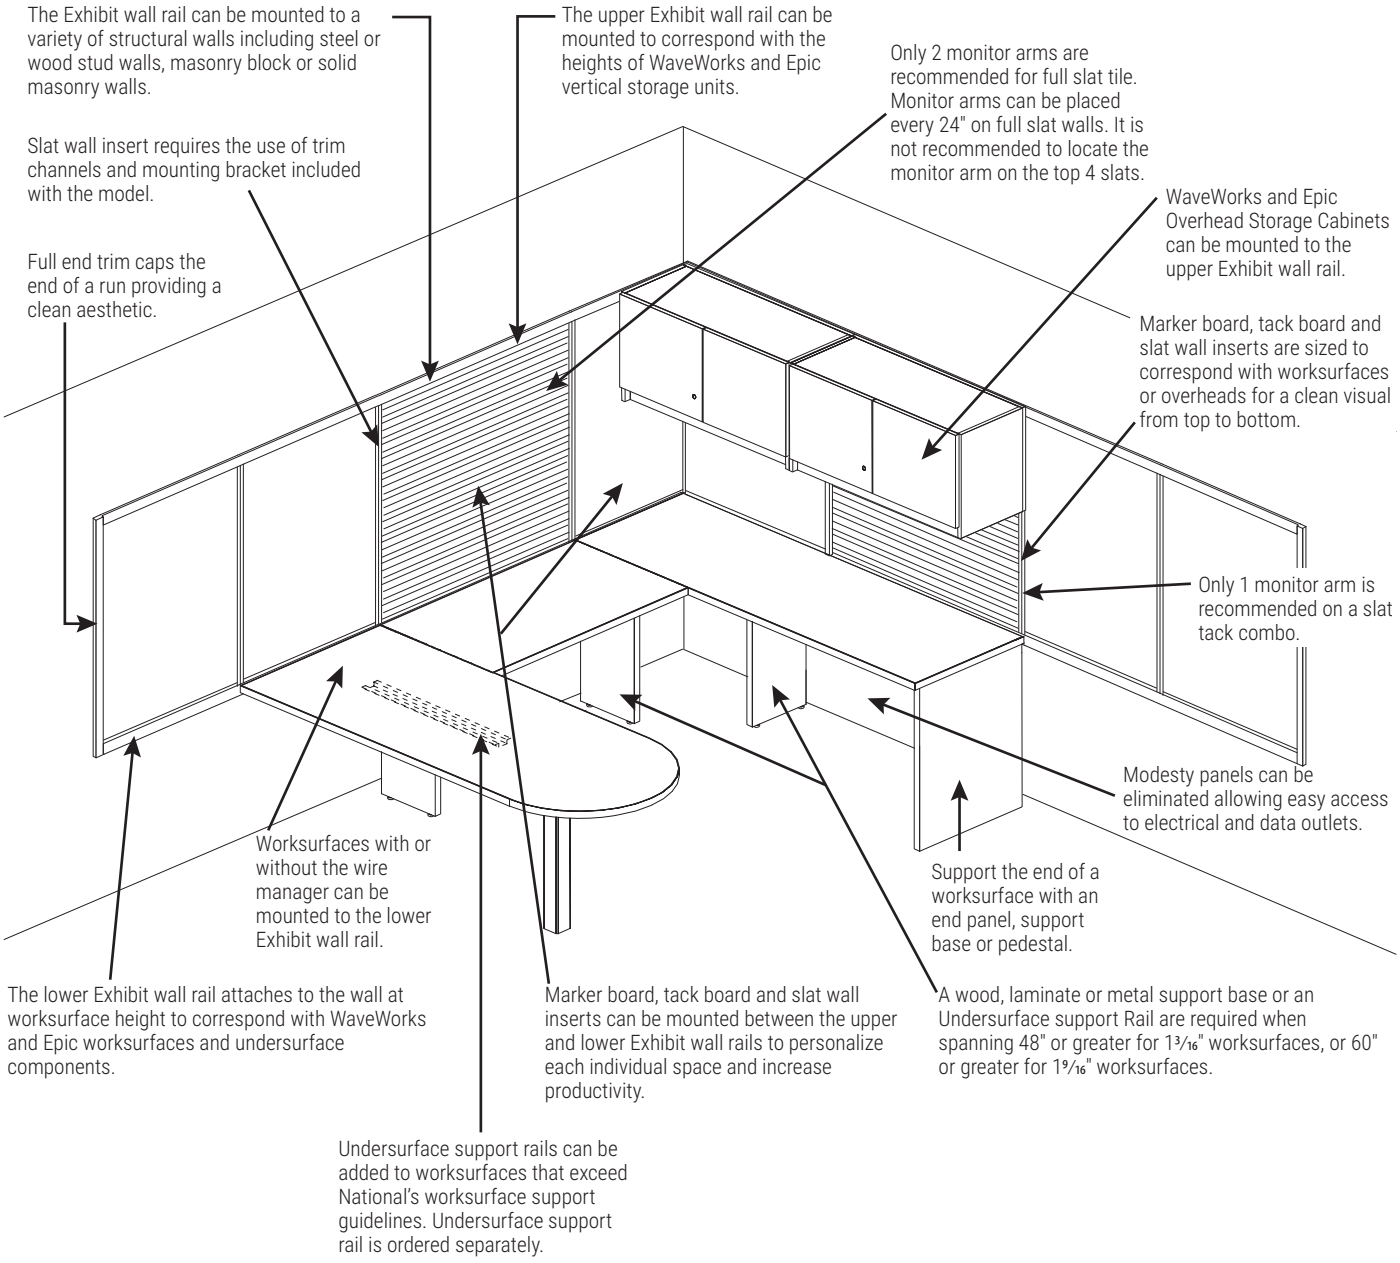
OVERVIEW

Exhibit is a series consisting of a horizontal rail, marker board, tack board, and slat wall inserts, and work tools.

Exhibit can be used in numerous applications. Here are a few examples of how it can be used with National Office Furniture products.

EXHIBIT WITH WAVEWORKS AND EPIC MODELS

The Exhibit rail is a horizontal rail that attaches to walls to accommodate WaveWorks and Epic worksurfaces and components. Attaching worksurfaces directly to the wall rail allows the reduction of modesty panels and opens the space for a clean aesthetic.



EXHIBIT

APPLICATION GUIDELINES

FASTENERS

- Fasteners must tie in directly to the substructure of a structural wall for proper attachment of Exhibit wall rail. National defines a structural wall as a load bearing wall constructed of materials such as poured concrete, concrete block, or studs

MINIMUM REQUIREMENTS

- Wood studs must be nominal 2" x 4" minimum
- Metal studs must be "C" channel, 20 gauge minimum thickness
- Metal or wood studs must be on centers no greater than 24" and have a maximum height of 14' restrained at floor and ceiling
- Interior walls must be designed to resist not less than a force of 5 lbs. per sq. ft. applied perpendicular to the wall. The deflection of such walls under a load of 5 lbs. per square foot shall not exceed 1/240 of the span for walls with brittle finishes and 1/120 of the span for walls with flexible finishes (per International Building Code sections 1604.4 and 1607.13)
- Exhibit wall rail may not extend more than 6" beyond the last solid attachment point
- Minimum width of Exhibit wall rail that can be attached to a wall is 16" mounted to studs 16" apart
- If an overhead is being mounted, the minimum width for Exhibit is 30" with the Exhibit wall rail being centered on studs 24" apart, so as not to extend more than 6" beyond the last solid attachment point

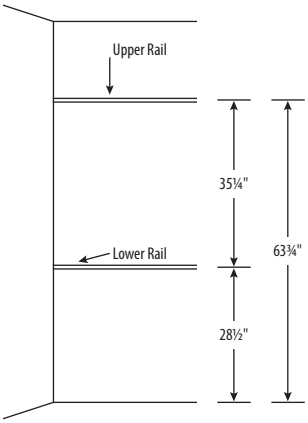
RECOMMENDED FASTENERS

- Selection and purchase of the proper attachment fasteners for your wall conditions is the responsibility of the installer

Type and Size	Description
Steel Studs (½" to ¾" drywall) Hilti® Toggler® anchor toggle bolts, ¼"–20 x 2" grade 5 bolts	
Wood Studs (¼" to ½" drywall) Meets or exceeds ANSI/ASME B18.6.4 and SAE J933. Pan head sheet metal screw	10-2 PHPMS
Solid Masonry Crown Bolt lag shields ¼" x 1½" Buildex Tapcon concrete anchor screw ¼" x 2¾"	
Masonry Block Hilti Toggler anchor toggle bolts, ¼"–20 x 2" grade 5 bolts Crown Bolt lag shields ¼" x 1½" Buildex Tapcon concrete anchor screw ¼" x 2¾"	

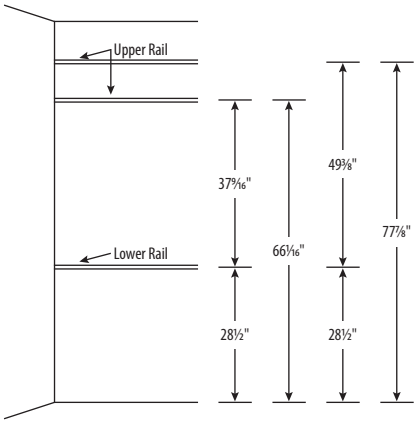
- Actual mounting height can be varied to meet specific needs; however, undersurface storage height must be considered
- Variations in the floor surface (peaks and valleys) should be considered, especially where horizontal placement is critical
- Exhibit wall rail extends ⅞" from the wall. This dimensional loss should be considered when space planning for components, when Exhibit wall rails are being used on 2 or more walls of a space
- Select worksurfaces and inserts can be field scribed to fit space
- In fixed wall Exhibit applications, choose your insert height based on your specific application or height of corresponding WaveWorks vertical storage. Consider the height of the cabinet and clearance between the bottom of the overhead and the worksurface

34" Tall Inserts



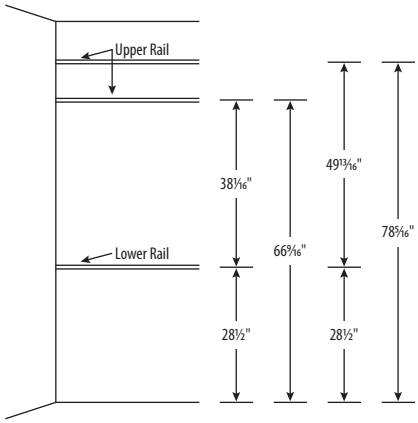
36" and 48" Tall Inserts

Compatible with WaveWorks and Epic 68" and WaveWorks 79" High WW Models



37" and 49" Tall Inserts

Compatible with WaveWorks 69" and 80" High WWN Models



- Conference and training rooms commonly use 49" tall inserts, but with Exhibit, you can use any of the 5 heights to achieve the customer's needs.

WALL

- Trim when using full insert

PRODUCT SPECIFICATIONS

- Exhibit rail can be cut to size in the field
- Alignment brackets are required to align 2 sections of Exhibit rail in line
- Exhibit mount overheads available in the WaveWorks and Epic series, see Casegoods Book 2 Price List
- For worksurface brackets, end trim and end caps see pages 567-569

- 2 trim channels included with each slat wall insert in corresponding color to match slat
- Slat wall insert requires the use of trim channels and mounting bracket included with the model
- Slat wall should only be used with National certified work tools and monitor arms; reference pages 570-573

3/27/2024 BidSync

PRODUCT SPECIFICATIONS

- Each height of tack board, marker board, slat wall, and organizer shelf insert corresponds with a specific height of vertical storage in WaveWorks and Epic. See notation above models to see what model corresponds with appropriate height requirement
- Conference and training rooms commonly use 49" H inserts, but with Exhibit, you can use any of the 5 heights to achieve the customers needs
- As of April 20th, 2015, the inserts (Slat, Slat/Tack Combo, Insert Shelves, and TV Mount Inserts) will only be compatible with rails ordered on or after April 20th, 2015. If trying to use 1 of these inserts with an existing rail, please contact customer service for more information

11N6034SH3WL	Wood Shelves, Laminate Wall	3044	10½	59 15/16	34⅛	–	–	66 lbs.	5.3

- Some assembly required
- "SH3" models have 1 shelf that aligns with the top shelf of the "SH1" and "SH2" shelves
- The grain direction of all woodgrains will be horizontal (left to right) on the horizontal shelves
- Almond Horizontal (ADH), Cinder Linear Horizontal (492H), Designer White Linear Horizontal (491H), Portico Horizontal (PTH), Portobello Horizontal (PBH), Sable Horizontal (792H) and Skyline Horizontal (SKH) laminates have horizontal grain on the wall insert and vertical shelves. All other woodgrains have vertical grain on the wall insert and vertical shelves
- Each horizontal shelf has a 50 lb. maximum limit

COKC00197

3/27/2024 BidSync

PRODUCT SPECIFICATIONS

- Each height of tack board, marker board, slat wall, and organizer shelf insert corresponds with a specific height of vertical storage in WaveWorks and Epic. See notation above models to see what model corresponds with appropriate height requirement
- Conference and training rooms commonly use 49" H inserts, but with Exhibit, you can use any of the 5 heights to achieve the customers needs
- As of April 20th, 2015, the inserts (Slat, Slat/Tack Combo, Insert Shelves, and TV Mount Inserts) will only be compatible with rails ordered on or after April 20th, 2015. If trying to use 1 of these inserts with an existing rail, please contact customer service for more information

- Some assembly required
- "SH3" models have 1 shelf that aligns with the top shelf of the "SH1" and "SH2" shelves
- The grain direction of all woodgrains will be horizontal (left to right) on the horizontal shelves
- Almond Horizontal (ADH), Cinder Linear Horizontal (492H), Designer White Linear Horizontal (491H), Portico Horizontal (PTH), Portobello Horizontal (PBH), Sable Horizontal (792H) and Skyline Horizontal (SKH) laminates have horizontal grain on the wall insert and vertical shelves. All other woodgrains have vertical grain on the wall insert and vertical shelves
- Each horizontal shelf has a 50 lb. maximum limit

EXHIBIT

PRODUCT SPECIFICATIONS

- Each height of tack board, marker board, slat wall, and organizer shelf insert corresponds with a specific height of vertical storage in WaveWorks and Epic. See notation above models to see what model corresponds with appropriate height requirement
- Conference and training rooms commonly use 49" H inserts, but with Exhibit, you can use any of the 5 heights to achieve the customers needs
- As of April 20th, 2015, the inserts (Slat, Slat/Tack Combo, Insert Shelves, and TV Mount Inserts) will only be compatible with rails ordered on or after April 20th, 2015. If trying to use 1 of these inserts with an existing rail, please contact customer service for more information

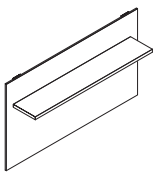
11N6037SH3WL	Wood Shelves, Laminate Wall	3086	10½	59 15/16	37	–	–	70 lbs.	5.7



- Some assembly required
- "SH3" models have 1 shelf that aligns with the top shelf of the "SH1" and "SH2" shelves
- The grain direction of all woodgrains will be horizontal (left to right) on the horizontal shelves
- Almond Horizontal (ADH), Cinder Linear Horizontal (492H), Designer White Linear Horizontal (491H), Portico Horizontal (PTH), Portobello Horizontal (PBH), Sable Horizontal (792H) and Skyline Horizontal (SKH) laminates have horizontal grain on the wall insert and vertical shelves. All other woodgrains have vertical grain on the wall insert and vertical shelves
- Each horizontal shelf has a 50 lb. maximum limit

PRODUCT SPECIFICATIONS

- Each height of tack board, marker board, slat wall, and organizer shelf insert corresponds with a specific height of vertical storage in WaveWorks and Epic. See notation above models to see what model corresponds with appropriate height requirement
- Conference and training rooms commonly use 49" H inserts, but with Exhibit, you can use any of the 5 heights to achieve the customers needs
- As of April 20th, 2015, the inserts (Slat, Slat/Tack Combo, Insert Shelves, and TV Mount Inserts) will only be compatible with rails ordered on or after April 20th, 2015. If trying to use 1 of these inserts with an existing rail, please contact customer service for more information

- Some assembly required
- "SH3" models have 1 shelf that aligns with the middle shelf of the "SH1" and "SH2" shelves
- The grain direction of all woodgrains will be horizontal (left to right) on the horizontal shelves
- Almond Horizontal (ADH), Cinder Linear Horizontal (492H), Designer White Linear Horizontal (491H), Portico Horizontal (PTH), Portobello Horizontal (PBH), Sable Horizontal (792H) and Skyline Horizontal (SKH) laminates have horizontal grain on the wall insert and vertical shelves. All other woodgrains have vertical grain on the wall insert and vertical shelves
- Each horizontal shelf has a 50 lb. maximum limit

EXHIBIT

PRODUCT SPECIFICATIONS

- Each height of tack board, marker board, slat wall, and organizer shelf insert corresponds with a specific height of vertical storage in WaveWorks and Epic. See notation above models to see what model corresponds with appropriate height requirement
- Conference and training rooms commonly use 49" H inserts, but with Exhibit, you can use any of the 5 heights to achieve the customers needs
- As of April 20th, 2015, the inserts (Slat, Slat/Tack Combo, Insert Shelves, and TV Mount Inserts) will only be compatible with rails ordered on or after April 20th, 2015. If trying to use 1 of these inserts with an existing rail, please contact customer service for more information

PRODUCT SPECIFICATIONS

- Each height of tack board, marker board, slat wall, and organizer shelf insert corresponds with a specific height of vertical storage in WaveWorks and Epic. See notation above models to see what model corresponds with appropriate height requirement
- Conference and training rooms commonly use 49" H inserts, but with Exhibit, you can use any of the 5 heights to achieve the customers needs
- As of April 20th, 2015, the inserts (Slat, Slat/Tack Combo, Insert Shelves, and TV Mount Inserts) will only be compatible with rails ordered on or after April 20th, 2015. If trying to use 1 of these inserts with an existing rail, please contact customer service for more information

- Some assembly required
- "SH5" models have 3 shelves that align with the horizontal shelves of the "SH1" and "SH2" shelves
- The grain direction of all woodgrains will be horizontal (left to right) on the horizontal shelves
- Almond Horizontal (ADH), Cinder Linear Horizontal (492H), Designer White Linear Horizontal (491H), Portico Horizontal (PTH), Portobello Horizontal (PBH), Sable Horizontal (792H) and Skyline Horizontal (SKH) laminates have horizontal grain on the wall insert and vertical shelves. All other woodgrains have vertical grain on the wall insert and vertical shelves
- Each horizontal shelf has a 50 lb. maximum limit

3/27/2024 BidSync

PRODUCT SPECIFICATIONS

- Each height of tack board, marker board, slat wall, and organizer shelf insert corresponds with a specific height of vertical storage in WaveWorks and Epic. See notation above models to see what model corresponds with appropriate height requirement
- Conference and training rooms commonly use 49" H inserts, but with Exhibit, you can use any of the 5 heights to achieve the customers needs
- As of April 20th, 2015, the inserts (Slat, Slat/Tack Combo, Insert Shelves, and TV Mount Inserts) will only be compatible with rails ordered on or after April 20th, 2015. If trying to use 1 of these inserts with an existing rail, please contact customer service for more information

- Conference and training rooms commonly use 49" H inserts, but with Exhibit, you can use any of the 5 heights to achieve the customers needs
- When TV mount inserts are used at the end of the run, specify Full End Trims for finish detail; see page 567
- As of April 20th, 2015, the inserts (Slat, Slat/Tack Combo, Insert Shelves, and TV Mount Inserts) will only be compatible with rails ordered on or after April 20th, 2015. If trying to use 1 of these inserts with an existing rail, please contact customer service for more information

TO ORDER, SPECIFY:

1. Model Number
2. TV Mount (60W only)
3. Finish/Laminate Color

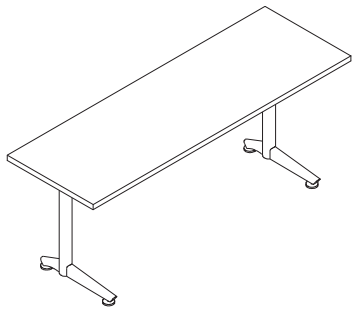
BASES AND SUPPORT

Span Between Table Legs 576
Base Requirements 577
Base Units 581
"L" Adjustable Height Bases 610
"L" Worksurfaces 618

BASES AND SUPPORT

SPAN BETWEEN TABLE LEGS

For leg-based applications, the maximum recommended span of an unsupported 1⅜" thick worksurface is 48" between legs. The maximum recommended span of an unsupported 1⅞" thick worksurface is 60" between legs. Additional support is recommended for deflection for longer distances. When using mobile legs with tops that are 60" and greater, undersupport rails are recommended.



RECTANGULAR WORKSURFACES
RECOMMENDED SPAN BETWEEN LEGS FOR STABILITY AND VISUAL APPEARANCE

LENGTH	1⅜" WORKSURFACE		1⅞" WORKSURFACE

- Reference the Base Kit model number to specify the appropriate rectangular worksurface size (ex. CBV**3672**34UMK uses a 36x72 top)
- Each base includes 2 6" x 6" mounting plates
- Intended to be used with rectangular component surfaces from WaveWorks or Epic
- Adjustable glides are standard
- Intended to use same size rectangular top as size of base kit
- Assembly required
- Cannot specify a left, right, or center grommet on worksurfaces when using with a support base kit U-style
- Metal base and metal base inserts are available in 6 paint options: Cinder (462), Concrete (423), Designer White (405), Iron (463), Platinum Metallic (501), and Satin Nickel Metallic (503)

SAMPLE MODEL NUMBER:

NAC0318WMM

QD Shaded model numbers are available on our "To You in 10 Days or Less" Quick Delivery program and will be delivered in 10 days or less.

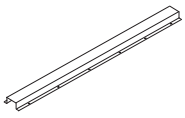
	MODEL NO./DESCRIPTION		LIST PRICE	D	W	H	A	KW	CARTONED WEIGHT	CUBIC FEET
MESH WIRE MANAGER	NAC0318WMM	Black	$ 137	3	17½	–	–	–	2 lbs.	0.1

- Applicable to all 2½" diameter C, T and X bases
- Wraps around leg and is secured with Velcro®

VERTICAL WIRE MANAGER	NAC0318WMV	Cinder	$ 279	3	18	–	–	–	2 lbs.	0.1
	NAC0318WMVS	Platinum Metallic	279	3	18	–	–	–	2 lbs.	0.1
	NAC0318WMVN	Satin Nickel Metallic	279	3	18	–	–	–	2 lbs.	0.1

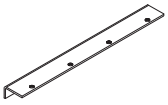
- Applicable to all 2½" diameter C, T and X bases
- Clamps to leg; no hardware required

UNDERSURFACE SUPPORT RAIL (WORKSURFACE)	QNAC0248SUR		$ 274	2¾	48	1	–	–	5 lbs.	0.5
	NAC0248SUR		274	2¾	48	1	–	–	5 lbs.	0.5
	QNAC0236SUR		235	2¾	36	1	–	–	3 lbs.	0.3
	NAC0236SUR		235	2¾	36	1	–	–	3 lbs.	0.3



- Specify model number only
- Model recommended for use when the weight on the table has a uniform weight above 125 lbs. or if the span between table legs or support structures is greater than 48" on a 1⅜" worksurface and greater than 60" on a 1⅜" worksurface
- Specify the 36" model to be used up to 66" worksurfaces
- Specify the 48" model to be used up to 72" worksurfaces
- Specify with worksurfaces when overlapping box/file height storage, sit on box/file height storage and supports worksurface height worksurfaces
- Rails are bulk packed per order. The pack may contain both sizes of rails

WORKSURFACE TO STORAGE BRACKET	NACBRWSS	Black	$ 45	2	16	1⅜	–	–	2 lbs.	0.3



- Specify when supporting a surface ganged to vertical storage
- Cannot be used with metal storage units

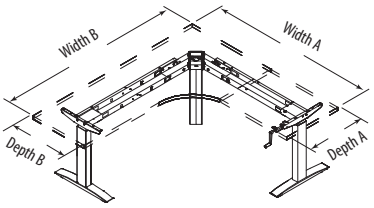
"L" ADJUSTABLE HEIGHT BASES

"L" ADJUSTABLE HEIGHT BASE AND WORKSURFACE MATRIX



- The "L" adjustable height base, extended corner component worksurface, and the rectangular component top worksurfaces are all specified separately; base can be used as right handed or left handed
- Extended corner can be ordered as left hand or right hand component tops
- Extended corner component tops should be configured as an extension so there are worksurface mounting brackets
- Rectangular component tops must be ordered in the vertical grain direction
- Epic or WaveWorks component worksurfaces can be utilized with the "L" adjustable height bases
- Rectangular component knife tops must be K1 models
- Not recommended to modify the size of the top from the standard size
- The following matrix shows what size extended corner worksurface and rectangular component top should be specified when ordering the Adjustable Height "L" Base

ELECTRICAL ADJUSTABLE HEIGHT "L" BASE	BASE MODEL NUMBER	COLOR	DEPTH A	DEPTH B	WIDTH A	WIDTH B	EXTENDED CORNER (LEFT OR RIGHT)	RECTANGULAR COMPONENT TOP

"L" CONFIGURATION WAVEWORKS WORKSURFACES

PRODUCT SPECIFICATIONS

- Worksurfaces shipped with appropriate hardware by specifying worksurface type; see the specification guide for details
- Extended corner worksurfaces should be configured as an extension so there are worksurface mounting brackets
- Rim on all 4 sides of laminate and wood worksurfaces; unless a wire manager is specified then the rim would only be where the wire manager is not located
- Refer to page 289 for grommet locations; and page 615 for grommet upcharge
- If specifying wood, you must specify the same finish for all options

TO ORDER, SPECIFY:

1. Model Number
2. Worksurface Type
3. Rim Profile
4. Vinyl Rim Color (laminate models)
5. Grommet
6. Wire Manager
7. Laminate Top Color/ Veneer Top Finish
8. Veneer Rim Finish (laminate/wood models)

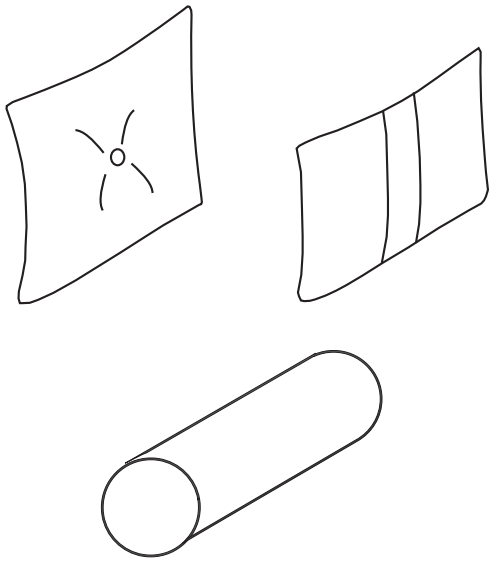
TOSS ACCENT PILLOWS

TOSS ACCENT PILLOWS PRODUCT SPECIFICATIONS 10 SERIES



CONSTRUCTION
SQUARE AND RECTANGLE

- Polyester filled insert with non-woven ticking

RELAXED TOSS PILLOWS

- Relaxed pillow insert has a light, soft fill that is blended from poly fibers, providing a more relaxed pillow aesthetic. It's a perfect complement to our residentially inspired lounge collection, Collette

CLASSIC TOSS PILLOWS

- Classic pillow insert has a heavier, firm fill that is blended from poly fibers, providing a more structured pillow aesthetic for commercial environments

BOLSTER

- Features high grade polyurethane foam with a polyester wrap

CLOSURE

- Nylon zipper

UPHOLSTERY DETAILS

- Contrasting textile available on all models
