Subject: Oppose zoning change. P. U. D. 1813

To ; Subdivisionand zoning, Okc. Ref. Case ; P. U. D. 1813

I would like to oppose the changing of zoning of the property; 10317 N. Hassett Okc. Okla. 73131 From residential -1 to P.U. D .It is already being used as a fire wood operation and wood sales place which is against the present zoning. There is saw noise. Trash /wood burning. The firemen have been called out several times. There are cedar trees around and increased danger of fire hazard. I strongly oppose the change of present zoning as it will further endanger the fire hazard situation not to mention traffic and noise.
