

MEMORANDUM

OCAT Agenda
Item No. IV. P
8/22/2024

TO: Trustees, Oklahoma City Airport Trust

FROM: Jeff Mulder, Director of Airports

Resolution waiving all procurement and purchasing policies and procedures for the procurement of the Federal Inspection Services and General Aviation Facilities baggage screening equipment at Will Rogers World Airport and authorizing the Director to execute the Purchase Agreement for baggage screening equipment with Raytheon Company, estimated cost \$1,200,000.

Location:

Will Rogers World Airport

Background:

The Federal Inspection Services Facility Buildout, Project No. OCAT WRWA 2409 (Project) at Will Rogers World Airport (Airport) is currently under construction. As a part of the Project, the administrators of said Federal Inspection Services Facility – United States Customs and Border Protection (CBP) require the Trust to provide certain baggage screening equipment for operational needs. CBP requires the Trust to procure the baggage screening equipment from one of three approved Systems Integrators to oversee the movement of the equipment to maintain proper manufacturers' certifications, licenses, and functionalities of the specialty equipment.

Recommendation: Resolution be adopted.
