Dear City Clerk,

I am writing to express my wholehearted support for the proposed Sunset Amphitheater project at Mustang Creek Crossing, known as PUD-1983. My name is Kyle Clark, and I reside at 2817 Crystal Creek Dr, making me not only a local resident but also a keen observer of the potential this project has for our community.

The Sunset Amphitheater represents a significant opportunity for our area, promising to positively impact our economy, support our educational institutions, enrich our community with the arts, and accommodate our county's growth. As someone who lives in the vicinity of the proposed development, I have witnessed firsthand the need for such a project that not only fosters a sense of community but also serves as a catalyst for economic and cultural enrichment.

From an economic standpoint, the amphitheater is poised to attract visitors from outside our community, increasing revenue for local businesses and creating new job opportunities. This influx of visitors and the accompanying financial benefits are crucial for the sustained growth and vitality of our area.

Moreover, the project has the potential to greatly support our schools by providing a platform for educational programs, performances, and events. This aligns with my strong belief in the importance of integrating arts into our educational system, as it encourages creativity, critical thinking, and cultural awareness among students.

The enrichment of our community through the arts cannot be overstated. The Sunset Amphitheater will serve as a hub for cultural events, concerts, and community gatherings, enhancing the quality of life for all residents and fostering a stronger, more connected community.

In my view, supporting the Sunset Amphitheater project is not just about building a venue; it's about investing in the future of our community and ensuring that we continue to grow and thrive in a balanced and sustainable manner. It is an opportunity to showcase the best of what our county has to offer, both to ourselves and to the wider world.

I strongly urge you to support the Sunset Amphitheater project at Mustang Creek Crossing. This project represents a forward-thinking approach to community development and has the potential to bring about lasting positive changes for our area. Let's seize this opportunity to enhance our community's economic, educational, and cultural landscape.

Thank you for considering my perspective on this important matter. I am confident that with your support, the Sunset Amphitheater will become a reality, benefiting our community for generations to come.

Sincerely,

**Subject:** From Terry Millus | Letter in Support of PUD-1983

Dear City Clerk,

I am writing to express my wholehearted support for the proposed Sunset Amphitheater project at Mustang Creek Crossing, as outlined in PUD-1983. My name is Terry Millus, and I reside at 1054 S MEADOW Lane, Mustang, OK 73064. As a long-standing resident of this community, my relationship to this project is deeply personal, and I am enthusiastic about the potential benefits it promises to bring to our area.

The Sunset Amphitheater represents a significant opportunity for cultural enrichment and economic impact in Mustang. The prospect of hosting a variety of events and performances not only enriches the cultural fabric of our community but also stimulates local businesses and tourism, contributing positively to our economy. Moreover, the fact that this project proposes the development of an amphitheater rather than adding more residential housing is particularly appealing to me. Our community has seen considerable growth over the years, and while development is necessary, it is crucial that it is managed in a way that does not overburden our existing infrastructure and resources.

On a personal note, my wife, my family, and I have been part of this community for over 40 years. We have witnessed its evolution and are deeply invested in its future. The development of the Sunset Amphitheater on this particular parcel of land represents, in my view, the best possible use of the space. It avoids increasing the population density, which is a concern given the current capacity of our local schools and infrastructure. The last thing we need is for the area to be developed into apartments or more houses without a corresponding investment in educational facilities and other essential services.

I strongly believe that the Sunset Amphitheater project aligns with the long-term interests and needs of our community. It offers a vision for development that respects the character of Mustang while providing tangible benefits in terms of culture, economy, and quality of life. I urge you to support PUD-1983 and to work towards making the Sunset Amphitheater a reality. This project has the potential to be a cornerstone of our community's development, reflecting our values and aspirations.

I hope you will consider my perspective and the positive impact this project could have on Mustang. Thank you for your attention to this matter and for your ongoing service to our community.

Sincerely,  
Terry Millus

Dear City Clerk,

I am writing to express my strong support for the proposed Sunset Amphitheater project at Mustang Creek Crossing, as outlined in PUD-1983. My name is David DeWitte, and I reside at 12908 SW 24th St., Yukon, OK. As a resident of this community and someone who has a direct relationship with the project area through property ownership, I am deeply invested in the development and enhancement of our local amenities and infrastructure.

The Sunset Amphitheater represents a significant opportunity for our community, promising to deliver a state-of-the-art outdoor venue in a reputable part of town. The importance of revitalizing the music and arts scene in our area cannot be overstated, and this project stands as a beacon of progress in that direction. Moreover, the establishment of such a venue promises to provide a safer environment for our children and families to enjoy entertainment, which is a paramount concern for many in our community.

From a personal investment standpoint, the proximity of my rental property to the proposed build site presents a unique opportunity. The development of the Sunset Amphitheater is poised to enhance property values and offer new opportunities for investment owners like myself. This aspect of the project underscores its potential to contribute positively to the local economy and the personal financial well-being of property owners in the vicinity.

Having grown up in Yukon and lived in the area for 37 years, I have witnessed firsthand the transformative impact of thoughtful development on our community. Recent builds have significantly contributed to revenue growth in Oklahoma City, and it is heartening to see a project that promises similar benefits for Canadian County. The Sunset Amphitheater is not just a venue; it is a potential catalyst for economic and cultural rejuvenation in our area.

In light of these considerations, I wholeheartedly support the development of the Sunset Amphitheater at Mustang Creek Crossing. This project represents a forward-thinking investment in our community's cultural, economic, and social well-being. I urge you to recognize its potential and lend your support to ensure its realization. Together, we can make a lasting positive impact on Yukon and Canadian County for generations to come.

Sincerely,

My connection to the Mustang community spans over a decade, and it is from this deep-rooted involvement that I advocate for this development.

Dear City Clerk,

I am writing to you today as a resident of Yukon, Oklahoma, living at 3613 Canton Trail, Yukon, OK 73099, to express my strong support for the proposed Sunset Amphitheater project at Mustang Creek Crossing, known as PUD-1983. My relationship to this project is that of a local resident who is deeply invested in the growth and development of our community.

One of the key benefits that I am particularly excited about is the potential for business growth in the area. The establishment of the Sunset Amphitheater promises to be a catalyst for economic development, attracting a variety of businesses that will serve not only the residents of Yukon but also those of the surrounding areas. This influx of businesses is expected to enhance the quality of life for our community members by providing more diverse services and entertainment options, thereby making our area a more attractive place to live, work, and visit.

I have lived in Yukon for a few years now, and from what I have observed, this project has the potential to bring about significant positive changes for both Yukon and Mustang. The introduction of the Sunset Amphitheater will not only enrich our cultural landscape but also stimulate our local economy by drawing visitors from neighboring regions. This, in turn, will lead to better options for dining, shopping, and entertainment for the residents of Yukon and Mustang, thereby fostering a vibrant, thriving community.

In light of these considerations, I wholeheartedly support the development of the Sunset Amphitheater at Mustang Creek Crossing.
