Tecnics	Securing the users Laptops and Desktops is becoming ever important for all organizations. Okta's MFA solution is a world leading solution helping organizations reduce risk. TecMFA is a Windows Credential Provider developed on top of Okta's MFA & Policy framework and extends the Okta's MFA policy to Windows/MAC desktop & laptops. TecMFA prevents vulnerability and threats associated with Windows Login by verifying the identity of all users (Employees, Partners, Contractors) with Okta supported 2 Factor authentication before granting access to the desktops/laptops. Includes support.	20193344	$6.00	$5.97
Tecnics	In most organizations, the largest volume of help desk calls is for resetting passwords. The traditional approach for password recovery is time consuming and less secure. "Tecnics Self Service Password Recovery" (TecSSPR) allows users to recover password at the press of Ctrl+Alt+Del Keys on their workstations (Windows 10 or MAC). Users do not have to reach out to help desk or be dependent upon the other traditional methods for password recovery. Includes support.	20202233	$3.00	$2.99
