

# MEMORANDUM

Council Agenda  
Item No. IX. BT  
11/19/2024

## The City of OKLAHOMA CITY

TO: Mayor and City Council

FROM: Craig Freeman, City Manager

Grant of permanent easement to Oklahoma Gas and Electric Company to provide electrical service to a flow-meter station at Twin Creek, South Western Avenue and Hangar Drive, bordering the Wheeler District. Ward 6.

**Location:**

South Western Avenue and Hangar Drive, bordering the Wheeler District

**Background:**

The City of Oklahoma City ("City") currently has an operational flow-meter station that collects data on the flow rate of water from Twin Creek into the Oklahoma River. Because of recent construction at the site, Oklahoma Gas and Electric Company (OG&E") must relocate overhead electrical service in the area.

This permanent easement ("Easement") will allow OG&E to provide upgraded electrical service to the flow-meter station. Construction will begin after the City Council grants the Easement. The Easement is also on Oklahoma City Riverfront Redevelopment Authority ("OCRRA") property. Therefore, OCRRA was scheduled to receive the Easement on November 19, 2024.

**Review:**

Public Works Department

**Recommendation:** Easement be granted.
