Originating Department: Fire Department

Description of Impact

The financial impact of the adoption of this new edition is largely unquantifiable. Many changes have been updated to more current construction practices, materials, and life safety standards.

Quantifiable Financial Impacts:

Proposed revisions to Chapters 20 and 60 of the Municipal Code, will now offer an option to appeal decisions of the Fire Code Official to a citizen Board of Appeals. In the past this was not provided for. If an appeal is filed, the fee for the request is \$100.00. It is not anticipated that this will happen often as most issues are able to be resolved and this has not been a significant issue in the past. This will allow an option which is not currently in the OKC Fire Code.

Summary of Impact

a. Cost to City Organization: \$0

b. Cost to Citizens: Cost as stated above, optional request.

c. Cost to Business Community: \$0
