Purpose:

To approve green fee and range token increases at Oklahoma City owned Golf Courses.

Background:

On October 24, 2023, the Oklahoma City Public Property Authority (OCPPA) approved a structured step-increase to its golf green fees to take place between November 1, 2023, and July 1, 2024. Prior to this increase, golf fees had not changed since June 1, 2019. Due to continued cost increases for golf course operations, maintenance, and water, the Golf Commission and City Staff have determined a need to recommend another increase in green fees and range tokens to the OCPPA.

The Golf Commission is recommending an increase of \$1.50 to regular green fees, and \$1.00 to all other green fees. The Golf Commission is also recommending an increase of \$0.25 to the range token fee. These fees updates (attached) will go into effect on July 1, 2025, and the revenue generated by them will be allocated towards each course's operating funds and to the golf system water fund.

The Golf Commission approved this recommendation of new fees at their March 5, 2025, regular meeting.
