INSTRUCTIONS: This document MUST be electronically signed and submitted with the bid for the bid to be valid. Failure to electronically sign the this document prior to submitting the electronic bid will result in rejection of your bid. This document constitutes your bid and will be the Pricing Agreement/Contract document under which you are to perform, should your bid be accepted, so it must be properly and completely executed. It is, therefore, essential that you are aware of its terms, as well as those contained in the specifications.

Submit this electronically signed document, along with all accompanying documents:

THIS PRICING AGREEMENT/CONTRACT is made and entered into, by and between **Conrad Fire Equipment**hereinafter referred to as "Bidder" and The City of Oklahoma City, a municipal corporation, or a participating Public Trust of which The City of Oklahoma City is Beneficiary hereinafter referred to as the "Contracting Entity."

WITNESSETH:

WHEREAS, the governing body of the Contracting Entity has approved certain specifications and requested by notice that bids be submitted thereon; and

WHEREAS, this document until executed by the Mayor/Chairman of the Contracting Entity constitutes the Bidder's proposal; and

NOW, THEREFORE, that in consideration of the covenants, agreements and representations as hereinafter set forth, it is mutually agreed by the parties that:

1. The Bidder agrees to sell and deliver to the Contracting Entity, the items of material and/or services, specified in the pricing section of the electronic bid submittal, which is attached hereto and made a part of this Pricing Agreement/Contract. List the prompt payment discount, if any, for this agreement in the space provided below:

Discount for Prompt Payment **0**% Days

2. The Bidder expressly warrants that all articles, material, and/or work covered in this Pricing Agreement/Contract will conform to the specifications and electronic bid documents attached to this bid and are hereby incorporated, as if set forth in full herein; and further warrants that the same shall be of good material and workmanship, and free from defects.

3. The Bidder understands that all bids are to be submitted in U.S. dollars at a firm price. Bids submitted in any currency other than U.S. dollars will be rejected.

4. The Bidder also understands that all invoices shall be submitted in U.S. dollars and agrees to accept payment in U.S. dollars as full satisfaction of the invoiced amount.

5. If any of the goods fail to meet the warranties contained in Paragraph 2, above, the Bidder, upon notice from the Contracting Entity, shall promptly correct or replace the same at the Bidder's expense. If the Bidder shall fail to so do, the Contracting Entity may cancel this order as to all such goods, and in addition, may cancel the then remaining balance of this order. After notice to the Bidder, all such goods will be held

at the Bidder's risk. The Contracting Entity may, at the Bidder's direction, make available such goods to be returned to the Bidder at the Bidder's risk, and all transportation charges, both to and from the original destination, shall be paid by the Bidder. Any payment for such goods shall be refunded by the Bidder unless the Bidder promptly corrects or replaces the same at the Bidder's expense.

6. The Contracting Entity agrees to pay to the Bidder the price and amount in accordance with Paragraph 1 above, based on the quantity actually purchased, upon delivery to and acceptance by the Contracting Entity, of the material and/or service[s] above described and upon the filing by the Bidder, and approval by the Contracting Entity, of a verified claim for the amount due.

7. The Bidder agrees, in connection with the performance of work under this Pricing Agreement/Contract:

a. That the Bidder will not discriminate against any employee or applicant for employment, because of race, creed, color, sex, age, national origin, ancestry or disability. The Bidder shall take affirmative action to ensure that employees are treated without regard to their race, creed, color, age, national origin, sex, ancestry or disability. Such actions shall include, but not be limited to, the following: employment, promotion, demotion or transfer, recruitment, advertising, lay-off, termination, rates of pay or other forms of compensation and selection for training, including apprenticeship. The Bidder agrees to post, in a conspicuous place available to employees and applicants for employment, notices to be provided by the City Clerk/Secretary of the Contracting Entity setting forth the provisions of this section, and;

b. That the Bidder agrees to include this non-discrimination clause in any subcontracts connected with the performance of this Pricing Agreement/Contract.

8. In the event of the Bidder's non-compliance with the above non-discrimination clause, this Pricing Agreement/Contract may be canceled or terminated by the Contracting Entity. The Bidder may be declared by the Contracting Entity ineligible for further Pricing Agreement[s]/Contract[s] with the Contracting Entity until satisfactory proof of intent to comply is made by the Bidder.

9. The risk of loss or damage shall be borne by the Bidder at all times until the acceptance of goods, properly packed, by the Contracting Entity.

10. This Pricing Agreement/Contract, specifications, electronic bid submittal documents and any attachments constitutes the entire understanding and agreement of the parties upon the subject matter hereof. There is no agreement, oral or otherwise, which is not contained in or attached to this Pricing Agreement/Contract. This Pricing Agreement/Contract may not be modified or assigned unless approved in writing and signed by both parties.

11. The parties assume and understand that the variables in the Bidder's cost of performance may fluctuate; consequently, the parties agree that any fluctuations in the Bidder's costs will not alter the Bidder's obligations under this Pricing Agreement/Contract nor excuse performance or delay on the Bidder's part.

12. This Pricing Agreement/Contract shall be inoperative during such period of time that the aforesaid delivery or acceptance may be rendered impossible by reason of fire, Act of God or government regulation. Provided, however, to the extent that the Bidder has any commercially reasonable alternative method of performing this Pricing Agreement/Contract by purchase on the market or otherwise, the Bidder shall not be freed of any obligations hereunder by this clause, even though the goods intended for this Pricing Agreement/Contract were destroyed or their delivery delayed because of an event described above.

13. The shipping or receiving of any goods under this Pricing Agreement/Contract shall not be deemed, or be, a waiver of any right to damages for any prior failure to ship or receive any goods.

14. This Pricing Agreement/Contract shall be governed by the laws of the State of Oklahoma.

15. The Bidder shall be responsible for complying with all applicable federal, state and local laws.

16. If submitting a bid for services, the Bidder certifies that they, and any proposed subcontractors, are in compliance with 25 O.S. §1313 and participate in the status Verification System. The Status Verification System is defined in 25 O.S. §1312 and includes but is not limited to the free Employment Verification Program (E-Verify) through the Department of Homeland Security and available at www.dhs.gov/E-Verify.

No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, “Disclosure Form to Report Lobbying,” in accordance with its instructions.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. INSTRUCTIONS FOR CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION

i. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.

ii. The inability of a person to provide the certification set out below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the Contracting Entity's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such a person from participation in this transaction.

iii. The certification in this clause is a material representation of fact upon which reliance was placed when the Contracting Entity determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the Contracting Entity may terminate this transaction for cause of default.

iv. The prospective primary participant shall provide immediate written notice to the Contracting Entity if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

v. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the Contracting Entity for assistance in obtaining a copy of those regulations.

vi. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the Contracting Entity.

vii. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

viii. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the nonprocurement portion of the "Lists of Parties Excluded From Federal Procurement or Nonprocurement Programs" (Nonprocurement List) which is compiled by the General Services Administration.

ix. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

x. Except for transactions authorized under paragraph f of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the Contracting Entity may terminate this transaction for cause or default.

- All amounts are in US Dollars.

- Purchaser Contact Name, Email Address, and Telephone Number
- Purchaser Purchase Order Number
- Seller Part Number

Orders for non-catalog items or special order items may have minimum purchase quantity requirements. Purchaser will be advised of any minimum purchase quantity requirements at the time the order is placed.

Orders for items sold in packaged quantities must be for the full packaged quantity.

All orders are subject to acceptance by Seller, and Seller shall have no obligation under any order unless and until the same is accepted by Seller and a confirmation of acceptance has been issued to Purchaser. To be effective, a confirmation of acceptance must be given in writing or by fax, email or other electronic media.

Unless and except to the extent specifically stated otherwise in Seller's confirmation of acceptance of an order or, if an order is submitted in response to a specific quotation or proposal issued by Seller, as specifically stated otherwise in such proposal or quotation, Seller's acceptance of an order shall always be upon and subject to these General Terms and Conditions of Sale, and any different or additional terms and conditions set forth or referenced in Purchaser's order or otherwise are rejected and shall not apply.

Order Cancellations

A request to delay or change shipment after an item has been scheduled for production or shipment may result in a price increase and/or additional charges, including warehousing and rescheduling charges. If the requested delay or change in shipment exceeds 90 days, the request may be treated as a request for cancellation.

All requests to cancel an order must be submitted to Seller in writing.

Seller normally permits orders for catalog items in standard quantities to be cancelled at any time prior to shipment without penalty. Orders for non-catalog items, custom-configured and other special order items may be canceled only upon payment of a cancellation charge as determined by Seller. The cancellation charge may include production cost, engineering expense, selling expense, a reasonable amount for overhead, and a reasonable amount for profit. If an order includes items to special specifications or sizes or of types not in general production, the cancellation charge will include payment for all special work. The minimum cancellation change is the greater of 25% of the order value or US100.00.

Shipping and Dimensions, Sizes and Weights

Scheduled shipping dates are approximate only and not guaranteed and are subject to timely receipt of all necessary information and documentation from Purchaser.

Unless and except to the extent an order expressly states on its face that no partial shipments are allowed and/or that no early shipments are allowed, Seller shall have the right to make partial shipments and to make shipments prior to the scheduled ship date on the order confirmation.

The delivery term for all orders is FCA (Incoterms 2010) shipping dock at Seller's facility from which the items ordered are supplied (either 343 Venture Blvd., Wooster, OH 44691, USA; 607 NW 27th Ave., Ocala, FL 34475, USA; 3656 Paragon Drive, Columbus, OH 43228, USA: or 1736 Westbelt Drive, Columbus, OH 43228, USA).

Seller shall have the right to designate carrier and routing whenever freight is allowed. Where freight is not allowed, Purchaser's designated carriers will be used where practical; provided, however, that Seller has the right to designate other carriers and routing to the extent Seller deems necessary or appropriate. Where freight is not allowed, the freight charge will be prepaid and added to the invoice.

Prices include standard packaging and packing only. Any special packaging or packing requested by Purchaser shall result in additional charges.

Published dimensions, sizes and weights are approximate only and are not guaranteed.

Certified dimension drawings of an item may be obtained from Seller at US$50 per set.

Seller shall have the right to refuse to ship items to any person or entity or any destination or for any use that it believes to be unlawful.

Pricing and Payment Terms

All orders shall be Cash-In-Advance, Pre-Pay unless other credit terms are established in writing with Seller.

Unless specifically stated otherwise in a written Special Pricing Notification (SPN) published by Seller:

- All prices are in US Dollars, and all payments are to be made in US Dollars
- All prices are FCA (Incoterms 2010) shipping dock at Seller's facility from which the items ordered are supplied. (either 343 Venture Blvd., Wooster, OH 44691, USA; 607 NW 27th Ave., Ocala, FL 34475, USA; 3656 Paragon Drive, Columbus, OH 43228, USA: or 1736 Westbelt Drive, Columbus, OH 43228, USA).
- All prices shall be based on Purchaser's standard discount and Seller's published price list in effect on the date the order is placed. List prices are subject to change without notice. If an order has a requested shipment date for any item that is more than 90 days after the order is placed, Seller reserves the right to revise pricing for the item.
- For Purchasers with prior credit approval, the standard payment term for the price of items and other amounts payable by Purchaser shall be net 30 days from date of invoice so long as Purchaser's account balance is within its approved credit limit. Seller reserves the right to review and revoke a Purchaser's credit approval and/or modify a Purchaser's credit limit at any time.
- For a Purchaser without prior credit approval or whose account balance exceeds its credit limit, at Seller's discretion, the standard payment term for the price of items and other amounts payable by Purchaser shall be payment in full with submission of order.
- Acceptance of payment by credit card shall be at Seller's discretion. If credit card payment is accepted, Seller may impose a processing fee.

No order shall be accepted that reflects prices or payment in any currency other than US Dollars, pricing that differs from Purchaser's standard discount or Seller's published price list in effect on the date the order is placed, a delivery term that differs from the applicable standard delivery term, or a payment term that differs from the applicable standard payment term, unless accompanied by a copy of a duly signed written quotation or proposal to Purchaser or a Special Pricing Notification (SPN) published by Seller reflecting such different currency, pricing, delivery term or payment term.

Unless specifically stated otherwise in a Special Pricing Notification (SPN), all SPNs may be revoked or modified by Seller at any time and, if not earlier revoked, will expire 60 days after the date of publication.

Invoices may be issued at any time after shipment. Partial shipment may be invoiced as the partial shipments are made.

Interest at the rate of 1.5 % per month may be charged on all overdue amounts.

If Purchaser's account with Seller or any other IDEX Unit should become past due or, in the judgment of Seller, Purchaser's financial condition does not justify continuance of production or shipment on the applicable payment terms, Seller may, at its sole discretion, suspend production or shipment and require full or partial payment in advance of production or shipment.

In the event Seller has completed and prepared items for shipment and shipment is delayed by Purchaser for any reason, Seller may invoice Purchaser as if shipment had been made and the amount invoiced shall be due and payable as if shipment had been made. After invoice, items held by Seller as a result of a delay in shipment by Purchaser shall be held at the risk and expense of Purchaser.

COKC01068

Title and Risks

Seller will cease to have any responsibility for items and title and all risk of loss or damage to items shall pass to Purchaser in accordance with the applicable delivery term.

COKC01068

Purchaser should make a visual inspection of shipping containers and packages for obvious damage before “signing off” on the carrier’s receipt. If damage is noted, it should be so indicated on the carrier’s receipt before acceptance. Lack of damage to the outside of a shipping container or package does not guarantee undamaged contents. Purchaser should open shipping containers and packages and inspect contents promptly after receipt. If contents are damaged, Purchaser should contact the carrier immediately. If contents do not match the order, Purchaser must notify Seller immediately.

Any shortages or order differences reported to Seller more than 30 days after shipment or 10 days after receipt will not be eligible for return, replacement or adjustment by Seller.

Returns

Seller will not consider requests for credit returns made more than 120 days after the date of shipment. No credit returns shall be accepted by Seller unless accompanied by a Return Materials Authorization (RMA) issued by Seller. Seller shall have no obligation to issue an RMA. In order to be returnable for credit, items must be standard items that are new, unused, the same as items currently being offered for sale by Seller, and in their original packaging with all associated documents, including user manuals. Items which are no longer available, discontinued, obsolete, or special order/production, or otherwise deemed not returnable will not be accepted for return. Seller reserves the sole right to determine the returnability of items for credit.

Items which are received in non-returnable condition for credit will be handled in one of the following ways:

- Destroyed with Purchaser’s approval
- Returned to Purchaser at its expense
- Refurbished and returned to Purchaser at its expense with its approval
- Partial credit issued to Purchaser at the sole discretion of Seller

Seller will have no responsibility or liability in connection with items returned for credit without an RMA. Credit returns arriving without a valid RMA may be refused. All items returned must be properly packed and identified in accordance with the RMA.

All costs and expenses associated with credit returns shall be borne by Purchaser. Return costs and expenses may include labor, material, administrative, and any other costs and expenses arising out of the return. A minimum 20% restocking charge may be assessed on all credit returns. Any credit will be subject to and conditioned the receipt of the returned items in new, unused, undamaged and saleable condition.

Seller may accept a credit return and waive the restocking or cancellation fee in the event Seller determines that the return was due to an error that was the fault of Seller.

Returns for repair do not require an RMA, but should be registered using the Akron Brass Company website at http://onlinerepair.akronbrass.com/. The website includes Seller's repair terms and conditions and allows a return repair packing list and address label to be printed and progress of the repair to be tracked. If use of the website is not possible, information concerning repairs can be obtained by calling the Seller's Customer Care Team at 1-800-228-1161 or writing to Seller at Akron Brass Company, 343 Venture Blvd., Wooster, OH 44691, USA. Repair returns may be subject to a repair estimate fee that will be waived if the repair is made.

All credit and repair returns are at Purchaser’s or its customer’s sole risk and expense, and any shipping charges on returned items shall be paid by Purchaser or its customer. No collect shipments will be accepted unless authorized in writing in advance by Seller.

INSTRUCTIONS: This document MUST be electronically signed and submitted with the bid for the bid to be valid. Failure to electronically sign the this document prior to submitting the electronic bid will result in rejection of your bid. It is, therefore, essential that you are aware of its terms, as well as those contained in the specifications.

Submit this electronically signed document, along with all accompanying documents:

THIS PRICING AGREEMENT/CONTRACT is made and entered into, by and between _____ hereinafter referred to as "Bidder" and The City of Oklahoma City, a municipal corporation, or a participating Public Trust of which The City of Oklahoma City is Beneficiary hereinafter referred to as the "Contracting Entity."

WITNESSETH:

WHEREAS, the governing body of the Contracting Entity has approved certain specifications and requested by notice that bids be submitted thereon; and

WHEREAS, this document until executed by the Mayor/Chairman of the Contracting Entity constitutes the Bidder's proposal; and

NOW, THEREFORE, that in consideration of the covenants, agreements and representations as hereinafter set forth, it is mutually agreed by the parties that:

1. The Bidder agrees to sell and deliver to the Contracting Entity, the items of material and/or services, specified in the pricing section of the electronic bid submittal, which is attached hereto and made a part of this Pricing Agreement/Contract. List the prompt payment discount, if any, for this agreement in the space provided below:

Discount for Prompt Payment _____ % _____ Days

2. The Bidder expressly warrants that all articles, material, and/or work covered in this Pricing Agreement/Contract will conform to the specifications and electronic bid documents attached to this bid and are hereby incorporated, as if set forth in full herein; and further warrants that the same shall be of good material and workmanship, and free from defects.

3. The Bidder understands that all bids are to be submitted in U.S. dollars at a firm price. Bids submitted in any currency other than U.S. dollars will be rejected.

4. The Bidder also understands that all invoices shall be submitted in U.S. dollars and agrees to accept payment in U.S. dollars as full satisfaction of the invoiced amount.

5. If any of the goods fail to meet the warranties contained in Paragraph 2, above, the Bidder, upon notice from the Contracting Entity, shall promptly correct or replace the same at the Bidder's expense. If the Bidder shall fail to so do, the Contracting Entity may cancel this order as to all such goods, and in addition, may cancel the then remaining balance of this order. After notice to the Bidder, all such goods will be held at the Bidder's risk. The Contracting Entity may, at the Bidder's direction, make available such goods to be returned to the Bidder at the Bidder's

risk, and all transportation charges, both to and from the original destination, shall be paid by the Bidder. Any payment for such goods shall be refunded by the Bidder unless the Bidder promptly corrects or replaces the same at the Bidder's expense.

6. The Contracting Entity agrees to pay to the Bidder the price and amount in accordance with Paragraph 1 above, based on the quantity actually purchased, upon delivery to and acceptance by the Contracting Entity, of the material and/or service[s] above described and upon the filing by the Bidder, and approval by the Contracting Entity, of a verified claim for the amount due.

7. The Bidder agrees, in connection with the performance of work under this Pricing Agreement/Contract:

a. That the Bidder will not discriminate against any employee or applicant for employment, because of race, creed, color, sex, age, national origin, ancestry or disability. The Bidder shall take affirmative action to ensure that employees are treated without regard to their race, creed, color, age, national origin, sex, ancestry or disability. Such actions shall include, but not be limited to, the following: employment, promotion, demotion or transfer, recruitment, advertising, lay-off, termination, rates of pay or other forms of compensation and selection for training, including apprenticeship. The Bidder agrees to post, in a conspicuous place available to employees and applicants for employment, notices to be provided by the City Clerk/Secretary of the Contracting Entity setting forth the provisions of this section, and;

b. That the Bidder agrees to include this non-discrimination clause in any subcontracts connected with the performance of this Pricing Agreement/Contract.

8. In the event of the Bidder's non-compliance with the above non-discrimination clause, this Pricing Agreement/Contract may be canceled or terminated by the Contracting Entity. The Bidder may be declared by the Contracting Entity ineligible for further Pricing Agreement[s]/Contract[s] with the Contracting Entity until satisfactory proof of intent to comply is made by the Bidder.

9. The risk of loss or damage shall be borne by the Bidder at all times until the acceptance of goods, properly packed, by the Contracting Entity.

10. This Pricing Agreement/Contract, specifications, electronic bid submittal documents and any attachments constitutes the entire understanding and agreement of the parties upon the subject matter hereof. There is no agreement, oral or otherwise, which is not contained in or attached to this Pricing Agreement/Contract. This Pricing Agreement/Contract may not be modified or assigned unless approved in writing and signed by both parties.

11. The parties assume and understand that the variables in the Bidder's cost of performance may fluctuate; consequently, the parties agree that any fluctuations in the Bidder's costs will not alter the Bidder's obligations under this Pricing Agreement/Contract nor excuse performance or delay on the Bidder's part.

12. This Pricing Agreement/Contract shall be inoperative during such period of time that the aforesaid delivery or acceptance may be rendered impossible by reason of fire, Act of God or government regulation. i. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.

ii. The inability of a person to provide the certification set out below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the Contracting Entity's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such a person from participation in this transaction.

iii. The certification in this clause is a material representation of fact upon which reliance was placed when the Contracting Entity determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the Contracting Entity may terminate this transaction for cause of default.

iv. The prospective primary participant shall provide immediate written notice to the Contracting Entity if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

v. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the Contracting Entity for assistance in obtaining a copy of those regulations.

vi. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the Contracting Entity.

vii. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

viii. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the nonprocurement portion of the "Lists of Parties Excluded From Federal Procurement or Nonprocurement Programs" (Nonprocurement List) which is compiled by the General Services Administration.

ix. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

x. Except for transactions authorized under paragraph f of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the Contracting Entity may terminate this transaction for cause or default.

A proposed substitute item must include complete data as to the manufacturer's name, type, model number, any descriptive bulletins and specifications. 6. **UNIT PRICES:** A unit price for each unit bid must be shown and include any applicable taxes, delivery, and packaging and/or packing, if any, unless otherwise specified. OKLAHOMA OPEN RECORDS ACT AND CONFIDENTIAL INFORMATION

COKC01068

All materials submitted to the Contracting Entity pursuant to this Bid or Proposal potentially become subject to the mandates of the Oklahoma Open Records Act, 51 O.S. § 24A.1. *et seq*. The purpose of this Act is to ensure and facilitate the public's right of access to and review of government records so they may efficiently and intelligently exercise their inherent political power. Almost all "records," as that term is defined in the Act, may be disclosed to the public upon request. Except where specific state or federal statutes create a specific and express exemption or confidential privilege, persons who submit information to public bodies have no right to keep this information from public access nor have a reasonable expectation that this information will be kept from public access.

If you believe that any of the information you have submitted to the Contracting Entity pursuant to this Bid or Proposal is exempt or confidential under a specific state or federal statute, and therefore not subject to public access under the Oklahoma Open Records Act, you must comply with the following:

1. Place said documents/records in a separate electronic file attachment marked "Confidential". DO NOT label your entire Bid or Proposal as "Confidential" – label only those portions of the Bid or Proposal that you feel are exempt or are made confidential by state or federal law as "Confidential".
2. For each such document for which you are claiming an exemption or a confidential privilege, identify the federal and/or state law that creates said privilege, e.g., for trade secrets, see 21 O.S. § 1732 (Larceny of Trade Secrets) and the Uniform Trade Secrets Act, 78 O.S. § 85 *et seq*.

Should an Open Records request be presented to the Contracting Entity requesting information you have identified as "Confidential," you will be responsible for defending your position in the District Court, if needed.

If you fail to identify any records submitted as part of your Bid or Proposal as "Confidential", you are agreeing that said records are not exempt or confidential and are subject to public access.

Upon receipt of a request by a third party to review or copy records properly identified as "Confidential," you will be notified of the request and thereby given an opportunity to immediately enforce and protect your rights by initiating an action in a court of competent jurisdiction. Should you fail to timely bring an action to enforce your rights, then the requested records will be released by the Contracting Entity based upon its determination of the application of the Oklahoma Open Records Act.
