INSTRUCTIONS: This document MUST be electronically signed and submitted with the bid for the bid to be valid. Failure to electronically sign the this document prior to submitting the electronic bid will result in rejection of your bid. This document constitutes your bid and will be the Pricing Agreement/Contract document under which you are to perform, should your bid be accepted, so it must be properly and completely executed. It is, therefore, essential that you are aware of its terms, as well as those contained in the specifications.

Submit this electronically signed document, along with all accompanying documents:

THIS PRICING AGREEMENT/CONTRACT is made and entered into, by and between **Knight Safety and Industrial, LLC** hereinafter referred to as "Bidder" and The City of Oklahoma City, a municipal corporation, or a participating Public Trust of which The City of Oklahoma City is Beneficiary hereinafter referred to as the "Contracting Entity."

WITNESSETH:

WHEREAS, the governing body of the Contracting Entity has approved certain specifications and requested by notice that bids be submitted thereon; and

WHEREAS, this document until executed by the Mayor/Chairman of the Contracting Entity constitutes the Bidder's proposal; and

NOW, THEREFORE, that in consideration of the covenants, agreements and representations as hereinafter set forth, it is mutually agreed by the parties that:

1. The Bidder agrees to sell and deliver to the Contracting Entity, the items of material and/or services, specified in the pricing section of the electronic bid submittal, which is attached hereto and made a part of this Pricing Agreement/Contract. List the prompt payment discount, if any, for this agreement in the space provided below:

Discount for Prompt Payment % Days

2. The Bidder expressly warrants that all articles, material, and/or work covered in this Pricing Agreement/Contract will conform to the specifications and electronic bid documents attached to this bid and are hereby incorporated, as if set forth in full herein; and further warrants that the same shall be of good material and workmanship, and free from defects.

3. The Bidder understands that all bids are to be submitted in U.S. dollars at a firm price. Bids submitted in any currency other than U.S. dollars will be rejected.

4. The Bidder also understands that all invoices shall be submitted in U.S. dollars and agrees to accept payment in U.S. dollars as full satisfaction of the invoiced amount.

5. If any of the goods fail to meet the warranties contained in Paragraph 2, above, the Bidder, upon notice from the Contracting Entity, shall promptly correct or replace the same at the Bidder's expense. If the Bidder shall fail to do so, the Contracting Entity may cancel this order as to all such goods, and in addition, may cancel the then remaining balance of this order. After notice to the Bidder, all such goods will be held

at the Bidder's risk. The Contracting Entity may, at the Bidder's direction, make available such goods to be returned to the Bidder at the Bidder's risk, and all transportation charges, both to and from the original destination, shall be paid by the Bidder. Any payment for such goods shall be refunded by the Bidder unless the Bidder promptly corrects or replaces the same at the Bidder's expense.

6. The Contracting Entity agrees to pay to the Bidder the price and amount in accordance with Paragraph 1 above, based on the quantity actually purchased, upon delivery to and acceptance by the Contracting Entity, of the material and/or service[s] above described and upon the filing by the Bidder, and approval by the Contracting Entity, of a verified claim for the amount due.

7. The Bidder agrees, in connection with the performance of work under this Pricing Agreement/Contract:

a. That the Bidder will not discriminate against any employee or applicant for employment, because of race, creed, color, sex, age, national origin, ancestry or disability. The Bidder shall take affirmative action to ensure that employees are treated without regard to their race, creed, color, age, national origin, sex, ancestry or disability. Such actions shall include, but not be limited to, the following: employment, promotion, demotion or transfer, recruitment, advertising, lay-off, termination, rates of pay or other forms of compensation and selection for training, including apprenticeship. The Bidder agrees to post, in a conspicuous place available to employees and applicants for employment, notices to be provided by the City Clerk/Secretary of the Contracting Entity setting forth the provisions of this section, and;

b. That the Bidder agrees to include this non-discrimination clause in any subcontracts connected with the performance of this Pricing Agreement/Contract.

8. In the event of the Bidder's non-compliance with the above non-discrimination clause, this Pricing Agreement/Contract may be canceled or terminated by the Contracting Entity. The Bidder may be declared by the Contracting Entity ineligible for further Pricing Agreement[s]/Contract[s] with the Contracting Entity until satisfactory proof of intent to comply is made by the Bidder.

9. The risk of loss or damage shall be borne by the Bidder at all times until the acceptance of goods, properly packed, by the Contracting Entity.

10. This Pricing Agreement/Contract, specifications, electronic bid submittal documents and any attachments constitutes the entire understanding and agreement of the parties upon the subject matter hereof. There is no agreement, oral or otherwise, which is not contained in or attached to this Pricing Agreement/Contract. This Pricing Agreement/Contract may not be modified or assigned unless approved in writing and signed by both parties.

11. The parties assume and understand that the variables in the Bidder's cost of performance may fluctuate; consequently, the parties agree that any fluctuations in the Bidder's costs will not alter the Bidder's obligations under this Pricing Agreement/Contract nor excuse performance or delay on the Bidder's part.

12. This Pricing Agreement/Contract shall be inoperative during such period of time that the aforesaid delivery or acceptance may be rendered impossible by reason of fire, Act of God or government regulation. Provided, however, to the extent that the Bidder has any commercially reasonable alternative method of performing this Pricing Agreement/Contract by purchase on the market or otherwise, the Bidder shall not be freed of any obligations hereunder by this clause, even though the goods intended for this Pricing Agreement/Contract were destroyed or their delivery delayed because of an event described above.

13. The shipping or receiving of any goods under this Pricing Agreement/Contract shall not be deemed, or be, a waiver of any right to damages for any prior failure to ship or receive any goods.

14. This Pricing Agreement/Contract shall be governed by the laws of the State of Oklahoma.

15. The Bidder shall be responsible for complying with all applicable federal, state and local laws.

16. If submitting a bid for services, the Bidder certifies that they, and any proposed subcontractors, are in compliance with 25 O.S. §1313 and participate in the status Verification System. The Status Verification System is defined in 25 O.S. §1312 and includes but is not limited to the free Employment Verification Program (E-Verify) through the Department of Homeland Security and available at www.dhs.gov/E-Verify.

SAFETY & INDUSTRIAL

In-Stock Deliveries

Knight Safety & Industrial has an extensive distribution network that spans the entire nation with multiple distribution centers. Most deliveries will be fulfilled by the Houston, TX distribution center based on available stock. On some occasions, depending on product requests, fulfillment could come from another distribution center.

Average standard shipping, which is included in our offering, averages two to three days, depending on what time of day the order is placed. For example,

Order is placed at 3:45pm CST on Tuesday. Order is processed Wednesday and picked up for delivery. Order is delivered on Thursday afternoon or Friday morning – comprising the 2-3 day. This is more of an exemption than the standard to expect and most deliveries should arrive next day, in this case, Wednesday, to Thursday at the latest.

Knight Safety and Industrial will always communicate lead times with authorized purchasers before an order is placed so they can make the best decisions based on their needs. Customer Service is our first priority where communication is the essential piece of being a completely satisfied customer.

Non-Stock Deliveries

Knight Safety & Industrial has an extensive distribution network that spans the entire nation with multiple distribution centers. Regardless of the available network to meet our customers needs, it is impossible to stock every product available in the MRO space. The MRO space spans millions of products and the largest MRO suppliers cannot meet stocking every product.

When a product is not stocked, it is “drop-shipped” from the manufacturer. The ordering process in these scenarios is longer due to the multiple parties involved in the process which is why it typically takes 5-7 business days to ship non-stock products.

As with stocked products, items that are non-stock with longer lead times will be communicated to the authorized buyer at time of purchase so they may make the best decision based on their needs.

Knight Safety & Industrial wants to be the best resource for our customers, regardless if we are the vendor of choice. If we are not able to help with a particular need, we will try to point them in a direction where that need can be met

Customer Service:

Customer Service is what separates Knight Safety from our competitors, including the largest national providers. Any need that arises will receive an acknowledgement same day. To go one step further, any request received in the morning will receive an acknowledgement before lunch, any request received in the afternoon will receive an acknowledgement before end of day. In addition, we are reachable by phone or email anytime day or night. It is not known when an emergency may occur, so we are always available if needed.

Rebate Program:

If the City of Oklahoma City, during the course of their fiscal year (July 1st through the following June 30th), has cumulative purchases that are in excess of \$350,000.00, Knight Safety & Industrial offers a rebate of 2% (two percent) back to the City of Oklahoma City. The qualifying purchases for the rebate will be based on paid invoices. Open orders and open invoices will not count toward the rebate calculation.

Quality Control

Knight Safety & Industrial, will have all City of Oklahoma City departments and its trusts tied to a hierarchy assigned to the City of Oklahoma City contract. The hierarchy houses all pertinent contract settings including the earned contract pricing offered. The end user must identify which city department they are with and have a valid City of Oklahoma City email (personal emails/gmails will not be aligned to the contract unless authorization is received from City of Oklahoma City Purchasing Department). Once that step is completed, the pricing will automatically convert to the contract pricing. Contract pricing is available online at our website (www.knightsafetyandindustrial.com) when the end user logs in. Knight Safety & Industrial does not sell to or promote to private sector customers at this time. Any access to pricing will require a log-on profile, ensuring any pricing received will be in accordance to the City of Oklahoma City MRO contract. Should an agency ever have a question or concern regarding if they are receiving their contract pricing they can call our Sales Support Team or Account Manager to get a contract pricing quote for that item. If a discrepancy is ever found by an authorized purchaser or through internal pricing audits conducted on a quarterly basis, the following will occur: If the authorized purchaser received a price lower than the contract pricing offered by Knight Safety, no further action will be take. If a department received a price higher than the contract pricing, an immediate notification will be provided to that purchaser as well as a credit or refund for the

overpayment on that item. At the time of discovery an internal audit would occur to determine the root cause of the pricing discrepancy to prevent any further occurrences. Pricing discrepancies typically do not happen since the hierarchy settings is also tied to our quoting system, but the necessary action steps are in place should this occur.

Our website will show the original list price as well as what the discount price is and the discounted amount. From this, the authorized purchasers will be able to visually determine that they are receiving the correct pricing. In addition, since no website can advertise all of the available products in the MRO space, if there is a request for a quote for product(s) not listed on our website, the quotes will show the list price as well as the discounted price and savings like our website does. This will allow authorized purchasers to purchase with peace of mind that the pricing is correct.

Mr. Dan Dornbos

Knight Safety & Industrial, LLC
14216 Smithurst Rd.
Edmond, OK 73013

Dear Mr. Dornbos:

Inasmuch as your application for certification as a Diversity Business Enterprise (DBE) meets all program requirements pursuant to Section 85.45j.11 of Title 74 of the Oklahoma Statutes, we are hereby granting you certification of your business. Your DBE Certification Number is 000075. The Certification Date is March 19, 2024.

This certification is valid for five years. A recertification application and attestation of information shall be filed with this agency by or before the five-year recertification date. The recertification application and attestation form will be provided to you by the Department. Your certification with the State of Oklahoma Diversity Business Program is valid unless one of the following events occur:

1. There is a change in ownership or daily management to person(s) other than those upon whom certification was based; or
2. The business has had a change in yearly revenues or number of employees that exceeds the size requirements for Eligible Entities as stated in the program requirements; or
3. The business ceases to exist as an independent operation; or
4. There is any change that if it has occurred before certification would have been prevented the applicant from being certified by the Oklahoma Department of Commerce.

Congratulations and we wish you continued business success and increased contracting opportunities as a result of your Diversity Business Certification.

Sincerely,

Cathy Curtis

Program Manager

GENERAL INSTRUCTIONS AND REQUIREMENTS FOR BIDDERS

THESE INSTRUCTIONS, REQUIREMENTS AND ANY SPECIAL INSTRUCTIONS CONTAINED IN THE SPECIFICATIONS ARE A PART OF THE TERMS AND CONDITIONS OF THE BIDDER'S IRREVOCABLE BID AS A FIRM OFFER. ANY EXCEPTIONS TO THESE INSTRUCTIONS, REQUIREMENTS OR SPECIFICATIONS MUST BE SPECIFIED AND SUBMITTED WITH THE BIDDER'S BID. THIS CAN BE ACCOMPLISHED BY SUBMITTING AN ALTERNATE OFFER, IF AVAILABLE ON THE BID, OR BY ENTERING INFORMATION INTO THE "NOTE TO BUYER" FIELD. A BIDDER MAY ALSO SUBMIT EXCEPTIONS BY UPLOADING A SEPARATE DOCUMENT LABELED "EXCEPTIONS" INTO THE PERISCOPE SYSTEM. FAILURE TO INDICATE ANY EXCEPTIONS WILL BE REGARDED AS FULL ACCEPTANCE OF THE REQUIREMENTS, INSTRUCTIONS, AND SPECIFICATIONS CONTAINED IN THIS BID PACKET AND ANY OTHER BID DOCUMENTS RELATED TO THIS BID.

1. **EXAMINATION BY BIDDERS:** All Bidders must examine the specifications, drawings, schedules, special instructions and these general instructions and requirements prior to electronically submitting any Bid/Pricing Agreement/Contract. Failure to examine is at the Bidder's own risk as Bidder will be held to the terms, conditions and requirements therein.
2. **SUBMISSION OF FORMS REQUIRED FOR PRICING AGREEMENT/CONTRACT AWARD:** All bids must be completed electronically, on the forms provided by the Contracting Entity through the electronic bidding system. Bids will not be considered unless the Bid/Pricing Agreement/Contract form is completed, signed and submitted by the Bidder in the electronic bidding system. A Letter of Authorization should also be attached and submitted when the Bidder is not authorized by statute and the Bidder's organizational and establishing documents to sign and bind the Bidder to the Bid/Pricing Agreement/Contract documents. The Non-Collusion Affidavit must be executed by the Bidder or an authorized agent and notarized. The notarization must contain:
 - (a) The notary's signature (electronic signature);
 - (b) Jurisdiction where notarization took place (i.e., State of __, County of __);
 - (c) Date of notarization;
 - (d) The notary's commission expiration date;
 - (e) The notary's commission number (Oklahoma);
 - (f) The notarial seal (the notary seal is not required for electronic notarization); and
 - (g) Comply with all other applicable laws. The Non-Collusion Affidavit must be submitted electronically with the electronic bid packet.
3. **SUBMISSION OF BIDS ELECTRONICALLY TO THE CITY CLERK/SECRETARY:** Bids must be submitted electronically through Periscope and shall be opened at the time stated in the Notice to Bidders, or later, in the City Clerk's Conference Room, located on the 2nd floor of the Municipal Building. The Periscope system does not allow bids to be submitted after the deadline. There will be no exceptions to this policy. All bids shall remain on file at least 48 hours thereafter before a Pricing Agreement/Contract shall be made and entered into thereon.
4. **DESCRIPTIVE TERMS:** Unless the term "no substitute" is used, the use of brand name, manufacturer, make, or catalog designation in describing an item does not restrict Bidders to that particular brand name, etc. The term is simply to indicate the type, character, quality and/or performance equivalence of the item desired. However, the proposed substitution item must be of such character, quality and/or performance equivalence as that indicated in the specifications. A proposed substitute item must include complete data as to the manufacturer's name, type, model number, any descriptive bulletins and specifications. This data can be uploaded electronically through the electronic bidding system.
5. **EXCEPTIONS:** Any exceptions or variances to these instructions or specifications must be submitted with the Bidder's bid. This can be accomplished by submitting an alternate offer, if available on the bid, or by entering information in the "Note to Buyer" field. A Bidder may also submit exceptions by uploading a separate document labeled "Exceptions" into the Periscope system. Failure to indicate any exceptions will be construed to mean that the Bidder offers to furnish the exact commodity as described in the bid specifications and as full acceptance of the requirements, instructions, and specifications contained in this bid packet and any other bid documents related to this bid.
6. **UNIT PRICES:** A unit price for each unit bid must be shown and include any applicable taxes, delivery, and packaging and/or packing, if any, unless otherwise specified. If there is an estimated quantity stated as such in the specifications, the estimate is not a guarantee of the quantity which may be purchased. When the quantity in the Periscope system is listed as "1", Bidder shall bid the per individual unit price. The Contracting Entity may purchase one or more bid item at any given time throughout the term of the Pricing Agreement/Contract. The Periscope system will calculate the total based on the quantity requested by the Contracting Entity and the price entered by the Bidder. The Periscope system will calculate the bid price based on the quantity and price. Items bid as an estimated quantity will be awarded on a "no guarantee" basis. Prices shall be extended in decimals, not fractions, and shall include transportation and delivery charges, prepaid by the Bidder to the destination specified in the special instructions of the specifications.
7. **EXEMPTIONS FROM CERTAIN TAXES:** The purchase of certain goods or services by the Contracting Entity is exempt from the payment of excise, transportation, use, and sales tax imposed by the federal, state and/or city governments. Such taxes must not be included in the bid prices. Any taxes that are not exempt must be included in the bid price. No additional payment or compensation will be made for taxes.
8. **PAYMENTS AND DISCOUNTS:**

- (a) Payment for goods and services as specified in the Pricing Agreement/Contract shall be processed promptly after completion of delivery and acceptance of items and after receipt from Bidder of properly prepared invoice(s) and/or notarized claim voucher(s), if applicable. Purchases may be made by certain City or Trust employees using a purchasing card. Employees of Contracting Entity are required, when possible, to use a purchasing card for purchases under the amount of \$5,000 for a single transaction. For single transactions over \$5,000, the Bidder may request payment be completed by issuance of a purchase order. Processing fees may not be added when a purchasing card is used. The bid price shall cover any fees a bidder may incur.

9. **LATE INVOICES:** If the purchase order indicates that the purchase is being made with City funds, all unpaid invoices pertaining to this Pricing Agreement/Contract must be recorded in the Finance Department, Accounts Payable Section, or in the Office of the City Clerk on or before September 30 for all debts incurred during the prior fiscal year (July 1 through June 30), or said invoice shall be void and forever barred. (See 62 Okla. Stat. 2010 § 310.4).
10. **DELIVERY:**
- (a) All bid prices quoted shall be based on delivery F.O.B. Oklahoma City, Oklahoma or to any points located within the municipal corporate limits (unless otherwise stated in the bid specifications) with all charges prepaid to the actual point of delivery.
- (b) Bids must show the number of days required for delivery under normal conditions. Unrealistically short or long delivery promises may cause bids to be rejected. A successful Bidder is required to keep the purchasing department advised at all times of the status of the order and delivery. All goods or services shall be delivered within thirty (30) days from the date of the award of the Pricing Agreement/Contract, unless specified otherwise.

OKLAHOMA OPEN RECORDS ACT AND CONFIDENTIAL INFORMATION

All materials submitted to the Contracting Entity pursuant to this Bid or Proposal potentially become subject to the mandates of the Oklahoma Open Records Act, 51 O.S. § 24A.1. *et seq.* The purpose of this Act is to ensure and facilitate the public's right of access to and review of government records so they may efficiently and intelligently exercise their inherent political power. Almost all "records," as that term is defined in the Act, may be disclosed to the public upon request. Except where specific state or federal statutes create a specific and express exemption or confidential privilege, persons who submit information to public bodies have no right to keep this information from public access nor have a reasonable expectation that this information will be kept from public access.

If you believe that any of the information you have submitted to the Contracting Entity pursuant to this Bid or Proposal is exempt or confidential under a specific state or federal statute, and therefore not subject to public access under the Oklahoma Open Records Act, you must comply with the following:

1. Place said documents/records in a separate electronic file attachment marked "Confidential". DO NOT label your entire Bid or Proposal as "Confidential" – label only those portions of the Bid or Proposal that you feel are exempt or are made confidential by state or federal law as "Confidential".
2. For each such document for which you are claiming an exemption or a confidential privilege, identify the federal and/or state law that creates said privilege, e.g., for trade secrets, see 21 O.S. § 1732 (Larceny of Trade Secrets) and the Uniform Trade Secrets Act, 78 O.S. § 85 *et seq.*

Should an Open Records request be presented to the Contracting Entity requesting information you have identified as "Confidential," you will be responsible for defending your position in the District Court, if needed.

If you fail to identify any records submitted as part of your Bid or Proposal as "Confidential", you are agreeing that said records are not exempt or confidential and are subject to public access.

Upon receipt of a request by a third party to review or copy records properly identified as "Confidential," you will be notified of the request and thereby given an opportunity to immediately enforce and protect your rights by initiating an action in a court of competent jurisdiction. Should you fail to timely bring an action to enforce your rights, then the requested records will be released by the Contracting Entity based upon its determination of the application of the Oklahoma Open Records Act.

INDUSTRIAL SUPPLIES****Overall Bid Questions****Question 1**

Is there a list of specific equipment that is to be serviced or needing the chemicals provided specifically Hvac or refrigeration related? (Submitted: Mar 21, 2024 9:47:47 AM CDT)

Answer

- The City is looking for access to any possible product we might possibly need to operate, maintain, build, and/or repair anything in the City over the next three years. The City is large and has a huge variety of different types of HVAC systems. (Answered: Mar 22, 2024 8:40:09 AM CDT)

- To clarify further, this will be a multi-awarded contract, and the product needed is not just HVAC; it is anything and everything that is needed to operate maintain, build, and/or repair anything in the City. (Answered: Mar 22, 2024 4:04:28 PM CDT)

Question 2

Wanted to make sure I place the bid correctly and make sure I am not missing anything? Please let me know, thank you. Ramsey.henry@am-supply.com (Submitted: Mar 22, 2024 3:56:13 PM CDT)

Answer

- City of Oklahoma City staff cannot see submissions until the bid closes. For technical support, please contact Periscope at 1-800-990-9339. (Answered: Mar 22, 2024 4:10:58 PM CDT)

Question 3

Our organization has a Cooperative Agreement that is honored in many municipalities and states throughout the country. 1) Does City of OKC recognize Cooperative Agreements with other public entities. If so, do we still need to formally bid? What's the process for cooperative agreements? What's accepted? What isn't?

2) Currently with other bidding relationships, we provide a discount range on each line item in the contract. We do not include individual item # or SN # on other bid documents as shown below but rather show discounts for product categories. Even with removing the item #, this is still about 40 pages of content. Is the item description as shown below acceptable or are we required to include the item # for each item?

Product Description Discount List/MI Market Price

BEARINGS, BALL BEARINGS, POPULAR 200&300 SER B.BR (Submitted: Apr 2, 2024 7:50:16 AM CDT)

Answer

- 1. The City of OKC does recognize Cooperative Agreements. If we have not currently adopted your company's contract through a Cooperative Agreement, your company needs to bid. We adopt cooperative agreements as needed.

2. As long as the description, product listing, and discount is clear, then yes this is acceptable. (Answered: Apr 3, 2024 7:05:22 AM CDT)

Also with the exception of actual Catalogue Price List numbers, when you click on the individual line the description for item each item from 1-10 it is the same? Can you please provide further clarification on expected detail for these items? (Submitted: Apr 3, 2024 3:27:59 PM CDT)

Answer

- The classification codes do not always correlate exactly with the need of the bid. The classification codes chosen are a tool to help identify need but also notify all possible vendors falling under those codes that may qualify for the needs of the bid. Please refer to the specifications for need.
With this bid, the City is trying to gain access to all items, tools, and materials necessary to operate, maintain, build, and repair the City. It's a very broad list. (Answered: Apr 3, 2024 3:40:50 PM CDT)

- For the line items, many vendors have very large product lists. The City is trying to address every possible variable. Please provide a clear description of your product, discount, delivery, catalog, website, etc...everything possible listed in the line items that correlates to what your company has to offer.
