I. Special Development Regulations:

The following Special Development Regulations and/or limitations are placed upon the development of the Simplified Planned Unit Development. Planning and zoning regulations will be those that are in effect at the time of development of this Simplified Planned Unit Development; provided, however, that the density and or intensity of the SPUD shall not be increased. Development is when a permit is issued for any construction or addition to any structure on a development tract. Certain zoning districts are referred to as a part of the Special Development Regulations of this Simplified Planned Unit Development. For purposes of interpretation of these Special Development Regulations, the operative and controlling language and regulations of such zoning districts shall be the language and regulations applicable to the referenced zoning districts as contained in the City of Oklahoma City's Planning and Zoning Code as such exists at the time of development of this Simplified Planned Unit Development. In the event of conflict between provisions of this SPUD and any of the provisions of the Oklahoma City Municipal Code, as amended ("Code"), in effect at the time a permit is applied for with respect to any lot, block, tract and/or parcel of land subject to this SPUD, the provisions of the Code shall prevail and be controlling; provided however, that in the event of a conflict between the Special Use and Development Regulations specifically negotiated as a part of this SPUD and the provisions of the Code in effect at the time a permit is applied for with respect to any lot, block, tract and/or parcel of land subject to this SPUD, such Special Use and Development Regulations of this SPUD shall prevail and be controlling.
