Subject: Verizon cell tower agrmt 9112 SE 74th

Bret,

I had given you the signed Verizon cell tower agreement, but it needed the following two items:

1. Attachment G, Hazardous Materials had [To be attached.] I emailed the Verizon attorney to see if that could be changed to NONE since there are no hazardous material. She stated that we cannot make any changes to the lease after Verizon has signed even just to add NONE. She did confirm there are no hazardous material on site. So with this will need to go ahead and process as is.
2. Attachment F, Certificate of Insurance, however in Section 14. Insurance it provides that the COI will be provided to OCWUT within 5 days of execution of the lease. So we won't receive it until City/OCWUT has executed.

Based on this information, the agreement is ready to be processed to OCWUT and Council. Let me know if you have any questions.
