

(Published in the Journal Record _____ April 27 _____, 2022)

ORDINANCE NO. 27,048

AN ORDINANCE RELATING TO SEWERS AND SEWAGE DISPOSAL, SOLID WASTES, UTILITIES, AND THE GENERAL SCHEDULE OF FEES, AMENDING CHAPTERS 47, 49, 55, AND 60 OF THE OKLAHOMA CITY MUNICIPAL CODE, 2020, BY AMENDING CHAPTER 47 SEWER AND SEWAGE DISPOSAL, ARTICLE VIII, DIVISION 2, SECTION 47-501 GENERALLY, BY AMENDING CHAPTER 49 SOLID WASTES OF THE OKLAHOMA CITY MUNICIPAL CODE, 2020, ARTICLE II, DIVISION 1 SECTION 49-28 RATES AND CHARGES ESTABLISHED, BY AMENDING CHAPTER 55 OF THE OKLAHOMA CITY MUNICIPAL CODE, 2020, ARTICLE II, DIVISION 4, SECTION 55-62 USAGE CHARGES INSIDE AND OUTSIDE CITY, SECTION 55-63 WATER USAGE CHARGE(S), AND BY AMENDING CHAPTER 60 THE GENERAL SCHEDULE OF FEES OF THE OKLAHOMA CITY MUNICIPAL CODE, 2020, TITLE 47 SEWERS AND SEWAGE DISPOSAL, ARTICLE VIII, SECTION 60-47-29 SANITARY SEWER USER CHARGES AND TREATED WASTEWATER USER, SECTION 60-47-30 ADDITIONAL SURCHARGE FOR INDUSTRIAL USERS WITH ASSESSABLE CONCENTRATIONS, SECTION 60-47-31 MONTHLY SANITARY SEWER CUSTOMER SERVICE CHARGE, TITLE 49 SOLID WASTES ARTICLE II SECTION 60-49-6 REFUSE RATES AND CHARGES, TITLE 55 UTILITIES ARTICLE II SECTION 60-55-15 MONTHLY HOUSEKEEPING UNIT CHARGES, SECTION 60-55-16 WATER USER AND WATER SERVICE CHARGES, SECTION 60-55-18 MONTHLY WATER CUSTOMER SERVICE CHARGE(S), AND SECTION 60-55-26 FIRE SERVICE CHARGES – MONTHLY (FOR EACH CONNECTION), AND PROVIDING FOR AN EFFECTIVE DATE.

ORDINANCE

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF OKLAHOMA CITY:

SECTION 1. That Section 47-501 of Article VIII of Chapter 47 of the Oklahoma City Municipal Code, 2020, is hereby amended to read as follows:

CHAPTER 47 - SEWERS AND SEWAGE DISPOSAL

* * *

ARTICLE VIII. - RATES, CHARGES, BILLING AND COLLECTION PROCEDURES

* * *

DIVISION 2. - USER CHARGES

§ 47-501. - Generally.

* * *

(b) *Sanitary sewer customer classifications.*

- (1) Residential (Single, duplex, and triplex housekeeping unit) customers—Customers with an account for wastewater services to a single, duplex, and triplex residence housekeeping unit that discharges wastewater from domestic uses only, and which discharge from is separately measured or established, as provided in this section.
- (2) Multiple housekeeping units customers—Customers with an account for wastewater services to more than ~~one~~ three housekeeping units that discharge wastewater from domestic uses only, and for which discharge is not separately measured or established, as provided in this section, for each housekeeping unit. Multiple housekeeping unit customers include, but are not limited to, ~~residential duplexes, residential triplexes,~~ residential multiplexes, residential apartment complexes, residential mobile home parks, and other similarly-situated multiple unit residential customers.
- ~~(3) Non-residential customers—Customers with an account for wastewater services for discharges that include discharges for other than domestic use. A mixed use unit such as a unit with both domestic use and non-domestic use will be considered a non-residential customer.~~
- ~~(34) Industrial user customers—Non-residential e~~Customers who are classified as industrial users ~~or who discharge industrial waste. Commercial customers are included in this category of use.~~
- (4) Commercial customers- Accounts that do not have housekeeping unit(s) or industrial sanitary sewer discharges shall be considered commercial. A mixed-use unit consisting of one or more housekeeping units and one or more commercial businesses discharging comingled sanitary sewer shall be considered commercial.

(c) *Sanitary sewer discharge volume calculation measured, estimated and established.*

- (1) Sanitary sewer discharge by residential (single, duplex, triplex), and multiple housekeeping units account users ~~customers~~ will be calculated and charged for the volume of wastewater discharge based upon the lower of the volume of:
 - a. wastewater discharge as measured by an accurate City owned and approved wastewater meter, or
 - b. water usage as metered during the period as measured by an accurate water meter owned or approved by the Director, or
 - c. the volume established as the winter period average as defined in Section 47-502, or as estimated by the Director in accordance with this Code.

- (2) ~~Sanitary sewer discharge by multiple housekeeping unit customers will be calculated and charged for the volume of wastewater discharge based upon the lower of the volume of:~~
- ~~a. wastewater discharge as measured by an accurate City owned and approved wastewater meter, or~~
 - ~~b. water usage as metered during the period as measured by an accurate water meter owned or approved by the Director, or~~
 - ~~c. the volume established as the winter period average as defined in Section 47-502, or as estimated by the Director in accordance with this Code.~~
- (3.2) Sanitary sewer discharge by all ~~other non-residential customers~~ account users, other than residential (single, duplex, triplex), and multiple housekeeping units customers, will be calculated and charged for the volume of wastewater discharge based upon the lower of the volume of:
- a. wastewater discharge as measured by an accurate City owned and approved wastewater meter, or
 - b. water usage, less volumes used in products and therefore not discharged into the sewer system, each as metered during the period as measured by an accurate water meter approved by the Director, or as estimated by the Director in accordance with this Code.
- (d) *Sewer service to customers on water from non-City sources (including wells or wholesale).* Sanitary sewer customers receiving water, directly or indirectly, from non-City sources, which in whole or in part ultimately enters the wastewater system must be metered in accordance with the standards of the Director to enable sanitary sewer service to be calculated and billed accordingly. Provided, however, the Director may require as a condition of new or continued sanitary sewer service that the customer purchase and install a City water meter or wastewater meter at the customer's sole cost within 30 days of notice from the Director and provide safe access at times requested by the Director for inspection and meter readings. If, in the opinion of the Director, the installation of a meter would be impractical, the Director may estimate water usage ~~will be estimated~~ using such other methods as determined by the Director.
- (e) Sanitary sewer service is a contract for utility service and not a right of any person or entity. Sanitary sewer service may be suspended or terminated for non-payment or non-compliance with this Code. This Code, and any amendment or addition thereto, shall be the terms of the utility service contract. Connection to the City wastewater system is the agreement of the customer, property owner, user and customer to the terms of the sanitary sewer utility service contract as set forth in the Code, and any amendment or addition thereto. Continued connection to the City wastewater system is re-affirmation of the terms of the sanitary sewer utility service contract as set forth in the Code, and any amendment or addition thereto.
- (f) *Treated wastewater supply service—Outside City Unincorporated (North Canadian source) for electrical generation purposes.* These customers receiving treated wastewater supply directly from North Canadian wastewater facility, into their privately-owned supply system for electric generation purposes, will be charged and must pay monthly water customer service charge(s), plus the treated wastewater user charge(s) (volume used is measured or

estimated or established in accordance with this Code times the applicable treated wastewater service rate in Chapter 60, the General Schedule of Fees), plus all other applicable charges and fees, including financing costs, as set forth in this Code.

- (g) *Sanitary sewer service—Outside City Unincorporated (Treatment only) North Canadian source for electrical generation purposes.* These customers that own and operate wastewater lines that discharge wastewater directly to North Canadian wastewater facility ~~for~~ from electrical generation purposes, will be charged and must pay monthly sanitary sewer customer service charge(s), plus sanitary sewer user charge(s) (volume discharged in thousands of gallons as measured or estimated or established in accordance with this Code times the applicable sanitary sewer service rate (treatment only) in Chapter 60, the General Schedule of Fees), plus all other applicable charges and fees, including financing costs, set forth in this Code.
- (h) *Firm reserve capacity treated wastewater supply service—Outside City Unincorporated (South Canadian source) for electrical generation purposes.* These customers contract for firm reserved capacity treated wastewater supply directly from South Canadian wastewater facility and receive treated wastewater supply into their privately-owned supply system for electric generation purposes, will be charged and must pay the standard industrial customer service charge(s), plus the treated wastewater user charge(s) (recycled water rate) for consumption used as measured or estimated as established in accordance with this Code times the applicable treated wastewater service rate in Chapter 60, the General Schedule of Fees, plus all other applicable charges and fees, including taxable financing costs, as set forth in this Code.
- (i) *As available treated wastewater supply service—Outside City Unincorporated (South Canadian source) for electrical generation purposes.* These customers contract for treated wastewater supply, as available, directly from South Canadian wastewater facility, into their privately-owned supply system for electric generation purposes, will be charged and must pay the standard industrial customer service charge(s), plus the treated wastewater user charge(s) (recycled water rate) for consumption used as measured or estimated as established in accordance with this Code times the applicable treated wastewater service rate in Chapter 60, the General Schedule of Fees, plus all other applicable charges and fees, including financing costs, set forth in this Code.
- (j) *Treated wastewater supply service (Inside or Outside City) for irrigation purposes.* These customers receiving treated wastewater supply directly from a City wastewater treatment facility, into their privately-owned supply system for irrigation purposes, will be charged and must pay monthly treated wastewater customer service charge(s), plus the treated wastewater user charge(s) (volume used is measured or estimated or established in accordance with this Code times the applicable treated wastewater service rate in Chapter 60, the General Schedule of Fees), plus all other applicable charges and fees, including financing costs, as set forth in this Code.
- (k) *Treated wastewater supply and delivery service (Inside or Outside City) for irrigation purposes.* These customers receiving treated wastewater supply directly from a City treated wastewater transmission pipeline facility, into their privately-owned irrigation system for irrigation purposes, will be charged and must pay monthly treated wastewater customer service charge(s), plus the treated wastewater user charge(s) (volume used is measured or

estimated or established in accordance with this Code times the applicable treated wastewater service rate in Chapter 60, the General Schedule of Fees), plus all other applicable charges and fees, including financing costs, as set forth in this Code.

- (l) Outside City Unincorporated combined sanitary wastewater and storm water service (Oklahoma National Stockyards Company). This customer will be charged and must pay monthly sanitary sewer customer service charge(s), plus sanitary sewer user charge(s) (volume discharged in thousands of gallons as measured or estimated or established in accordance with this Code times the applicable sanitary sewer service rate in Chapter 60, the General Schedule of Fees), plus all other applicable charges and fees, including financing costs, as set forth in this Code.
- (m) Sanitary sewer service—Outside City Unincorporated (sewer only). Customers connected to the Oklahoma City sanitary sewer system but not receiving drinking water service from Oklahoma City shall be charged and must pay a monthly sanitary sewer flat rate service charge(s), as established in Chapter 60, the General Schedule of Fees, plus all other applicable charges and fees set forth in this Code. The flat rate fee recovers all service costs including the established monthly sewer volumetric amount per customer account.
- (~~h~~n) *Specially Requested and Agreed to Operations and Maintenance services provided per contract with the City or Trust for which the City is a beneficiary.* Any specially written requests and agreed to operations and maintenance expenditures incurred by the City, Trust, or contractor of the City or Trust, to satisfy special requests for which cost recovery has not been previously accounted for in the then established Chapter 60, General Schedule of Fees, shall be determined by the Utilities Director, or designee, and billed monthly to the contracted customer. All specially requested services shall only be considered by the Utilities Director, or designee, if previously received in writing.

* * *

SECTION 2. That Section 49-28 of Division 1 of Article II of Chapter 49 of the Oklahoma City Municipal Code, 2020, is hereby amended to read as follows:

CHAPTER 49. - SOLID WASTES

* * *

ARTICLE II. - MUNICIPAL COLLECTION SERVICE

* * *

DIVISION 1. - GENERALLY

* * *

§ 49-28. - Rates and charges—Established.

- (a) The owner or occupant of any premises located on an established solid waste collection route within the City shall pay to the City for the removal of collectible solid waste the fees established in Chapter 60, the General Schedule of Fees.
- (b) The fees prescribed in Subsection (a) of this section shall accrue monthly and shall be paid in accordance with billing procedures established by the City Utilities Department ~~in advance to the City Treasurer.~~

* * *

SECTION 3. That Section 55-62 of Article II of Chapter 55 of the Oklahoma City Municipal Code, 2020, is hereby amended to read as follows:

CHAPTER 55. - UTILITIES

* * *

ARTICLE II. - CITY WATER SERVICE

* * *

DIVISION 4. - RATES, CHARGES, BILLING, AND GENERAL COLLECTION PROCEDURES

* * *

§ 55-62. - Usage charges inside and outside City.

* * *

- (d) Housekeeping units charge. The City has established housekeeping unit charge(s) to recover certain costs, including but not limited to, the costs of notice, communication and administration of customer accounts with multiple (four or more) housekeeping units. ~~The definition of "housekeeping units" is:~~
 - (31) ~~a "housekeeping unit," charges are not levied for in the case of a single-family residential house, duplex or a triplex. each residential house, and each duplex and shall be deemed a housekeeping unit.~~
 - (2) a "housekeeping unit," in the case of quadplexes or larger residential facilities such as apartments, triplexes or any other multiple housekeeping unit structures or service areas (less and except for hotels, motels, and wholesale customers) each being a unit with kitchen facilities or privileges for family functions, each housekeeping unit structure ~~and each service area~~ with kitchen facilities or privileges for family functions shall be deemed a housekeeping unit.

- (43) a "housekeeping unit," in the case of mobile home parks, being each location or pad with a water hookup or where a water hookup is available or has in the past been made, whether said location or pad is occupied or unoccupied at the time of billing.
- (e) As used in this chapter and Chapter 60, the General Schedule of Fees, to determine applicable water rates:
- (1) "Average Winter Water Consumption" (AWC) shall be defined as the arithmetic average monthly water volume computed based upon the metered or estimated water usage on bills rendered during the months of December through February for a particular utility account. Provided, however, the Director at her/his discretion may use the March water usage bill as deemed necessary to establish the AWC. The AWC for each utility account will be recalculated each year and will be applicable to water usage charges in April and thereafter until a new AWC is established for that utility account. The AWC will be used to determine the applicable rate block per thousand-gallon water usage charge(s) for nonresidential utility accounts until the AWC is established for the customer as provided herein. In those instances when no or insufficient data for calculating the AWC for a particular utility account, the Customer Service Superintendent will determine the appropriate method of estimating the AWC for the utility account. In estimating the AWC, the Customer Service Superintendent may consider prior and subsequent volumes or usages, partial meter readings, pipe sizes, pumping capacities, water pressures, weather, number of water facilities, the number of occupants or water users, similar users and uses, and other relevant factors.
 - (2) A "residential utility account" shall be defined as a utility account, as determined by the Customer Service Superintendent, to serve a one or more housekeeping units.
 - (3) A "nonresidential utility account" shall be defined as any utility account which is not a residential utility account.
- (f) Private fire service charges - Monthly. Customers with dedicated private fire lines will be charged monthly private fire service charges for service and service availability based upon the diameter (in inches) of each connection to the City water system in accordance with the applicable rate in Chapter 60, the General Schedule of Fees.

§ 55-63. - Water usage charge(s).

There is hereby levied a schedule of rates, fees, and charges, and any amendment thereto, for all water and water services provided by the City. The schedule of such rates, fees and charges shall be as established in Chapter 60, the General Schedule of Fees.

- (a) *Treated Water, Inside City, Oklahoma City water source.* Inside City water customers who are connected to the water system of the City shall be deemed to have contracted for water service in accordance with this Code.
- (1) *Treated Water, Inside City, Oklahoma City water source, retail residential service (Single Family, ~~and Duplex~~ and Triplex).* These customers will be charged and must pay monthly water customer service charge(s), plus water usage charge(s) (volume delivered is measured or estimated pursuant to this Code times the applicable rate in Chapter 60, the General Schedule of Fees), plus all other charges and fees set forth in this Code.

- (2) *Treated Water, Inside City, Oklahoma City water source, ~~retail non-residential~~ service (Multifamily)*. These customers will be charged and must pay monthly water customer service charge(s), plus water usage charge(s) (volume delivered is measured or estimated pursuant to this Code times the applicable rate in Chapter 60, the General Schedule of Fees), plus all other charges and fees set forth in this Code.
- (3) *Treated Water, Inside City, Oklahoma City water source, ~~retail~~ non-residential service (Commercial/Industrial)*. These customers will be charged and must pay monthly water customer service charge(s), plus water usage charge(s) (volume delivered is measured or estimated pursuant to this Code times the applicable rate in Chapter 60, the General Schedule of Fees), plus all other charges and fees set forth in this Code.
- (4) *Treated Water, Inside City, Oklahoma City water source, retail service, (Manufacturing customer)*. These customers will be charged and must pay monthly water customer service charge(s) plus water usage charge(s) (volume used is measured or estimated pursuant to this Code times the applicable rate in Chapter 60, the General Schedule of Fees) at the rates in accordance with the rate schedules for that customer class.
- (5) *Treated Water, Inside City, Oklahoma City water source, retail service (Irrigation only)*. These customers will be charged and must pay monthly water customer service charge(s) plus water usage charge(s) (volume used is measured or estimated pursuant to this Code times the applicable rate in Chapter 60, the General Schedule of Fees) at the rates in accordance with the rate schedules for that customer class.
- (6) *Treated Water, Inside City, Oklahoma City water source, retail service, (Flush meters)*. These customers will be charged and must pay monthly water customer service charge(s) plus water usage charge(s) (volume used is measured or estimated pursuant to this Code times the applicable rate in Chapter 60, the General Schedule of Fees) at the rates in accordance with the rate schedules for that customer class.
- (7) *Treated Water, Inside City, Oklahoma City water source, ~~retail~~ standby service (Tinker Air Force Base)*. These customers will be charged and must pay monthly water customer service charge(s) plus water usage charge(s) (volume used is measured or estimated pursuant to this Code times the applicable rate in Chapter 60, the General Schedule of Fees) at the rates in accordance with the rate schedules for that customer class.
- (8) *Treated Water, Inside City, Oklahoma City water source, continuous service (Tinker Air Force Base)*. These customers will be charged and must pay monthly water customer service charge(s) plus water usage charge(s) (volume used is measured or estimated pursuant to this Code times the applicable rate in Chapter 60, the General Schedule of Fees) at the rates in accordance with the rate schedules for that customer class. The continuous service rates and charges include the cost of providing treated water service including treatment, delivery up to the meters, meter costs, and account administration. Infrastructure on Tinker Air Force Base including distribution and maintenance costs are excluded from these continuous service rates and charges.

- (b) *Treated Water, Outside City, Oklahoma City water source.* Outside City water customers who request water for direct use (retail) or further delivery and resale (wholesale) through their own distribution systems and meters must make written request to the City and Trust for such purchase of water. If said request is approved by the Council of the City and trustees of the Trust, the outside City customer shall enter into a contract with the City and the Trust for the purchase of such water and water service. The City and/or Trust contracts directly with outside City customers and each customer commits to pay monthly water customer service charge(s) and to pay for the water and water service from the City throughout the term of the customer's account as provided in this Code. This Code and any written agreement with the City and the Trust shall be deemed the contract between the City and customers receiving water or water services from the City water system. All inside City and outside City, retail and wholesale, water and water service customers must comply with water conservation directives and ordinances as provided in this Code. Any contract or renewal or extension of existing contracts for water or water service from the water system of the City shall include a provision requiring the customer to commit to one of the following water service levels, and any revision, amendment, or addition thereto:
- (1) *Treated Water, Outside City, Oklahoma City water source, retail residential service (Incorporated and Unincorporated) (Single Family, ~~and~~ Duplex and Triplex).* (The unincorporated retail rate is lower than the incorporated retail rate, which also includes a 2% payment in lieu of taxes (PILOT) cost paid to the other city) and non-dedicated private fire service. These customers will be charged and must pay monthly water customer service charge(s) plus water usage charge(s) (volume used is measured or estimated pursuant to this Code times the applicable rate in Chapter 60, the General Schedule of Fees) at the rates in accordance with the rate schedules for that customer class.
 - (2) *Treated Water, Outside City, Oklahoma City water source, retail non-residential service (Incorporated and Unincorporated) (Multifamily).* (The unincorporated retail rate is lower than the incorporated retail rate, which also includes a 2% payment in lieu of taxes (PILOT) cost paid to the other city) and non-dedicated private fire service. These customers will be charged and must pay monthly water customer service charge(s) plus water usage charge(s) (volume used is measured or estimated pursuant to this Code times the applicable rate in Chapter 60, the General Schedule of Fees) at the rates in accordance with the rate schedules for that customer class.
 - (3) *Treated Water, Outside City, Oklahoma City water source, retail non-residential service (Incorporated and Unincorporated)(Commercial/Industrial).* (The unincorporated retail rate is lower than the incorporated retail rate, which also includes a 2% payment in lieu of taxes (PILOT) cost paid to the other city) and non-dedicated private fire service. These customers will be charged and must pay monthly water customer service charge(s) plus water usage charge(s) (volume used is measured or estimated pursuant to this Code times the applicable rate in Chapter 60, the General Schedule of Fees) at the rates in accordance with the rate schedules for that customer class.

- (4) *Treated Water, Outside City, Oklahoma City water source, retail service (Incorporated and Unincorporated) (Irrigation only)*. (The unincorporated retail rate is lower than the incorporated retail rate, which also includes a 2% payment in lieu of taxes (PILOT) cost paid to the other city) and non-dedicated private fire service. These customers will be charged and must pay monthly water customer service charge(s) plus water usage charge(s) (volume used is measured or estimated pursuant to this Code times the applicable rate in Chapter 60, the General Schedule of Fees) at the rates in accordance with the rate schedules for that customer class.
- (5) *Treated Water, Outside City, Oklahoma City water source, retail service (Incorporated and Unincorporated) (Flush Meter)*. (The unincorporated retail rate is lower than the incorporated retail rate, which also includes a 2% payment in lieu of taxes (PILOT) cost paid to the other city) and non-dedicated private fire service. These customers will be charged and must pay monthly water customer service charge(s) plus water usage charge(s) (volume used is measured or estimated pursuant to this Code times the applicable rate in Chapter 60, the General Schedule of Fees) at the rates in accordance with the rate schedules for that customer class.
- (c) *Treated Water, Outside City, Oklahoma City water source, wholesale, service availability*. These customers will be charged and must pay a monthly water customer service charge(s), plus the subscribed monthly (applied daily if agreed by the wholesale customer) capacity reservation charge(s), regardless of use or nonuse of water, plus the commodity usage charge(s) for the water quantities provided up to the subscribed monthly capacity reservation gallons at the subscribed monthly capacity reservation commodity charge rate, plus for additional water quantities beyond the subscribed monthly capacity reservation gallons at the excess rates in accordance with the rate schedules for that customer class at the applicable rates in Chapter 60, the General Schedule of Fees, plus all other charges and fees set forth in this Code. The subscribed monthly capacity reservation is the minimum monthly capacity reservation the customer has determined and agreed to be charged by contract; provided that to qualify for this rate the customer's subscribed monthly capacity reservation must be at least 90% of the customer's maximum historic monthly usage in gallons. Maximum historic monthly usage as used in this section shall mean the maximum historic usage of Oklahoma City water in gallons for any month regardless the rate or customer class at the time of usage, less and except as re-calculated by the Director in accordance with subsection (~~mh~~) of Section 60-55-16. The maximum historic monthly usage shall be calculated and/or re-calculated upon the date designated by contract for establishing or amending the subscribed monthly capacity reservation gallons, but in no case later than the first day of May in any year.
- (d) *Treated Water, Outside City, Oklahoma City water source, wholesale, take-or-pay service*. These customers will be charged and must pay monthly water customer service charge(s) plus water charge(s) based on the sum of the subscribed monthly usage volume (which must be at least 20% of their historical maximum usage to qualify for this rate) times the applicable rate regardless of use or non-use plus the volume of water (established, measured or estimated) provided by the City in excess of the subscribed monthly usage at the applicable rate or rates times the applicable rate in Chapter 60, the General Schedule of Fees, plus all other charges and fees set forth in this Code. If the

customer fails to provide the Director a subscribed monthly usage volume, then the Director will assign a subscribed monthly usage volume based upon the maximum monthly usage in the prior 12 months, measured or estimated, such that all water usage would have been equal to or less than two times the subscribed monthly usage.

- (e) *Raw Water, Inside City, Oklahoma City Water Source (Draper, Overholser or Hefner) and other specially contracted raw water, retail and wholesale.*
 - (1) *Raw Water, Inside City, Oklahoma City Water Source (Draper, Overholser or Hefner), Demand service.* These customers will be charged and must pay monthly water customer service charge(s) plus water usage charge(s) (volume used is measured or estimated pursuant to this Code or a contract approved by the City times the applicable rate in Chapter 60, the General Schedule of Fees), plus all other charges and fees set forth in this Code. Raw water does not include recycled water from wastewater treatment plants.
 - (2) *Raw Water, Inside City, Oklahoma City Water Source (Draper, Overholser or Hefner), Wholesale, Service Availability service.* These customers will be charged and must pay a monthly water customer service charge(s), plus the subscribed monthly (applied daily if agreed by the wholesale customer) capacity reservation charge(s), regardless of use or nonuse of water, plus the commodity usage charge(s) for the water quantities provided up to the subscribed monthly capacity reservation gallons at the subscribed monthly capacity reservation commodity charge rate, plus for additional water quantities beyond the subscribed monthly capacity reservation gallons at the excess rates in accordance with the rate schedules for that customer class at the applicable rates in Chapter 60, the General Schedule of Fees, plus all other charges and fees set forth in this Code. The subscribed monthly capacity reservation is the minimum monthly capacity reservation the customer has determined and agreed to be charged by contract; provided that to qualify for this rate the customer's subscribed monthly capacity reservation must be at least 90% of the customer's maximum historic monthly usage in gallons. Maximum historic monthly usage as used in this section shall mean the maximum historic usage of Oklahoma City water in gallons for any month regardless the rate or customer class at the time of usage, less and except as re-calculated by the Director in accordance with subsection (mh) of Section 60-55-16. The maximum historic monthly usage shall be calculated and/or re-calculated upon the date designated by contract for establishing or amending the subscribed monthly capacity reservation gallons, but in no case later than the first day of May in any year. Raw water does not include recycled water from wastewater treatment plants.
 - (3) *Raw Water, Inside City, Oklahoma City Water Source (Draper, Overholser or Hefner), Wholesale, AWC Tiered service.* These customers will be charged and must pay monthly water customer service charge(s) plus water usage charge(s) (volume used is measured or estimated pursuant to this Code or a contract approved by the City times the applicable rates in Chapter 60, the General Schedule of Fees), plus all other charges and fees set forth in this Code. Raw water does not include recycled water from wastewater treatment plants.

- (f) *Raw Water, Outside City, McGee Creek Source, Wholesale, Participant.* Participants are the participants listed in the McGee Creek Trust Indenture and persons or entities for whom a listed participant has provided a written assignment of its participant rights to the General Manager of the Trust. Customers will be charged and must pay for water at a rate per thousand and any portion thereof.
- (1) *Raw Water, Outside City, McGee Creek Source, Demand service.* These customers will be charged and must pay monthly water customer service charge(s) plus water usage charge(s) (volume used is measured or estimated pursuant to this Code or a contract approved by the City times the applicable rate in Chapter 60, the General Schedule of Fees), plus all other charges and fees set forth in this Code. Raw water does not include recycled water from wastewater treatment plants.
 - (2) *Raw Water, Outside City, McGee Creek Source, Wholesale, Service Availability service.* These customers will be charged and must pay a monthly water customer service charge(s), plus the subscribed monthly (applied daily if agreed by the wholesale customer) capacity reservation charge(s), regardless of use or nonuse of water, plus the commodity usage charge(s) for the water quantities provided up to the subscribed monthly capacity reservation gallons at the subscribed monthly capacity reservation commodity charge rate, plus for additional water quantities beyond the subscribed monthly capacity reservation gallons at the excess rates in accordance with the rate schedules for that customer class at the applicable rates in Chapter 60, the General Schedule of Fees, plus all other charges and fees set forth in this Code. The subscribed monthly capacity reservation is the minimum monthly capacity reservation the customer has determined and agreed to be charged by contract; provided that to qualify for this rate the customer's subscribed monthly capacity reservation must be at least 90% of the customer's maximum historic monthly usage in gallons. Maximum historic monthly usage as used in this section shall mean the maximum historic usage of Oklahoma City water in gallons for any month regardless the rate or customer class at the time of usage, less and except as re-calculated by the Director in accordance with subsection (mh) of Section 60-55-16. The maximum historic monthly usage shall be calculated and/or re-calculated upon the date designated by contract for establishing or amending the subscribed monthly capacity reservation gallons, but in no case later than the first day of May in any year. Raw water does not include recycled water from wastewater treatment plants.
- (g) *Raw Water, Outside City, McGee Creek Source, Wholesale, Non-participant.* Non-participants are any person or entity other than: (1) the participants listed in the McGee Creek Trust Indenture or (2) persons or entities for whom a listed participant has provided a written assignment of its participant rights to the General Manager of the Trust. Customers will be charged and must pay for water at a rate per thousand gallons and any portion thereof.
- (1) *Raw Water, Outside City, McGee Creek Source, Non-participant Demand service.* These customers will be charged and must pay monthly water customer service charge(s) plus water usage charge(s) (volume used is measured or estimated pursuant to this Code or a contract approved by the City times the applicable rate in Chapter 60, the General Schedule of Fees), plus all other charges and fees set

forth in this Code. Raw water does not include recycled water from wastewater treatment plants.

- (2) *Raw Water, Outside City, McGee Creek Source, Wholesale, Non-participant, Service Availability service.* These customers will be charged and must pay a monthly water customer service charge(s), plus the subscribed monthly (applied daily if agreed by the wholesale customer) capacity reservation charge(s), regardless of use or nonuse of water, plus the commodity usage charge(s) for the water quantities provided up to the subscribed monthly capacity reservation gallons at the subscribed monthly capacity reservation commodity charge rate, plus for additional water quantities beyond the subscribed monthly capacity reservation gallons at the excess rates in accordance with the rate schedules for that customer class at the applicable rates in Chapter 60, the General Schedule of Fees, plus all other charges and fees set forth in this Code. The subscribed monthly capacity reservation is the minimum monthly capacity reservation the customer has determined and agreed to be charged by contract; provided that to qualify for this rate the customer's subscribed monthly capacity reservation must be at least 90% of the customer's maximum historic monthly usage in gallons. Maximum historic monthly usage as used in this section shall mean the maximum historic usage of Oklahoma City water in gallons for any month regardless the rate or customer class at the time of usage, less and except as re-calculated by the Director in accordance with subsection (h) of Section 60-55-16. The maximum historic monthly usage shall be calculated and/or re-calculated upon the date designated by contract for establishing or amending the subscribed monthly capacity reservation gallons, but in no case later than the first day of May in any year. Raw water does not include recycled water from wastewater treatment plants.
- (3) *Raw Water, Outside City, McGee Creek Source, Wholesale, Non-participant, AWC Tiered service.* These customers will be charged and must pay monthly water customer service charge(s) plus water usage charge(s) (volume used is measured or estimated pursuant to this Code or a contract approved by the City times the applicable rates in Chapter 60, the General Schedule of Fees), plus all other charges and fees set forth in this Code. Raw water does not include recycled water from wastewater treatment plants.
- (h) *Authorization for utility service agreements and rates for customers receiving wholesale service from another entity and retail service from the City.* The City may enter into agreements with other entities for such entities to provide wholesale water service and/or to provide wholesale wastewater service to the City for the purpose of enabling the City to provide water and/or wastewater service to customers within the City limits and enabling the City to provide retail service to said customers in conjunction with the wholesale service provider. The Director is authorized to establish separate inside City retail water service classes, rates and charges and separate inside City retail wastewater service classes, rates, and charges for customers whose service is connected, directly or indirectly, to wholesale service from another entity. Such separate retail service charges and rates must include a monthly customer service charge and rates sufficient to recover all current and future costs and expenses of the wholesale service and all current and future costs and expenses of the retail service as determined by the Director.

SECTION 4. That Sections 60-47-29, 60-47-30, and 60-47-31 of Article VIII of Title 47, Sections 60-49-6 of Article II of Title 49, and Sections 60-55-15, 60-55-16, 60-55-17, 60-55-18, of Chapter 60 of the Oklahoma City Municipal Code, 2020, the General Schedule of Fees, are hereby amended to read as follows:

CHAPTER 60 - GENERAL SCHEDULE OF FEES

* * *

TITLE 47. - SEWERS AND SEWAGE DISPOSAL

* * *

ARTICLE VIII. - RATES, CHARGES, BILLING, AND COLLECTION PROCEDURES

* * *

§ 60-47-29. - Sanitary sewer user charges and treated wastewater user charges.

The sanitary sewer users and treated wastewater users shall be charged and shall pay sanitary sewer user charges consisting of sanitary sewer volume charge(s) for sanitary sewer services and, wherever applicable, such surcharges, and monthly sanitary sewer customer service charges, and deduct meter charges as set forth in this Code. The sanitary sewer volume charge(s) shall be the volume of discharge into the Oklahoma City sanitary sewer system times the applicable sanitary sewer volume rate per thousand gallons for the user's customer class. Any sewer user whose discharge exceeds certain quality or composition standards shall be charged and shall pay surcharges as established in this Code. The sanitary sewer volume charges are based upon the following rates for each customer class:

- (a) **Sanitary sewer volume charges—Inside City, Retail Rate.** Customers will be charged and must pay for wastewater at a rate per thousand gallons of:

- (1) **Residential (single-family, duplex and triplexes), Commercial, and Industrial Domestic Users.**

a. Single Residential Housekeeping Unit (includes duplexes)

Per Thousand Gallons (and any portion thereof)	Effective for utility bills issued through December 31, 2017	Effective for utility bills issued from January 1, 2018 to December 31, 2018	Effective for utility bills issued from January 1, 2019 to December 31, 2019	Effective for utility bills issued from January 1, 2020 to December 31, 2020	Effective for utility bills issued from January 1, 2021 and thereafter
	\$4.20	\$4.37	\$4.51	\$4.65	\$4.79

	<u>\$4.79</u>	<u>\$4.88</u>	<u>\$4.97</u>	<u>\$5.07</u>	<u>\$5.17</u>	<u>\$5.27</u>

(2) ~~b~~: Multiple Residential (quadplexes and larger) Housekeeping Units.

Per Thousand Gallons (and any portion thereof)	Effective for utility bills issued through <u>December 31, 2017</u>	Effective for utility bills issued from <u>January 1, 2018 to December 31, 2018</u>	Effective for utility bills issued from <u>January 1, 2019 to December 31, 2019</u>	Effective for utility bills issued from <u>January 1, 2020 to December 31, 2020</u>	Effective for utility bills issued from <u>January 1, 2021 and thereafter</u>
	<u>\$4.20</u>	<u>\$4.37</u>	<u>\$4.51</u>	<u>\$4.65</u>	<u>\$4.79</u>

Per Thousand Gallons (and any portion thereof)	Effective for utility bills issued through <u>May 31, 2022</u>	Effective for utility bills issued from <u>June 1, 2022 to December 31, 2022</u>	Effective for utility bills issued from <u>January 1, 2023 to December 31, 2023</u>	Effective for utility bills issued from <u>January 1, 2024 to December 31, 2024</u>	Effective for utility bills issued from <u>January 1, 2025 to December 31, 2025</u>	Effective for utility bills issued from <u>January 1, 2026 and thereafter</u>
	<u>\$4.79</u>	<u>\$5.00</u>	<u>\$5.22</u>	<u>\$5.45</u>	<u>\$5.69</u>	<u>\$5.92</u>

(2) ~~Industrial (all discharges which include non-domestic sources).~~

Per Thousand Gallons (and any portion thereof)	Effective for utility bills issued through <u>December 31, 2017</u>	Effective for utility bills issued from <u>January 1, 2018 to December 31, 2018</u>	Effective for utility bills issued from <u>January 1, 2019 to December 31, 2019</u>	Effective for utility bills issued from <u>January 1, 2020 to December 31, 2020</u>	Effective for utility bills issued from <u>January 1, 2021 and thereafter</u>
	<u>\$4.20</u>	<u>\$4.37</u>	<u>\$4.51</u>	<u>\$4.65</u>	<u>\$4.79</u>

- (b) **Sanitary sewer volume charges—Outside City, Unincorporated, Retail Rate.** Service provided to a retail customer outside the City for which a fee in lieu of franchise is not paid. Customers will be charged and must pay for wastewater at a rate per thousand gallons of:

(1) Residential (single-family, duplex and triplexes), Commercial, and Industrial Users.

Per Thousand Gallons (and any portion thereof)	Effective for utility bills issued through December 31, 2017	Effective for utility bills issued from January 1, 2018 to December 31, 2018	Effective for utility bills issued from January 1, 2019 to December 31, 2019	Effective for utility bills issued from January 1, 2020 to December 31, 2020	Effective for utility bills issued from January 1, 2021 and thereafter
	\$3.39	\$3.63	\$3.87	\$4.12	\$4.38

Per Thousand Gallons (and any portion thereof)	Effective for utility bills issued through May 31, 2022	Effective for utility bills issued from June 1, 2022 to December 31, 2022	Effective for utility bills issued from January 1, 2023 to December 31, 2023	Effective for utility bills issued from January 1, 2024 to December 31, 2024	Effective for utility bills issued from January 1, 2025 to December 31, 2025	Effective for utility bills issued from January 1, 2026 and thereafter
	\$4.38	\$4.44	\$4.50	\$4.57	\$4.63	\$4.69

(2) Multiple Residential (quadplexes and larger) Housekeeping Units.

Per Thousand Gallons (and any portion thereof)	Effective for utility bills issued through May 31, 2022	Effective for utility bills issued from June 1, 2022 to December 31, 2022	Effective for utility bills issued from January 1, 2023 to December 31, 2023	Effective for utility bills issued from January 1, 2024 to December 31, 2024	Effective for utility bills issued from January 1, 2025 to December 31, 2025	Effective for utility bills issued from January 1, 2026 and thereafter
	\$4.38	\$4.56	\$4.74	\$4.93	\$5.13	\$5.33

- (c) **Sanitary sewer volume charges—Outside City, Incorporated, Retail Rate.** Service provided to a retail customer outside the City for which a fee in lieu of franchise is paid. Customers will be charged and must pay for wastewater at a rate per thousand gallons of:

(1) Residential (single-family, duplex and triplexes), Commercial, and Industrial Users.

Per Thousand Gallons (and any portion thereof)	Effective for utility bills issued through December 31, 2017	Effective for utility bills issued from January 1, 2018 to December 31, 2018	Effective for utility bills issued from January 1, 2019 to December 31, 2019	Effective for utility bills issued from January 1, 2020 to December 31, 2020	Effective for utility bills issued from January 1, 2021 and thereafter
	\$3.45	\$3.69	\$3.94	\$4.20	\$4.47

Per Thousand Gallons (and any portion thereof)	Effective for utility bills issued through May 31, 2022	Effective for utility bills issued from June 1, 2022 to December 31, 2022	Effective for utility bills issued from January 1, 2023 to December 31, 2023	Effective for utility bills issued from January 1, 2024 to December 31, 2024	Effective for utility bills issued from January 1, 2025 to December 31, 2025	Effective for utility bills issued from January 1, 2026 and thereafter
	\$4.47	\$4.53	\$4.59	\$4.66	\$4.72	\$ 4.79

(2) Multiple Residential (quadplexes and larger) Housekeeping Units.

Per Thousand Gallons (and any portion thereof)	Effective for utility bills issued through May 31, 2022	Effective for utility bills issued from June 1, 2022 to December 31, 2022	Effective for utility bills issued from January 1, 2023 to December 31, 2023	Effective for utility bills issued from January 1, 2024 to December 31, 2024	Effective for utility bills issued from January 1, 2025 to December 31, 2025	Effective for utility bills issued from January 1, 2026 and thereafter
	\$4.47	\$4.65	\$4.84	\$ 5.03	\$5.23	\$ 5.44

(d) **Sanitary sewer volume charges—Tinker Air Force Base Rate.** Customers will be charged and must pay for wastewater at a rate per thousand gallons of:

Per Thousand Gallons (and any portion thereof)	Effective for utility bills issued through December 31, 2017	Effective for utility bills issued from January 1, 2018 to December 31, 2018	Effective for utility bills issued from January 1, 2019 to December 31, 2019	Effective for utility bills issued from January 1, 2020 to December 31, 2020	Effective for utility bills issued from January 1, 2021 and thereafter
	\$2.78	\$2.93	\$3.09	\$3.25	\$3.41

<u>Per Thousand Gallons (and any portion thereof)</u>	<u>Effective for utility bills issued through May 31, 2022</u>	<u>Effective for utility bills issued from June 1, 2022 to December 31, 2022</u>	<u>Effective for utility bills issued from January 1, 2023 to December 31, 2023</u>	<u>Effective for utility bills issued from January 1, 2024 to December 31, 2024</u>	<u>Effective for utility bills issued from January 1, 2025 to December 31, 2025</u>	<u>Effective for utility bills issued from January 1, 2026 and thereafter</u>
	<u>\$3.41</u>	<u>\$3.51</u>	<u>\$3.62</u>	<u>\$3.73</u>	<u>\$3.84</u>	<u>\$3.95</u>

- (e) **Sanitary sewer volume charges—Outside City, Wholesale Rate.** Customers will be charged and must pay for wastewater at a rate per thousand gallons of:

Per Thousand Gallons (and any portion thereof)	Effective for utility bills issued through December 31, 2017	Effective for utility bills issued from January 1, 2018 to December 31, 2018	Effective for utility bills issued from January 1, 2019 to December 31, 2019	Effective for utility bills issued from January 1, 2020 to December 31, 2020	Effective for utility bills issued from January 1, 2021 and thereafter	
	\$2.90	\$3.24	\$3.60	\$3.96	\$4.34	
<u>Per Thousand Gallons (and any portion thereof)</u>	<u>Effective for utility bills issued through May 31, 2022</u>	<u>Effective for utility bills issued from June 1, 2022 to December 31, 2022</u>	<u>Effective for utility bills issued from January 1, 2023 to December 31, 2023</u>	<u>Effective for utility bills issued from January 1, 2024 to December 31, 2024</u>	<u>Effective for utility bills issued from January 1, 2025 to December 31, 2025</u>	<u>Effective for utility bills issued from January 1, 2026 and thereafter</u>
	\$4.34	\$4.39	\$4.44	\$4.49	\$4.55	\$4.60

- (f) **Treated wastewater volume charges—Outside City Unincorporated (North Canadian source) for electrical generation purposes.** Customers will be charged and must pay for the volume of treated wastewater as measured, estimated or established at the North Canadian Wastewater Treatment Plant at a rate of:

<u>Per Thousand Gallons (and any portion thereof)</u>	<u>Effective for utility bills issued from Effective Date to December 31, 2019</u>	<u>Effective for utility bills issued from January 1, 2020 to December 31, 2020</u>	<u>Effective for utility bills issued from January 1, 2021 and thereafter</u>
	<u>\$0.47</u>	<u>\$0.49</u>	<u>\$0.50</u>

<u>Per Thousand Gallons (and any portion thereof)</u>	<u>Effective for utility bills issued through May 31, 2022</u>	<u>Effective for utility bills issued from June 1, 2022 to December 31, 2022</u>	<u>Effective for utility bills issued from January 1, 2023 to December 31, 2023</u>	<u>Effective for utility bills issued from January 1, 2024 to December 31, 2024</u>	<u>Effective for utility bills issued from January 1, 2025 to December 31, 2025</u>	<u>Effective for utility bills issued from January 1, 2026 and thereafter</u>
	<u>\$0.50</u>	<u>\$0.51</u>	<u>\$0.53</u>	<u>\$0.54</u>	<u>\$0.56</u>	<u>\$0.57</u>

- (g) **Sanitary sewer volume charges—Outside City Unincorporated (Treatment only)**
North Canadian source for electrical generation purposes. Customers will be charged and must pay for volume of sanitary sewage discharged as measured, estimated or established at the North Canadian Wastewater Treatment Plant at a rate of:

<u>Per Thousand Gallons (and any portion thereof)</u>	<u>Effective for utility bills issued from Effective Date to December 31, 2019</u>	<u>Effective for utility bills issued from January 1, 2020 to December 31, 2020</u>	<u>Effective for utility bills issued from January 1, 2021 and thereafter</u>
	<u>\$1.27</u>	<u>\$1.45</u>	<u>\$1.51</u>

<u>Per Thousand Gallons (and any portion thereof)</u>	<u>Effective for utility bills issued through May 31, 2022</u>	<u>Effective for utility bills issued from June 1, 2022 to December 31, 2022</u>	<u>Effective for utility bills issued from January 1, 2023 to December 31, 2023</u>	<u>Effective for utility bills issued from January 1, 2024 to December 31, 2024</u>	<u>Effective for utility bills issued from January 1, 2025 to December 31, 2025</u>	<u>Effective for utility bills issued from January 1, 2026 and thereafter</u>
	<u>\$1.51</u>	<u>\$1.56</u>	<u>\$1.62</u>	<u>\$1.67</u>	<u>\$1.73</u>	<u>\$1.79</u>

- (h) ~~**Sanitary sewer volume charges—Septic Haulers Rate.**~~ Customers will be charged and must pay for wastewater at a rate per thousand gallons of:

<u>Per Thousand Gallons (and any portion thereof)</u>	<u>Effective for utility bills issued through May 31, 2022</u>	<u>Effective for utility bills issued from June 1, 2022 to December 31, 2022</u>	<u>Effective for utility bills issued from January 1, 2023 to December 31, 2023</u>	<u>Effective for utility bills issued from January 1, 2024 to December 31, 2024</u>	<u>Effective for utility bills issued from January 1, 2025 to December 31, 2025</u>	<u>Effective for utility bills issued from January 1, 2026 to December 31, 2026</u>
	<u>\$93.83</u>	<u>\$96.21</u>	<u>\$98.66</u>	<u>\$101.16</u>	<u>\$103.73</u>	<u>\$106.37</u>

(h) **Firm reserve capacity treated wastewater volume charges—Outside City Unincorporated (South Canadian source) for electrical generation purposes.** Customers will be charged and must pay for the volume of treated wastewater used as measured or estimated as established at the South Canadian Wastewater Treatment Plant at a rate per thousand gallons of:

<u>Per Thousand Gallons (and any portion thereof)</u>	<u>Effective for utility bills issued through May 31, 2022</u>	<u>Effective for utility bills issued from June 1, 2022 to December 31, 2022</u>	<u>Effective for utility bills issued from January 1, 2023 to December 31, 2023</u>	<u>Effective for utility bills issued from January 1, 2024 to December 31, 2024</u>	<u>Effective for utility bills issued from January 1, 2025 to December 31, 2025</u>	<u>Effective for utility bills issued from January 1, 2026 and thereafter</u>
	<u>\$0.07</u>	<u>\$0.07</u>	<u>\$0.07</u>	<u>\$0.07</u>	<u>\$0.08</u>	<u>\$0.08</u>

Or by another adjustment methodology as expressly provided for in an approved service agreement from time to time.

(i) **As available treated wastewater volume charges—Outside City Unincorporated (South Canadian source) for electrical generation purposes.** Customers will be charged and must pay for the volume of treated wastewater used as measured or estimated as established at the South Canadian Wastewater Treatment Plant at a rate per thousand gallons of:

<u>Per Thousand Gallons (and any portion thereof)</u>	<u>Effective for utility bills issued through May 31, 2022</u>	<u>Effective for utility bills issued from June 1, 2022 to December 31, 2022</u>	<u>Effective for utility bills issued from January 1, 2023 to December 31, 2023</u>	<u>Effective for utility bills issued from January 1, 2024 to December 31, 2024</u>	<u>Effective for utility bills issued from January 1, 2025 to December 31, 2025</u>	<u>Effective for utility bills issued from January 1, 2026 and thereafter</u>
	<u>\$0.07</u>	<u>\$0.10</u>	<u>\$0.14</u>	<u>\$0.20</u>	<u>\$0.29</u>	<u>\$0.41</u>

(j) **Treated wastewater supply volume charges—Inside or Outside City for irrigation purposes.** Customers will be charged and must pay for the volume of treated wastewater as measured, estimated or established at a rate per thousand gallons of:

<u>Per Thousand Gallons (and any portion thereof)</u>	<u>Effective for utility bills issued through May 31, 2022</u>	<u>Effective for utility bills issued from June 1, 2022 to December 31, 2022</u>	<u>Effective for utility bills issued from January 1, 2023 to December 31, 2023</u>	<u>Effective for utility bills issued from January 1, 2024 to December 31, 2024</u>	<u>Effective for utility bills issued from January 1, 2025 to December 31, 2025</u>	<u>Effective for utility bills issued from January 1, 2026 and thereafter</u>
	<u>N/A</u>	<u>\$1.15</u>	<u>\$1.18</u>	<u>\$1.21</u>	<u>\$1.24</u>	<u>\$1.28</u>

(k) **Treated wastewater supply and delivery service volume charges—Inside or Outside City for irrigation purposes.** Customers will be charged and must pay for the volume of treated wastewater as measured, estimated or established at a rate per thousand gallons of:

<u>Per Thousand Gallons (and any portion thereof)</u>	<u>Effective for utility bills issued through May 31, 2022</u>	<u>Effective for utility bills issued from June 1, 2022 to December 31, 2022</u>	<u>Effective for utility bills issued from January 1, 2023 to December 31, 2023</u>	<u>Effective for utility bills issued from January 1, 2024 to December 31, 2024</u>	<u>Effective for utility bills issued from January 1, 2025 to December 31, 2025</u>	<u>Effective for utility bills issued from January 1, 2026 and thereafter</u>
	<u>N/A</u>	<u>\$1.30</u>	<u>\$1.37</u>	<u>\$1.45</u>	<u>\$1.53</u>	<u>\$1.63</u>

(l) **Combined sanitary sewer and storm water volume charges—Outside City Unincorporated.** Customers will be charged and must pay for the volume of treated wastewater as measured, estimated or established at a rate per thousand gallons of:

<u>Per Thousand Gallons (and any portion thereof)</u>	<u>Effective for utility bills issued through May 31, 2022</u>	<u>Effective for utility bills issued from June 1, 2022 to December 31, 2022</u>	<u>Effective for utility bills issued from January 1, 2023 to December 31, 2023</u>	<u>Effective for utility bills issued from January 1, 2024 to December 31, 2024</u>	<u>Effective for utility bills issued from January 1, 2025 to December 31, 2025</u>	<u>Effective for utility bills issued from January 1, 2026 and thereafter</u>
	<u>\$4.38</u>	<u>\$5.08</u>	<u>\$5.89</u>	<u>\$6.83</u>	<u>\$7.92</u>	<u>\$9.20</u>

(m) **Sanitary Sewer only Flat Rate —Outside City Unincorporated.** Customers will be charged and must pay a flat rate fee established at:

	<u>Effective for utility bills issued through May 31, 2022</u>	<u>Effective for utility bills issued from June 1, 2022 to December 31, 2022</u>	<u>Effective for utility bills issued from January 1, 2023 to December 31, 2023</u>	<u>Effective for utility bills issued from January 1, 2024 to December 31, 2024</u>	<u>Effective for utility bills issued from January 1, 2025 to December 31, 2025</u>	<u>Effective for utility bills issued from January 1, 2026 and thereafter</u>

§ 60-47-30. - Additional surcharge for industrial users with assessable concentrations.

Users whose discharge quality or composition exceeds the standards set forth below shall pay an industrial surcharge in addition to the sanitary sewer volume charge and the sanitary sewer utility charge. The Industrial surcharges will apply to Tinker Air Force Base whenever its discharge exceeds the limits in this section. The industrial surcharges are as follows:

- (a) **Milligrams per liter of BOD in excess of 250 milligrams per liter (250 mg/l).** Users whose discharge exceeds 250 milligrams of BOD per liter shall pay an industrial surcharge equal to the product of the BOD surcharge rate times the total volume of discharge times the sum of the number of milligrams of BOD per liter minus 250 milligrams per liter. ~~The BOD surcharge rates per million gallons are as follows:~~ The BOD surcharge rates are as follows:

<u>Per Thousand Gallons (and any portion thereof)</u>	<u>Effective for utility bills issued through December 31, 2017</u>	<u>Effective for utility bills issued from January 1, 2018 to December 31, 2018</u>	<u>Effective for utility bills issued from January 1, 2019 to December 31, 2019</u>	<u>Effective for utility bills issued from January 1, 2020 to December 31, 2020</u>	<u>Effective for utility bills issued from January 1, 2021 and thereafter</u>
	\$3.59	\$3.88	\$4.18	\$4.49	\$4.81

<u>Per Thousand Gallons (and any portion thereof)</u>	<u>Effective for utility bills issued through May 31, 2022</u>	<u>Effective for utility bills issued from June 1, 2022 to December 31, 2022</u>	<u>Effective for utility bills issued from January 1, 2023 to December 31, 2023</u>	<u>Effective for utility bills issued from January 1, 2024 to December 31, 2024</u>	<u>Effective for utility bills issued from January 1, 2025 to December 31, 2025</u>	<u>Effective for utility bills issued from January 1, 2026 and thereafter</u>
	\$4.81	\$4.93	\$5.05	\$5.17	\$5.29	\$5.42

- (b) **Milligrams per liter of suspended solids (TSS) in excess of 300 milligrams per liter (300 mg/l).** Users whose discharge exceeds 300 milligrams of TSS per liter shall pay an industrial surcharge equal to the product of the TSS surcharge rate times the total volume of discharge times the sum of the number of milligrams of TSS per liter minus 300 milligrams per liter. The TSS surcharge rates are as follows:

Per Thousand Gallons (and any portion thereof)	Effective for utility bills issued through December 31, 2017	Effective for utility bills issued from January 1, 2018 to December 31, 2018	Effective for utility bills issued from January 1, 2019 to December 31, 2019	Effective for utility bills issued from January 1, 2020 to December 31, 2020	Effective for utility bills issued from January 1, 2021 and thereafter
	\$2.62	\$2.72	\$2.83	\$2.94	\$3.05

Per Thousand Gallons (and any portion thereof)	<u>Effective for utility bills issued through May 31, 2022</u>	<u>Effective for utility bills issued from June 1, 2022 to December 31, 2022</u>	<u>Effective for utility bills issued from January 1, 2023 to December 31, 2023</u>	<u>Effective for utility bills issued from January 1, 2024 to December 31, 2024</u>	<u>Effective for utility bills issued from January 1, 2025 to December 31, 2025</u>	<u>Effective for utility bills issued from January 1, 2026 and thereafter</u>
	<u>\$3.05</u>	<u>\$3.14</u>	<u>\$3.23</u>	<u>\$3.33</u>	<u>\$3.42</u>	<u>\$3.52</u>

§ 60-47-31. - Monthly sanitary sewer customer service charge.

Customers shall also pay the monthly sanitary sewer customer service charge(s) for each sewer connection based on the size of each sanitary sewer meter(s), if any; and, if none, based on the size of each water supply meter(s), if any; or, if none, based on the size of each water service line; or, if none, based on the size(s) of each sewer connection; provided customers without water meters or whose water meter or service line size has not been established to the satisfaction of the Director shall be determined by the Director based on either water service meter and/or service line size or the sanitary sewer service connection size, whichever the Director determines to reasonably represent the volume of sewage discharges by the customer at the point(s) of connection to the City sewer system.

- (a) **Inside City—Retail (for each meter or connection) (Also including Tinker Air Force Base).**

Per Meter or Connection Size in Inches	Effective for utility bills issued through December 31, 2017	Effective for utility bills issued from January 1, 2018 to December 31, 2018	Effective for utility bills issued from January 1, 2019 to December 31, 2019	Effective for utility bills issued from January 1, 2020 to December 31, 2020	Effective for utility bills issued from January 1, 2021 and thereafter

* * *

TITLE 55. - UTILITIES

* * *

ARTICLE II. - CITY WATER SERVICE

* * *

§ 60-55-15. - Monthly housekeeping unit charges.

The monthly housekeeping unit charge, per unit regardless of occupancy, is:

<u>Per Housekeeping Unit</u>	<u>Effective for utility bills issued through December 31, 2017</u>	<u>Effective for utility bills issued from January 1, 2018 to December 31, 2018</u>	<u>Effective for utility bills issued from January 1, 2019 to December 31, 2019</u>	<u>Effective for utility bills issued from January 1, 2020 to December 31, 2020</u>	<u>Effective for utility bills issued from January 1, 2021 and thereafter</u>
	<u>\$1.69</u>	<u>\$1.69</u>	<u>\$1.69</u>	<u>\$1.69</u>	<u>\$1.69</u>

<u>Per Housekeeping Unit</u>
<u>\$1.69</u>

§ 60-55-16. - Water user and water service charges.

The water user charges shall be the sum of the monthly water customer service charge per meter (the monthly base rate as established by section 60-55-18) plus the water usage charge (volume established, measured or estimated pursuant to this Code or a contract approved by the City) times the applicable water rate or water rates for the customer's usage and class. The water usage charges for each customer class are:

- (a) **Treated Water User charges—Inside City, Oklahoma City Treated Water Source, Retail.** Customers will be charged and must pay for water at a rate per thousand gallons of:

(1) Inside City—Residential Rates (Single Family, and Duplexes and Triplexes):

Per Thousand Gallons (and any portion thereof)	Effective for utility bills issued through December 31, 2017	Effective for utility bills issued from January 1, 2018 to December 31, 2018	Effective for utility bills issued from January 1, 2019 to December 31, 2019	Effective for utility bills issued from January 1, 2020 to December 31, 2020	Effective for utility bills issued from January 1, 2021 and thereafter
Up to 2	\$2.89	\$2.94	\$3.00	\$3.06	\$3.11 plus
Next 8	\$2.89	\$3.06	\$3.24	\$3.42	\$3.61 plus
Next 20	\$3.50	\$3.83	\$4.18	\$4.55	\$4.92 plus
Over 30	\$3.50	\$4.26	\$5.06	\$5.91	\$6.79

<u>Per Thousand Gallons (and any portion thereof)</u>	<u>Effective for utility bills issued through May 31, 2022</u>	<u>Effective for utility bills issued from June 1, 2022 to December 31, 2022</u>	<u>Effective for utility bills issued from January 1, 2023 to December 31, 2023</u>	<u>Effective for utility bills issued from January 1, 2024 to December 31, 2024</u>	<u>Effective for utility bills issued from January 1, 2025 to December 31, 2025</u>	<u>Effective for utility bills issued from January 1, 2026 and thereafter</u>
Up to 2	\$3.11	\$3.19	\$3.28	\$3.37	\$3.46	\$3.55 plus

Next 15	\$4.92	\$5.45	\$6.04	\$6.69	\$7.41	\$8.21 plus
Over 25	\$6.79	\$7.44	\$8.15	\$8.93	\$9.78	\$10.71

(2) Inside City—Non-Residential Rates (Multifamily):

Per Thousand Gallons (and any portion thereof)	Effective for utility bills issued through December 31, 2017	Effective for utility bills issued from January 1, 2018 to	Effective for utility bills issued from January 1, 2019 to	Effective for utility bills issued from January 1, 2020 to	Effective for utility bills issued from January 1, 2021 and thereafter

		December 31, 2018	December 31, 2019	December 31, 2020	
Up to AWC	\$2.81	\$2.94	\$3.07	\$3.21	\$3.35 plus
Over 100% AWC through 250% AWC	\$3.40	\$3.58	\$3.76	\$3.95	\$4.15 plus
Over 250% AWC	\$3.40	\$3.89	\$4.41	\$4.95	\$5.51

<u>Per Thousand Gallons (and any portion thereof)</u>	<u>Effective for utility bills issued through May 31, 2022</u>	<u>Effective for utility bills issued from June 1, 2022 to December 31, 2022</u>	<u>Effective for utility bills issued from January 1, 2023 to December 31, 2023</u>	<u>Effective for utility bills issued from January 1, 2024 to December 31, 2024</u>	<u>Effective for utility bills issued from January 1, 2025 to December 31, 2025</u>	<u>Effective for utility bills issued from January 1, 2026 and thereafter</u>
<u>Up to AWC</u>	<u>\$3.35</u>	<u>\$3.52</u>	<u>\$3.70</u>	<u>\$3.89</u>	<u>\$4.09</u>	<u>\$4.28 plus</u>
<u>Over 100% AWC through 250% AWC</u>	<u>\$4.15</u>	<u>\$4.26</u>	<u>\$4.38</u>	<u>\$4.50</u>	<u>\$4.62</u>	<u>\$4.75 plus</u>
<u>Over 250% AWC</u>	<u>\$5.51</u>	<u>\$5.68</u>	<u>\$5.86</u>	<u>\$6.04</u>	<u>\$6.23</u>	<u>\$6.42</u>

AWC means the Average Winter Water Consumption as defined in Section 55-62 of this Code.

(3) Inside City—Non-Residential Rates (Commercial/Industrial):

<u>Per Thousand Gallons (and any portion thereof)</u>	<u>Effective for utility bills issued through December 31, 2017</u>	<u>Effective for utility bills issued from January 1, 2018 to December 31, 2018</u>	<u>Effective for utility bills issued from January 1, 2019 to December 31, 2019</u>	<u>Effective for utility bills issued from January 1, 2020 to December 31, 2020</u>	<u>Effective for utility bills issued from January 1, 2021 and thereafter</u>
Up to AWC	\$2.81	\$2.94	\$3.07	\$3.21	\$3.35 plus
Over 100% AWC through 250% AWC	\$3.40	\$3.58	\$3.76	\$3.95	\$4.15 plus

Over 250% AWC	\$3.40	\$3.89	\$4.41	\$4.95	\$5.51
------------------	--------	--------	--------	--------	--------

<u>Per Thousand Gallons (and any portion thereof)</u>	<u>Effective for utility bills issued through May 31, 2022</u>	<u>Effective for utility bills issued from June 1, 2022 to December 31, 2022</u>	<u>Effective for utility bills issued from January 1, 2023 to December 31, 2023</u>	<u>Effective for utility bills issued from January 1, 2024 to December 31, 2024</u>	<u>Effective for utility bills issued from January 1, 2025 to December 31, 2025</u>	<u>Effective for utility bills issued from January 1, 2026 and thereafter</u>
<u>Up to AWC</u>	<u>\$3.35</u>	<u>\$3.56</u>	<u>\$3.79</u>	<u>\$4.03</u>	<u>\$4.29</u>	<u>\$4.55 plus</u>
<u>Over 100% AWC through 250% AWC</u>	<u>\$4.15</u>	<u>\$4.42</u>	<u>\$4.71</u>	<u>\$5.02</u>	<u>\$5.35</u>	<u>\$5.69 plus</u>
<u>Over 250% AWC</u>	<u>\$5.51</u>	<u>\$5.90</u>	<u>\$6.33</u>	<u>\$6.79</u>	<u>\$7.29</u>	<u>\$7.81</u>

AWC means the Average Winter Water Consumption as defined in Section 55-62 of this Code.

(4) Inside City—Manufacturing Rates:

<u>Per Thousand Gallons (and any portion thereof)</u>	<u>Effective for utility bills issued through December 31, 2017</u>	<u>Effective for utility bills issued from January 1, 2018 to December 31, 2018</u>	<u>Effective for utility bills issued from January 1, 2019 to December 31, 2019</u>	<u>Effective for utility bills issued from January 1, 2020 to December 31, 2020</u>	<u>Effective for utility bills issued from January 1, 2021 and thereafter</u>
<u>All Water</u>	<u>\$2.81</u>	<u>\$2.97</u>	<u>\$3.13</u>	<u>\$3.30</u>	<u>\$3.48</u>

<u>Per Thousand Gallons (and any portion thereof)</u>	<u>Effective for utility bills issued through May 31, 2022</u>	<u>Effective for utility bills issued from June 1, 2022 to December 31, 2022</u>	<u>Effective for utility bills issued from January 1, 2023 to December 31, 2023</u>	<u>Effective for utility bills issued from January 1, 2024 to December 31, 2024</u>	<u>Effective for utility bills issued from January 1, 2025 to December 31, 2025</u>	<u>Effective for utility bills issued from January 1, 2026 and thereafter</u>
<u>All Water</u>	<u>\$3.48</u>	<u>\$3.65</u>	<u>\$3.83</u>	<u>\$4.02</u>	<u>\$4.22</u>	<u>\$4.41</u>

To qualify for the manufacturing rate, customer must comply with Section 55-63.

(5) Inside City—Irrigation Rates:

Per Thousand Gallons (and any portion thereof)	Effective for utility bills issued through December 31, 2017	Effective for utility bills issued from January 1, 2018 to December 31, 2018	Effective for utility bills issued from January 1, 2019 to December 31, 2019	Effective for utility bills issued from January 1, 2020 to December 31, 2020	Effective for utility bills issued from January 1, 2021 and thereafter
Up to AWC	\$2.81	\$3.58	\$3.76	\$3.95	\$4.15 plus
Over 100% AWC through 250% AWC	\$3.40	\$3.58	\$3.76	\$3.95	\$4.15 plus
Over 250% AWC	\$3.40	\$3.89	\$4.41	\$4.95	\$5.51

<u>Per Thousand Gallons (and any portion thereof)</u>	<u>Effective for utility bills issued through May 31, 2022</u>	<u>Effective for utility bills issued from June 1, 2022 to December 31, 2022</u>	<u>Effective for utility bills issued from January 1, 2023 to December 31, 2023</u>	<u>Effective for utility bills issued from January 1, 2024 to December 31, 2024</u>	<u>Effective for utility bills issued from January 1, 2025 to December 31, 2025</u>	<u>Effective for utility bills issued from January 1, 2026 and thereafter</u>
<u>All Water</u>	<u>See above</u>	<u>\$5.45</u>	<u>\$6.04</u>	<u>\$6.69</u>	<u>\$7.41</u>	<u>\$8.21</u>

AWC means the Average Winter Water Consumption as defined in Section 55-62 of this Code. To qualify for the irrigation rate, customer must comply with Section 55-16 (I.1).

(6) Inside City—Flush Meter Rates:

Per Thousand Gallons (and any portion thereof)	Effective for utility bills issued through December 31, 2017	Effective for utility bills issued from January 1, 2018 to December 31, 2018	Effective for utility bills issued from January 1, 2019 to December 31, 2019	Effective for utility bills issued from January 1, 2020 to December 31, 2020	Effective for utility bills issued from January 1, 2021 and thereafter
All Water	\$5.23	\$5.23	\$5.23	\$5.23	\$5.23

(gh) In the event a treated or raw water wholesale customer receiving service under subsection (l) (Outside City, Wholesale, Take-or-Pay) or (e) (Outside City, Wholesale, Service Availability) loses an outside City wholesale or retail customer, the Director may, subsequent to the receipt and review of adequate appropriate supporting documentation, prospectively re-calculate and reduce the maximum historic monthly usage based upon the contribution of the lost outside City customer to the maximum historic monthly usage.

(hi) The Director is authorized to negotiate written contracts and amendments for water service under each established customer class and rate schedule subject to approval of the final written contracts by the Trust and the City. The Director may also negotiate contracts and amendments that phase a customer into a service availability customer class or rate schedule subject to approval of the final written contracts by the Trust and the City; provided such phase-in period may not exceed three contract years.

*****§ 60-55-17. - Meter Multiplier. Reserved**

The Meter Multiplier is a factor used in calculating certain charges, which are the product of a base charge multiplied by the applicable Meter Multiplier. The Meter Multiplier for various size meter(s) and connection(s) is:

Meter and Connection Sizes in inches	Meter Multiplier for Monthly Base Rate and Water System Development Charges through September 30, 2014	Meter Multiplier for Monthly Base Rate from October 1, 2014 and thereafter	Meter Multiplier for Water System Development Charges from October 1, 2014 and thereafter
$\frac{5}{8}$	1.00	1.00	1.00
$\frac{3}{4}$	1.00	1.00	1.00
1	1.14	1.57	1.67
1.5	3.59	3.00	3.33
2	4.87	4.71	5.33
3	9.24	10.14	11.67
4	15.14	18.13	21.00
6	29.37	40.12	46.67
8	48.74	51.54	60.00
10	74.40	70.11	81.67
12	104.61	80.10	93.33
14	138.94	107.23	125.00
16	176.98	135.78	158.33
20	262.48	196.47	229.17
30	511.54	428.48	500.00

For unlisted meter and connection sizes, the Meter Multiplier will be computed in geometric equivalency as determined and approved by the Director.

(Ord. No. 21517, § 2, 7-5-00; Ord. No. 24966, §§ 5, 6, 9-9-14)
