Re: Sole Source

To Whom It May Concern:

The MagneGrip® Vehicle Exhaust System is manufactured by MagneGrip®. No other system is interchangeable with the MagneGrip® system and its tailpipe nozzle connection. The MagneGrip® nozzle and tailpipe assembly is the only system available that simultaneously protects fire personnel from exposure to diesel exhaust fumes by sealing 100% at the nozzle/tailpipe connection; as well as allow ambient air into the nozzle to cool the apparatus exhaust to protect the hose and system life.

All MagneGrip® components are provided by MagneGrip® and have engineered features no other manufacturer can duplicate.

In the State of Oklahoma, MagneGrip® is the only company that can provide the MagneGrip® System.

Sincerely,

Maggie Rossman, President
513-489-4440, Ext 105

MEMORANDUM

The City of
OKLAHOMA CITY
Fire Department

To: Sharmanlyne Vickers
Purchasing Agent

Through: Pennie Leck *PL*
Management Specialist

From: Richard A. Kelley *RK*
Fire Chief

Date: January 10, 2024

Subject: Sole Source – MagneGrip Vehicle Exhaust Systems, Parts, & Service

The MagneGrip vehicle exhaust systems are installed at Oklahoma City fire stations. The paramount feature of this system is the capability of safely removing vehicle exhaust from the fire stations. The MagneGrip vehicle exhaust system is unique in design and application and no other system is interchangeable with the MagneGrip system and its tailpipe nozzle connection. MagneGrip is the only company that can provide the MagneGrip System in the State of Oklahoma. The Oklahoma City Fire Department has a need to purchase MagneGrip vehicle exhaust systems, parts, and service to maintain the systems at the current fire stations and install complete systems at new fire stations. Systems for new fire stations are normally included in the construction project. The Fire Department would like to upgrade systems at some of the fire stations with new parts as technology has advanced with safer and more versatile components.

Staff requests sole source authority for the purchase of MagneGrip vehicle exhaust systems, parts, and service from MagneGrip, estimated cost \$100,000, January 30, 2024 through January 29, 2025.

MagneGrip PRO Equipment Pricing
Complete Hose Drop

SUCTION RAIL

SHDMPRO-513 \$2586.00

Replaces everything from crab down: Balancer, upper hose, 90 degree lifting elbow, middle hose, handle, wireless transmitter, pressure sensor, 2' high temperature hose, nozzle, boot and tail pipe adapter (does NOT include crab assembly).

P/N 520042-05 \$3895.00

Includes everything in SHDMPRO-513 plus the crab assembly

Sliding Balancer Track

SHDMPRO-523 for tracks 30' or Less \$2899.00

Replaces everything from riser down: Balancer, upper hose, 90 degree lifting elbow, middle hose, handle, wireless transmitter, pressure sensor, 2' high temperature hose, nozzle, boot and tail pipe adapter

SHDMPRO-540 for tracks over 36' \$3512.00

Replaces everything from crab down: Balancer, upper hose, 90 degree lifting elbow, middle hose, handle, wireless transmitter, pressure sensor, 2' high temperature hose, nozzle, boot and tail pipe adapter.

PRO Upgrade Kit Only

Use existing upper & middle hose, balancer, lifting elbow and handle
(Hose must be in good shape)

#550010-05 \$1205.25

PRO Nozzle, tail pipe adapter, 2' high temperature hose, cables, clamps and bands

NEW PRO TPA #400073-02 \$225.00

Available in 5" size only. Can be reduced to fit any tailpipe size. You must specify vehicle tailpipe size (optional adaptors and/or tailpipe kits) when ordering.
to insure correct adaptor and clamp.

PN: 500073-02	eq.	\$ 375.00
---------------	-----	-----------

Available in 5" size only, incorporates 5-30-degree stainless steel directional louvers designed to direct the hot gases towards ground reducing dangerous exhaust gases from passing persons and vehicles. Meets new federal standards and requirements. Can be reduced to fit any tailpipe size. You must specify vehicle tailpipe size (optional adaptors) when ordering.
to insure correct adaptor and clamp.

PN: 500073-04 eq. \$ 415.00

Fits 7" tailpipes designed to accept the MagneGrip Nozzle Assembly.
Made from 12-gauge aluminized steel incorporates ambient air to allow for cooler air,
preventing dangerous back pressure when engines are running. Made in USA

PN: 500063-05	eq.	\$ 375.00
---------------	-----	-----------

Available in 5" inch only, designed to install quickly. Allows for quick removal and reinstall on other vehicles. Requires no TOOLS. Ready to install. Available in 5" size only. Adaptors may be required.

PN: 500073-07	eq.	\$ 475.00
---------------	-----	-----------

Designed to comply to the new EPA 07 ambient air design to help reduce possible damage or exposure during the regeneration process with the DPW. Reduces back pressure and temperature while allowing the use of a direct capture vehicle exhaust system. Can be used with all manufactures systems

PN: 5000060-02	Ambient Air Assembly w/Clamp	\$ 145.00
