

Oklahoma City - Oracle Integration

Oklahoma City, OK (referred to as the "**Organization**") has requested a change to Oklahoma City - Oracle Integration originally entered into via Deal #13884718613 on June 29, 2023 (referred to as the "**Agreement**").

Type of Change

Check all that apply:

	Project Area	Brief Description of Change
<input checked="" type="checkbox"/>	Scope	Add Void / Cancel functionality to Miscellaneous AR Integration
<input type="checkbox"/>	Schedule	
<input checked="" type="checkbox"/>	Cost	Additional Professional Services
<input type="checkbox"/>	Other	

Detailed Description of Change(s)

Scope

The Organization has requested change to the existing Miscellaneous Allocation Update Integration that allows the Organization's Users to void/cancel a miscellaneous receipt as needed in real time.

In order to implement this modification, a new custom interface will be developed in iNovah that allows the iNovah system to make a web service request call with existing miscellaneous receipt information and programmatically handle response (i.e., success, errors, or rejects) from the Oracle system.

Cost

iNovah™ Application Software License	Price	QTY	Subtotal
N/A	\$0.00	0	\$0.00
Professional Services			
Professional Services Design, document, develop, test, and deployment	\$200.00	60	\$12,000.00

Subtotal **\$12,000.00**

Discount **\$0.00**

Total \$12,000.00

Payment Schedule

This schedule represents the fixed-price professional services investment for the design, development, coding, testing, and implementation the requested modification described in the Statement of Work. This investment will be paid in installments based on the milestones identified in the following payment schedule.

Payment Number	Milestones	Payment Amount
1	50% of Professional Services due on contract signature	\$6,000.00
2	50% of Professional Services due on software in installed in the Organization's Test Environment	\$6,000.00
Payment Milestones Totals		\$12,000.00
