Dear Tasha,

USIC is eager to continue our relationship with the City of Oklahoma City and we share a mutual interest in continuing our relationship. As indicated, USIC kindly requests to exercise a 3% rate adjustment for this contract year, starting April 28, 2025. We have experienced year-over-year increases in labor, fleet, fleet, maintenance, and technology; all of which we rely on daily for utility locating. These incremental adjustments go a long way towards retaining our seasoned technicians that are better positioned to protect your utility infrastructure.

I have prepared the table below with line-item details with both the current and proposed rates.

Type	Current Price	Proposed Price
Per Unit	\$75.00	\$77.25
Emergency Normal	\$100.00	\$103.00
After Hours	\$125.00	\$128.75
Threshold	\$25.00	\$25.75
Watch & Protect	\$25.00	\$25.75
Damage Investigation	\$275.00	\$283.25

Please let me know if the City of Oklahoma City finds this amended pricing schedule acceptable. We look forward to continuing our partnership in damage prevention with the City of Oklahoma City.

Sincerely,
