

# MEMORANDUM

Council Agenda  
Item No. IX. E  
5/21/2024

## The City of OKLAHOMA CITY

TO: Mayor and City Council

FROM: Craig Freeman, City Manager

Resolution authorizing the sole source purchase of hardware, software maintenance, licenses, training, update services, and application support for the Axon Evidence Data Management System, Axon Enterprises, Inc. (COKC00026), estimated cost \$300,000, June 7, 2024 through June 6, 2025.

### **Background:**

On September 14, 2021 (Item No. IX. BW), the City of Oklahoma City approved a Master Services and Purchasing Agreement with Axon Enterprise Inc. to provide an Integrated Police Data Management System that includes hardware such as body worn cameras, conductive electrical weapons (Taser), fleet vehicle cameras, software and update services. As part of the Police Headquarters building project, Axon Evidence Data Management System (Axon System) was implemented. The Axon System allows the Oklahoma City Police Department (Police) to stream interviews from anywhere on the City of Oklahoma City's Network, bookmark, annotate and comment on interviews in real time.

The holding and interview rooms at Criminal Interdiction Team of Central Oklahoma (C.I.T.C.O) and at Will Rogers World Airport (Airport) had audio and video equipment from another system that was outdated and was no longer supported. This resulted in recordings being lost and evidence being unable to be submitted. The upgrade to the Axon System has brought both the C.I.T.C.O and the Airport rooms up to date with the current software, creating compatibility across all Interview and Evidence Systems used by Police.

Hardware, software maintenance, licenses, training, update services, and application support for the Axon System is proprietary to Axon Enterprise Inc. These services are essential to recording and storing digital evidence.

Staff requests Council authorization for the sole source purchase of hardware, software maintenance, licenses, training, update services, and application support for the Axon Evidence Data Management System from Axon Enterprises, Inc. (COKC00026) estimated cost \$300,000, June 7, 2024 through June 6, 2025.

### **Estimated Cost:**

\$300,000

**Source of Funds:**

MAPS 4 Use Tax – Police Capital Use – Police Cars– Patrol Marked Vehicles -Other Equipment
