**Subject:** Rezoning case # PUD-1813

Oklahoma Planning Commission:

We, Kurt and Daria Fleischfresser, are submitting our letter to be filed against this rezoning. We are VERY much opposed to the rezoning of the property at 10317 Hasset St. I have read and understand that this property is now used to dump construction waste , illegal burning of trash. Plus heavy equipment is damaging the one lane road that is access used by other residents.

When looking to purchase our property...we wanted a place that made us feel as though we were a little in the country...If this rezoning to make it an agricultural/commercial zone goes through, then that would significantly change what we have worked hard to acquire, plus the value of ours and the surrounding properties will drop...and what's to keep every other person from doing so as well... then we as home owners will have wasted our time and money and will be forced to be in a neighborhood that we are trying to avoid.

So please do not let this rezoning request be passed...!!!

Thank you for your time
