

MEMORANDUM

Council Agenda
Item No. IX. AE
2/25/2025

The City of OKLAHOMA CITY

TO: Mayor and City Council

FROM: Craig Freeman, City Manager

Amendment No. 1 to Master Data Access Agreement with StreetLight Data Inc., Project TC-0680, Traffic Impact Program, software providing detailed traffic data, increase of \$226,614, March 1, 2025 through December 25, 2027.

Background:

Amendment No. 1 adds critical heavy truck data to the existing subscription agreement with Streetlight Data Inc. approved by City Council on December 17, 2024. Heavy truck volume presents unique challenges to roadway infrastructure, including accelerated pavement deterioration, increased maintenance needs, and safety considerations. Identifying roads with higher heavy truck traffic is essential for strategic project prioritization and ranking, ensuring that infrastructure is designed and maintained to withstand the demands of heavy freight movement. By incorporating heavy truck data, this amendment enhances the City's ability to make data-driven decisions, improving long-term planning and resource allocation. This data will support Public Works and other departments in identifying corridors that require reinforced design and targeted improvements to better accommodate heavy truck traffic. This amendment, in the amount of \$226,614, is effective from March 1, 2025, through December 25, 2027, aligning with the existing agreement term while expanding its scope to provide more comprehensive traffic-related insights.

Vendor:

StreetLight Data Inc.

Cost:

Original Contract Amount	\$582,945
Amendment No.1	<u>\$226,614</u>
Revised Contract Amount	\$809,559
