

MEMORANDUM

OCAT Agenda
Item No. VII. A
8/22/2024

TO: Trustees, Oklahoma City Airport Trust

FROM: Jeff Mulder, Director of Airports

Professional Services Contracts with H.W. Lochner, Inc., MacArthur Associated Consultants, LLC and Garver, LLC, for Project No. OCAT GEN 2416, Multi-Year Professional Services for On-Call Planning, Environmental, Engineering and Design Services for OCAT, Federal, or State Funded CIP Projects.

Location:

Will Rogers World Airport, Wiley Post Airport, Clarence E. Page Airport

Background:

Interviews for potential consultants were conducted on June 7, 2024. Following the interviews, the Consultant Review Committee selected three firms: H.W. Lochner, Inc., MacArthur Associated Consultants, LLC, and Garver, LLC (Consultants).

The Trust is responsible for ensuring that all facilities, buildings, and improvements that are included in the Trust's estate at Will Rogers World Airport, Wiley Post Airport, and Clarence E. Page Airport (Airports) and the Mike Monroney Aeronautical Center (MMAC) are maintained in a good state of repair.

Establishing professional services agreements with the ability to utilize any one of three Consultants for projects at any of the Trust's Airports and MMAC will provide the Trust with the flexibility and expertise to program, evaluate, estimate, design, and implement improvements required to maintain Trust owned and managed facilities in good condition.

Recommendation: Agreements be approved.
