Planning Commission,

I strongly recommend approval of re-zoning of the property located at Northeast 50th Street to Interstate 44 to Lincoln Blvd to Kelly Ave to Agriculture (AA). As a homeowner who lives at 817 NE 50th, my wife, Willa, and I welcome the creation of a Nature Preserve in this area.

I would like to submit my written support for the rezoning of 721 N. E. 50th Street in Oklahoma City. The Kirkpatrick Family Fund is asking to rezone this area for agriculture. As a close neighbor, I fully support this rezoning request and see The Kirkpatrick Family Fund & The Red Ridge Nature Preserve as a great asset to our neighborhood and our city.

Please allow this rezoning to go forward for the betterment of our community.

Respectfully,

Mara Lynn

To whom it may concern, my husband and I are very supportive of the rezoning of the historic Red Ridge Nature Preserve property. We think it would be an amazing addition to our neighborhood to have a nature preserve.

We live on NE 58th Street.

Thank you,

Joseph and Jenifer Cawley
