Oklahoma City, OK 73102

RE: OCAT WRWA 2422  
Federal Inspection Services Facility  
Baggage Handling System  
Recommendation for Construction Contract Award

Mr. Storms:

FSB has completed our review of the bidder's proposal documents. Based on our review, FSB recommends award of the contract for to Five Star Airport Alliance for the amount of eight hundred ninety-four thousand six hundred twenty-two dollars (\$894,622) for the total Base Bid of the project. The bid tabulation is attached for your file.

Four bids were received on this project, with all four bids below the estimated cost of \$1,564,021. The bids had an overall spread between \$894,622 and \$1,115,500, allowing FSB to confirm that the current bidding climate supported the overall lower cost present in the bids versus the estimate.

Five Star Airport Alliance submitted the lowest price bid that was approximately 4% lower than the Engineer's estimate. After a review for completeness and accuracy, FSB recommends that Five Star Airport Alliance's bid be considered the lowest and best bid for this project and that the contract be awarded to them.

If you have any questions, please advise.

Sincerely,

FSB
