Crossing NE 46th Street, 632 feet west of North Sooner Road and
Crossing NE 36th Street, 1,945 east of North Bartell Road

Background:

This permit allows Phillips 66 Carrier, LLC to construct, operate and maintain a pipeline on a portion of the City's rights-of-way and utility easements. This permit is for liquid hydrocarbons pipeline. The pipeline crossing length is 1,163 feet, a total of 73 rods.

It is expressly agreed that in the event the City makes a request to relocate said appurtenances to the company's pipeline operation located in City right-of-way/utility easement, the company will comply and relocate the appurtenances and bear the entire cost. The crossings are to be place a minimum of 10 feet below grade in the right-of-way/utility easement.

Revenue:

Initial inspection and regulation fee of \$81.50 per rod for pipelines laid in City right-of-way/utility easement. All revenue is to be deposited in the General Fund – General Operations – Leases-Pipeline Inspection (1001-43600004).

Review:

Public Works Department

Recommendation: Revocable Permit be approved.
