Subject: C-7283 269 houses on 22 acres on SW 44th St.

I received you notice last week that you are planning to build 269 houses on 22 acres across the road from me. I very much disagree with this plan. I have lived here 83 years and I am very proud of our homestead.

It will decrease the value of our property. Could you please develop this 22 acres more in line with the surrounding property. Wimberly Acres is a much more desired development than the one you propose. It connects with this 22 acres on the North side.

I ask you, please do not build 269 houses on 22 acres. I do not want to live by row houses and I don't think you would want to live there either.

Please do not approve this Development. I don't want that many houses in such a small acreage and my neighbors do not either.

Please consider our feelings and property value in this Case,

Thank You

Mrs. Dolly Priest
