It's our pleasure to be of service to you, and we would like to confirm the renewal of your benefits. For detailed changes to your renewal rates, please refer to the reporting package provided with this letter. We have outlined the specifics with a rate table and experience exhibits.

We remain committed to enhancing our product features and offering solutions that meet both your needs and the needs of your employees. Here are just a few that we thought you'd like to know about:

Beneficiary Resource Services^{TM1} – Benefits Beyond a Check

Beneficiary Resource Services is a program that combines family wellness and security at the most difficult of times. Services for insureds and their families include online will preparation and online funeral planning. The following services are available to beneficiaries and their families after a life claim, or to those who qualify for an accelerated death benefit: up to five face-to-face counseling sessions, unlimited phone contact, referrals and support.

Solutions for Municipalities

We offer critical incident counseling services to our municipality customers to help them cope with tragic events as part of the Beneficiary Resource Services^{TM1} program. With the critical incident counseling benefit, we will pay for up to two days for an on-site counselor if a municipality employee suffers an on-the-job accidental death.

DearbornCares^{SM2} – Support for Life Insurance Beneficiaries When They Need It

DearbornCares provides an advance payment of the life insurance benefit to help beneficiaries cover their immediate expenses, such as funeral costs and medical bills. This benefit pays up to a total of \$50,000 of employer-paid life insurance benefits for claims with up to three named beneficiaries, and it's available for covered and retired employees.
