City of Oklahoma

Planning Department

420 West Main Street Suite 910

Oklahoma City, Oklahoma 73102

Dear Planning Department,

I protest and oppose Case Number SP-587. This area is an industrial distribution and manufacturing area with semi-truck tractor and other large trucks and equipment transiting in and through this area. A Charter High School in this area puts the kids' safety at risk and poses a large potential liability to the business' operation in this area. In most other cities across America these types of businesses do not run the risk of having high school kids in the operating areas around our businesses.

Respectfully,

A handwritten signature in black ink that reads 'Robert W. Purvis'.

Robert W. Purvis
