Back up documentation  
up to 4/18/24 provided  
4/26/24, additional  
documentation for April  
provided 5/2/24.

Nash Construction is requesting weather days as follows for the MAPS Trails projects:

- October 2023: Eight days
- November 2023: Five days
- December 2023: Five days
- January 2024: Twenty-one days

- March 2024: Nine days
- April 2024: Seven days (up to April 19, 2024. Subject to change depending on weather circumstances through the end of the month).

After adjusting for the days built into the contract time, per the spec book on page SP24, the total days requested is twenty-nine.

5/2/24

Approved days based on 0.5" rain with minimum two days for dry out, plus below freezing temperature days.

However, October and November are not approved as construction operations had not begun in earnest until December as documented in emails and weekly field meetings.

Net approved is 20 days. See sheets for specific days considered.
