Originating Department: Parks and Recreation

Description of Impact

The ordinance amendments would repeal Chapter 60, Title 38, Articles IV and VIII of the Oklahoma City Municipal Code, 2020, (“Code”). That portion of the Code would be replaced with a new Chapter 60, Title 38, Article IV for special event permit fees, revocable permit fees, professional and commercial photography/videography fees, and staff fees when event activities require a staff person’s presence. The amendment also clarifies that permit fees are not charged for Oklahoma City municipal government business, that the terms of Operation and Management agreements for Parks facilities take precedence over ordinance fees, and that the City can accept in-kind consideration for events covered by established partnership agreements pursuant to OKC Parks departmental policy.

Reservation fees for public facilities (rentals of pavilions, athletic fields, community centers, etc.,) were removed. They will be established by City Council resolution on the final hearing date of the ordinance amendment.

An amendment to Section 60-38-61 of the Code clarifies that the Regatta Park Plaza (“Plaza”) restroom building may be rented, for an additional fee, under a special event permit to use the Plaza. Another change to this section adds a staff fee for event activities requiring a staff member’s presence. Language about factors that trigger requirements for a staff member’s presence during permitted events is also added.
