C244005), ESTIMATED COST \$100,000.

WHEREAS, the Oklahoma City Police Department's (OKCPD) Bomb Squad Unit has a need to purchase four Scanx Scout X-Ray systems; and

WHEREAS, OKCPD has three mounted Logos X-Ray units, which are no longer being supported by Logos; and

WHEREAS, the Logos system and the Scanna ScanX Scout system are the only two systems being trained on at the FBI Hazardous Devices School; and

WHEREAS, the HDS is ran by the FBI and is the only certification school in the United States for Public Safety Bomb Techs; and

WHEREAS, OKCPD has attended HDS since 1971; and

WHEREAS, all new Bomb Tech must obtain their certifications at the HDS and recertify every three years through HDS; and

WHEREAS, these mounted systems will be used in four response vehicles; and

WHEREAS, this will allow each response vehicle to run a full bomb call as per departmental standards; and

WHEREAS, these devices will increase OKCPD's capability in the event of multiple incidents simultaneously; and

WHEREAS, the use of the mounted systems outweighs the use of the Digital dismounted systems for bomb calls outside of large events such as the Memorial Marathon; and

WHEREAS, parts of the city have a lot of radio frequency interference that sometimes render the dismounted systems useless; and

WHEREAS, this radio frequency interference does not affect the mounted systems; and

WHEREAS, there is still a great use for the dismantled systems, however the mounted systems are the staple of necessary equipment for a bomb squad to complete its mission; and

WHEREAS, Scanna MSC Inc. is the sole source provider of the Scanx Scout X-Ray systems; and

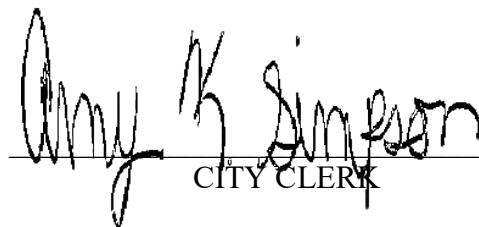

WHEREAS, staff requests Council authorize the sole source purchase of four Scanx Scout X-Ray systems from Scanna MSC Inc., (SS24-C244005), estimated cost \$100,000; and
