Re: 424 NW 27th St -- Demolition Request - Remarks

I oppose HPCA 24-0023 which proposes to demolish the 2 structures at 424 NW 27th St, Oklahoma City, OK 73103 for this reason:

1. The structures are essential elements of the historic fabric of the 400 block of NW 27<sup>th</sup> St and of the Jefferson Park neighborhood.
  - a. While the structures appear to have had some exterior alterations (vinyl siding added, and (possibly) the garage below the garage apartment was converted to an apartment), the original form, detail, and dimensions are intact.

Regards,

David DeWitt
