---

Good morning. This following is the Mesta Park PRC report for applications this month.

**HPCA-24-00067:** The applicant proposes construction of a new covered porch at a side elevation. This has been heard previously and was continue. The staff report advises that some new documentation has been provided but what was provided was insufficient. Our PRC agrees with the staff recommend for denial without prejudice as the proposed work will have an adverse effect on the character of the district or property.

Anne
