Deferred from May 9, 2023.

### **Background:**

On January 5, 1993, The City of Oklahoma City adopted Ordinance No. 19,875, approving the Oklahoma Health Center Economic Development Project Plan ("OHC Project Plan"). On December 20, 2016, The City of Oklahoma City adopted Ordinance No. 25,531, approving the Oklahoma Regional Innovation District Project Plan ("Project Plan"), amending and restating the OHC Project Plan.

The proposed First Amendment to the Project Plan ("First Amendment") is intended to provide additional critical support to implement the City's economic development objectives for the Innovation District with special focus on the enhancement of both the physical and economic connections between the area's anchor institutions and the neighborhoods, amenities, and complementary developments that are essential to achieving its potential. In order to supplement and strengthen the Project Plan, the First Amendment proposes to improve connections between Downtown Oklahoma City and the Innovation District.

On March 24, 2023, the Oklahoma Regional Innovation District Project Review Committee (“Review Committee”) met in an open meeting and reviewed the proposed amendments to the Project Plan in accordance with the criteria specified in the Oklahoma Local Development Act and recommended that the City Council approve and adopt the Ordinance amending the Project Plan as presented.

On April 13, 2023 , the Oklahoma City Planning Commission at its regularly scheduled public meeting determined that the amendments to the Project Plan are in conformance with the Comprehensive (Master) Plan of the City and recommended that the City Council approve and adopt the Ordinance amending the Project Plan as presented.
