STATE OF OKLAHOMA GENERAL TERMS

This State of Oklahoma General Terms ("General Terms") is a Contract Document in connection with a Contract awarded by the Office of Management and Enterprise Services on behalf of the State of Oklahoma.

In addition to other terms contained in an applicable Contract Document, Supplier and State agree to the following General Terms:

1 Scope and Contract Renewal

- 1.1** Supplier may not add products or services to its offerings under the Contract without the State's prior written approval. Such request may require a competitive bid of the additional products or services. If the need arises for goods or services outside the scope of the Contract, Supplier shall contact the State.
- 1.2** At no time during the performance of the Contract shall the Supplier have the authority to obligate any Customer for payment for any products or services (a) when a corresponding encumbering document is not signed or (b) over and above an awarded Contract amount. Likewise, Supplier is not entitled to compensation for a product or service provided by or on behalf of Supplier that is neither requested nor accepted as satisfactory.
- 1.3** If applicable, prior to any Contract renewal, the State shall subjectively consider the value of the Contract to the State, the Supplier's performance under the Contract, and shall review certain other factors, including but not limited to the: a) terms and conditions of Contract Documents to determine validity with current State and other applicable statutes and rules; b) current pricing and discounts offered by Supplier; and c) current products, services and support offered by Supplier. If the State determines changes to the Contract are required as a condition precedent to renewal, the State and Supplier will cooperate in good faith to evidence such required changes in an Addendum. Further, any request for a price increase in connection with a renewal or otherwise will be conditioned on the Supplier providing appropriate documentation supporting the request.
- 1.4** The State may extend the Contract for ninety (90) days beyond a final renewal term at the Contract compensation rate for the extended period. If the State exercises such option to extend ninety (90) days, the State shall notify the

Supplier in writing prior to Contract end date. The State, at its sole option and to the extent allowable by law, may choose to exercise subsequent ninety (90) day extensions at the Contract pricing rate, to facilitate the finalization of related terms and conditions of a new award or as needed for transition to a new Supplier.

- 1.5 Supplier understands that supplier registration expires annually and, pursuant to OAC 260:115-3-3, Supplier shall maintain its supplier registration with the State as a precondition to a renewal of the Contract.

2 Contract Effectiveness and Order of Priority

- 2.1 Unless specifically agreed in writing otherwise, the Contract is effective upon the date last signed by the parties. Supplier shall not commence work, commit funds, incur costs, or in any way act to obligate the State until the Contract is effective.
- 2.2 Contract Documents shall be read to be consistent and complementary. Any conflict among the Contract Documents shall be resolved by giving priority to Contract Documents in the following order of precedence:
- A. any Addendum;
 - B. any applicable Solicitation;
 - C. any Contract-specific State terms contained in a Contract Document including, without limitation, information technology terms and terms specific to a statewide Contract or a State agency Contract;
 - D. the terms contained in this Contract Document;
 - E. any successful Bid as may be amended through negotiation and to the extent the Bid does not otherwise conflict with the Solicitation or applicable law;
 - F. any statement of work, work order, or other similar ordering document as applicable; and
 - G. other mutually agreed Contract Documents.
- 2.3 If there is a conflict between the terms contained in this Contract Document or in Contract-specific terms and an agreement provided by or on behalf of Supplier including but not limited to linked or supplemental documents which alter or diminish the rights of Customer or the State, the conflicting terms provided by Supplier shall not take priority over this Contract Document or

Acquisition-specific terms. In no event will any linked document alter or override such referenced terms except as specifically agreed in an Addendum.

- 2.4 Any Contract Document shall be legibly written in ink or typed. All Contract transactions, and any Contract Document related thereto, may be conducted by electronic means pursuant to the Oklahoma Uniform Electronic Transactions Act.

3 **Modification of Contract Terms and Contract Documents**

- 3.1 The Contract may only be modified, amended, or expanded by an Addendum. Any change to the Contract, including the addition of work or materials, the revision of payment terms, or the substitution of work or materials made unilaterally by the Supplier, is a material breach of the Contract. Unless otherwise specified by applicable law or rules, such changes, including without limitation, any unauthorized written Contract modification, shall be void and without effect and the Supplier shall not be entitled to any claim under the Contract based on those changes. No oral statement of any person shall modify or otherwise affect the terms, conditions, or specifications stated in the Contract.
- 3.2 Any additional terms on an ordering document provided by Supplier are of no effect and are void unless mutually executed. OMES bears no liability for performance, payment or failure thereof by the Supplier or by a Customer other than OMES in connection with an Acquisition.

A defect in a product or deliverable furnished by or through the Supplier shall be repaired or replaced by Supplier at no additional cost or expense to the Customer if such defect occurs during the warranty period.

Any product to be delivered pursuant to the Contract shall be subject to final inspection and acceptance by the Customer at Destination. The Customer assumes no responsibility for a product until accepted by the Customer. Title and risk of loss or damage to a product shall be the responsibility of the Supplier until accepted. The Supplier shall be responsible for filing, processing, and collecting any and all damage claims accruing prior to acceptance.

Pursuant to OAC 260:115-9-5, payment for an Acquisition does not constitute final acceptance of the Acquisition. If subsequent inspection affirms that the Acquisition does not meet or exceed the specifications of the order or that the Acquisition has a latent defect, the Supplier shall be notified as soon as is reasonably practicable. The Supplier shall retrieve and replace the Acquisition at Supplier's expense or, if unable to replace, shall issue a refund to Customer. Refund under this section shall not be an exclusive remedy.

- 6.3** Supplier shall deliver products and services on or before the required date specified in a Contract Document. Failure to deliver timely may result in liquidated damages as set forth in the applicable Contract Document. Deviations, substitutions, or changes in a product or service, including changes of personnel directly providing services, shall not be made unless expressly authorized in writing by the Customer. Any substitution of personnel directly providing services shall be a person of comparable or greater skills, education and experience for performing the services as the person being replaced. Additionally, Supplier shall provide staff sufficiently experienced and able to perform with respect to any transitional services provided by Supplier in connection with termination or expiration of the Contract.
- 6.4** Product warranty and return policies and terms provided under any Contract Document will not be more restrictive or more costly than warranty and return policies and terms for other similarly situated customers for a like product.

7 Invoices and Payment

- 7.1** Supplier shall be paid upon submission of a proper invoice(s) at the prices stipulated in the Contract in accordance with 74 O.S. §85.44B which requires that payment be made only after products have been provided and accepted or services rendered and accepted.

The following terms additionally apply:

- A.** An invoice shall contain the purchase order number, description of products or services provided and the dates of such provision.
- B.** Failure to provide a timely and proper invoice may result in delay of processing the invoice for payment. Proper invoice is defined at OAC 260:10-1-2.
- C.** Payment of all fees under the Contract shall be due NET 45 days. Payment and interest on late payments are governed by 62 O.S. §34.72. Such interest is the sole and exclusive remedy for late payments by a State agency and no other late fees are authorized to be assessed pursuant to Oklahoma law.
- D.** The date from which an applicable early payment discount time is calculated shall be from the receipt date of a proper invoice. There is no obligation, however, to utilize an early payment discount.
- E.** If an overpayment or underpayment has been made to Supplier any subsequent payments to Supplier under the Contract may be adjusted to correct the account. A written explanation of the adjustment will be issued to Supplier.
- F.** Supplier shall have no right of setoff.
- G.** Because funds are typically dedicated to a particular fiscal year, an invoice will be paid only when timely submitted, which shall in no instance be later than six (6) months after the end of the fiscal year in which the goods are provided or services performed.
- H.** The Supplier shall accept payment by Purchase Card as allowed by Oklahoma law.

8 Maintenance of Insurance, Payment of Taxes, and Workers' Compensation

- 8.1** As a condition of this Contract, Supplier shall procure at its own expense, and provide proof of, insurance coverage with the applicable liability limits set

forth below and any approved subcontractor of Supplier shall procure and provide proof of the same coverage. The required insurance shall be underwritten by an insurance carrier with an A.M. Best rating of A- or better.

Such proof of coverage shall additionally be provided to the Customer if services will be provided by any of Supplier's employees, agents or subcontractors at any Customer premises and/or employer vehicles will be used in connection with performance of Supplier's obligations under the Contract. Supplier may not commence performance hereunder until such proof has been provided. Additionally, Supplier shall ensure each insurance policy includes a thirty (30) day notice of cancellation and name the State and its agencies as certificate holder and shall promptly provide proof to the State of any renewals, additions, or changes to such insurance coverage. Supplier's obligation to maintain insurance coverage under the Contract is a continuing obligation until Supplier has no further obligation under the Contract. Any combination of primary and excess or umbrella insurance may be used to satisfy the limits of coverage for Commercial General Liability, Auto Liability and Employers' Liability. Unless agreed between the parties and approved by the State Purchasing Director, the minimum acceptable insurance limits of liability are as follows:

- A. Workers' Compensation and Employer's Liability Insurance in accordance with and to the extent required by applicable law;
- B. Commercial General Liability Insurance covering the risks of personal injury, bodily injury (including death) and property damage, including coverage for contractual liability, with a limit of liability of not less than \$5,000,000 per occurrence;
- C. Automobile Liability Insurance with limits of liability of not less than \$5,000,000 combined single limit each accident;

- F. Additional coverage required in writing in connection with a particular Acquisition.

8.2 Supplier shall be entirely responsible during the existence of the Contract for the liability and payment of taxes payable by or assessed to Supplier or its employees, agents and subcontractors of whatever kind, in connection with the Contract. Supplier further agrees to comply with all state and federal laws applicable to any such persons, including laws regarding wages, taxes, insurance, and Workers' Compensation. Neither Customer nor the State shall be liable to the Supplier, its employees, agents, or others for the payment of taxes or the provision of unemployment insurance and/or Workers' Compensation or any benefit available to a State or Customer employee.

8.3 Supplier agrees to indemnify Customer, the State, and its employees, agents, representatives, contractors, and assignees for any and all liability, actions, claims, demands, or suits, and all related costs and expenses (including without limitation reasonable attorneys' fees and costs required to establish the right to indemnification) relating to tax liability, unemployment insurance and/or Workers' Compensation in connection with its performance under the Contract.

Additionally, as part of compliance with accessibility requirements where documents are only provided in non-electronic format, Supplier shall promptly provide such communication and any associated support documents in an alternate format

usable by individuals with disabilities upon request and at no additional cost, which may originate from an intended recipient or from the State.

10 Audits and Records Clause

10.1 As used in this clause and pursuant to 67 O.S. §203, "record" includes a document, book, paper, photograph, microfilm, computer tape, disk, record, sound recording, film recording, video record, accounting procedures and practices, and other data, regardless of type and regardless of whether such items are in written form, in the form of computer data, or in any other form. Supplier agrees any pertinent federal or State agency or governing entity of a Customer shall have the right to examine and audit, at no additional cost to a Customer, all records relevant to the execution and performance of the Contract except, unless otherwise agreed, costs of Supplier that comprise pricing under the Contract.

10.2 The Supplier is required to retain records relative to the Contract for the duration of the Contract and for a period of seven (7) years following completion or termination of an Acquisition unless otherwise indicated in the Contract terms. If a claim, audit, litigation or other action involving such records is started before the end of the seven-year period, the records are required to be maintained for two (2) years from the date that all issues arising out of the action are resolved, or until the end of the seven (7) year retention period, whichever is later.

10.3 Pursuant to 74 O.S. §85.41, if professional services are provided hereunder, all items of the Supplier that relate to the professional services are subject to examination by the State agency, State Auditor and Inspector and the State Purchasing Director.

11 Confidentiality

11.1 The Supplier shall maintain strict security of all State and citizen data and records entrusted to it or to which the Supplier gains access, in accordance with and subject to applicable federal and State laws, rules, regulations, and policies and shall use any such data and records only as necessary for Supplier to perform its obligations under the Contract. The Supplier further agrees to evidence such confidentiality obligation in a separate writing if required under such applicable federal or State laws, rules and regulations. The Supplier warrants and represents that such information shall not be sold, assigned, conveyed, provided, released, disseminated or otherwise disclosed by Supplier, its employees, officers, directors, subsidiaries, affiliates, agents, representatives, assigns, subcontractors, independent contractors, successor or any other persons or entities without Customer's prior express written

permission. Supplier shall instruct all such persons and entities that the confidential information shall not be disclosed or used without the Customer's prior express written approval except as necessary for Supplier to render services under the Contract. The Supplier further warrants that it has a tested and proven system in effect designed to protect all confidential information.

- 11.2** Supplier shall establish, maintain and enforce agreements with all such persons and entities that have access to State and citizen data and records to fulfill Supplier's duties and obligations under the Contract and to specifically prohibit any sale, assignment, conveyance, provision, release, dissemination or other disclosure of any State or citizen data or records except as required by law or allowed by written prior approval of the Customer.
- 11.3** Supplier shall immediately report to the Customer any and all unauthorized use, appropriation, sale, assignment, conveyance, provision, release, access, acquisition, disclosure or other dissemination of any State or citizen data or records of which it or its parent company, subsidiaries, affiliates, employees, officers, directors, assignees, agents, representatives, independent contractors, and subcontractors is aware or have knowledge or reasonable should have knowledge. The Supplier shall also promptly furnish to Customer full details of the unauthorized use, appropriation, sale, assignment, conveyance, provision, release, access, acquisition, disclosure or other dissemination, or attempt thereof, and use its best efforts to assist the Customer in investigating or preventing the reoccurrence of such event in the future. The Supplier shall cooperate with the Customer in connection with any litigation and investigation deemed necessary by the Customer to protect any State or citizen data and records and shall bear all costs associated with the investigation, response and recovery in connection with any breach of State or citizen data or records including but not limited to credit monitoring services with a term of at least three (3) years, all notice-related costs and toll free telephone call center services.
- 11.4** Supplier further agrees to promptly prevent a reoccurrence of any unauthorized use, appropriation, sale, assignment, conveyance, provision, release, access, acquisition, disclosure or other dissemination of State or citizen data and records.
- 11.5** Supplier acknowledges that any improper use, appropriation, sale, assignment, conveyance, provision, release, access, acquisition, disclosure or other dissemination of any State data or records to others may cause immediate and irreparable harm to the Customer and certain beneficiaries and may violate state or federal laws and regulations. If the Supplier or its affiliates, parent company, subsidiaries, employees, officers, directors, assignees, agents,

representatives, independent contractors, and subcontractors improperly use, appropriate, sell, assign, convey, provide, release, access, acquire, disclose or otherwise disseminate such confidential information to any person or entity in violation of the Contract, the Customer will immediately be entitled to injunctive relief and/or any other rights or remedies available under this Contract, at equity or pursuant to applicable statutory, regulatory, and common law without a cure period.

11.6 The Supplier shall immediately forward to the State Purchasing Director, and any other applicable person listed in the Notices section(s) of the Contract, any request by a third party for data or records in the possession of the Supplier or any subcontractor or to which the Supplier or subcontractor has access and Supplier shall fully cooperate with all efforts to protect the security and confidentiality of such data or records in response to a third party request.

11.7 Customer may be provided access to Supplier Confidential Information. State agencies are subject to the Oklahoma Open Records Act and Supplier acknowledges information marked confidential information will be disclosed to the extent permitted under the Open Records Act and in accordance with this section. Nothing herein is intended to waive the State Purchasing Director's authority under OAC 260:115-3-9 in connection with Bid information requested to be held confidential by a Bidder. Notwithstanding the foregoing, Supplier Confidential Information shall not include information that: (i) is or becomes generally known or available by public disclosure, commercial use or otherwise and is not in contravention of this Contract; (ii) is known and has been reduced to tangible form by the receiving party before the time of disclosure for the first time under this Contract and without other obligations of confidentiality; (iii) is independently developed without the use of any of Supplier Confidential Information; (iv) is lawfully obtained from a third party (without any confidentiality obligation) who has the right to make such disclosure or (v) résumé, pricing or marketing materials provided to the State. In addition, the obligations in this section shall not apply to the extent that the applicable law or regulation requires disclosure of Supplier Confidential Information, provided that the Customer provides reasonable written notice, pursuant to Contract notice provisions, to the Supplier so that the Supplier may promptly seek a protective order or other appropriate remedy.

12 Conflict of Interest

In addition to any requirement of law or of a professional code of ethics or conduct, the Supplier, its employees, agents and subcontractors are required to disclose any outside activity or interest that conflicts or may conflict with the best interest of the State. Prompt disclosure is required under this section if the activity or interest is

related, directly or indirectly, to any person or entity currently under contract with or seeking to do business with the State, its employees or any other third-party individual or entity awarded a contract with the State. Further, as long as the Supplier has an obligation under the Contract, any plan, preparation or engagement in any such activity or interest shall not occur without prior written approval of the State. Any conflict of interest shall, at the sole discretion of the State, be grounds for partial or whole termination of the Contract.

13 Assignment and Permitted Subcontractors

- 13.1** Supplier's obligations under the Contract may not be assigned or transferred to any other person or entity without the prior written consent of the State which may be withheld at the State's sole discretion. Should Supplier assign its rights to payment, in whole or in part, under the Contract, Supplier shall provide the State and all affected Customers with written notice of the assignment. Such written notice shall be delivered timely and contain details sufficient for affected Customers to perform payment obligations without any delay caused by the assignment.
- 13.2** Notwithstanding the foregoing, the Contract may be assigned by Supplier to any corporation or other entity in connection with a merger, consolidation, sale of all equity interests of the Supplier, or a sale of all or substantially all of the assets of the Supplier to which the Contract relates. In any such case, said corporation or other entity shall by operation of law or expressly in writing assume all obligations of the Supplier as fully as if it had been originally made a party to the Contract. Supplier shall give the State and all affected Customers prior written notice of said assignment. Any assignment or delegation in violation of this subsection shall be void.
- 13.3** If the Supplier is permitted to utilize subcontractors in support of the Contract, the Supplier shall remain solely responsible for its obligations under the terms of the Contract, for its actions and omissions and those of its agents, employees and subcontractors and for payments to such persons or entities. Prior to a subcontractor being utilized by the Supplier, the Supplier shall obtain written approval of the State of such subcontractor and each employee, as applicable to a particular Acquisition, of such subcontractor proposed for use by the Supplier. Such approval is within the sole discretion of the State. Any proposed subcontractor shall be identified by entity name, and by employee name, if required by the particular Acquisition, in the applicable proposal and shall include the nature of the services to be performed. As part of the approval request, the Supplier shall provide a copy of a written agreement executed by the Supplier and subcontractor setting forth that such subcontractor is bound by and agrees, as applicable, to perform the same covenants and be subject to

the same conditions and make identical certifications to the same facts and criteria, as the Supplier under the terms of all applicable Contract Documents. Supplier agrees that maintaining such agreement with any subcontractor and obtaining prior written approval by the State of any subcontractor and associated employees shall be a continuing obligation. The State further reserves the right to revoke approval of a subcontractor or an employee thereof in instances of poor performance, misconduct or for other similar reasons.

13.4 All payments under the Contract shall be made directly to the Supplier, except as provided in subsection A above regarding the Supplier's assignment of payment. No payment shall be made to the Supplier for performance by unapproved or disapproved employees of the Supplier or a subcontractor.

13.5 Rights and obligations of the State or a Customer under the terms of this Contract may be assigned or transferred, at no additional cost, to other Customer entities.

14 Background Checks and Criminal History Investigations

Prior to the commencement of any services, background checks and criminal history investigations of the Supplier's employees and subcontractors who will be providing services may be required and, if so, the required information shall be provided to the State in a timely manner. Supplier's access to facilities, data and information may be withheld prior to completion of background verification acceptable to the State. The costs of additional background checks beyond Supplier's normal hiring practices shall be the responsibility of the Customer unless such additional background checks are required solely because Supplier will not provide results of its otherwise acceptable normal background checks; in such an instance, Supplier shall pay for the additional background checks. Supplier will coordinate with the State and its employees to complete the necessary background checks and criminal history investigations. Should any employee or subcontractor of the Supplier who will be providing services under the Contract not be acceptable as a result of the background check or criminal history investigation, the Customer may require replacement of the employee or subcontractor in question and, if no suitable replacement is made within a reasonable time, terminate the purchase order or other payment mechanism associated with the project or services.

15 Patents and Copyrights

Without exception, a product or deliverable price shall include all royalties or costs owed by the Supplier to any third party arising from the use of a patent, intellectual property, copyright or other property right held by such third party. Should any third party threaten or make a claim that any portion of a product or service provided by Supplier under the Contract infringes that party's patent, intellectual property,

copyright or other property right, Supplier shall enable each affected Customer to legally continue to use, or modify for use, the portion of the product or service at issue or replace such potentially infringing product, or re-perform or redeliver in the case of a service, with at least a functional non-infringing equivalent. Supplier's duty under this section shall extend to include any other product or service rendered materially unusable as intended due to replacement or modification of the product or service at issue. If the Supplier determines that none of these alternatives are reasonably available, the State shall return such portion of the product or deliverable at issue to the Supplier, upon written request, in exchange for a refund of the price paid for such returned goods as well as a refund or reimbursement, if applicable, of the cost of any other product or deliverable rendered materially unusable as intended due to removal of the portion of product or deliverable at issue. Any remedy provided under this section is not an exclusive remedy and is not intended to operate as a waiver of legal or equitable remedies because of acceptance of relief provided by Supplier.

16 Indemnification

16.1 Acts or Omissions

- A.** Supplier shall defend and indemnify the Indemnified Parties, as applicable, for any and all liability, claims, damages, losses, costs, expenses, demands, suits and actions of third parties (including without limitation reasonable attorneys' fees and costs required to establish the right to indemnification) arising out of, or resulting from any action or claim for bodily injury, death, or property damage brought against any of the Indemnified parties to the extent arising from any negligent act or omission or willful misconduct of the Supplier or its agents, employees, or subcontractors in the execution or performance of the Contract.
- B.** To the extent Supplier is found liable for loss, damage, or destruction of any property of Customer due to negligence, misconduct, wrongful act, or omission on the part of the Supplier, its employees, agents, representatives, or subcontractors, the Supplier and Customer shall use best efforts to mutually negotiate an equitable settlement amount to repair or replace the property unless such loss, damage or destruction is of such a magnitude that repair or replacement is not a reasonable option. Such amount shall be invoiced to, and is payable by, Supplier sixty (60) calendar days after the date of Supplier's receipt of an invoice for the negotiated settlement amount.

16.2 Infringement

Supplier shall indemnify the Indemnified Parties, as applicable, for all liability, claims, damages, losses, costs, expenses, demands, suits and actions of third parties (including without limitation reasonable attorneys' fees and costs required to establish the right to indemnification) arising from or in connection with Supplier's breach of its representations and warranties in the Contract or alleged infringement of any patent, intellectual property, copyright or other property right in connection with a product or service provided under the Contract. Supplier's duty under this section is reduced to the extent a claimed infringement results from: (a) a Customer's or user's content; (b) modifications by Customer or third party to a product delivered under the Contract or combinations of the product with any non-Supplier-provided services or products unless Supplier recommended or participated in such modification or combination; (c) use of a product or service by Customer in violation of the Contract unless done so at the direction of Supplier, or (d) a non-Supplier product that has not been provided to the State by, through or on behalf of Supplier as opposed to its combination with products Supplier provides to or develops for the State or a Customer as a system.

16.3 Notice and Cooperation

In connection with indemnification obligations under the Contract, the parties agree to furnish prompt written notice to each other of any third-party claim. Any Customer affected by the claim will reasonably cooperate with Supplier and defense of the claim to the extent its interests are aligned with Supplier. Supplier shall use counsel reasonably experienced in the subject matter at issue and will not settle a claim without the written consent of the party being defended, which consent will not be unreasonably withheld or delayed, except that no consent will be required to settle a claim against Indemnified Parties that are not a State agency, where relief against the Indemnified Parties is limited to monetary damages that are paid by the defending party under indemnification provisions of the Contract.

16.4 Coordination of Defense

In connection with indemnification obligations under the Contract, when a State agency is a named defendant in any filed or threatened lawsuit, the defense of the State agency shall be coordinated by the Attorney General of Oklahoma, or the Attorney General may authorize the Supplier to control the defense and any related settlement negotiations; provided, however, Supplier shall not agree to any settlement of claims against the State without obtaining advance written concurrence from the Attorney General. If the Attorney General does not authorize sole control of the defense and settlement negotiations to Supplier, Supplier shall have authorization to equally

participate in any proceeding related to the indemnity obligation under the Contract and shall remain responsible to indemnify the applicable Indemnified Parties.

16.5 Limitation of Liability

- A. With respect to any claim or cause of action arising under or related to the Contract, neither the State nor any Customer shall be liable to Supplier for lost profits, lost sales or business expenditures, investments, or commitments in connection with any business, loss of any goodwill, or for any other indirect, incidental, punitive, special or consequential damages, even if advised of the possibility of such damages.
- B. Notwithstanding anything to the contrary in the Contract, no provision shall limit damages, expenses, costs, actions, claims, and liabilities arising from or related to property damage, bodily injury or death caused by Supplier or its employees, agents or subcontractors; indemnity, security or confidentiality obligations under the Contract; the bad faith, negligence, intentional misconduct or other acts for which applicable law does not allow exemption from liability of Supplier or its employees, agents or subcontractors.
- C. The limitation of liability and disclaimers set forth in the Contract will apply regardless of whether Customer has accepted a product or service. The parties agree that Supplier has set its fees and entered into the Contract in reliance on the disclaimers and limitations set forth herein, that the same reflect an allocation of risk between the parties and form an essential basis of the bargain between the parties. These limitations shall apply notwithstanding any failure of essential purpose of any limited remedy.

17 Termination for Funding Insufficiency

- 17.1 Notwithstanding anything to the contrary in any Contract Document, the State may terminate the Contract in whole or in part if funds sufficient to pay obligations under the Contract are not appropriated or received from an intended third-party funding source. In the event of such insufficiency, Supplier will be provided at least fifteen (15) calendar days' written notice of termination. Any partial termination of the Contract under this section shall not be construed as a waiver of, and shall not affect, the rights and obligations of any party regarding portions of the Contract that are not terminated. The determination by the State of insufficient funding shall be accepted by, and shall be final and binding on, the Supplier.

17.2 Upon receipt of notice of a termination, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to the effective date of termination, the termination does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the Contract or for any damages or other amounts caused by or associated with such termination. Any amount paid to Supplier in the form of prepaid fees that are unused when the Contractor certain obligations are terminated shall be refunded.

17.3 The State's exercise of its right to terminate the Contract under this section shall not be considered a default or breach under the Contract or relieve the Supplier of any liability for claims arising under the Contract.

18 Termination for Cause

18.1 Supplier may terminate the Contract if (i) it has provided the State with written notice of material breach and (ii) the State fails to cure such material breach within thirty (30) days of receipt of written notice. If there is more than one Customer, material breach by a Customer does not give rise to a claim of material breach as grounds for termination by Supplier of the Contract as a whole. The State may terminate the Contract in whole or in part if (i) it has provided Supplier with written notice of material breach, and (ii) Supplier fails to cure such material breach within thirty (30) days of receipt of written notice. Any partial termination of the Contract under this section shall not be construed as a waiver of, and shall not affect, the rights and obligations of any party regarding portions of the Contract that are not terminated.

18.2 The State may terminate the Contract in whole or in part immediately without a thirty (30) day written notice to Supplier if (i) Supplier fails to comply with confidentiality, privacy, security, environmental or safety requirements applicable to Supplier's performance or obligations under the Contract; (ii) Supplier's material breach is reasonably determined to be an impediment to the function of the State and detrimental to the State or to cause a condition precluding the thirty (30) day notice or (iii) when the State determines that an administrative error in connection with award of the Contract occurred prior to Contract performance.

18.3 Upon receipt of notice of a termination, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence

of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to the effective date of termination, the termination does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the Contract or for any damages or other amounts caused by or associated with such termination. Such termination is not an exclusive remedy but is in addition to any other rights and remedies provided for by law. Any amount paid to Supplier in the form of prepaid fees that are unused when the Contract or certain obligations are terminated shall be refunded. Termination of the Contract under this section, in whole or in part, shall not relieve the Supplier of liability for claims arising under the Contract.

- 18.4** The Supplier's repeated failure to provide an acceptable product or service; Supplier's unilateral revision of linked or supplemental terms that have a materially adverse impact on a Customer's rights or obligations under the Contract (except as required by a governmental authority); actual or anticipated failure of Supplier to perform its obligations under the Contract; Supplier's inability to pay its debts when due; assignment for the benefit of Supplier's creditors; or voluntary or involuntary appointment of a receiver or filing of bankruptcy of Supplier shall constitute a material breach of the Supplier's obligations, which may result in partial or whole termination of the Contract. This subsection is not intended as an exhaustive list of material breach conditions. Termination may also result from other instances of failure to adhere to the Contract provisions and for other reasons provided for by applicable law, rules or regulations; without limitation, OAC 260:115-9-9 is an example.

19 Termination for Convenience

- 19.1** The State may terminate the Contract, in whole or in part, for convenience if it is determined that termination is in the State's best interest. In the event of a termination for convenience, Supplier will be provided at least thirty (30) days' written notice of termination. Any partial termination of the Contract shall not be construed as a waiver of, and shall not affect, the rights and obligations of any party regarding portions of the Contract that remain in effect.
- 19.2** Upon receipt of notice of such termination, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to the effective date of termination, the termination does not relieve an obligation to pay for the product or service but

there shall not be any liability for further payments ordinarily due under the Contract or for any damages or other amounts caused by or associated with such termination. Such termination shall not be an exclusive remedy but shall be in addition to any other rights and remedies provided for by law. Any amount paid to Supplier in the form of prepaid fees that are unused when the Contract or certain obligations are terminated shall be refunded. Termination of the Contract under this section, in whole or in part, shall not relieve the Supplier of liability for claims arising under the Contract.

20 Suspension of Supplier

- 20.1** Supplier may be subject to Suspension without advance notice and may additionally be suspended from activities under the Contract if Supplier fails to comply with confidentiality, privacy, security, environmental or safety requirements applicable to Supplier's performance or obligations under the Contract.
- 20.2** Upon receipt of a notice pursuant to this section, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to receipt of notice by Supplier, the Suspension does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the Contract during a period of Suspension or suspended activity or for any damages or other amounts caused by or associated with such Suspension or suspended activity. A right exercised under this section shall not be an exclusive remedy but shall be in addition to any other rights and remedies provided for by law. Any amount paid to Supplier in the form of prepaid fees attributable to a period of Suspension or suspended activity shall be refunded.
- 20.3** Such Suspension may be removed, or suspended activity may resume, at the earlier of such time as a formal notice is issued that authorizes the resumption of performance under the Contract or at such time as a purchase order or other appropriate encumbrance document is issued. This subsection is not intended to operate as an affirmative statement that such resumption will occur.

21 Certification Regarding Debarment, Suspension, and Other Responsibility Matters

The certification made by Supplier with respect to Debarment, Suspension, certain indictments, convictions, civil judgments and terminated public contracts is a material representation of fact upon which reliance was placed when entering into the Contract.

A determination that Supplier knowingly rendered an erroneous certification, in addition to other available remedies, may result in whole or partial termination of the Contract for Supplier's default. Additionally, Supplier shall promptly provide written notice to the State Purchasing Director if the certification becomes erroneous due to changed circumstances.

22 Certification Regarding State Employees Prohibition From Fulfilling Services

Pursuant to 74 O.S. § 85.42, the Supplier certifies that no person involved in any manner in development of the Contract employed by the State shall be employed to fulfill any services provided under the Contract.

23 Force Majeure

23.1 Either party shall be temporarily excused from performance to the extent delayed as a result of unforeseen causes beyond its reasonable control including fire or other similar casualty, act of God, strike or labor dispute, war or other violence, or any law, order or requirement of any governmental agency or authority provided the party experiencing the force majeure event has prudently and promptly acted to take any and all steps within the party's control to ensure continued performance and to shorten duration of the event. If a party's performance of its obligations is materially hindered as a result of a force majeure event, such party shall promptly notify the other party of its best reasonable assessment of the nature and duration of the force majeure event and steps it is taking, and plans to take, to mitigate the effects of the force majeure event. The party shall use commercially reasonable best efforts to continue performance to the extent possible during such event and resume full performance as soon as reasonably practicable.

23.2 Subject to the conditions set forth above, non-performance as a result of a force majeure event shall not be deemed a default. However, a purchase order or other payment mechanism may be terminated if Supplier cannot cause delivery of a product or service in a timely manner to meet the business needs of Customer. Supplier is not entitled to payment for products or services not received and, therefore, amounts payable to Supplier during the force majeure event shall be equitably adjusted downward.

23.3 Notwithstanding the foregoing or any other provision in the Contract, (i) the following are not a force majeure event under the Contract: (a) shutdowns, disruptions or malfunctions in Supplier's system or any of Supplier's telecommunication or internet services other than as a result of general and widespread internet or telecommunications failures that are not limited to Supplier's systems or (b) the delay or failure of Supplier or subcontractor personnel to perform any obligation of Supplier hereunder unless such delay

or failure to perform is itself by reason of a force majeure event and (ii) no force majeure event modifies or excuses Supplier's obligations related to confidentiality, indemnification, data security or breach notification obligations set forth herein.

24 Security of Property and Personnel

In connection with Supplier's performance under the Contract, Supplier may have access to Customer personnel, premises, data, records, equipment and other property. Supplier shall use commercially reasonable best efforts to preserve the safety and security of such personnel, premises, data, records, equipment, and other property of Customer. Supplier shall be responsible for damage to such property to the extent such damage is caused by its employees or subcontractors and shall be responsible for loss of Customer property in its possession, regardless of cause. If Supplier fails to comply with Customer's security requirements, Supplier is subject to immediate suspension of work as well as termination of the associated purchase order or other payment mechanism.

25 Notices

All notices, approvals or requests allowed or required by the terms of any Contract Document shall be in writing, reference the Contract with specificity and deemed delivered upon receipt or upon refusal of the intended party to accept receipt of the notice. In addition to other notice requirements in the Contract and the designated Supplier contact provided in a successful Bid, notices shall be sent to the State at the physical address set forth below. Notice information may be updated in writing to the other party as necessary. Notwithstanding any other provision of the Contract, confidentiality, breach and termination-related notices shall not be delivered solely via e-mail.

If sent to the State:

Oklahoma City, Oklahoma 73105

With a copy, which shall not constitute notice, to:

Pursuant to 74 O.S. §85.14, where federal granted funds are involved, applicable federal laws, rules and regulations shall govern to the extent necessary to insure benefit of such federal funds to the State. Venue for any action, claim, dispute, or litigation relating in any way to the Contract Documents, shall be in Oklahoma County, Oklahoma.

26.2 No Guarantee of Products or Services Required

The State shall not guarantee any minimum or maximum amount of Supplier products or services required under the Contract.

Supplier shall provide a proposed transition plan, upon request, and cooperate with any successor supplier and with establishing a mutually agreeable transition plan. Failure to cooperate may be documented as poor performance of Supplier.

26.5 Publicity

The existence of the Contract or any Acquisition is in no way an endorsement of Supplier, the products or services and shall not be so construed by Supplier in any advertising or publicity materials. Supplier agrees to submit to the State all advertising, sales, promotion, and other publicity matters relating to the Contract wherein the name of the State or any Customer is mentioned or language used from which, in the State's judgment, an endorsement may be inferred or implied. Supplier further agrees not to publish or use such advertising, sales promotion, or publicity matter or release any informational pamphlets, notices, press releases, research reports, or similar public notices concerning the Contract or any Acquisition hereunder without obtaining the prior written approval of the State.

26.6 Open Records Act

Supplier acknowledges that all State agencies and certain other Customers are subject to the Oklahoma Open Records Act set forth at 51 O.S. §24A-1 *et seq.* Supplier also acknowledges that compliance with the Oklahoma Open Records Act and all opinions of the Oklahoma Attorney General concerning the Act is required.

26.7 Failure to Enforce

Failure by the State or a Customer at any time to enforce a provision of, or exercise a right under, the Contract shall not be construed as a waiver of any such provision. Such failure to enforce or exercise shall not affect the validity of any Contract Document, or any part thereof, or the right of the State or a Customer to enforce any provision of, or exercise any right under, the Contract at any time in accordance with its terms. Likewise, a waiver of a breach of any provision of a Contract Document shall not affect or waive a subsequent breach of the same provision or a breach of any other provision in the Contract.

26.8 Mutual Responsibilities

- A. No party to the Contract grants the other the right to use any trademarks, trade names, other designations in any promotion or publication without the express written consent by the other party.

- E. Except as otherwise set forth herein, where approval, acceptance, consent, or similar action by a party is required under the Contract, such action shall not be unreasonably delayed or withheld.

26.9 Invalid Term or Condition

To the extent any term or condition in the Contract conflicts with a compulsory applicable State or United States law or regulation, such Contract term or

condition is void and unenforceable. By executing any Contract Document which contains a conflicting term or condition, no representation or warranty is made regarding the enforceability of such term or condition. Likewise, any applicable State or federal law or regulation which conflicts with the Contract or any non-conflicting applicable State or federal law or regulation is not waived.

26.10 Severability

If any provision of a Contract Document, or the application of any term or condition to any party or circumstances, is held invalid or unenforceable for any reason, the remaining provisions shall continue to be valid and enforceable and the application of such provision to other parties or circumstances shall remain valid and in full force and effect. If a court finds that any provision of this contract is invalid or unenforceable, but that by limiting such provision it would become valid and enforceable, then such provision shall be deemed to be written, construed, and enforced as so limited.

26.11 Section Headings

The headings used in any Contract Document are for convenience only and do not constitute terms of the Contract.

26.12 Sovereign Immunity

Notwithstanding any provision in the Contract, the Contract is entered into subject to the State's Constitution, statutes, common law, regulations, and the doctrine of sovereign immunity, none of which are waived by the State nor any other right or defense available to the State.

26.13 Survival

As applicable, performance under all license, subscription, service agreements, statements of work, transition plans and other similar Contract Documents entered into between the parties under the terms of the Contract shall survive Contract expiration. Additionally, rights and obligations under the Contract which by their nature should survive including, without limitation, certain payment obligations invoiced prior to expiration or termination; confidentiality obligations; security incident and data breach obligations and indemnification obligations, remain in effect after expiration or termination of the Contract.

26.14 Entire Agreement

The Contract Documents taken together as a whole constitute the entire agreement between the parties. No statement, promise, condition,

understanding, inducement or representation, oral or written, expressed or implied, which is not contained in a Contract Document shall be binding or valid. The Supplier's representations and certifications, including any completed electronically, are incorporated by reference into the Contract.

26.15 Gratuities

The Contract may be immediately terminated, in whole or in part, by written notice if it is determined that the Supplier, its employee, agent, or another representative violated any federal, State or local law, rule or ordinance by offering or giving a gratuity to any State employee directly involved in the Contract. In addition, Suspension or Debarment of the Supplier may result from such a violation.

26.16 Import/Export Controls

Neither party will use, distribute, transfer or transmit any equipment, services, software or technical information provided under the Contract (even if incorporated into other products) except in compliance with all applicable import and export laws, conventions and regulations.

2 Instructions Compliance

These Bidder Instructions are not part of the Contract; however, compliance with these Instructions is material to the determination of whether a Bid is responsive. Terms, requirements and specifications may be stated or phrased differently than in a previous solicitation irrespective of past interpretations, practices or customs. Bid requirements are altered only by written Amendment and verbal communications from any source whatsoever are of no effect. In no event shall the Bidder's failure to read and understand a term, condition or requirement in any of the documents provided by the State constitute grounds for a claim after award of the Contract.

3 Communications and Questions

The Contracting Officer listed on the Bidder Instructions Cover Page is the only individual the Bidder should contact, or communicate with, regarding any questions or issues with the Acquisition. Failure to comply with this requirement may result in the Bid being considered non-responsive or not considered for further evaluation.

3.1 General Questions

- A. Questions should be concise, identify the relevant document, include specific section references and avoid use of tables or special formatting (use simple lists).

B. Information Technology Bids

- i If information technology Bidder Instructions are applicable (see Bidder Instructions Cover Page), Bidder may submit general questions concerning Contract or Bid specifications or requirements online. Questions received via any other means will not be addressed.
- ii Registration with the State of Oklahoma for wiki access is located at <https://omes.ok.gov/forms/wiki-enrollment-it-procurement>. Access should be requested at least five (5) business days prior to the Questions Due Date. The State is not responsible for a Bidder's lack of access to the wiki.

C. Non-Information Technology Bids

If information technology Bidder Instructions are not applicable (see Bidder Instructions Cover Page), Bidder may submit general questions concerning Contract or Bid specifications or requirements to the Contracting Officer's email address shown on the Bidder Instructions Cover Page. Questions received via any other means will not be addressed.

3.2 Clarification Questions

The State reserves the right, at its sole discretion, to request clarifications of Bid information or to conduct discussions for the purpose of clarification with any or all Bidders. The purpose of any such discussion shall be to ensure full understanding of the Bid. If clarifications are made because of such discussion, the Bidder(s) shall submit such clarifications in writing to the Contracting Officer. Bidder answers that are outside scope of the clarification questions shall be disregarded. Oral explanations or instructions provided to a potential Bidder are not binding.

4 Administrative Review

- 4.1 A Bidder that believes the Contract or Bid requirements or specifications, or Bid Response Due Date, are unnecessarily restrictive or limit competition may email a request for administrative review to the Contracting Officer. A request received via any other means will not be addressed. The State shall promptly respond in writing to each written administrative review request, and where appropriate, issue a revision, substitution or clarification through an Amendment. Requests for administrative review shall include the reason for the request, supported by information, and any proposed changes.
- 4.2 If a Bidder fails to notify the Contracting Officer of an ambiguity, conflict, discrepancy, omission or other error in any of the documents provided by the State that is known to Bidder, or that reasonably should be known by Bidder, the Bidder accepts the risk of submitting a Bid and, if awarded the Contract, shall not be entitled to additional compensation, relief or time by reason of the error or its later correction.

5 Amendments

- 5.1 Any Amendment shall be set forth at the same online link as the Solicitation.
- 5.2 It is the Bidder's responsibility to check the State's website frequently for any possible Amendments that may be issued. The State is not responsible for the Bidder's failure to download any amendment documents required to complete a Bid.

6 Confidentiality Request

Unless otherwise specified in the Oklahoma Open Records Act, Central Purchasing Act, or other applicable law, documents and information a Bidder submits as part of or in connection with a Bid are public records and subject to disclosure after contract award pursuant to OAC 260:115-3-9². However, a public Bid opening does not make the Bid immediately accessible to the public. All material submitted by a Bidder becomes the property of the State. No portion of a Bid shall be considered confidential after award of the Contract except, pursuant to 74 O.S. §85.10, information in the Bid determined to be confidential by the State Purchasing Director or delegate. Typically, a properly submitted confidentiality claim of a potential awardee is reviewed and determined prior to award; a properly submitted confidentiality claim of a **non-awarded Bidder** is reviewed and determined only when responding to an open records request concerning the Bid. Additional information regarding information considered confidential by a Bidder is provided in Section 8.2.C below.

7 Acceptance of Content

Unless otherwise provided in Section Four of a Bidder's response, all Bids shall be firm representations that the responding Bidder has carefully investigated and will comply with all State terms and conditions relating to the Contract. iv A Bid marked in total, as proprietary and/or confidential shall not be considered confidential. Likewise, unless specifically referenced otherwise, resumes, pricing, marketing materials, business references, Voluntary Product Accessibility Templates, additional terms proposed by a Bidder and subcontractor information are not confidential and are not exempt from disclosure under the Oklahoma Open Records Act. The foregoing list is intended to address information often marked confidential that is not exempt from disclosure and is not an exhaustive list.

v **ANY INFORMATION MARKED AS CONFIDENTIAL AND EMBODIED ELSEWHERE IN A BID RATHER THAN LISTED IN THIS SECTION OF THE BID PACKET WILL NOT BE CONSIDERED CONFIDENTIAL AND WILL BE SUBJECT TO DISCLOSURE WITHOUT FURTHER REVIEW. THE STATE HAS NO RESPONSIBILITY TO INDEPENDENTLY REVIEW AN ENTIRE BID FOR A CONFIDENTIALITY CLAIM. LIKEWISE, CONFIDENTIALITY CLAIMS OF A BIDDER WILL NOT BE CONSIDERED IF A BID DOES NOT COMPLY WITH REQUIREMENTS OF OAC 260:115-3-9 AND THE INFORMATION WILL BE SUBJECT TO DISCLOSURE PURSUANT TO STATE LAW.**

D. Section Four: Requested Exceptions to Terms

- i Any requested exception or revision to terms or conditions provided by the State shall be inserted in this section using the table provided at the end of these Bidder Instructions. If no exceptions or revisions are requested, the Bid should reflect that by either submitting the table with no additions to it or by inserting a page to denote this section is not applicable. Each requested exception or revision shall identify (i) the document and section reference of the specific affected term and (ii) either that the term is inapplicable and should be intentionally omitted or offer alternative language if the Bidder is requesting revision of the term. Some examples are provided on the table for illustrative purposes only and, if not deleted in a submitted Bid, will be disregarded.
- ii Use tracked changes to propose alternative language, added language or other revision. Requests not shown as tracked changes may be returned to the Bidder for compliance with this requirement and review will be delayed as a result.
- iii Each entry on the exceptions table must reference only one subsection or section (if there are no subsections). Including multiple subsections in one entry may result in the table being returned to the Bidder for compliance with this requirement and review will be delayed as a result.
- iv A clarification question is not an exception and any clarification included in this section will be disregarded.
- v If the Bid contains a copy of **master** terms between the Bidder and the State that the Bidder believes are applicable to the Acquisition, the Bidder need not take

exceptions to the General Terms; however, the remainder of terms and contents of a document provided by the State including, without limitation, all attachments, appendices and exhibits remain applicable and are not supplanted by such **master** terms. Therefore, any exception to terms in the Solicitation or any other document related to the Acquisition, other than General Terms, must be included in this section as an exception.

- vi **THE STATE HAS NO RESPONSIBILITY TO INDEPENDENTLY REVIEW AN ENTIRE BID FOR EXCEPTIONS AND ANY EXCEPTION EMBODIED IN ANOTHER SECTION OF THE BID OR IN A FORMAT OTHER THAN THE PROVIDED TABLE WILL NOT BE CONSIDERED. LIKEWISE, AN EXCEPTION EXPRESSING ONLY GENERAL DISAGREEMENT WITH A TERM OR A GENERAL EXCEPTION TO ANY STATE TERMS OR CONDITIONS, WITHOUT SUGGESTED ALTERNATIVE WORDING OR IDENTIFYING THAT THE TERM SHOULD BE INTENTIONALLY OMITTED, WILL NOT BE CONSIDERED.**

E. Section Five: Additional Bidder Terms

Any additional terms that the Bidder requests be applicable to the Contract shall be inserted in this section and shall be provided in Word format. **THE STATE HAS NO RESPONSIBILITY TO INDEPENDENTLY REVIEW AN ENTIRE BID FOR ADDITIONAL TERMS AND ANY SUCH TERMS NOT SUBMITTED IN THIS SECTION OF THE BID SHALL NOT BE CONSIDERED.** Should a Bidder be awarded a Contract, neither the State nor a customer shall be required to execute additional documents not included in a Bid. For example, if a Bidder typically uses an ordering document in connection with an acquisition, the ordering document template shall be included in the Bid.

F. Section Six: Master Terms between Bidder and State

A copy of any master terms, mutually executed by the Bidder and the State, that the Bidder believes are applicable to the Acquisition shall be inserted in this section. Any master terms not submitted in this section of the Bid shall not be considered.

G. Section Seven: Executive Summary

The Bidder's executive summary shall be inserted in this section. Marketing information, general company information and other similar information should be included in the executive summary. Avoid duplication of such information in other sections of the Bid; it unnecessarily lengthens the Bid and hinders efficient evaluation.

H. Section Eight: Response to Specifications and Requirements

- i The portion of the Bid to be inserted in this section shows the ability of the Bidder to meet or exceed any Acquisition specifications and requirements.
- ii Model Number: Model number must be completed on each line item.

I. Section Nine: Pricing

Pricing associated with the Bid shall be inserted in this section and shall be in the required structure set forth above in Subsection 8.1, if any.

J. Section Ten: Offer of Value-Added Products and/or Services

If a Bid includes an offer of value-added products and/or services, such offer shall be inserted in this section and include associated pricing and any other information relevant to such value-added offer. However, the State is not obligated to purchase value-added products or services.

K. Section Eleven: Financial Information

Any required financial and associated information shall be inserted in this section.

L. Section Twelve: Business References

Any required business references and associated information shall be inserted in this section

M. Section Thirteen: Additional Company Information

Any required additional company information shall be inserted in this section.

N. Section Fourteen: Third Party Vendor Information

Any required additional third party vendor information shall be inserted in this section.

9 Submission of Bid

9.1 IT IS THE BIDDER'S SOLE RESPONSIBILITY TO SUBMIT INFORMATION IN THE BID AS REQUESTED AND IN COMPLIANCE WITH THE OKLAHOMA CENTRAL PURCHASING ACT AND ASSOCIATED OAC TITLE 260 RULES⁴ INCLUDING WITHOUT LIMITATION OAC 260:115-3-7 AND 260:115-3-11⁵. A submitted Bid is rendered as a legal offer and is required to be in strict conformity with these Bidder Instructions.

9.2 A Bid shall be submitted via email solely to OMESCPeBID@omes.ok.gov. Please note that it is possible a Bidder's email system may have limitations on the size of outgoing email attachments and plan accordingly for the entire Bid to be received by the Bid Response Due Date and Time. A Bid emailed directly to or cc'd to the Contracting Officer will not be reviewed by the Contracting Officer. In person, commercial carrier or facsimile submittals shall not be accepted. The subject line of the email Bid shall contain the following: Attention: [insert Contracting Officer name]; Solicitation Number and Bid Response Due Date and Time. The State is not responsible for incorrect link information or its inability to access a submitted Bid. Receipt of a Bid will generate an automatic notice that the Bid is received; if a Bidder believes a Bid has been sent but has not received a notice of receipt, the Bidder

should contact the Contracting Officer at the email or phone number shown on the Bidder Instructions Cover Page. Receipt of the Bid by the State is the responsibility of the Bidder.

- 9.3** Unless otherwise specified in the Solicitation, (i) manufacturers' names, brand names, information, and/or catalog numbers listed in a specification are for informational purposes and not intended to limit competition and (ii) a Bidder may offer any brand for which it is an authorized representative, which meets or exceeds the specification for any item(s). Bidder shall offer new items of current design and technology unless the State specifies older models or versions, or used, reconditioned, or remanufactured products are acceptable. Warranties in either case should be the same. However, if a Bid is based on equivalent products, the Bid is required to state the manufacturer's name and number. The Bid shall also explain in detail how the proposed equivalent will meet the specifications and not be considered an exception thereto.
- 9.4** Reference to literature submitted with a previous Bid shall not satisfy a specification or requirement associated with the present Bid. Any previous solicitation or resultant contract shall not be depended upon, perceived or interpreted to have any relevance to the present Bid.
- 9.5** Bids shall remain a firm offer for a minimum of one hundred twenty (120) days after the Bid Response Due Date. Any usage amounts provided by the State are estimates and are not guaranteed to be purchased.
- 9.6** Unless specified otherwise, a Bidder shall submit a firm, fixed price for the term, including optional renewal terms, of the Contract. The Bidder guarantees unit prices to be correct.
- 9.7** In accordance with 74 O.S. §85.40, all travel expenses to be incurred by Supplier in performance of the Contract shall be included in the total Bid price. Travel expenses include, but are not limited to, transportation, lodging and meals. Examples of other miscellaneous travel expenses are referenced in §10.14 of the Statewide Accounting Manual⁶.
- 9.8** A Bid containing early payment discounts may be evaluated when making an award. If a Bidder wishes to offer an early payment discount, the Bid must include available discount percentages for no less than ten (10) days payment, increasing in five (5) day increments up to thirty (30) days. The discount percentages shall be expressed in a half or whole percentage, with the minimum discount percentage being 0.5%. The State is not obligated to utilize an offered discount.
- 9.9** All costs incurred by the Bidder for Bid preparation and participation shall be the sole responsibility of the Bidder and the Bidder shall not be reimbursed for any such costs. By submitting a Bid,

⁶ Statewide Accounting Manual is located at <https://omes.ok.gov/sites/g/files/gmc316/f/StatewideAccountingManual.pdf>.

Bidder agrees not to make any claims for damages or have any rights to damages in connection with the Bid.

- 9.10 For consistency of contract structure, certain State terms may be marked "Intentionally Omitted". If so, no response is expected.
- 9.11 After review of a Bidder's submitted documents and information, the State may require additional terms for an Acquisition in which State or citizen data will be accessed, processed, stored or transmitted by a Supplier.
- 9.12 Each Bid is required to include relevant information for a designated contact to receive notice, approvals and requests.

10 Bid Withdrawal, Bid Change and Alternate Bid

- 10.1 Except as authorized by the State Purchasing Director after proof by the Bidder that a significant error by the Bidder exists in the Bid, a Bid may not be withdrawn after the Bid Response Due Date and Time. If the Bidder wishes to withdraw a Bid prior to the Bid Response Due Date and Time, the Bidder shall submit a written withdrawal request to the State Purchasing Director in accordance with OAC 260:115-3-13⁷ at the email address listed in Section 9 above.
- 10.2 Except as requested by the State, a Bid may not be changed after the Bid Response Due Date and Time. If the Bidder needs to change a submitted Bid prior to the Bid Response Due Date and Time, the Bidder shall withdraw the originally submitted Bid and a new Bid shall be submitted to the State by the Bid Response Due Date and Time in accordance with Section 9 and include the following statement on the superseding Bid cover page: **"THIS BID SUPERSEDES THE BID PREVIOUSLY SUBMITTED" AND "SUPERSEDING BID" MUST APPEAR IN THE SUBJECT LINE OF THE EMAIL.**
- 10.3 A Bidder may submit one or more Alternate Bids. Any Alternate Bid submitted shall be a complete Bid and shall be clearly identified as an Alternate Bid in the subject line of the email. If more than one Alternate Bid is submitted, the identification in the email subject line shall refer to Alternate Bid 1, Alternate Bid 2, etc.

11 Bid Rejection

- 11.1 The Bidder's failure to submit required information may cause its Bid to be rejected. Additionally, a Bid received after the Bid Response Due Date and Time **SHALL BE DEEMED NON-RESPONSIVE AND SHALL NOT BE CONSIDERED unless the State Purchasing Director has authorized acceptance of Bids due to a significant error or incident that occurred which**

affected the receipt of a Bid.⁸ Failure to comply with these Bidder Instructions may result in the Bid being disqualified from evaluation.

11.2 A Bid may be rejected when the Bidder imposes terms or conditions that would modify requirements. Other possible reasons for rejection of Bids are listed in OAC 260:115-3-5 and 260:115-7-32(h)⁹.

11.3 Attempts to impose unacceptable conditions on the State or impose alternative terms not in the best interest of the State may result in rejection of the Bid even if initially determined to be responsive or the State may cease any negotiations regarding the Bid.

11.4 Whenever the terms "shall", "must", "will", or "is required" are used, the specification being referred to is a mandatory specification. Failure to meet any mandatory specification may cause rejection of a Bid.

11.5 Whenever the terms "can", "may", or "should" are used, the specification being referred to is a desirable item and failure to provide any item so termed shall not be cause for rejection of a Bid.

12 Bid Public Opening

There will be no physical Bid openings. A public Bid opening, **which will disclose the name of each Bidder and no further information**, will be conducted on a per request basis via Zoom provided the Contracting Officer receives a written request no later than forty-eight (48) hours prior to the Bid Response Due Date and Time. Zoom information will be provided to anyone requesting a public Bid Opening.

13 Evaluation

13.1 A responsive Bid will proceed to the evaluation process. Unless the Solicitation specifies that "best value" criteria will be used to determine award, Bids shall be evaluated on "lowest and best" criteria.

13.2 Pursuant to OAC 260:115-7-32, Bidder past performance as a Supplier may be considered when evaluating a Bid.

13.3 Pursuant to 74 O.S. §85.44E, a Bid submitted by a service-disabled veteran business that does business in Oklahoma or maintains an Oklahoma office or place of business will be given a three-percentage point bonus preference in scoring the Bid.

13.4 The State reserves the right to require demonstrations, clarifications and additional documentation from any or all responding Bidders. Each Bidder should be prepared to participate in oral presentations and demonstrations to define the Bid, to introduce the Bidder's team and to respond to questions regarding the Bid prior to award.

14 Competitive Negotiations of Offers

14.1 The State reserves the right to negotiate with none or one or more Bidders responding to the Solicitation and may negotiate any or all content of the Bid to obtain the best value for the State.

Negotiations may be conducted in person, in writing or by electronic means and shall only be conducted with potentially acceptable Bids.

- 14.2 Negotiations could entail discussions on products, services, pricing, contract terminology or any other issue material to an award decision or that may mitigate the State's risks. The State shall consider all issues arising from the Bid to be negotiable and will not be artificially constrained by Bidder internal corporate policies. Firms that contend a lack of flexibility because of corporate policy on a particular negotiation item shall face a significant disadvantage and may not be considered.
- 14.3 In the event of prolonged contract negotiations due to the number and/or significance of exceptions taken, lack of Bidder responsiveness or other failure to close contract negotiations, the State may, in its discretion, offer a successful Bidder a shorter contract term.
- 14.4 Terms, conditions, prices, methodology, or other features of the Bid may be subject to negotiations and subsequent revision. As part of the negotiations, the Bidder may be required to submit supporting financial, pricing, and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the Bid.
- 14.5 Requirements and any terms marked as non-negotiable after the section title shall not be negotiable and shall remain unchanged unless the State determines that a change in such requirements or terms is in the best interest of the State.
- 14.6 The State may request a BAFO and shall determine the scope and subject of any BAFO request. However, the Bidder should not expect an opportunity to otherwise strengthen its Bid and should submit its best Bid based on requirements herein. Any information offered outside the scope of the BAFO request will be disregarded.

15 Award of Contract

- 15.1 The State may award the contract to more than one Bidder by awarding the contract(s) by item or groups of items or may award the contract on an all or none basis, whichever is deemed to be in the best interest of the State.
- 15.2 In order to receive an award or payments from the State, a Bidder must be registered **as both a Bidder and as a Supplier** and must maintain the registration prior to any Contract renewal term. The registration process may be completed electronically at the following link: <https://omes.ok.gov/services/purchasing/vendor-registration>.
- 15.3 Pursuant to Oklahoma Attorney General Opinion No. 06-23, any Bidder that has assisted in preparing the Solicitation or developing the procurement terms, either directly or indirectly, is precluded from being awarded the Contract or from securing a sub-contractor that has provided such services.
- 15.4 Prior to award, the State may choose to request information from the Bidder to demonstrate its financial status and performance. If the Bidder is a subsidiary of another entity, the last three years audited financial statements of three years tax returns for the parent company may also be required.

The State reserves the right, in its sole discretion, to determine a Bidder's financial status and to withhold award to a Bidder who is not deemed financially responsible.

- 15.5** A notice of award may be in the form of a purchase order or other payment mechanism or in the form of a mutually executed contract.
