Dear City Clerk,

I hope this letter finds you in good health and high spirits. My name is Julie Simeroth, and I am writing to you from my residence at 12608 SW 54th Street, Mustang, OK 73061. I am a proud resident of Mustang, an employee at our local Chamber of Commerce, and a fervent supporter of our public schools.

The reason for my letter today is to discuss the proposed Sunset Amphitheater project at Mustang Creek Crossing. As someone deeply embedded in the fabric of our community and its development, I have taken a significant interest in the potential benefits this project could herald for our area.

The economic impact the Sunset Amphitheater promises cannot be overstated. With the potential to draw visitors not just from Yukon, Mustang, and west OKC, but also from neighboring regions, we stand on the cusp of a significant opportunity. The increased foot traffic and resultant business for our local shops and service providers would lead to a much-needed economic boost, revitalizing our area and bringing prosperity to local business owners and residents alike.

Moreover, the influx of taxes generated from the businesses benefiting from the project would provide an essential injection of funds into our schools. As a supporter of our public education system, it's clear to me how these additional resources could dramatically improve the educational experience and outcomes for our children, further enriching our community for future generations.

I wholeheartedly support the Sunset Amphitheater and urge you and your fellow decision-makers to approve this transformative project. It represents not just an economic win, but a beacon of cultural and social enrichment for the Yukon, Mustang, and west OKC communities. The prospect of hosting concerts, plays, and other cultural events under the open sky, as the sun sets at Mustang Creek Crossing, fills me with excitement and hope for what our community can become.

In conclusion, I strongly advocate for the realization of the Sunset Amphitheater project. I believe it will serve as a cornerstone of community pride and economic vitality for years to come. I urge you, in your capacity as a member of the City Clerk's Office, to champion this cause and guide it to a successful realization.

Thank you for your time and consideration of this pivotal community project. I look forward to seeing the positive impact the Sunset Amphitheater will have on our beloved area.

Warm regards,

Julie Simeroth

City Clerk's Office
cityclerk@okc.gov

Dear City Clerk,

I hope this letter finds you in good health and high spirits. My name is Letha Ross, and I reside at 3208 NW 66th St, Oklahoma City, OK 73116. I am reaching out to express my steadfast support for the development of the Sunset Amphitheater at Mustang Creek Crossing, a project I believe aligns closely not only with my interests as a local resident but also with the broader economic and cultural ambitions of our beloved Oklahoma City.

As an ardent advocate for the enhancement of our local community, I find the prospect of the Sunset Amphitheater bringing significant benefits too compelling to overlook. The promise of increased school and tax revenue cannot be understated, as these funds are essential for the continual improvement of our public services and infrastructure. Furthermore, the convenience of having access to live music and events closer to home—without the need for Oklahomans to travel to Tulsa, Dallas, or beyond—is a luxury that the residents of Oklahoma City deserve.

The importance of establishing high-quality entertainment options within our city cannot be overstated. Not only do they provide cultural and social value for our residents, but they also act as a magnet for visitors, which in turn, energizes the local economy. As a participant in and observer of our city's growth, I strongly believe that for Oklahoma City to be recognized as a "Big League City," it must offer diverse and accessible entertainment choices that appeal to both locals and tourists alike. The Sunset Amphitheater project embodies this vision by proposing a venue that promises to enrich our cultural landscape and bolster our city's attractiveness.

Investing in the Sunset Amphitheater at Mustang Creek Crossing symbolizes a commitment to the prosperity and vibrancy of Oklahoma City. It represents a step forward in making our city a hub of entertainment, culture, and community engagement. My support for this project stems from a deep-seated belief in the positive impact it will have on our community—economically, culturally, and socially.

Therefore, I urge you and your colleagues to recognize the potential transformative effects of the Sunset Amphitheater project and to lend your support to its realization. Together, we can ensure the future success and growth of our city by embracing opportunities that enhance its appeal and vitality. Let us move forward with a shared vision of progress and community development.

Thank you for your time and consideration of my views on this matter. I eagerly anticipate seeing the positive changes the Sunset Amphitheater will bring to Oklahoma City.

Sincerely,

Letha Ross

Dear Mayor Holt,

I am writing to express favor for the proposed Sunset Amphitheater and Mustang Creek Crossing projects. I reside in Mustang and attend church directly across the street from the proposed site. My young adult son lives in the apartment complex immediately southwest of the site. This project is a wonderful opportunity for Oklahoma and Canadian County residents to have a park similar to Scissortail located downtown or Chilshom Creek in north OKC. I am especially thrilled about the walking trails, pickleball courts, and possible mini-golf to help address Oklahoma's obesity crisis.

Sunset Amphitheater at Mustang Creek will be a place where families can gather for picnics and fellowship, and see shows like we currently see at Scissortail Park (outdoor ballet, youth concerts, etc.) as well as bigger-name performers. It would also re-route cars in the student pick-up line to the back of the school. The potential property value increase will benefit homeowners and the revenue generated will significantly benefit Canadian County and south OKC. With more shops closing at the nearby outlet mall, Oklahoma and Canadian Counties need this project to bring new traffic to the area, help boost revenue, and provide a place to safely congregate. As a member of the church (not speaking on their behalf), I believe it would make more people aware of its presence possibly bringing more into the folds of the congregation.

Respectfully,
Jennifer Eckert

Dear City Clerk,

I am writing to express my enthusiastic support for the proposed Sunset Amphitheater project at Mustang Creek Crossing, as outlined in PUD-1983. My name is Nazifa Islam, and I reside at 9926 Paisley Rd, Yukon, OK 73099. As a homeowner in the Westbury South community, my relationship to this project is deeply personal, and I am invested in its success for several reasons.

The Sunset Amphitheater promises to bring a wealth of benefits to our community, many of which directly align with my interests and the reasons my family chose to move here. The introduction of diverse food and retail options is an exciting prospect, offering residents and visitors alike a richer, more varied local experience. Furthermore, the anticipated increase in home values is an important consideration for any homeowner, providing reassurance that our investment in the community is not only secure but likely to grow.

Beyond the economic benefits, the project's focus on surrounding activities, trails, and the overall quality of the venue speaks to a commitment to enhancing the quality of life for all residents. These features promise to create a vibrant, engaging environment that encourages outdoor activity, community gatherings, and a deeper connection to our beautiful surroundings.

My personal decision to purchase a home in Westbury South in the summer of 2023 was significantly influenced by the proposed amphitheater. Dear City Clerk,

I am writing to express my enthusiastic support for the proposed Sunset Amphitheater project at Mustang Creek Crossing, identified as PUD-1983. My name is Tommy Neilson, and I reside at 2124 Sycamore Creek Ave, which is less than a mile from the proposed development site. Dear City Clerk,

I am writing to express my enthusiastic support for the proposed Sunset Amphitheater project at Mustang Creek Crossing, as outlined in PUD-1983. My name is Tessa, and I reside at 8325 NW 160th St, Edmond, OK. As an educator deeply invested in the well-being and enrichment of our community, I find this project not only exciting but essential for the growth and development of our area.

The Sunset Amphitheater promises to be a beacon of cultural and educational opportunities, offering immense benefits that I, along with many others, find particularly compelling. One of the most significant advantages is the potential increase in school district revenue. This financial boost is crucial for enhancing educational programs, resources, and facilities, directly impacting the quality of education our students receive. Furthermore, the amphitheater will provide an ideal venue for school field trips, offering students unique learning experiences outside the classroom. These opportunities for hands-on learning and cultural exposure are invaluable, fostering a well-rounded education that extends beyond traditional academic subjects.

From a personal standpoint, I believe the Sunset Amphitheater fills a critical void in our community. Not only will it bring much-needed revenue to Yukon, but it will also serve as a hub for community engagement, entertainment, and cultural enrichment. Subject: From Joy Turner | Letter in Support of PUD-1983

Dear City Clerk,

I am writing to express my strong support for the proposed Sunset Amphitheater project at Mustang Creek Crossing, as outlined in PUD-1983. My name is Joy Turner, and I reside at 11124 NW 109th Street, Yukon, OK 73099. As a Canadian County resident, I am deeply invested in the development and enrichment of our community.

The Sunset Amphitheater project presents a unique opportunity for Canadian County and the western side of Oklahoma City. Not only will it generate additional revenue for our county, but it will also enhance the recreational options available to our residents. Currently, the west side of OKC lacks similar entertainment venues, which means that residents often have to travel significant distances to enjoy concerts and other events. The addition of this amphitheater will fill a much-needed gap in our local entertainment landscape.

From a personal standpoint, having lived on the far west side of Oklahoma City for 13 years, I have experienced firsthand the inconvenience of traveling at least 20 minutes, often longer due to traffic, to attend concerts or similar events. The development of the Sunset Amphitheater, along with the proposed surrounding developments, promises to transform our area into a vibrant hub of activity, similar to what Chisolm Creek has brought to its area. This project not only promises to bring joy and convenience to our lives but also stands to catalyze further development, enhancing the overall appeal and livability of our community.

The benefits of the Sunset Amphitheater extend beyond entertainment and recreation. The project is poised to contribute significantly to our local economy through increased revenue, both for Canadian County and Oklahoma City. This economic boost is essential for the continued growth and development of our area, providing resources for further improvements and investments in our community.

In conclusion, I wholeheartedly support the Sunset Amphitheater project at Mustang Creek Crossing. I urge you to consider the substantial benefits it will bring to our community, both in terms of economic development and the enrichment of our cultural and recreational landscape. This project represents a significant step forward for the west side of Oklahoma City and Canadian County, promising to bring us together in celebration of music, culture, and community. I hope you will join me in supporting this transformative project.

Sincerely,

I am writing to you today as both a resident and business owner deeply invested in the prosperity and development of our community, particularly in the areas west of Oklahoma City and Yukon, below the 10th street border. My name is Jessica Brown, and I am reaching out to express my wholehearted support for the proposed Sunset Amphitheater project at Mustang Creek Crossing, identified in the planning documents as PUD-1983.

The introduction of the Sunset Amphitheater into our community is not just a development project; it is a beacon of hope for economic revitalization and cultural enrichment. As someone who has both lived and conducted business in this area, I have witnessed firsthand the challenges our community faces, especially in the lower side of Yukon and into Mustang. It is disheartening to see such potential for growth and improvement go unnoticed and unaddressed by Oklahoma City for far too long.

The benefits of the Sunset Amphitheater project extend far beyond mere entertainment. I am particularly passionate about the positive impact this development will have on our local school districts and the overall enhancement of our community. By attracting more residents and visitors to our area, we can anticipate a significant increase in school district revenue, which is crucial for the advancement of our educational facilities and programs. Furthermore, the project promises to elevate home values in the surrounding areas, thereby strengthening our community's economic foundation and enhancing the quality of life for all residents.

The neglect our community has faced cannot be overstated. For years, the lower side of Yukon and into Mustang has been overlooked, leaving us yearning for development and attention. The Sunset Amphitheater project represents a pivotal opportunity to reverse this trend and to demonstrate a commitment to the growth and prosperity of every corner of our community.

I urge you to consider the profound impact the Sunset Amphitheater at Mustang Creek Crossing could have on our community. This project is not just about building a venue; it's about building a future for our residents, our businesses, and our children. I strongly support PUD-1983 and encourage you to do the same. Let us seize this opportunity to transform our community for the better, together.

Thank you for your time and consideration. I look forward to seeing our community thrive with the successful realization of the Sunset Amphitheater project.

Sincerely,
Jessica Brown

I think this development could create such a great economical impact for the west side of OKC and Yukon communities that falls below the 10th street border. ,

Dear Council Member Carter,

I hope this message finds you well and thriving in your endeavors to make our community better each day. My name is Jonathan Forsman, residing at 3817 Shandon Way, Yukon, OK 73099. As both a proud resident and operator of a local hotel here in Yukon, I am writing to you today to express my enthusiastic support for the Sunset Amphitheater project at Mustang Creek Crossing.

The introduction of the Sunset Amphitheater represents an exhilarating opportunity for our community, not only in terms of artistic and cultural enrichment but also through the potential for increased economic activity and recognition that comes with such a development. As someone deeply embedded in the local hospitality industry, I have witnessed firsthand the vibrancy that the arts can bring to a community – attracting visitors, stimulating local businesses, and enhancing the overall quality of life for residents.

Moreover, the positive economic ramifications cannot be overstated. From increased occupancy at local hotels, including my own, to a boost in patronage for nearby small businesses, the project promises to generate significant tax revenue. This, in turn, will provide our city with greater resources to invest back into the community, creating a cycle of prosperity and growth that benefits all.

We can choose if we want innovative, attractive, locally operated growth, or more of the same, such as additional fast-food chains." The Sunset Amphitheater project offers us a chance to choose the former – an investment in the vibrancy, diversity, and economic health of our community.

The benefits of supporting the arts and fostering economic growth through such initiatives are clear and present. I, therefore, urge you, Council Member Carter, to lend your support and influence towards making the Sunset Amphitheater project at Mustang Creek Crossing a reality.

Dear City Clerk,

I hope this letter finds you well and successfully navigating the challenges and opportunities that come with serving the vibrant community of Ward 2. My name is Erik Gumerson, residing at 4201 N Bush Blvd, Oklahoma City, OK 73112. The introduction of the Sunset Amphitheater presents a remarkable opportunity to catalyze significant economic growth, boost job creation, and elevate community involvement in our area. Its establishment promises not just an entertainment venue but a beacon for economic development, drawing both residents and tourists alike. It is the potential for this project to transform our local economy and weave together a stronger, more connected community that deeply resonates with me.

Subject: Strong Support for the Sunset Amphitheater Project at Mustang Creek Crossing

Dear City Clerk,

I hope this message finds you well. My name is Angela Girlinghouse, residing at 2909 Millspaugh Way, and I am both a proud resident and business owner within our community. I am writing to express my enthusiastic support for the proposed Sunset Amphitheater project at Mustang Creek Crossing, an initiative I believe holds the promise of significantly enriching our community.

For the past 15 years, I have witnessed the growth and evolution of our neighborhood, and it has been a period of many changes. However, through all these changes, my conviction has remained steadfast: we have a unique opportunity to enhance the cultural and social fabric of our community through thoughtful development. The Sunset Amphitheater project stands as a testament to that belief.

The benefits of this project extend beyond the immediate aesthetic enhancements it would bring to Mustang Creek Crossing. As someone deeply invested in both the residential and business aspects of our community, I see the Sunset Amphitheater as a catalyst for community enrichment on multiple levels. The introduction of such a venue would not only provide a stage for local talent and cultural celebrations but also foster a stronger sense of unity and belonging among residents. It would serve as a beacon, attracting visitors and potential new residents, thereby invigorating our local economy.

Moreover, the infrastructure improvements accompanying the Sunset Amphitheater, such as enhanced sidewalks and the addition of more biking paths, represent an invaluable investment in the safety and wellbeing of our community members. These upgrades are crucial for creating a more accessible, pedestrian-friendly environment, which further contributes to our community's enrichment.

During my time here, I have observed the potential of our community to blossom into a vibrant, cohesive, and culturally rich environment. The Sunset Amphitheater project embodies this potential. It promises not only to beautify our neighborhood but to stitch together the diverse tapestry of our community through shared experiences and mutual appreciation for arts and culture.

WARNING: The sender of this email could not be validated and may not match the person in the "From" field..

To Whom It May Concern,

I hope this letter finds you well and in good spirits. My name is Brandon Brashears, and I reside at 4308 NW 144th Place, Oklahoma City, OK 73134. I am writing to you today as a dedicated member of the Mustang, Oklahoma community, where I spend a great deal of my professional life within the Savannah Commons business park, located at the intersection of Mustang Rd. and SW 44th. This letter serves to express my heartfelt support for the proposed Sunset Amphitheater project at Mustang Creek Crossing, a venture that I believe will significantly enhance our community's cultural landscape and recreational opportunities.

Having relocated from The Woodlands, Texas, my family and I have experienced firsthand the numerous benefits such communal facilities bring to a community. In The Woodlands, venues similar to the proposed Sunset Amphitheater served as vital gathering spaces for residents, fostering a strong sense of togetherness and community pride. These spaces hosted a plethora of events ranging from festivals and holiday celebrations to communal gatherings, all of which were enhanced by the presence of gourmet food trucks, fire pits, and exhilarating fireworks displays synchronized with symphonic music. Our time spent at these venues remains among my family's most cherished memories, and it is my genuine belief that the Sunset Amphitheater will provide a similar, invaluable venue for our Oklahoma community.

The addition of the Sunset Amphitheater at Mustang Creek Crossing promises not only to enrich our community's cultural offerings but also to create a safe, welcoming space for families to enjoy arts and music. As someone who deeply values community development, I am particularly excited about the potential of this venue to become a cultural hub for Mustang and surrounding areas, fostering community engagement, and providing a versatile space for a wide array of events.

The prospect of recreating a place where my family and our wider community can make new memories—much like we did back in Texas—is one that fills me with great enthusiasm and hope. I firmly believe that the Sunset Amphitheater will not only enhance the quality of life for residents but also serve as a testament to our community's commitment to arts, culture, and mutual engagement.

I kindly urge you, Council Member Peck, to lend your support to the realization of the Sunset Amphitheater project at Mustang Creek Crossing. It is an opportunity for us to invest not just in physical infrastructure, but in the social fabric and future legacy of our beloved community.

Thank you for considering my earnest appeal. I am optimistic about the positive impact the Sunset Amphitheater will have on our community and eagerly anticipate its realization.

Warm regards,

Brandon Brashears

Dear City Clerk,

I am writing to express my enthusiastic support for the proposed Sunset Amphitheater project at Mustang Creek Crossing, as outlined in PUD-1983. My name is Kyle Black, and I reside at 4724 Mustang Park Blvd, Mustang, which places me in close proximity to the proposed development site. As a local resident, I have a vested interest in the enhancements and opportunities this project promises to bring to our community.

One of the most compelling aspects of the Sunset Amphitheater project, from my perspective, is the promise of high-quality entertainment options it brings right to our doorstep. Having recently moved out of the city to escape the challenges of homelessness and seek a more peaceful living environment, the prospect of having access to concerts and live performances so close to home is incredibly appealing. It's not just about the convenience; it's about creating a vibrant, engaging community space where neighbors can come together to enjoy the arts and each other's company. This project represents a significant step towards enriching our local culture and providing residents with meaningful leisure and entertainment opportunities.

Bringing concerts and live entertainment to Mustang Creek Crossing not only enhances our quality of life but also demonstrates a commitment to fostering a sense of community and belonging among residents. It's initiatives like these that make a place feel like home.

Subject: Support for the Development of the Sunset Amphitheater at Mustang Creek Crossing

Dear City Clerk,

I hope this letter finds you well. My name is Sherri Lynn North, and I reside at 3417 Sardis Way, Yukon, OK 73099. As a proud resident of Yukon for the past decade, I am writing today to express my enthusiastic support for the proposed Sunset Amphitheater project at Mustang Creek Crossing. My relationship to this project, although currently as a hopeful future patron, is deeply rooted in my desire to see our community thrive economically and socially.

The Sunset Amphitheater presents a unique opportunity for significant economic development within our area. I believe that by attracting visitors from surrounding regions for events and performances, the amphitheater will stimulate our local economy in numerous ways, from increased business for local merchants to potential job creation associated with the venue itself. This potential for economic growth is something our community should emphatically embrace.

Furthermore, the prospect of having such a venue in Yukon offers an extraordinary benefit to families like mine, providing accessible and enjoyable entertainment without the need to travel far from home. Having lived in Yukon for 10 years, my family and I have longed for more local entertainment options that can bring our community together. The Sunset Amphitheater would not only enrich our cultural landscape but also offer a communal space where memories are made, and traditions begin.

From my perspective, the establishment of the Sunset Amphitheater at Mustang Creek Crossing represents a profound investment in the future of Yukon. It is an investment in our community's economic resilience, our cultural vibrancy, and our collective spirit. The fact that this project has garnered the attention and anticipation of local residents like myself speaks volumes about its potential to positively impact our quality of life.

Therefore, I strongly urge you to support the development of the Sunset Amphitheater. It is a project that promises to bring much-needed economic development to our area and provide a source of entertainment that can be enjoyed by all members of our community.

Let us seize this opportunity to enhance the livability and appeal of Yukon, making it an even more wonderful place to call home.

Thank you for considering my views on this important matter. I am hopeful for your favorable response and am keen to see the positive changes the Sunset Amphitheater will undoubtedly bring to our beloved community.

Ms. Simpson,

I am a resident of the Sycamore Creek neighborhood in Ward 3, immediately adjacent to the Mustang Creek Crossing development site, and I am writing to you this evening to express my support for PUD-1983 the rezoning application for the proposed project to construct the Sunset Amphitheater at Mustang Creek Crossing.

It is my firm belief that the development, as it has been proposed, will be of tremendous value to the local community. This will be a great benefit for those living here, making it possible to walk to nearby entertainment and nightlife without having to travel all the way to downtown while at the same time drawing additional people to the area for events and concerts, strengthening our local tax base while at the same time providing additional support and opportunity to local businesses.

My only request for modification of this project and zoning variance application is that the number of parking spaces be reduced from its current level of 3500 to something closer to 2500. By my math, 3500 spaces will be equal to approximately ~25 acres of parking that will only be used during events. This land would be put to far better use if some of it were also developed for mixed commercial and retail use. Given that the workday is unlikely to have much overlap with the typical concert schedule, this should provide additional jobs and tax revenue for the city while still providing ample parking opportunities for the proposed venue.

Please, I ask that you support this project. This has great opportunity to help develop western Oklahoma City, and will provide widespread benefits to those that live, work, and travel here.

Respectfully,

Thomas Anderson

My name is Parker K., and I am reaching out to express my unwavering support for the proposed Sunset Amphitheater project at Mustang Creek Crossing, identified in the planning documents as PUD-1983.

The Sunset Amphitheater represents a beacon of potential for our community, promising not only to be a venue for concerts and cultural events but also to serve as a catalyst for significant economic growth. The prospect of this venue partnering with our local school district to host school events opens up a myriad of opportunities for our children, enriching their educational experience and providing them with a broader cultural perspective right in their backyard.

Moreover, the potential for creating summer job opportunities for our students cannot be overstated. In a time when practical experience is invaluable, offering our youth the chance to work in various capacities at the amphitheater—whether it be in sound, lighting, or camera operation—prepares them for future careers, particularly for those interested in the entertainment industry. The possibility of establishing internships focused on entertainment careers further underscores the project's long-term benefits to our community's educational and professional landscape.

As newer residents of this vibrant and growing area, my family and I chose to make our home here because of the promising opportunities it offers. We envision a community where our children can thrive, not just academically, but in a culturally rich environment that fosters their personal and professional growth. The Sunset Amphitheater project aligns perfectly with this vision, promising to enhance the quality of life for all residents and contribute to the economic vitality of our area.

Dear City Clerk,

I am writing to express my strong support for the proposed Sunset Amphitheater project at Mustang Creek Crossing, as outlined in PUD-1983. My name is Tyler Blake Cartee, and I reside at 9926 Paisley Rd, Yukon, OK 73099. As a homeowner in Westbury South, I have a vested interest in the development and success of our community.

The Sunset Amphitheater project represents a significant opportunity for economic growth within our area. The potential for positive economic impact on our community and schools cannot be overstated. With the addition of this venue, we anticipate an increase in retail, dining, and entertainment options, all within a walkable distance from our homes. This not only enhances our quality of life but also contributes to the overall vibrancy and appeal of our neighborhood.

Furthermore, the project is expected to lead to improved home valuations in Westbury South and the surrounding areas. As a new homeowner, this aspect is particularly important to my wife and me. We chose to purchase our first home here last year, largely due to the location and the proposed amphitheater development. We believe that the Sunset Amphitheater will serve as a cornerstone for community engagement and growth, bringing together residents and visitors in a shared space of cultural and recreational activities.

The addition of the Sunset Amphitheater at Mustang Creek Crossing promises to transform our community into a more dynamic, economically robust, and culturally rich environment. It is a project that aligns with our values and aspirations for the future of Westbury South and Yukon as a whole.

I urge you to support the Sunset Amphitheater project and to consider the lasting positive impacts it will have on our community. This is a unique opportunity to foster economic development, enhance property values, and enrich the cultural landscape of our area. I, along with many of my neighbors, am excited about the potential benefits this project will bring and look forward to seeing it come to fruition.

Thank you for considering my perspective as a homeowner and supporter of the Sunset Amphitheater project. I believe that together, we can make a significant positive difference in our community.

Dear City Clerk,

I am writing to express my strong support for the proposed Sunset Amphitheater project at Mustang Creek Crossing, as outlined in PUD-1983. My name is Tyler Henley, and I reside at 13333 NW 7th Ct, Yukon, OK 73099. As a lifelong resident and parent within this community, I have a deep personal and vested interest in the development and enrichment of our area.

The Sunset Amphitheater project represents a significant opportunity for economic growth and community enrichment in Yukon. The potential for increased local business revenue, job creation, and tourism are just a few of the economic impacts that excite me. Moreover, the enrichment it promises to bring to our community—through cultural events, concerts, and family-friendly activities—cannot be overstated. Projects like these serve as the backbone for fostering a vibrant, engaged, and connected community.

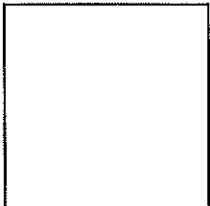

I have lived in Yukon my entire life, and I can confidently say that the Sunset Amphitheater project is exactly what our community needs. It is a fantastic opportunity for us to come together, celebrate our culture, and enjoy the arts in a way that has never been possible before in our town. The benefits of such a project extend beyond mere economic metrics; they touch the very soul of our community, enriching our lives and the lives of our children.

I strongly urge you to support the Sunset Amphitheater project at Mustang Creek Crossing. This project is not just an investment in the physical infrastructure of our town but an investment in the community's heart and spirit. Let's seize this opportunity to enhance the quality of life for all residents and set a precedent for community-driven development in Yukon.

Thank you for considering my support for this transformative project. I am confident that with your backing, the Sunset Amphitheater will become a reality, bringing with it a brighter, more prosperous future for our community.

Sincerely,
Tyler Henley

Dear City Clerk,

I am writing to express my enthusiastic support for the proposed Sunset Amphitheater project at Mustang Creek Crossing, as outlined in PUD-1983. My name is Lauren Meyer, and I reside at 2241 Timber Crossing, placing me in close proximity to the proposed development site. As a resident, I have a vested interest in the development and enhancement of our community, and I believe the Sunset Amphitheater represents a significant opportunity for positive growth.

The benefits of the Sunset Amphitheater project are manifold, but I am particularly passionate about the potential economic boost it could provide to our area. By attracting visitors from surrounding regions, the amphitheater would stimulate local businesses, create jobs, and increase revenue for the community as a whole. Furthermore, the addition of a cultural venue such as this would greatly enhance the quality of living for residents by providing a space for entertainment, community gatherings, and cultural events. This aligns with my vision for a vibrant, thriving community where economic prosperity and cultural richness go hand in hand.

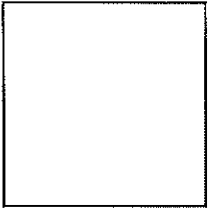

From a personal standpoint, I believe the Sunset Amphitheater would transform Mustang Creek Crossing into a destination for both residents and visitors alike. It would not only serve as a beacon of community pride but also as a testament to our collective commitment to fostering an environment where culture, commerce, and community can flourish together. The prospect of having such a facility within our community excites me, and I am eager to see the positive impacts it would have on our local economy and the enrichment it would bring to our cultural landscape.

In light of these considerations, I strongly urge you to support the development of the Sunset Amphitheater at Mustang Creek Crossing. This project represents a unique opportunity to enhance our community's economic and cultural vitality. I hope you will join me in championing this initiative and work towards making it a reality.

Thank you for considering my perspective on this matter. I am confident that with your support, the Sunset Amphitheater can become a cornerstone of our community's future success.

Sincerely,
Lauren Meyer

CITY CLERK EMAIL

Dear City Clerk,

I am writing to you today as a resident of Mustang, OK, and a fervent supporter of the proposed Sunset Amphitheater project at Mustang Creek Crossing, identified in the planning documents as PUD-1983. My name is Jonathan, and I am deeply invested in the development and cultural enrichment of our community through projects like this one.

The Sunset Amphitheater project represents a significant opportunity for our community, not only in terms of economic development but also in enhancing the cultural landscape of Mustang, OK. As someone who has always cherished the presence of music and cultural venues, the prospect of having such a venue closer to home is incredibly exciting. The convenience and accessibility of having high-quality music performances within our community cannot be overstated. It promises to enrich our community life, provide a platform for artists, and foster a stronger sense of community through shared cultural experiences.

I understand that there are concerns among some community members about the potential impacts of the project. However, I firmly believe that these concerns are outweighed by the benefits. It is disheartening to hear opposition grounded in fear of change or potential harm, which I am convinced will not materialize. The planning and development process for projects like the Sunset Amphitheater are thorough and considerate of the community's well-being, ensuring that any negative impacts are minimized or mitigated.

The addition of the Sunset Amphitheater at Mustang Creek Crossing would not only bring joy and entertainment to our community but also stimulate our local economy by attracting visitors, creating jobs, and supporting local businesses. It is a step forward in making Mustang, OK, a vibrant and culturally rich place to live.

I strongly support the Sunset Amphitheater project and urge you to consider the substantial positive impacts it will have on our community. This project represents a forward-thinking approach to community development and cultural enrichment. I hope you will join me in supporting PUD-1983 and help bring this vision to life for the benefit of all residents of Mustang, OK.

Let us embrace this opportunity to enhance our community's cultural offerings and ensure a brighter, more vibrant future for Mustang, OK. Your support for the Sunset Amphitheater project will be a testament to our community's commitment to growth, culture, and the well-being of its residents.

Sincerely,
