Pricing Notes:

Dell maintains a Retail Price list online located at: <http://ftpbox.us.dell.com/slg/weekly/dellpricereport.pdf>. The Price List is updated weekly, is available for download from this site in lieu of hard copy distribution and excludes promotional offers. Systems configured and discounted by your Dell's Sales Representatives or through on-line stores and Premier Pages, are based upon then-current retail pricing and exclude promotional offers. Regardless of the Category in which they may be sold, Dell shall not be obligated to provide any discounts with respect to APEX-branded products or offerings.

Changes to retail prices are subject to Dell's discretion and generally take effect immediately, allowing us to provide price decreases and to introduce new products without waiting for a formal price list to be updated. Product Classifications and Categories may be changed by Dell without notice.

Where a Dell-branded product is comprised of both hardware and services, the resulting Discount Off List percentage will reflect a blend of the contract discounts associated with the hardware and tied services components of that product.

Where Dell sells third-party products on a "discount-off-list" basis and does not receive a list price from the manufacturer, Dell assigns a list price. Prices for custom services are agreed to through a separate Statement of Work and not included in the proposed prices herein.

Where "discount off list", "cost plus", or "cost minus" calculations are used to determine pricing, Dell's standard discount product category list, product category or classification assignment for a particular product is subject to change by Dell and could affect pricing of that product.

Pricing, if included, may be subject to change in the event of an industry wide material constraint or shortages, including but not limited to memory, or other manufacturing materials or components, or due to other factors beyond Dell Technologies' reasonable control. Products may be discontinued or revised (including components thereto) at any time without notice. Should the initial proposed product(s) be discontinued before the replacement product(s) reach price parity with initial product(s), Dell Technologies reserves the right to re-negotiate pricing. Regardless of the Category in which they may be sold, Dell shall not be obligated to provide any discounts with respect to APEX-branded products or offerings.

The Dell-branded products described in the Dell quotes referenced herein and incorporated into this Agreement as if set out in their entirety; "Standard Configurations") will be made available to Customer for purchases from Dell. If a Standard Configuration reaches the end of its life cycle ("EOL") during the Pricing Term, Dell will work with Customer to develop a plan for a transition to a comparable replacement (based on objective and industry-recognized performance criteria). Replacement of a Standard Configuration as is provided for in this paragraph will not require amendment to the Agreement. The prices provided for in this Section are based on a Fixed Discount Off List percentage and are subject to change: (i) in the event of industry-wide shortages in materials or resources, increases in the cost of manufacturing, or other factors outside Dell's control; or (ii) if Customer materially breaches this Agreement. Dell will give Customer as much notice of these price changes as is reasonably practicable under the circumstances. Price changes will apply only to future orders and will not affect the price for orders accepted by Dell before the effective date of the applicable price change.

- Dell is proposing Minimum Discount off List Percentages by Product, under each Product Category, as per section 8.1.E.i - of the Bidder Instructions Document.
- Standard Configurations are fixed configurations with no deviations of upgrades or downgrades (as defined in the referenced quote #).
- Volume Discounts do not apply to Fixed Standard Configuration discount percentages and Apex Branded Solutions.
- Volume Discounts only apply to Dell Branded products.

Leasing Notes:

- ** Calculate lease payments by multiplying the appropriate Lease Rate Factor by the equipment cost. Sample payment calculation:
- ** Flat Panel Monitors may qualify for a better lease rate if ordered in combination with a mobile or desktop computer
- ** Rates are also based upon the configuration and specification of the supplied equipment specified in the RFP, and DFS reserves the right to revise pricing in the event of any change in the configuration or equipment specification or reduction in asset values as determined by
- ** Rates assume monthly consolidation of invoices with one schedule per month.
- ** The shown lease rate factors allow for DFS to be responsible for all personal property taxes and insurance.
- ** Rates provided are Monthly payment in Arrears without interm rent.
- ** The rates are based upon market conditions and are valid until February 26, 2023 (90 days) are subject to final credit approval, review of the economics of the transaction, and execution of mutually acceptable documentation.

Dell Return Policy*

Dell values its relationship with you and offers you the option to return most products purchased directly from Dell. More details below.

- Our return policy is 30 days from the date of your invoice, unless you have a separate agreement with Dell. You must initiate the return within this time. If approved, you will receive a credit return authorization (CRA) number from Dell. Some exclusions apply as outlined below.
 - Dell sometimes offers promotions that extend the return period for a specific product. If you buy a product from Dell that qualifies for such a promotion, your return rights and obligations might be different.
- For approved returns, Dell will refund or credit the actual price you paid. Your refund or credit may be reduced by the cost of shipping and handling fees, any applicable restocking fees (described later in this policy), or both. View more details on restocking fees below.
- Any product returned to Dell without a CRA number from Dell will be considered an unauthorized return, and you will not receive a refund or credit for the product and Dell will not ship the product back to you.
- Return the products in their original packaging, in as-new condition, along with any media, documentation and any other items that were included in your original shipment.
- Ship your return in time for us to receive it within 30 days of authorization or your refund or credit may be reduced or eliminated.
- Special conditions apply for products purchased in a bundle or during a promotion. See "Promotional Items" section below.
- For all purchases not made directly from Dell, please check the return policy of the location from which you purchased your product.
- All returns must be made in the same country in which the purchase was made.

Exclusions:

- You cannot return software at any time, unless the software you are authorized to return is:
 - An operating system or application that Dell installed on a returnable product that you are returning within that product's return period.
 - Software on physical media such as a DVD or CD that you have not opened or removed from its sealed package.
 - Software delivered electronically for which you have not accepted the license agreement or other applicable terms.
- Products that are not eligible for return at any time include:
 - APEX, servers, data storage, data protection, converged infrastructure, hyperconverged infrastructure, and networking products
 - Dell Wyse™ and Wyse-branded products
 - Non-Dell-branded-hardware and software products
 - Customized products
 - Volume licenses:
 - Unless you have specifically agreed otherwise in your written agreement with Dell, there is no right of return for software purchased under any type of volume license arrangement.

- Dell reserves the right to deny any returns in circumstances involving repeated returns, violation of the Dell Terms of Sale, or other impermissible activity.

Re-stocking Fees:

- For returns initiated within the time period specified in this policy, Dell will provide return shipping labels at no cost to you and not charge a re-stocking fee if:
 - the product you are returning is defective.
 - you have to return a product because Dell made an error.
 - you are a consumer who purchased for personal use.
- For all other permitted returns, Dell may charge a re-stocking fee of 15% of the actual price you paid for the product. That price does not include shipping and handling or sales tax. Typically, we deduct any re-stocking fee from the amount of your refund or credit.

Promotional Items:

Refunds or credits for a product you purchased in a bundle or during a promotion can get a little complicated. Depending on the promotion, Dell may deduct the value of the discount, promotional item or redeemed card from any refund or credit you receive for the return of the purchased item. Examples of these kinds of discounts and promotions include:

- “Buy a computer and get a free printer.”
 - If you return the computer but keep the printer, Dell may reduce your refund or credit by the value of the printer.
- “Buy a monitor and get a gift card.”
 - If you return the monitor but already spent the money on the gift card, Dell may reduce your refund or credit by the value of the gift card.
- Dell Rewards points are also returned, with a few exceptions:
 - If Dell Rewards were used as a payment type for a purchase you’re returning, then your Dell Rewards account will be credited the amount of Dell Rewards you used for your returned purchase.
 - If Dell Rewards were awarded for a purchase that you’re returning, then Dell will deduct the rewards amount you received for the product you are returning from your Dell Rewards account balance.

After you get a credit return authorization (CRA) number from Dell:

All products should be in as-new condition. In particular, review “A note about operating systems” at the end of this policy.

- Back up any data you might have stored on your product and then delete it.
- Remove all confidential, proprietary, and personal information.
- Also remove any media such as flash drives, CDs, or PC cards and any cables or port devices that did not come with the product you are returning.
- Ship all products that you are returning to Dell, and for which you received a CRA number, within 30 days of the date that Dell authorizes your return.

INFORMATIONAL PURPOSES ONLY

- Return all products, along with all media, documentation, and other items that Dell included in your original shipment, in their original packaging.
- If you are returning a TV, you must return it in the original packaging. This includes the box and protective cushioning. If you do not have the original packaging, you must provide your own packaging that is equal to or better than the structural and cushion protection of the original packaging.
- If you are a commercial customer, you must ship the products at your expense. If you do not insure the shipment, you accept the risk of loss or damage during shipment.
- Remember that for partial returns, your refund or credit may be less than the invoice or individual component price due to bundled or promotional pricing or any unadvertised discounts or concessions.
- Also remember that Dell is not responsible for any confidential, proprietary, or personal information you leave on a returned product. We also are not responsible for lost or corrupted data, or for any damaged or lost removable media or devices you might include with your return.

A note about operating systems.

Systems configured with an Intel® 8th-generation or later CPU are designed to run optimally with the Microsoft Windows 11 operating system. Removing the factory-installed operating system to run a non-Windows 11 operating system (such as Windows XP or Windows 10) may make the product ineligible for return to Dell for a refund. It also can cause system instability and performance issues that your warranty, support, or service agreements may not cover.

- 1.3** If applicable, prior to any Contract renewal, the State shall subjectively consider the value of the Contract to the State, the Supplier’s performance under the Contract, and shall review certain other factors, including but not limited to the: a) terms and conditions of Contract Documents to determine validity with current State and other applicable statutes and rules; b) current pricing and discounts offered by Supplier; and c) current products, services and support offered by Supplier. If the State determines changes to the Contract are required as a condition precedent to renewal, the State and Supplier will cooperate in good faith to evidence such required changes in an Addendum. Further, any request for a price increase in connection with a renewal or otherwise will be conditioned on the Supplier providing appropriate documentation supporting the request.
- 1.4** The State may extend the Contract for ninety (90) days beyond a final renewal term at the Contract compensation rate for the extended period. If the State exercises such option to extend ninety (90) days, the State shall notify the

Supplier in writing prior to Contract end date. The State, at its sole option and to the extent allowable by law, may choose to exercise subsequent ninety (90) day extensions at the Contract pricing rate, to facilitate the finalization of related terms and conditions of a new award or as needed for transition to a new Supplier.

- 1.5** Supplier understands that supplier registration expires annually and, pursuant to OAC 260:115-3-3, Supplier shall maintain its supplier registration with the State as a precondition to a renewal of the Contract.

Acquisition-specific terms. In no event will any linked document alter or override such referenced terms except as specifically agreed in an Addendum.

- 2.4 Any Contract Document shall be legibly written in ink or typed. All Contract transactions, and any Contract Document related thereto, may be conducted by electronic means pursuant to the Oklahoma Uniform Electronic Transactions Act.

3 **Modification of Contract Terms and Contract Documents**

- 3.1 The Contract may only be modified, amended, or expanded by an Addendum. Any change to the Contract, including the addition of work or materials, the revision of payment terms, or the substitution of work or materials made unilaterally by the Supplier, is a material breach of the Contract. Unless otherwise specified by applicable law or rules, such changes, including without limitation, any unauthorized written Contract modification, shall be void and without effect and the Supplier shall not be entitled to any claim under the Contract based on those changes. No oral statement of any person shall modify or otherwise affect the terms, conditions, or specifications stated in the Contract.

13.5 Rights and obligations of the State or a Customer under the terms of this Contract may be assigned or transferred, at no additional cost, to other Customer entities.

14 Background Checks and Criminal History Investigations

Prior to the commencement of any services, background checks and criminal history investigations of the Supplier's employees and subcontractors who will be providing services may be required and, if so, the required information shall be provided to the State in a timely manner. Supplier's access to facilities, data and information may be withheld prior to completion of background verification acceptable to the State. The costs of additional background checks beyond Supplier's normal hiring practices shall be the responsibility of the Customer unless such additional background checks are required solely because Supplier will not provide results of its otherwise acceptable normal background checks; in such an instance, Supplier shall pay for the additional background checks. Supplier will coordinate with the State and its employees to complete the necessary background checks and criminal history investigations. Should any employee or subcontractor of the Supplier who will be providing services under the Contract not be acceptable as a result of the background check or criminal history investigation, the Customer may require replacement of the employee or subcontractor in question and, if no suitable replacement is made within a reasonable time, terminate the purchase order or other payment mechanism associated with the project or services.

15 Patents and Copyrights

Without exception, a product or deliverable price shall include all royalties or costs owed by the Supplier to any third party arising from the use of a patent, intellectual property, copyright or other property right held by such third party. Should any third party threaten or make a claim that any portion of a product or service provided by Supplier under the Contract infringes that party's patent, intellectual property,

copyright or other property right, Supplier shall enable each affected Customer to legally continue to use, or modify for use, the portion of the product or service at issue or replace such potentially infringing product, or re-perform or redeliver in the case of a service, with at least a functional non-infringing equivalent. Supplier's duty under this section shall extend to include any other product or service rendered materially unusable as intended due to replacement or modification of the product or service at issue. If the Supplier determines that none of these alternatives are reasonably available, the State shall return such portion of the product or deliverable at issue to the Supplier, upon written request, in exchange for a refund of the price paid for such returned goods as well as a refund or reimbursement, if applicable, of the cost of any other product or deliverable rendered materially unusable as intended due to removal of the portion of product or deliverable at issue. Any remedy provided under this section is not an exclusive remedy and is not intended to operate as a waiver of legal or equitable remedies because of acceptance of relief provided by Supplier.

16 Indemnification

16.1 Acts or Omissions

- A.** Supplier shall defend and indemnify the Indemnified Parties, as applicable, for any and all liability, claims, damages, losses, costs, expenses, demands, suits and actions of third parties (including without limitation reasonable attorneys' fees and costs required to establish the right to indemnification) arising out of, or resulting from any action or claim for bodily injury, death, or property damage brought against any of the Indemnified parties to the extent arising from any negligent act or omission or willful misconduct of the Supplier or its agents, employees, or subcontractors in the execution or performance of the Contract.
- B.** To the extent Supplier is found liable for loss, damage, or destruction of any property of Customer due to negligence, misconduct, wrongful act, or omission on the part of the Supplier, its employees, agents, representatives, or subcontractors, the Supplier and Customer shall use best efforts to mutually negotiate an equitable settlement amount to repair or replace the property unless such loss, damage or destruction is of such a magnitude that repair or replacement is not a reasonable option. Such amount shall be invoiced to, and is payable by, Supplier sixty (60) calendar days after the date of Supplier's receipt of an invoice for the negotiated settlement amount.

16.2 Infringement

Supplier shall indemnify the Indemnified Parties, as applicable, for all liability, claims, damages, losses, costs, expenses, demands, suits and actions of third parties (including without limitation reasonable attorneys' fees and costs required to establish the right to indemnification) arising from or in connection with Supplier's breach of its representations and warranties in the Contract or alleged infringement of any patent, intellectual property, copyright or other property right in connection with a product or service provided under the Contract. Supplier's duty under this section is reduced to the extent a claimed infringement results from: (a) a Customer's or user's content; (b) modifications by Customer or third party to a product delivered under the Contract or combinations of the product with any non-Supplier-provided services or products unless Supplier recommended or participated in such modification or combination; (c) use of a product or service by Customer in violation of the Contract unless done so at the direction of Supplier, or (d) a non-Supplier product that has not been provided to the State by, through or on behalf of Supplier as opposed to its combination with products Supplier provides to or develops for the State or a Customer as a system.

16.3 Notice and Cooperation

In connection with indemnification obligations under the Contract, the parties agree to furnish prompt written notice to each other of any third-party claim. Any Customer affected by the claim will reasonably cooperate with Supplier and defense of the claim to the extent its interests are aligned with Supplier. Supplier shall use counsel reasonably experienced in the subject matter at issue and will not settle a claim without the written consent of the party being defended, which consent will not be unreasonably withheld or delayed, except that no consent will be required to settle a claim against Indemnified Parties that are not a State agency, where relief against the Indemnified Parties is limited to monetary damages that are paid by the defending party under indemnification provisions of the Contract.

16.4 Coordination of Defense

In connection with indemnification obligations under the Contract, when a State agency is a named defendant in any filed or threatened lawsuit, the defense of the State agency shall be coordinated by the Attorney General of Oklahoma, or the Attorney General may authorize the Supplier to control the defense and any related settlement negotiations; provided, however, Supplier shall not agree to any settlement of claims against the State without obtaining advance written concurrence from the Attorney General. If the Attorney General does not authorize sole control of the defense and settlement negotiations to Supplier, Supplier shall have authorization to equally

participate in any proceeding related to the indemnity obligation under the Contract and shall remain responsible to indemnify the applicable Indemnified Parties.

16.5 Limitation of Liability

- A.** With respect to any claim or cause of action arising under or related to the Contract, neither the State nor any Customer shall be liable to Supplier for lost profits, lost sales or business expenditures, investments, or commitments in connection with any business, loss of any goodwill, or for any other indirect, incidental, punitive, special or consequential damages, even if advised of the possibility of such damages.
- B.** Notwithstanding anything to the contrary in the Contract, no provision shall limit damages, expenses, costs, actions, claims, and liabilities arising from or related to property damage, bodily injury or death caused by Supplier or its employees, agents or subcontractors; indemnity, security or confidentiality obligations under the Contract; the bad faith, negligence, intentional misconduct or other acts for which applicable law does not allow exemption from liability of Supplier or its employees, agents or subcontractors.
- C.** The limitation of liability and disclaimers set forth in the Contract will apply regardless of whether Customer has accepted a product or service. The parties agree that Supplier has set its fees and entered into the Contract in reliance on the disclaimers and limitations set forth herein, that the same reflect an allocation of risk between the parties and form an essential basis of the bargain between the parties. These limitations shall apply notwithstanding any failure of essential purpose of any limited remedy.

17 Termination for Funding Insufficiency

- 17.1** Notwithstanding anything to the contrary in any Contract Document, the State may terminate the Contract in whole or in part if funds sufficient to pay obligations under the Contract are not appropriated or received from an intended third-party funding source. In the event of such insufficiency, Supplier will be provided at least fifteen (15) calendar days' written notice of termination. Any partial termination of the Contract under this section shall not be construed as a waiver of, and shall not affect, the rights and obligations of any party regarding portions of the Contract that are not terminated. The determination by the State of insufficient funding shall be accepted by, and shall be final and binding on, the Supplier.

- 17.2** Upon receipt of notice of a termination, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to the effective date of termination, the termination does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the Contract or for any damages or other amounts caused by or associated with such termination. Any amount paid to Supplier in the form of prepaid fees that are unused when the Contractor certain obligations are terminated shall be refunded.
- 17.3** The State's exercise of its right to terminate the Contract under this section shall not be considered a default or breach under the Contract or relieve the Supplier of any liability for claims arising under the Contract.

18 Termination for Cause

- 18.1** Supplier may terminate the Contract if (i) it has provided the State with written notice of material breach and (ii) the State fails to cure such material breach within thirty (30) days of receipt of written notice. If there is more than one Customer, material breach by a Customer does not give rise to a claim of material breach as grounds for termination by Supplier of the Contract as a whole. The State may terminate the Contract in whole or in part if (i) it has provided Supplier with written notice of material breach, and (ii) Supplier fails to cure such material breach within thirty (30) days of receipt of written notice. Any partial termination of the Contract under this section shall not be construed as a waiver of, and shall not affect, the rights and obligations of any party regarding portions of the Contract that are not terminated.
- 18.2** The State may terminate the Contract in whole or in part immediately without a thirty (30) day written notice to Supplier if (i) Supplier fails to comply with confidentiality, privacy, security, environmental or safety requirements applicable to Supplier's performance or obligations under the Contract; (ii) Supplier's material breach is reasonably determined to be an impediment to the function of the State and detrimental to the State or to cause a condition precluding the thirty (30) day notice or (iii) when the State determines that an administrative error in connection with award of the Contract occurred prior to Contract performance.
- 18.3** Upon receipt of notice of a termination, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence

of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to the effective date of termination, the termination does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the Contract or for any damages or other amounts caused by or associated with such termination. Such termination is not an exclusive remedy but is in addition to any other rights and remedies provided for by law. Any amount paid to Supplier in the form of prepaid fees that are unused when the Contract or certain obligations are terminated shall be refunded. Termination of the Contract under this section, in whole or in part, shall not relieve the Supplier of liability for claims arising under the Contract.

18.4 The Supplier's repeated failure to provide an acceptable product or service; Supplier's unilateral revision of linked or supplemental terms that have a materially adverse impact on a Customer's rights or obligations under the Contract (except as required by a governmental authority); actual or anticipated failure of Supplier to perform its obligations under the Contract; Supplier's inability to pay its debts when due; assignment for the benefit of Supplier's creditors; or voluntary or involuntary appointment of a receiver or filing of bankruptcy of Supplier shall constitute a material breach of the Supplier's obligations, which may result in partial or whole termination of the Contract. This subsection is not intended as an exhaustive list of material breach conditions. Termination may also result from other instances of failure to adhere to the Contract provisions and for other reasons provided for by applicable law, rules or regulations; without limitation, OAC 260:115-9-9 is an example.

19 Termination for Convenience

19.1 The State may terminate the Contract, in whole or in part, for convenience if it is determined that termination is in the State's best interest. In the event of a termination for convenience, Supplier will be provided at least thirty (30) days' written notice of termination. Any partial termination of the Contract shall not be construed as a waiver of, and shall not affect, the rights and obligations of any party regarding portions of the Contract that remain in effect.

19.2 Upon receipt of notice of such termination, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to the effective date of termination, the termination does not relieve an obligation to pay for the product or service but

there shall not be any liability for further payments ordinarily due under the Contract or for any damages or other amounts caused by or associated with such termination. Such termination shall not be an exclusive remedy but shall be in addition to any other rights and remedies provided for by law. Any amount paid to Supplier in the form of prepaid fees that are unused when the Contract or certain obligations are terminated shall be refunded. Termination of the Contract under this section, in whole or in part, shall not relieve the Supplier of liability for claims arising under the Contract.

20 Suspension of Supplier

- 20.1** Supplier may be subject to Suspension without advance notice and may additionally be suspended from activities under the Contract if Supplier fails to comply with confidentiality, privacy, security, environmental or safety requirements applicable to Supplier's performance or obligations under the Contract.
- 20.2** Upon receipt of a notice pursuant to this section, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to receipt of notice by Supplier, the Suspension does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the Contract during a period of Suspension or suspended activity or for any damages or other amounts caused by or associated with such Suspension or suspended activity. A right exercised under this section shall not be an exclusive remedy but shall be in addition to any other rights and remedies provided for by law. Any amount paid to Supplier in the form of prepaid fees attributable to a period of Suspension or suspended activity shall be refunded.
- 20.3** Such Suspension may be removed, or suspended activity may resume, at the earlier of such time as a formal notice is issued that authorizes the resumption of performance under the Contract or at such time as a purchase order or other appropriate encumbrance document is issued. This subsection is not intended to operate as an affirmative statement that such resumption will occur.

21 Certification Regarding Debarment, Suspension, and Other Responsibility Matters

The certification made by Supplier with respect to Debarment, Suspension, certain indictments, convictions, civil judgments and terminated public contracts is a material representation of fact upon which reliance was placed when entering into the Contract.

A determination that Supplier knowingly rendered an erroneous certification, in addition to other available remedies, may result in whole or partial termination of the Contract for Supplier's default. Additionally, Supplier shall promptly provide written notice to the State Purchasing Director if the certification becomes erroneous due to changed circumstances.

22 Certification Regarding State Employees Prohibition From Fulfilling Services

Pursuant to 74 O.S. § 85.42, the Supplier certifies that no person involved in any manner in development of the Contract employed by the State shall be employed to fulfill any services provided under the Contract.

23 Force Majeure

23.1 Either party shall be temporarily excused from performance to the extent delayed as a result of unforeseen causes beyond its reasonable control including fire or other similar casualty, act of God, strike or labor dispute, war or other violence, or any law, order or requirement of any governmental agency or authority provided the party experiencing the force majeure event has prudently and promptly acted to take any and all steps within the party's control to ensure continued performance and to shorten duration of the event. If a party's performance of its obligations is materially hindered as a result of a force majeure event, such party shall promptly notify the other party of its best reasonable assessment of the nature and duration of the force majeure event and steps it is taking, and plans to take, to mitigate the effects of the force majeure event. The party shall use commercially reasonable best efforts to continue performance to the extent possible during such event and resume full performance as soon as reasonably practicable.

23.2 Subject to the conditions set forth above, non-performance as a result of a force majeure event shall not be deemed a default. However, a purchase order or other payment mechanism may be terminated if Supplier cannot cause delivery of a product or service in a timely manner to meet the business needs of Customer. Supplier is not entitled to payment for products or services not received and, therefore, amounts payable to Supplier during the force majeure event shall be equitably adjusted downward.

23.3 Notwithstanding the foregoing or any other provision in the Contract, (i) the following are not a force majeure event under the Contract: (a) shutdowns, disruptions or malfunctions in Supplier's system or any of Supplier's telecommunication or internet services other than as a result of general and widespread internet or telecommunications failures that are not limited to Supplier's systems or (b) the delay or failure of Supplier or subcontractor personnel to perform any obligation of Supplier hereunder unless such delay

or failure to perform is itself by reason of a force majeure event and (ii) no force majeure event modifies or excuses Supplier's obligations related to confidentiality, indemnification, data security or breach notification obligations set forth herein.

24 Security of Property and Personnel

In connection with Supplier's performance under the Contract, Supplier may have access to Customer personnel, premises, data, records, equipment and other property. Supplier shall use commercially reasonable best efforts to preserve the safety and security of such personnel, premises, data, records, equipment, and other property of Customer. Supplier shall be responsible for damage to such property to the extent such damage is caused by its employees or subcontractors and shall be responsible for loss of Customer property in its possession, regardless of cause. If Supplier fails to comply with Customer's security requirements, Supplier is subject to immediate suspension of work as well as termination of the associated purchase order or other payment mechanism.

25 Notices

All notices, approvals or requests allowed or required by the terms of any Contract Document shall be in writing, reference the Contract with specificity and deemed delivered upon receipt or upon refusal of the intended party to accept receipt of the notice. In addition to other notice requirements in the Contract and the designated Supplier contact provided in a successful Bid, notices shall be sent to the State at the physical address set forth below. Notice information may be updated in writing to the other party as necessary. Notwithstanding any other provision of the Contract, confidentiality, breach and termination-related notices shall not be delivered solely via e-mail.

If sent to the State:

State Purchasing Director
2401 N. Lincoln Blvd., Suite 116
Oklahoma City, Oklahoma 73105

With a copy, which shall not constitute notice, to:

26 Miscellaneous

26.1 Choice of Law and Venue

Any claim, dispute, or litigation relating to the Contract Documents, in the singular or in the aggregate, shall be governed by the laws of the State without regard to application of choice of law principles. Pursuant to 74 O.S. §85.14, where federal granted funds are involved, applicable federal laws, rules and regulations shall govern to the extent necessary to insure benefit of such federal funds to the State. Venue for any action, claim, dispute, or litigation relating in any way to the Contract Documents, shall be in Oklahoma County, Oklahoma.

26.2 No Guarantee of Products or Services Required

The State shall not guarantee any minimum or maximum amount of Supplier products or services required under the Contract.

26.3 Employment Relationship

The Contract does not create an employment relationship. Individuals providing products or performing services pursuant to the Contract are not employees of the State or Customer and, accordingly are not eligible for any rights or benefits whatsoever accruing to such employees.

26.4 Transition Services

If transition services are needed at the time of Contract expiration or termination, Supplier shall provide such services on a month-to-month basis, at the contract rate or other mutually agreed rate. Supplier shall provide a proposed transition plan, upon request, and cooperate with any successor supplier and with establishing a mutually agreeable transition plan. Failure to cooperate may be documented as poor performance of Supplier.

26.5 Publicity

The existence of the Contract or any Acquisition is in no way an endorsement of Supplier, the products or services and shall not be so construed by Supplier in any advertising or publicity materials. Supplier agrees to submit to the State all advertising, sales, promotion, and other publicity matters relating to the Contract wherein the name of the State or any Customer is mentioned or language used from which, in the State's judgment, an endorsement may be inferred or implied. Supplier further agrees not to publish or use such advertising, sales promotion, or publicity matter or release any informational pamphlets, notices, press releases, research reports, or similar public notices concerning the Contract or any Acquisition hereunder without obtaining the prior written approval of the State.

26.6 Open Records Act

Supplier acknowledges that all State agencies and certain other Customers are subject to the Oklahoma Open Records Act set forth at 51 O.S. §24A-1 *et seq.* Supplier also acknowledges that compliance with the Oklahoma Open Records Act and all opinions of the Oklahoma Attorney General concerning the Act is required.

26.7 Failure to Enforce

Failure by the State or a Customer at any time to enforce a provision of, or exercise a right under, the Contract shall not be construed as a waiver of any such provision. Such failure to enforce or exercise shall not affect the validity of any Contract Document, or any part thereof, or the right of the State or a Customer to enforce any provision of, or exercise any right under, the Contract at any time in accordance with its terms. Likewise, a waiver of a breach of any provision of a Contract Document shall not affect or waive a subsequent breach of the same provision or a breach of any other provision in the Contract.

26.8 Mutual Responsibilities

- A.** No party to the Contract grants the other the right to use any trademarks, trade names, other designations in any promotion or publication without the express written consent by the other party.
- B.** The Contract is a non-exclusive contract and each party is free to enter into similar agreements with others.
- C.** The Customer and Supplier each grant the other only the licenses and rights specified in the Contract and all other rights and interests are expressly reserved.
- D.** The Customer and Supplier shall reasonably cooperate with each other and any Supplier to which the provision of a product and/or service under the Contract may be transitioned after termination or expiration of the Contract.
- E.** Except as otherwise set forth herein, where approval, acceptance, consent, or similar action by a party is required under the Contract, such action shall not be unreasonably delayed or withheld.

26.9 Invalid Term or Condition

To the extent any term or condition in the Contract conflicts with a compulsory applicable State or United States law or regulation, such Contract term or

condition is void and unenforceable. By executing any Contract Document which contains a conflicting term or condition, no representation or warranty is made regarding the enforceability of such term or condition. Likewise, any applicable State or federal law or regulation which conflicts with the Contract or any non-conflicting applicable State or federal law or regulation is not waived.

26.10 Severability

If any provision of a Contract Document, or the application of any term or condition to any party or circumstances, is held invalid or unenforceable for any reason, the remaining provisions shall continue to be valid and enforceable and the application of such provision to other parties or circumstances shall remain valid and in full force and effect. If a court finds that any provision of this contract is invalid or unenforceable, but that by limiting such provision it would become valid and enforceable, then such provision shall be deemed to be written, construed, and enforced as so limited.

26.11 Section Headings

The headings used in any Contract Document are for convenience only and do not constitute terms of the Contract.

26.12 Sovereign Immunity

Notwithstanding any provision in the Contract, the Contract is entered into subject to the State's Constitution, statutes, common law, regulations, and the doctrine of sovereign immunity, none of which are waived by the State nor any other right or defense available to the State.

26.13 Survival

As applicable, performance under all license, subscription, service agreements, statements of work, transition plans and other similar Contract Documents entered into between the parties under the terms of the Contract shall survive Contract expiration. Additionally, rights and obligations under the Contract which by their nature should survive including, without limitation, certain payment obligations invoiced prior to expiration or termination; confidentiality obligations; security incident and data breach obligations and indemnification obligations, remain in effect after expiration or termination of the Contract.

26.14 Entire Agreement

The Contract Documents taken together as a whole constitute the entire agreement between the parties. No statement, promise, condition,

understanding, inducement or representation, oral or written, expressed or implied, which is not contained in a Contract Document shall be binding or valid. The Supplier's representations and certifications, including any completed electronically, are incorporated by reference into the Contract.

26.15 Gratuities

The Contract may be immediately terminated, in whole or in part, by written notice if it is determined that the Supplier, its employee, agent, or another representative violated any federal, State or local law, rule or ordinance by offering or giving a gratuity to any State employee directly involved in the Contract. In addition, Suspension or Debarment of the Supplier may result from such a violation.

26.16 Import/Export Controls

Neither party will use, distribute, transfer or transmit any equipment, services, software or technical information provided under the Contract (even if incorporated into other products) except in compliance with all applicable import and export laws, conventions and regulations.

All orders are subject to the Contract terms and any order dated prior to Contract expiration shall be performed. Delivery to multiple destinations may be required.
- 2.2** Any ordering document shall be effective between Supplier and the Customer only and shall not be an Addendum to the Contract in its entirety or apply to any Acquisition by another Customer.
- 2.3** Additional terms added to a Contract Document by a Customer shall be effective if the additional terms do not conflict with the General Terms and are acceptable to Supplier. However, an Addendum to the Contract shall be signed by the State Purchasing Director or designee. Regarding information technology and telecommunications contracts, pursuant to 62 O.S., §34.11.1, the Chief Information Officer acts as the Information Technology and Telecommunications Purchasing Director.

3. Termination for Funding Insufficiency

In addition to Contract terms relating to termination due to insufficient funding, a Customer may terminate any purchase order or other payment mechanism if funds sufficient to pay obligations under the Contract are not appropriated or received from an intended third-party funding source. The determination by the Customer of insufficient funding shall be accepted by, and shall be final and binding on, the Supplier.

4. Termination for Cause

In addition to Contract terms relating to termination for cause, a customer may terminate its obligations, in whole or in part, to Supplier if it has provided Supplier with written notice of material breach and Supplier fails to cure such material breach within thirty (30) days of receipt of written notice. The Customer may also terminate a purchase order or other payment mechanism or Supplier's activities under the Contract immediately without a thirty (30) day written notice to Supplier, if Supplier fails to comply with confidentiality, privacy, security, environmental or safety requirements if such non-compliance relates or may relate to Supplier provision of products or services to the Customer or if Supplier's material breach is reasonably determined (i) to be an impediment to the function of the Customer and detrimental to the Customer, or (ii) when conditions preclude the thirty (30) day notice.

5. Termination for Convenience

6. Contract Management Fee and Usage Report

6.1 Pursuant to 74 O.S. § 85.33A, the State assesses a contract management fee on all transactions under a statewide contract. The payment of such fee will be calculated for all transactions, net of returns and the Supplier has no right of setoff against such fee regardless of the payment status of any Customer or any aggregate accounts receivable percentage. Supplier acknowledges and agrees that all prices quoted under any statewide contract shall include the contract management fee and the contract

management fee shall not be reflected as a separate line item in Supplier's billing. The State reserves the right to change this fee upward or downward upon sixty (60) calendar days' written notice to Supplier without further requirement for an Addendum.

6.2 While Supplier is the awardee of a statewide contract, transactions that occur under the terms of the statewide contract are subject to a one percent (1%) contract management fee to be paid by Supplier. Reports shall include usage of the statewide contract by every Customer during the applicable quarter. Any amount paid to Supplier in the form of prepaid fees that are unused when services under the Contract or purchase order are terminated shall be refunded to Customer.

Pursuant to 62 O.S. § 34.31, if customized computer software is developed or modified exclusively for a State agency, the Supplier has a continuing obligation to comply with such law and place the source code for such software and any modifications thereto into escrow with an independent third party escrow agent. Supplier shall pay all fees charged by the escrow agent and enter into an escrow agreement, the terms of which are subject to the prior written approval of the State, including terms that provide the State receives ownership of all escrowed source code upon the occurrence of any of the following:

11 Ownership Rights

Any software developed by the Supplier under the terms of the Contract is for the sole and exclusive use of the State including but not limited to the right to use, reproduce, re-use, alter, modify, edit, or change the software as it sees fit and for any purpose. Moreover, except with regard to any deliverable based on Supplier Intellectual Property, the State shall be deemed the sole and exclusive owner of all right, title, and interest therein, including but not limited to all source data, information and materials furnished to the State, together with all plans, system analysis, and design specifications and drawings, completed programs and documentation thereof, reports and listing, all data and test procedures and all other items pertaining to the work and services to be performed pursuant to this Contract including all copyright and proprietary rights relating thereto. With respect to Supplier Intellectual Property, the Supplier grants the State, for no additional consideration, a perpetual, irrevocable, royalty-free license, solely for the internal business use of the State, to use, copy, modify, display, perform, transmit and prepare derivative works of Supplier Intellectual Property embodied in or delivered to the State in conjunction with the products.

Except for any Supplier Intellectual Property, all work performed by the Supplier of developing, modifying or customizing software and any related supporting documentation shall be considered as Work for Hire (as defined under the U.S. copyright laws) and, as such, shall be owned by and for the benefit of State.

In the event that it should be determined that any portion of such software or related supporting documentation does not qualify as “Work for Hire”, Supplier hereby irrevocably grants to the State, for no additional consideration, a non-exclusive, irrevocable, royalty-free license to use, copy, modify, display, perform, transmit and prepare derivative works of any such software and any Supplier Intellectual Property embodied in or delivered to the State in conjunction with the products.

Supplier shall assist the State and its agents, upon request, in preparing U.S. and foreign copyright, trademark, and/or patent applications covering software developed, modified or customized for the State. Supplier shall sign any such applications, upon request, and deliver them to the State. The State shall bear all expenses that incurred in connection with such copyright, trademark, and/or patent applications.

If any Acquisition pursuant to this Contract is funded wholly or in part with federal funds, the source code and all associated software and related documentation owned by the State may be

shared with other publicly funded agencies at the discretion of the State without permission from or additional compensation to the Supplier.

12 Intellectual Property Ownership

The following terms apply to ownership and rights related to Intellectual Property:

- 12.1** As between Supplier and Customer, the Work Product and Intellectual Property Rights therein are and shall be owned exclusively by Customer, and not Supplier. Supplier specifically agrees that the Work Product shall be considered “works made for hire” and that the Work Product shall, upon creation, be owned exclusively by Customer. To the extent that the Work Product, under applicable law, may not be considered works made for hire, Supplier hereby agrees that all right, title and interest in and to all ownership rights and all Intellectual Property Rights in the Work Product is hereby effectively transferred, granted, conveyed, assigned and relinquished exclusively to Customer, without the necessity of any further consideration, and Customer shall be entitled to obtain and hold in its own name all Intellectual Property Rights in and to the Work Product. Supplier acknowledges that Supplier and Customer do not intend Supplier to be a joint author of the Work Product within the meaning of the Copyright Act of 1976. Customer shall have access, during normal business hours (Monday through Friday, 8:00 a.m. to 5:00 p.m.) and upon reasonable prior notice to Supplier, to all Supplier materials, premises and computer files containing the Work Product. Supplier and Customer, as appropriate, will cooperate with one another and execute such other documents as may be reasonably appropriate to achieve the objectives herein. No license or other right is granted under the Contract to any Third Party Intellectual Property, except as may be incorporated in the Work Product by Supplier.
- 12.2** Supplier, upon request and without further consideration, shall perform any acts that may be deemed reasonably necessary or desirable by Customer to evidence more fully the transfer of ownership and/or registration of all Intellectual Property Rights in all Work Product to Customer to the fullest extent possible including, but not limited to, the execution, acknowledgement and delivery of such further documents in a form determined by Customer. In the event Customer shall be unable to obtain Supplier’s signature due to the dissolution of Supplier or Supplier’s failure to respond to Customer’s repeated requests for such signature on any document reasonably necessary for any purpose set forth in the foregoing sentence, Supplier hereby irrevocably designates and appoints Customer and its duly authorized officers and agents as Supplier’s agent and Supplier’s attorney-in-fact to act for and in Supplier’s behalf and stead to execute and file any such document and to do all other lawfully permitted acts to further any such purpose with the same force and effect as if executed and delivered by Supplier, provided however that no such grant of right to Customer is applicable if Supplier fails to execute any document due to a good faith dispute by Supplier with respect to such document. It is understood that such power is coupled with an interest and is therefore irrevocable. Customer shall have the full and sole power to prosecute such applications and to take all other action concerning the Work Product, and Supplier shall cooperate, at Customer’s sole expense, in the preparation and

prosecution of all such applications and in any legal actions and proceedings concerning the Work Product.

- 12.3** Supplier hereby irrevocably and forever waives, and agrees never to assert, any Moral Rights in or to the Work Product which Supplier may now have or which may accrue to Supplier's benefit under U.S. or foreign copyright or other laws and any and all other residual rights and benefits which arise under any other applicable law now in force or hereafter enacted. Supplier acknowledges the receipt of equitable compensation for its assignment and waiver of such Moral Rights.
- 12.4** All documents, information and materials forwarded to Supplier by Customer for use in and preparation of the Work Product shall be deemed the confidential information of Customer, subject to the license granted by Customer to Supplier hereunder. Supplier shall not otherwise use, disclose, or permit any third party to use or obtain the Work Product, or any portion thereof, in any manner without the prior written approval of Customer.
- 12.5** These provisions are intended to protect Customer's proprietary rights pertaining to the Work Product and the Intellectual Property Rights therein and any misuse of such rights would cause substantial and irreparable harm to Customer's business. Therefore, Supplier acknowledges and stipulates that a court of competent jurisdiction may immediately enjoin a material breach of the Supplier's obligations with respect to confidentiality provisions of the Contract and the Work Product and a Customer's Intellectual Property Rights, upon a request by Customer, without requiring proof of irreparable injury, as same is presumed.
- 12.6** Upon the request of Customer, but in any event upon termination or expiration of this Contract or a statement of work, Supplier shall surrender to Customer all documents and things pertaining to the Work Product, generated or developed by Supplier or furnished by Customer to Supplier, including all materials embodying the Work Product, any Customer confidential information and Intellectual Property Rights in such Work Product, regardless of whether complete or incomplete. This section is intended to apply to all Work Product as well as to all documents and things furnished to Supplier by Customer or by anyone else that pertains to the Work Product.
- 12.7** Customer hereby grants to Supplier a non-transferable, non-exclusive, royalty-free, fully paid license to use any Work Product solely as necessary to provide services to Customer. Except as provided in this section, neither Supplier nor any subcontractor shall have the right to use the Work Product in connection with the provision of services to its other customers without the prior written consent of Customer, which consent may be withheld in Customer's sole discretion.
- 12.8** To the extent that any Third Party Intellectual Property is embodied or reflected in the Work Product or is necessary to provide services, Supplier shall obtain from the applicable third party for the Customer's benefit, an irrevocable, perpetual, non-exclusive, worldwide, royalty-free license, solely for Customer's internal business purposes; likewise, with respect to any Supplier Intellectual Property embodied or reflected in the Work Product or

necessary to provide services, Supplier grants to Customer an irrevocable, perpetual, non-exclusive, worldwide, royalty-free license, solely for the Customer's internal business purposes. Each such license shall allow the applicable Customer to (i) use, copy, modify, display, perform (by any means), transmit and prepare derivative works of any Third Party Intellectual Property or Supplier Intellectual Property embodied in or delivered to Customer in conjunction with the Work Product and (ii) authorize others to do any or all of the foregoing. Supplier agrees to notify Customer on delivery of the Work Product or services if such materials include any Third Party Intellectual Property. The foregoing license includes the right to sublicense third parties, solely for the purpose of engaging such third parties to assist or carry out Customer's internal business use of the Work Product. Except for the preceding license, all rights in Supplier Intellectual Property remain in Supplier. On request, Supplier shall provide Customer with documentation indicating a third party's written approval for Supplier to use any Third Party Intellectual Property that may be embodied or reflected in the Work Product.

- 12.9** Supplier agrees that it shall have written agreement(s) that are consistent with the provisions hereof related to Work Product and Intellectual Property Rights with any employees, agents, consultants, contractors or subcontractors providing services or Work Product pursuant to the Contract, prior to the provision of such services or Work Product and that it shall maintain such written agreements at all times during performance of this Contract which are sufficient to support all performance and grants of rights by Supplier. Copies of such agreements shall be provided to the Customer promptly upon request.
- 12.10** To the extent not inconsistent with Customer's rights in the Work Product or other provisions, nothing in this Contract shall preclude Supplier from developing for itself, or for others, materials which are competitive with those produced as a result of the services provided under the Contract, provided that no Work Product is utilized, and no Intellectual Property Rights of Customer therein are infringed by such competitive materials. To the extent that Supplier wishes to use the Work Product or acquire licensed rights in certain Intellectual Property Rights of Customer therein in order to offer competitive goods or services to third parties, Supplier and Customer agree to negotiate in good faith regarding an appropriate license and royalty agreement to allow for such.
- 12.11** If any Acquisition pursuant to the Contract is funded wholly or in part with federal funds, the source code and all associated software and related documentation and materials owned by a Customer may be shared with other publicly funded agencies at the discretion of such Customer without permission from or additional compensation to the Supplier.

13 Hosting Services

- 13.1** If Supplier or its subcontractor, affiliate or any other person or entity providing products or services under the Contract Hosts Customer Data in connection with an Acquisition, the provisions of Appendix 1, attached hereto and incorporated herein, apply to such Acquisition.

13.2 If the Hosting of Customer Data by Supplier or its subcontractor, affiliate or any other person or entity providing products or services under the Contract contributes to or directly causes a Data Breach, Supplier shall be responsible for the obligations set forth in Appendix 1 related to breach reporting requirements and associated costs. Likewise if such Hosting contributes to or directly causes a Security Incident, Supplier shall be responsible for the obligations set forth in Appendix 1, as applicable.

14 Change Management

When a scheduled change is made to products or services provided to a Customer that impacts the Customer's system related to such product or service, Supplier shall provide two (2) weeks' prior written notice of such change. When the change is an emergency change, Supplier shall provide twenty-four (24) hours' prior written notice of the change. Repeated failure to provide such notice may be an evaluation factor (as indicative of Supplier's past performance) upon renewal or if future bids submitted by Supplier are evaluated by the State.

15 Service Level Deficiency

In addition to other terms of the Contract, in instances of the Supplier's repeated failure to provide an acceptable level of service or meet service level agreement metrics, service credits shall be provided by Supplier and may be used as an offset to payment due.

16 Notices

In addition to notice requirements under the terms of the Contract otherwise, the following individuals shall also be provided the request, approval or notice, as applicable:

Appendix 1 to State of Oklahoma Information Technology Terms

The parties agree to the following provisions in connection with any Customer Data accessed, processed or stored by or on behalf of the Supplier and the obligations, representations and warranties set forth below shall continue as long as the Supplier has an obligation under the Contract

A. Customer Data

1. Customer will be responsible for the accuracy and completeness of all Customer Data provided to Supplier by Customer. Customer shall retain exclusive ownership of all Customer Data. Non-Public Data and Personal Data shall be deemed to be Customer's confidential information. Supplier shall restrict access to Customer Data to their employees with a need to know (and advise such employees of the confidentiality and non-disclosure obligations assumed herein).
2. Supplier shall promptly notify the Customer upon receipt of any requests from unauthorized third parties which in any way might reasonably require access to Customer Data or Customer's use of the Hosted environment. Supplier shall notify the Customer by the fastest means available and also in writing pursuant to Contract notice provisions and the notice provision herein. Except to the extent required by law, Supplier shall not respond to subpoenas, service or process, Freedom of Information Act or other open records requests, and other legal request related to Customer without first notifying the Customer and obtaining the Customer's prior approval, which shall not be unreasonably withheld, of Supplier's proposed responses. Supplier agrees to provide its completed responses to the Customer with adequate time for Customer review, revision and approval.
3. Supplier will use commercially reasonable efforts to prevent the loss of or damage to Customer Data in its possession and will maintain commercially reasonable back-up procedures and copies to facilitate the reconstruction of any Customer Data that may be lost or damaged by Supplier. Supplier will promptly notify Customer of any loss, damage to, or unauthorized access of Customer Data. Supplier will use commercially reasonable efforts to reconstruct any Customer Data that has been lost or damaged by Supplier as a result of its negligence or willful misconduct. If Customer Data is lost or damaged for reasons other than as a result of Supplier's negligence or willful misconduct, Supplier, at the Customer's expense, will, at the request of the State, use commercially reasonable efforts to reconstruct any Customer Data lost or damaged.

B. Data Security

1. Supplier will use commercially reasonable efforts, consistent with industry standards, to provide security for the Hosted environment and Customer Data and to protect against both unauthorized access to the Hosting environment, and unauthorized communications between the Hosting environment and the Customer's browser. Supplier shall implement and maintain appropriate administrative, technical and organizational security measures to safeguard against unauthorized access, disclosure or theft of Personal Data and Non-Public

Data. Such security measures shall be in accordance with recognized industry practice and not less stringent than the measures the service provider applies to its own personal data and non-public data of similar kind.

2. All Personal Data and Non-public Data shall be encrypted at rest and in transit with controlled access. Unless otherwise stipulated, the service provider is responsible for encryption of Personal Data.
3. Supplier represents and warrants to the Customer that the Hosting equipment and environment will be routinely checked with a commercially available, industry standard software application with up-to-date virus definitions. Supplier will regularly update the virus definitions to ensure that the definitions are as up-to-date as is commercially reasonable. Supplier will promptly purge all viruses discovered during virus checks. If there is a reasonable basis to believe that a virus may have been transmitted to Customer by Supplier, Supplier will promptly notify Customer of such possibility in a writing that states the nature of the virus, the date on which transmission may have occurred, and the means Supplier has used to remediate the virus. Should the virus propagate to Customer's IT infrastructure, Supplier is responsible for costs incurred by Customer for Customer to remediate the virus.
4. Supplier shall provide its services to Customer and its users solely from data centers in the U.S. Storage of Customer Data at rest shall be located solely in data centers in the U.S. Supplier shall not allow its personnel or contractors to store Customer Data on portable devices, including personal computers, except for devices that are used and kept only at its U.S. data centers. Supplier shall permit its personnel and contractors to access Customer Data remotely only as required to fulfill Supplier's obligations under the Contract.
5. Supplier shall allow the Customer to audit conformance to the Contract terms. The Customer may perform this audit or contract with a third party at its discretion and at Customer's expense.
6. Supplier shall perform an independent audit of its data centers at least annually at its expense and provide a redacted version of the audit report upon request. Supplier may remove its proprietary information from the redacted version. A Service Organization Control (SOC) 2 audit report or approved equivalent sets the minimum level of a third-party audit.
7. Any remedies provided in this Appendix are not exclusive and are in addition to other rights and remedies available under the terms of the Contract, at law or in equity.

C. Security Assessment

1. The State requires any entity or third-party Supplier Hosting Oklahoma Customer Data to submit to a State Certification and Accreditation Review process to assess initial security risk. Supplier submitted to the review and met the State's minimum security standards at time the Contract was executed. Failure to maintain the State's minimum security standards

during the term of the contract, including renewals, constitutes a material breach. Upon request, the Supplier shall provide updated data security information in connection with a potential renewal. If information provided in the security risk assessment changes, Supplier shall promptly notify the State and include in such notification the updated information; provided, however, Supplier shall make no change that results in lessened data protection or increased data security risk. Failure to provide the notice required by this section or maintain the level of security required in the Contract constitutes a material breach by Supplier and may result in a whole or partial termination of the Contract.

2. Any Hosting entity change must be approved in writing prior to such change. To the extent Supplier requests a different sub-contractor than the third-party Hosting Supplier already approved by the State, the different sub-contractor is subject to the State's approval. Supplier agrees not to migrate State's data or otherwise utilize the different third-party Hosting Supplier in connection with key business functions that are Supplier's obligations under the contract until the State approves the third-party Hosting Supplier's State Certification and Accreditation Review, which approval shall not be unreasonably withheld or delayed. In the event the third-party Hosting Supplier does not meet the State's requirements under the State Certification and Accreditation Review, Supplier acknowledges and agrees it will not utilize the third-party Supplier in connection with key business functions that are Supplier's obligations under the contract, until such third party meets such requirements.

D. Security Incident or Data Breach Notification: Supplier shall inform Customer of any Security Incident or Data Breach.

1. Supplier may need to communicate with outside parties regarding a Security Incident, which may include contacting law enforcement, fielding media inquiries and seeking external expertise as mutually agreed upon, defined by law or contained in the Contract. If a Security Incident involves Customer Data, Supplier will coordinate with Customer prior to any such communication.
2. Supplier shall report a Security Incident to the Customer identified contact set forth herein within five (5) days of discovery of the Security Incident or within a shorter notice period required by applicable law or regulation (i.e. HIPAA requires notice to be provided within 24 hours).
3. Supplier shall:
 - a. Maintain processes and procedures to identify, respond to and analyze Security Incidents;
 - b. Make summary information regarding such procedures available to Customer at Customer's request;
 - c. Mitigate, to the extent practicable, harmful effects of Security Incidents that are known to Supplier; and

d. Document all Security Incidents and their outcomes.

4. If Supplier has reasonable belief or actual knowledge of a Data Breach, Supplier shall (1) promptly notify the appropriate Customer identified contact set forth herein within 24 hours or sooner, unless shorter time is required by applicable law, and (2) take commercially reasonable measures to address the Data Breach in a timely manner.

E. **Breach Responsibilities:** This section only applies when a Data Breach occurs with respect to Personal Data or Non-Public Data within the possession or control of Supplier.

1. Supplier shall (1) cooperate with Customer as reasonably requested by Customer to investigate and resolve the Data Breach, (2) promptly implement necessary remedial measures, if necessary, and (3) document responsive actions taken related to the Data Breach, including any post-incident review of events and actions taken to make changes in business practices in providing the services, if necessary.
2. Unless otherwise stipulated, if a Data Breach is a direct result of Supplier's breach of its obligation to encrypt Personal Data and Non-Public Data or otherwise prevent its release, Supplier shall bear the costs associated with (1) the investigation and resolution of the Data Breach; (2) notifications to individuals, regulators or others required by state law; (3) credit monitoring services required by state or federal law; (4) a website or toll-free numbers and call center for affected individuals required by state law – all not to exceed the agency per record per person cost calculated for data breaches in the United States on the most recent Cost of Data breach Study: Global Analysis published by the Ponemon Institute at the time of the data breach; and (5) complete all corrective actions as reasonably determined by Supplier based on root cause.
3. If a Data Breach is a direct result of Supplier's breach of its obligations to encrypt Personal Data and Non-Public Data or otherwise prevent its release, Supplier shall indemnify and hold harmless the Customer against all penalties assessed to Indemnified Parties by governmental authorities in connection with the Data Breach.

F. **Notices**

In addition to notice requirements under the terms of the Contract and those set forth above, a request, an approval or a notice in connection with this Appendix provided by Supplier shall be provided to:

Chief Information Security Officer

3115 N. Lincoln Blvd

Oklahoma City, OK 73105

and

servicedesk@omes.ok.gov.

G. Supplier Representations and Warranties

Supplier represents and warrants the following:

1. The product and services provided in connection with Hosting services do not infringe a third party's patent or copyright or other intellectual property rights.
2. Supplier will protect Customer's Non-Public Data and Personal Data from unauthorized dissemination and use with the same degree of care that each such party uses to protect its own confidential information and, in any event, will use no less than a reasonable degree of care in protecting such confidential information.
3. The execution, delivery and performance of the Contract and any ancillary documents and the consummation of the transactions contemplated by the Contract or any ancillary documents by Supplier will not violate, conflict with, or result in a breach of any provision of, or constitute a default (or an event which, with notice or lapse of time or both, would constitute a default) under, or result in the termination of, any written contract or other instrument between Supplier and any third parties retained or utilized by Supplier to provide goods or services for the benefit of the Customer.
4. Supplier shall not knowingly upload, store, post, e-mail or otherwise transmit, distribute, publish or disseminate to or through the Hosting environment any material that contains software viruses, malware or other surreptitious code designed to interrupt, destroy or limit the functionality of any computer software or hardware or telecommunications equipment or circumvent any "copy-protected" devices, or any other harmful or disruptive program.

H. Indemnity

Supplier agrees to defend, indemnify and hold the State, its officers, directors, employees, and agents harmless from all liabilities, claims, damages, losses, costs, expenses, demands, suits and actions (including without limitation reasonable attorneys' fees and costs required to establish the right to indemnification), excluding damages that are the sole fault of Customer, arising from or in connection with Supplier's breach of its express representations and warranties in these Information Technology Terms and the Contract. If a third party claims that any portion of the products or services provided by Supplier under the terms of another Contract Document or these Information Technology Terms infringes that party's patent or copyright, Supplier shall defend, indemnify and hold harmless the State and Customer against the claim at Supplier's expense and pay all related costs, damages, and attorney's fees incurred by or assessed to, the State and/or Customer. The State and/or Customer shall promptly notify Supplier of any third party claims and to the extent authorized by the Attorney General of the State, allow Supplier to control the defense and any related settlement negotiations. If the Attorney General of the State does not authorize sole control of the defense and settlement negotiations to Supplier, Supplier shall be granted authorization to equally participate in any proceeding related to this section but Supplier shall remain responsible to indemnify Customer and the State for all associated costs, damages and fees incurred by or assessed to the State and/or Customer. Should the software become, or in Supplier's

INTRODUCTION

The use and maintenance of all items of software or equipment offered for purchase herein must be in compliance with the most current version of the U.S. Department of Justice, Federal Bureau of Investigation (“FBI”), Criminal Justice Information Services (CJIS) Division’s CJIS Security Policy (“CJIS Security Policy” or “Security Policy” herein).

The Entity or Affiliate acquiring the data or system is hereby ultimately responsible for compliance with the CJIS Security Policy and will be subject to an audit by the State of Oklahoma CJIS Systems Officer (“CSO”) and the FBI CJIS Division’s Audit Staff.

CJIS SECURITY POLICY REQUIREMENTS GENERALLY

The CJIS Security Policy outlines a number of administrative, procedural, and technical controls agencies must have in place to protect Criminal Justice Information (“CJI”). Our experience is that agencies will generally have many of the administrative and procedural controls in place but will need to implement additional technical safeguards in order to be in complete compliance with the mandate. A Criminal Justice Agency (“CJA”) and certain other governmental agencies procuring technology equipment and services that could be used in hosting or connecting or transmitting or receiving CJI data may need to use the check list herein to make sure that the software, equipment, location, security, and persons having the ability to access CJI will meet the CJIS requirements per the then current CJIS Security Policy. A completed Appendix H to said Security Policy will need to be signed by Vendor or a 3rd party if it has access to CJI, such as incident to the maintenance or support of the purchased hardware or software within which resides CJI. **Per Appendix “A” to said Security Policy, “access to CJI is the physical or logical (electronic) ability, right or privilege to view, modify or make use of CJI.”**

DIRECTIVE CONCERNING ACCESS TO CRIMINAL JUSTICE INFORMATION AND TO HARDWARE OR SOFTWARE WHICH INTERACTS WITH CJI and CERTIFICATION

The FBI CJIS Division provides state-of-the-art identification and information services to the local, state, tribal, federal, and international criminal justice communities for criminal justice purposes, as well as the noncriminal justice communities for noncriminal justice purposes.

This Directive primarily concerns access to CJI and access to hardware and software in the use, retention, transmission, reception, and hosting of CJI for criminal justice purposes and not for noncriminal justice purposes. In that regard, this Directive is not only applicable to such data, but also to the hardware and software interacting with such data, their location(s), and persons having the ability to access such data. The CJIS data applicable to the Security Policy is the data described as such in said Policy **plus all data transmitted over the Oklahoma Law Enforcement Telecommunications System (“OLETS”) which is operated by DPS.**

In order to have access to CJI or to the aforesaid hardware or software, the vendor must be familiar with the FBI CJIS Security Policy, including but not limited to the following portions of said Security Policy:

1. the Definitions and Acronyms in §3 & Appendices “A” & “B”;

2. the general policies in §4;
3. the Policies in §5;
4. the appropriate forms in Appendices “D”, “E”, “F” & “H”; and
5. the Supplemental Guidance in Appendices “J” & “K”.

This FBI Security Policy is located and may be downloaded at: <https://www.fbi.gov/services/cjis/cjis-security-policy-resource-center>.

By executing the Contract to which this Directive is attached, the vendor hereby CERTIFIES that the foregoing directive has and will be followed, including but not limited to full compliance with the FBI CJIS Security Policy, as amended and as applicable.

The training on the agency's security policy and procedures provided before the initial certification and annually thereafter must also cover the incident response policy and procedure for reporting unauthorized disclosures and data breaches. For the initial certification and the annual recertifications, the contractor and each officer or employee must sign, either with ink or electronic signature, a confidentiality statement certifying their understanding of the security requirements.

8. CJIS Requirements (If applicable)

- a. INTRODUCTION

This section shall be applicable to the extent that Contractor takes possession or control of CJIS data. The use and maintenance of all items of software or equipment offered for purchase herein must be in compliance with the most current version of the U.S. Department of Justice, Federal Bureau of Investigation ("FBI"), Criminal Justice Information Services (CJIS) Division's CJIS Security Policy ("CJIS Security Policy" or "Security Policy" herein).

The Entity or Affiliate acquiring the data or system is hereby ultimately responsible for compliance with the CJIS Security Policy and will be subject to an audit by the State of Oklahoma CJIS Systems Officer ("CSO") and the FBI CJIS Division's Audit Staff.

b. CJIS SECURITY POLICY REQUIREMENTS GENERALLY

The CJIS Security Policy outlines a number of administrative, procedural, and technical controls agencies must have in place to protect Criminal Justice Information (“CJI”). Our experience is that agencies will generally have many of the administrative and procedural controls in place but will need to implement additional technical safeguards in order to be in complete compliance with the mandate. A Criminal Justice Agency (“CJA”) and certain other governmental agencies procuring technology equipment and services that could be used in hosting or connecting or transmitting or receiving CJI data may need to use the check list herein to make sure that the software, equipment, location, security, and persons having the ability to access CJI will meet the CJIS requirements per the then current CJIS Security Policy. A completed Appendix H to said Security Policy will need to be signed by Vendor or a 3rd party if it has access to CJI, such as incident to the maintenance or support of the purchased hardware or software within which resides CJI. Per Appendix “A” to said Security Policy, “access to CJI is the physical or logical (electronic) ability, right or privilege to view, modify or make use of CJI.”

c. DIRECTIVE CONCERNING ACCESS TO CRIMINAL JUSTICE INFORMATION AND TO HARDWARE OR SOFTWARE WHICH INTERACTS WITH CJI AND CERTIFICATION

The FBI CJIS Division provides state-of-the-art identification and information services to the local, state, tribal, federal, and international criminal justice communities for criminal justice purposes, as well as the noncriminal justice communities for noncriminal justice purposes.

This Directive primarily concerns access to CJI and access to hardware and software in the use, retention, transmission, reception, and hosting of CJI for criminal justice purposes and not for noncriminal justice purposes. In that regard, this Directive is not only applicable to such data, but also to the hardware and software interacting with such data, their location(s), and persons having the ability to access such data. The CJIS data applicable to the Security Policy is the data described as such in said Policy plus all data transmitted over the Oklahoma Law Enforcement Telecommunications System (“OLETS”) which is operated by DPS.

In order to have access to CJI or to the aforesaid hardware or software, the vendor must be familiar with the FBI CJIS Security Policy, including but not limited to the following portions of said Security Policy:

1. the Definitions and Acronyms in §3 & Appendices “A” & “B”;

2. the general policies in §4;
3. the Policies in §5;
4. the appropriate forms in Appendices “D”, “E”, “F” & “H”; and
5. the Supplemental Guidance in Appendices “J” & “K”.

This FBI Security Policy is located and may be downloaded at:
<https://www.fbi.gov/services/cjis/cjissecurity-policy-resource-center>.

By executing the Contract to which this Directive is attached, the vendor hereby CERTIFIES that the foregoing directive has and will be followed, including but not limited to full compliance with the FBI CJIS Security Policy, as amended and as applicable.

Attachment E-1

MASTER LEASE AGREEMENT (Oklahoma)

**Between State Of Oklahoma by and through Office of Management and Enterprise
Services**

And Dell Financial Services, L.L.C. ("Lessor")

Dated 07/20/2023

1. Scope.

This Master Lease Agreement (this "Agreement" or "MLA"), effective as of the Effective Date set forth above, is between the Lessor and the State of Oklahoma (the "State") by and through the Office of Management and Enterprise Services ("OMES"). Capitalized terms have the meaning set forth in this Agreement.

Lessor hereby leases to Lessee (as defined below), and Lessee hereby leases from Lessor the Equipment described on each Lease Schedule ("Schedule"), which is a separate agreement executed from time to time by Lessor and Lessee under the terms of this MLA. The terms and conditions contained herein shall apply to each Schedule that is properly executed in conjunction with this MLA by each Lessee. Schedules may be entered into hereunder by the named State's affiliates (as approved by Lessor) organized under the laws of a jurisdiction within the United States of America, which affiliates are listed in attached Exhibit A hereto (each, an "Affiliate"). For purposes of this Agreement, "Affiliate" means any agency, authority, office, bureau, board, council, court, commission, department, district, institution, unit, division, body or house of any branch of the State's government. The State by and through OMES and each Lessee (as defined below) has made an independent legal and management determination to enter into this transaction. Exhibit A may be amended from time to time by the undersigned Lessee and Lessor. Exhibit A may be amended from time to time by the undersigned Lessee and Lessor. Each such Affiliate which executes a Schedule shall be considered a "Lessee" under this Agreement and under each Lease to which it is a party. No Lessee hereunder shall have any obligation or liability for any other Lessee's obligations or liabilities under any Lease, and a default by one Lessee under a Lease shall not constitute a default by any other Lessee under any other Lease. Prompt payment of all Rent and other amounts due and performance of all obligations of each Lessee owed to Lessor and its successors and assigns as required under this Agreement and each Schedule shall be absolute and unconditional, regardless of any circumstance which might otherwise be a defense available to, or a discharge of, each Lessee, except as provided for within Section 7 of this MLA. Each Lessee agrees to provide a Certificate of Incumbency or similar evidence of authorization that any person signing a Schedule on behalf of such Lessee shall have the authority to bind such Lessee under the terms of the Lease.

Each Lessee has made an independent legal and management determination to enter into this MLA and each Schedule. The State by and through OMES has not offered or given any legal or management advice to the Lessor or to any Lessee under any Schedule. Lessee may negotiate additional terms or more advantageous terms with the Lessor to satisfy individual procurements, such terms shall be developed by the Lessor and Lessee and stated within the Schedule. To the extent that any of the provisions of the MLA conflict with

any of the terms contained in any Schedule, the terms of the Schedule shall control. It is expressly understood that the term "Equipment" shall refer to the Products and any related Services as described on a Schedule and any associated items therewith, including but not limited to all parts, replacements, additions, repairs, and attachments incorporated therein and/or affixed thereto, all document (technical and/or user manuals), operating system and application software as needed, as allowed by and procured pursuant to Oklahoma Statewide Contract No. 1020D, effective as of 07/20/2023, awarded via Solicitation No. 0900000560, between Dell Marketing, L.P. and the State of Oklahoma by and through the Office of Management and Enterprise Services (the "Contract").

Any reference to "MLA" shall mean this Agreement, including the Opinion of Counsel, and any riders, amendments and addenda thereto, and any other documents as may from time to time be made a part hereof upon mutual agreement by Lessee and Lessor.

As to conditions precedent to Lessor's obligations to purchase any Equipment, (i) Lessee shall accept the MLA terms and conditions as set forth herein and execute all applicable documents such as this MLA, the Schedule, the Acceptance Certificate, Opinion of Counsel (only required in connection with a Schedule of greater or equal to \$2,500,000), and any other documentation as may be required by the Lessor that is not in conflict with this MLA, and (ii) there shall be no material adverse change in Lessee's financial condition except as provided for within Section 7 of this MLA.

2. Term of MLA.

The term of this MLA shall commence on the Effective Date above and shall continue until (i) the obligations of every Lessee under any and all Schedules are fully discharged, (ii) the full and final expiration date of the Contract, or (iii) either party terminates either this MLA or the underlying Contract. In regards to either the Contract expiration date or Contract termination date or the termination of this MLA or any Schedule, before any obligations of any Lessee under every Schedule are fully discharged, such Schedules and such other provisions of the Contract and this MLA as may be necessary to preserve the rights of the Lessor or each Lessee thereunder shall survive said termination or expiration and remain in full force and effect.

3. Term of Schedule.

The term for each Schedule, executed under this MLA, shall commence on the date of execution of an Acceptance Certificate by the Lessee or twenty (20) days after the delivery of the last piece of Equipment to the Lessee ("Commencement Date"), and unless earlier terminated as provided for in the MLA, shall continue for the number of whole months or other payment periods as set forth in the applicable Schedule Term, commencing on the first day of the month following the Commencement Date (or commencing on the Commencement Date if such date is the first day of the month). The Schedule Term may be earlier terminated upon: (i) the Non-appropriation of Funds pursuant to Section 7 of this MLA, (ii) an Event of Loss pursuant to Section 18 of this MLA, or (iii) an Event of Default by Lessee and Lessor's election to cancel the Schedule pursuant to Section 24 of this MLA.

4. Administration of MLA.

- (a) For requests involving the leasing of Equipment, Lessee will submit its request directly to the Lessor. Lessor shall apply the then current Equipment pricing discounts as stated within Attachment E-1 of the Contract or the price as agreed upon by Lessee and Lessor. Lessor shall submit the lease proposal and all other applicable documents directly to the potential Lessee and negotiate the Schedule terms directly with the potential Lessee. Lessor and Lessee shall use the negotiated templates for the Public Secretary/Clerk Certificate, Opinion of Counsel and True Lease Schedule templates negotiated by Lessor and OMES. Sample templates are attached hereto as Exhibit B. Any material deviation from the negotiated templates requires written approval from both Lessor and OMES.
- (b) Each Lease executed under this MLA qualifies as a statutory finance lease under Article 2A of the UCC and shall be treated as a "transaction" as defined in the underlying Contract, as applicable and to the extent said terms are not in conflict with the terms of this MLA, in regards to the requirements of the Lessor to report the sale and to the extent applicable to a finance lessor only, make payment of the contract management fee or other applicable regulatory authority.
- (c) Upon agreement by Lessor and each Lessee on pricing, availability and the like, each Lessee may issue a purchase order in the amount indicated on the Schedule to Lessor for the Equipment and reference this MLA as executed by the State by and through OMES and Lessor and each corresponding Schedule executed by and between each Lessee and Lessor on the purchase order. Any pre-printed terms and conditions on the purchase order submitted by the Lessee shall not be effective with respect to the lease of Equipment hereunder. Rather, the terms and conditions of this MLA and each applicable Schedule shall control in all respects.
- (d) Nothing herein shall require the Lessor to use this MLA exclusively with Lessees. Further, this MLA shall not constitute a requirements Agreement and Lessor shall not be obligated to enter into any Schedule for the lease of Equipment with any Lessee.

5. Rent Payments.

During the Schedule Term and any renewal terms, Lessee agrees to pay Lessor Rent Payments. Rent Payments shall be the amount equal to the Rent Payment amount specified in the Schedule multiplied by the amount of the total number of Rent Payments specified therein. Lessee shall pay Rent Payments in the amount and on the due dates specified by Lessor until all Rent Payments and all other amounts due under the Schedule have been paid in full. If the Schedule Commencement Date is other than the first day of a month, Lessee shall make an initial payment on the Schedule Commencement Date in an amount equal to one-thirtieth of the Rent Payment specified in the Schedule for each day from the Schedule Commencement Date (including the Schedule Commencement Date) through the last day of such month (including that day). For example, if a scheduled payment amount is \$3,000 and the Scheduled Commencement date is the 15th of the month, a payment of \$1,500 will be made.

Any amounts received by Lessor from the Lessee in excess of Rent Payments and any other sums required to be paid by the Lessee shall be applied to the next scheduled Rent Payment due under the applicable Schedule, or if prohibited by law, the Lessor shall return the excess funds directly to Lessee. All Rent

Payments shall be paid to the Lessor at the address stated on the Schedule or any other such place as the Lessor or its assigns may hereafter direct to the Lessee. Lessee shall abide by the terms and conditions provided for in this MLA regarding the leasing and financing of the Equipment and the underlying Contract, as applicable and to the extent said terms are not in conflict with the terms of this MLA regarding Lessee's procurement of the Equipment thereunder, in making payments to the Lessor under the MLA and each Schedule. Any sum received by the Lessor later than allowed by applicable Oklahoma law will bear interest in accordance with such applicable law. To the extent allowed by applicable law, late charges, attorney's fees and other costs or expenses necessary to recover Rent Payments and any other amounts owed by Lessee hereunder are considered an integral part of this MLA.

Each Schedule is a net lease and except as specifically provided herein or in a Schedule, Lessee shall be responsible for all costs and expenses arising in connection with the Schedule or Equipment. Lessee acknowledges and agrees, except as specifically provided for in Section 7 of this MLA, that its obligation to pay Rent and other sums payable hereunder, and the rights of Lessor and Lessor's assignees, shall be absolute and unconditional in all events, and shall not be abated, reduced or subject to offset or diminished as a result of any event, including without limitation damage, destruction, defect, malfunction, loss of use, or obsolescence of the Equipment, or any other event, defense, counterclaim or recoupment due or alleged to be due by reason of any past, present or future claims Lessee may have against Lessor, Lessor's assigns, the manufacturer, vendor, or maintainer of the Equipment, or any person for any reason whatsoever.

"Price" shall mean the actual purchase price of the Equipment. Rent Payments shall be adjusted proportionately downward if the actual price of the Equipment is less than the estimate (original proposal), and the Lessee herein authorizes Lessor to adjust the Rent Payments downward in the event of the decrease in the actual Equipment price. However, in the event that the Equipment price is more than the estimate (original proposal), the Lessor may not adjust the Rent Payment without prior written approval of the Lessee.

6. Liens and Taxes.

Lessee shall keep the Equipment free and clear of all levies, liens and encumbrances, except those in favor of Lessor or its assigns, and shall give Lessor immediate notice of any attachment or other judicial process affecting any item of Equipment. Unless Lessee first provides proof of exemption therefrom (e.g., State of Oklahoma Tax Commission Sales Tax Exemption Letter (Exemption No. 999999) for Oklahoma Government Entities dated January 17, 2023, State of Oklahoma Attorney General Opinion, 1978 OK AG 256 dated December 28, 1978, State of Oklahoma Attorney General Opinion No. 88-73, 1988 OK AG 73 dated March 16, 1989, etc.), Lessee shall promptly reimburse Lessor, upon receipt of an accurate invoice, as an additional sum payable under this MLA, or shall pay directly if so requested by Lessor, all license and registration fees, sales, use, and all other taxes and charges imposed by any federal, state, or local governmental or taxing authority, from which the Lessee is not exempt, whether assessed against Lessee or Lessor, relating to the purchase, ownership, leasing, or use of the Equipment or the Rent Payments, excluding all taxes computed upon the net income of Lessor. Any tax statement received by the Lessor, for taxes payable by the Lessee, shall be promptly forwarded by the Lessor to the Lessee for payment.

7. Appropriation of Funds.

- (a) This paragraph applies only to Lessees designated as state agencies or other governmental entities authorized by Oklahoma law to utilize contracts awarded by the State of Oklahoma.

Lessee intends to continue each Schedule to which it is a party for the Schedule Term and to pay the Rent and other amounts due thereunder. Lessee reasonably believes that legally available funds in an amount sufficient to pay all Rent during the Schedule Term can be obtained. Lessee further intends to act in good faith to do those things reasonably and lawfully within its power to obtain and maintain funds from which the Rent may be paid. Notwithstanding the foregoing, in the event sufficient funds are not appropriated or received from an intended third party funding source to continue the Schedule Term for any Fiscal Period (as set forth on the Schedule) of Lessee beyond the Fiscal Period first in effect at the Commencement of the Schedule Term, Lessee may terminate the Schedule with regard to not less than all of the Equipment on the Schedule so affected. Lessee shall provide Lessor written notice within a reasonable time after which the Lessee has knowledge of such insufficiency and confirm the Schedule will be so terminated prior to the end of its current Fiscal Period. All obligations of Lessee to pay Rent due after the end of the Fiscal Period for which such termination applies will cease, all interests of Lessee in the Equipment will terminate and Lessee shall surrender the Equipment in accordance with Section 13 of this MLA. Notwithstanding the foregoing, Lessee agrees, without creating a pledge, lien or encumbrance upon funds available to Lessee in other than its current Fiscal Period, that it will use reasonable efforts to obtain appropriation of funds to avoid termination of the Schedule by taking reasonable and appropriate action including the inclusion in Lessee's budget request for each Fiscal Period during the Schedule Term hereof a request for adequate funds to meet its obligations and to continue the Schedule in force. Lessee represents and warrants it has adequate funds to meet its obligations during the first Fiscal Period of the Schedule Term. Lessor and Lessee understand and intend that the obligation of Lessee to pay Rent hereunder shall constitute a current expense of Lessee and shall not in any way be construed to be a debt of Lessee in contravention of any applicable constitutional or statutory limitation or requirement concerning the creation of indebtedness by Lessee, nor shall anything contained herein constitute a pledge of the general revenues, funds or monies of Lessee beyond the Fiscal Period for which sufficient funds have been appropriated to pay Rent hereunder.

8. Selection of Equipment.

The Equipment is the size, design, capacity and manufacture selected by Lessee in its sole judgment and not in reliance on the advice or representations of Lessor. No representation by the manufacturer or a vendor shall in any way affect Lessee's duty to pay Rent and perform its other obligations hereunder. Each Schedule is intended to be a "finance lease" as defined in Article 2A of the Uniform Commercial Code. Lessor has acquired or will acquire the Equipment in connection with this MLA. Lessor shall not be liable for damages for any reason, for any act or omission of the supplying manufacturer. Lessor hereby assigns, to the extent they are assignable, to the Lessee, without recourse to Lessor, any warranties provided to Lessor with respect to the Equipment during the Term of the applicable Schedule. Lessee acknowledges that neither its dissatisfaction with any unit of Equipment, nor the failure of any of the Equipment to remain in useful condition for the Schedule Term, nor the loss of possession or the right of possession of the Equipment or any part thereof by the Lessee, shall relieve Lessee from the obligations under this MLA or Schedule Term.

Lessee shall have no right, title or interest in or to the Equipment except the right to use the same upon the terms and conditions herein contained. The Equipment shall remain the sole and exclusive personal property of the Lessor and not be deemed a fixture whether or not it becomes attached to any real property of the Lessee. Any labels supplied by Lessor to Lessee, describing the ownership of the Equipment, shall be affixed by Lessee upon a prominent place on each item of Equipment.

9. Inspection and Acceptance.

Promptly upon delivery of the Equipment, Lessee will inspect and test the Equipment, and not later than ten (10) business days following the Commencement Date, Lessee will execute and deliver either (i) an Acceptance Certificate, or (ii) written notification of any defects in the Equipment. If Lessee has not given notice within such time period, the Equipment shall be conclusively deemed accepted by the Lessee as of the tenth (10th) business day. Lessor, its assigns or their agents, shall be permitted free access at reasonable times authorized by the Lessee, the right to inspect the Equipment.

10. Installation and Delivery; Use of Equipment; Repair and Maintenance.

- (a) Except as provided otherwise in a Schedule, all transportation, delivery, and installation costs associated with the Equipment shall be borne by the Lessee. Lessor is not and shall not be liable for damages if for any reason the manufacturer of the Equipment delays the delivery or fails to fulfill the order by the Lessee's desired timeframe. Any delay in delivery by the manufacturer shall not affect the validity of any Schedule. Lessee shall provide a place of installation for the Equipment, which conforms to the requirements of the manufacturer and Lessor.
- (b) Subject to the terms hereof, Lessee shall be entitled to use the Equipment in compliance with all laws, rules, and regulations of the jurisdiction wherein the Equipment is located and will pay all cost, claims, damages, fees and charges arising out of its possession, use or maintenance. Lessee agrees to solely use the Equipment in the conduct of Lessee's business. Lessee agrees, at its expense, to obtain all applicable permits and licenses necessary for the operation of the Equipment, and keep the Equipment in good working order, repair, appearance and condition (reasonable wear and tear is acceptable). Lessee shall not use or permit the use of the Equipment for any purpose, which according to the specification of the manufacturer, the Equipment is not designed or reasonably suited. Lessee shall use the Equipment in a careful and proper manner and shall comply with all of the manufacturer's instructions, governmental rules, regulations, requirements, and laws, and all insurance requirements, if any, with regard to the use, operation or maintenance of the Equipment.
- (c) Lessee, at its expense, shall take good and proper care of the Equipment and make all repairs and replacements necessary to maintain and preserve the Equipment and keep it in good order and condition. Unless Lessor shall otherwise consent in writing, Lessee shall, at its own expense, enter into and maintain in force a maintenance agreement covering each unit of Equipment. Lessee shall furnish Lessor with a copy of such agreement, upon request. Lessor agrees that state agencies of Oklahoma may obtain internal maintenance services in lieu of a third party maintenance agreement, so long as any such maintenance service does not void the Equipment manufacturer's or supplier's warranty. Except as provided otherwise in a Schedule, Lessee shall pay all costs to install and dismantle the Equipment. Lessee shall not make any alterations, additions, or improvements, or add attachments to

the Equipment without the prior written consent of Lessor, except for additions or attachments to the Equipment purchased by Lessee from the original supplier of the Equipment or any other person approved by Lessor. If Lessee desires to lease any such additions or attachments, Lessee hereby grants to Lessor the right of first refusal to provide such lease financing to Lessee for such items. Subject to the provisions of Section 13B of this MLA, Lessee agrees to restore the Equipment to Return Condition prior to its return to the Lessor.

11. Relocation of Equipment.

Lessee shall at all times keep the Equipment within its exclusive possession and control. Upon Lessor's prior written consent, which shall not be unreasonably withheld, Lessee may move the Equipment to another location of Lessee within the continental United States, provided (i) Lessee is not in default on any Schedule, (ii) Lessee executes and causes to be filed at its expense such instruments as are necessary to preserve and protect the interests of Lessor and its assigns in the Equipment, (iii) Lessee pays all costs of, and provides adequate insurance during such movement, and (iv) Lessee pays all costs otherwise associated with such relocation. Notwithstanding the foregoing, Lessee may move the Equipment to another location within Oklahoma without notification to, or the consent of, Lessor. Provided, however, that not later than December 31 of each calendar year, Lessee shall provide Lessor a written report detailing the total amount of Equipment at each location of Lessee as of that date, and the complete address for each location. Lessor shall make all filings and returns for property taxes due with respect to the Equipment, and Lessee agrees that it shall not make or file any property tax returns, including information returns, with respect to the Equipment.

12. Ownership.

The Equipment shall at all times be and remain the sole and exclusive property of Lessor, subject to the parties rights under any applicable software license agreement. Lessee shall have no right, title or interest in the Equipment except a leasehold interest as provided for herein. Lessee agrees that the Equipment shall be and remain personal property and shall not be so affixed to realty as to become a fixture or otherwise to lose its identity as the separate property of the Lessor. Upon request, Lessee will enter into any and all agreements necessary to ensure that the Equipment remain the personal property of Lessor.

13. FMV End of Lease Options; Location and Return of Equipment.

- (a) Not less than ninety (90) days (but no more than one hundred and eighty (180) days) prior to the expiration of the initial Schedule Term (the "Expiration Date") Lessor shall notify a Lessee of the following end of lease options: (i) renew the Schedule Term for a minimum of six (6) months at a rate and for a term agreed upon by both parties, (ii) purchase all of the Equipment at the Fair Market Value (as defined below); or (iii) return all of the Equipment to Lessor in accordance with the Agreement. If Lessee desires to exercise one of the above options, it shall give Lessor irrevocable written notice of its intention to exercise such option at least ninety (90) days (but no more than one hundred and eighty (180) days) before the Expiration Date.

If the Lessee exercises the option to purchase the Equipment then, , upon Lessor's receipt of payment of the Fair Market Value (as defined below), plus any other amounts owing to Lessor under the

Schedule, Lessor will sell and transfer title to the Equipment to Lessee AS-IS-WHERE-IS, WITHOUT WARRANTY OR RECOURSE, EXPRESS, IMPLIED OR OTHERWISE, INCLUDING ANY WARRANTIES OF DESIGN, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR AGAINST INFRINGEMENT. The Fair Market Value (as defined below) purchase price shall be paid no later than the last business day on or before the last day of the initial Schedule Term. The Fair Market Value shall be determined on the basis of and shall be equal in amount to, the value which would be obtained in an arms-length transaction between an informed and willing buyer-user (other than a used equipment dealer), who would be retaining the Equipment as part of its current operations, in continuing and consistent use, and an informed and willing seller under no compulsion to sell, and in such determination, costs of removal from the location of current use shall not be a deduction from such value. If Lessee disagrees with the Fair Market Value, Lessee shall notify Lessor in writing within 60 days prior to the Expiration Date and, upon Lessee's request, and within ten (10) days after receipt of Lessee's notice, Lessor shall appoint a qualified appraiser reasonably acceptable to Lessee to appraise the retail value of the Products. The amount determined by such appraiser shall be the final Fair Market Value. Lessor and Lessee shall share the expense of such appraisal equally. If a Lessee desires to renew a Schedule, each Lessee and Lessor shall enter into a supplement to each Schedule describing the length of the renewal Schedule Term and the renewal Rent provided, however, all other terms of each Schedule and the Agreement shall remain in full force and effect.

- (b) **Location and Return.** The Equipment shall be delivered to and thereafter kept at the location specified in the Schedule and shall not be removed therefrom without Lessor's prior written consent and in accordance with Section 11 of this MLA. At the expiration or early termination of the initial Schedule Term of any Schedule, upon at least ninety (90) days prior written notice to Lessor, and except for Equipment purchased pursuant to the purchase option under the Schedule, each Lessee at its cost and expense except as provided otherwise in a Schedule or by Supplier Services ordered by Lessee, shall (a) removal all proprietary data from the Equipment and (b) immediately disconnect, properly package for transportation and return all of the Equipment (including, without limitation, all service records and user manuals), freight prepaid, to Lessor in good repair and working order, with no defects which affect the operation or performance of the Equipment ("Return Condition"), reasonable wear and tear excepted. Lessee shall, at Lessor's request, affix to the Equipment, tags, decals or plates furnished by Lessor indicating Lessor's ownership and Lessee shall not permit their removal or concealment. Except as provided otherwise in a Schedule, Lessee shall return the Equipment to Lessor at a location specified by Lessor; provided, however, such location shall be within the United States no farther than 500 miles from the original Lessee delivery location, unless otherwise agreed to on the applicable Schedule. If the Equipment is not in Return Condition, Lessee shall remain liable for all reasonable costs and expenses for missing and damaged Equipment documented in writing to Lessee. Except as provided otherwise in a Schedule, Lessee shall arrange and pay for the de-installation and packing of the Equipment and the de-installation shall be performed by manufacturer-certified technicians and the Lessor shall have the right to supervise and direct the preparation of the Equipment for return. Lessee, except as provided otherwise in a Schedule or by Supplier Services ordered by Lessee, agrees to deinstall and package the Equipment for return in a manner which will protect them from damage. Upon return of the Equipment and only for Software provided by Lessor to Lessee, Lessee's right to the operating system Software in returned Equipment will terminate and each Lessee will return the Equipment with the original certificate of authenticity (attached and unaltered) for the original operating system Software. IF, UPON THE EXPIRATION OF THE SCHEDULE TERM OR

EARLIER TERMINATION (OTHER THAN FOR NON-APPROPRIATION) IN ACCORDANCE WITH THIS SECTION,, A LESSEE WHO FAILS OR REFUSES FORTHWITH TO RETURN AND DELIVER THE EQUIPMENT TO LESSOR, THE SCHEDULE TERM WITH RESPECT TO THE EQUIPMENT THAT IS NOT RETURNED SHALL CONTINUE TO BE RENEWED AS DESCRIBED IN THE SCHEDULE (NOT TO EXCEED 3 YEARS) AND LESSEE SHALL REMAIN LIABLE FOR ANY RENT PAYMENTS ACCRUED AND UNPAID WITH RESPECT TO ALL OF THE EQUIPMENT ON THE SCHEDULE AND SHALL PAY RENT UP TO THE DATE THAT THE EQUIPMENT IS RETURNED TO THE ADDRESS SPECIFIED BY LESSOR. Notwithstanding the foregoing, Lessor shall have the right, with due process of law, to enter a Lessee's premises or any other premises where the Equipment may be found and to take possession of and to remove the Equipment, at each Lessee's sole cost and expense. Without waiving the doctrines of sovereign immunity and immunity from suit and to the extent authorized by the constitution and laws of the State of Oklahoma, each Lessee's obligation to return Equipment may, at Lessor's option, be specifically enforced by Lessor.

14. Quiet Enjoyment.

During the Schedule Term, Lessor shall not interfere with Lessee's quiet enjoyment and use of the Equipment provided that an Event of Default (as hereinafter defined in Section 22 of the MLA) has not occurred and remains uncured after any applicable cure period.

15. Warranties.

Lessor and Lessee acknowledge that manufacturer Equipment warranties, if any, inure to the benefit of the Lessee. Provided no Event of Default has occurred and is continuing, Lessor will assign to each Lessee for the Lease Term of each Lease the benefit of any Equipment warranty and any right of return provided by any Seller. OMES, on behalf of each Lessee, shall pursue any warranty claim directly against such manufacturer of the Equipment and neither Lessee nor OMES shall pursue any such claim against Lessor. Except as provided under Section 7 hereof, Lessee shall continue to pay Lessor all amounts payable under any Schedule under any and all circumstances.

16. No Warranties.

LESSEE ACKNOWLEDGES THAT LESSOR IS NOT THE MANUFACTURER OR LICENSOR OF THE EQUIPMENT. LESSEE AGREES THAT LESSOR HAS NOT MADE AND MAKES NO REPRESENTATIONS OR WARRANTIES OF WHATSOEVER NATURE, DIRECTLY OR INDIRECTLY, EXPRESS OR IMPLIED, AS TO THE SUITABILITY, DURABILITY, FITNESS FOR USE, MERCHANTABILITY, CONDITION, OR QUALITY OF THE EQUIPMENT OR ANY UNIT THEREOF. LESSEE SPECIFICALLY WAIVES ALL RIGHT TO MAKE CLAIM AGAINST LESSOR FOR BREACH OF ANY EQUIPMENT WARRANTY OF ANY KIND WHATSOEVER; AND WITH RESPECT TO LESSOR, LESSEE LEASES EQUIPMENT "AS IS". LESSOR SHALL NOT BE LIABLE TO LESSEE FOR ANY LOSS, DAMAGE, OR EXPENSE OF ANY KIND OR NATURE CAUSED DIRECTLY OR INDIRECTLY BY ANY EQUIPMENT LEASED HEREUNDER, OR BY THE USE OR MAINTENANCE THEREOF, OR BY THE REPAIRS, SERVICE OR ADJUSTMENT THERETO OR ANY DELAY OR FAILURE TO PROVIDE ANY THEREOF, OR BY ANY INTERRUPTION OF

SERVICE OR LOSS OF USE THEROF, OR FOR ANY LOSS OF BUSINESS OR DAMAGE WHATSOEVER AND HOWSOEVER CAUSED WITHOUT IN ANY WAY IMPLYING THAT ANY SUCH WARRANTY EXISTS AND WITHOUT INCREASING ITS LIABILITY HEREUNDER, TO ASSIGN TO LESSEE UPON LESSEE'S REQUEST THEREFOR ANY WARRANTY OF A MANUFACTURER OR LICENSOR OR SELLER RELATING TO THE EQUIPMENT THAT MAY HAVE BEEN GIVEN TO LESSOR.

17. Indemnification.

- (a) Without waiving the doctrines of sovereign immunity and immunity from suit, and to the extent permitted by the laws and Constitution of the State of Oklahoma, Lessee shall indemnify, protect, save and hold harmless Lessor, its agents, servants and successors from and against all losses, damages, injuries, claims, demands and expenses, including legal expenses and attorney's fees, of whatsoever nature, arising out of the use, misuse, condition, repair, storage, return or operation (including, but not limited to, latent and other defects, whether or not discoverable by it) of any unit of Equipment, regardless of where, how and by whom operated, and arising out of negligence (excluding the gross negligence or willful misconduct of Lessor). Without waiving the doctrines of sovereign immunity and immunity from suit, and to the extent permitted by the laws and Constitution of the State of Oklahoma, Lessee is liable for the expenses of the defense or the settlement of any suit or suits or other legal proceedings brought to enforce any such losses, damages, injuries, claims, demands, and expenses and shall pay all judgments entered in any such suit or suits or other legal proceedings. The indemnities and assumptions of liabilities and obligations herein provided for shall continue in full force and effect notwithstanding the termination of the MLA or a Schedule whether by expiration of time, by operation of law or otherwise. With respect to Lessor, Lessee is an independent contractor, and nothing contained herein authorizes Lessee or any other person to operate the Equipment so as to impose or incur any liability or obligation for or on behalf of Lessor.
- (b) Without waiving the doctrines of sovereign immunity and immunity from suit, and to the extent permitted by the laws and Constitution of the State of Oklahoma, Lessee assumes all risks and liabilities with respect to any claim made by any third party that the lease arrangements herein are not authorized by law. Without waiving the doctrines of sovereign immunity and immunity from suit, and to the extent permitted by the laws and Constitution of the State of Oklahoma, Lessee agrees to indemnify, save and hold harmless Lessor from any and all such claims and all expenses incurred in connection with such claims or to defend against such claims, including without limitation any judgments by a court of competent jurisdiction or settlement or compromise with such claimant.
- (c) Lessor is the owner of the Equipment and has title to the Equipment. If any other person attempts to claim ownership of the Equipment by asserting that claim against Lessee or through Lessee, Lessee agrees, at its expense, to protect and defend Lessor's title to the Equipment to the extent permitted by applicable law. Lessee further agrees that it will at all times keep the Equipment free from any legal process, encumbrance or lien whatsoever, and Lessee shall give Lessor immediate notice if any legal process, encumbrance or lien is asserted or made against the Equipment. Lessee's obligations herein do not apply to any claim of ownership asserted against or through Lessor.

18. Risk of Loss.

Commencing upon delivery of the Equipment and continuing throughout the Schedule Term, Lessee shall bear the entire risk of loss or damage in respect to any Equipment, whether partial or complete, from any cause whatsoever; provided, such loss or damage shall be covered by insurance Lessor includes in the Rent amount. In the event of loss, theft, destruction or damage of any kind to any item of Equipment, or if any Equipment is lost stolen, or taken by governmental action for a stated period extending beyond the Term of any Schedule (an "Event of Loss"), Lessee shall promptly notify Lessor. Lessee shall, at its option: (a) immediately place the affected Equipment in good condition and working order, (b) replace the affected Equipment with identical equipment of at least equal value, in good condition and repair, and transfer clear title thereto to Lessor, or (c) to the extent permitted by law, pay to Lessor, within thirty (30) days of the Event of Loss, an amount equal to the Stipulated Loss Value ("SLV" as hereafter defined) for such affected Equipment, plus any other unpaid amounts then due under the Schedule to the extent such amounts are not paid to Lessor as insurance proceeds. If an Event of Loss occurs as to part of the Equipment for which the SLV is paid, a prorated amount of each Rent Payment shall abate from the date the SLV payment is received by Lessor. The SLV shall be an amount equal to the sum of all future Rent Payments from the last Rent Payment date to the end of the Schedule Term with such Rent Payments discounted to present value at the like-term Treasury Bill rate for the remaining Schedule Term in effect on the date of such Event of Loss, or if such rate is not permitted by law, then at the lowest permitted rate.

In the event of a governmental taking of Equipment for an indefinite period or for a stated period, which does not extend beyond the Schedule Term, all obligations of the Lessee with respect to such Equipment (including payment of Rent) shall continue. So long as Lessee is not in default hereunder, Lessor shall pay to Lessee all sums received by Lessor from the government by reason of such taking.

19. Insurance.

Lessor shall insure the Equipment. The cost to insure the Equipment shall be included in the Rent. With respect to insurance of the Equipment, (i) Lessor shall be responsible for its liability and shall not look to Lessee for recovery of any kind and (ii) Lessee shall be responsible for its liability as required under the Oklahoma Governmental Tort Claims Act and shall not look to Lessor for recovery of any kind.

20. Representations and Warranties of Lessee.

Lessee represents and warrants for the benefit of Lessor and its assigns, and Lessee will provide an opinion of counsel (only required in connection with a Schedule of greater or equal to \$2,500,000.00) to the effect that, as of the time of execution of the MLA between the State by and through OMES and Lessor and each separately executed Schedule between Lessor and each Lessee:

- (a) This MLA as executed by the State by and through OMES and DFS, and each Schedule separately executed by a Lessee, has been duly or will be, as applicable, authorized, executed and delivered by each Lessee and constitutes or will constitute, as applicable, a valid, legal and binding agreement of each Lessee, enforceable with respect to the obligations of each Lessee therein, as applicable, in accordance with its terms regarding the leasing and financing of the Equipment and the terms of the underlying Contract, as applicable and to the extent said terms are not in conflict with the terms of this MLA, regarding Lessee's procurement of Equipment thereunder;

- (b) No approval, consent or withholding of objection is required from any federal or other governmental authority or instrumentality with respect to the entering into or performance by the State by and through OMES under this MLA with Lessor or any Schedule separately executed by a Lessee with Lessor, as applicable;
- (c) The entering into and performance under this MLA by the State by and through OMES and Lessor or any Schedule between Lessor and each named Lessee will not violate any judgment, order, law or regulation applicable to the State by and through OMES or any named Lessee or result in any breach of, or constitute a default under, or result in the creation of any lien, charge, security interest or other encumbrance upon assets of the State by and through OMES and any named Lessee or on the Equipment leased under any Schedule between Lessor and each named Lessee pursuant to any instrument to which the State by and through OMES or any named Lessee is a party or by which it or its assets may be bound;
- (d) To the best of State by and through OMES and each Lessee's knowledge and belief, there are no suits or proceedings pending or threatened against or affecting either the State by and through OMES nor any named Lessee, which if determined adversely to the State by and through OMES or any named Lessee will have a material adverse effect on the ability of State by and through OMES to fulfill its obligations under the MLA with Lessor or any name Lessee to fulfill its obligation under any Schedule with Lessor, as applicable;
- (f) The use of the Equipment is essential to each named Lessee's proper, efficient and economic operation, and each named Lessee will sign and provide to Lessor upon execution of each Schedule between Lessor and named Lessee hereto written certification to that effect; and
- (g) The State by and through OMES as it relates to the MLA with Lessor and each named Lessee as it relates to any Schedule executed under this MLA with Lessor represents and warrants that (i) It has or will have, as applicable, authority to enter into this MLA and any Schedule under this MLA, (ii) the person executing the MLA has been duly authorized to execute the MLA on Lessee's behalf, (iii) all information supplied to Lessor is true and correct to the best of its knowledge and belief, including all credit and financial information and (iv) subject to the provisions of Section 7 above, it is able to meet all its financial obligations, including the Rent Payments hereunder.

21. Representations and Warranties of Lessor.

Lessor represents and warrants for the benefit of the State by and through OMES and its assigns as of the time of execution of the MLA with Lessor and for each Schedule separately executed thereunder between Lessor and each named Lessee:

- (a) Lessor is and shall remain an entity authorized and validly existing under the laws of its state of organization which is authorized to do business in Oklahoma, and is not in default as to taxes owed to the State of Oklahoma or any of its political subdivisions;

- (b) The MLA and each Schedule executed in conjunction to this MLA has been or will be, as applicable, duly authorized, executed and delivered by Lessor and constitutes or will constitute, as applicable, a valid, legal and binding agreement of Lessor, enforceable with respect to the obligations of Lessor herein or therein, as applicable, in accordance with its terms regarding the leasing and financing of the Equipment and the terms of the underlying Contract, as applicable and to the extent said terms are not in conflict with the terms of this MLA, regarding Lessee's procurement of any Equipment thereunder;
- (c) No approval, consent or withholding of objection is required from any federal or other governmental authority or instrumentality with respect to the entering into or performance by Lessor of this MLA with the State by and through OMES or any Schedule with a Lessee, as applicable;
- (d) The entering into and performance of the MLA with the State by and through OMES or any Schedule with a Lessee will not violate any judgment, order, law or regulation applicable to Lessor or result in any breach of, or constitute a default under, or result in the creation of any lien, charge, security interest or other encumbrance upon the assets of the Lessor, including Equipment leased under the MLA and Schedules thereto, pursuant to any instrument to which the Lessor is a party or by which it or its assets may be bound;
- (e) To the best of Lessor's knowledge and belief, there are no suits or proceedings pending or threatened against or affecting Lessor, which if determined adversely to Lessor will have a material adverse effect on the ability of Lessor to fulfill its obligations under the MLA with the State by and through OMES or any Schedule with a Lessee, as applicable; and
- (f) Lessor represents and warrants that the person executing the MLA with the State by and through OMES has been duly authorized to execute the MLA on Lessor's behalf.

22. Default.

A Lessee shall be in default under a Schedule upon the occurrence of any one or more of the following events (each an "Event of Default"): (a) nonpayment or incomplete payment by Lessee of Rent or any other sum payable; (b) nonpayment or incomplete payment by Lessee of Rent or any other sum payable the latter of its due date or the date by which such sum is payable pursuant to applicable law; (c) failure by Lessee to perform or observe any other material term, covenant or condition of this MLA, the Schedule, or any applicable software license agreement, which is not cured within ten (10) business days after receipt of notice thereof from Lessor; (d) insolvency by Lessee; (e) Lessee's filing of any proceedings commencing bankruptcy or the filing of any involuntary petition against Lessee or the appointment of any receiver not dismissed within sixty (60) days from the date of said filing or appointment; (f) subjection of a substantial part of Lessee's property or any part of the Equipment to any levy, seizure, assignment or sale for or by any creditor or governmental agency; or (g) any representation or warranty made by Lessee in this MLA, the Schedule or in any document furnished by Lessee to Lessor in connection therewith or with the acquisition or use of the Equipment being untrue when made. The parties agree to use ever increasing levels of executive escalation within their respective organizations to cure any breach based on (g) above prior to such event being declared an Event of Default.

23. Remedies.

- (a) Upon the occurrence of an uncured "Event of Default" and as long as such Event of Default is continuing, Lessor may, in its sole discretion, do any one or more of the following provided, however, that Lessor may not recover value in excess of amounts as allowed under the terms of the Schedule and by applicable law: (i) After giving fifteen (15) days prior written notice to Lessee of default, during which time Lessee shall have the opportunity to cure such default, terminate the Schedule under which Lessor claims default of Lessee; (ii) without Lessee waiving the doctrines of sovereign immunity and immunity from suit, and to the extent allowed by the laws and Constitution of the State of Oklahoma, Lessor may proceed by appropriate court action to enforce the performance of the terms of the Schedule and/or recover damages; (iii) whether or not the Schedule is terminated, upon notice to Lessee and with due process of law, take possession of the Equipment wherever located, and for such purposes Lessee, to the extent authorized by Oklahoma law, hereby authorizes Lessor, its assigns or the agents of either to cause Lessee to return such Equipment to Lessor in accordance with the requirements of Section 13 of the MLA; (iv) by notice to Lessee, and to the extent permitted by law, declare immediately due and payable and recover from Lessee, as liquidated damages and not as a penalty, the sum of (a) the present value of the Rent owed from the earlier of the date of payment by Lessee or the date Lessor obtains a judgment against Lessee until the end of the Schedule Term plus, to the extent the Lessor does not take possession, with due process of law, of the Equipment or the Equipment is not returned to Lessor, the present value of the estimated in-place fair market value of the Equipment as defined in Section 13 of MLA at the end of the Schedule Term as reasonably determined by Lessor, each discounted at the like-term Treasury Bill rate; (b) all Rent and other amounts due and payable on or before the earlier of the date of payment by Lessee or the date Lessor obtains a judgment against Lessee; and (c) without Lessee and the state of Oklahoma waiving the doctrines of sovereign immunity and immunity from suit, and to the extent allowed by the laws and Constitution of the State of Oklahoma, costs, fees (including all attorneys' fees and court costs) and expenses associated with collecting said sums; and (d) interest on (a) and (b) from the date of default at 1 ½% per month or portion thereof (or the highest rate allowable by law, if less) and, on (c) from the date Lessor incurs such fees, costs or expenses.
- (b) Upon return or repossession, with due process of law, of the Equipment, Lessor may, if it so decides in its sole discretion, upon notice to Lessee, use reasonable efforts to sell, re-lease or otherwise dispose of such Equipment, in such manner and upon such terms as Lessor may determine in its sole discretion, so long as such manner and terms are commercially reasonable. Upon disposition of the Equipment, Lessor shall credit the Net Proceeds (as defined below) to the unpaid Rent and reasonable damages incurred by Lessee. Proceeds upon sale of the Equipment shall be the sale price paid to Lessor less the Stipulated Loss Value in effect as of the date of default. Without Lessee waiving the doctrines of sovereign immunity and immunity from suit, and to the extent allowed by the laws and Constitution of the State of Oklahoma, "Net Proceeds" shall be the proceeds of sale or re-lease as determined above, less all costs and expenses incurred by Lessor in the recovery, storage and repair of the Equipment, in the remarketing or disposition thereof, or otherwise as a result of Lessee's default, including any court costs and attorney's fees and interest on the foregoing at eighteen percent (18%) per annum or the highest rate allowable by law, if less, calculated from the dates such costs and expenses were incurred until received by Lessor. Lessee shall remain liable for the amount by which all sums, including

liquidated damages, due from Lessee exceeds the Net Proceeds. Net Proceeds in excess thereof are the property of and shall be paid to Lessee.

- (c) No termination, repossession with due process of law or other act by Lessor in the exercise of its rights and remedies upon an Event or Default shall relieve Lessee from any of its obligations hereunder. No remedy referred to in this section is intended to be exclusive, but each shall be cumulative and in addition to any other remedy referred to above or otherwise available to Lessor at law or in equity.

24. Notices and Waivers.

All notices shall be given in writing and, except for billings and communications in the ordinary course of business, shall be delivered by overnight courier service, delivered in person to an officer of the Lessor or Lessee or sent by certified mail, return receipt requested, and shall be effective from the date of receipt unless mailed, in which case the effective date will be four (4) business days after the date of mailing. All notices relating to this MLA and any Schedule thereunder to the Lessor by Lessee shall be sent to: Dell Financial Services L.L.C., Attn. Legal Department, One Dell Way, Round Rock, TX 78682, or such other mailing address designated in writing by Lessor. Notice to Lessee shall be to the address listed in Section 25 of this Agreement or such other mailing address designated in writing by Lessee. All notices shall be given in writing and, except for billings and communications in the ordinary course of business, shall be delivered by overnight courier service, delivered in person to an officer of the Lessor or Lessee, or sent by certified mail, return receipt requested, and shall be effective from the date of receipt unless mailed, in which case the effective date will be four (4) business days after the date of mailing. Lessee and Lessor intend and agree that a photocopy or facsimile of this MLA or a Schedule and all related documents, including but not limited to the Acceptance Certificate, with their signatures thereon shall be treated as originals, and shall be deemed to be as binding, valid, genuine, and authentic as an original signature document for all purposes. This MLA and each corresponding Schedule agreed to in conjunction herewith are a "Finance Lease" as defined in Article 2A of the Uniform Commercial Code ("UCC"). A waiver of a specific Event of Default shall not be a waiver of any other or subsequent Event of Default. No waiver of any provision of this MLA or a provision of a Schedule shall be a waiver of any other provision or matter, and all such waivers shall be in writing and executed by an officer of the Lessor or Lessee, as applicable. No failure to exercise, and no delay in exercising, any right hereunder shall operate as a waiver thereof.

25. Assignment by Lessor; Assignment or Sublease by Lessee.

- (a) Lessor may (i) assign all or a portion of Lessor's right, title and interest in this MLA and/or any Schedule, but not Lessor's obligations; (ii) grant a security interest in the right, title and interest of Lessor in the MLA, any Schedule and/or any Equipment; and/or (iii) sell or transfer its title and interest as owner of the Equipment and/or as Lessor under any Schedule; and Lessee understands and agrees that Lessor's assigns may each do the same (hereunder collectively "Assignments"). If such assignment changes the party to whom Rent Payments are due herein, then Lessor shall provide Lessee notice of all such Assignments to the following addresses, and such Assignments shall be subject to Lessee rights under the MLA and corresponding Schedule(s):

- (b) **If sent to the Lessee, State of Oklahoma in connection with the MLA:**

Chief Information Officer
3115 North Lincoln Boulevard
Oklahoma City, Oklahoma 73105

With a copy to:

ISD Deputy General Counsel
3115 North Lincoln Boulevard
Oklahoma City, Oklahoma 73105

If sent to Lessee Affiliate in connection with a Schedule:

The address set forth on the purchase order, Schedule or as otherwise identified in writing by the Lessee.

Lessee hereby consents to such Assignments and agrees to execute and deliver promptly such acknowledgements, Opinions of Counsel and other instruments reasonably requested and necessary pursuant to applicable Oklahoma law to affect such Assignment. Lessee acknowledges that the assigns do not assume Lessor's obligations hereunder and agrees to make all payments owed to the assigns without abatement and not to assert against the assigns any claim, defense, setoff or counterclaim which the Lessee(s) may possess against the Lessor or any other party for any other reason. Lessor shall remain liable for its performance under the MLA and any Schedule(s) executed hereunder to the extent Lessor's assigns do not perform Lessor's obligations under the MLA and Schedule(s) executed hereunder. Upon any such Assignment, all references to Lessor, shall also include all such assigns, whether specific reference thereto is otherwise made herein.

- (c) **LESSEE WILL NOT SELL, ASSIGN, SUBLET, PLEDGE OR OTHERWISE ENCUMBER, OR PERMIT A LIEN TO EXIST ON OR AGAINST ANY INTEREST IN THIS LEASE, OR THE EQUIPMENT, OR REMOVE THE EQUIPMENT FROM ITS LOCATION REFERRED TO ON THE SCHEDULE, WITHOUT LESSOR'S PRIOR WRITTEN CONSENT EXCEPT AS PROVIDED IN SECTION 11 OF THIS MLA. LESSOR MAY ASSIGN ITS INTEREST IN THIS LEASE AND SELL OR GRANT A SECURITY INTEREST IN ALL OR ANY PART OF THE EQUIPMENT WITHOUT LESSEE'S CONSENT. If LESSEE IS A STATE AGENCY, WITHOUT WAIVING THE DOCTRINE OF SOVEREIGN IMMUNITY AND IMMUNITY FROM SUIT, AND ONLY AS MAY BE AUTHORIZED BY THE CONSTITUTION AND LAWS OF THE STATE OF OKLAHOMA, LESSEE AGREES THAT IN ANY ACTION BROUGHT BY AN ASSIGNEE AGAINST LESSEE TO ENFORCE LESSOR'S RIGHTS HEREUNDER, LESSEE WILL NOT ASSERT AGAINST SUCH ASSIGNEE AND EXPRESSLY WAIVES AS AGAINST ANY ASSIGNEE, ANY BREACH OR DEFAULT ON THE PART OF LESSOR HEREUNDER OR ANY OTHER DEFENSE, CLAIM OR SET-OFF WHICH LESSEE MAY HAVE AGAINST LESSOR EITHER HEREUNDER OR OTHERWISE. NO SUCH ASSIGNEE SHALL BE OBLIGATED TO PERFORM ANY OBLIGATION, TERM OR CONDITION REQUIRED TO BE PERFORMED BY LESSOR HEREUNDER.** Without the prior written consent of Lessor, the Lessee shall not assign, sublease, transfer, pledge or hypothecate the Master Lease Agreement; provided, however, where Lessee is a state agency, no such prior written consent from Lessor is necessary in the event of a legislative mandate to transfer the contract to another state agency.

27. Delivery of Related Documents.

For each Schedule, each named Lessee will provide the following documents and information as required by and satisfactory to Lessor: (a) Certificate of Acceptance for accepted goods to be on lease with Lessor; (b) Opinion of Counsel (only required in connection with a Schedule of greater or equal to \$2,500,000.00); (c) financial statements or other financial information in lieu thereof as agreed to by Lessor's credit department in its sole judgment; (d) Secretary Clerk or Incumbency Certificate; and (e) other mutually agreed documents as reasonably required by Lessor.

28. Lessee's Waivers.

To the extent permitted by applicable law, Lessee hereby waives, with respect to Lessor, the following rights and remedies conferred upon Lessee by Article 2A of the UCC: to (i) cancel any Schedule under the MLA; (ii) repudiate any Schedule; (iii) reject the Equipment; (iv) revoke acceptance of the Equipment; (v) recover damages from Lessor for any breach of warranty by the manufacturer; (vi) claim a security interest in the Equipment in Lessee's possession or control for any reason; (vii) deduct all or any part of any claimed damages resulting from Lessor's default, if any, under any Schedule; (viii) accept partial delivery of the Equipment; (ix) "cover" by making any purchase or lease of or contract to purchase or lease equipment in substitution for the Equipment due from Lessor; (x) recover any special, punitive, incidental or consequential damages, for any reason whatsoever. Lessee agrees that any delay or failure to enforce Lessor's rights under this MLA or a Schedule does not prevent Lessor from enforcing any rights at a later time. This waiver of UCC rights does not include Lessee's right to terminate a lease subject to a non-appropriation of funds, pursuant to Section 7 above.

29. Security Interest and UCC Filings.

To secure payments hereunder, Lessor reserves and Lessee hereby grants to Lessor a continuing security interest in the Equipment and any and all additions, replacements, substitutions, and repairs thereof. When all of the Lessee's obligations under this MLA and respective Schedules have been fully paid and satisfied, Lessor's security interest shall terminate. Nothing contained herein shall in any way diminish Lessor's right, title, or interest in or to the Equipment. Lessor and Lessee agree that a reproduction of this MLA and/or any associated Schedule may be filed as a financing statement and shall be sufficient as a financing statement under the UCC. Lessee hereby appoints Lessor, its agents, successors or assigns its true and lawful attorney-in-fact for the limited purpose of executing and filing on behalf of Lessee any and all UCC Financing Statements which in Lessor's sole discretion are necessary or proper to secure Lessor's interest in the Equipment in all applicable jurisdictions. Lessee shall execute or obtain and deliver to Lessor, upon Lessor's request, such instruments, financing statements and assurances, as Lessor deems necessary or advisable for the protection or perfection of this Lease and Lessor's rights hereunder and will pay all costs incident thereto.

 TRUE LEASE SCHEDULE NO. _____
 TO MASTER LEASE AGREEMENT NO. _____

THIS SCHEDULE, ENTERED INTO BETWEEN DELL FINANCIAL SERVICES L.L.C. ("Lessor") and _____ ("Lessee"), IS SUBJECT TO AND INCORPORATES THE TERMS AND CONDITIONS OF THE MASTER LEASE AGREEMENT NO. _____ ("Agreement") DATED _____ BETWEEN DELL FINANCIAL SERVICES L.L.C. ("Lessor") AND STATE OF OKLAHOMA BY AND THROUGH THE OFFICE OF MANAGEMENT AND ENTERPRISE SERVICES ("OMES"), as provided for under Oklahoma Contract number ITSW 1020D, awarded via Solicitation No. 0900000560, between Dell Marketing, L.P. and the State of Oklahoma by and through the Office of Management and Enterprise Services effective as of _____.

Lessor hereby agrees to lease and/or make available to Lessee subject to the terms, conditions and provisions set forth in this Schedule and in the Agreement, the Equipment described below. Any capitalized term used herein and not defined herein shall have the meaning ascribed to it in the Agreement.

EQUIPMENT DESCRIPTION AND LOCATION: See below or Exhibit "A" attached to and made a part hereof.

EQUIPMENT SELLER: [Dell Inc., One Dell Way, Round Rock, TX 78682]

<u>Equipment Description</u>	<u>Equipment Location</u>	<u>Lessee Purchase Order No.</u>	<u>Rent*</u>	<u>Initial Schedule Term (Mos.)</u>	<u>Commencement Date***</u>

Total Equipment Acquisition Cost: \$ _____

Rent is payable: X in arrears [specify]

Payment Period: Monthly Quarterly Annually Other (specify) _____

* Lessee is responsible for applicable taxes, shipping, and other amounts as described in the Agreement, and, with the first payment of Rent, any prorated Rent, if applicable. Such amounts are further described in Exhibit "A".

** The Commencement Date may be extended for one Payment Period until the Schedule is returned in accordance with the terms stated in the Agreement. Lessor may charge Lessee prorated Rent accruing from the Acceptance Date to the Commencement Date, as such date is finally determined.

TRUE LEASE PROVISIONS

The following provisions shall apply to this Schedule in addition to the provisions in the Agreement:

1. TRUE LEASE: The parties intend for this lease to constitute a true lease of Equipment under the UCC and all applicable laws. If this Schedule is determined to be a lease intended as security, in no event shall Lessee be obligated to pay any time price balance differential in excess of the maximum amount permitted by applicable law (as specified herein or the state where the Equipment are located, whichever law permits the greater amount). In the event Lessor shall receive anything of value under a Schedule that is deemed interest which would exceed the maximum amount of interest allowed under the law, the excess amount shall be applied to the reduction of the unpaid time price balance or shall be refunded to Lessee. In order to reduce the unpaid time price balance, any amount deemed interest shall, to the fullest extent permitted by applicable law, be amortized and spread uniformly throughout the Schedule Term."

2. END OF LEASE OPTIONS.

(a) Provided that no Event of Default has occurred and is continuing, and at least ninety (90) days but no more than 180 days prior to the expiration of the initial Schedule Term (the "Expiration Date"), Lessor shall notify Lessee of the following end of lease options:

- (i) purchase all of the Equipment at the Fair Market Value (as defined below);
- (ii) renew the Lease Term for a minimum of six (6) months at a rate and for a term agreed upon by both parties; or
- (iii) return all of the Equipment in accordance with the Agreement.

If Lessee desires to exercise one of the above options, it shall give Lessor irrevocable written notice of its intention to exercise such option at least ninety (90) days (but no more than one hundred and eighty (180) days) before the Expiration Date.

(b) If Lessee exercises the option to purchase the Equipment then, upon receipt of payment of the "Fair Market Value" (defined below), plus applicable taxes, Lessor will sell the Equipment to Lessee AS IS-WHERE IS, WITHOUT WARRANTY OR RECOURSE, EXPRESS, IMPLIED OR OTHERWISE, INCLUDING ANY WARRANTIES OF DESIGN, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR AGAINST INFRINGEMENT. The Fair Market Value (as defined below) purchase price shall be paid no later than the last business day on or before the last day of the initial Schedule Term. The "Fair Market Value" shall be determined on the basis of and shall be equal in amount to, the value which would be obtained in an arms-length transaction between an informed and willing buyer-user (other than a used equipment dealer), who would be retaining the Equipment as part of its current operations, in continuing and consistent use, and an informed and willing seller under no compulsion to sell, and in such determination, costs of removal from the location of current use shall not be a deduction from such value. If Lessee disagrees with the Fair Market Value, Lessee shall notify Lessor in writing within 60 days prior to the Expiration Date and, upon Lessee's request, and within ten (10) days after receipt of Lessee's notice, Lessor shall appoint a qualified appraiser reasonably acceptable to Lessee to appraise the retail value of the Equipment. The amount determined by such appraiser shall be the final Fair Market Value. Lessor and Lessee shall share the expense of such appraisal equally.

(c) If Lessee desires to renew a lease, Lessee and Lessor shall enter into a supplement to this Schedule describing the length of the renewal Schedule Term and the renewal Rent provided, however, all other terms of this Schedule and the Agreement shall remain in full force and effect.

(d) In addition to the terms set forth in Subsection 13 of the Agreement, and regardless of whether or not Lessee has given Lessor notice if its intent as described above, if Lessee does not return or purchase the Equipment or renew the Schedule as required above, the Schedule Term shall automatically extend on a month-to-month basis at the Rent in effect on the Expiration Date (prorated on a monthly basis if the Payment Period was other than monthly during the initial Schedule Term). Such extension shall continue until Lessee: (i) provides thirty (30) days prior written notice of its intention to return or purchase the Equipment (to take effect on the next Rent payment date that is at least thirty (30) days after the notice is received by Lessor) and (ii) either returns or purchases all of the Equipment in accordance with the end of lease options set forth above. Payments of Rent during the month-to-month extension are due and payable monthly as specified in Lessor's invoice. If Lessee fails to return or purchase any Equipment, the Schedule and associated Rent for the Equipment that have not been returned or purchased shall extend on a month-to-month basis in accordance with the prior sentence. Notwithstanding the foregoing, no such extension shall exceed a three-year period.

3. SECTION 30. MISCELLANEOUS.

Insert the following at the end of subsection (b):

"Notwithstanding the foregoing, this Schedule may be signed in any number of counterparts each of which when so executed or otherwise authenticated and delivered shall be an original but all counterparts shall together constitute one and the same instrument. To the extent this Schedule would constitute chattel paper as that term is defined in the UCC, no security interest may be created through the transfer or control or possession, as applicable, of a counterpart of a Schedule other than the original in Lessor's possession marked by Lessor as either "original" or "Counterpart Number 1".

Insert the following at the end of subsection (e):

"If Lessee delivers this Schedule or any amendment (each a "Document") to Lessor by facsimile transmission, and Lessor does not receive all of the pages of that Document, Lessee agrees that, except for any pages which require a signature, Lessor may supply the missing pages to the Document from Lessor's database which conforms to the version number at the bottom of the page, and upon such substitution of the missing pages, shall provide Lessee with a complete copy of the fully executed Document. If Lessee delivers a signed Document to Lessor as an e-mail attachment, facsimile transmission or by U.S. mail, Lessee acknowledges that Lessor is relying on Lessee's representation that the Document has not been altered. Lessee further agrees that, notwithstanding any rule of evidence to the contrary, in any hearing, trial or proceeding of any kind with respect to a Document, Lessor may produce a tangible copy of the Document transmitted by Lessee to Lessor by facsimile or as an e-mail attachment and such signed copy shall be deemed to be the original of the Document. To the extent (if any) that the Document constitutes chattel paper under the Uniform Commercial Code, the authoritative copy of the Document shall be the copy designated by Lessor or its assignee, from time to time, as the copy available for access and review by Lessee, Lessor of its assignee. All other copies are deemed identified as copies of the authoritative copy. In the event of inadvertent destruction of the authoritative copy, or corruption of the authoritative copy for any reason or as the result of any cause, the authoritative copy may be restored from a backup or archive copy, and the restored copy shall become the authoritative copy. At Lessor's option, this electronic record may be converted into paper form. At such time, such paper copy will be designated or marked as the authoritative copy of the Document."

4. COMPLETION OF SCHEDULE. Lessee hereby authorizes Lessor to insert or update the serial numbers of the Equipment from time to time if necessary.

By signing below, each of the parties hereto agrees to be bound by the terms of the Agreement, this Schedule and the attached Exhibit "A".

**SAMPLE VALIDITY OPINION LETTER
TO BE EXECUTED ON COUNSEL'S LETTERHEAD**

To:

Ladies and Gentlemen:

We are counsel to _____ (the "Lessee") and, in that capacity, we have examined Master Lease Agreement No. _____, dated as of _____, and the Lease Schedule No. _____ to Master Lease Agreement No. _____ thereto, dated as of the Commencement Date [or Effective Date] (collectively the "Agreement"), between the Lessee and Dell Financial Services L.L.C. (the "Lessor").

Based on our examination of the Agreement and such other examinations as we have deemed appropriate, we are of the opinion as follows:

(a) The Lessee is an entity duly organized and existing under and by virtue of the authorizing statute or constitutional provisions of the State of _____ and is a state or political subdivision thereof as described in Section 103(a) of the Internal Revenue Code of 1986, as amended, with full power and authority to enter into the Agreement and the transactions contemplated thereby and to perform all of its obligations thereunder;

(b) The Agreement has been duly authorized, executed and delivered by _____*, _____ of the Lessee by proper action of its governing board at a meeting duly called, regularly convened and attended throughout by the requisite majority of the members thereof or by other appropriate official approval, and all requirements have been met and procedures have occurred in order to ensure the validity and enforceability of the Agreement against the Lessee;

(c) The Agreement constitutes the valid, legal and binding obligation of the Lessee, enforceable in accordance with its terms;

(d) No approval, consent or withholding of objection is required from any federal, state or local governmental authority or instrumentality with respect to the entering into or performance by the Lessee of the Agreement and the transactions contemplated thereby;

(e) Lessee has complied with any applicable public bidding requirements and other applicable state and federal laws in connection with the Agreement and the transactions contemplated thereby;

(f) The entering into and performance of the Agreement will not violate any judgment, order, law or regulation applicable to the Lessee or result in any breach of, or constitute a default under, any instrument to which the Lessee is a party or by which it or its assets may be bound, or result in the creation of any lien, charge, security interest or other encumbrance upon any assets of the Lessee or on the Products, other than those created by the Agreement;

(g) The Products are tangible personal property and when subject to use by the Lessee will not be or become fixtures or real property under the laws of the State of _____;

(h) There are no actions, suits, proceedings, inquiries or investigations, at law or in equity, before or by any court, public board or body, pending or threatened against or affecting, nor to the best of our knowledge and belief is there any basis therefor, which, if determined adversely to Lessee, will have a material adverse effect on the ability of the Lessee to fulfill its obligations under the Agreement; and

(i) Lessee has, in accordance with the requirements of law, fully budgeted and appropriated sufficient funds for Lessee's current Fiscal Period to make the Rent payments scheduled to come due during Lessee's current Fiscal Period and to meet its other obligations under the Agreement for the current Fiscal Period, and such funds have not been expended for other purposes.

This opinion is delivered to the addressee for its benefit and the benefit of its assigns for the purpose contemplated by the Agreement.

Very truly yours,

*Authorized Signatory of Lessee under the Agreement.

Pricing Notes:

Dell maintains a Retail Price list online located at: <http://ftpbox.us.dell.com/slg/weekly/dellpricereport.pdf>. The Price List is updated weekly, is available for download from this site in lieu of hard copy distribution and excludes promotional offers. Systems configured and discounted by your Dell's Sales Representatives or through on-line stores and Premier Pages, are based upon then-current retail pricing and exclude promotional offers. Regardless of the Category in which they may be sold, Dell shall not be obligated to provide any discounts with respect to APEX-branded products or offerings, if Apex is in scope of the contract.

Changes to retail prices are subject to Dell's discretion and generally take effect immediately, allowing us to provide price decreases and to introduce new products without waiting for a formal price list to be updated. Product Classifications and Categories may be changed by Dell without notice.

Where a Dell-branded product is comprised of both hardware and services, the resulting Discount Off List percentage will reflect a blend of the contract discounts associated with the hardware and tied services components of that product.

Where Dell sells third-party products on a "discount-off-list" basis and does not receive a list price from the manufacturer, Dell assigns a list price. Prices for custom services are agreed to through a separate Statement of Work and not included in the proposed prices herein. Where "discount off list", "cost plus", or "cost minus" calculations are used to determine pricing, Dell's standard discount product category list, product category or classification assignment for a particular product is subject to change by Dell and could affect pricing of that product.

Pricing, if included, may be subject to change in the event of an industry wide material constraint or shortages, including but not limited to memory, or other manufacturing materials or components, or due to other factors beyond Dell Technologies' reasonable control. Products may be discontinued or revised (including components thereto) at any time without notice. Should the initial proposed product(s) be discontinued before the replacement product(s) reach price parity with initial product(s), Dell Technologies reserves the right to re-negotiate pricing.

The Dell-branded products described in the Dell quotes referenced herein and incorporated into this Agreement as if set out in their entirety; "Standard Configurations") will be made available to Customer for purchases from Dell. If a Standard Configuration reaches the end of its life cycle ("EOL") during the Pricing Term, Dell will work with Customer to develop a plan for a transition to a comparable replacement (based on objective and industry-recognized performance criteria). Replacement of a Standard Configuration as is provided for in this paragraph will not require amendment to the Agreement. The prices provided for in this Section are based on a Fixed Discount Off List percentage and are subject to change: (i) in the event of industry-wide shortages in materials or resources, increases in the cost of manufacturing, or other factors outside Dell's control; or (ii) if Customer materially breaches this Agreement. Dell will give Customer as much notice of these price changes as is reasonably practicable under the circumstances. Price changes will apply only to future orders and will not affect the price for orders accepted by Dell before the effective date of the applicable price change.

- Dell is proposing Minimum Discount off List Percentages by Product, under each Product Category, as per section 8.1.E.i - of the Bidder Instructions Document.
- Standard Configurations are fixed configurations with no deviations of upgrades or downgrades (as defined in the referenced quote #).
- Volume Discounts do not apply to Fixed Standard Configuration discount percentages and Apex Branded Solutions.
- Volume Discounts only apply to Dell Branded products.

- **The shown lease rate factors allow for DFS to be responsible for all personal property taxes and insurance.
