BID/PRICING AGREEMENT/CONTRACT FORM & NON-DISCRIMINATION STATEMENT

BIDDER MUST ELECTRONICALLY COMPLETE, SIGN AND NOTARIZE THIS DOCUMENT PRIOR TO SUBMITTING IN THE ELECTRONIC BID SYSTEM

Please be aware that typing in your password acts as your electronic signature, which is just as legal and binding as an original signature.

(See Electronic Signatures in Global and National Commerce Act for more information.)

THIS DOCUMENT MUST BE ELECTRONICALLY SIGNED AND SUBMITTED WITH THE BID OR THE BID WILL BE REJECTED

INSTRUCTIONS: This document MUST be electronically signed and submitted with the bid for the bid to be valid. Failure to electronically sign the this document prior to submitting the electronic bid will result in rejection of your bid. This document constitutes your bid and will be the Pricing Agreement/Contract document under which you are to perform, should your bid be accepted, so it must be properly and completely executed. It is, therefore, essential that you are aware of its terms, as well as those contained in the specifications.

Submit this electronically signed document, along with all accompanying documents:

THIS PRICING AGREEMENT/CONTRACT is made and entered into, by and between **Admiral Express, LLC.**hereinafter referred to as "Bidder" and The City of Oklahoma City, a municipal corporation, or a participating Public Trust of which The City of Oklahoma City is Beneficiary hereinafter referred to as the "Contracting Entity."

WITNESSETH:

WHEREAS, the governing body of the Contracting Entity has approved certain specifications and requested by notice that bids be submitted thereon; and

WHEREAS, this document until executed by the Mayor/Chairman of the Contracting Entity constitutes the Bidder's proposal; and

NOW, THEREFORE, that in consideration of the covenants, agreements and representations as hereinafter set forth, it is mutually agreed by the parties that:

1. The Bidder agrees to sell and deliver to the Contracting Entity, the items of material and/or services, specified in the pricing section of the electronic bid submittal, which is attached hereto and made a part of this Pricing Agreement/Contract. List the prompt payment discount, if any, for this agreement in the space provided below:

Discount for Prompt Payment **0**% Days

2. The Bidder expressly warrants that all articles, material, and/or work covered in this Pricing Agreement/Contract will conform to the specifications and electronic bid documents attached to this bid and are hereby incorporated, as if set forth in full herein; and further warrants that the same shall be of good material and workmanship, and free from defects.

3. The Bidder understands that all bids are to be submitted in U.S. dollars at a firm price. Bids submitted in any currency other than U.S. dollars will be rejected.

4. The Bidder also understands that all invoices shall be submitted in U.S. dollars and agrees to accept payment in U.S. dollars as full satisfaction of the invoiced amount.

5. If any of the goods fail to meet the warranties contained in Paragraph 2, above, the Bidder, upon notice from the Contracting Entity, shall promptly correct or replace the same at the Bidder's expense. If the Bidder shall fail to so do, the Contracting Entity may cancel this order as to all such goods, and in addition, may cancel the then remaining balance of this order. After notice to the Bidder, all such goods will be held

COKC0019 7

at the Bidder's risk. The Contracting Entity may, at the Bidder's direction, make available such goods to be returned to the Bidder at the Bidder's risk, and all transportation charges, both to and from the original destination, shall be paid by the Bidder. Any payment for such goods shall be refunded by the Bidder unless the Bidder promptly corrects or replaces the same at the Bidder's expense.

6. The Contracting Entity agrees to pay to the Bidder the price and amount in accordance with Paragraph 1 above, based on the quantity actually purchased, upon delivery to and acceptance by the Contracting Entity, of the material and/or service[s] above described and upon the filing by the Bidder, and approval by the Contracting Entity, of a verified claim for the amount due.

7. The Bidder agrees, in connection with the performance of work under this Pricing Agreement/Contract:

a. That the Bidder will not discriminate against any employee or applicant for employment, because of race, creed, color, sex, age, national origin, ancestry or disability. The Bidder shall take affirmative action to ensure that employees are treated without regard to their race, creed, color, age, national origin, sex, ancestry or disability. Such actions shall include, but not be limited to, the following: employment, promotion, demotion or transfer, recruitment, advertising, lay-off, termination, rates of pay or other forms of compensation and selection for training, including apprenticeship. The Bidder agrees to post, in a conspicuous place available to employees and applicants for employment, notices to be provided by the City Clerk/Secretary of the Contracting Entity setting forth the provisions of this section, and;

b. That the Bidder agrees to include this non-discrimination clause in any subcontracts connected with the performance of this Pricing Agreement/Contract.

8. In the event of the Bidder's non-compliance with the above non-discrimination clause, this Pricing Agreement/Contract may be canceled or terminated by the Contracting Entity. The Bidder may be declared by the Contracting Entity ineligible for further Pricing Agreement[s]/Contract[s] with the Contracting Entity until satisfactory proof of intent to comply is made by the Bidder.

9. The risk of loss or damage shall be borne by the Bidder at all times until the acceptance of goods, properly packed, by the Contracting Entity.

10. This Pricing Agreement/Contract, specifications, electronic bid submittal documents and any attachments constitutes the entire understanding and agreement of the parties upon the subject matter hereof. There is no agreement, oral or otherwise, which is not contained in or attached to this Pricing Agreement/Contract. This Pricing Agreement/Contract may not be modified or assigned unless approved in writing and signed by both parties.

11. The parties assume and understand that the variables in the Bidder's cost of performance may fluctuate; consequently, the parties agree that any fluctuations in the Bidder's costs will not alter the Bidder's obligations under this Pricing Agreement/Contract nor excuse performance or delay on the Bidder's part.

12. This Pricing Agreement/Contract shall be inoperative during such period of time that the aforesaid delivery or acceptance may be rendered impossible by reason of fire, Act of God or government regulation. Provided, however, to the extent that the Bidder has any commercially reasonable alternative method of performing this Pricing Agreement/Contract by purchase on the market or otherwise, the Bidder shall not be freed of any obligations hereunder by this clause, even though the goods intended for this Pricing Agreement/Contract were destroyed or their delivery delayed because of an event described above.

13. The shipping or receiving of any goods under this Pricing Agreement/Contract shall not be deemed, or be, a waiver of any right to damages for any prior failure to ship or receive any goods.

14. This Pricing Agreement/Contract shall be governed by the laws of the State of Oklahoma.

15. The Bidder shall be responsible for complying with all applicable federal, state and local laws.

16. If submitting a bid for services, the Bidder certifies that they, and any proposed subcontractors, are in compliance with 25 O.S. §1313 and participate in the status Verification System. The Status Verification System is defined in 25 O.S. §1312 and includes but is not limited to the free Employment Verification Program (E-Verify) through the Department of Homeland Security and available at www.dhs.gov/E-Verify.

COKC0019 7

The undersigned individual states that the Bidder will be bound by all components of its bid, the specification, the terms and conditions of the Pricing Agreement/Contract, and the requirements for Bidders.

WITNESS the hands of the parties hereto:

THIS FORM MUST BE ELECTRONICALLY SIGNED AND SUBMITTED WITH THE BID FOR THE BID TO BE VALID

Note: The owner or an officer of the business or corporation may sign this document. A Corporate Seal or a letter of authorization is needed for any other signer. For instance, if a Salesman or Manager signs this form, a letter of authorization or Corporate Seal is to be attached.

The undersigned, of lawful age, being duly sworn, upon oath, deposes and says: That the undersigned has the lawful authority to execute the within and foregoing proposal/bid for, and on behalf of, the Proposer/Bidder; that the Proposer/Bidder has not, directly or indirectly, entered into any agreement, express or implied, with any Proposer/Bidder, having for its object the controlling of the price or amount of such proposal/bid, the limiting of the proposals/bids or the Proposers/Bidders, the parceling or farming out to any Proposer/Bidder or other persons, of any part of the Agreement or any part of the subject matter of the proposal/bid, or of the profits thereof, and that Proposer/Bidder has not and will not divulge the sealed proposal/bid to any person whomsoever, except those having a partnership or other financial interest with the Proposer/Bidder in the said proposal/bid, until after the said sealed proposals/bids are opened.

The undersigned further states that the Proposer/Bidder has not been a party to any collusion: among Proposer/Bidders in restraint of freedom of competition, by any agreement to bid at a fixed price or to refrain from proposing; or with any City/Trust official, City/Trust employee or City/Trust agent as to the quantity, quality, or price in the prospective Agreement, or any other terms of the said prospective Agreement; or in any discussions between the Proposers/Bidders or City/Trust official, City/Trust employee or City/Trust agent concerning the exchange of money or other thing of value for special consideration in the letting of Agreement. The Proposer/Bidder states that it has not paid, given or donated or agreed to pay, give or donate to any City/Trust official, officer or employee of the City or awarding agency, any money or other thing of value, either directly or indirectly, in the procuring of the award of Agreement pursuant to this Proposal/Bid.

Witness the hands of the parties hereto:

The undersigned states that the Proposer/Bidder will be bound by its proposal/bid, the specification, the terms and conditions of the Agreement, and the Requirements for Proposer/Bidders.

DarRan Warranty.pdf

City of Oklahoma City and its Trusts

COKC0197

Limited Lifetime Warranty

DARRAN Furniture, Inc. ("DARRAN") warrants that each piece of furniture manufactured in its North Carolina facilities will be free from defects in material and workmanship for as long as the original purchaser owns and uses the products.

Subject to the limitations and exclusions herein, DARRAN, at its discretion and as the sole remedy under the DARRAN Limited Lifetime Warranty, will replace or repair a defective product or components with comparable product or components free of charge. This warranty is made only to the original purchaser from an authorized DARRAN dealer, for as long as that original purchaser owns and uses the product.

LIMITATIONS: USE/CARE

- Warranty is limited to normal single shift use.
- Warranty is limited to generally accepted care and maintenance of natural wood products and environments.
- Natural wood surfaces are subject to denting, scratching, and gauging if not properly used and cared for. Warranty is subject to use and care in accordance with the use and care instructions provided in the Product Care section of this site (including, but not limited to, the care and maintenance guide downloads linked theron), available at www.darran/com/productcare, which are incorporated herein by reference.

LIMITATIONS: MATERIALS/COMPONENTS

- Laminates, Veneers / Finishes / Hardwoods – 10 years
- Electrical lamps, Ballasts, Transformers – 5 years
- Fabrics, pneumatic lifts, foam – 5 years
- Custom products built to customer specifications – 3 years
- Seating foam padding – 5 years
- Seating metal accents, glides – 10 years
- Seating wood frame – 10 years
- Seating High Use Items – 5 years
  (High Use Items include, but are not limited to, table arms,electrical components, ganging mechanisms, pneumatic lifts, andpolymer based components)
- Fabric / Leather - 3 Years

WARRANTY EXCLUSIONS

- Damage identified as carrier or installer related.
- Normal wear and tear of wood products during course of ownership.
- Color, grain, or texture of natural wood materials, laminates and other covering materials.
- Damages or failures resulting from misuse, abuse, negligence, improper care, modifications, or relocation.
- Non-Commercial use or locations.
- So-called "ghost" indentions and similar damage caused by the failure to use appropriate desk or writing pads.

- C.O.M. (Customer's Own Material) specified by the customer.
- Damages to seating products caused by contact with tables, desks, or other surfaces.
- Textiles (which may be subject to a separate warranty from the textile manufacturer).

All Warranty Claims are subject to DARRAN-approved inspections. Disputes may involve independent 3rd party evaluation.

QUALITY ASSURANCE

DARRAN manufactures in accordance with the standards set by the Architectural Woodwork Institute (AWI) for Casegood Quality Standards. DARRAN manufactures in accordance with the standards set by BIFMA/ANSI for seating quality standards. DARRAN maintains a staffed testing facility to ensure products manufactured meet BIFMA/ANSI performance standards.

Every unit produced at DARRAN is completely inspected by an independent quality control team located within each plant whose emphasis is on assembly, finish and final inspections with empowerment to stop any unit not meeting DARRAN's high quality standards.

LIGHT & NATURAL FINISHES

The beauty of veneer and all wood products comes from the variations created by nature including color, grain, and texture. These variations are not considered defects and DARRAN's Limited Lifetime Warranty does not cover color, grain and texture variations associated with natural wood and grain seen in any finish color. DARRAN sets standards for veneer selections; however, variations, especially apparent in light/natural finishes, will occur from one piece to another even if they are finished at the same time.

Finishes such as Clear Maple, Light/Gunstock Walnut, and Clear/Caramel Cherry will display more natural characteristics due to their light stain. Grain, pattern and color from unit to unit are not guranteed or warranted and products will not be replaced due to these variations. Exposure to light and age will cause darkening of natural wood products; therefore DARRAN cannot gurantee or warrant finish match of new products being placed with existing products in the field.

DARRAN exposed seating frames are constructed from European Beech Hardwood known for superior joint strength and hardness. Because the frames are made from several solid wood components, some color and shade differences may be seen due to natural wood variations. Light and Natural Finishes may reflect these differences more, while Medium to Dark Finishes will blend natural wood differences. These variations and differences are not considered defects and DARRAN's Limited Lifetime Warranty does not cover color, grain, and texture variations associated with natural wood and grain seen in any finish color.

GLASS

Use of glass overlays on surfaces will void DARRAN's Limited Lifetime Warranty, unless the overlay is installed and maintained in strict accordance with DARRAN's instructions. If an overlay is to be used, please contact DARRAN for installation and maintenance instructions.

COKC0197

GENERAL

Performance questions will be tested to generally accepted practices and AWI guidelines and standards for wood veneer furniture. There are no other warranties except as expressly set forth above either expressed or implied. To obtain performance of these Limited Warranties, the purchaser should contact in writing the authorized DARRAN representatives or current dealer who sold the product to the purchaser or mail the warranty claim to:

We guarantee our high quality ergonomic work tools with an industry leading 15 year product warranty. All ESI products are covered under a 15 year warranty, except the products listed below:

10 YEAR WARRANTY

- Eppa™ series

7 YEAR WARRANTY

- Electric table components
- Motors
- Crank mechanisms
- Counterbalance mechanisms

5 YEAR WARRANTY

- Laminated worksurfaces
- S2S

3 YEAR WARRANTY

- Lift series
- Climb series

2 YEAR WARRANTY

- Palm rests
- Mouse pads

1 YEAR WARRANTY

- Pencil drawers
- Fluorescent ballasts
- LED sallasts
- LED transformers
- Power solutions

ESI warrants to the original purchaser that its products are free from defects in workmanship and materials based on normal installation and use of the product in an 8-hour shift.

ESI will repair or replace any product that is determined to be defective with the same or comparable product after inspection by an authorized ESI representative. Warranty shall apply to original purchaser only and request must be submitted with original PO number.

Warranty does not apply to damage in shipment caused by carriers, damage caused during installation, normal wear and tear, use or conditions. Products that are modified or tampered with in any way by any person other than an authorized ESI representative will not be covered under warranty. Costs (such as installation, labor fees or express shipping) incurred due to replacement of products will not be covered under warranty.

FireKing Fire Resistant Safes Limited Warranty:
If a mechanical or operable part of a FireKing safe malfunctions or breaks down during normal use, FireKing International will at our option, repair or replace said part free for a period of one (1) year from the date of purchase.

Warranty excludes customer neglect or abuse, robbery attempt, burglary, vandalism or other criminal conduct, environmental factors (such as fire, water damage, wind), acts of God, lightning or power spikes or surges or modifications not made by FireKing. Any failure resulting in the use of unapproved lubricants, cleaning liquids or solvents and/or liquid spills are not covered under warranty. Failure resulting in the relocation of equipment by non FireKing technicians is not covered under warranty.

FireKing Fire Resistant safes (other than data safes) are protected by a lifetime guarantee for free replacement in the event of damage by fire. In the event that a FireKing safe is damaged in a fire, at any time while in the possession of the original purchaser, FireKing International will replace the safe free of charge and ship it freight collect to the owner.

Warranty service is available by contacting your retail seller, or by contacting FireKing International at 1-800-457-2424. FireKing International reserves the right to have its representative inspect any product or part to honor any claim, and to receive a purchase receipt or other proof of original purchase before warranty service is performed.

This warranty is limited to the terms stated herein. All expressed and implied warranties including the warranties of merchantability and fitness for a particular purpose are excluded, except as stated above. FireKing disclaims all liabilities for incidental or consequential damages resulting from the use of this product, or arising out of any breach of this warranty. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation may not apply to you. This warranty gives you specific legal rights, and you may have other rights as well, which will vary from state to state.

Prepaid freight dock delivery within the contiguous U.S. for orders over $250.00 net.

Freight:

Orders are shipped F.O.B. Factory with delivery during regular business hours. Purchaser takes title of the merchandise on shipment from factory and remains responsible for filing any freight claims. See “Destination Inspection.”

Dock-to-Dock Delivery:

FireKing is not responsible for removing product from truck or inside delivery. These services are available for additional charges. Call FireKing for details.

Destination Inspection:

Merchandise should be fully inspected upon receipt for evidence of damage or shortage before acceptance. When damage or shortage occurs, refuse acceptance until transportation agent endorses extent of damage or shortage. If external appearance has not indicated damage, but upon opening, contents are found damaged, unpacking should be stopped and an inspector of the delivering carrier should be called immediately. The inspector should indicate on the delivery receipt the exact condition of the contents. Customer should contact FireKing Customer Service immediately for final processing of the claim. Damage claims must be made within 5 days of receipt of product. FireKing reserves the right to repair any damages in the field. All returns and reorders must be approved by FireKing.

Returns:

Return shipments will not be accepted unless authorized by FireKing International LLC, New Albany, IN. They must be shipped freight prepaid, and will be subject to a minimum of 25% restocking charge, plus any applicable delivery charges. Only current stock merchandise may be returned. All products to be returned must have been shipped within the previous 12 months and be in their original shipping containers. Repairs and Adjustments Claims for repairs or adjustments will not be accepted unless authorized in advance by FireKing International LLC, New Albany, IN.

Cancellation Policy:

Standard items cannot be cancelled after they have been placed in production. Special or custom items cannot be cancelled.

Limitations Applicable to all Warranties

All warranties are to the original purchaser from authorized dealers only. Warranties are not transferable. Proof of purchase is required for all claims.

All warranties are limited to manufacturing and material defects that appear under normal, residential use. Additional limitations described herein apply.

Warranties are for repair, replacement, or substitution only, in La-Z-Boy's sole discretion. Refunds are not available.

La-Z-Boy will pay reasonable and customary rates for labor during the period of the labor warranty. You will be responsible for labor costs after the stated time period.

You are responsible for service part handling fees, in-home inspection fees, and transportation of the product to and from the dealer.

Warranties are voided by evidence of excessive soiling, improper cleaning or treatment, abuse, or abnormal use or use contrary to the advisories or instructions contained herein. Warranties do not apply to products used for rental, business, commercial, institutional, or other non-residential uses.

Important Information

To the extent permissible by applicable law, these warranties are your exclusive remedy and no other warranties, express or implied, including, but not limited to, the implied warranties of merchantability

COKC0197

To make a claim under this warranty, please contact the authorized dealer from whom you made your purchase. If your original dealer is not available, please contact another authorized dealer with your proof of purchase. Click here to find an authorized dealer near you.

La-Z-Boy products may not be altered by any person, dealer, or company without the express writt authorization of La-Z-Boy. If you feel, after presenting your warranty claim to your dealer, that it h not been resolved, you may write to:

La-Z-Boy Incorporated
Attn: Comfort Care
One La-Z-Boy Drive
Monroe, MI 48162

In-home inspection fees or transportation of the product to and from the dealer for repair are not the responsibility of La-Z-Boy Incorporated.

Please review the warranty card that came with your product for specific warranty coverage. For further information regarding a specific product warranty, please contact a local authorized dealer.

Please include the dealer's name and address, furniture delivery date, ALI #(Acknowledgement-Line-Item), style, cover number, and a brief explanation of the problem.

This Limited Warranty will be governed by the laws of the State of Michigan.

Mattress Limited Warranty

La-Z-Boy warrants your mattress for a period of ten (10) years from the date of purchase. This Limited Warranty covers the following defects in material and workmanship:

- Any visible indentation or sag greater than one (1) inch that is not associated with an indentation or sag which results from use of an improper or unsupportive foundation.
- Any physical flaw in the mattress that causes the foam material to split or crack, despite normal usage and proper handling.
- Any manufacturing defect in the mattress cover such as the fabric tearing or stitching unraveling.

This Limited Warranty does not cover the following:

Find Store

LA Z BOY

- Individual or personalized preferences relating to firmness, texture, comfort, etc.;
- Mattresses sold “as-is”, “preconditioned”, “reconditioned”, “used”, “comfort return”, “returned”, “previously owned”, or any other similar wording indicating that the mattress is not “new” or of “first quality”, or has previously been purchased or used by another consumer;
- Minor imperfections and slight cosmetic flaws;
- Individual or personalized allergies and sensitivities;
- Naturally-occurring cotton or foam aromas; and
- Mattresses that are located outside of the United States at the time you wish to take advantage of this Limited Warranty.

In addition, this Limited Warranty does not cover conditions resulting from misuse, neglect or physical abuse or damage to the mattress. Accordingly, the following circumstances, if discovered upon inspection, will void your Limited Warranty: (a) any unsanitary condition; (b) burns, cuts or tears; (c) liquid damage or stains; (d) use of the mattress on an improper bed frame; (e) physically abusing the mattress; (f) attempting to clean the mattress in an inappropriate manner; and (g) improper storage of the mattress (including storage in damp locations, areas infested with insects or rodents, or any other unprotected storage areas).

In the event of a defect, La-Z-Boy’s sole and exclusive liability and your sole remedy under this Limited Warranty will be a replacement mattress. Should shipping costs be required to return your mattress, you will not be responsible for those costs. If you wish to replace your mattress with a more expensive mattress, you will be required to pay the difference between the original purchase price of the mattress and that of the upgraded mattress.

Replaced mattresses are subject to the same Limited Warranty as the original mattress. If you obtain a replacement mattress, the warranty term of the replacement mattress begins from the date of purchase of the original mattress. If you purchase an upgraded mattress, a new warranty term will begin upon the purchase of the upgraded mattress.

To make a claim under the La-Z-Boy Limited Warranty, please contact mattress@la-z-boy.com or (855) 802-6636. This Limited Warranty will be governed by the laws of the State of Michigan.

Outdoor Furniture Limited Warranty

Outdoor Furniture is manufactured by Casual Living (“La-Z-Boy Outdoor”), and will be free from defects in materials and workmanship (normal wear and tear, fading and stretching excepted) as provided below.

Frame (Cast, Extruded Aluminum) – Five (5) Years

Feedback

COKC00197

Find Store

LA Z BOY

COKC0197

Feedback

Frame (Steel, Wrought Iron) – One (1) Year

Wrought Iron and Steel furniture is covered for one (1) year from the original purchase date against defects in manufacturing and/or workmanship. NOTE: Steel and wrought iron are not covered for rust or rust staining.

Wicker Weave (Resin) and/or Straps – One (1) Year

Straps and/or wicker weave shall be covered against separation or breaking for one (1) year from t date of purchase. Discoloration and /or fading due to exposure to elements, chemicals or harsh cleaning products are not covered.

Powder Coat and/or Paint – One (1) Year

Finishes shall be covered against blistering, cracking, or peeling for a period of one (1) year from the original date of purchase. We will replace in the original color and style, if available, or in similar color and style if the original has been discontinued. Scratches, chips, and abrasion due to normal wear and tear are not covered.

Cushion and Pillow Construction – One (1) Year

All cushions and pillows shall be covered against separation at the seams for a period of one (1) year from the original date of purchase by the initial consumer. We will repair or replace any cushion or pillow in the original color and style, if available, or in similar color and style if the original has been discontinued. Fading or discoloration is not covered.

Solution Dyed Acrylic Fabrics – Five (5) Years

Solution Dyed Acrylic Fabric manufacturers, like Sunbrella® and Outdura®, provide a five (5) year limited warranty on their fabrics. When used on our outdoor furniture, these fabrics are warranted to the original purchaser for 5 years, protecting against fabrics becoming unserviceable due to color or strength loss from normal usage and exposure conditions, including sunlight, mildew and atmospheric chemicals. This warranty covers the fabric only and is serviced by the fabric manufacturer. This warranty does not cover normal care and cleaning; damage from misuse or abuse; improper installation; or costs associated with replacement of the fabric, including labor and installation. We reserve the right to inspect the fabric submitted for claim and will supply new equivalent fabric to replace the fabric that becomes unserviceable.

Sling Fabrics – One (1) Year

Find Store

LA Z BOY

COKC0197

Feedback

Wood – Three (3) Years

If the wood fails structurally (i.e., broken frame) within three (3) years from the date of purchase, we will, at our option, replace, repair or refinish the product in the original color and style, if available, or in a similar color and style if the original has been discontinued. Wood requires user maintenance and changes in the color of wood are normal and should be expected to occur over time as the natural material ages. Therefore, fading and color changes in wood frames are not covered by this warranty. Components such as chair feet are subject to wear and tear and are not considered part of the fram

Alternative Stone Tops – One (1) Year

Alternative Stone Tops are covered for one (1) year against defects in manufacturing and/or workmanship.

Hardware and Components – One (1) Year

If a component part (nuts, bolts, brackets, etc.) fails due to manufacturing defects within one (1) year from the date of purchase, we will replace the part.

Umbrellas – One (1) Year

Umbrellas are covered against failure structurally within one (1) year from the date of purchase, due to manufacturer's defects only. Umbrella bases are NOT covered. NOTE: Umbrellas should only be used with a table and umbrella base. Do not use in high wind or storms.

Shipping

If necessary, La-Z-Boy Outdoor will pay for shipping of replacement product for a period of one (1) year from the date of purchase. After one (1) year, it will be the original purchaser's responsibility to pay for freight and any packaging costs. All orders will be assessed a handling fee and large items may require an additional handling fee.

Exclusions

Failure caused by unreasonable or abusive use, fire, freight damage, acts of nature (such as, but not limited to freezing or high winds), suntan oil or other chemicals (such as chlorine or exposure to salt water), normal fading, scratching or chipping of the finish, weathering or staining or discoloration of furniture, accidental damage, repair, or modifications by customer, glass breakage, burning and/or

Find Store

LA Z BOY

display models, and all other "as is" or outlet purchased items are not covered under this warranty. In addition, La-Z-Boy Outdoor will not be responsible for loss of use or time, inconvenience, travel, packaging, or any other consequential/incidental damages. In no event shall La-Z-Boy Outdoor's responsibility exceed the value of the replacement part/product. **Glass breakage is not a covered item.**

Care and Maintenance

Be careful to never allow water to build up in frames as this will cause corrosion and freeze damage in cold climates. Wash all frames with a solution of mild soap and water. Rinse with clean water and dry with a soft absorbent cloth towel. Frames can be treated with a liquid wax for maximum protection against UV rays and/or salty, damp air. If your set includes cushions, slings, and/or an umbrella, they may be cleaned by hand with a solution of soap and water with a clean water rinse. Never machine wash cushions, slings or umbrella covers as this will result in shrinkage or damage. After cleaning cushions, tip on end and allow to drip dry. Never use a commercial or home dryer to tumble dry fabric goods. Do not use bleach or solvents to clean any product! This will void the warranty. **NOTE: Lack of original receipt will void the warranty!**

CAUTION: Read all instructions before assembly. Failure to do so may result in faulty assembly and potential injury. Assemble product on a soft, non-abrasive surface (carpet or cardboard) to avoid damaging the item. Seek assistance to assemble bulky or heavy items. After final alignment, make sure all bolts and nuts are securely tightened with screw head covers pressed in place.

Office Furniture Limited Warranty

Office Furniture is manufactured by True Innovations, and will be free from defects in materials and workmanship (normal wear and tear, fading and stretching excepted) for ten years from the date of purchase, except as provided below under the limited warranty.

The exceptions or exclusions to this warranty are as follows:

- Upholstery material and foam cushion material is warranted against defects in material and workmanship for a period of one year, beginning on the date of purchase as shown on the original sales receipt.
- Any warranty claim that is submitted after the limited warranty period, or without proper proof of purchase, will not include the cost of parts, labor or delivery.
- This warranty shall not apply to products which have been subjected to misuse, neglect, alteration, modification or attachments either caused by the original purchaser, shipping, storage, accident, fire, flood or acts of God.

In the event of a defect in material or workmanship covered by this warranty, True Innovations will repair or replace, at their discretion, without charge the warranted furniture within a reasonable

For claims or questions concerning this warranty, you may contact True Innovations Customer Service department directly on the web at www.trueinnovations.com. Be prepared to provide your name, address, daytime phone number, the model and purchase order number of the product, date of purchase, and the store where it was purchased. True Innovations requires that the original sales receipt be submitted with all requests to confirm that you are the original purchaser according to our written warranty.

All warranties are limited to the original purchaser for normal use by a person weighing less than 125 kg / 275 lb.

Pet Bed Limited Warranty

Pet Beds are manufactured by Petmate. If you are not completely satisfied with your purchase, Petmate offers returns within 30 days of the original date of purchase. **Before sending your return please e-mail their Consumer Service Team at consumerservices1@petmate.com.**

- After 30 days from the original date of purchase, all sales are final.
- If you paid for shipping on your original order we will refund that shipping charge to you.
- Return shipping charges are paid by the customer unless it was due to a shipping error on our part.
- Returns must be shipped freight prepaid. Any return sent back freight collect will be refused.
- All returns must be in an unused condition and in original factory packaging with all original packing materials. Please include a copy of the original packing list or the order number.
- In the unlikely event that your product is missing parts, please email Petmate at consumerservices1@petmate.com within 30 days of the original date of purchase and they will send you the missing parts at no charge to you.

Damaged items

If a package arrives damaged, it's best for you to refuse the package. If you sign for and keep the package, you should note the damage when signing for it so that a claim may be filed with the carrier.

Damaged products are allowed for replacement or credit within 30 days of original date of purchase.

Defective items

Defective products are allowed for replacement or credit within 30 days of original date of purchase.

Please contact Petmate at consumerservices1@petmate.com before shipping the defective item back to Petmate.

800 W. Stephens Street
Arlington, TX 76017
Attention: Consumer Returns

Governing Law

This Limited Warranty will be governed by the laws of the State of Michigan.

Arbitration

In the event a dispute arises between you and La-Z-Boy arising out of this Limited Warranty, such dispute will be determined and settled by binding arbitration between the parties, in accordance with the Commercial Arbitration Rules of the American Arbitration Association ("AAA"). More information about the AAA is located at www.adr.org, or you can call the AAA at 1-800-778-7879.

You must seek arbitration for disputes arising out of this Limited Warranty prior to exercising any rights or seeking any remedies created by the Title I of the Magnuson Moss Warranty Act. If you choose to pursue any rights and remedies that are not created by Title I of the Magnuson Moss Warranty Act, then arbitration is not required.

Arbitration will take place in Monroe, Michigan.

Feedback

COKC0197

circumstances, the arbitrators will issue their decision within 120 days from the date the third arbitrator is selected by the two designated arbitrators or appointed by the AAA. The arbitrators may extend this time limit for an additional 30 days in the interests of justice. All arbitration proceedings will be closed to the public and confidential and all related records will be permanently sealed, except as necessary to obtain court confirmation of the arbitration award. The decision and the arbitrators' award will be in writing and will include a statement setting forth the reasons for the disposition of any claim. A dissenting decision will also be set forth in writing. The arbitrators' award will be final and binding on the parties, and judgment thereon may be entered in any court of competent jurisdiction.

CUSTOM COLORS

When you need a color that's not included in our 72 Standard Colors or Industry Favorites, simply send us a paint chip and we'll get it matched. A special lead time or cost will likely be included, but we can almost certainly supply exactly the color you need.

- No minimum order size on Custom Colors
- Custom Color up-charge is applied on a per unit basis
- Minimum lead-time is 15 working days after we receive your written color approval
- We must receive a purchase order before exchanging custom color samples.

Check our website for Custom Color Idea Starters, a sampling of trending new custom colors!

Here's how it works for custom colors:

1. Along with your purchase order, send us a 2" X 2" sample of your desired Custom Color (a metal chip is best, but often a laminate or paper sample will work).
2. We'll work with our paint suppliers to find a match, a process that typically takes 10 to 15 business days. Then we'll send a metal sample of our recommended paint color back to you, along with a sign-off sheet, total net up-charge, and lead-time requirements.
3. You'll return the sign-off sheet, we'll send you an order acknowledgment, and away we go!

Two-tone cabinets, with fronts painted a different color than the cabinet are available. Contact Sales for a quote.

Please note: *Our objective is to order exactly the correct amount of paint for each order so that we can offer you the lowest possible price. For this reason, if you happen to order the same custom color again weeks, months, or years later, paint inventory will likely not exist and any additional costs will once again be charged per unit, no matter the order size.*

Great Openings Laminate Program

Great Openings offers the laminates listed below, at a standard price and lead time. We also make it easy to order other laminates and edge bands, as described below as "Special Laminates". For memo samples, please go to wilsonart.com or formica.com.

HPL and TFL Laminates

https://www.greatopenings.com/finish-center/standard-laminates/

1518 Laminate Lockers

https://www.greatopenings.com/finish-center/1518-laminates/

Special Laminates

When you need a laminate or edge band that's not included in our Standard Laminates & Edges, call Great Openings to request a special quote and lead-time. We have access to WilsonArt®, Formica®, Nevamar®, Pionite® and many more.

Please note that special laminates or edges will require additional charges, lead-time, and minimum order quantities.

When it's time to place your custom laminate order, include the following information on your PO:

- name of your laminate and edge
- manufacturer names
- pattern names
- identification numbers

Special laminates and edges cannot be changed or canceled after the order has been confirmed by our Customer Service Department and an order acknowledgment has been sent.

Standard Work Surface Specifications

Specifications for (HPL) high pressure laminate work surfaces, cabinet tops, and drawer fronts

- Industrial grade particleboard, single-sided decorative laminate overlay
- High performance, high pressure laminate backer
- California Air Regulation Board Compliant to Phase 2. FSC Controlled Wood Status
- Water based, formaldehyde free, GREENGUARD® certified adhesive
- Finished thickness of horizontal application work surfaces is 1.2"
- Finished thickness of vertical application drawer fronts and doors is .8"
- Edge bands are 2mm or 3mm
- Cayenne laminate tops are 5/8" thick

Specifications for (HPL) high pressure laminate doors

- Identical to the specification shown above, except doors feature two-sided decorative high pressure laminate, so the appearance is identical inside and out

Specifications for (TFL) thermal fused laminates for drawer fronts and doors

- TFL is a cost effective, durable product used on vertical services such as drawer fronts and doors
- TFL offers the same abrasion resistance as High Pressure Laminate and slightly less impact resistance, therefore it's appropriate for use on drawer fronts and doors. Thermal Fused Laminates do not meet NEMA specification requirements, scratch resistance, or ball drop tests
- Doors feature two-sided decorative TFL, so the appearance is identical inside and out
- California Air Regulation Board Compliant to Phase 2. FSC Controlled Wood Status
- Finished thickness of TFL drawer fronts and doors is .75"
- Edge bands are 2mm or 3mm (identical to those used on HPL fronts)

LAMINATES

Products Available with Laminate Fronts

Any of the following Great Openings cabinets may be special-ordered to include factory-installed laminate fronts. Laminates may be one of Great Openings' standards, or a special ordered laminate. Laminate wood grain is positioned vertically on all fronts, including tower doors. Laminate fronts must be specified to include any one of our loop pulls. UM Series locks are included as standard. When ordering more than 50 of any single laminate size, please call Sales for a quote.

	Notes	Product
	Pedestal drawer fronts and lock strip will be laminate. Cushion pedestals will not include a loop pull on the lock strip. Not available on 3" pencil drawers.	box/file pedestal file/file pedestal box/box/file pedestal
	Lateral drawer fronts and lock strip will be laminate. The lateral top and base are both visible from the front of the cabinet, and will be metal.	Box/file lateral (any width) 2-high lateral (any width) 3-high lateral (any width) 4-high lateral (any width) 5-high lateral (any width) 6-high lateral (any width)
	Laminate drawer and door fronts are full-width. The tower top and base are both visible from the front of the cabinet, and will be metal.	Cupboard wardrobe tower (any height)
	Double door storage fronts are full-width. The cabinet top and base are both visible from the front of the cabinet, and will be metal.	2-high storage cabinet (any width) 3-high double door cabinet (any width)
	Cayenne drawer fronts are full width, and the lock is located in the bottom drawer.	Cayenne two drawer cabinet (any width)
	In the locker section of this pricebook, you'll find laminate front options already priced, as an alternative to metal fronts.	

Fabrics

Great Openings has graded programs with C.F. Stinson and Maharam, and fabric swatches may be ordered directly from them. Please check greatopenings.com for our current fabrics and grades.

For your convenience, we display fourteen C.F. Stinson New Hempstead fabrics in our finish card and price book, just to make it simple to pick a low texture, solid color, 100% polyester fabric. All of these “standard” fabrics are priced at GRADE 1.

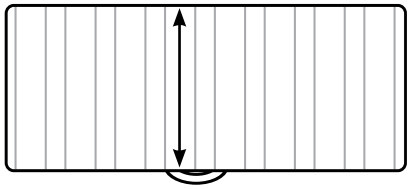
Laterals & FileCenters



Cayenne Low Storage

How to specify COM fabric on your purchase order:

Calculate the yards of fabric needed using the chart below. If ordering more than 20 identical units, call for fabric requirements

Clearly label your fabric package with:
- Purchase order #
- Dealer name
- Fabric description
- Yardage quantity enclosed

Send the fabric to:

Great Openings (Fabric), 901 East Sixth St., Ludington, MI 49431
Please note PO or Sales order

Product	Required Yardage
Cushion FileCenter, Cushion Pedestal, Molly	Required for 54" or 66" fabric 1 linear yard per unit
 Bill, Chester, Lester, Slim	Required for 54" or 66" fabric Bill (3/4 linear yard per unit) Chester (1 linear yard per unit) Lester (3/4 linear yard per unit) Slim (3/4 linear yard per unit)
Trace Box/File Lateral Cushions	Required for 54" or 66" fabric • 30", 36", and 42" wide laterals (3/4 linear yard)
 Cayenne Cushion	Required for 54" or 66" fabric 12" wide cushion (3/4 linear yard) 18" wide cushion (3/4 linear yard) 30" wide cushion (3/4 linear yard) 36" wide cushion (3/4 linear yards) 42" wide cushion (3/4 linear yards)
 Desk Hutch	Required for 54" or 66" fabric • 36" wide tack board requires 42" fabric (1-1/2 linear yard) • 42" wide tack board requires 48" fabric (1-1/2 linear yards) • 48" wide tack board requires 54" fabric (1-1/2 linear yards) • 54" wide tack board requires 66" fabric (2 linear yards) • 60" wide tack board requires 66" fabric (2 linear yards) • 66" wide tack board requires 72" fabric (2 linear yards) • 72" wide tack board requires 77" fabric (2-1/2 linear yards)
Rectangle Screen, Scalloped-Shaped Screen The scalloped-shaped screens require the same amount of fabric as the rectangular screens. The 20-3/4" and 12" screen height dimension will be taken from the width of the cloth.	Required for 54" or 66" fabric • 23" wide screen requires 29" fabric (1 linear yard) • 29" wide screen requires 35" fabric (1 linear yard) • 35" wide screen requires 41" fabric (1-1/2 linear yards) • 41" wide screen requires 47" fabric (1-1/2 linear yards) • 47" wide screen requires 53" fabric (1-1/2 linear yards) • 59" wide screen requires 65" fabric (2 linear yards) • 65" wide screen requires 71" fabric (2 linear yards) • 71" wide screen requires 77" fabric (2-1/2 linear yards)

Key-Alike Process and Charges:

- Your key-alike request can be ordered on the original purchase order or under separate cover.
- Key–alike requests for the UM, SL, LL and K Series locks are processed at no charge as long as the quantity of key/core sets match the quantity of cabinets.
- When including the UM, SL, and LL Series locks, products will be shipped with randomly assigned cores/keys. Your key-alike requests for all lock series will be shipped separately and labeled to allow for easy change-out in the field, after the product is installed.
- A core-removal key is provided at no charge with each key–alike request.
- Additional keys, cores, master keys, and core keys may be purchased separately. The cost is $4 net per item, plus $15 net for shipping costs.

When ordering products to be keyed-alike, include this Key Order Form with your purchase order. An electronic version of this form can be found at greatopenings.com under “Resources”.

PRODUCT CARE AND MAINTENANCE

This guide provides specific information to keep your Great Openings and Sparkeology products like new. With proper care, you can expect years of trouble-free use.

Cleaning Painted Metal

1. Apply a small amount of nonabrasive cleaner such as Simple Green®, Windex®, or 409®, using a paper towel or a clean, dry, lint-free microfiber cloth.
2. Rub gently to remove dirt.
3. Wipe clean using a new paper towel or cloth.

Cleaning Laminate

1. Apply a vinegar-and-water solution to a paper towel or a clean, lint-free microfiber cloth.
2. Gently wipe the surface to remove any surface dust. **Caution:** do not use furniture polish that contains waxes and oils on laminate surfaces. Do not use bleached-based cleaners on laminate as it may discolor. Do not use hard bristle brushes that may scratch the surface.
3. To spot clean laminate, use a mild soap-and-water solution or Windex®.
4. Rub the soiled area in the direction of the grain. If no grain is present, rub in a circular motion.

Cleaning Fabric

1. Regularly clean your fabric by vacuuming or light brushing.
2. Always check the fabric-specific cleaning instructions before deciding which cleaning product to use.
3. Test the cleaning product in an inconspicuous area first to guard against color bleeding or fabric shrinkage.

Cleaning Acrylic Screens and Resin Tops

1. Use mild soap-and-water, applied with a dry lint-free cloth.
2. Wipe clean to remove soap and moisture residue.

Basic Construction

- All Great Openings products meet or exceed applicable ANSI-BIFMA standards for durability and safety
- Welded steel frame construction and formed channels ensure strength in key areas
- Top and side channels are 18-21 gauge cold rolled steel
- Outer panels and drawer bins are 22 gauge steel, drawer fronts are 20 gauge steel
- Weight limits of 200 lbs for mobile pedestals and cushion mobile storage
- Black plastic casters are 37 mm, 2 locking and 2 non-locking, installed in the field
- Translucent casters are 50mm, all four casters are non-locking, installed in the field
- Cabinet heights listed include black plastic 37mm casters
- Four leveling glides with 1-5/8" adjustment ensure proper alignment and operation
- Leveling glides are not interchangeable with casters
- The front-facing kick plate on Trace freestanding pedestals is 3.25" high

Features

- Drawer fronts are mechanically fastened and removable to maximize design flexibility
- All drawers include full extension, steel ball bearing slides
- Slides include anti-rebound and quick disconnect features
- Drawer fronts include rubber bumpers for quiet operation
- Drawers can accommodate letter, legal, and ledger filing. Legal and ledger filing require a file drawer divider, sold separately

Options and Accessories

- All options and accessories are sold separately or are available as an upgrade
- Box drawer dividers snap into position and remain in place
- File drawer dividers snap into position to accommodate side-to-side filing
- Pencil trays include four compartments and sit on top of the sides of the box or file drawer bin
- Laminate drawer fronts may be specified. See the Specification Guide for details
- Polyethylene drawer front fillers increase sound absorption
- Individually locking drawers, either keyed or electronic

Lock System

- All Great Openings products include randomly-assigned UM Series locks
- UM locks are black-faced, master-keyed, and core-removable
- Locks may be keyed-alike in the field
- Other key series are available, including Haworth SL, bright nickel LL, and Knoll K. See the Specification Guide for details and how to order
- Pedestals may be ordered to include individually locking security drawers. See the Pedestal Accessory section for details

Counterweights

- Mobile Pedestals, Freestanding Pedestals, and Mobile FileCenters include factory installed counterweight
- Counterweights are not necessary for work surface supporting pedestals or hanging pedestals

Load Capacity

- Pencil drawer: 50 lbs
- Box drawer: 50 lbs
- File drawer: 70 lbs
- Chester, Lester, and Slim bottom drawers: 70 lbs

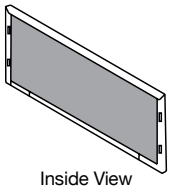
Drawer Front Filler -Pedestals



Inside View

- Pedestals with box or file drawers may be upgraded to include a closed cell polyethylene filler piece that adheres to the inside of the drawer front for improved sound dampening. (3" pencil drawers are enclosed as standard with a formed metal piece.)
- Drawer Front Filler upgrades, priced per drawer, will be added to the product list price

Description	Options	Part #	Price/Drw
drawer front filler	price per drawer	Add “U” as a suffix to the part number	$19

Available Fronts | A | B | D | F | H | I | N | P | Q | S

TRACE LATERAL FILE SPECIFICATIONS

SIN 33721

Basic Construction

- Trace lateral files feature horizontal lines and full-width fronts consistent with all other Trace products
- All Great Openings products meet or exceed applicable ANSI-BIFMA standards for durability and safety
- Welded steel frame construction and formed channels ensure strength in key areas
- Reinforced vertical and horizontal channels ensure dimensional stability
- Top and side channels are 20 gauge cold rolled steel. Fronts, tops, outer panels are 20 and 22 gauge. Drawer bins and shelves are 18 and 20 gauge
- The lock strip on 4-high and 5-high laterals is located above the fourth drawer. In 6-high laterals, the lock strip is located above the fifth drawer
- Four leveling glides with 1-1/4" adjustment ensure proper alignment and operation
- The front-facing kick plate on Trace lateral files is 3.25" high

Features

- The top opening of 5-high and 6-high Trace laterals features an over-the-top flipper door with 13-1/4" inside clear height that will accommodate standard height binder storage
- All drawers and roll-out shelves include full extension steel ball-bearing slides with anti-rebound features to ensure smooth operation
- Trace lateral file metal and laminate tops are sized to be flush with the sides of the cabinet, so that files installed side-to-side will have no gaps between
- Drawers include full-height side panels
- Two file bars are included in each drawer, for side-to-side filing. File conversion bars for front-to-back filing are sold separately
- Drawer bins will accommodate A4, Letter, and Legal size filing

Options and Accessories

- All options and accessories are sold separately or are available as an upgrade
- Laminate drawer fronts may be specified. See the Specification Guide for details
- Common laminate tops
- Polyethylene drawer front fillers increase sound absorption
- Individually locking drawers, either keyed or electronic
- File conversion bars for front-to-back filing
- Magnetic shelf dividers
- Magnetic label
- Magnetic drawer dividers for lateral box drawers

Lock System

- All Great Openings products include randomly-assigned UM Series locks
- UM locks are black-faced, master-keyed, and core-removable
- Locks may be keyed-alike in the field
- Other key series are available, including Haworth SL, bright nickel LL, and Knoll K. See the Specification Guide for details and how to order
- Trace lateral file locking system captures drawer fronts on both sides
- Trace lateral files may be ordered to include individually locking security drawers

Counterweights & Interlock

- The safety interlock mechanism is integrated into the drawer slides, allowing only one drawer to open at a time
- All lateral files with drawers and roll-out shelves used as freestanding cabinets must have counterweight if not ganged together or otherwise anchored
- Counterweights may be factory-installed or purchased separately to be installed in the field

Load Capacity

- Drawer and roll-out shelf load capacity:
  - 30", 36", and 42" wide drawers is 125 lb
- Fixed and adjustable shelf load capacity:
  - 30" shelf: 95 lbs
  - 36" shelf: 116 lbs
  - 42" shelf: 136 lbs
- Lateral file metal top load capacity:
  - 30" wide top: 140 lbs
  - 36" wide top: 168 lbs
  - 42" wide top: 192 lbs

TRACE LATERAL FILES

SIN 33721

TRACE Lateral File

- 5-high and 6-high include top flipper door that stows over-the-top, revealing either a roll-out or fixed shelf
- Flipper compartment features 13-1/4" inside clear height for binder storage
- Counterweight is required if not ganged together or otherwise anchored
- Laminate tops are sold separately for individual laterals and laterals paired side-by-side or back-to-back (see lateral accessory section). Please note that a laminate top may not be placed on top of a Trace lateral that includes a flipper door on the top opening
- Trace lateral files with flipper door on top, when installed in a "built-in" wall situation will require a minimum of 1-1/2" clearance above the cabinet for the flipper door to go up and over the top

TRACE LATERAL FILES

SIN 33721

TRACE Low Height Lateral File

- Trace box/file lateral files require counterweight unless they are ganged back-to-back with another lateral file or otherwise tethered to a permanent structure. Without counterweights, ganging box/file lateral files side-by-side will not ensure stability
- Choosing counterweight for lateral files with box drawers requires special attention. Select the appropriate counterweight by the height of the cabinet, rather than by the number of drawers
- Open shelf lateral files do not need counterweight
- Cushion is 1-1/2" tall, an upholstered board factory-installed with screws
- 3/4 linear yard required for COM fabric (20 units or fewer)
- Unless otherwise specified, the fabric grain on all cushions will run "front-to-back"
- Open shelf unit allows for binder height storage on one shelf. Shelves adjust in 1/2" increments, and counterweight is not necessary

TRACE LATERAL FILES

SIN 33721

TRACE Individual-Locking Lateral File

- High security locking system with a double-bit keyed lock
- Will not key-alike with a standard UM series lock
- Drawer fronts are captured on both sides
- A security pan is included between each drawer
- The standard gang lock, which typically locks all drawers together, is not included
- A safety interlock, which allows for just one drawer to be opened at a time, is included
- Counterweight is required if not ganged together or otherwise anchored
- Contact Customer Service to discuss key series availability and lead time
- To change the keyed lock to an electronic lock, change the "RG" to an "RE" in the first part number and add $447 list per drawer. Electronic locks may only be specified with an "A: Full Pull" drawer front
- 5-high and 6-high laterals include a non-locking flipper door with fixed shelf in the top opening

Lateral File Ganging Kit

- Rather than install a counterweight, an alternate method of ensuring lateral file stability is to gang two or more laterals together side-by-side or back-to-back
- Trace box/file laterals require a counterweight unless they are ganged back-to-back with another lateral file or otherwise tethered to a permanent structure. Without counterweights, ganging box/file laterals side-by-side will not ensure stability
- Ganging kit includes a drill template, screws, and instructions

TRACE LATERAL FILES

TRACE Individual Lateral File Laminate Top

- Laminate top may be factory-installed or shipped separately
- A laminate top may not be placed on a Trace lateral file that includes a flipper door in the top opening
- When factory-installed, the list price shown will be added to the accompanying lateral file price
- A metal top is not included when using a laminate top
- The finish height of a Trace lateral file will be 5/8" taller when using a 1-1/4" laminate top than the height of a Trace lateral file with metal top
- Specify any standard GO laminate and edge. Special order laminates may require an up-charge and/or extended lead-time; call for details
- Laminate tops used on individual lateral files are sized to be flush with the sides of the lateral file case, so that individual files installed side-by-side will have no gaps between

Description	H	W	D	Pkg Wt	Pkg Cube	Part #	Lam/Edge #	Price
factory installed	1.25	30.00	18.25	n/a	n/a	Add laminate color as a suffix to the lateral part number	?	$447
	1.25	36.00	18.25	n/a	n/a		?	$502
	1.25	42.00	18.25	n/a	n/a	Add this price to lateral price	?	$556
top shipped separately	1.25	30.00	18.25	19 lb	.6 ft	FC 1931	?	$537
	1.25	36.00	18.25	23 lb	.7 ft	FC 1937	?	$601
	1.25	42.00	18.25	26 lb	1.0 ft	FC 1943	?	$666

Laminate Common Tops for TRACE Lateral Files

- Common laminate tops are shipped separately, to be installed in the field
- A laminate top may not be placed on a Trace lateral file that includes a flipper door in the top opening
- The finish height of a Trace lateral file will be 5/8" taller when using a 1-1/4" laminate top than the height of a Trace lateral file with metal top
- Common top sizes allow for 1/8" overhang on all four sides
- It is recommended that you remove the metal top from lateral files before attaching the common laminate top
- Trace Work Surface Supporting Lateral Files, which are 2 drawer files and do not include metal tops, are available in this price book
- Trace lateral files may be special-ordered to not include metal tops
- Specify any standard GO laminate and edge. Special order laminates may require an up-charge and/or extended lead-time; call for details
- Lateral files that are ganged together with a common top do not need a counterweight

pkg of (4) 16" x 4" dividers	22 lb	1.8 ft	LFM 40042K	$122

RECESSED FRONT LATERAL FILES SPECIFICATIONS

SIN 33721

Basic Construction

- While TRACE lateral files feature horizontal lines and full-width fronts consistent with all other TRACE products, Recessed Front lateral files have in-set drawer fronts and the flipper doors stow inside the cabinet
- Recessed Front lateral files finish at different heights and have completely different horizontal lines than the TRACE products
- Recessed Front lateral files are available with three different front styles:
  A: Full Pull, F: Square Recessed Pull, and H: HW Pull. These recessed style pulls allow the 12" flipper door to recede fully inside the cabinets
- All Great Openings products meet or exceed applicable ANSI-BIFMA standards for durability and safety
- Steel frame construction is welded and channels are formed in key areas for strength
- Reinforced vertical and horizontal channels ensure dimensional stability
- Inner frame is 20 gauge metal. Fronts, tops, outer panels are 20 and 22 gauge. Drawer bins and shelves are 18 and 20 gauge
- Four leveling glides with 7/8" adjustment are included to ensure proper drawer alignment and operation

Features

- Positive self-closing hinges and door follower channel provide superior flipper door tracking and a snug door closure. The doors are drawn in when closed to ensure uniform door alignment
- Flipper doors include a built-in sound absorption feature in the flipper door for quiet operation
- 12” receding flipper doors stow completely inside the cabinet
- 15” receding flipper doors extend 2-1/4” outside the front of the cabinet. Please allow for this clearance when creating your floor plan
- All drawers and roll-out shelves include full extension steel ball-bearing slides with anti-rebound features to ensure smooth operation
- Drawer includes full-height side panels
- Two file bars are included in each drawer for side-to-side filing
- All Great Openings’ lateral drawer bins will accommodate A4, Letter, and Legal size filing

Options and Accessories

- All options and accessories are sold separately or are available as an upgrade
- Laminate drawer fronts may be specified. See the Specification Guide for details
- Common laminate tops
- Polyethylene drawer front fillers increase sound absorption
- File conversion bars for front-to-back filing
- Magnetic shelf dividers
- Magnetic label

Lock System

- All Great Openings products include randomly-assigned UM Series locks
- UM locks are black-faced, master-keyed, and core-removable
- Locks may be keyed-alike in the field
- Other key series are available, including Haworth SL, bright nickel LL, and Knoll K. See the Specification Guide for details and how to order
- The locking system captures drawer fronts on both sides

Counterweight & Interlock

- The safety interlock mechanism is integrated into the drawer slides, allowing only one drawer to open at a time
- All lateral files with drawers and roll-out shelves used as freestanding cabinets must have counterweight if not ganged together or otherwise anchored
- Counterweights may be factory-installed or purchased separately to be installed in the field

Load Capacity

- Drawer and roll-out shelf load capacity:
  - 30”, 36”, and 42” wide drawers: 125 lb
- Fixed and adjustable shelf load capacity:
  - 30” shelf: 95 lbs
  - 36” shelf: 116 lbs
  - 42” shelf: 136 lbs
- Lateral file metal top load capacity:
  - 30” wide top: 140 lbs
  - 36” wide top: 168 lbs
  - 42” wide top: 192 lbs

RECESSED FRONT LATERAL FILES

SIN 33721

Recessed Front Lateral File

- 3-high and 5-high lateral files may be specified with all drawers, or with a receding door in the top opening with either a fixed or rollout shelf
- The receding door in these lateral files is approximately 12” high; when open, the door stows fully inside the cabinet
- Counterweight required if not ganged together or otherwise anchored
- Individual locking drawers not available

RECESSED FRONT LATERAL FILES

SIN 33721

Recessed Front Lateral File Counterweight - Factory Installed

- In order to satisfy ANSI-BIFMA standards for stability, counterweights are required for all lateral files that include roll-out drawers or shelves if they are not ganged together or otherwise anchored
- Fixed shelf lateral files do not require counterweights, nor do lateral files that are anchored to a wall or ganged together. See specific lateral file descriptions to determine counterweight requirements

Description	Part #	Price
2 drawer c-wt	Add a "W" suffix to the lateral file part number	$233
3 drawer c-wt		$185
4 drawer c-wt		$133
5 drawer c-wt		$87

Recessed Front Lateral File Counterweight - Sold Separately

- These counterweights are shipped separately to be installed at the work site
- In order to satisfy ANSI-BIFMA standards for stability, counterweights are required for all lateral files that include roll-out drawers or shelves if they are not ganged together or otherwise tethered
- Fixed shelf lateral files do not require counterweights, nor do lateral files that are anchored to a wall or ganged together. See specific lateral file descriptions to determine counterweight requirements

Description	Pkg Wt	Pkg Cube	Part #	Price
2 drawer c-wt	42 lb	.7 ft	SME 220019	$319
3 drawer c-wt	31.5 lb	.7 ft	SME 230019	$273
4 drawer c-wt	21 lb	.6 ft	SME 240019	$185
5 drawer c-wt	10.5 lb	.6 ft	SME 250019	$112

Lateral File Ganging Kit

- Rather than install a counterweight, an alternate method of ensuring lateral file stability is to gang two or more laterals together side-by-side
- Ganging kit includes a drill template, screws, and instructions for attaching two laterals together

Description	Pkg Wt	Pkg Cube	Part #	Price
kit to gang laterals together	1 lb	.2 ft	LME 100010K	$58

RECESSED FRONT LATERAL FILES

SIN 33721

Individual Laminate Tops for Recessed Front Lateral

- Factory installed or shipped separately
- List price shown will be added to the accompanying lateral price
- Metal top is not included when using a laminate top
- Finish height of lateral file will be 5/8" taller than the height of a standard Recessed Front lateral file with metal top
- Specify any standard GO laminate and edge. Special order laminates may require an up-charge; call for details
- Laminate tops used on individual lateral files are sized to be flush with the sides of the lateral, so that individual laterals installed side-by-side will have no gaps between

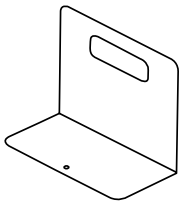
Magnetic Shelf Divider

- Black magnetic dividers are 7.5" tall and 8" wide, with a 4" base. Magnet is 7-7/8" x 3"
- Appropriate for use on any lateral file drawer or shelf, bookcase, double door storage cabinet or overhead storage cabinet



H	D	W	Description	Pkg Wt	Pkg Cube	Part #	Price
7-1/2	4	8	(package of 3)	2 lb	2 ft	LFM 300 30	$70

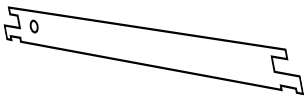
Magnetic Label

- Magnetic labels adhere to any metal surface to identify drawer contents
- Label dimensions are 1" high x 3" wide

H	W	Description	Pkg Wt	Pkg Cube	Part #	Price
1	3	(package of 10)	.2 lb	.08 ft	TGOX 000 11K	$48

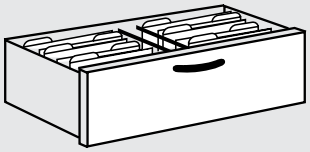
Lateral File Conversion Bar

- Conversion bars allow for front-to-back filing in 18-1/4" and 17-3/8" deep lateral files. Use 2 bars each in 36" and 42" lateral drawers for legal size filing

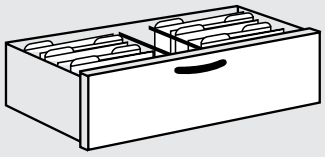


Description	Pkg Wt	Pkg Cube	Part #	Price
(package of 4)	2 lb	.8 ft	LME 4500 19	$37

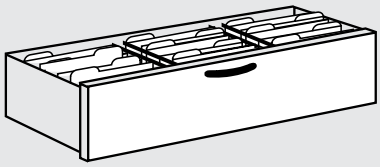
"How many standard file conversion bars do I need?"



30" Wide Lateral
- 2 file conversion bars per drawer
- 15.5" x 2 rows = 31" filing space



36" Wide Lateral
- 2 file conversion bars per drawer
- 15.5" x 2 rows = 31" filing space



42" Wide Lateral
- 4 file conversion bars per drawer
- 15.5" x 3 rows = 46.5" filing space

Drawer Front Filler For Recessed Lateral Files

- Lateral drawers may be upgraded to include a closed cell polyethylene filler piece that adheres to the inside of the drawer front for improved sound dampening
- Drawer Front Filler upgrades, priced per drawer, will be added to the product list price
- For Recessed Front Lateral Files, these drawer front fillers are not needed on flipper doors, because we provide other sound-absorbent material in the door construction

TRACE METAL LOCKER SPECIFICATIONS

SIN 33721

Basic Construction

- All Great Openings products meet or exceed applicable ANSI-BIFMA standards for durability and safety
- Welded steel frame construction and formed channels ensure strength in key areas
- Reinforced vertical and horizontal channels ensure dimensional stability
- Top and side channels are 20 gauge cold rolled steel. Fronts, tops, outer panels are 20 and 22 gauge. Shelves are 18 and 20 gauge
- Four leveling glides with 7/8" adjustment ensure proper alignment and operation, and are accessible from inside the locker
- Lockers include inner side panels, so that structural components are concealed
- The front-facing kick plate on Trace lockers is 3.25" high

Features

- Lockers are shipped fully assembled
- Lockers may be ordered with metal or laminate fronts
- Multiple color door order forms make it easy to mix and match door colors
- Lockers include either coat hooks or coat rod; see individual product descriptions
- Additional shelves are available for order
- All single door lockers include shelf clip holes in the side panels, to accommodate additional shelves that are sold separately. The top-most shelf position allows for 12" clear height above the shelf.

Options and Accessories

- All options and accessories are sold separately or are available as an upgrade
- Choose from keyed locks, electronic locks, or hasp locks
- Interior power outlets may be installed inside locker compartments. Contact Sales for specification and pricing
- Locker door number plates, stainless steel laser etched with any combination of numbers needed to permanently identify individual locker doors
- Laminate common tops
- Locker ganging kit, for ganging lockers side-to-side
- Sloped tops
  18" D top is 7.12" H. increases cabinet height 6.50"
  24" D top is 9.30" H, increases cabinet height 8.68"
- Locker venting
- Mail slots

Plug 'n Play USB Charging

- Plug and play components
- Preconfigured kits for easy ordering
- 110v plug in feed for up to 8 lockers
- Total 25W power output
- Intelligent USB Type C with Power Delivery
- Reversible USB Type A with Fast Charge
- Internal overload protection
- LED Power Delivery indication

Keyed Lock System

- Keyed locks include randomly-assigned UM Series locks
- UM locks are black-faced, master-keyed, and core-removable
- Locks may be keyed-alike in the field
- Other key series are available, including Haworth SL, bright nickel LL, and Knoll K. See the Specification Guide for details and how to order

Hasp Locks

- Hasp locks may be used instead of a keyed or electronic lock
- Hasp lock on metal door includes the A: Full Pull
- Available on laminate doors
- To order, specify "Hasp Lock" in the product description on your purchase order and add $50 list per door to the keyed locker price

TRACE METAL LOCKERS

SIN 33721

E-Lock (E)

- Durable and versatile, electronic locks
  may be programmed to either fixed or revolving mode
- Fixed Mode: Once a code is created, that code remains in effect until the user changes it. To lock and unlock, simzer the code and then turn the lever
- Revolving Mode: Also called hoteling or single use mode, the code is cleared after each complete locking cycle. To lock: enter a code and then turn the lever. To unlock: enter the same code and turn the lever. At this point the lock clears the code and is awaiting new input
- Electronic Lock Features:
  - Once a code is entered, the lock is activated by turning the lever to the locked or unlocked position
  - Runs on (2) AAA batteries (included)
  - Operates using a 4-to-8 digit code
  - A supervisor code is included
  - For large projects, the supervisor code may be pre-programmed into the locks
  - May be programmed by the supervisor as Fixed or Revolving Code
  - Includes programmable reset features
  - Easy to clean membrane keypad
  - 75,000 plus cycles; extended battery life reduces replacement and labor maintenance costs
- 1 year warranty

E-Lock Mini Keypad (VM)

- Keypad operation
- Cam locking mechanism
- Manage with electronic keys
- Dual functionality – shared or assigned use
- Management override and power bypass
- All metal housing
- Brushed nickel finish
- Vertical orientation – knob on the top
- Visual and audible indicators
- Available with advanced features*
  - Mobile app management
  - Audit trail
  - Advanced auto unlock feature
  - Advanced system tools
- IP55 rated, FCC, CE, and CI certified
- ADA compliant models available
- Powered by 2 lithium CR2032 batteries (included)
- Battery Life: 180,000 cycles with average use
- 2 year warranty

E-Lock Mini RFID (RM)

- Touch RFID operation
- RFID standards - iClass and Mifare (13.56 MHz) ISO 14443A • ISO 14443B • ISO 15693
- Cam locking mechanism
- Manage with electronic keys
- Shared or assigned use
- Management override and power bypass
- All metal housing
- Brushed nickel finish
- Vertical orientation knob on the top
- Visual and audible indicators
- Available with advanced features*
  - Mobile app management
  - Audit trail
  - Advanced auto unlock feature
  - Advanced system tools
- IP55 rated, FCC, CE, and CI certified
- ADA compliant models available
- Powered by 4 premium AA batteries (included)
- Battery Life: 115,000 cycles with average use
- 2 year warranty

Mechanical Lock (OJ)

- Non Handed – Lock fits LH or RH doors
- Key free operation – No need to manage or issue keys to open lock
- Public or Private mode – Lock can be assigned for shared or personal use
- Integrated code finder – Management can recover lost code and reset lock if required
- Lock status indicator – Visually identifies if locker is free or occupied
- Integrated pull handle – Facilitates easy door opening
- Low maintenance – Robust mechanism, no batteries required
- ADA options – Accessories available to assist ADA users
- Key override – Management ability to override all codes with master key
- Interchangeable key cores – Giving ultimate management key control should a key be lost or compromised. Cores are supplied keyed alike.

LDNP0012	Brushed aluminum number plate 2" W x 1" H	$17

TRACE LAMINATE LOCKER SPECIFICATIONS

SIN 33721

Basic Construction

- All Great Openings products meet or exceed applicable ANSI-BIFMA standards for durability and safety
- A 12 year warranty ensures long-lasting performance and after-sale support
- Leveling glides allow for 7/8" adjustment and are accessible from inside the locker
- Concealed door hinges allow for 100 degree opening
- The front-facing kick plate on laminate lockers is 3.25"

Features

- 18" deep lockers include (2) two-pronged coat hooks, one per side
- All single door lockers include two clusters of shelf clip holes in the side panels, to accommodate additional shelves that are sold separately. One cluster near the top of the locker allows for 3" adjustability, with up to 12" clear height above the shelf. A second cluster near the bottom of the locker allows for 3" adjustability, with up to 8" clear height below the shelf
- Additional adjustable shelves are available for order on most locker styles
- Door may hinge left or right
- Lockers available with three lock options: keyed (UM is standard, and also available with LL, SL), Hasp, and electronic locks
- Conventional keyed lockers are keyed randomly at the factory. Key alike service is available

Options and Accessories

- Locker door number plates
- Common laminate tops

Keyed Locks

- Lockers come standard with randomly-assigned UM Series lockers (#226-425)
- UM locks are black-faced, master-keyed and core-removable
- You may arrange with Customer Service to have these locks keyed-alike in the field
- Other key series options are available, including bright nickel LL, Haworth SL

Hasp Locks

- Hasp locks may be used instead of a keyed or electronic lock
- To order, specify "Hasp Lock" in the product description on your purchase order and add $50 list per door to the keyed locker price

Cleaning Laminate

This guide provides specific information to keep your Great Openings and Sparkeology products like new. With proper care, you can expect years of trouble-free use.

1. Apply a vinegar-and-water solution to a paper towel or a clean, lint-free microfiber cloth.
2. Gently wipe the surface to remove any surface dust. **Caution:** do not use furniture polish that contains waxes and oils on laminate surfaces. Do not use bleached-based cleaners on laminate as it may discolor. Do not use hard bristle brushes that may scratch the surface.
3. To spot clean laminate, use a mild soap-and-water solution or Windex®.
4. Rub the soiled area in the direction of the grain. If no grain is present, rub in a circular motion.

E-Lock (E)

- Durable and versatile, electronic locks
  may be programmed to either fixed or revolving mode
- Fixed Mode: Once a code is created, that code remains in effect until the user changes it. To lock and unlock, simzer the code and then turn the lever
- Revolving Mode: Also called hoteling or single use mode, the code is cleared after each complete locking cycle. To lock: enter a code and then turn the lever. To unlock: enter the same code and turn the lever. At this point the lock clears the code and is awaiting new input
- Electronic Lock Features:
  - Once a code is entered, the lock is activated by turning the lever to the locked or unlocked position
  - Runs on (2) AAA batteries (included)
  - Operates using a 4-to-8 digit code
  - A supervisor code is included
  - For large projects, the supervisor code may be pre-programmed into the locks
  - May be programmed by the supervisor as Fixed or Revolving Code
  - Includes programmable reset features
  - Easy to clean membrane keypad
  - 75,000 plus cycles; extended battery life reduces replacement and labor maintenance costs
- 1 year warranty

E-Lock Mini Keypad (VM)

- Keypad operation
- Cam locking mechanism
- Manage with electronic keys
- Dual functionality – shared or assigned use
- Management override and power bypass
- All metal housing
- Brushed nickel finish
- Vertical orientation – knob on the top
- Visual and audible indicators
- Available with advanced features*
  - Mobile app management
  - Audit trail
  - Advanced auto unlock feature
  - Advanced system tools
- IP55 rated, FCC, CE, and CI certified
- ADA compliant models available
- Powered by 2 lithium CR2032 batteries (included)
- Battery Life: 180,000 cycles with average use
- 2 year warranty

E-Lock Mini RFID (RM)

- Touch RFID operation
- RFID standards - iClass and Mifare (13.56 MHz) ISO 14443A • ISO 14443B • ISO 15693
- Cam locking mechanism
- Manage with electronic keys
- Shared or assigned use
- Management override and power bypass
- All metal housing
- Brushed nickel finish
- Vertical orientation knob on the top
- Visual and audible indicators
- Available with advanced features*
  - Mobile app management
  - Audit trail
  - Advanced auto unlock feature
  - Advanced system tools
- IP55 rated, FCC, CE, and CI certified
- ADA compliant models available
- Powered by 4 premium AA batteries (included)
- Battery Life: 115,000 cycles with average use
- 2 year warranty

Mechanical Lock (OJ)

- Non Handed – Lock fits LH or RH doors
- Key free operation – No need to manage or issue keys to open lock
- Public or Private mode – Lock can be assigned for shared or personal use
- Integrated code finder – Management can recover lost code and reset lock if required
- Lock status indicator – Visually identifies if locker is free or occupied
- Integrated pull handle – Facilitates easy door opening
- Low maintenance – Robust mechanism, no batteries required
- ADA options – Accessories available to assist ADA users
- Key override – Management ability to override all codes with master key
- Interchangeable key cores – Giving ultimate management key control should a key be lost or compromised. Cores are supplied keyed alike.

See Finish Center for available options

Helpful Hint:

When specifying E-lock Mini, Programming and Managers Keys are required to operate these locks.

All single wide lockers need to be anchored or ganged together to meet BIFMA stability requirements.

SINGLE DOOR LOCKER
MULTIPLE COLOR DOOR INDICATION FORM

Use this form to indicate what custom colors you would like on your Single Door Locker. Use additional forms if needed for different color configurations.

1. Use the diagram below to indicate (type or write in) which colors go on which doors and case.

2. Email this form along with your purchase order to customer service at goorders@greatopenings.com.

Calculating Multiple Color Paint Charges:

For each unique cabinet, add $55 net per additional color beyond the case color. When ordering multiple cabinets that are identical in color pattern, the $55 net per additional color is applied just once.

Example:	
Case Color plus 1 additional color	$55 net

To fill out form digitally. download here and open in Adobe Acrobat

TRACE TOWER SPECIFICATIONS

SIN 33721

Basic Construction

- All Great Openings products meet or exceed applicable ANSI-BIFMA standards for durability and safety
- Welded steel frame construction and formed channels ensure strength in key areas
- Reinforced vertical and horizontal channels ensure dimensional stability
- Top, back, side and center panels are 21 gauge steel
- Inner top, bottom, and side channels are 18 gauge steel
- Drawer and door fronts are 20-22 gauge steel
- Shelves are 18 gauge steel, and drawer bins are 22 gauge
- Concealed hinges allow for 110° opening
- Shelves are ¾" tall and are adjustable in 1-1/2" increments
- Four leveling glides with 7/8" adjustment ensure proper alignment and operation, and are accessible from inside the cabinet
- Mobile Cupboard Wardrobe Tower includes 75mm casters, two locking and two non-locking
- Tower drawers include full-extension steel ball-bearing slides, with anti-rebound and quick disconnect features
- The front-facing kick plate on Trace towers is 3.25" high

Features

- Laminate fronts may be specified for 2-high and 3-high double door storage cabinets and cupboard wardrobe towers

Options and Accessories

- All options and accessories are sold separately or are available as an upgrade
- In towers, file drawer dividers allow for side-to-side filing
- Work Surface Support Bracket attaches to the Bookcase Wardrobe Tower or Bookcase Tower

Lock System

- Keyed locks include randomly-assigned UM Series locks
- UM locks are black-faced, master-keyed, and core-removable
- Locks may be keyed-alike in the field
- Other key series are available, including Haworth SL, bright nickel LL, and Knoll K. See the Specification Guide for details and how to order
- Towers include safety interlock that allows only one drawer to open at a time
- Towers are not available with individually locking doors/drawers

Can I customize?

- Towers with special heights, widths, depths, and drawer/cupboard configurations are one of our specialties! Call for details

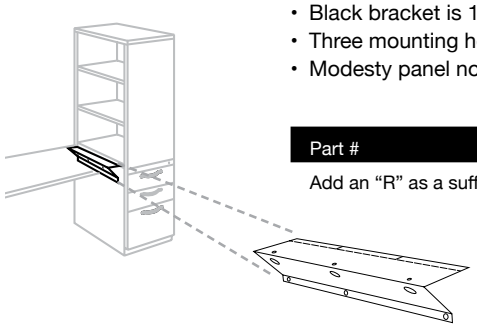
Work Surface Supporting Bracket



- May be added to any Bookcase Wardrobe Tower or Bookcase Tower with side facing bookcase
- May not be used on cupboard tower
- Factory installed only
- Supports 1-1/4" work surface at 27-3/4" finish height
- Black bracket is 17" wide, extends 3"
- Three mounting holes for work surface attachment
- Modesty panel not available for this application

Part #	Price
Add an “R” as a suffix to the Bookcase Wardrobe Tower or Bookcase Tower part number.	$91

TRACE STORAGE CABINET SPECIFICATIONS

SIN 33721

Basic Construction

- All Great Openings products meet or exceed applicable ANSI-BIFMA standards for durability and safety
- Welded steel frame construction and formed channels ensure strength in key areas
- Reinforced vertical and horizontal channels ensure dimensional stability
- Double Door Storage Cabinet metal gauge: Top, back, side and center panels are 21 gauge steel, inner top, bottom, and side channels are 18 gauge steel. Door fronts are 20-22 gauge steel. Shelves are 18 gauge steel
- Concealed hinges allow for 110° opening
- Four leveling glides with 1-1/4" adjustment ensure proper alignment and operation, and are accessible from inside the cabinet
- Shelves are 3/4" thick and are adjustable in 1-1/2" increments
- Inside width dimensions shown in “Inside Dimensions” table are for the door opening. An additional 1.75" in width is available once inside the door hinges
- The front-facing kick plate on Trace double door storage cabinets is 3.25" high

Features

- Top is mechanically fastened, so may be replaced with laminate top

Options and Accessories

- All options and accessories are sold separately or are available as an upgrade
- Additional shelves are available for order
- Magnetic shelf divider, sold in packages of three

Lock System

- Keyed locks include randomly-assigned UM Series locks
- UM locks are black-faced, master-keyed, and core-removable
- Locks may be keyed-alike in the field
- Other key series are available, including Haworth SL, bright nickel LL, and Knoll K. See the Specification Guide for details and how to order
- Double Doors Storage Cabinets are not available with individually locking doors
- Electronic locks are available. Please call Sales for details

Individual Tops for TRACE Double Door Storage Cabinets

- Laminate top may be factory-installed or shipped separately
- When factory-installed, the list price shown will be added to the accompanying cabinet price
- A metal top is not included when using a laminate top
- The finish height of a storage cabinet file will be 5/8" taller when using a 1-1/4" laminate top than the height of a storage cabinet with metal top
- Specify any standard GO laminate and edge. Special order laminates may require an up-charge and/or extended lead-time; call for details
- Laminate tops used on individual storage cabinets are sized to be flush with the sides of the cabinet case, so that individual cabinets installed side-by-side will have no gaps between

Description	H	W	D	Pkg Wt	Pkg Cube	Part #	Lam/Edge #	Price
factory installed	1.25	30	18.25	n/a	n/a	Add laminate color as a suffix to the lateral part number	?	$447

TRACE BOOKCASE SPECIFICATIONS

SIN 33721

Basic Construction

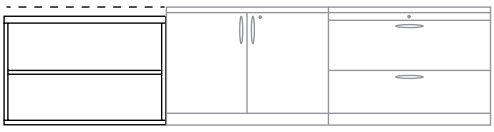
- All Great Openings products meet or exceed applicable ANSI-BIFMA standards for durability and safety
- Welded steel frame construction and formed channels ensure strength in key areas
- Double wall construction on side panels
- Bottom channels, top and shelves are all 18 gauge
  Back panel, side channels and side panels are 22 gauge.
- Shelves are 1" tall and are adjustable in 1/2" increments
- Four leveling glides with 5/8" adjustment ensure proper alignment and operation
- Actual outside widths of bookcases are:
  - 30" = 29-11/16"
  - 36" = 35-11/16"
  - 42" = 41-11/16"
- Outer side panels are flush with the sides of bookcase top, so there's no gap between bookcases when installed side-by-side
- To ensure stability, 4, 5, and 6-high bookcases should be installed against a wall or other solid object
- Shelf capacity, all widths: 140 lbs

Features

- 2-high bookcases will accommodate binder-height storage on both shelves. For all other bookcases, binder-height storage is available on all but one shelf
- Top is mechanically fastened, so may be replaced with a laminate top

Options and Accessories

- All options and accessories are sold separately or are available as an upgrade
- Additional shelves are available for order
- Magnetic shelf divider, sold in packages of three



Note that the 2-high bookcase is slightly shorter than the 2-high lateral file and double door storage cabinet. The bookcase is designed to fit under a work surface.

TRACE BOOKCASES

SIN 33721

TRACE Bookcase Laminate Top

- Factory installed 1-1/4" laminate top replaces the standard metal top
- Finish height of bookcase will be 5/8" taller than the height of a standard bookcase with metal top
- Laminate top will overhang the metal bookcase sides by 1/8", and it will be flush at front and back
- Specify the laminate and edge band as a suffix to the bookcase part number
- Add the price shown to the list price of the bookcase

W	D	Description	Pkg Wt	Pkg Cube	Part #	Lam/Edge #	Price

CAYENNE SPECIFICATIONS

SIN 33721

Basic Construction

- Cayenne storage cabinets feature 3" high architectural legs, available in two styles
- The Cayenne cabinet and drawer front heights do not match those of Trace storage
- All Great Openings products meet or exceed applicable ANSI-BIFMA standards for durability and safety
- Welded steel frame construction and formed channels ensure strength in key areas
- Reinforced vertical and horizontal channels ensure dimensional stability
- Top and side channels are 20 gauge cold rolled steel. Fronts, tops, outer panels are 20 and 22 gauge. Drawer bins and shelves are 18 and 20 gauge
- Metal and laminate tops are 5/8" thick
- Four leveling glides with 1/2" adjustment ensure proper alignment and operation

Features

- Cayenne cabinet and desk legs are painted 02R1 Nickel; any Great Openings cabinet or desk products may be painted that same color with no extra charge
- All drawers and roll-out shelves include full extension steel ball-bearing slides with anti-rebound features to ensure smooth operation
- Cayenne storage metal and laminate tops are sized to be flush with the sides of the cabinet, so that files installed side-to-side will have no gaps between
- Drawers include full-height side panels
- Two file bars are included in each drawer, for side-to-side filing. File conversion bars for front-to-back filing are sold separately
- Drawer bins will accommodate A4, Letter, and Legal size filing

Options and Accessories

- Cayenne storage may be ordered with metal top, laminate top, or no top. The no top option should be used when ganging two cabinets side-by-side with a common laminate top
- Cushions with non-slip backing are available in five sizes
- All options and accessories are sold separately or are available as an upgrade
- Laminate drawer fronts may be specified. See the Specification Guide for details
- Common laminate tops
- Individually locking drawers, either keyed or electronic
- File conversion bars for front-to-back filing
- Magnetic drawer dividers for Cayenne box drawers

Lock System

- All Great Openings products include randomly-assigned UM Series locks
- UM locks are black-faced, master-keyed, and core-removable
- Locks may be keyed-alike in the field
- Other key series are available, including Haworth SL, bright nickel LL, and Knoll K. See the Specification Guide for details and how to order
- The Cayenne lock system captures just the right hand side of drawer fronts
- Cayenne storage may not be ordered to include individually locking security drawers

Counterweights & Interlock

- The safety interlock mechanism is integrated into the drawer slides, allowing only one drawer to open at a time
- Counterweight is included as standard in Two Drawer cabinets and Rollout Shelf cabinets

Drawer Load Capacity

Drawers and rollout shelf load capacity:
-30", 36", and 42" wide drawers:125 lb
Fixed and adjustable shelf load capacity:
- 30" drawers: 95 lbs
- 36" drawers: 116 lbs
- 42" drawers: 136 lbs

Cayenne storage metal top load capacity:
- 30" drawers: 140 lbs
- 36" drawers: 168 lbs
- 42" drawers: 192 lbs

S: Round

R: Rectangle

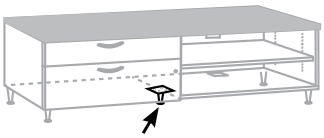
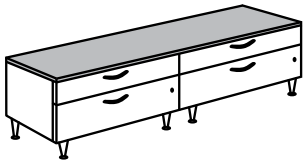
Credenza Center Leg Support



- Create your own credenza by ordering any two Cayenne Low Storage cabinets and then using this Credenza Center Leg Support to:
  - Gang the two cabinets tightly together, side-by-side
  - Eliminate the four legs in the center and replace them with this single support leg
- Must be used in conjunction with a common laminate top (shown above)
- Support leg sits in the center, front-to-back, so it's not visible to users
- Support leg is always round, regardless of the cabinet leg style
- Kit includes splice plate, round center leg, fasteners and instructions

Description	Pkg Wt	Pkg Cube	Part #	Price
one splice plate with center leg	2.5 lb	.16 ft	CYPX 0050K	$98

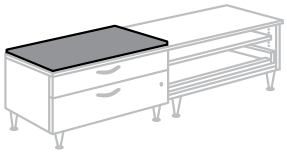
Cayenne Ganging Kit



- When sourcing your own Cayenne Low Storage laminate top, use this kit to gang the cabinets together
- Ganging kit includes splice plate, fasteners, and instructions
- Does not include center leg support

Description	Pkg Wt	Pkg Cube	Part #	Price
kit to gang Cayenne cabinets together	1 lb	.2 ft	CSP 01K	$63

Cushion



- Foam cushion is 1" thick
- Includes rubber anti-skid material on bottom
- For use on any laminate top cabinet
- Order any standard GO fabric, or COM
- Unless otherwise specified, the fabric grain on all cushions will be applied "front-to-back"

Available Fronts | A | B | B | F | H | I | N | P | Q | S

Work Surfaces

Work surfaces are 1.250" thick with 3mm PVC vinyl edge

Grommets:

Cayenne work surfaces do not include grommets as standard. If a single center grommet is needed (surfaces 24" - 60" wide), simply add a “G” suffix to the part number and add $15 list to the work surface price. If two grommets are needed (surfaces 66" – 72" wide) add an “LR” suffix to the part number and $30 list to the work surface price

Grommet locations:

When ordered with grommets, work surfaces will include one center grommet when 60” or less in width, and two grommets when 66" or more in width. Grommets are positioned 18.5” from either side and 2” from the back of the work surface

Work Surface Stiffeners

Work surfaces that span 60" or more unsupported by legs or a work surface supporting pedestal should include a metal stiffener to prevent sagging. Stiffeners are factory-installed, in-set into the work surface so that there is no interference with pedestals or personal drawers that may be installed underneath

HEIGHT ADJUSTABLE TABLE SPECIFICATIONS

SIN 33721

Basic Construction

- Programmable height handset
- Single stage electric motor
- 9' Cord
- Speed: 1-1/2" per second, power consumption: 0.3W
- The base height adjusts from 9" to 47.5"
- Weight capacity: 265 lbs (does not include work surface)
- 1-1/4" thick laminate top
- Corner desks with laminate top are handed. Please specify left or right

Options and Accessories

- Marty hanging storage
- Metal, acrylic, and tackable privacy screens/ modesty panels may be attached to laminate work surfaces

Colors

- Height Adjustable Table bases are available in three colors:
  02A4 – White
  03Y8 – Black
  05F0 – Silver

Rectangular Table Base with Laminate Top

Table bases are available in three colors:
02A4 – White

TRACE DESKS SPECIFICATIONS

SIN 33721

The Trace Freestanding Desk is a modular system of desk shells, returns, bridges, corner units, tables, and individual components that can be mixed and matched with a comprehensive selection of Great Openings storage. All components are shipped knocked down.

Our mission in designing the Freestanding Desk

- **Ease of specification.** All work surfaces rest primarily on panel and corner legs, rather than pedestals. Storage options are innumerable, and simply slide beneath the desk shells, return shells, and corner desks for quick installation
- **Ease of assembly.** All metal attachment points are pre-drilled, so that no “drill point” screws are required during installation. All modesty panels attach to panel legs and corner legs, rather than to pedestals
- **Ease-of-work surface installation.** Pre-drilled work surfaces make it easy to position legs, pedestals, and center drawers
- **Wire management.** Covered metal channels, work surface and panel leg grommets, and “place it yourself” plastic wire management channels provide a complete wire management solution
- **Clean lines.** All modesty panels are single piece, to minimize vertical lines. Desk legs, pedestals, and full height modesty panels are identical in height so that horizontal lines are consistent
- **Horizontal lines consistent with other products.**

Detailed Component Specifications

23" and 29" Panel Leg Specifications

- Panel legs are non handed, and 27-3/4” high when leveling glides are fully recessed. Leveling glides provide 7/8” adjustment
- All panel legs are 1-1/2” wide so that work surface fasteners are positioned within the leg itself, allowing for storage to set snug against the leg
- 23” and 29” panel legs each require one gusset when no modesty panel is present
- Each leg is pre-drilled for both partial and full height modesty panel attachment
- All panel legs include (1) 18” plastic wire management channel that is equipped with adhesive strips and may be attached to a modesty panel, work surface, or storage cabinet
- 23” and 29” panel legs are available with or without two rectangular 3-1/2” x 2” plastic grommets (inside clear dimensions: 2-3/4” x 1-1/2”), positioned at the top of the leg
- Full height metal panel leg covers close-out vertical channels integrated into the panel legs (two per leg), and are sold separately. Each cover includes two grommets, located at top and bottom
- Panel legs and metal wire management covers consist of 20 gauge steel

Corner Leg Specifications

- “L” shaped corner leg is 7-1/2” x 7-1/2”, and 1-1/2” wide so that work surface fasteners are positioned within the leg itself
- Corner legs are 27-3/4” high when leveling glides are fully recessed. Leveling glides provide 7/8” adjustment
- Each leg is pre-drilled for both partial and full height modesty attachment
- All corner legs include (1) 18” plastic wire management channel that is equipped with adhesive strips and may be attached to a modesty panel, work surface, or storage cabinet
- Metal wire management cover attaches and removes easily, closing out the triangular leg to capture wires within, and are sold separately
- Corner legs and covers consist of 20 gauge steel

Post Leg

- Post leg 27-3/4” high and 3” in diameter, with adjustable leveling glide
- Each leg is pre-drilled for both partial and full height modesty panel attachment

12" Panel Leg Specifications

- 12” panel legs are designed to sit perpendicular to the edge of the work surface, providing additional support and knee space. 12” panel legs may not be used at the end of work surface runs
- Unlike 23” and 29” panel legs, 12” panel legs do not require gussets when there is no modesty panel because they may not be used at the end of a work surface run
- 12” panel legs may also be used in mid-run to support two work surfaces simultaneously
- Each leg is pre-drilled on both sides for both partial and full height modesty panel attachment, and are unhanded
- All panel legs include (1) 18” plastic wire management channel that is equipped with adhesive strips and may be attached to a modesty panel, work surface, or storage cabinet
- A single grommet is included at the top of each 12” panel leg. Grommets are black plastic, 3-1/2” x 2” (inside clear dimensions: 2-3/4” x 1-1/2”)
- A metal wire management cover is included with each 12” panel leg
- Panel legs and covers consist of 20 gauge steel

Gussets

- One gusset is required to support 23” and 29” panel legs when no modesty panel or pedestal positioned adjacent to the panel leg is present
- A gusset will prevent a mobile ped from sitting snugly against the panel leg
- Gussets consist of 18 gauge steel

TRACE DESKS SPECIFICATIONS

SIN 33721

Critical Dimensions:

Modesty Panel Specifications

- All Trace modesty panels are single-piece construction
- Modesty panels consist of 22 gauge steel, with forms on each edge for added strength and ease of attachment to panel legs and work surfaces

Modesty Panel Offset Brackets

- Modesty panels attach to pre-drilled holes located on the inside edges of panel legs. When a modesty panel must attach to the end of a panel leg, as with a return or bridge, then a modesty panel offset bracket is required to connect pre-drilled attachment points. Modesty panel offset brackets are included with returns and bridges, when ordered with modesty panels and are also sold separately

Work Surface Grommets

All TRACE work surfaces come standard with one or two grommets, which are black plastic with removable covers.

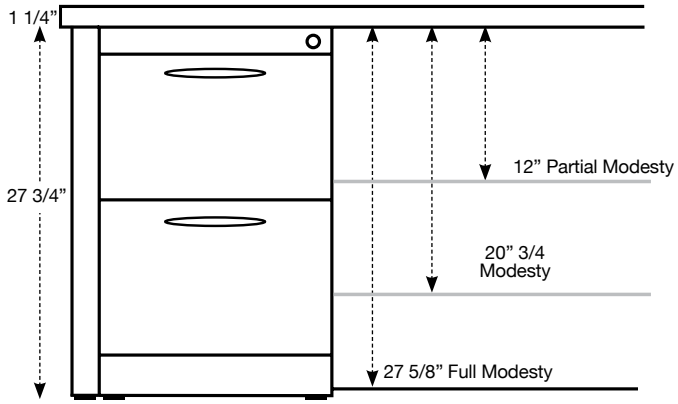
- Rectangular work surfaces 60" and narrower include one grommet in center
- Rectangular work surfaces 66" and wider include two grommets, with grommet center point 20" from each side edge
- Corner desks include one grommet in corner
- Peninsulas include two grommets centered on non-rounded end

Work Surface Over-Hang

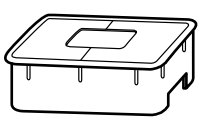
Allow for 1/2" overhang on front, back, and sides of all desks. Work surfaces are pre-drilled for proper panel leg positioning

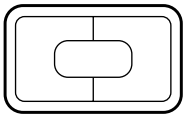
Work Surface Option

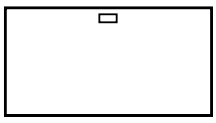
For large projects, it is possible to include metal inserts in work surfaces when required for attachment of panel legs, modesty panels, etc. Call for details



Work Surface Grommets







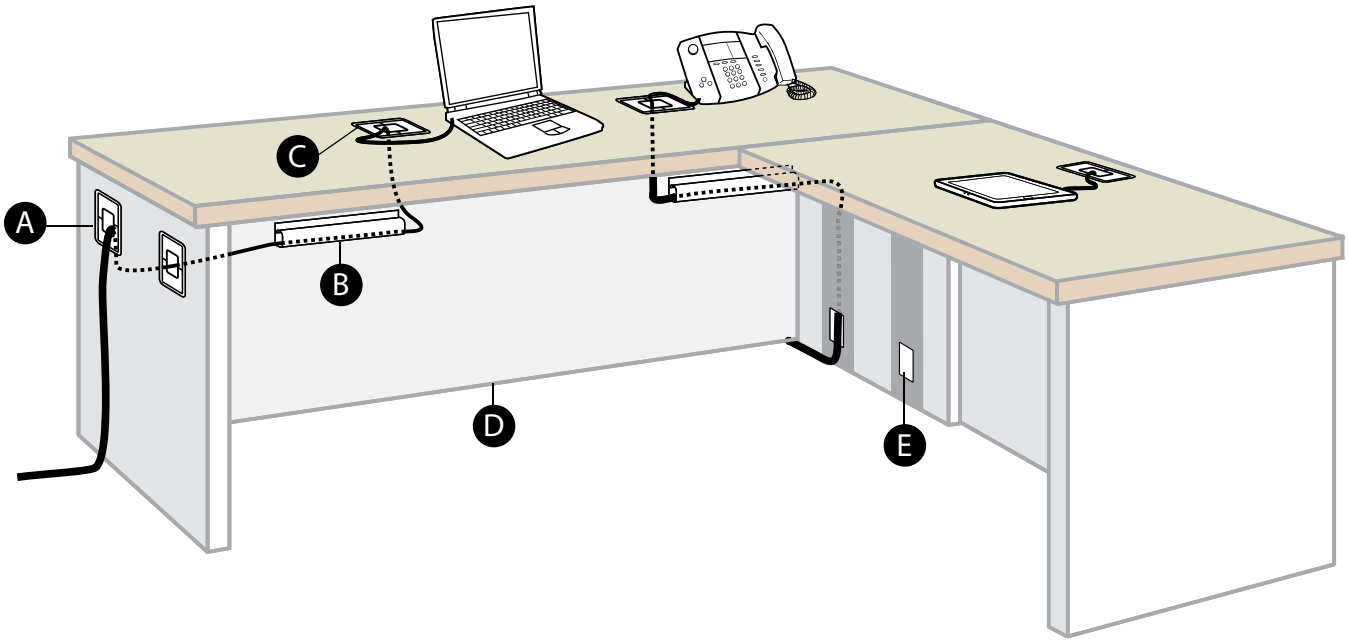
tops 60” or less
1 center grommet

66” or more
2 grommets

TRACE DESKS SPECIFICATIONS

SIN 33721

A. Panel leg grommets available as an option with no up-charge
B. Plastic wire management channels - one 18” channel included with each panel and corner leg
C. Work surface grommets - one or two grommets included in all work surfaces
D. Modesty panels in three heights allow wires to run beneath
E. Wire management channel covers for panel legs & corner legs are sold separately

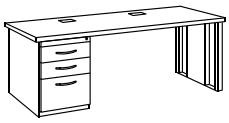


TRACE DESKS

SIN 33721

Our objective is to offer you our absolute lowest cost desk: no frills, with only the bare necessities. If you'd prefer a desk with modesty panels, please see our desk shell.

Bare Bones Single Pedestal Desk



- One top with grommet (tops 60" or less = 1 grommet, 66" or more = 2 grommets)
- One pedestal with counterweight
- One panel leg with gusset
- No modesty panel
- Plastic wire management channel included with panel leg

TRACE DESKS

SIN 33721

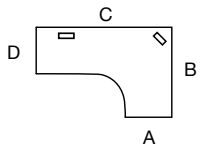
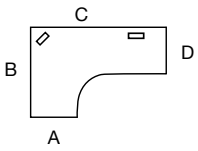
End-of-run corners are designed with a 23" or 29" panel leg located on the "D" side of the corner desk. This panel allows desking runs to be terminated at the corner in a way that ensures stability and offers a clean, finished look. An end-of-run may be used as an end run, it must be attached to a bridge or return on the side with the 12" panel leg.

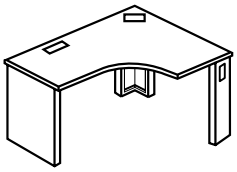


Left Desktop



Right Desktop

End-of-Run Extended Corner - No Modesty



- One top with grommet
- One corner leg, one 12" panel leg, and one 23" or 29" panel leg
- No modesty panels
- Plastic wire management channels

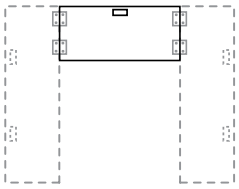
TRACE DESKS

SIN 33721



Bridges attach to desk shells, single pedestal desks, corner desks, and peninsulas to form a U-shaped configuration. Bridges cannot attach to returns or single pedestal returns. When adding a bridge to a single pedestal desk (L-Station), the single pedestal desk should be at least 66" wide to leave adequate knee space.

Bridge – No Modesty

- One top with grommet (tops 60" or less = 1 center grommet, 66" or more = 2 grommets)
- Four splice plates
- No modesty panels

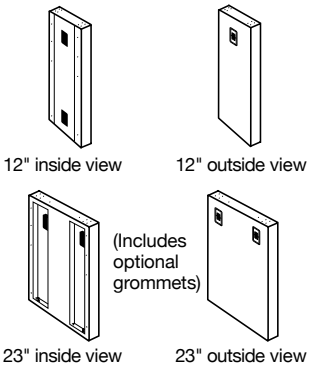
Desk Component Note and Warranty Disclaimer:

Desk components are provided for customer convenience when creating customized desk configurations. It is exclusively the customer's responsibility to select the correct components and component sizes, and to ensure product safety and stability in the application of these components. Please see the TRACE Desk Assembly Guide (supplied with each order) for proper placement, sequence and tools for connecting support legs, modesty panels, and work surfaces. See the TRACE Freestanding Desk FAQ's for a detailed description of the components listed here.

TRACE Panel Leg (non-handed)



- Each 12" panel leg includes (1) 18" plastic wire management channel, (1) metal wire management cover, and a single centered grommet at the top of the leg
- Each 23" and 29" panel leg includes (1) 18" plastic wire management channel. Metal wire management covers are sold separately (see below)
- Panel legs may be ordered to include two rectangular plastic grommets, positioned at the top of the leg. Add the suffix "G" to include these grommets (no extra charge)
- Leveling glides provide 7/8" adjustment

Description	Pkg Wt	Pkg Cube	Part #	Metal Color	* = No grommet G= grommet	Price
(1) 12" panel leg	11.5 lb	.3 ft	GOL 1201	?	?	$408

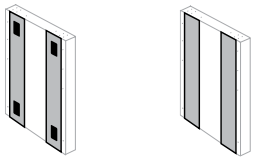
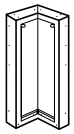
TRACE Panel Leg Wire Management Cover



- Provides a finished look for panel leg
- For use on the 23" and 29" panel legs, two covers needed per leg.
- Covers with grommets include two grommets with edge protectors, one each located at top and bottom of each cover
- Specify with or without grommets

Product	Qty	Pkg Wt	Pkg Cube	Part #	Metal Color	Grommets	Price
panel leg cover	pkg. of 2 covers with grommets	4 lb	.2 ft	GCV 0002	?	Yes	$101
	pkg. of 4 covers with grommets	8 lb	.2 ft	GCV 0004	?	Yes	$200
panel leg cover	pkg. of 2 covers without grommets	4 lb	.2 ft	GCN 0002	?	No	$101
	pkg. of 4 covers without grommets	8 lb	.2 ft	GCN 0004	?	No	$200

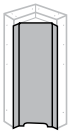
TRACE Corner Leg



- Each corner leg includes (1) 18" plastic wire management channel. Corner leg wire management cover is sold separately
- Leveling glides provide 7/8" adjustment

Product	Qty	Pkg Wt	Pkg Cube	Part #	Metal Color	Price
corner leg	pkg. of 1 leg	8 .7 lb	1.1 ft	GOC 01 K	?	$301

TRACE Corner Leg Wire Management Cover



- Attaches magnetically to corner leg

Product	Qty	Pkg Wt	Pkg Cube	Part #	Metal Color	Price
corner leg cover	pkg. of 1 cover	2 lb	.2 ft	GOC 151 K	?	$88

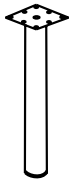
Panel Leg Gusset

- One gusset is required per 23" or 29" panel leg when no modesty panel or adjacent storage cabinet is present

Product	Qty	Pkg Wt	Pkg Cube	Part #	Metal Color	Price
gussets	pkg. of 1 gusset	1.1 lb	.1 ft	GUS 01 K	?	$74
	pkg. of 2 gussets	2.2 lb	.2 ft	GUS 02 K	?	$146

Post Leg

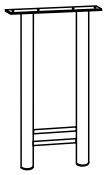
- Post leg is 3" diameter and 27-3/4" high Includes leveling glide
- Pre-drilled to accommodate partial and full-height modesty panels
- Leveling glides provide 7/8" adjustment



Product	Qty	Pkg Wt	Pkg Cube	Part #	Metal Color	Price
post leg (specify color)	pkg. of 1 leg	7 lb	.8 ft	GSK 0036	?	$327

"H" Leg

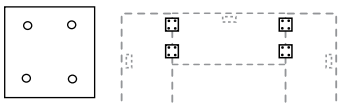
- For use with work surfaces 24" to 30" deep
- H leg is 27-3/4" high, with leveling glides
- Top plate is 6" x 18"
- Leg width is 16"



Product	Qty	Pkg Wt	Pkg Cube	Part #	Metal Color	Price
"h" leg (specify color)	pkg. of 1 leg	15 lb	2.0 ft	GHL 2214	?	$729

Splice Plate

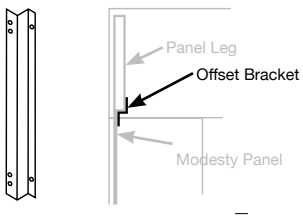
- Connect two work surfaces at 90 degree angles to one another. 4" x 4"



Product	Qty	Pkg Wt	Pkg Cube	Part #		Price
splice plates (black)	pkg. of 2 plates	1.1 lb	.01 ft	GSP 02 K		$59

Modesty Panel Offset Bracket

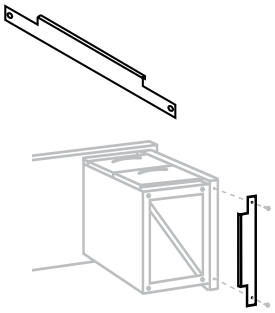
- For use when attaching a modesty panel to the end of a panel leg, as with a return or bridge. Specify bracket for full-height or partial height modesty panel



Product	Qty	Pkg Wt	Pkg Cube	Part #	Metal Color	Price
full-height bracket (specify color)	pkg. of 1 bracket	2 lb	2.0 ft	MPBF 01 K	?	$80
partial-height bracket (specify color)	pkg. of 1 bracket	2 lb	2.0 ft	MPBH 01 K	?	$70

Panel Leg / Pedestal Bracket

- Securely attaches pedestal to bottom of a panel leg. For use during rugged furniture rearrangement
- Bracket is black



Product	Qty	Pkg Wt	Pkg Cube	Part #	Metal Color	Price
23" panel leg bracket	pkg. of 1 bracket	.5 lb	1.0 ft	PLB 2401 K	?	$59
23" panel leg bracket	pkg. of 2 brackets	1 lb	1.0 ft	PLB 2402 K	?	$120
29" panel leg bracket	pkg. of 1 bracket	.8 lb	1.0 ft	PLB 3001 K	?	$70
29" panel leg bracket	pkg. of 2 brackets	1.6 lb	1.0 ft	PLB 3002 K	?	$140

Panel leg leveling glides screw through bracket back into panel leg to secure bracket to both pedestal and leg

Modesty Panels

All TRACE modesty panels are single piece 22 gauge metal. Pre-drilled for quick installation with any size panel leg or corner leg. Full height modesty panels are 27-5/8" high, partial height are 12" high. Plan for 1/2" work surface overhang on all sides of legs, modesty panels, and case goods. Panel legs are 1-1/2" thick. Please specify metal color.

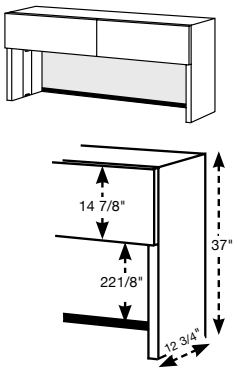
KD Desk Hutch



- Doors flip up to stow over the top, hutch compartment includes a vertical center divider
- 36" and 42" wide hutches include one door, all others include two doors
- Inside depth is 12-1/2" and inside height is 12-1/4"
- Out-of-sight locks are located beneath shelf, and the two doors are keyed alike
- Includes UM series locks - also available in LL. SL locks are not available
- Includes tack board and rubber wire management strip
- Bottom shelf accommodates a task light (sold separately)
- To add a loop pull (S: Satin Nickel Loop) to hutch doors, add an “L” as a suffix to the product number (no up-charge)
- Removable metal wire management covers on hutch side panels conceal task light cord
- Hutch upright side panels must be placed within 2" of a pedestal, panel leg, or corner leg to ensure adequate support
- Hutch width is actually 1" narrower than listed, to allow for 1/2" setback on both sides
- Hutch ships knocked down with assembly instructions for field installation
- Specify metal color and fabric
- For yardage requirements see "Ordering COM Fabrics" in this price book

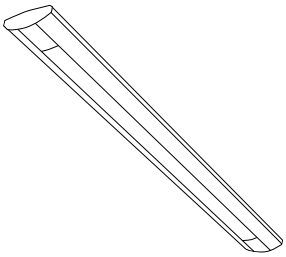
LED Linear Task Light



- 9' black power cord
- 3500K color temperature
- Metal trough reflector with diffuser lens
- Magnetic or screw mounting options
- Clear anodized aluminum with flint color end caps, UL/CUL listed
- 5 year warranty

LED Green Advantages:

- Solid state technology eliminates the need for Chicago Code (fused plugs)
- Low energy consumption, No UV emissions, no flickering
- No disposal hazards - no mercury, lead, or gases
- Long life @ 50,000 hours eliminating re-lamp and maintenance time
- Allows for low profile, light weight, fixture designs

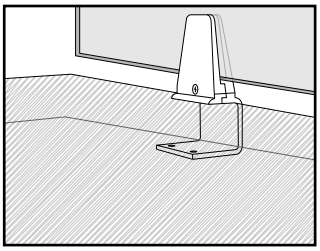
Brackets Sold Separately

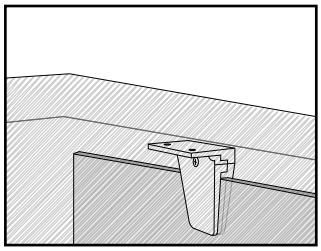
Our brushed aluminum clips are also sold separately to be used with customer-supplied privacy screen or modesty panel material. (1/4" thickness required for modesty panel and 1-1/4" thickness for worksurface.

Description	Part #	Price
Two complete clip assemblies to support both above-surface screen and below-surface modesty panel. Includes mounting hardware and instruction sheets	ACM 02K	$205
Three complete clip assemblies to support both above-surface privacy screen and below-surface modesty panel. Includes mounting hardware and instruction sheets	ACM 03K	$277

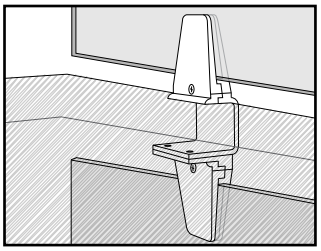
Bracket Detail:



Privacy Screen Bracket
Attaches underneath work surface with fasteners (included)



Modesty Panel Bracket
Attaches underneath work surface with fasteners (included)



Privacy Screen and Modesty Panel brackets may be used together

Metal Modesty Panels - Solid

- These metal modesty panels are solid; they do not include perforations
- Wire management tray at bottom is 2" deep
- Panels are 20 gauge
- Panels attach underneath the work surface with 3/4" fasteners (included)
- Panels are designed to be in-set 6" from each side of the work surface

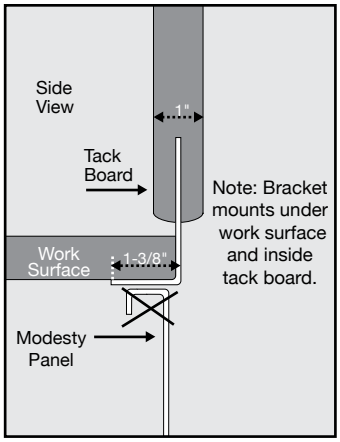
DESK ACCESSORIES

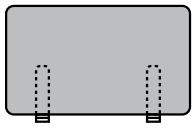
SIN 33721



Cannot be used with modesty panels.

- Tackable board is covered on both sides with fabric of your choice. Brackets and fasteners are included, which allow the screen to be fastened to the underside of the work surface
- 12 gauge metal mounting brackets slide between these back-to-back tackable boards and are hidden from sight (See cut-away diagram below)
- Please note that tackable privacy screens may not be added to a desk when modesty panels are in use because the screen mounting brackets interfere with the modesty panel location
- Screens 35" and narrower include two mounting brackets
- Screens 41" and wider include three mounting brackets
- Privacy screen widths may be matched to that of the corresponding work surface size
- Screens measure one inch less than the work surface widths to allow for even spacing between screens, wire management, and cornering applications
- For yardage requirements see "Ordering COM Fabrics" in this price book on page 10

Tackable Screen – Rectangular



Dotted lines indicate hidden mounting brackets

Cupcake

- The seat frame is constructed of one horizontal panel fabricated from upholstery grade, 15/16" thick, 7-ply fir plywood.
- Cushion top panel is 3 inch thick, fire retardant polyurethane foam of 2.8 lb density and 80 lb IFD. The vertical outside surfaces are 1/4" thick, fire retardant polyurethane foam of 1.6 lb density and 55 lb IFD at 25% deflection
- Meets California Technical Bulletin 117 for flammability. Class A fire rated in accordance with Commercial Standard CS-191-53.
- Fully upholstered unit is in accordance with BIFMA F-1-1978 (Rev. A80), First Generation Voluntary Upholstered Furniture Flammability Standard for Business and Institution Markets
- Trumpet stool base is 16 gauge spun steel with a powder coat finish. Weldment consists of a vented top plate and a spun steel weighted base. The stool base is attached to the cushion assembly by means of a 1/4-20 satin nickel, decorative head machine screw and a 1/4-20 nonvisible propeller nut. The underside of the base is Teflon coated to produce a non-abrasive, easy-slide surface
- Yardage Requirements: 1 yard, based on 54" wide plain fabric. Please contact customer service for fabrics with repeats or different widths to determine yardage requirements

COMMERCIAL TERMS & CONDITIONS

These conditions of sale supersede all previous selling policies. Prices, discounts, lead-times and product offerings are subject to change without notice.

Order Placement
Great Openings requires that all orders be submitted in writing to avoid errors and/or duplication. Sales of all Great Openings' products are made only on the Company's standard terms and conditions of sale, unless modified in writing by an authorized Great Openings representative.

Orders received at Great Openings after 4:00pm EST will be processed the following day.

Order Acknowledgement
We diligently issue order acknowledgements via e-mail within 24 hours of purchase order receipt. If you do not receive an acknowledgement within 24 hours, please call our Customer Service department to determine the reason; we may not have received your order, or we may have questions that are delaying order entry.

PLEASE CHECK ACKNOWLEDGEMENTS FOR ERRORS IMMEDIATELY UPON RECEIPT.

The order acknowledgement process is designed to ensure protection for both the buyer and the seller. We strongly urge the buyer to make sure the acknowledgement accurately reflects the intended purchase.

Order Discrepancies
Great Openings will not be held responsible for extra costs due to errors resulting from purchase order inaccuracies. If and when a discrepancy is detected on the purchase order or acknowledgement, all corrections must be received in writing before further order processing can occur.

Changes, Cancellations
Orders may not be changed, corrected or cancelled, in whole or in part, after Great Openings has issued its order acknowledgement without the written consent of an authorized Great Openings representative. Special order items (special or custom cabinets, Customer's Own Materials (COM) fabric and laminates) already in production are not subject to change or cancellation under any circumstances.

Canadian Orders
Canadian orders may be processed using this price book. The pricing and payment terms included in this book are in U.S. funds. Custom brokerage fees and GST/HST taxes will be charged as separate line items on the invoice. All prices are freight included; FOB: Destination. A Regional Small Order Freight Charge applies to all orders less than $5,000 list (does not apply to accessory orders). See regional map for applicable fee.

Lead-Time
Lead-times are measured in working days, and begin after receipt of clean order.

Lead-times may change without notice. Stated lead-times will not commence until purchase order is actually entered into our system. We are not responsible for delays caused by order discrepancies or late receipt of COM items.

Special Shipping Instructions
Great Openings will accommodate special shipping/delivery requests whenever possible. Purchaser will be responsible for any and all extra costs incurred by reason of Great Openings complying with a special shipping request. Examples of special requests that may cause extra charges (dollar amounts shown are approximate, actual amounts may vary):

- special carrier/lift gate: starting at $85.00
- inside delivery: starting at $50.00
- expediting, re-consignment, delays causing carrier storage: starting at $50.00
- truck load delivery times after 3:00 pm, Monday through Thursday start at $400
- truck load delivery after 3:00 pm, on Friday: $800
- delivery times outside normal business hours including weekends and holidays: starting at $450.00 per truck
- exact, narrow scheduling window (elevator time): starting at $150.00
- non-commercial/residential deliveries: starting at $60.00

The maximum amount of time allowed for off-loading product from trailers is 3 hours. Carrier costs associated with any additional delivery time will be charged to the dealer. Any additional charges that result from the purchaser failing to accept a shipment as agreed upon will be the responsibility of the purchaser.

Special Delivery Charges
Once a delivery truck arrives at a destination, if the recipient is not ready to accept delivery as scheduled and the truck must wait, deliver "after hours", or make a second drop at a later time, the carrier charges a penalty for that delay which Great Openings must pass on to the customer.

These charges are as follows (dollar amounts shown are approximate, actual amounts may vary):

Night Delivery:
3:30-4:30 p.m.: $400 additional charge
4:30-5:30 p.m.: $450 additional charge
5:30 p.m. and later: $500 additional charge
Detention fee will be $75 per hour after two hours. Drop charge will be $75 per drop.

Weekend and holiday deliveries will be quoted per load depending on location and delivery time.

Please use caution when planning and communicating delivery requirements so that these exorbitant fees will not be necessary.

Key-Alike Services
Key-alike service is offered free of charge provided the key-alike request is associated with an order for a matching quantity of cabinets. Additional key/core sets, master and core keys are available for a nominal charge. All Great Openings products are keyed randomly prior to shipment. Special cores and keys are shipped separately to be changed-out in the field. See the Specification Guide in the front of this book.

COM & Fabric Grades
If COM materials are difficult to apply or inadequate, Great Openings reserves the right to apply extra charges or to cancel the order. Great Openings has no control over COM material quality or performance and will not be held responsible for material defects or damage caused by improper use or application.

Limited Lifetime Warranty
Great Openings warrants its Great Openings brand Metal Case-goods, Trace and Cayenne Desks, Files, Storage, Lockers and Sparkeology products to be free from defects in materials and workmanship for the life of the product, except as set forth below. This warranty applies to Great Openings products delivered in the United States and Canada and is non-transferable. The warranty is valid from the date of delivery to the End User. This warranty does not cover ordinary wear and tear, improper installation, outdoor use, or direct mis-use of the product. This warranty does not apply to Customer's Own Materials (COM) for fabric, laminates, or edge bands. In addition, supplier warranties will apply to products not manufactured by Great Openings. End User means the final purchaser acquiring a product from Great Openings or the Great Openings Dealer channel for the purchaser's own use and not for resale, remarketing or distribution. Great Openings will not be liable for loss of time, inconvenience, commercial loss, incidental or consequential damages.

EXCEPTIONS TO THE LIFETIME COVERAGE

Laminate Lockers – 12 years
Single, Double, Multi-purpose, Quad, and Cubby Laminate Lockers and includes both TFL and HPL options.

Tables – 5 years
Sparkeology Line Products: Pete and Oscar

Seating and Tables – 2 years
Height Adjustable Tables, Sparkeology Line Products: Ben, Manny, Sly, Sophia, Cupcake, and Lily

High Wear Parts – 1 year
Mobile Storage Casters, Gas Rods, Cushion Pads, Hinges, Power and Electrical components

Surfaces Materials Disclaimer:
- Exact matching of surface finishes, including an exact match to cuttings, samples, or swatch cards are not covered.
- Changes in surface finishes and colorfastness due to aging, exposure to artificial light or exposure to direct sunlight are not covered.

Credit Card Transaction Fee
Credit card payments in excess of the following thresholds will be subject to a 2.16% transaction fee. Please note that Great Openings also accepts payments via ACH, wire transfer, and check – all free of charge.

Type of Sale	Credit Card Threshold (per sales order)	Fee Assessed for Amount Over this Threshold
Commercial	$10,000.00	2.16%
GSA: Project in USA	$20,000.00	2.16%
GSA: Project outside of USA	$30,000.00	2.16%

COMMERCIAL TERMS & CONDITIONS

Regional Pricing

Great Openings reserves the right to adopt regional discount programs and small order freight charges to address the freight cost impact applicable to each geographic region. A buyer's region will be determined by shipping destination.

Payment Terms

Orders are invoiced at the time of shipment and payment is due upon receipt of the invoice. Invoices unpaid thirty (30) days after the invoice date are subject to a late payment charge in the amount of one and one-half percent (1-1/2%) per month on the unpaid balance until paid. Great Openings reserves the right to modify or establish special credit arrangement for any customers at any time at its sole discretion. All prices are subject to change without notice.

Remit to:

GREAT OPENINGS
PO Box 7581
Carol Stream, IL 60197-7581

Taxes

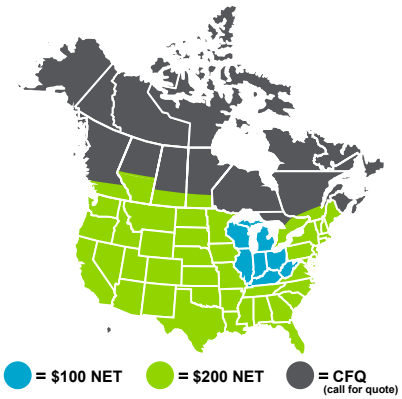
All sales, use, excise and other applicable taxes (excluding only taxes on the net income of Great Openings) are the purchaser's responsibility and will be invoiced to the purchaser. If purchaser claims an exemption from such taxes, it shall be the purchaser's responsibility to furnish an appropriate exemption certificate to Great Openings.

For Canadian orders, Great Openings does invoice and collect for GST/HST.

Freight Policy

All prices are freight included, F.O.B. Destination. Prices are based on a single shipment to a single location. A Small Order Freight Charge applies to all orders less than $5,000 list (does not apply to orders for accessories).

See the map below for Small Order Freight Charge by destination. Effective March 1, 2017, orders totaling less than $5,000 list that are shipped to Michigan, Wisconsin, Illinois, Indiana, Ohio, Kentucky, and West Virginia a Small Order Freight Charge of $100 net will apply. For orders totaling less than $5,000 list that are shipped to the remainder of the continental U.S. and southern portions of Canada as shown on the map, a Small Order Freight Charge of $200 net will apply. For Alaska, Hawaii, and all other portions of Canada, please call for a quote.



(SMALL ORDER FREIGHT CHARGE)

A flat rate $15 FedEx shipping and handling fee will be charged at time of purchase order to handle incidental small product packages (i.e. keys, name plates, file bars, etc.).

Standard Packaging

All Great Openings' products are packaged in accordance with industry standards and common carrier requirements. Pedestal products are individually boxed with polystyrene corner guard inserts, then palletized, and shrink wrapped. Lateral and storage product packaging consists of corrugated top and bottom trays, corner guards, palletized, shrink wrapped and labeled. For full truckloads only, upon special requests, we can provide a blanket wrapped shipment; please call for a quote.

Shipment and Delivery

Freight is included in the prices as displayed in this price book. All shipments are FOB destination: free freight to destination in the continental United States. Shipments outside the contiguous 48 states will be freight collect from exit port. Exception for Canadian shipments; see the section on Canadian orders. Great Openings will select the mode and carrier of shipment.

- Partial shipments may be necessary and are at the discretion of Great Openings.
- Great Openings cannot guarantee exact time of delivery.
- Any charges resulting from late deliveries beyond our control are not the responsibility of Great Openings.
- Ship dates contained in order acknowledgements are estimated and not guaranteed.

Great Openings will often consolidate orders to maximize shipping efficiency. In these situations, a customers's designated ship date may change, though Great Openings will make every effort to ensure that requested delivery dates are still met.

Product Storage Fees

Once an order enters production, it is not possible to stop production on that order if a last-minute request is made to delay shipment. If it is absolutely necessary to hold the product at Great Openings for a later ship date, a holding fee of $7 net per pallet or $100 net per trailer will be assessed each week and partial week until the product ships. Weekly storage fees will be the responsibility of the purchaser on any delayed shipment of a produced order.

Returns

Great Openings will not accept returned goods.

Claim Policy

It is the purchaser's responsibility to examine goods upon receipt and to notify Great Openings customer service with any concerns. Any claims against Great Openings for apparent defects, errors or shortages must be made by the purchaser within five (5) working days after any delivery. Failure by the purchaser to make any claim against Great Openings within (5) days shall constitute acceptance of the goods and waiver of any apparent defects, errors or shortages.

Freight Damage Claims

Great Openings' terms are FOB destination, Great Openings is not responsible for damage that occurs in transit. All Great Openings' products are carefully inspected prior to shipment. The carrier signs for all goods received in apparent good order.

It is the buyer's responsibility to inspect goods upon receipt for both apparent and concealed damage. In the rare instance where shipping damage is found, we ask the purchaser NOT to refuse shipment. Accepting shipment will give us more opportunities to remedy the situation through parts (fronts, tops) replacement and within the guidelines of the stated terms.

Claim and Replacement Policy

In the case of documented shipping damage, Great Openings will file a claim with the carrier and issue at no charge any replacement parts or product only if the purchaser meets the following conditions:

- Product is shipped via a Great Openings designated carrier
- Accept the shipment
- Retain packaging
- Inspect the shipment and document damage on the bill of lading
- Contact Great Openings immediately upon discovery and documentation of damage

Failure of purchaser to meet these conditions will prevent Great Openings from obtaining carrier reimbursement and thereby require us to charge full price for product replacement.

Great Openings is not responsible for labor or trip costs associated with freight damage product replacement.

Concealed Damage Policy

Concealed damage (damage discovered after acceptance with no bill of lading documentation) should be reported to Great Openings immediately upon discovery. Please retain packaging and request carrier inspection immediately. Carrier liability ceases 7 calendar days after receipt of shipment. Great Openings will investigate on a case-by-case basis. In any case, Great Openings assumes no liability beyond the 7-day carrier liability and reserves the right to apply no remedy and/or various remedies dictated by individual event circumstances.

The buyer may make NO DEDUCTION UNDER ANY CIRCUMSTANCES ensuing from freight claims when settling invoices with Great Openings.

HON FULL LIFETIME WARRANTY INFORMATION

COKC0197

HON®

FULL LIFETIME WARRANTY

YOUR HON FULL LIFETIME WARRANTY

Every time you purchase a HON product, you're making an investment in your future. We're proud to play a part in that future, and you can trust us to do our best for as long as you need us.

The HON Full Lifetime Warranty is our assurance to you that the HON desks, workstations, seating, tables, or storage you purchase will be free from defective material or workmanship for the life of the product.

In the unlikely event that any HON product or component covered by the HON Full Lifetime Warranty should fail under normal workplace use as a result of defective material or workmanship, HON shall repair or replace with comparable product (at HON's discretion), free of charge.

WHAT'S COVERED BY THE HON FULL LIFETIME WARRANTY?

Your HON Full Lifetime Warranty applies to product manufactured after January 1, 2011. All HON product lines, materials, and components are covered by the HON Full Lifetime Warranty except for the items described below.

The specific product lines, materials, and components listed below are covered under HON's Full 12-Year, Full 10-Year, and Full 5-Year Warranties (from date of purchase).

HON'S FULL 12-YEAR WARRANTY

- Electrical components (lamps and ballasts are not covered)
- 4-Way Stretch Mesh
- Seating controls
- Pneumatic Cylinders
- Wood Seating
- Accessories
- Laminate Surfaces

HON'S FULL 10-YEAR WARRANTY

- Coordinate™ Height Adjustable Bases (HHATB)

HON'S FULL 7-YEAR WARRANTY

- Coordinate™ Legacy Bases (HHAB and HREC)
- Workwall Markerboard Glass Tiles

HON'S FULL 5-YEAR WARRANTY

- All LED task lights
- Panel and seating textiles
- Coze™
- Between™ Multi-Purpose Table
- Acoustic Solutions by Unika Vaev
- Mod

HON'S FULL 1-YEAR WARRANTY

- Acrylic Screens

These warranties apply to HON products sold within the United States of America, U.S. Territories, and Canada, as well as U.S. Military and Federal Agency purchases (regardless of location).

IS ANYTHING NOT COVERED?

There are a few exclusions to the HON Full Lifetime Warranty and to the 12-, 10-, and 5-year warranties. These exclusions are:

- All HON products that are covered under a separate 5-year warranty.
- Color-fastness or matching of colors, woodgrains, or textures occurring in wood, leather, or other materials that naturally exhibit inherent color variations.
- Customer's own materials (COM) selected by and used at the request of the user.
- Modifications or attachments to the product that are not approved by The HON Company and product failures resulting from such modifications or attachments.
- Product normal wear and tear, which are to be expected over the course of ownership.
- Products that were not installed, used, or maintained in accordance with product instructions and warnings.
- Products used for rental purposes.
- Damage caused by cleaning chemicals.
- Dye transfer caused by external contaminants (including clothing and accessory dyes such as those used on denim jeans) may migrate to lighter colors. This phenomenon is increased by humidity and temperature and is irreversible.
- Fabric pattern match seat to back or chair to chair. If pattern match is needed, please submit a Tailored Solutions request or contact HON Customer Support/Tailored Solutions with questions.
- Storage Digilocks come with a 2-year warranty.

WARRANTY REQUESTS OR QUESTIONS?

Your HON Dealer is our mutual partner in supporting your warranty requests. To obtain service under this warranty, please contact your HON dealer. If you are not sure who your dealer is, please call HON Customer Support at 800.833.3964.

THAT'S YOUR HON FULL LIFETIME WARRANTY AS AN OWNER OF HON PRODUCT, THE WARRANTY EXPLAINED HERE IS YOUR SOLE AND EXCLUSIVE REMEDY. THERE ARE SOME EXCEPTIONS IF YOU PURCHASED THE PRODUCT FOR HOME OR PERSONAL USE WHICH ARE EXPLAINED BELOW. TO THE EXTENT ALLOWED BY LAW, THE HON COMPANY MAKES NO OTHER WARRANTY, EITHER EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THE HON COMPANY WILL NOT BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES.

A WORD ABOUT PURCHASES FOR HOME OR PERSONAL USE

Please note, this section only applies if you purchased your HON product for your home or for your own personal or family use. HON's warranties give you specific legal rights and you may have other rights, which vary from state to state. As a consumer purchaser, the complete exclusion of implied warranties noted in the above paragraph does not apply to you, however, to the extent allowed by applicable state law, the implied warranties are limited to the applicable term of the warranty. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above exclusion or limitation may not apply to you.

Warranty

Subject to the limitations set forth in this warranty, Indiana Furniture Industries, Inc. ("**Indiana Furniture**") warrants to the original purchaser all product in this price list ("**Product**") to be free from defects in material and workmanship given normal use for a 12-year period from the date of manufacture. During the applicable warranty period, Indiana Furniture, as its sole obligation, will repair or replace (in Indiana Furniture's sole discretion) any Product, part, or component covered by this warranty and sold after November 27, 2023, which fails under normal use as a result of a defect in material or workmanship. Normal use is defined as the equivalent of a single shift, 40-hour work week. Indiana Furniture will repair or replace the defective Product, part, or component with a comparable Product, part, or component.

Warranty periods are limited for certain Products and parts as follows:

12-year Warranty (from the date of manufacture)
- Seating Mechanisms
- Veneers
- Laminates
- Casters and Glides

7-year Warranty (from the date of shipment)
- Pneumatic Table Lift
- Electric Table Lift

5-year Warranty (from the date of manufacture)
- Triple Play Series
- Electrical Components
- Pneumatic Cylinders
- Textiles, Foam, and Decorative Trim
- Swivel Arm Pads
- Keyboard Kits
- Lighting
- All Height Adjustable Mechanisms

3-year Warranty (from date of shipment)
- Dock 950 Wireless Charger
- Dock 150 Wireless and USB Charger

THIS WARRANTY DOES NOT COVER:
- Damage caused by a carrier or third party
- Normal or routine wear and tear
- Appearance, durability, quality, behavior, colorfastness, or any other attribute of customer's own materials or any non-standard Indiana Furniture material (including CF Stinson, Maharam, Momentum, Mayer, UltraFabrics, Architex, and other alliance programs) specified by the customer and applied to a Product
- Color, grain or texture of wood, laminate and other covering materials
- Changes in wood or fabric color due to aging or exposure to light

As the manufacturer of the Product, Indiana Furniture stands behind its craftsmanship and pledges to do everything it can to reasonably resolve, as quickly as possible, any problems you may have with the Product within the terms and conditions of this warranty.

If you encounter a defect covered by the foregoing warranty, contact the dealer from whom you purchased the Product. If the dealer is unable to resolve your warranty issues, you should contact Indiana Furniture. Please ensure that you have all of the pertinent facts when contacting the dealer or Indiana Furniture, including the model number and factory order number from the inspection label attached to the Product.

INDIANA FURNITURE IS NOT PROVIDING, AND SPECIFICALLY DISCLAIMS, ANY OTHER WARRANTIES FOR THE PRODUCTS, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. INDIANA FURNITURE SHALL NOT BE LIABLE TO THE PURCHASER OR ANY THIRD PARTY FOR CONSEQUENTIAL, INCIDENTAL, INDIRECT, OR SPECIAL DAMAGES, INCLUDING, WITHOUT LIMITATION, DAMAGES ARISING OUT OF OR RESULTING IN ANY MALFUNCTIONS, DELAYS, LOSS OF PROFIT, INTERRUPTION OF BUSINESS, PERSONAL INJURY, BODILY INJURY, DEATH, DISMEMBERMENT, OR PROPERTY DAMAGE.

TERMS & CONDITIONS

COKC001997

ORDER INFORMATION

Purchasing

All prices shown in this price book are list prices in US Dollars. Prices are subject to change without notice. The customer's purchase order must include complete information or order will be held from production until all information is provided. The customer bears sole responsibility for order correctness. Orders are subject to Knú, LLC's terms and conditions, regardless of the terms and conditions set forth on the buyer's/customer's purchase order forms. All customer orders must receive credit approval before the order can be entered into production.

Mail, Fax, or E-mail Purchase Orders To
Knú, LLC DBA La-Z-Boy Healthcare | Knú Comfort
P.O. Box 9, Ferdinand, IN 47532
Phone: 812.367.2068 | Fax: 812.367.2493
E-mail: orders@getknu.com

Payment Terms

Terms are NET 30 days from shipment. If an invoice is not paid in full, within the terms, a monthly finance charge will be assessed at a rate of 1.5% per month or the highest amount permitted by applicable state law. The customer will be liable for any collection and/or attorney fees incurred in the collection of past due accounts.

Selling Information

Distribution of this price list does not in itself constitute an offer to sell. Orders may only be placed by customers authorized by Knú, LLC management.

Order Acknowledgment

The customer will receive an order acknowledgement by e-mail or fax. Upon receipt of this acknowledgement it is the customer's responsibility to check the accuracy of the order and notify customer service of any errors. Once an order is acknowledged, Knú, LLC will be responsible for shipping exactly the items acknowledged at the prices acknowledged. No changes may be made once an order has been placed into production. The order will be shipped upon completion of production. Every effort will be made to ship orders within the acknowledged ship dates. Acknowledged ship dates, however, are contingent upon conditions beyond our control. We cannot make promises for delivery dates as service by transportation companies varies from destination to destination.

Order Cancellations

Cancellations must be communicated via email or fax to customer service and not to the sales representative. A cancellation penalty will apply. After an order is acknowledged and placed into production, cancellations cannot be accepted.

SHIPPING

Packaging

All prices include packaging. Assembled chairs are normally shipped one per carton unless otherwise specified. All of our packaging and cartons meet or exceed ICC specifications.

Freight Terms & Conditions

All product is shipped F.O.B. the Knú, LLC factory, with freight prepaid to the continental U.S. destination (dealer's dock or territorial warehouse) and does not include home delivery. International shipments, shipments to Puerto Rico, Hawaii, and Alaska are freight prepaid to the port of exit. For special packing for these shipments, call Customer Service for quote. Customers must select a standard delivery location for their orders. Docks at the selected delivery location must be equipped to handle a 53' trailer. When a Knú, LLC customer/dealer warehouse is selected as the default delivery location, it is understood that Knú, LLC pays freight cost to the default delivery location only, and no further. The customer is responsible for all charges from this point. Knú, LLC utilizes freight carriers that are dedicated furniture specialists. For all deliveries, it is understood that Knú, LLC or its agents are making a dock delivery only, and any further work of truck unloading, delivery beyond the dock, installation, and/or removal of packaging is not authorized or paid for by Knú, LLC. Home delivery is not included and must be negotiated prior to order placement. For all deliveries, whether to the customer location or drop shipment, any circumstances that result in the delay of our carrier (including unsuitable receiving facilities, or facilities not open or available), will result in service charges applied at the rate of $75 per hour. Where re-delivery is necessary because of these circumstances, the full cost of re-delivery will be charged.

International shipments, shipments into Puerto Rico, and shipments into the states of Hawaii and Alaska are freight prepaid to the port of exit. Please call Customer Service for a quote on special packing for overseas container shipments. Knú, LLC reserves the right to implement a fuel surcharge or freight fee and also reserves the right to select the most appropriate F.O.B. point, carrier, and routing on all shipments. Orders with a LIST total of $4,000 or less are subject to a $250 Shipping and Handling Fee. All Knú, LLC products are carefully inspected and properly packaged by trained personnel before leaving the factory. The transportation company assumes full responsibility for safe delivery upon acceptance of the shipment. All shipments are delivered to the freight company in good condition. If a shipment is received that has visible damage,

product shortages or if delivery has been delayed by the freight company the following steps must be taken:

1. Before signing for the merchandise, make notations of all visible damage and/or shortages on the Bill of Lading. The delivering freight company may not accept responsibility for damage and/or shortages if proper notification of the alleged problem is not given when signing for the merchandise. If visual damage is not apparent, sign the delivery receipt "no visual damage". This will allow recourse for a concealed damage claim. Claims for freight damage, concealed or otherwise, must be filed within ten (10) days of the original delivery date.

2. Do not refuse merchandise damaged in transit. The delivering freight company (not Knú, LLC) is responsible for damage to goods which occur in transit or storage.

3. Failure to make claims against Knú, LLC or its designated carrier within ten (10) days shall constitute acceptance of the merchandise and a waiver of any defects, errors, or shortages discovered upon inspection.

4. If a claim is filed you must retain all shipping cartons and packing material for inspection by the carrier agent.

Freight Policy

As of July 15, 2022, a freight fee will be effective on standard productions orders in the amount of 2% of the List total.

Storage Policy

Upon written notice, Knú | La-Z-Boy will provide storage, once an order is completed, for up to five (5) calendar days at no charge. Any order requiring storage beyond five (5) calendar days will be subject to a storage fee.

SERVICE

Return Merchandise

No returns of merchandise will be accepted without written authorization from Knú corporate office customer service. Before a return of merchandise is authorized, Knú factory sales representative reserves the right to inspect the furniture in question. Any item(s) that has been approved for return must be returned properly packed and in the original factory carton. All freight charges for returned product are the responsibility of the customer. Unauthorized returns will not be accepted and will be returned to customer freight collect. Upon receipt, all returned merchandise will be thoroughly inspected and the results compared to the reason given for the return stated on the authorization form. Any discrepancies, such as additional damage, signs of usage, missing parts, etc., will result in an adjustment to the amount of the credit issued.

Customer Satisfaction

Our goal at Knú, LLC is to ensure that our customers are completely satisfied with our products. If a problem arises with La-Z-Boy Healthcare | Knú Comfort after the warranty period, Knú, LLC will make its best effort to satisfy the customer in a manner that is fair to all concerned.

IMPORTANT NOTES

1. COM orders must contain the fabric supplier name, pattern name, and color name of the pattern you wish to order.

2. Directional covers, such as stripes, patterns, and plaids may not meet your satisfaction due to contoured shapes and tufting on some furniture styles. Should one of these designs be selected, we will do our best to manufacture the furniture to meet your satisfaction. However, such orders are not subject to return.

3. Textiles listed are supplied by the fabric suppliers and not all colors of the textile listed may be available.

4. Once an order for cut yardage is acknowledged, adjustments or cancellations will result in a restocking fee for the purchase price of the fabric.

5. Not all textiles are available in CAL 133.

6. Non-Warranty Service Orders: Please Call Customer Service for Pricing. (812.367.2068/phone)

LIMITED LIFETIME WARRANTY

COKC0197

Knú, LLC dba La-Z-Boy Healthcare | Knú Comfort warrants the products it manufactures against defects in material and workmanship under normal use and service for the expected useful life of the product from the date of shipment. This limited warranty is valid only to the original purchaser using the product for its intended purpose, provided the product is covered in its original cover. This warranty does not apply to expected changes resulting from normal wear and tear, use and aging of the product. Specifically excluded from this limited warranty are defects and damage resulting from abuse, neglect, misuse, or excessive use. Product alteration, substitution of components or materials, improper cleaning or repair, and installation and handling damages are also not covered by this warranty. All other express or implied warranties made by agents, dealers, sales representatives or any other representatives, including any warranty of merchantability or fitness for a particular purpose, are hereby excluded.

There are no representations as to the capacity or performance of the products sold hereunder except as set forth in the price book or quotation specifications, if any, and such representations are expressly conditioned upon the correctness of the data furnished by purchaser and upon the products being properly installed and maintained.

Knú, LLC's sole obligation shall be to repair any defective product or product component covered under this warranty, including shipping and labor, during the warranty period. In no event shall Knú, LLC be liable for any consequential or incidental damages, including lost profits or revenues incurred by the purchaser with respect to any goods furnished by Knú, LLC. Expenses incurred by purchaser in repairing or replacing Knú, LLC's product must be pre-approved in writing by Knú, LLC.

Knú, LLC offers no warranty on the following product components or characteristics: all forms of upholstery, including fabric, vinyl and leather, as well as wood grain, color and texture. Knú, LLC offers no warranty on COM, COL, or any other special order fabric used at the request of the Purchaser.

Warranties offered by cover suppliers to Knú, LLC, if any, are hereby assigned to Purchaser.

In the event a product has to be returned to the factory for verification of a defect and/or repair, it must be pre-approved in writing by Knú, LLC, freight pre-paid, and include a copy of the original invoice with the date and name of original purchaser.

Knú, LLC hereby assigns to the original owner any and all warranties offered by its component suppliers. To the extent the terms of these warranties differ from the terms of the Limited Warranty, the terms of the suppliers' component warranties shall apply. However, Knú, LLC does not guarantee that the component supplier will comply with any terms of the warranty of such supplier.

KNÚ, LLC WILL NOT BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES INCLUDING ANY LOSS, EXPENSE, OR DAMAGE OTHER THAN TO THE PRODUCT ITSELF THAT MAY RESULT FROM A DEFECT IN THE PRODUCT. SOME STATES DO NOT ALLOW FOR THE EXCLUSION OR LIMITATION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY.

KNÚ, LLC MAKES NO IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THESE AND ALL OTHER IMPLIED WARRANTIES ARE SPECIFICALLY DISCLAIMED. SOME STATES DO NOT ALLOW AN EXCLUSION OR LIMITATION ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATIONS OR EXCLUSIONS MAY NOT APPLY.

THIS WARRANTY GIVES YOU, THE ORIGINAL PURCHASER, SPECIFIC LEGAL RIGHTS AND YOU MAY ALSO HAVE OTHER RIGHTS THAT VARY FROM STATE TO STATE. EXCEPT FOR SUCH OTHER RIGHTS, THE REMEDIES PROVIDED UNDER THIS WARRANTY STATE THE LIMIT OF KNÚ, LLC'S RESPONSIBILITIES.

SUSTAINABILITY & CERTIFICATION

CAL | UL | Take Back Program

COKC0197

CAL 117 | CAL133

All Knú, LLC standard upholstered seating and the filling materials used in the construction of our seating, either meet or exceed the flammability requirements of Cal 117-2013. Knú, LLC will manufacture its seating when requested by a customer or where required by law to meet or exceed the flammability requirements of California Technical Bulletin 133. CAL TB133 requires actual tests of the complete unit and not just the components as CAL 117-2013 does. CAL TB133 is specific to the fabric, frame, and all filaments.

Knú, LLC recommends the use of a CAL 117-2013 Fabric, Fire Resistant Foam, and a Fire Resistant Barrier for a successful CAL TB133 burn test; however, this alone does not guarantee a product will pass the burn test. The cost of a burn test is $500 (net) plus the cost of the product, along with the barrier and the fabric. Please allow a minimum of six (6) weeks for the production of the product and the completion of the test. Once the product successfully passes the burn test a certificate will be supplied.

If you do not need actual certification, the product can be upholstered using Fire Resistant Foam and the Fire Resistant Barrier at an upcharge of $80 List per yard. Use the COM yardage requirements for your upcharge formula. COM yardage requirements are located on the individual product pages. (Please note that your COM fabric selection must pass CAL 117-2013 which will be stated in your fabric specifications.)

When sending in COM to have CAL TB133 added, Knú, LLC will need an additional yardage amount equal to either 5% of the total yardage, or 1 yard, whichever is the greatest. CAL TB133 cannot be added to leather.

CAL TB133 outlines the method and technique to which the furniture should be tested. Beyond that, it leaves classifications of furniture fabric to the discretion of the manufacturer/supplier of the fabric over which Knú, LLC has no control. Knú, LLC has tested a variety of chairs and fabrics with successful test results. Knú, LLC then cross-referenced similar models to see which ones would be applicable; however, this does not constitute a certification of an actual burn test.

The following upholstered frames have passed the CAL TB133 Fire Test for furniture manufactured for public area use. Please contact customer service for pricing and lead times.

Model	Textile
Dalton DL10	Maharam Article Flume (458600-013)
EV Collection E4017	CF Stinson Script Spearmint (ST10)
Harmony H5017	Arc-Com Frontier AC - 67492
	CF Stinson Script Palm (SCT 20)
	Maharam Medium Marina (022)
	Momentum Bravo Tumbleweed

UL Listing

All electrical components used in Knú, LLC products are UL listed. A UL listing for an entire Knú, LLC product can be obtained at an additional charge. Please contact customer service for pricing and lead times.

Note: Knú, LLC makes no recommendations or representations regarding whether CAL 133 certification or UL listing is required for the lawful use of Knú, LLC products. It is the sole responsibility of the customer to ascertain and comply with the laws, ordinances, regulations and codes of their particular jurisdiction that apply to their use of Knú, LLC products.

Product Take Back Program

Knú, LLC is proud to offer ANEW to customers dedicated to strengthening their community network by repurposing their furniture, fixtures, and architectural materials to those in need. In 2014, Knú, LLC committed to making this relationship a part of our strategic sales strategy. Visit www.anewfound.org for more information.

To initiate a product take back strategy, contact Customer Service at customerservice@getknu.com.

SUSTAINABILITY & CERTIFICATION

COKC0019 7

GREENGUARD Gold Certification
www.greenguard.org

GREENGUARD Gold Certification (formerly known as GREENGUARD Children & Schools Certification) offers stricter certification criteria, considers safety factors to account for sensitive individuals (such as children and the elderly), and ensures that a product is acceptable for use in environments such as schools and healthcare facilities. It is referenced by both The Collaborative for High Performance Schools (CHPS) and the Leadership in Energy and Environmental Design (LEED) Building Rating System.

level® Certification
www.levelcertified.org

BIFMA's e3 Furniture Sustainability Standard is a voluntary, multi-attribute standard that measures the degree of sustainability of furniture. This standard evaluates product and company environmental attributes and compliance systems in a wide range of elements, including Materials, Energy & Atmosphere, Human & Ecosystem Health, and Social Responsibility.

Additional Sustainability Information

For additional information on our environmental commitment and a full sustainability report, please visit
getknu.com/resources/company-resources/sustainability/

Moisture Barrier Options

Moisture barriers that are designed to prevent liquid penetration to the foam and other filling materials are available on most items at an additional charge. Moisture barriers are applied between the upholstery cover and filling materials. The following list price upcharge will apply to each surface on which the protective barriers may be applied.

Part Number/Description	List Price

Dillon / Carson Pricing Grade

Upholstered product pricing grade "Dillon/Carson" is exclusive to products specified with the textiles Dillon by Culp Contract or Carson CV by Momentum Textiles & Wallcovering.

Dillon - Culp Contract
Content: 100% Polyurethane
Backing: 70% Polyester / 30% Cotton
For full specs, available colorways, & cleaning info, visit www.culpcontract.com

Carson CV - Momentum Textiles & Wallcovering
Content: 100% Clean Vinyl/Phthalate Free
Backing: Polyester
For full specs, available colorways, & cleaning info, visit www.momentumtextilesandwalls.com

COM (Customer's Own Material)

All Knú, LLC seating styles are available in COM. Prices are listed in the column containing the Grade of COM. Yardage requirements are based on non-directional 54" wide (between selvage edges) fabric. All fabrics must be backed with an appropriate type backing. Do not send wall coverings or drapery fabrics. COM material must be shipped from fabric supplier in continuous yardage. Knú, LLC cannot accept individual pieces of the same fabric.

Please complete the COM form and ship form along with the fabric sample for approval prepaid to:
Knú Design Center
ATTN: COM Department
P. O. Box 9, One Best Drive
Ferdinand, IN 47532

Once COM fabric has been approved send COM yardage to:
Knú, LLC DBA La-Z-Boy Healthcare | Knú Comfort
ATTN: COM Department
1300 North Broad Street, Leland, MS 38756

Please send purchase order to:
Knú, LLC DBA La-Z-Boy Healthcare | Knú Comfort
P.O. Box 9, Ferdinand, IN 47532
Fax: 812-367-2493
E-mail: orders@getknu.com

Knú, LLC must receive the purchase order prior to receiving the COM yardage. Lead time does not begin until the COM yardage has been received by the COM Department at Leland, MS.

Please attach a sample of your material to the COM form and indicate the direction it is to be applied. Unless otherwise directed, all COM will be applied up the roll with no pattern. Since some fabrics are reversible, please attach the fabric such that the exposed side is facing outward. Knú, LLC does not warrant COM fabrics.

Refer to individual product pages for standard COM yardage requirements. For fabrics with railroads or repeats please refer to the Textile Pattern Repeats chart on the following page.

When sending in COM to have CAL133 backing added, Knú, LLC will need an additional yardage amount equal to either 5% of the total yardage, or 1 yard, whichever is the greatest.

When COM is accepted, Knú, LLC assumes no responsibility for the appearance, behavior, or durability of the COM. Knú, LLC will inspect all COM fabrics upon receipt at the plant, but will not be held responsible for variations of dye lots, wear, fading, pattern matches, and/or flaws.

Textile Pattern Repeats

The chart below represents a patterned fabric being selected with a repeat. When a multiple repeat is present, the calculation for the yardage needed is determined by adding the vertical and horizontal measurements together and then referring to the chart for the extra yardage required. For example, on a guest chair a 4" vertical repeat and a 5" horizontal repeat requires 18.5% additional COM yardage if the pattern is directed across the roll, 23.5% if the pattern is directed up the roll, or 28.5% for a 2-Way repeat.

350 SERIES

COKC0197

Series Overview

Boasting several different designs and functionalities, the 350 Series is one of our broadest categories. With products designed specifically for controlled environments, such as senior living, wellness rooms, or office lounges, the 350 Series offers Gliders, Power Recliners, Three Position Recliners, and more. The common thread among all 350 Series models is the trusted comfort we have come to be known for.

General Product Information

- 350 lb Weight Rating
- Variety of stationary and mobile styles
- Power and manual operation styles
- Seat clean-out
- Field replaceable components

Options vary by model, see specific model page for list of available options

Refer to pg 103 for full option details and images

450 SERIES

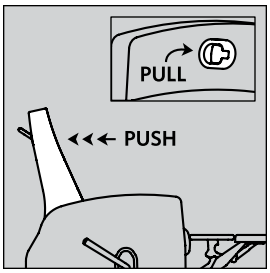
COKC00197

Series Overview

The 450 Series is our entry-level recliner offering for uncontrolled healthcare environments. Available in Max and Kure aesthetic styles, the 450 Series utilizes independent leg support and back angle adjustments. Both styles are available with several of our most popular “add-on” options to make them a practical choice for a utility recliner when price is a concern, while not sacrificing quality or comfort.

General Product Information

- 450 lb Weight Rating
- Designed for 24/7 use healthcare environments
- Manually operated recline functionality
- Independent footrest and back adjustment
- Seat Foam Density: 2.3 High Resiliency
- Back Foam Density: 1.75 High Resiliency
- Seat clean-out
- Mid-Ottoman Calf Support
- Infinite Position Back reclines to infinite angle positions
- All interior plywood California Carb Compliant/Phase II
- Field replaceable components



Infinite Position Locking Back

Allows patient/caregiver to lock back into any position. Lock lever located inside left (facing) arm on applicable models, unless otherwise noted/pictured.

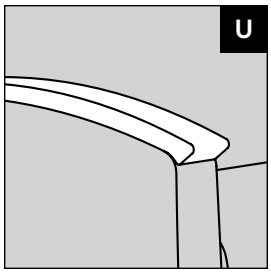
DURABLE® SERIES RECLINERS

Option & Accessory Details

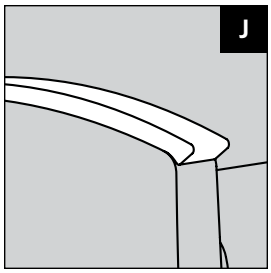
COKC00197

Arm Cap Options



Urethane

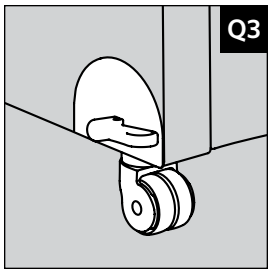
Available in multiple styles (refer to product page for availability). See pg 2 for finishes.



Solid Surface

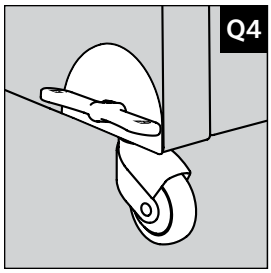
Available in multiple styles (refer to product page for availability). See pg 2 for standard Group 1 and Group 2 finishes. Additional solid surface finishes are able to be specified, contact customer service for pricing.

Caster Options



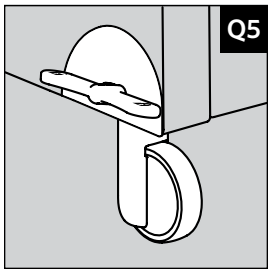
3" Dual Wheel Central Locking Caster System

Controlled by 2-position lever located at front of chair on left (facing) arm.



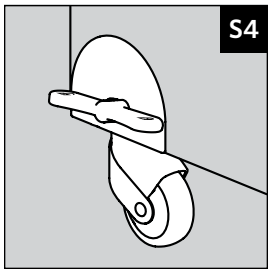
4" Central Lock & Steer Caster System

Controlled by 3-position lever located at front of chair on left (facing) arm. Steer setting locks rear casters to forward-facing orientation. Neutral setting allows all casters to swivel freely. Lock setting locks recliner into stationary position.



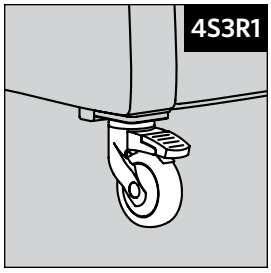
5" Central Lock & Steer Caster System

Controlled by 3-position lever located at front of chair on left (facing) arm. Steer setting locks rear casters to forward-facing orientation. Neutral setting allows all casters to swivel freely. Lock setting locks recliner into stationary position.



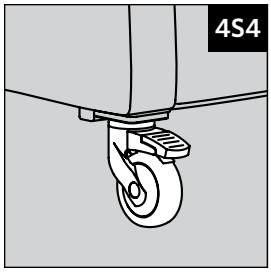
4" Two Caster Lock & Steer

Controlled by 3-position lever located at back of chair on left (facing) arm. Steer setting locks rear casters to forward-facing orientation. Neutral setting allows all casters to swivel freely. Lock setting locks recliner into stationary position.



4" (3) Swivel / (1) Rigid Individual Locking Casters

All casters lock individually with lock tabs attached to each caster. Right front caster remains in forward facing orientation to aid in forward movement. Three remaining casters swivel 360 degrees.



4" (4) Swivel Individual Locking Casters

All casters lock individually with lock tabs attached to each caster. All four casters swivel 360 degrees.

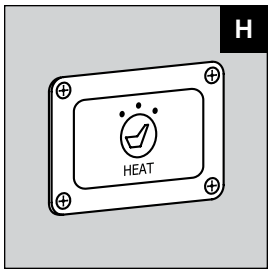
Note: *Selecting a different caster size option than the standard on a particular model will increase or decrease the recliner seat height by the difference in caster sizes. (E.g., Exam Lift Recliners with standard 3" casters will have two inches added to seat height when the Q5 option is specified).*

DURABLE® SERIES RECLINERS

Option & Accessory Details

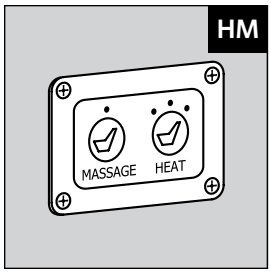
COKC001977

Heat & Massage Options



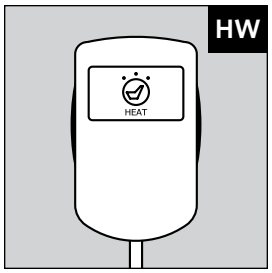
Heat (In-Arm Controls)

IEC 60601-1 Certified.
Controls located inside left (facing) arm. Includes 10' cord with ground plug. Three heat settings, ranging 97° low to 105° high. Automatic shutoff after one hour.



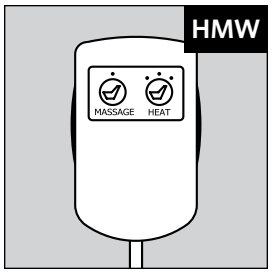
Heat & Massage (In-Arm Controls)

IEC 60601-1 Certified.
Controls located inside left (facing) arm. Includes 10' cord with ground plug. Three heat settings, ranging 97° low to 105° high. Automatic shutoff after one hour (Heat) or 15 minutes (Massage).



Heat (Wand Controls)

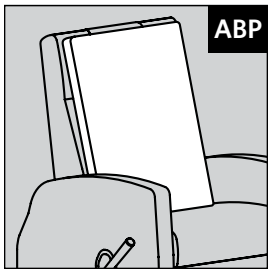
IEC 60601-1 Certified.
Controls located on attached control wand. Includes 10' cord with ground plug. Three settings, ranging 97° low to 105° high. Automatic shutoff after one hour.



Heat & Massage (Wand Controls)

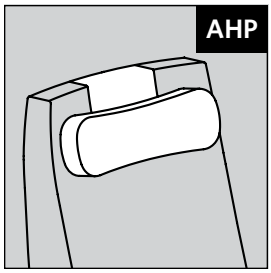
IEC 60601-1 Certified.
Controls located on attached control wand. Includes 10' cord with ground plug. Three heat settings, ranging 97° low to 105° high. Automatic shutoff after one hour (Heat) or 15 minutes (Massage).

Patient Wellness & Comfort Options



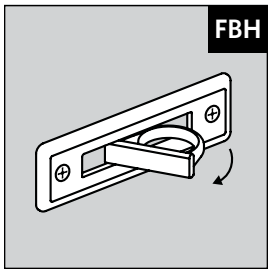
Adjustable Back Pad

Pad comprised of memory foam, adds additional cushioning to back. Two styles to match recliner back shape.
E models: ABP-E
R, K, KM/L, H, wingback models: ABP-R
COM requires 1.75 yds.



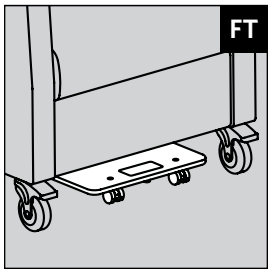
Adjustable Head Rest Pillow

Pillow comprised of memory foam. Weighted strap slides through push bar on back of recliner to hold pillow in desired position. Pillow and strap both upholstered in same textile as recliner back.
COM requires 1 yd.



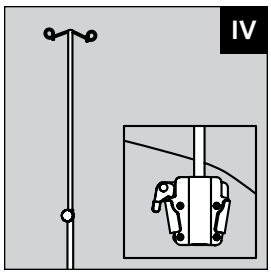
Foley Bag Holder

Accommodates Foley bags and other drainage bags. Closes flush with recliner when not in use. Located in arm opposite of handle side near front.



Foot Tray

Connected foot tray pulls out to support user's feet in seated position (not intended as step). Slides underneath recliner when not in use.

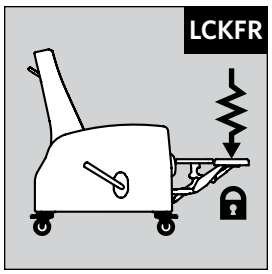


IV Pole & Bracket

Positioned on right (facing) arm toward back. IV pole is height adjustable. Attached via included QR Bracket.
Dual IV Poles (right/left): DP

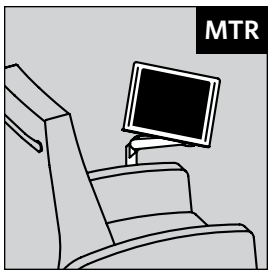
LiquiCell

Aids in process of helping prevent pressure ulcers. Installed in seat (underneath textile), ultra-thin cells containing liquid that is in constant motion in order to reduce shear and friction for user. Included at no charge on recliners specified with Heat & Massage or Heat options.



Orthopedic Locking Footrest

Recliner footrest locks completely into position when engaged and can only be adjusted with recline handle (or control wand on power models). Helps prevent unintentional movement of user's lower body/abdomen.



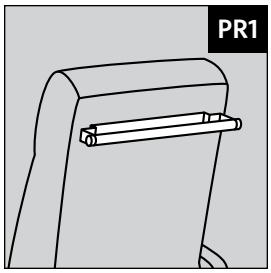
Monitor Arm with Tray

Adjustable arm designed to hold tablet or screen. Attached to recliner arm via included QR Bracket, standard on right side (facing). Tray/monitor connects to arm with VESA bracket.
Left side (facing): MTL
Right side (facing), w/o Tray: MR
Left side (facing), w/o Tray: ML

DURABLE® SERIES RECLINERS

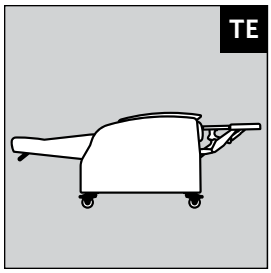
Option & Accessory Details

COKC001977



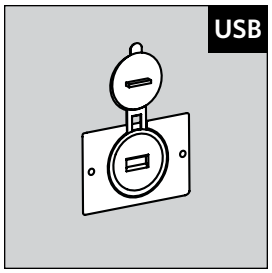
Paper Roll Holder

Accommodates exam paper rolls up to 21.25" wide. Takes place of Push Bar. Paper roll sold separately.



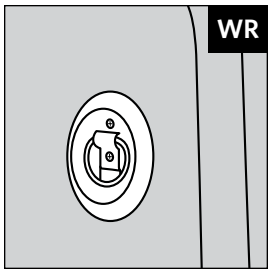
Trendelenburg

Allows additional 10° recline pitch in order to elevate user's feet above head. Engaged via non-handed foot pedal (or control wand on power models).



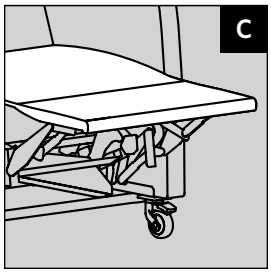
USB Power Outlet

IEC 60601-1 Certified.
Supplies power via USB-A port. Connected rubber plug provides protection to port when cleaning. Standard position on right (facing) arm.



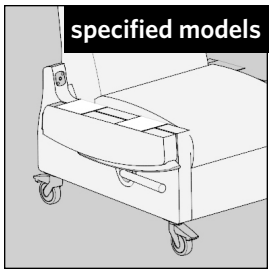
Wrist Restraint Mounts

Located on outside of arms (both sides). Metal loops accommodate wrist restraints.



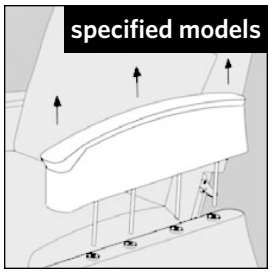
Chaise Continuous Leg Support

Continuous upholstery from back of seat to end of footrest. (Non-chaise leg support utilizes separately upholstered mid-ottoman and footrest pieces)



Fold Down Transfer Arm

Allows lateral transfer of patient. Folding portion of arm is released by spring-loaded pull lever on back of arm. Available in left, right, or dual side configurations. When arm is in down position, adds 4" to overall width of recliner.



Removable Transfer Arm

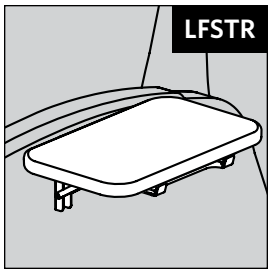
Allows lateral transfer of patient. Available in left, right, or dual side configurations.

DURABLE® SERIES RECLINERS

Option & Accessory Details

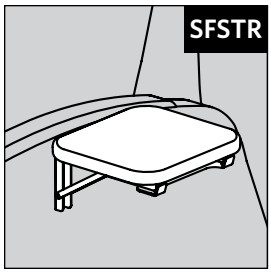
COKC00197

Tray Table Options



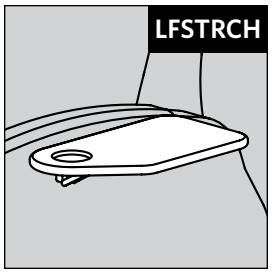
Large Folding Side Tray

Folds out to reveal table surface, standard on right side (facing). Measures 17" L x 10.7" W. Extends 2.5" from chair arm when in down position.
Left side (facing): LFSTL



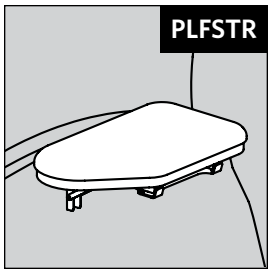
Small Folding Side Tray

Folds out to reveal table surface, standard on right side (facing). Measures 12" L x 10.7" W. Extends 2.5" from chair arm when in down position.
Left side (facing): SFSTL



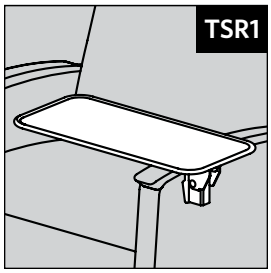
Large Folding Cup Holder Side Tray

Folds out to reveal table surface with recessed area to accommodate beverage, standard on right side (facing). Measures 23"L x 10.7" W. Extends 2.5" from chair arm when in down position.
Left side (facing): LFSTLCH



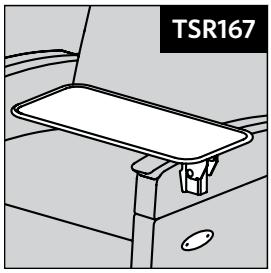
Padded Large Folding Side Tray

Folds out to reveal upholstered surface, standard on right side (facing). Padded to allow patients to comfortable rest arm during treatment. Measures 17" L x 10.7" W. Extends 2.5" from chair arm when in down position.
Left side (facing): PLFSTL
COM requires 1 yd.



Adjustable Side Tray

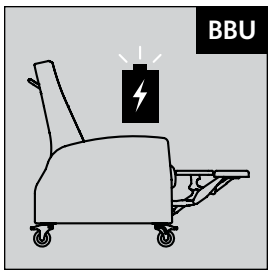
Tray swivels at base and can be positioned vertically at side of arm when not in use (extends 4" from arm). Measures 23" L x 10.7" W. Attached to recliner arm via included QR Bracket, standard on right side (facing). Access to handle may be impeded when specified on handle side.
Left side (facing): TSL1
Dual sides: TD3



Adjustable Side Tray (On Fold Down Arm)

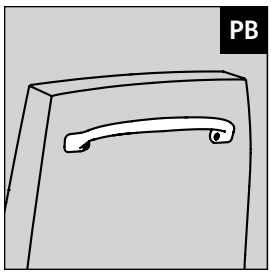
Same specifications as Adjustable Side Tray (TSR1), attached to fold down transfer arm. Strike plate installed on side of recliner arm to protect upholstery from QR bracket when arm is folded down.
Left side (facing): TSL167
Dual sides: TD362

Additional Features & Options



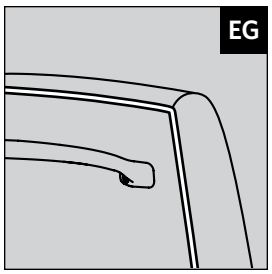
Battery Back Up

Provides back up power supply to allow recliner functions on applicable power recliners when disconnected from power source. Battery unit charges when recliner is connected to power source. Not intended as substitute for regular operational usage.



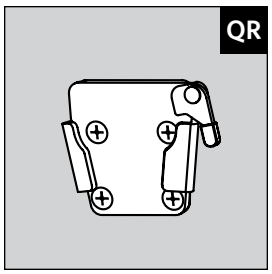
Push Bar

Aids in ease of movement of mobile healthcare recliners. Attached to back of applicable recliners.



Protective Edge Guard

Plastic piping installed around back edges of recliner to protect from minor abrasions.



Additional Quick Release Accessory Bracket

Additional attachment bracket for IV Pole and other various accessories. (Options requiring QR Bracket include the necessary bracket/hardware) Mounted into metal insert nuts in recliner arm.

DURABLE® 550 SERIES

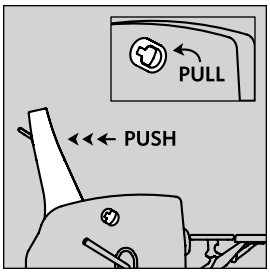
COKC0019 7

Series Overview

The Durable® 550 Series is our collection of Rocker Recliners, all featuring the patented Durable® unitized mechanism, which harmonizes motion of the back, footrest, and seat for smooth, full-body movement. Available in both stationary and mobile configurations, as well as patient transfer options, all models in the Durable® 550 Series boast a full flatbed sleep position and a 550 lb weight capacity to make them an exceptional fit for healthcare applications where comfort is key.

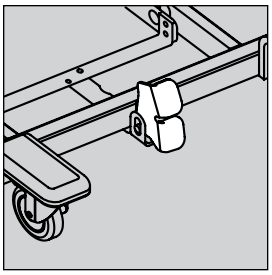
General Product Information

- 550 lb Weight Rating
- Stationary or mobile base allows rocking functionality
- Designed for 24/7 use healthcare environments
- Manually operated recline functionality
- Footrest and back move in harmony when engaged
- Quick removable back & lift up seat for ease of cleaning
- True flatbed sleep position
- Sinuous spring seat and back
- Seat clean-out
- Mid-Ottoman Calf Support
- Infinite Position Back reclines to infinite angle positions
- All interior plywood California Carb Compliant/Phase II
- Field replaceable components



Infinite Position Locking Back

Allows patient/caregiver to lock back into any position. Lock lever located outside left (facing) arm on applicable 550 Series models, unless otherwise noted/pictured.



Rocker Lock Mechanism

Mobile Rocker Recliners feature a pedal on rear of base to lock & unlock rocking motion, allowing easier entry or exit of chair by users.

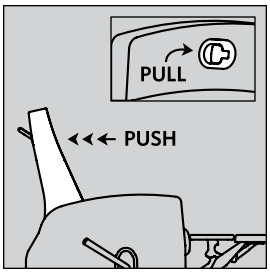
DURABLE® 650 SERIES

Series Overview

The Durable® 650 Series is our premier collection of mobile healthcare recliners. Featuring a patented unitized mechanism (which harmonizes motion of the back, foot rest, and seat for smooth, full-body movement), 650 lb weight capacity, full flatbed sleep position, and near limitless option configurations to adapt to any environment, the Durable® 650 Series truly encapsulates our core product values of Comfort, Durability, and Performance to make it a recliner choice trusted by patients and caregivers alike.

General Product Information

- 650 lb Weight Rating
- Designed for 24/7 use healthcare environments
- Standard & compact/pediatric width options
- Manually operated recline functionality
- Footrest and back move in harmony when engaged
- Quick removable back & lift up seat for ease of cleaning
- True flatbed sleep position
- Sinuous spring seat and back
- Seat clean-out
- Mid-Ottoman Calf Support
- Infinite Position Back reclines to infinite angle positions
- All interior plywood California Carb Compliant/Phase II
- Field replaceable components



Infinite Position Locking Back

Allows patient/caregiver to lock back into any position. Lock lever located inside left (facing) arm on applicable models, unless otherwise noted/pictured.

To Order, Specify

DURABLE® 750 SERIES

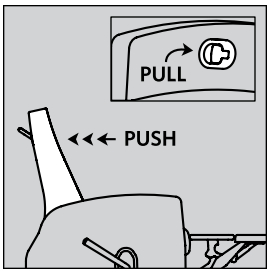
COKC00197

Series Overview

The bariatric sibling of the Durable® 650 Series, the Durable® 750 Series delivers the same comfort, performance, and durability, along with a wider 29" seat width and 750 lb weight rating. Featuring the patented Durable® unitized mechanism for smooth, full-body motion and near limitless option configurations, the Durable® 750 Series ensures that all patients have access to a comfortable and safe seating space.

General Product Information

- 750 lb Weight Rating
- Designed for 24/7 use healthcare environments
- Seat width 29"
- Manually operated recline functionality
- Footrest and back move in harmony when engaged
- Quick removable back & lift up seat for ease of cleaning
- True flatbed sleep position
- Sinuous spring seat and back
- Seat clean-out
- Mid-Ottoman Calf Support
- Infinite Position Back reclines to infinite angle positions
- All interior plywood California Carb Compliant/Phase II
- Field replaceable components



Infinite Position Locking Back

Allows patient/caregiver to lock back into any position. Lock lever located inside left (facing) arm on applicable models, unless otherwise noted/pictured.

DURABLE® POWER SERIES

COKC0197

Series Overview

The Durable® Power Series combines over a half century of recliner mastery with leading, proven technology to create something completely new to the healthcare space—fully adjustable infinite position power recliners featuring weightless zero gravity capability. The intuitive control wand is preset with easy access buttons for the most common positions, while individual movement controls allow users to fine tune the footrest, back, and seat angle to their specific level of comfort. These features are found across healthcare recliners, exam lift recliners, and healthcare recliners with lift assist functionality.

General Product Information

- 650 lb Static / 500 lb Dynamic Weight Rating
- Designed for 24/7 use healthcare environments
- Styles include recliners, recliners with lift assist function, & exam lift treatment recliners
- Power operated recline functionality via control wand
- Footrest, back, and seat pitch can be controlled independently and precisely
- Control wand preset buttons include: Trendelenburg, Sleep, Zero Gravity, and Home (base position)
- Quick removable back & lift up seat for ease of cleaning
- True flatbed sleep position
- Standard with Chaise Continuous Leg Support feature
- Sinuous spring seat and back
- Seat clean-out
- Mid-Ottoman Calf Support
- Infinite Position Back reclines to infinite angle positions
- All interior plywood California Carb Compliant/Phase II
- Field replaceable components

Options vary by model, see specific model page for list of available options

EXAM LIFT SERIES

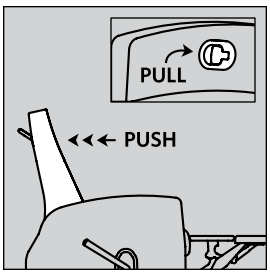
COKC0197

Series Overview

The Exam Lift Series is engineered with threefold functionality as a recliner, exam surface, and sleep space (with true flatbed position). Exam Lift Series recliners raise to a 36" exam height in all positions, while providing trusted comfort, performance, and durability. For enhanced safety, a central locking caster system is standard on all models to secure the chair when the user is elevated, and a locking leg support mechanism prevents the footrest from lowering unintentionally.

General Product Information

- 650 lb Static / 500 lb Dynamic Weight Rating
- Designed for 24/7 use healthcare environments
- Raises to exam height via non-handed power foot pedal
- Manually operated recline functionality
- Footrest and back move in harmony when engaged
- Quick removable back & lift up seat for ease of cleaning
- Standard with Chaise Continuous Leg Support and Trendelenburg features
- Standard with Orthopedic Locking Footrest
- Sinuous spring seat and back
- Seat clean-out
- Mid-Ottoman Calf Support
- Infinite Position Back reclines to infinite angle positions
- All interior plywood California Carb Compliant/Phase II
- Field replaceable components



Infinite Position Locking Back

Allows patient/caregiver to lock back into any position. Lock lever located inside left (facing) arm on applicable models, unless otherwise noted/pictured.

To Order, Specify

- Model Number
- Textile
- Finish
- Options

Options vary by model, see specific model page for list of available options

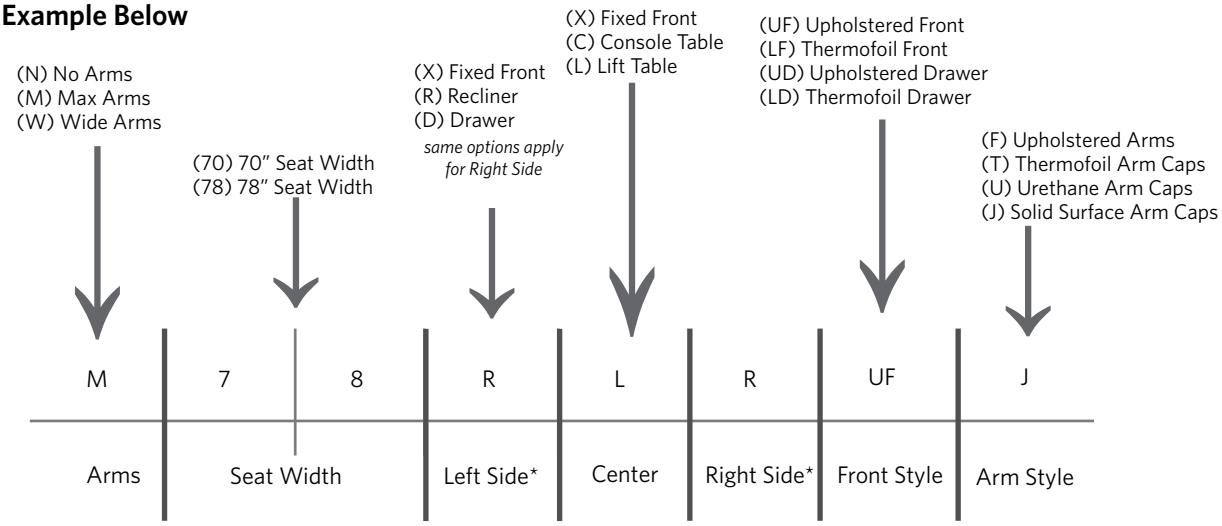
How to Order

The chart below is a guide to use when building the Max sleep sofa model number for your purchase order. Please select the model with seat width preferred, the arms, and then the options you would like your sleeper to have. If options are not desired, please leave space blank. List your textile, finish, and options below the model number. Price is determined by fabric grade choice. Options are in addition to the sleeper base price (listed above).

Example Below

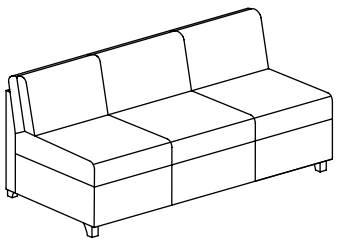


*Options are not available on all models. Please refer to individual product pages for availability.

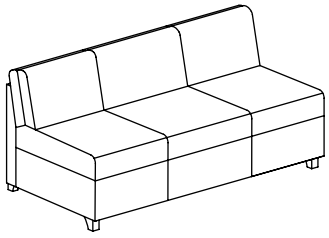
MAX SLEEP SOFA BUILDER

1. Start with base model/seat width

N78XXXUF (78" Seat Width)
Refer above for pricing



N70XXXUF (70" Seat Width)
Refer above for pricing



Max | Sleep Sofa

GENERAL INFORMATION

QUICK DELIVERY PROGRAM

Our most popular series and options are available to deliver to you in 10 days or less through our Quick Delivery program. We offer a wide variety of product solutions to outfit any space and coordinate with any style, for no upcharge. From private office and open plan areas to reception and collaborative spaces, our complete portfolio of Quick Delivery solutions offers endless possibilities, all delivered within 10 days or less.

Specific models from the following series are available on Quick Delivery:

Arrowood Laminate
Arrowood Veneer
Barrington
Escalade
Roosevelt

QUICK DELIVERY MODEL NUMBERS

Quick Delivery model numbers are tagged with a "Q" and/or shaded in grey throughout the price list.

QUICK DELIVERY ORDERING

We will not accept changes or cancellations for Quick Delivery orders. The Quick Delivery orders must contain only Quick Delivery models - submit a separate order for any products that are not included in the program. Remember that the time to complete the order is based on business days and does not include weekends or holidays. The day your order is placed with National counts as day zero.

QUICK DELIVERY QUANTITIES

Need 20 guest chairs in 10 business days or less? No problem, with our Quick Delivery program, we've got you covered. Need more than 20? Just give us a call, and we'll work with you to get what you need, when you need it. Once in a while, demand exceeds capacity. Then, orders are subject to availability.

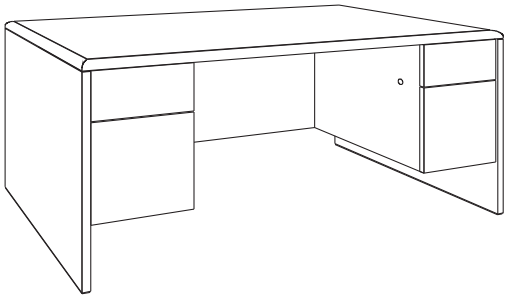
ARROWOOD - LAMINATE

PRODUCT SPECIFICATIONS



WORKSURFACE

- 1⅜" TFL (thermally fused laminate)
- Mitered rim
- Grain direction runs left-to-right unless noted

CHASSIS CONSTRUCTION

- All joints are securely fastened by screws, L-brackets, dowels, and concealed fasteners to ensure maximum strength
- ¾ and full pedestal options
- ⅝" thick modesty panels
- Full height modesty panels on all full pedestal units and bridge units
- ¾ height modesty panels on all ¾ pedestal units
- 1" thick end panels
- Standard leveling glides
- Modesty panels have horizontal grain unless otherwise noted

DRAWERS

- Drawers feature 5-sided construction allowing for easy removal/replacement of drawer fronts
- Sides, back and front are ½" thick woodgrain vinyl wrapped
- See interior drawer dimensions below

DRAWER SUSPENSIONS AND FILING

- Box and file drawers have full extension, progressive action slides with precision steel ball bearings
- Heavy-duty file rods in file drawers
- See filing capabilities below

CORD MANAGEMENT

- Grommets are available in predetermined locations
- Standard in highback organizers
- Optional wire managers are available (See accessory pages)

LOCKING

- Black and silver lock cores are available
- Key Random means lock cores/keys are randomly (1-5) picked and factory installed in unit
- Key Specific means you can pick any number (1-200) for black or silver lock core/key. Must specify the lock core model separately; not factory installed and will ship separately
- Specify a change key to remove and change lock cores
- To order key specific lock cores, change keys, and master keys, reference page 381

EZ ARRANGEMENT MODEL NUMBERS

- Specify quickly and accurately with National's EZ Arrangement models. In each series, the most popular options have been pre-selected for a complete L or U configuration. Just choose the left or right model number, add a finish and you're done
- If you need additional models or want to create other configurations, simply see the individual model numbers and pricing in the pages following the EZ Arrangement models

DRAWER DESCRIPTION	INTERIOR DIMENSIONS WIDTH	DEPTH	HEIGHT	FRONT-TO-BACK FILING CAPABILITIES

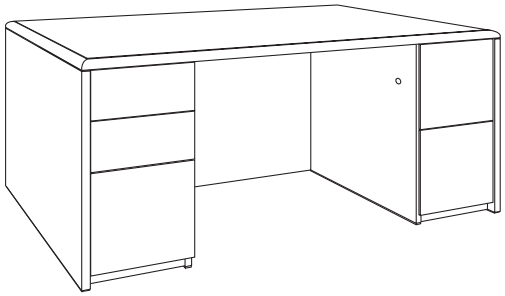
ARROWOOD - VENEER

PRODUCT SPECIFICATIONS



WORKSURFACE

- 1⅜" veneer or HPL (high pressure laminate)
- Mitered wood rim
- Grain direction runs left-to-right unless noted

CHASSIS CONSTRUCTION

- All joints are securely fastened by screws, L-brackets, dowels, and concealed fasteners to ensure maximum strength
- Full and ¾ pedestal options
- ¾ modesty panels on HPL top ¾ pedestal only. Other versions have full modesty panels
- ¾" thick modesty panels
- 1⅛" thick end panels
- Units feature semi-finished backs (stained with some exposed hardware) unless noted
- Standard leveling glides
- Grain direction runs vertical on all modesty panels

DRAWERS

- Drawers feature 5-sided construction allowing for easy removal/replacement of drawer fronts
- Sides, back and front are ½" thick woodgrain vinyl wrapped
- Drawer fronts are 3-ply construction with matched woodgrain
- See interior drawer dimensions below

DRAWER SUSPENSIONS AND FILING

- Box and file drawers have full extension, progressive action slides with precision steel ball bearings
- Heavy-duty file rods in file drawers
- See filing capabilities below

CORD MANAGEMENT

- Grommets are available in predetermined locations
- Standard in highback organizers
- Optional wire managers are available (see accessory pages)

LOCKING

- Black and silver lock cores are available
- Key Random means lock cores/keys are randomly (1-5) picked and factory installed in unit
- Key Specific means you can pick any number (1-200) for black or silver lock core/key. Must specify the lock core model separately; not factory installed and will ship separately
- Specify a change key to remove and change lock cores
- To order key specific lock cores, change keys, and master keys, reference page 381

EZ ARRANGEMENT MODEL NUMBERS

- Specify quickly and accurately with National's EZ Arrangement models. In each series, the most popular options have been pre-selected for a complete L or U configuration. Just choose the left or right model number, add a finish and you're done
- If you need additional models or want to create other configurations, simply see the individual model numbers and pricing in the pages following the EZ Arrangement models

BARRINGTON

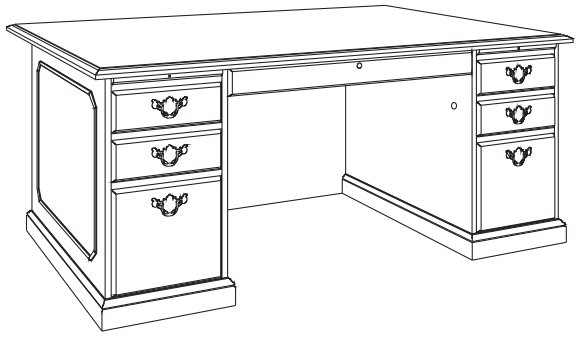
PRODUCT SPECIFICATIONS



WORKSURFACE

- 1⅛" bookmatched veneer or HPL (high pressure laminate)
- Mitered rim and base
- Grain direction runs left-to-right unless otherwise noted

CHASSIS CONSTRUCTION

- All joints are securely fastened by screws, L-brackets, dowels, and concealed fasteners to ensure maximum strength
- Full pedestals
- ¾" thick full modesty panels
- Grain direction runs vertical on all modesty panels
- ¾" thick end panels
- Standard leveling glides
- Units feature semi-finished backs (stained with some exposed hardware) unless noted

MOLDING AND PULLS

- Solid wood, mitered, overlay moldings on modesty panel and end panels of desks
- 3 pull styles available

DRAWERS

- Drawers feature 5-sided construction allowing for easy removal/replacement of drawer fronts
- Sides, back and front are ½" thick woodgrain vinyl wrapped
- Drawer fronts are 3-ply construction with matched woodgrain
- See interior drawer dimensions below

DRAWER SUSPENSIONS AND FILING

- Box and file drawers have full extension, progressive action slides with precision steel ball bearings
- Heavy-duty file rods in file drawers
- See filing capabilities below

CORD MANAGEMENT

- Grommets available in predetermined locations
- Optional wire managers are available (see accessory pages)
- Standard in highback organizers

LOCKING

- Black lock cores are available
- Key Random means lock cores/keys are randomly (1-5) picked and factory installed in unit
- Key Specific means you can pick any number (1-200) lock core/key. Must specify the lock core model separately; not factory installed and will ship separately
- Specify a change key to remove and change lock cores
- To order key specific lock cores, change keys, and master keys, reference page 381
- Highbacks, bookcases and wardrobes use a brass lock (keyed random 1-5) with a non-removable/changeable lock core when the Provincial or Classic pulls are ordered
- Highbacks, bookcases and wardrobes use a black lock (keyed random 1-5) with a non-removable/changeable lock core when Verona pull is ordered

EZ ARRANGEMENT MODEL NUMBERS

- Specify quickly and accurately with National's EZ Arrangement models. In each series, the most popular options have been pre-selected for a complete L or U configuration. Just choose the left or right model number, add a finish and you're done
- If you need additional models or want to create other configurations, simply see the individual model numbers and pricing in the pages following the EZ Arrangement models

ESCALADE

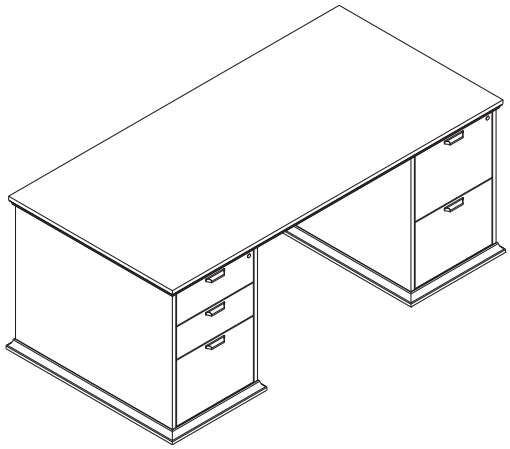
PRODUCT SPECIFICATIONS



WORKSURFACE

- 1½" combined veneer worksurface and mitered wood rim
- Grain direction runs left-to-right unless noted
- Mitered wood rim detail

CHASSIS CONSTRUCTION

- All joints are securely fastened by screws, L-brackets, dowels, and concealed fasteners to ensure maximum strength
- Adjustable floor levelers are standard on all casegoods
- ¾" thick full height modesty panels
- 1⅛" thick end panels and support panels
- Vertical grain direction on all modesty panels
- Units feature semi-finished backs (stained with some exposed hardware) unless noted
- Mitered wood base detail

DRAWERS

- Drawers feature 5-sided construction allowing for easy removal/replacement of drawer fronts
- Sides, back and front are ½" thick woodgrain vinyl wrapped
- Drawer fronts are 3-ply construction with matched woodgrain
- See interior drawer dimensions below

DRAWER SUSPENSION

- Box and file drawers are equipped with black, full extension, progressive action slides
- Precision steel ball bearings combined with sequence slide movement ensures long lasting operation
- Heavy-duty file rods in file drawers

DRAWER PULLS

- Satin Nickel drawer pulls and knobs

CORD MANAGEMENT

- Grommets are available in predetermined locations
- Optional wire managers are available (see accessory pages)

LOCKING

- Black and silver lock cores are available
- Key Random means lock cores/keys are randomly (1-5) picked and factory installed in unit
- Key Specific means you can pick any number (1-200) for black or silver lock core/key. Must specify the lock core model separately; not factory installed and will ship separately
- Specify a change key to remove and change lock cores
- To order key specific lock cores, change keys, and master keys, reference page 381

ABOVE SURFACE DOORS

- Wood or crackled silkscreen glass

EZ ARRANGEMENT MODEL NUMBERS

- Specify quickly and accurately with National's EZ Arrangement models. In each series, the most popular options have been pre-selected for a complete L or U configuration. Just choose the left or right model number, add a finish and you're done
- If you need additional models or want to create other configurations, simply see the individual model numbers and pricing in the pages following the EZ Arrangement models

QUICK DELIVERY MODELS

Models starting with a "Q" will have the following options in stock:

Rim Profile:	Mitered
Pull:	Fluid (79)
Grommets:	Included on bridges, returns and credenzas (does not include storage credenza)
Locking:	Random black cores
Finish:	Must specify Amber (MC) or Cordovan (CW)

- For a complete overview of the surface materials program, see the Surface Materials Reference Guide at www.kimballinternational.com
- For special wood finishes, customer-specified paint, customer-specified laminate processes and upcharges, see the Surface Materials Reference Guide at www.kimballinternational.com

ESCALADE L ARRANGEMENTS

Specify quickly and accurately with National's EZ Arrangement models. In each series, the most popular options have been pre-selected for a complete L or U configuration. Just choose the left or right model number, add a finish and you're done.

QD Shaded model numbers are available on our "To You in 10 Days or Less" Quick Delivery program and will be delivered in 10 days or less.

ARRANGEMENTS INCLUDE:

- Fluid, Satin Nickel pulls
- Left and right grommets in return
- Random black lock cores
- Must specify finish

RENEGADE

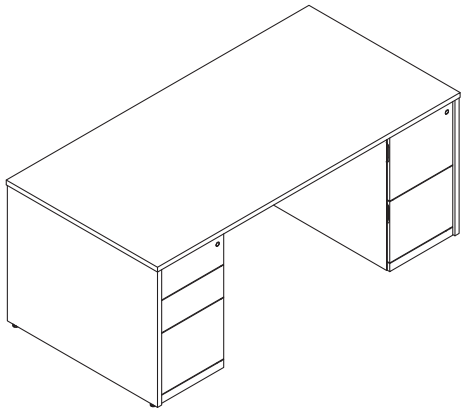
PRODUCT SPECIFICATIONS



WORKSURFACE

- Worksurfaces are 1⅛" TFL (thermally fused laminate) or 1³⁄₁₆" HPL (high pressure laminate)
- Worksurfaces feature a 3mm softened vinyl rim that matches the worksurface laminate
- Grain direction runs left-to-right unless noted (assembled bridges and returns woodgrain runs front-to-back)

CHASSIS CONSTRUCTION

- TFL (thermally fused laminate) chassis fastened by screws, quick assembly fasteners and hardwood cleats
- ¾" thick full modesty panels
- 1⅛" thick end panels
- Standard leveling glides
- Vertical grain direction unless noted (any modesty of 60" wide or wider will have horizontal grain direction)
- Laminate with horizontal grain (example: Sable Horizontal 792H) will always have horizontal grain direction
- Shell based units will be shipped unassembled, units are shipped with quick assembly fasteners for easy assembly in the field
- Shell chassis available in worksurface and box/file heights
- Back panels are fully finished unless noted

LINKABLE SHELLS AND FREESTANDING SHELLS

- Freestanding shells have 2 full end panels; pedestals can be added
- Freestanding shells can also be attached to a return or linkable shell to create a size or shape to fit your workspace
- Linkable shells come with either 1 full end panel and 1 narrow end panel or 2 narrow end panels
- Linkable shells with 1 full end panel and 1 narrow end panel allow you to attach additional linkables to the narrow end panel side and run the length you need to fit your workspace
- Linkable shells with 2 narrow panels allow you to attach to both ends of your linkable shell and run the length you need to fit your workspace
- Support panels are required for any worksurface span over 48" that is not supported
- All shells are shipped KD (knock down)

HIGHBACK ORGANIZERS, WALL MOUNTS AND SET-ON BOOKCASE DOORS

- Laminate, frosted resin or no doors
- Resin doors have aluminum frames available in Cinder or Platinum Metallic
- Resin is ⅛" thick, 1-sided

PEDESTALS

- Full, 3-quarter lower height and mobile pedestal options
- Mobile pedestals available with and without cushion
- Standard wire management on pedestal ends allow for routing wires

DRAWERS

- Drawers feature 5-sided construction allowing for easy removal/replacement of drawer fronts
- Sides, back and front are ½" thick woodgrain vinyl wrapped
- Drawer fronts are 3-ply construction with matched woodgrain
- For interior drawer dimensions, reference page 89

DRAWER PULLS

- 3 pull styles: Integrated, Level and Beam
- Level and Beam pulls available in Cinder, Concrete, Iron and Platinum Metallic

DRAWER SUSPENSIONS

- Box and file drawers are equipped with black, full extension, progressive action slides
- Precision steel ball bearings combined with sequence slide movement ensure long lasting operation

FILING

- Drawers are equipped with black metal filing hardware that accommodates various filing requirements
- No-tool, easy installation allows for quick interchangeable filing capabilities
- Refer to page 89 for complete filing details

CORD MANAGEMENT

- Round black grommets are optional in worksurface and end panels
- Standard in highback organizers
- When worksurface grommets are ordered, half-moon grommets will come standard on the modesty of all bridges, credenzas, returns and shells
- Grommet cutouts are available in worksurface for power option that is ordered separately
- Refer to page 90 for grommet locations

LOCKING

- Black and silver lock cores are available
- Key Random means lock cores/keys are randomly (1-5) picked and factory installed in unit
- Key Specific means you can pick any number (1-200) for black or silver lock core/key. Must specify the lock core model separately; not factory installed and will ship separately
- Specify a change key to remove and change lock cores
- To order key specific lock cores, change keys, and master keys, reference page 381

EZ ARRANGEMENT MODEL NUMBERS

- Specify quickly and accurately with National's EZ Arrangement models. In each series, the most popular options have been pre-selected for a complete L or U configuration. Just choose the left or right model number, add a finish and you are done

CUSTOMER SPECIFIED LAMINATE

- Cannot use CSL (customer specified laminate) due to rim profile

23 x 15	File	11 15/16"	17"	9 3/8"	Legal and EDP filing side-to-side

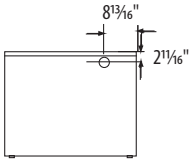
GROMMET AND GROMMET CUTOUT LOCATION OPTIONS

Grommets are available for factory installation in worksurfaces in predetermined locations as shown below. Simply specify the desired grommet style and location in the model number sequence. Refer to page 88 for grommet options.

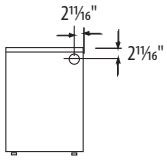
Grommets are also available for field installation; see page 88.

- **If specifying a grommet in the center location of a shell unit, be sure there is clearance under the grommet opening so as not to conflict with undersurface components. ⅞" clearance required on TFL tops and 13⁄16" clearance required on HPL tops.**
- **When worksurface grommets are ordered, half-moon grommets will come standard on the modesty of all bridges, credenzas, returns and shells.**
- **Half-moon grommet is centered at top of modesty panel.**

End panel grommet location:



Desk

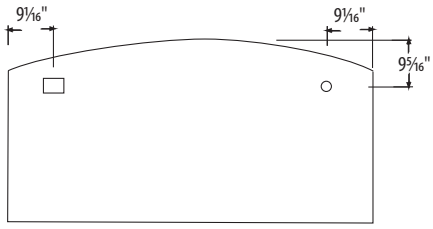


Credenzas, Shells and Returns

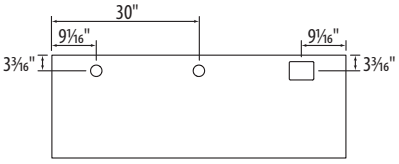
Worksurface grommet locations:

Excluding the J-Desk, distance to the center of the grommet is the same for the G1 round grommet or the CUT-G17 option.

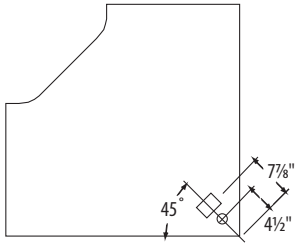
Excluding the J-Desk, the same locations are available for the round grommet and the cutout option.



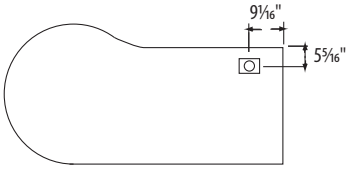
Arc Desks



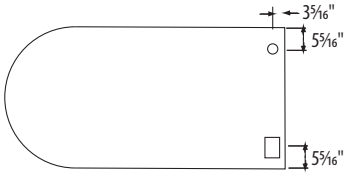
30" and 36" Desks



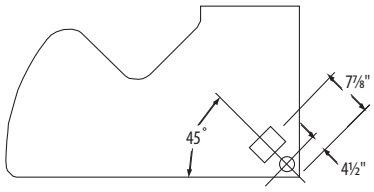
Corner Units



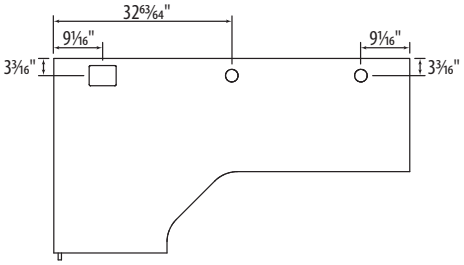
P-Desk (left desk shown)



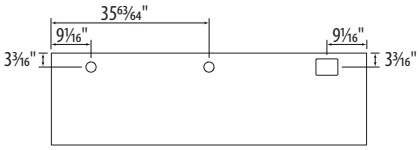
U-Desk



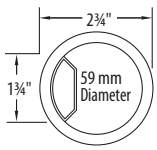
J-Desk (right desk shown)



Corner Extended Unit (right unit shown)



Credenzas, Bridges, Shells, Linkable Shells and Returns

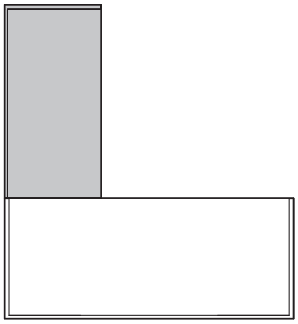


Round Grommet

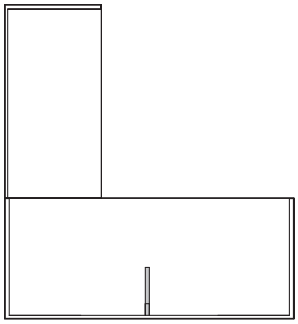
• Configurations feature 1 size only; additional sizes available

Create "L" Unit - then add undersurface pedestals or support panels as needed

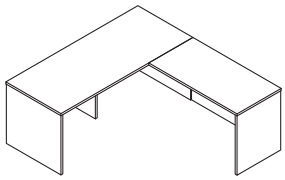
75N3072DSFL - Shell Freestanding



75N3072DSFL - Shell Freestanding
75N2448RSRL - Return Shell



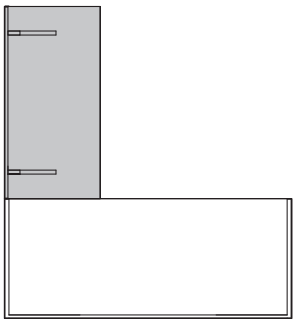
75N3072DSFL - Shell Freestanding
75N2448RSRL - Return Shell
75N1228SSL - Support Panel



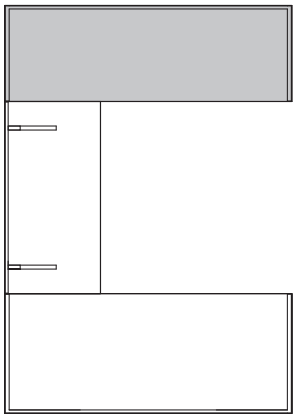
• Configurations feature 1 size only; additional sizes available

Create "U" Unit - then add undersurface pedestals or support panels as needed

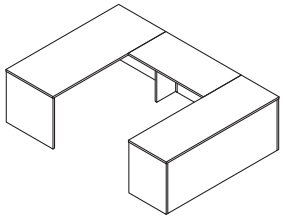
75N3072DSFL - Shell Freestanding



75N3072DSFL - Shell Freestanding
75N2448BSFJL - Linkable Shell

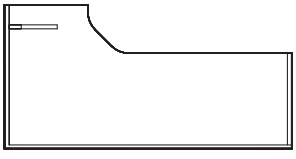


75N3072DSFL - Shell Freestanding
75N2448BSFJL - Linkable Shell
75N2472CSHF29L - Shell Freestanding

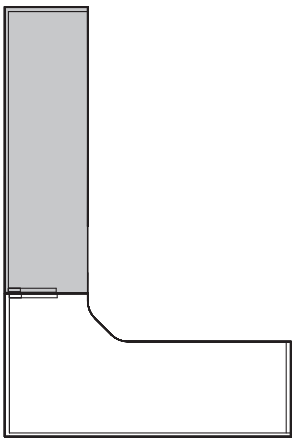


• Configurations feature 1 size only; additional sizes available

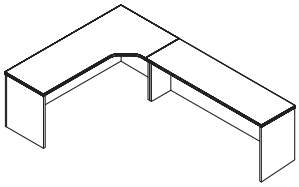
Create Extended Corner "L" Unit with Linkable - then add undersurface pedestals or support panels as needed



75N3672CFEL2L - Extended Corner



75N3672CFEL2L - Extended Corner
75N2472RSRFJL - Linkable Shell

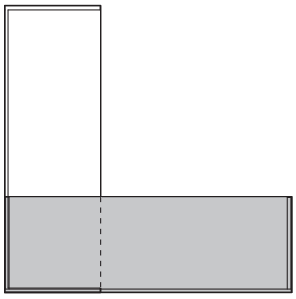


RENEGADE LINKABLES - THOUGHT STARTERS

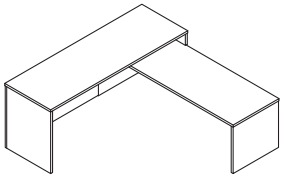
• Configurations feature 1 size only; additional sizes available

Create "L" Unit with Overlapping Surfaces - then add undersurface pedestals or support panels as needed

75N2472CSHF22L - Box/File Height Freestanding Shell



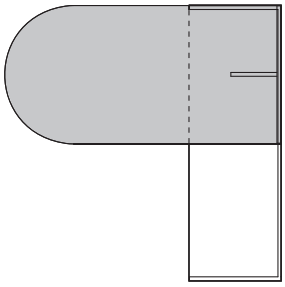
75N2472CSHF22L - Box/File Height Freestanding Shell
75N2472CSHHL29L - Freestanding Shell with Box/File Height End Panel



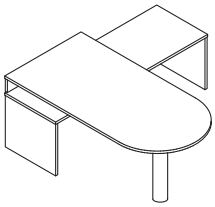
• Configurations feature 1 size only; additional sizes available

Create "L" Unit with Overlapping U-Shaped Desk Worksurface - then add undersurface pedestals or support panels as needed

75N2472CSHF22L - Box/File Height Freestanding Shell



75N2472CSHF22L - Box/File Height Freestanding Shell
75N3672DUHL - U-Shaped Desk with Box/File Height End Panel



RENEGADE L ARRANGEMENTS

Specify quickly and accurately with National's EZ Arrangement models. In each series, the most popular options have been pre-selected for a complete L or U configuration. Just choose the left or right model number, add a finish and you're done.

QD Shaded model numbers are available on our "To You in 10 Days or Less" Quick Delivery program and will be delivered in 10 days or less.

ARRANGEMENTS INCLUDE:

- Integrated pulls
- Random black lock cores
- Center grommet in return
- No end panel grommet
- Must specify laminate(s)
- Models feature TFL tops

ROOSEVELT

PRODUCT SPECIFICATIONS

WORKSURFACE

- 1⅛" veneer or 1" TFL (thermally fused laminate) worksurface
- Mitered rim and base
- Grain direction runs left-to-right unless otherwise noted

CHASSIS CONSTRUCTION

- All joints are securely fastened by screws, L-brackets, dowels, and concealed fasteners to ensure maximum strength
- Full pedestals
- ¾" thick full modesty panels
- Grain direction runs vertical on all modesty panels
- ¾" thick end panels
- Standard leveling glides
- Units feature semi-finished backs (stained with some exposed hardware) unless noted

MOLDING

- Solid wood, mitered, overlay moldings optional on modesty panels of desks only (excluding reception desk)

PULLS

- Available with 1 pull: Scroll with matching knob for highbacks and wardrobes
- Available in 2 colors: Antique Brass or Classic Nickel

DRAWERS

- Drawers feature 5-sided construction allowing for easy removal/replacement of drawer fronts
- Sides, back and front are ½" thick woodgrain vinyl wrapped
- Drawer fronts are 3-ply construction with matched woodgrain
- See interior drawer dimensions below

DRAWER SUSPENSIONS AND FILING

- Box and file drawers have full extension, progressive action slides with precision steel ball bearings
- Heavy-duty file rods in file drawers
- See filing capabilities below

CORD MANAGEMENT

- Grommets available in predetermined locations for an additional upcharge
- Optional wire managers are available (see accessory pages)
- Standard in highback organizers
- Wire management cutout included on inside pedestal panel for routing of wires from pedestal to kneespace area when grommet is featured on surface

LOCKING

- Black lock cores are available
- Key Random means lock cores/keys are randomly (1-5) picked at the factory and factory installed in unit
- Key Specific means you can pick any number (1-200) lock core/key. Must specify the lock core model separately; not factory installed and will ship separately
- Specify a change key to remove and change lock cores
- To order key specific lock cores, change keys, and master keys, reference page 381

EZ ARRANGEMENT MODEL NUMBERS

- Specify quickly and accurately with National's EZ Arrangement models. In each series, the most popular options have been pre-selected for a complete L or U configuration. Just choose the left or right model number, add a finish and you're done
- If you need additional models or want to create other configurations, simply see the individual model numbers and pricing in the pages following the EZ Arrangement models

PEDESTAL RECESSED FAÇADE

- Flat profile in veneer or laminate that matches the chassis material
- Recessed façade is 1⅜6" thick on top of pedestal

FINISH APPLICATION

- All Veneer surfaces feature a semi-open pore matte finish

CHASSIS CONSTRUCTION

- All joints are securely fastened by screws, L-brackets, dowels, and concealed fasteners to ensure maximum strength
- Adjustable leveling glides are standard on all casegoods
- End panels and support panels are 1⅛" thick, modesty panels are ¾" thick
- Wood modesty panels have vertical grain direction unless otherwise noted
- Laminate modesty panels have vertical grain direction unless noted
- Any laminate modesty over 60" will be horizontal grain direction
- Laminate with horizontal grain (example: Sable Horizontal 792H) will always have horizontal grain direction
- Laminate height adjustable desks without wire manager have horizontal grain on outer shroud
- Laminate height adjustable desks with wire manager have vertical grain on outer shroud
- Laminate height adjustable single side (has wire manager standard) will have vertical grain on outer shroud
- Back panels are fully finished unless noted

PEDESTALS/UNDERSURFACE STORAGE

- Full height options available
- Unfinished backs; can be finished with full overlay modesty panels, ped back panels or if a ped is against a wall and a back panel is not used, a filler strip can be used
- Backs of pedestals on pages 173-175 are unfinished. They should be used against a wall
- The bookcases back on the height adjustable single side desks are unfinished. They should be used against a wall

CREDENZA FOOT

- Beech veneer foot available in finish or paint options

SLIDING ACCENT DOORS

- Available in veneer, laminate, and white back painted glass

DRAWERS

- Drawers feature 5-sided construction allowing for easy removal/replacement of drawer fronts
- Sides, back and front are ½" thick white vinyl wrapped
- Drawer fronts are 3-ply construction with matched woodgrain
- For interior drawer dimensions, reference page 155

DRAWER PULLS

- Available in 1 pull style, refer to page 147 for pull style and colors

DRAWER SUSPENSION

- Box and file drawers are equipped with black, full extension, progressive action slides
- Precision steel ball bearings combined with sequence slide movement ensures long lasting operation

FILING

- Drawers are equipped with black metal filing hardware that accommodates various filing requirements
- No-tool, easy installation allows for quick interchangeable filing capabilities
- Refer to page 155 for complete filing details

CORD MANAGEMENT

- Round grommets and racetrack grommets are optional on worksurfaces
- Refer to page 150 for complete grommet locations and details
- Undersurface wire managers are available for additional cable management requirements
- Cords can be routed out the bottom side of the pedestal
- Leather strap can hold wires and attach to a leg in Florence colors Almond Biscotti, Terra, Mezza Luna, and Struzzo
- Leather sleeve with zipper in 3 heights: standard, bar, counter for housing cords in Florence colors Almond Biscotti, Terra, Mezza Luna and Struzzo

LOCKING

- Optional locking
- Black and silver lock cores are available
- Key Random means lock cores/keys are randomly (1-5) picked and factory installed in unit
- Key Specific means you can pick any number (1-200) for black or silver lock core/key. Must specify the lock core model separately; not factory installed and will ship separately
- Specify a change key to remove and change lock cores
- To order key specific lock cores, change keys, and master keys, reference page 381
- Locking for sliding doors is located on the side of the unit

PLANNING TIPS

- Wall panels can be mounted at any height but reference page 156 for Application Guidelines
- Consider the worksurface load when planning support; For worksurfaces that will hold office equipment, such as printers and copiers, additional support other than standard worksurface brackets is recommended
- Undersurface storage and pedestals satisfy both storage and support needs
- Reconfiguring existing worksurfaces may require new supports or brackets
- When worksurfaces meet end-to-end, a support panel or undersurface storage is required for additional support of the front edge
- Perpendicular worksurfaces can use flat brackets and worksurface brackets to provide adequate support from 1 surface to the other at the worksurface joint
- Worksurface brackets and supports can be positioned anywhere along the worksurface without the limitations of pre-drilled or predetermined locations

HEIGHT ADJUSTABLE DESKS

- Height adjustable customer range: 28½"-45"
- Wood, laminate, or wood with laminate accent options
- Wood models are all wood with no accent colors
- Laminate models are all laminate with an accent option for the inner shroud/modesty panel
- Laminate/Wood models are all wood with a solid laminate accent option for the inner shroud and modesty panel
- Inner shroud is only seen in "up" position on 60", 66", and 72" wide models
- Metal legs visible on 78" and 84" wide models when in the "up" position
- Control pad can be moved to right-handed (RH) or left-handed (LH) by the customer
- Duty cycle: 2 minutes ON/18 minutes OFF
- Maximum load should not exceed 85 lbs. on the surface
- Power cord: Type A plug, max 10 A, 125 V; 78¾" length
- On models with wire management the wire management is installed inside inner leg
- Modesty panel options include: full flush, full breakfront, ½ height flush, ⅓ height breakfront

ADJUSTABLE HEIGHT DESK AND RETURN "L" UNIT

- "L" Unit Height Adjustable has 3 columns with a range of 27"-43½"
- Models are sold as desks and returns to make up an "L" unit and the entire unit raises and lowers together
- "L" Unit Height Adjustable will have a modesty panel for the desk and return that is inset 1⁹⁄₁₆" from edge of desk and 3⅜" from floor and will raise with the top. No inner/out shroud so the leg will be exposed when top is raised
- All desk and return models to make an "L" unit have wire management access
- Wood models are all wood with no accent colors
- Laminate models are all laminate with an accent option for the modesty panel
- Laminate/Wood models are all wood with a solid laminate accent option for the modesty panel.
- "L" return units do not have an inner shroud
- "L" Unit Height Adjustable maximum load should not exceed 100 lbs on both surfaces combined

ADJUSTABLE HEIGHT DESK SHELL WITH SINGLE SIDE SHROUDED BOOKCASE

- Single Side Shroud with Bookcase including one concealed leg within bookcase
- Wood models are all wood with no accent colors. Laminate models are all laminate with an accent option for the inner shroud/modesty panel
- Laminate/Wood models are all wood with a solid laminate accent option for the inner shroud/modesty panel
- Specify box/file height component pedestals to work with a Single Side Shroud with Bookcase model
- Single Side Shroud with Bookcase model determined if "L" or "R" by user side where bookcase is located
- Modesty panels available to make Single Side Shroud with Bookcase with components an open plan application. Leg is exposed when Single Side Shroud with Bookcase model is raised
- Single Side Shroud with Bookcase models comes with a modesty panel but optional if used
- Overall dimensions of desk are undersized to allow for pinch points

VERTICAL STORAGE FILLER STRIP

- For use when vertical storage units are specified with the Single Side Height Adjustable Desk and the Tessera wall. Specify a filler strip to fill in the 3" gap between the back of the vertical storage unit and the architectural wall; 2⅔" length and 74½" tall

WALL PANELS

- Wood or LPL laminate options; vertical grain direction on wall panels with the exception of horizontal grain laminates
- Available in wood, laminate, HPL laminate, concrete veneer, stone veneer
- Back mounted LED light kits are available for use on wall panels
- Wall panels can be mounted at any height; see mounting application guidelines
- Wall mount brackets for attachment to architectural walls are included
- It is recommended that each wall panel be secured by a minimum of 2 mounting locations (studs)
- Adjustable universal TV wall mount bracket included; adjusts to allow installation of most 32" to 80" flat panel televisions; TV can cross over multiple panels. Restriction is 120 lbs weight limit
- VESA mounting compliant; black powder coat; ships separately
- Reference page 156 for Mounting Application Guidelines
- Wall panels can be mounted as a stand alone model, shelves added, or wall mounted overheads can be hung on panels
- Wall panel backs are pre-bored for shelf attachment in the field
- See assembly instructions for suggested drill bits for shelf installation

SHELVES

- Wood or HPL laminate grain direction is horizontal (left-to-right)
- Shelves are 10" deep; ¾" thick; and are available in nineteen lengths
- Shelves are mounted to wall panels; mounting brackets included; must be same size or smaller than overall width of wall panel
- Different lengths of shelves can be mounted horizontally in 12" increments on wall panels
- 59" H wall panels allow up to (4) rows of shelves; 52" H wall panels allow up to (3) rows of shelves; 46"W wall panels allow up to (3) rows of shelves

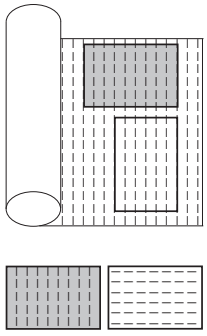
SHELVING WEIGHT LIMIT GUIDELINES

- Each shelf has a maximum weight limit; reference price list for additional information

18" W shelf: 25 lbs.	72" W shelf: 125 lbs.
20" W shelf: 35 lbs.	78" W shelf: 135 lbs.
24" W shelf: 45 lbs.	84" W shelf: 145 lbs.
30" W shelf: 55 lbs.	90" W shelf: 155 lbs.
36" W shelf: 65 lbs.	96" W shelf: 165 lbs.
42" W shelf: 75 lbs.	102" W shelf: 175 lbs.
48" W shelf: 85 lbs.	108" W shelf: 185 lbs.
54" W shelf: 95 lbs.	114" W shelf: 195 lbs.
60" W shelf: 105 lbs.	120" W shelf: 205 lbs.
66" W shelf: 115 lbs.	

RAILROADED TACK BOARD

- Shaded rectangle portrays a railroaded tack board.



COMPONENTS

- Component models will ship bulk packed when applicable

TESSERA

ANGLED DISPLAY SHELVES

- Below are the weight limits for the angled shelves at different lengths

Angled Shelf Length (in.)	Weight Limit (lbs.)
18	27 lbs.
24	36 lbs.
30	45 lbs.
36	54 lbs.
48	72 lbs.
54	81 lbs.
60	90 lbs.
66	99 lbs.
72	108 lbs.

LED LIGHT KITS

- LED light kits can be added to back side of wall panels
- Light multi-driver (NACLTMD) must be used when ganging together two LED light kits; sold separately

LIGHT KIT 1

- For use with larger wall panels
- Includes (2) LED light strip spools, (1) LED driver, (2) leads, (1) rocker switch, (3) corner connectors, and (2) splice
- Lights all 4 sides of wall panels that are 120" W x 52" H down to 48" W x 52" H
- Lights 3 sides of wall panels that are 120" W x 52" H down to 90" W x 52" H

LIGHT KIT 2

- For use with smaller wall panels
- Includes (1) light spool, (1) driver, (1) lead, (1) rocker switch, (2) corner connectors, and (2) splice
- Lights all 4 sides of wall panels that are 42" W x 52" H and smaller

5MM SPOOL OF LIGHTS

- Order when additional lights are needed but an additional LED light kit is not required

LEGS

- Tapered wood legs
- Contrasting leg option available in Designer White (405), Cinder (462), Platinum Metallic (501), and Satin Nickel Metallic (503) paint
- Conference table will have apron rail match leg paint color

BENCHES (STANDARD HEIGHT)

- Available in wood and laminate wood grain finishes, solid laminate colors
- Legs and apron rail will match and can be specified different from the top
- Upholstered options available
- 72" recommended to be used with 84" length table (1 per side)
- 60" recommended to be used with 72" length table (1 per side)
- 54" recommended to be used with 120" length table (1 per side)
- 48" recommended to be used with 108" length table (2 per side)
- 42" recommended to be used with 96" length table (2 per side)

GROMMET LOCATION OPTIONS—WORKSURFACE

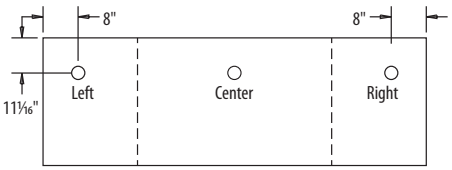
Grommets are available for factory installation in worksurfaces in predetermined locations as shown below. Simply specify the desired grommet style and location in the model number sequence. Refer to page 147 for options.

- If specifying a grommet in the center location of a component worksurface, be sure there is clearance under the grommet opening so as not to conflict with undersurface components
- Center grommet not recommended with breakfront modesty
- 24" pedestals not to be used with a 30" worksurface when specifying grommets

Worksurface grommet locations:

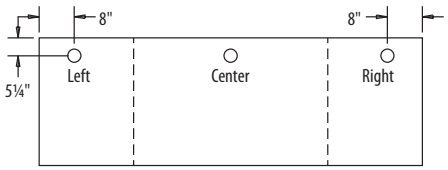
The distance to the center of the grommet is the same for the G1 round grommet, G11 racetrack grommet or the CUT-G17 option.

The same locations are available for the round or racetrack grommet.



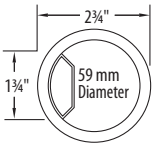
36" deep Worksurfaces

- G17 cut is 11 1/16" off the back surface

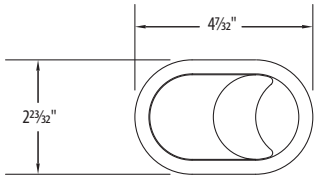


30", 24" and 20" deep Worksurfaces

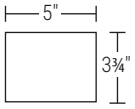
- G17 cut is 6" off the back surface



Round Grommet
Plastic



Racetrack Grommet
Zinc



G17 Cutout Option

For component pedestals and worksurfaces on pages 173-175 to be used with the single side height adjustable desks on page 171. When building a low height credenza, the chart below indicates if/when a "center" grommet could be specified. These units are ganged with a common top when using multiple pedestals. The floating top design dictates grommet options.

The "checks" and "x"s represent whether a center grommet could or should not be selected, respectively.

WALL PANEL AND OVERHEAD MOUNTING APPLICATION GUIDELINES

FASTENERS

- Fasteners must tie in directly to the substructure of a structural wall for proper attachment of Tessera wall panels and overheads. National defines a structural wall as a load bearing wall constructed of materials such as poured concrete, concrete block, or studs
- Selection and purchase of the proper attachment fasteners is the responsibility of the installer

MINIMUM REQUIREMENTS

- Wood studs must be nominal 2" x 4" minimum
- Metal studs must be "C" channel, 20 gauge minimum thickness
- Metal or wood studs must be on centers no greater than 24" and have a maximum height of 14' restrained at floor and ceiling
- Interior walls must be designed to resist not less than a force of 5 lbs. per sq. ft. applied perpendicular to the wall. The deflection of such walls under a load of 5 lbs. per square foot shall not exceed 1/240 of the span for walls with brittle finishes and 1/120 of the span for walls with flexible finishes (per International Building Code sections 1604.4 and 1607.13)
- Minimum width of attachment to a wall is 16" mounted to studs 16" apart

RECOMMENDED FASTENERS

- Selection and purchase of the proper attachment fasteners for your wall conditions is the responsibility of the installer

Type and Size	Description
Steel Studs (½" to ¾" drywall) Hilti® Toggler® anchor toggle bolts, ¼"–20 x 2" grade 5 bolts	
Wood Studs (¼" to ½" drywall) Meets or exceeds ANSI/ASME B18.6.4 and SAE J933. Pan head sheet metal screw	10-2 PHPMS
Solid Masonry Crown Bolt lag shields ¼" x 1½" Buildex Tapcon concrete anchor screw ¼" x 2¾"	
Masonry Block Hilti Toggler anchor toggle bolts, ¼"–20 x 2" grade 5 bolts Crown Bolt lag shields ¼" x 1½" Buildex Tapcon concrete anchor screw ¼" x 2¾"	

- Actual mounting height can be varied to meet specific needs; however, undersurface storage height must be considered
- Variations in the floor surface (peaks and valleys) should be considered, especially where horizontal placement is critical
- Dimensional loss should be considered when space planning for components
- In fixed wall applications, choose your insert height based on your specific application or height of corresponding vertical storage. Consider the height of the cabinet and clearance between the bottom of the overhead and the worksurface

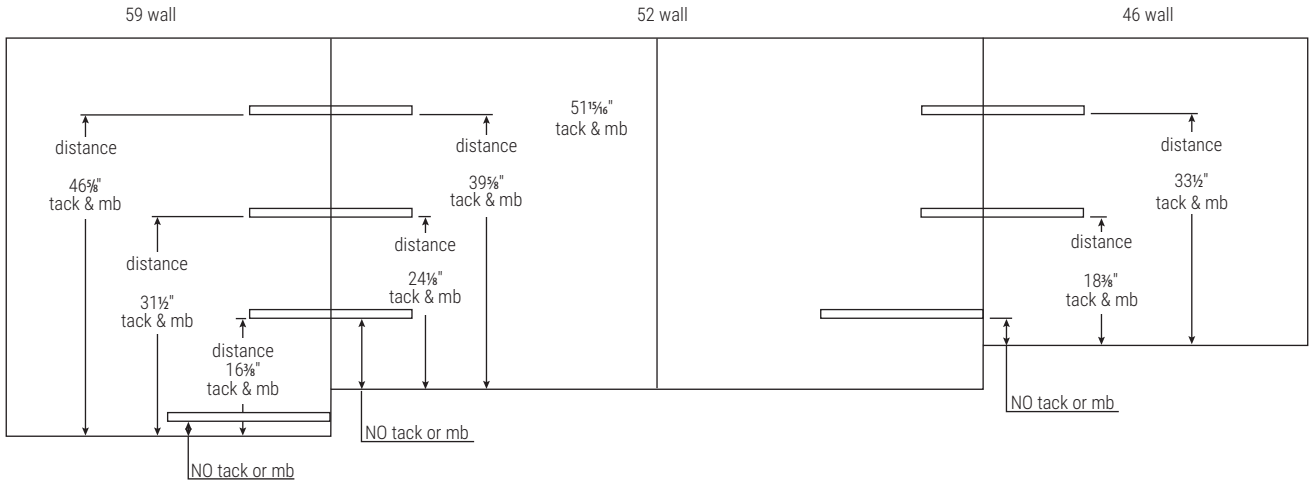
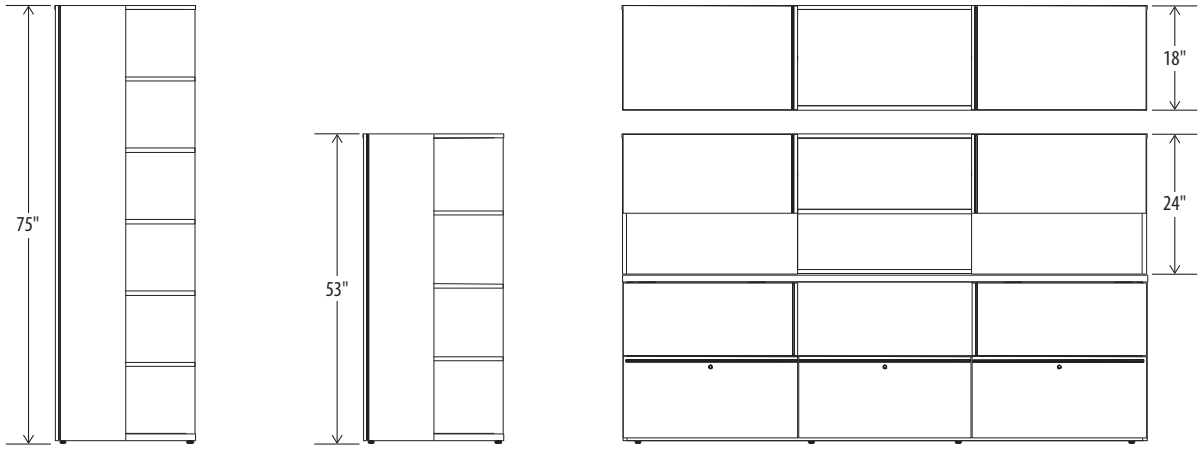
WEIGHT SUPPORT RATIO (WSR)
WSR = LENGTH SUPPORTED ON PANEL SECTION / OVERALL LENGTH OF ITEM

TACK BOARD AND MARKER BOARD

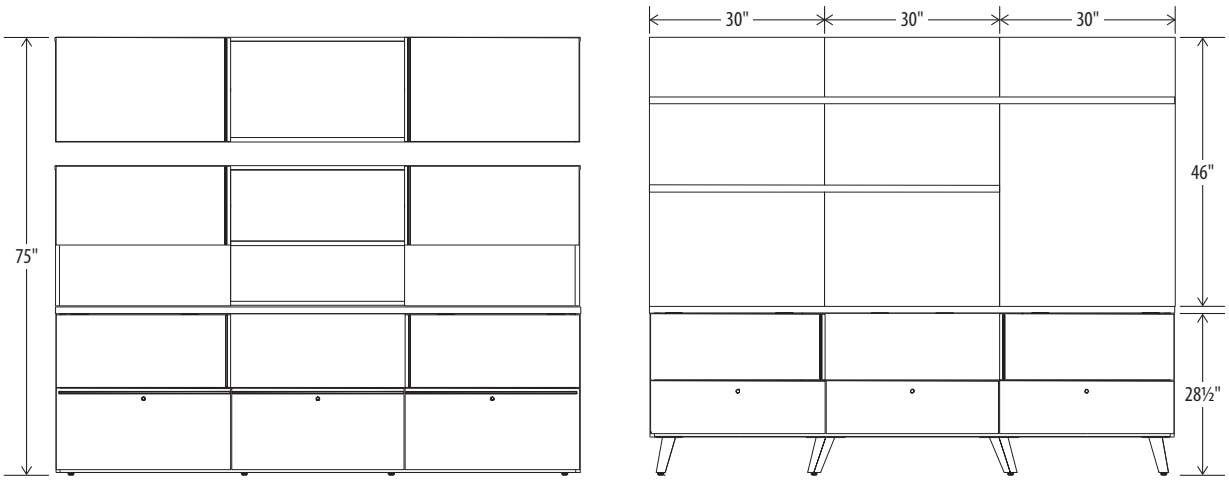


- Tack & Marker board thought starters when also using shelves

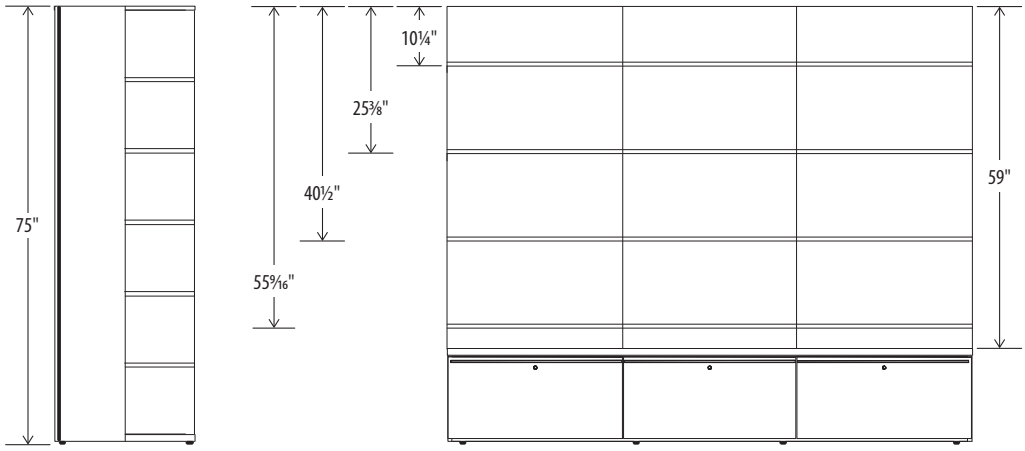
TESSERA - THOUGHT STARTERS



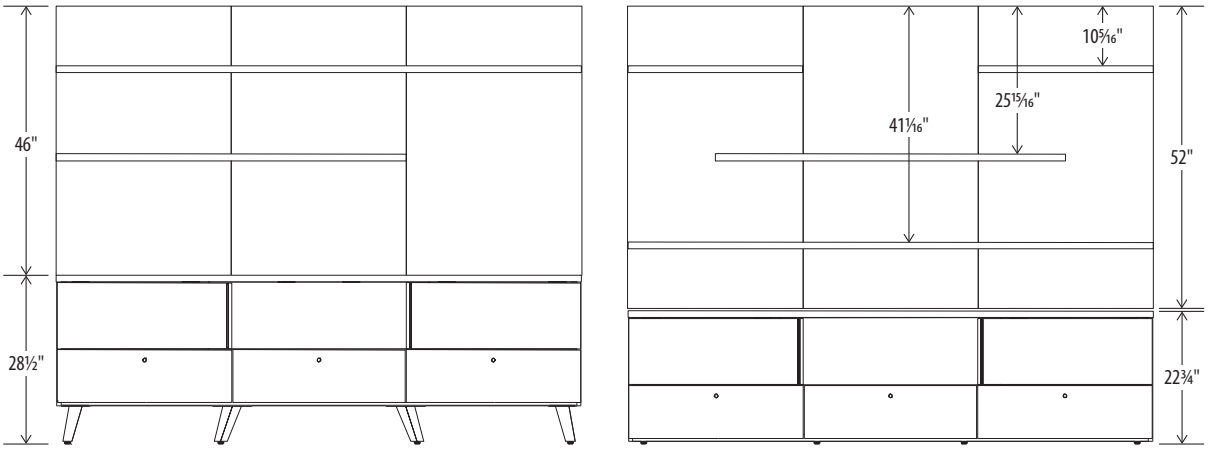
- Vertical storage units are available in 2 heights: 75" and 53" high
- Overheads are available in 3 heights: 24", 18", and 12" and can be mounted to the wall panels or directly to the architectural wall
- When using credenzas with wall panels and vertical storage; 46" height wall panels work with full height credenzas



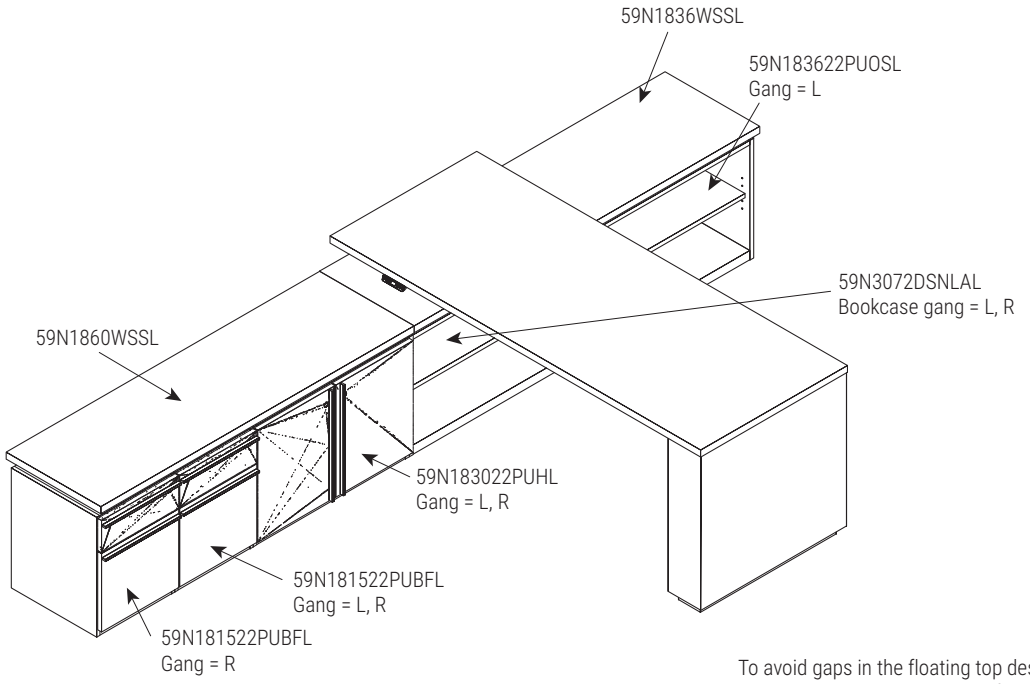
- Wall panels can be mounted as a stand alone model, shelves added, or wall mounted overheads hung on the panels
- When using credenzas with wall panels and vertical storage; 52" height wall panels work with mid-height credenzas



- When using credenzas with wall panels and vertical storage; 59" height wall panels work with bench credenzas



- Credenzas are available in 3 different heights (full, mid, bench)
- Wall panels are available in 3 different heights (59", 52", and 46") and widths of 60"-24" in 6" increments
- 59" height wall panels allow 4 rows of shelves and 52" and 46" allow 3 rows of shelves
- Shelves are available in lengths of 120"-18" in 6" increments
- Different lengths of shelves can be mounted on the wall panel in 12" increments, one shelf may span across multiple walls to reduce seams
- Wall panels and shelves are sold separately
- Shelves are shipped with brackets to change shelves on the wall panels



To avoid gaps in the floating top design the spacer block must be specified by layout on the worksurfaces and on the bookcase that comes with the desk.

- Reference pages 144-146 for product specifications
- Wood/ laminate modesty units feature a laminate interior shroud (only visible when the desk is in the up position) and modesty; modesty and inner shroud will be the same color
- Laminate models, the laminate color is used for the worksurface and end panels. The accent laminate color option is used for the modesty panel and interior leg shroud
- Wood models have only one finish option
- The outer shrouds on the height adjustable desks will always have horizontal grain on laminate units and vertical on veneer units
- Modesty panel on laminate or veneer units will be vertical unless horizontal is specified
- Any laminate modesty over 60" will be horizontal grain direction
- Ships assembled
- Control pad can be moved to RH or LH by the customer
- Does not have a floating top design

60", 66", and 72" Desks

- Reference pages 144-146 for product specifications
- Wood/ laminate modesty units feature a laminate interior shroud (only visible when the desk is in the up position) and modesty; modesty and inner shroud will be the same color
- Laminate models, the laminate color is used for the worksurface and end panels. The accent laminate color option is used for the modesty panel and interior leg shroud
- Wood models have only one finish option
- The outer shrouds on the height adjustable desks with wire manager will have vertical grain on laminate and veneer units
- Horizontal grain is an option
- Wire managers will be located on the side where a grommet is specified. If no grommet is specified, the wire manager will be on the right
- Modesty panel on laminate or veneer units will be vertical unless horizontal is specified
- Any laminate modesty over 60" will be horizontal grain direction
- 60", 66", and 72" ships assembled
- Control pad can be moved to RH or LH by the customer
- Does not have a floating top design
- 84" and 78" wide models control pad has a 2 position memory; all other sizes have a 4 position memory
- 84" and 78" wide models will NOT have an upper shroud. Legs will be visible when desk is in an upper position; specify paint color Cinder (462) or Platinum Metallic (501). All models will have a wire manager
- 84" and 78" wide models will NOT have an inner shroud. The only accent is the modesty panel
- 84" and 78" wide models modesty will ship unassembled

- Wire manager will always be on the bookcase side of the unit
- Height adjustable single side (L or R indicates side leg lowers into bookcase)
- The leg that lowers into bookcase will be exposed when raised; specify paint color Cinder (462) or Platinum Metallic (501)
- Modesty panel approx. 3" high and only intended to finish the approach side when in the down position
- Laminate accent consists of lower shroud and modesty
- This wall application (backs not finished) can create an "L" or "T" design when combining pedestal on pages 173-175 and component tops on page 179
- Modesty panels can be specified for open plan application. See pages 177-178
- Must specify if bookcase will be ganged to the left, right, both or none (L, R, LR, X)
- Laminate units must specify laminate color for bookcase top, bookcase chassis, accent (lower shroud modesty), and laminate color for surface and outer shroud
- Floating top design on the bookcase (not desk)
- Overall dimensions listed above, however top undersized to allow for pinch points: 36" tops are 34", 30" tops are 28", 72" tops are 71", 66" tops are 65", and 60" tops are 59"

- Random lock core (KRB, KRS) and specified lock core (KS1B, KS1S) available

PEDESTAL - UNDERSURFACE BOX/LATERAL FILE	59N183622PUBLW	Wood	$ 2599	17⅓	35⅞	20⅓	—	—	156 lbs.	11.0
	59N183622PUBLL	Laminate	1538	17⅓	35⅞	20⅓	—	—	156 lbs.	11.0
	59N183022PUBLW	Wood	$ 2415	17⅓	30	20⅓	—	—	130 lbs.	10.0
	59N183022PUBLL	Laminate	1503	17⅓	30	20⅓	—	—	130 lbs.	10.0

- Must specify 18" deep top. See page 179
- Intended to be used alongside the height adjustable single side shroud desk with bookcase to form an "L" or "T"
- See page 150 for recommendations on when to and when not to use a center grommet when specifying the pedestals and worksurface top with the floating design for the low height storage available with the single side height adjustable desk
- Only use the worksurface tops on page 179 to create the correct spacing for the floating top design
- Spacer blocks standard on pedestals and same color as pedestal
- Must specify ganging option for correct placement of spacer blocks (L, R, or LR)
- Line art indicates cord management through spacer block and top of pedestal
- Random lock core (KRB, KRS) and specified lock core (KS1B, KS1S) available

TESSERA

PRODUCT SPECIFICATIONS

- All undersurface units have an unfinished back and are designed to be used with single side height adjustable desks
- Recommended to be used with a wall application
- Pedestals shipped with appropriate hardware
- Units are designed as floating top
- Spacer blocks come with worksurface
- See page 150 for grommet options

59N96SHSTW	Wood	$ 2546	10	95 15/16	1 3/16	—	—	49 lbs.	4.9
59N96SHSTL	Laminate	2112	10	95 15/16	1 3/16	—	—	49 lbs.	4.9

- Shelves are 10" deep
- Shelf needs to be same size or smaller than the wall panel unless the shelf is spanning across more than 1 wall panel (Ex: 48" and 36" wall panels use an 84" shelf. Do not use a 48" and 36" shelf)
- The grain direction of all woodgrains will be horizontal (left to right) on the horizontal shelves
- LED light strips are recessed on the bottom side of the shelf
- NACLTKA3 must be ordered separately to turn on the shelf kits; reference page 266
- Sliding shelf set can only be used with 52" wall panels
- Sliding door panels are ordered separately; reference page 233
- G1003 Evening Notte, G1004 Kirsche, G1005 Midnight Run, G1006 Sepia Walnut, G1007 Serotina, G1008 Timeless, G1009 White Nebbia not available on laminate shelves wider than 96"

TESSERA

PRODUCT SPECIFICATIONS

- Each horizontal shelf has a maximum weight limit: 24" - 45 lbs. and 10 additional lbs. per 6" (ex: 120" - 205 lbs. maximum)
- Shelves are mounted to the wall panels (sold separately); shelves sold with mounting brackets
- Shelves can be mounted horizontally in 12" increments on the wall panels
- 59" wall panels allow 4 rows of shelves, and the 52" and 46" wall panels allow 3 row of shelves
- Shelves must be the same size or smaller than the overall width of the wall panels

TESSERA

PRODUCT SPECIFICATIONS

- All undersurface units have an unfinished back
- Pedestals shipped with appropriate hardware
- Pedestals do not include back panels and are 1" less than worksurface dept to accommodate optional back or modesty panels, or to provide for cable access
- If undersurface storage is used against a wall, a back modesty panel may be specified but is not required
- Filler strips are recommended to fill the 1" gap
- If pedestals are being used in a freestanding open plan, modesty or back panels are always recommended

	MODEL NO./DESCRIPTION		LIST PRICE	DIMENSIONS D	W	H	A	KW	CARTONED WEIGHT	CUBIC FEET
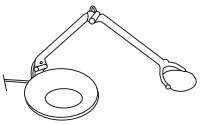
ELEMENT LED DESKTOP LIGHT	NAC18TLDBPUS	Task Light w/Desktop Base, Plug/USB, Silver	$ 1401	14	—	14	—	—	3 lbs.	0.7



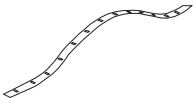
- Available in silver
- MCX LED freestanding light
- Working height 18" and maximum reach 28"
- 360° swivel from base, 135° front-to-back head tilt, 90° side-to-side head rotation
- 1 120VAC 3 prong receptacle electrical outlet
- 7 levels of light adjustment
- 2 USB charging ports providing 1 Amp 5VDC of power

PIPER LINEAR LED DESKTOP LIGHT	NAC18TLDBUH	Task Light w/Desktop Base, USB, white	$ 784	11½	7½	18¼	—	—	10 lbs.	1.2

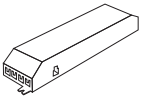
- Available in white
- LED freestanding light
- 3 color temps, dimming
- 1 USB charging port that provides 5 volts and 1 Amp of charging power
- 4'11" white cord plus a 3' cord extender
- UL Listed

LED LIGHT KITS

NACLTKA1	Light Kit 1 (for larger walls)	$	1228
NACLTKA2	Light Kit 2 (for smaller walls)		731
NACLTKA3	Light Kit 3 (for shelf only, to turn on)		202



Light strip



LED driver

Rocker switch

- LED light kits can be added to the back side of the wall panels
- Kit 1 includes 2 light spools, 1 driver, 2 leads, 1 rocker switch, 3 corner connectors, and 2 splice
- Kit 2 includes 1 light spool, 1 driver, 1 lead, 1 rocker switch, 2 corner connectors, and 2 splice
- Kit 2 will work for any reception size
- Kit 3 includes 1 driver and 1 rocker switch
- Kit 3 driver has 6 ports where up to 6 shelves can be linked together in one driver. It will be dependent upon the location of the shelves and the driver and the limitations of the length of the cord how many shelves can be plugged into one driver
- Kit 1 will light all 4 sides of wall panels that are 120" wide x 52" tall down to 48" wide x 52" tall
- Kit 1 will light all 3 sides of wall panels that are 120" wide x52" tall down to 90" wide x 52" tall
- Kit 2 will accommodate all sizes smaller than what requires Kit 1
- Kit 3 is required when using lighted shelves to turn the shelf lighting on and off; shelves are sold with lighting installed
- Length of spool of light: 10 meters for Kit 1, 5 meters for Kit 2
- The driver 12v lead cable is 78¾"
- The 2 prong US power cord that comes with the light is 78¾"
- The rocker switch cable is 72"

NACLTMD	Light Multi-Driver (used when ganging together 2 kits)	$	46

- Required when ganging 2 light kits together

NACLTSPLA	5m Spool of Lights	$	487

- Additional light strip when an additional light kit is not needed

WALL RAIL SOLUTION

Product Specifications	276
Production Options	277
Product Overview	279
Application Guidelines	280
Product Pages	281

EXHIBIT

PRODUCT SPECIFICATIONS

HORIZONTAL WALL RAIL AND FACEPLATE

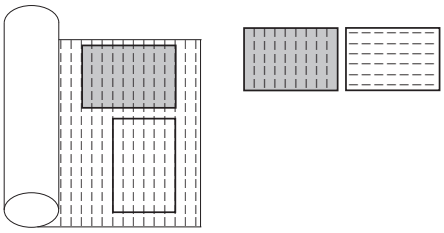
- Wall rail and faceplate are a powder coated aluminum extrusion
- Available in lengths of 72" and 144"
- Wall rails come in sets of 1 or 2 and include faceplate and alignment brackets
- Wall rails can also be ordered without faceplates
- When attaching worksurfaces to the wall rail without the use of tack board, marker board, or slat wall inserts, wall rail can be ordered without the faceplate
- Faceplate snaps onto wall rail to secure marker board, tack board and slat wall inserts in place; Inserts can be removed or replaced without removing wall rail
- Faceplate conceals alignment brackets, fasteners and provides a clean aesthetic look
- Wall rail is mounted horizontally providing tie in to appropriate load bearing studs
- Alignment bracket is required to align 2 adjacent sections of wall rail and is included with wall rails
- Alignment bracket is hidden from view once installation is complete
- Wall rails can be cut to size in the field
- WaveWorks and Epic worksurfaces can be attached to wall rails with worksurface brackets
- Worksurfaces that are attached to the wall rail can be ordered with or without a wire manager; Worksurfaces with a wire manager have a flexible vinyl trough that allows cords and cables to be routed along the back edge or sides of worksurface

MARKER BOARD INSERTS

- Marker board inserts have erasable writing surface and are available in HPL or magnetic porcelain models
- Marker board inserts are available in white only
- HPL marker board and tack board insert models can be scribed in field
- Marker board, tack board and slat wall inserts include 2 trim channels

TACK BOARD INSERTS

- Tack board insert is available in textile, see page 277 for textile options
- Shaded rectangle portrays a railroaded tack board



SLAT WALL INSERTS

- Slat wall inserts are powder coated aluminum
- Slat wall inserts offer flexibility in placement of work tools; Combo slat wall inserts offer a slat wall insert combined with a tack board insert providing a multi-functional area and is an economical alternative when overhead storage will be used

ORGANIZER SHELF INSERTS

- Veneer and laminate organizer shelf inserts

EXHIBIT TV MOUNT INSERT

- Single TV Mount included with laminate or veneer inserts
- Dual TV Mount available as an option on 60" inserts for additional upcharge

TRIM CHANNELS

- Quantity of 2 is standard with each board/insert
- Available in powder coat paint or textile
- Provides an expansion joint, vertical cable manager attachment and compensates for out-of-plumb walls
- Trim Channels can be ordered separately for boards/inserts that have been scribed in the field

FULL END TRIM

- Full end trim is steel and powder coated
- Full end trim finishes the end of a run and connects the top and bottom wall rail

SINGLE END CAP

- Single end cap is steel and powder coated
- Single end cap finishes the end of a single wall rail by capping off the wall rail, perfect for when a wall rail is used without inserts and a faceplate

VERTICAL CABLE MANAGER

- Vertical cable manager attaches between the insert and trim channel
- Conceals and allows for power cords to be managed and routed from overhead to outlet

VERTICAL CABLE MANAGER FOR TV MOUNT INSERT

- Vertical Cable Manager attaches to the Exhibit TV Mount Insert
- Conceals and allows for power cords to be managed and routed from TV to outlet

WORKSURFACE BRACKETS

- Exhibit worksurface brackets attach worksurfaces to lower wall rail
- A worksurface bracket is required every 48" along back edge of worksurface
- Worksurface bracket is anodized aluminum

PLANNING TIPS

- Wall rails can be mounted at any height if not utilizing with WaveWorks or Epic vertical storage units
- Consider the worksurface load when planning support; For worksurfaces that will hold office equipment, such as printers and copiers, additional support other than standard worksurface brackets is recommended
- Undersurface storage and pedestals satisfy both storage and support needs
- Reconfiguring existing worksurfaces may require new supports or brackets
- When worksurfaces meet end-to-end, a support panel or undersurface storage is required for additional support of the front edge
- Perpendicular worksurfaces can use flat brackets and worksurface brackets to provide adequate support from 1 surface to the other at the worksurface joint
- Worksurface brackets and supports can be positioned anywhere along the worksurface without the limitations of pre-drilled or predetermined locations
- Knife rim adds 1½" per side to worksurface depth. Knife rim is not recommended on lower storage as it affects user's kneespace
- Consider where you specify a worksurface with Worksurface wire manager. When attached to Exhibit lower wall rail, do not use at the end of run for a cleaner aesthetic
- Tack boards may be field scribed to match Epic knife rim worksurface depth

3/27/2024 BidSync

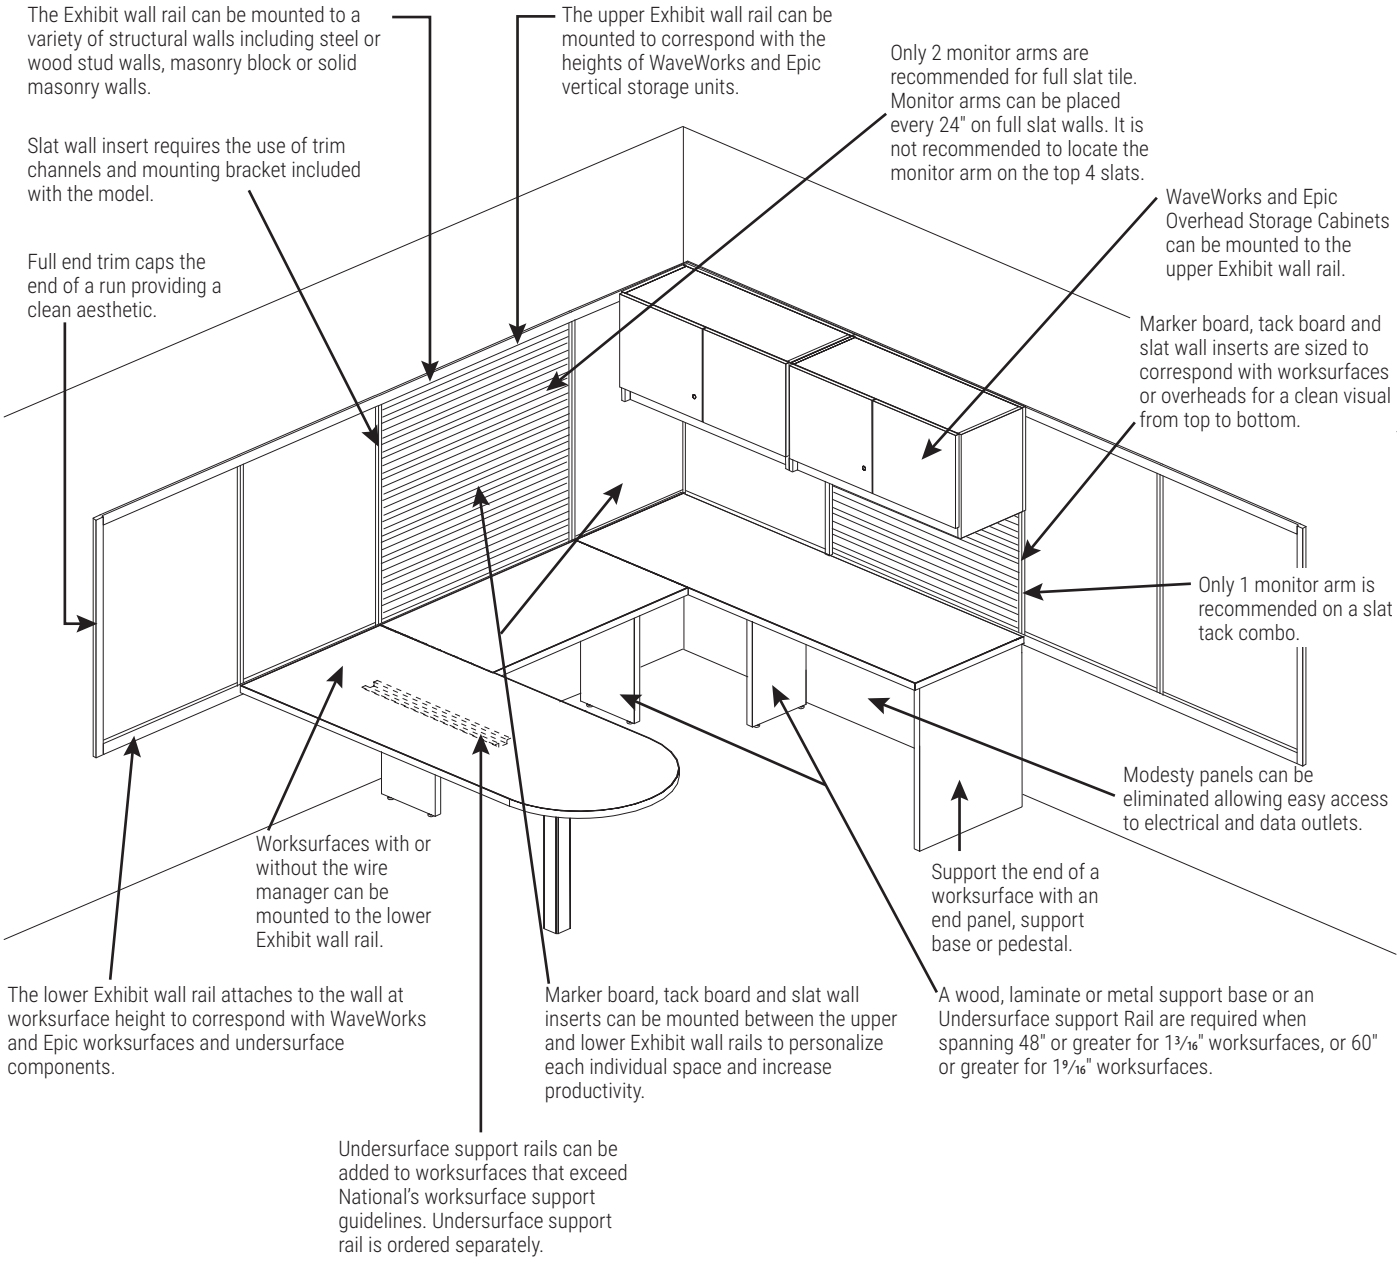
OVERVIEW

Exhibit is a series consisting of a horizontal rail, marker board, tack board, and slat wall inserts, and work tools.

Exhibit can be used in numerous applications. Here are a few examples of how it can be used with National Office Furniture products.

EXHIBIT WITH WAVEWORKS AND EPIC MODELS

The Exhibit rail is a horizontal rail that attaches to walls to accommodate WaveWorks and Epic worksurfaces and components. Attaching worksurfaces directly to the wall rail allows the reduction of modesty panels and opens the space for a clean aesthetic.



EXHIBIT

APPLICATION GUIDELINES

FASTENERS

- Fasteners must tie in directly to the substructure of a structural wall for proper attachment of Exhibit wall rail. National defines a structural wall as a load bearing wall constructed of materials such as poured concrete, concrete block, or studs

MINIMUM REQUIREMENTS

- Wood studs must be nominal 2" x 4" minimum
- Metal studs must be "C" channel, 20 gauge minimum thickness
- Metal or wood studs must be on centers no greater than 24" and have a maximum height of 14' restrained at floor and ceiling
- Interior walls must be designed to resist not less than a force of 5 lbs. per sq. ft. applied perpendicular to the wall. The deflection of such walls under a load of 5 lbs. per square foot shall not exceed 1/240 of the span for walls with brittle finishes and 1/120 of the span for walls with flexible finishes (per International Building Code sections 1604.4 and 1607.13)
- Exhibit wall rail may not extend more than 6" beyond the last solid attachment point
- Minimum width of Exhibit wall rail that can be attached to a wall is 16" mounted to studs 16" apart
- If an overhead is being mounted, the minimum width for Exhibit is 30" with the Exhibit wall rail being centered on studs 24" apart, so as not to extend more than 6" beyond the last solid attachment point

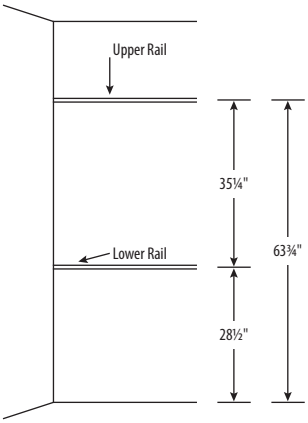
RECOMMENDED FASTENERS

- Selection and purchase of the proper attachment fasteners for your wall conditions is the responsibility of the installer

Type and Size	Description
Steel Studs (½" to ¾" drywall) Hilti® Toggler® anchor toggle bolts, ¼"–20 x 2" grade 5 bolts	
Wood Studs (¼" to ½" drywall) Meets or exceeds ANSI/ASME B18.6.4 and SAE J933. Pan head sheet metal screw	10-2 PHPMS
Solid Masonry Crown Bolt lag shields ¼" x 1½" Buildex Tapcon concrete anchor screw ¼" x 2¾"	
Masonry Block Hilti Toggler anchor toggle bolts, ¼"–20 x 2" grade 5 bolts Crown Bolt lag shields ¼" x 1½" Buildex Tapcon concrete anchor screw ¼" x 2¾"	

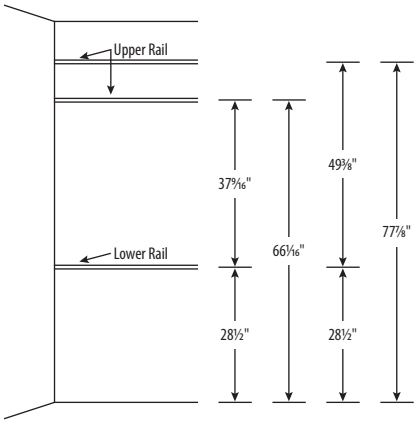
- Actual mounting height can be varied to meet specific needs; however, undersurface storage height must be considered
- Variations in the floor surface (peaks and valleys) should be considered, especially where horizontal placement is critical
- Exhibit wall rail extends ⅞" from the wall. This dimensional loss should be considered when space planning for components, when Exhibit wall rails are being used on 2 or more walls of a space
- Select worksurfaces and inserts can be field scribed to fit space
- In fixed wall Exhibit applications, choose your insert height based on your specific application or height of corresponding WaveWorks vertical storage. Consider the height of the cabinet and clearance between the bottom of the overhead and the worksurface

34" Tall Inserts



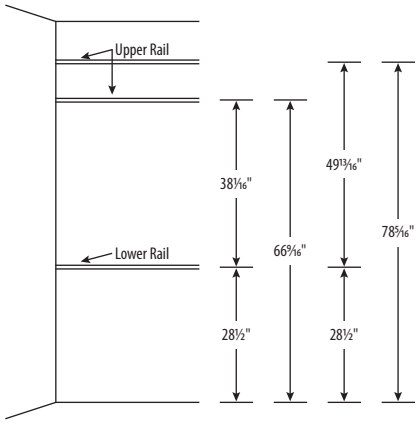
36" and 48" Tall Inserts

Compatible with WaveWorks and Epic 68" and WaveWorks 79" High WW Models



37" and 49" Tall Inserts

Compatible with WaveWorks 69" and 80" High WWN Models



- Conference and training rooms commonly use 49" tall inserts, but with Exhibit, you can use any of the 5 heights to achieve the customer's needs.

WALL

- Trim when using full insert

3/27/2024 BidSync

PRODUCT SPECIFICATIONS

- Exhibit rail can be cut to size in the field
- Alignment brackets are required to align 2 sections of Exhibit rail in line
- Exhibit mount overheads available in the WaveWorks and Epic series, see Casegoods Book 2 Price List
- For worksurface brackets, end trim and end caps see pages 323-325

TO ORDER, SPECIFY:

1. Model Number
2. Paint Color

- Some assembly required
- "SH6" 34" high models have 1 shelf that aligns with the bottom of a metal overhead
- The grain direction of all woodgrains will be horizontal (left to right) on the horizontal shelves
- Almond Horizontal (ADH), Cinder Linear Horizontal (492H), Designer White Linear Horizontal (491H), Portico Horizontal (PTH), Portobello Horizontal (PBH), Sable Horizontal (792H) and Skyline Horizontal (SKH) laminates have horizontal grain on the wall insert and vertical shelves. All other woodgrains have vertical grain on the wall insert and vertical shelves
- Each horizontal shelf has a 50 lb. maximum limit

COKC0197

3/27/2024 BidSync

PRODUCT SPECIFICATIONS

- Each height of tack board, marker board, slat wall, and organizer shelf insert corresponds with a specific height of vertical storage in WaveWorks and Epic. See notation above models to see what model corresponds with appropriate height requirement
- Conference and training rooms commonly use 49" H inserts, but with Exhibit, you can use any of the 5 heights to achieve the customers needs
- As of April 20th, 2015, the inserts (Slat, Slat/Tack Combo, Insert Shelves, and TV Mount Inserts) will only be compatible with rails ordered on or after April 20th, 2015. If trying to use 1 of these inserts with an existing rail, please contact customer service for more information

- The grain direction of all woodgrains will be horizontal (left to right) on the horizontal shelves
- Almond Horizontal (ADH), Cinder Linear Horizontal (492H), Designer White Linear Horizontal (491H), Portico Horizontal (PTH), Portobello Horizontal (PBH), Sable Horizontal (792H) and Skyline Horizontal (SKH) laminates have horizontal grain on the wall insert and vertical shelves. All other woodgrains have vertical grain on the wall insert and vertical shelves
- Each horizontal shelf has a 50 lb. maximum limit

3/27/2024 BidSync

PRODUCT SPECIFICATIONS

- Each height of tack board, marker board, slat wall, and organizer shelf insert corresponds with a specific height of vertical storage in WaveWorks and Epic. See notation above models to see what model corresponds with appropriate height requirement
- Conference and training rooms commonly use 49" H inserts, but with Exhibit, you can use any of the 5 heights to achieve the customers needs
- As of April 20th, 2015, the inserts (Slat, Slat/Tack Combo, Insert Shelves, and TV Mount Inserts) will only be compatible with rails ordered on or after April 20th, 2015. If trying to use 1 of these inserts with an existing rail, please contact customer service for more information

11N6037SH4L	Laminate	2179	10½	59 15/16	37	–	–	85 lbs.	5.7
11N6037SH4WL	Wood Shelves, Laminate Wall	3161	10½	59 15/16	37	–	–	85 lbs.	5.7

- Some assembly required
- "SH4" models have 2 shelves that align with the horizontal shelves of the "SH1" and "SH2" shelves
- The grain direction of all woodgrains will be horizontal (left to right) on the horizontal shelves
- Almond Horizontal (ADH), Cinder Linear Horizontal (492H), Designer White Linear Horizontal (491H), Portico Horizontal (PTH), Portobello Horizontal (PBH), Sable Horizontal (792H) and Skyline Horizontal (SKH) laminates have horizontal grain on the wall insert and vertical shelves. All other woodgrains have vertical grain on the wall insert and vertical shelves
- Each horizontal shelf has a 50 lb. maximum limit

COKC001197

EXHIBIT

PRODUCT SPECIFICATIONS

- Each height of tack board, marker board, slat wall, and organizer shelf insert corresponds with a specific height of vertical storage in WaveWorks and Epic. See notation above models to see what model corresponds with appropriate height requirement
- Conference and training rooms commonly use 49" H inserts, but with Exhibit, you can use any of the 5 heights to achieve the customers needs
- As of April 20th, 2015, the inserts (Slat, Slat/Tack Combo, Insert Shelves, and TV Mount Inserts) will only be compatible with rails ordered on or after April 20th, 2015. If trying to use 1 of these inserts with an existing rail, please contact customer service for more information

- Some assembly required
- "SH4" models have 2 shelves that align with the top shelves of the "SH1" and "SH2" shelves
- The grain direction of all woodgrains will be horizontal (left to right) on the horizontal shelves
- Almond Horizontal (ADH), Cinder Linear Horizontal (492H), Designer White Linear Horizontal (491H), Portico Horizontal (PTH), Portobello Horizontal (PBH), Sable Horizontal (792H) and Skyline Horizontal (SKH) laminates have horizontal grain on the wall insert and vertical shelves. All other woodgrains have vertical grain on the wall insert and vertical shelves
- Each horizontal shelf has a 50 lb. maximum limit

3/27/2024 BidSync

PRODUCT SPECIFICATIONS

- Each height of tack board, marker board, slat wall, and organizer shelf insert corresponds with a specific height of vertical storage in WaveWorks and Epic. See notation above models to see what model corresponds with appropriate height requirement
- Conference and training rooms commonly use 49" H inserts, but with Exhibit, you can use any of the 5 heights to achieve the customers needs
- As of April 20th, 2015, the inserts (Slat, Slat/Tack Combo, Insert Shelves, and TV Mount Inserts) will only be compatible with rails ordered on or after April 20th, 2015. If trying to use 1 of these inserts with an existing rail, please contact customer service for more information

- Some assembly required
- "SH2" shelves are a mirrored version of the "SH1" shelves
- The grain direction of all woodgrains will be horizontal (left to right) on the horizontal shelves
- Almond Horizontal (ADH), Cinder Linear Horizontal (492H), Designer White Linear Horizontal (491H), Portico Horizontal (PTH), Portobello Horizontal (PBH), Sable Horizontal (792H) and Skyline Horizontal (SKH) laminates have horizontal grain on the wall insert and vertical shelves. All other woodgrains have vertical grain on the wall insert and vertical shelves
- Each horizontal shelf has a 50 lb. maximum limit

EXHIBIT

PRODUCT SPECIFICATIONS

- Each height of tack board, marker board, slat wall, and organizer shelf insert corresponds with a specific height of vertical storage in WaveWorks and Epic. See notation above models to see what model corresponds with appropriate height requirement
- Conference and training rooms commonly use 49" H inserts, but with Exhibit, you can use any of the 5 heights to achieve the customers needs
- As of April 20th, 2015, the inserts (Slat, Slat/Tack Combo, Insert Shelves, and TV Mount Inserts) will only be compatible with rails ordered on or after April 20th, 2015. If trying to use 1 of these inserts with an existing rail, please contact customer service for more information

- Some assembly required
- "SH6" 48"/49" high models have 1 shelf that can be configured to align with the bottom of a 13", 18", 30" high overhead, or top shelf of the SH1/SH2 48"/49" inserts
- The grain direction of all woodgrains will be horizontal (left to right) on the horizontal shelves
- Almond Horizontal (ADH), Cinder Linear Horizontal (492H), Designer White Linear Horizontal (491H), Portico Horizontal (PTH), Portobello Horizontal (PBH), Sable Horizontal (792H) and Skyline Horizontal (SKH) laminates have horizontal grain on the wall insert and vertical shelves. All other woodgrains have vertical grain on the wall insert and vertical shelves
- Each horizontal shelf has a 50 lb. maximum limit

EXHIBIT

PRODUCT SPECIFICATIONS

- Each height of tack board, marker board, slat wall, and organizer shelf insert corresponds with a specific height of vertical storage in WaveWorks and Epic. See notation above models to see what model corresponds with appropriate height requirement
- Conference and training rooms commonly use 49" H inserts, but with Exhibit, you can use any of the 5 heights to achieve the customers needs
- As of April 20th, 2015, the inserts (Slat, Slat/Tack Combo, Insert Shelves, and TV Mount Inserts) will only be compatible with rails ordered on or after April 20th, 2015. If trying to use 1 of these inserts with an existing rail, please contact customer service for more information

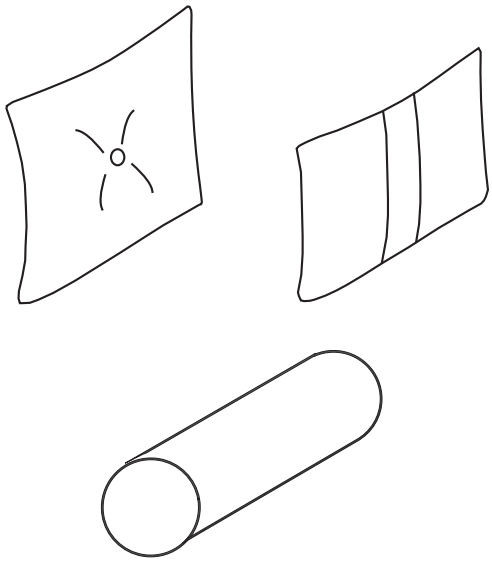
TOSS ACCENT PILLOWS

TOSS ACCENT PILLOWS PRODUCT SPECIFICATIONS 10 SERIES



CONSTRUCTION
SQUARE AND RECTANGLE

- Polyester filled insert with non-woven ticking

RELAXED TOSS PILLOWS

- Relaxed pillow insert has a light, soft fill that is blended from poly fibers, providing a more relaxed pillow aesthetic. It's a perfect complement to our residentially inspired lounge collection, Collette

CLASSIC TOSS PILLOWS

- Classic pillow insert has a heavier, firm fill that is blended from poly fibers, providing a more structured pillow aesthetic for commercial environments

BOLSTER

- Features high grade polyurethane foam with a polyester wrap

CLOSURE

- Nylon zipper

UPHOLSTERY DETAILS

- Contrasting textile available on all models
