

MEMORANDUM

Council Agenda
Item No. IX. AT
8/16/2022

The City of OKLAHOMA CITY

TO: Mayor and City Council

FROM: Craig Freeman, City Manager

Final Acceptance of 13 privately constructed paving and drainage and 1 privately constructed storm sewer projects; and placing maintenance bonds into effect as of final inspection dates. Wards 1, 3, 4, 5 and 8.

Location:

Locations within the City Limits of The City of Oklahoma City (see attached tabulation)

Background:

Oklahoma State law requires the posting of a Maintenance Bond in the amount of 100% of the total contract price for a period of two years from and after the final formal acceptance of project by The City of Oklahoma City.

This item is to accept maintenance bonds on paving projects, paving and storm sewer projects, and paving and drainage projects funded by a developer, which will eventually become the maintenance responsibility of the City.

Tabulation:

Engineer, Contractor, Construction Cost and Final Inspection Dates

Review:

Public Works Department

Recommendation: Project be accepted; and maintenance bond be placed into effect.
