B. Case History

This is a new application.

C. Reason for Request

The purpose of this request is to permit the operation of a Drinking Establishment.

D. Existing Conditions

1. Comprehensive Plan Land Use Typology Area: Urban: Medium Intensity (UM)

UM applies to fully urbanized areas of the city, most of which were built prior to the 1960s. Developments are expected to be larger in scale and have greater intensity and mixture of uses than developments found in UL. Development within UM areas should support efficient transit usage and provide pedestrian and bicycle access to retail, services, parks, and other destinations. Priorities for the UM areas include "infill" development on vacant lots, rehabilitation of underutilized property, and development that supports revitalization of distressed neighborhoods.

2. Size of Site (1935 Square Feet)

3. Zoning and Land Use

	Subject Site	North	East	South	West
Zoning	I-2	I-2	I-2	I-2	I-2

- 5) The site shall front or have direct access to a street having adequate right-of-way and improvements to support the traffic generated by the proposed use.
- 6) The City Council may impose specific conditions regarding location, design, and operation to assure safety, to prevent a nuisance, and to control the noxious effects of excessive sound, light, odor, dust, or similar conditions. Such conditions may include:
 - a. A requirement that all machinery and facilities be located within an enclosed building; or
