## The City of OKLAHOMA CITY

TO: Mayor and City Council

FROM: Craig Freeman, City Manager

Amendment No. 3 to Contract for Engineering Services with CEC Corporation, Project BC-0229, Bridge Rehabilitation, North May Avenue over NW Expressway, fee increase of \$155,450. Ward 2.

**Location:**

North May Avenue over NW Expressway

**Background:**

This project provides for the Engineer's assessment of the condition of the existing bridge and develop alternatives that may include rehabilitation of the existing bridge and the creation of a signalized intersection in-lieu of the bridge.

Subsequent to execution of the original contract as previously amended, it has been determined to be in the best interest of the City to direct the Engineer to provide renderings of the diverging diamond interchange and the roundabout interchange. The Engineer will also expedite the project schedule due to ODOT funding. ODOT requirements associated with ODOT funding that were inadvertently omitted from Amendment No. 1 are included.

Construction is expected to begin early 2025 and be complete summer 2026.
