

## PRODUCT DESCRIPTION

- > 42"x96" Pre-hung arch top 3 panel mahogany wood entry door with two matching sidelites
- > Door is 2-1/4" thick
- > Mahogany laminated veneer lumber and core offers more stability and resistance to warping than solid wood
- > Engineered stile and rail construction protects the door against warping, shrinking and splitting
- > Wood is carefully kiln-dried and is ready for staining
- > Prefinish is available. Otherwise, doors are sold unfinished.
- > Picture illustrates a finished door unit

Architectural Shingles

**make a lasting impression**  
and fall in love with your home all over again

**ProLam™**  
*Architectural Shingles*

## Stylish Design. Affordable Protection.

ProLam™ laminated, architectural shingles from Atlas feature oversized shingle dimensions, distinct shadow lines and random cuts that create the texture and charm of a multi-layered wood shake shingle. Select from seven designer colors to accent the beauty of any exterior.

Featured: Weathered Wood

Black Shadow

Burnt Sienna

Desert Shake

Heathstone Gray

**Warranty**

Be confident in your purchase with a Lifetime Limited Warranty\* against manufacturing defects.

**Protection**

Protect the investment in your home against high wind with an Atlas up to 130 mph Wind Limited Warranty.\*

**Longevity**

Keep your roof looking clean and new longer by preventing the ugly black streaks caused by algae.

**Performance**

The industry's largest shingles, engineered with HP42\* technology, mean less waste, quicker cleanup and faster jobs.

Heather

Pewter

Weathered Wood

To provide homeowners the most accurate representation of color options, several photo scans and house shots were utilized in various lighting conditions. Variations in lighting illustrate the color gradients on asphalt shingle roofs.

Color blends vary from shingle to shingle. Before installation, consult with your contractor and request to view the actual shingles being installed on your roof to ensure confidence in your final color selection.

# ProLam™

## Architectural Shingles

With Atlas you get more than a roof. You get beautiful, lasting protection, backed by the industry's best warranty\* coverage — and the peace of mind that comes with it.

Colors	Limited Warranty*	Wind Resistance*	Algae Resistance (ARS)*
7 Colors	Lifetime	Up to 130 mph	10 Years

## Demand Peak Coverage

When you install an Atlas Signature Select® Roofing System<sup>1</sup>, all of the components are designed and backed by an Atlas warranty. In the unlikely event that you have a problem with your roof, you have a single company to turn to for support.

Unlike many other roofing warranties that promise more than they deliver, Atlas packs value and assurance into an enhanced Premium Protection Period with the installation of an Atlas Signature Select® Roofing System.

### The Premium Protection Period includes:

- Non-prorated labor and materials
- Coverage of the full Atlas product system
- Tear off and disposal fees
- Transferability

- 1 Atlas WeatherMaster® Ice & Water Underlayment
- 2 Atlas Premium Underlayment
- 3 Atlas Pro-Cut® Starter Shingles
- 4 Atlas Roof Shingles
- 5 Atlas TruRidge™ & HighPoint™ Exhaust Ventilation
- 6 Atlas Pro-Cut® Hip & Ridge Shingles

Increase your Premium Protection Period by installing an Atlas Signature Select® Roofing System

# THE QUAKER DIFFERENCE

## WHAT IS THE QUAKER DIFFERENCE?

Since 1949 the Quaker Difference has been represented by a standard of quality, engineering, craftsmanship and innovation that Quaker builds into every window and door. It is that attention to detail and manufacturing excellence that distinguishes Quaker from all other window and door companies in America.

## SOME OF THE QUAKER DIFFERENCES INCLUDE...

- **From Our Family to Yours** — For almost 70 years Quaker has been crafting windows and doors for homes like yours. With Quaker, you know you are getting windows and doors from a family owned company built on tradition, craftsmanship and quality that been the hallmark of our growth and success.
- **Quality and Quantity of Wood** — Quaker wood windows are engineered with as much as 40% more solid wood than other popular brands. Using the highest quality lumber, this ensures a strong, long-lasting window that will stand the test of time.
- **Wood Preparation** — The wood Quaker uses in every window is specially treated to prevent water penetration, mold, mildew and rot meaning your windows will continually look beautiful and perform for years to come.
- **Painted Aluminum Clad Exterior** — Quaker is an industry leader when it comes to aluminum exterior finishes and unlimited color options. Using only AAMA 2604 and 2605 exterior powder coatings means your windows will resist fading and maintain their color without chipping or peeling.
- **Architectural Engineering** — Quaker leverages years of commercial / architectural engineering expertise that goes into large buildings into the design of our residential windows and doors. Designing and manufacturing residential windows to higher standards mean that you will get a window system that will endure.
- **Testing and Quality Control** — Quality Control and Performance testing is an essential part of the Quaker Difference. Product testing is done both internally and certified independently, to meet the highest possible industry standards against water, wind and structural integrity.

## HUNG WINDOWS

The Brighton Hung Series helps you to create a home in harmony with your surroundings. Whether you select a double hung or single hung style window, the Brighton window series will enhance your home's architectural design.

### THE QUAKER DIFFERENCE

**Custom and Built to Order** — Quaker custom builds their windows to your desired specifications and doesn't just offer you an off-the-shelf solution that you have to adapt to your specific needs. Installed stock windows need filler around the window which breaks down over time causing your windows to loosen.

**Sash Balance System** — Quaker utilizes an enhanced block and tackle balance system designed for long-lasting durability.

**Locking and Safety Hardware** — Quaker hardware not only looks great, but the locking and safety system has been designed and tested to keep your windows secure with long-lasting performance.

**Easy Clean System** — Quaker hung windows are designed so that the sashes can easily be tilted in for easy cleaning, while utilizing a dual latch safety release system for increased safety.

**WHY IS THAT IMPORTANT TO YOU?** The Quaker Difference is important because your Brighton Windows and Doors will stand the test of time. Your products will continue to look beautiful and operate year after year, through bitter harsh winters and stifling hot summers. Many popular brands of windows and doors claim to be the best, but can not meet the stringent industry standards set for performance longevity like Quaker products do year after year.

# Muntin and Screen Options

## SCREEN OPTIONS

Brighton screens have no peer. Start with BetterVue™ mesh which affords excellent visibility, superior insect protection and excellent airflow. Team that with a heavy-duty extruded aluminum framing and you'll quickly see why there's no other screen like it on the market today.

## SATISFY YOUR ARCHITECTURAL STYLE

Quaker offers Grid (muntin) patterns to fit just about any home design or decor. All of these patterns have variations that can make them as grandiose or discreet as you prefer. Quaker sets the highest standards for the quality of their Grids, to ensure that whatever you select will be to your architectural design satisfaction. Grids available with the Brighton Series are — *Grids Between the Glass* (GBG), *Simulated Divided Lites* (SDL) and removable.
