

AMENDMENT RECOMMENDATION LETTER

April 25, 2024

Mr. John Storms
Oklahoma City Airport Trust
7100 Terminal Drive, Unit 937
Oklahoma City, OK 73159

Re: OCAT WRWA 2418
Passenger Boarding Bridge Replacement - Phase II
Will Rogers World Airport
ATP Project No. 3-40-0072-095-2024
AIG Project No. 3-40-0072-096-2024

Subject: Recommendation of Contract Amendment No. 01

Mr. Storms,

Guernsey recommends the Oklahoma City Airport Trust consider approval of Amendment No. 1 to its Contract with Oshkosh AeroTech, LLC for the above referenced project. This Amendment No. 1 is for an additional two (2) Passenger Boarding Bridges (PBB) for the WRWA Terminal Building at an additional cost of \$2,227,332.66 to the existing Contract sum. Adding these two (2) additional PBB's will bring the total quantity of PBB's under this Contract to five (5). This will replace and upgrade two more PBB's in the terminal building, provide better and more reliable service to passengers and reduce overall terminal maintenance costs related to the existing PBB's.

The Notice to Proceed has not been issued to date and there is currently no extension of calendar days to the project duration as a result of this Amendment.

Should you have any additional questions about this recommendation, please feel free to contact me.

Sincerely,
C.H. Guernsey & Company
