

MEMORANDUM

Council Agenda
Item No. IX. AZ
12/17/2024

The City of OKLAHOMA CITY

TO: Mayor and City Council

FROM: Craig Freeman, City Manager

Resolution transferring \$2,083,400.08 from Project M4-TR020, MAPS 4 South May Avenue Trail, South May Avenue from SW 59th Street to SW 74th Street, to Project MP-0608, Trail Alignment, paralleling I-44 between Woodson Park and SW 74th Street. Ward 5.

Location:

South May Avenue from SW 59th Street to SW 74th Street

Background:

The Trail Alignment project on South May Avenue from SW Grand Boulevard to SW 74th Street is an American Rescue Plan Act (ARPA) project that provides for a new trail meeting all Americans with Disabilities Act (ADA) design requirements, wayfinding in accordance with the Parks Department Trail Signage Master Plan, and trail amenities such as benches, shelters, and solar lights. The project was designed and bid through the Public Works Department.

The Public Works Trail Alignment project includes two alternates that, if not awarded, must be included in the MAPS 4 Trails project. After bids were received on November 20, 2024, Public Works staff informed the MAPS office that the available ARPA funds were not sufficient to award the two alternates. The Public Works Department requested MAPS funding to award the alternates for the portion of the trail along South May Avenue from SW 59th Street to SW 74th Street. This funding transfer to Public Works will provide savings to the future MAPS 4 Trails project by decreasing design fees, administrative time, contract administration, and inflation. Rudy Construction Co. will be awarded the contract, and Public Works will oversee the project. Staff recommends allocating \$2,083,400.08 of the MAPS 4 Trails budget to the Trail Alignment project to fund Alternates 1 and 2.

Construction is scheduled to begin in January 2025.
