The City of OKLAHOMA CITY

TO: Mayor and City Council

FROM: Craig Freeman, City Manager

Transit Planned Growth BRT Alternatives Analysis, Project M4-TTG20, MAPS 4 Transit Planned Growth. Wards 4, 5, 6 and 7.

Background:

As a part of the MAPS 4 Program, The City of Oklahoma City will include upgrades to the Oklahoma City transit system. This project is MAPS 4 Transit Planned Growth, which will include studies to determine routes for the next two bus rapid transit systems.

Following community and stakeholder meetings, the engineer developed the BRT Alternative Analysis Report. This report concludes the task included in the engineer's contract. This study will be used for future design of the two bus rapid transit system lines included in the MAPS 4 Program.

Engineer:

Kimley-Horn and Associates, Inc.

Review:
