

MEMORANDUM

Council Agenda
Item No. XI. T
8/16/2022

The City of OKLAHOMA CITY

TO: Mayor and City Council

FROM: Craig Freeman, City Manager

Ordinance on final hearing, removing all 2-hour time-limited parking controls and parking restrictions on both sides of West Main Street from North Pennsylvania Avenue to North Western Avenue. Ward 6.

Background:

Geoffrey Butler, Planning Director, submitted a request to restructure West Main Street between North Pennsylvania Avenue and North Western Avenue from a four lane roadway to a three lane roadway with traditional bicycle lanes on both sides of the street as a part of Oklahoma City Project PC-0739.

The project alters the roadway lane configuration, adds bicycle lanes, restructures parking, adds parking and loading zones and adds reserved parking spaces for the physically disabled.

At their regular meeting on July 18, 2022, the Oklahoma City Traffic and Transportation Commission voted in favor of the requested and recommended it for approval by the City Council.

Review:

Public Works Department

Recommendation: Ordinance be adopted.
