To Whom It May Concern:

I have received notice of the hearing on the above referenced case and would like to state that I am in favor of the application to close the easement between Brenton Hills Ave. and the Whistle Creek development. Even before building has started in the area, there has been an increase in high speed traffic along the roads as people use the access as a detour to avoid Western and Santa Fe and drive from 150th to 164th and back. This has impacted traffic on 164th as cars enter and exit the road at the bottom of a hill, causing congestion and potential accidents. We recently had our four-family brick mailbox on 164th destroyed and the USPS mail van wrecked by a traffic collision.

My support of the application comes from both me personally at 514 NW 164th St., and from my company Sabre Properties LLC, which owns the property at 510 NW 164th.

Thank you,
Carolyn Fiegel
