

Petition of Protest to Case Number PUD-1813 Rezoning Application
Property Location: 10317 N. Hassett Rd. OKC, OK 73131

Planning Commission Hearing Date: April 8, 2021
Current Zoning: R-1 Single-Family Residential district

I am the current owner and/or resident residing in the Bartlett Neighborhood which is within the immediate area of the aforementioned property. The owner (applicant) and his son have been **operating an illegal business within our residentially-zoned community**, including the dumping of tons of junk and debris by heavy hauling trucks, dump trucks, and tractor-trailers which are destroying our roads, and increasing traffic and noise in our peaceful neighborhood.
A firewood production business is definitely not harmonious with our community.

I signed this petition freely and without hesitation or reservation to express my strong opposition to the rezoning of this property. My signature below will serve as my written protest and objection. I hereby respectfully request that PUD-1813 be recommended for denial.

Name (printed)	Address	Signature	Date
