#### I. Public Construction Project Subcontracting Plan

A. Outreach - In the space provided below describe in detail your company's efforts regarding outreach to small, minority, disadvantaged and women owned businesses in an effort to utilize their services in conjunction with Project Number MB-1710.

As a woman-owned small business, fostering connections with fellow small enterprises is paramount. We proactively leverage state and federal databases to identify potential partners within our local and neighboring regions. Upon identifying businesses that align with our current procurement needs, we initiate contact, introducing ourselves and our company, fostering a personal dialogue and extending an invitation to bid. By creating this open line of communication we ensure that these businesses understand our legitimacy and our genuine commitment to mutual success

B. Internal Efforts – In the space provided below describe in detail any initiatives in place within your company directed at establishing policies and procedures to ensure that small, minority, disadvantaged and women owned businesses are made aware of and given the opportunity to submit bids for sub-contracting on publicly funded projects.

Throughout each project's bidding process, Terra ensures clear and easy access to all pertinent information, including project scopes, timelines, and requirements. Our inclusive and comprehensive bidder database is actively maintained and updated to reflect our evolving procurement needs. Furthermore, Terra proactively reviews and adjusts pre-qualification, bonding, and insurance requirements. This allows us to be more accessible to small businesses like our own, without compromising quality or effective risk management.

A Notice to Proceed for the project listed above will not be issued by the City Engineer until this document is completed and returned to the Public Works department. The document must be completed and signed by the Contractor, and notarized, dated and completed by the Notary Public.
